1962 FOOTBALL SWEETHEART—Arnette Sears, OHS Senior, was named 1962 Football Sweetheart during the half time ceremonies at the homecoming game on Eagle field. She is shown here with L. V. Benningfield, Eagle co-captain, who crowned her sweetheart. Miss Sears was presented a bouquet of flowers by Miss Sandra Arnold, football sweetheart for 1961. Attendees for the 1962 sweetheart were Anita Rhoades, freshman, and Susie Koonce, junior. Miss Rhoades was escorted by Ronald Cagle, co-captain for the Eagles, and Miss Koonce was escorted by Phil Auldridge. Cagle and Auldridge are seniors.

County Favors Connally By 7 Votes

Mills County voters gave Democratic John Connally a seven vote margin over Republican Jack Cox in the general election here Tuesday with an extremely light voter turnout, according to un-official returns.

Complete un-official returns from 19 of the 19 boxes late Tuesday night showed only 977 votes cast in Mills County. The race for governor is the only one where Republican candidates made a strong showing

in Mills County. Republican candidates for state offices other than governor made a good showing however. Mills County voters favored two of the fourteen amendments while the majority voted against 12.

Harvest Festival Friday Night

The annual Harvest Festival will get underway at 5:00 p. m., Friday (November 9), with a ham supper sponsored by the Senior Class in the high school lunchroom. The festival program will begin at 7:30 p. m. in the high school gymnasium.

Theme of the festival will be "Texas History," with all elementary, Junior high and a number of high school students participating. Highlight of the evening will be the coronation of the Harvest Festival Queen. Pre-school attendants for the queen will be her crown bearer, Tim Spradley; train bearers, Ray Frazier and Richard Covington; flower bearers, Becky and Bonita Watson; flower girls, Mina Kay Johnson, Renee Berry, Lisa Delis, Mitzie Collier, Cindy Williams and Cindy Shaw.

Following is complete list of un-official returns as tabulated Tuesday night. This list is in the same order as the party columns appeared on the official ballot, Democratic, Republican and Constitution parties respectively. There were no write-in votes reported.

R V Geeslin Announces Purchase Of Burl Holland's Cafe No. 2

Mr. and Mrs. R V Geeslin this week announce the purchase of Burl Holland's Cafe No. 2, and service station located at the highway "Y" north of Goldthwaite. Change of ownership was effective on November 1, when the Geeslins took over operation of the Cafe. The service station has been operated by Mr. Geeslin.

The business will be operated under the firm name of RV's Cafe and Station and both will be open 24 hours a day, on a year around basis, the new owners have announced.

State officials will be elected and policies that have been formulated in various counties approved.

Holland announced that he plans to devote his entire time to his cafe and bus station business downtown.

SINGINGS

There will be a Gospel Singing at the new auditorium at Congregational Methodist Church near Comanche on the Bass Road, Sunday afternoon, November 11, at 2 p. m., singing to Gerald Langley.

Eagles Defeat Early 22-20

For Third Conference Win

Goldthwaite high school defeated the Early Longhorns 22-20 for their third consecutive victory this season, last night at Early.

Ronald Cagle, 150-pound half back, who had been given a "limited" okay by doctors to even play in the game because of injuries, didn't start the game, but made his presence known when he entered the game. Cagle picked up 86 yards rushing in the first half and had 111 yards on 15 carries for the night.

Early scored eight points during the early part of the quarter but Goldthwaite came back to tie up the tilt early in the second quarter, marching 48 yards in only three plays. Cagle turned in a 15 yard run, halfback Cecil Campbell took an eight yarder and fullback Harlan Jernigan went through right guard on a 25 yard yard run. Quarterback Gene Gray made a good conversion pass to end Clyde Cockrum and it was 8-8.

Cagle was the top man for the Eagles in Friday night's game. Jernigan got 90 in 11 carries for the Eagles and

Improvements Discussed By School Board

In the past several years Goldthwaite schools have been losing accreditation because of inadequate facilities in departments.

Improvements discussed by school board.

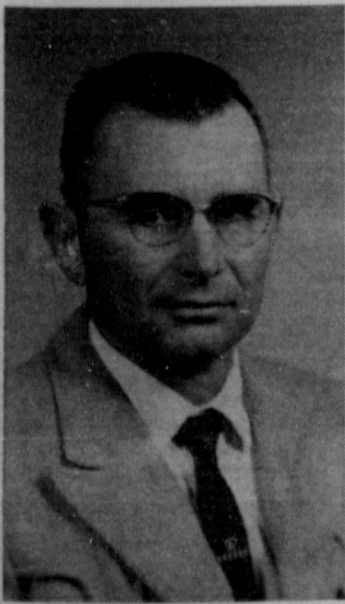

Departmental reports of receipts and disbursements for the past month were presented by W. C. Barnett, city manager.

Barnett, Mayor H. B. Campbell and councilman Ray Duren reported on attending the Texas Municipal League convention at Fort Worth. Mr. Barnett was elected first vice president of the Utility Section of the League at the convention for the next year. He has served the past year as second vice president.

Civil Defense was discussed and report made on street improvement program that is underway.

The council authorized the city manager to purchase new pickup truck, trading in one of the pickups from the city's stock.

Mr. and Mrs. Raymond Earl Mitchell and daughters, Linann and Rayette, of Odessa spent the weekend with Mr. and Mrs. John Delis and other relatives here.

ALLEN HARDGRAVE

ELECTED PRESIDENT—Allen Hardgrave was elected president of the Mills County Farm Bureau for the new year at a called meeting of the Board of Directors Monday night, October 29. W. G. Bishop, retiring president, was elected to serve as vice-president.

Routine Session For City Council

Members of the City Council had a routine session for their regular monthly meeting Monday night.

Departmental reports of receipts and disbursements for the past month were presented by W. C. Barnett, city manager.

SOLILOQUY

PERSON TO PERSON UNDERSTANDING—The importance of person to person acquaintance between peoples of different nations has been stressed as one of the best guarantees of future peace.

Coming closer home, the importances of "Farm-City Week," which will be observed nationally November 16-22, will help remove lack of understanding of the mutual interests of farm and urban citizens and build respect for the activities and problems of each. The sooner people realize how much they depend upon each other, the sooner problems will be solved.

When the city woman pays five, ten or fifteen dollars for some groceries she thinks someone is getting rich. She needs to study what she is getting for her money at the market, the cost of processing, taxes, transportation, selling, etc.

Farm families need to understand the cost of manufacturing, distributing and marketing farm supplies, household equipment, medical care and professional help.

It will pay everyone to join in any activities scheduled in their community for Farm-City Week which ends Thanksgiving Day. It will help all of us to better appreciate the blessings and abundance we provide for each other, by understanding and working together.

LOOK AT THE WALL—We have become accustomed to statements of policy by men in high seats of government which, one way or another, would give government ever-widening control over our lives, fortunes, freedoms and opportunities.

So it is pleasant to be able to quote a top official who takes a very different view. Secretary of State Dean Rusk has said: "Either we believe in capitalism, in the freedom of individual enterprise, or we do not. And we do not if we hold with massive government intervention to distort and freeze the market. If we look to government to rig the game, we may as well look to it to play the hands."

It will be a sad day for this country if the "massive government intervention" attitude becomes a benign contagion—and spreads to those who are entrusted with domestic policy and administration. The do-all, be-all, boss-all government has achieved but one thing in this world—the destruction of human freedom, and the reduction of each individual to the status of a number. The terrible Berlin wall is its perfect symbol.

FROM PUSH CART TO DEPARTMENT STORE—"Success in merchandising—from pushcart to push department store—is not and never has been a matter of accident or luck. America's great merchants achieved fame and fortune through foresight, effort, and confidence. They possessed the virtues of vision, vigor, and a sense of vocation."

Thus writes Russell J. Fornwalt in *The Sample Case* magazine. In the course of his article he quotes some things the legendary John Wanamaker said as far back as 1861. Though a century old now, they seem as modern as tomorrow. Among them: "Mere cheapness does not denote bargains." "Whatever benefits our patrons benefits us." "Merchandise must have integrity, and so must the merchant when he speaks of the goods and fixes the price." "You cannot charge more than other people for the same thing; but you can do better storekeeping, you can have different and better stocks, and you can see that the thing is better done." "Keep up the old standards, and day by day raise them higher."

Every successful retail operation follows rules and maxims much like these. That isn't because retailers are any more generous than the rest of us. It is because relentless competition forces them to offer the best possible values and because a dissatisfied customer goes elsewhere the next time. The free market, with its full freedom of choice, is the best protector of the consuming public has.

WHEN THE OLD BIRD WAS YOUNGER

10 YEARS AGO—

(Taken from The Eagle Files of November 7, 1952)

Mills County which has been virtually a life time Democratic County has joined the State and Nation in electing Dwight D. Eisenhower as president of the United States, according to unofficial election returns as announced by County Clerk Earl Summy.

According to last report from County Clerk Earl Summy the following couple has received marriage licenses:

Marline Hohertz and Clyde Graham, Jr.

Approximately 150 friends and relatives called at the home of Mr. and Mrs. Bruce Perry last Sunday when they held open house from 2 until 6 p. m. The occasion was to celebrate their Golden Wedding anniversary.

According to an announcement made this week by Y. B. Johnson, Vocational Agriculture instructor at Goldthwaite High School, the winner in the various sheep divisions in the Mills County Livestock Exhibition in January, 1953, will receive sheep as their awards.

Miss Billie June Copeland, daughter of Mr. and Mrs. Joe Copeland of Midland and Carlin Dale Wicker, son of Mr. and Mrs. Claude A. Wicker of Goldthwaite were united in marriage in an impressive ceremony held in the home of the bride's grandparents, Mr. and Mrs. W. D. Swift of San Angelo, on Sunday, October 19.

Tommy B. Harper became principal of Goldthwaite High School after he was elected by the Board of Trustees this week. He will succeed County-elect John L. Patterson, acting principal. Mr. Harper has resigned his post on the Board of Trustees.

H. E. Patton, former Superintendent of Goldthwaite Public Schools, was a visitor in town last Saturday.

25 YEARS AGO—

(Taken from The Eagle Files of November 5, 1937)

Monday the state highway department accepted the grading and paving job on Highway 7 from Goldthwaite north to the Brown County line, and the Ernest Loyd Construction Company which has had offices here since February has moved out.

Possibility of Mills County securing an electric high line for rural homes within a few months was explained this week by J. B. Richey, who is conducting a careful survey of the county.

Armistice Day, one of the holidays regularly observed by the members of the Retail Merchants Association of Goldthwaite, will be celebrated this year as usual.

Mayor H. G. Bodkin has been asked to co-operate with the Post Office department in making the unemployment census of this section of Mills County accurate and complete.

Very satisfactory progress is reported from the well being drilled 24 hours a day on the Westbrook Ranch west of Goldthwaite.

Twelve thousand soldiers of the Regular Army in 1600 Army trucks will pass through Goldthwaite next Wednesday night, probably about 9 p. m. The troops are traveling from Fort Sam Houston to Mineral Wells. The 1600 vehicles make a column 42 miles long. They will at times be split in three columns and follow three separate roads.

Dorothy Hartman was named queen of the P-TA Carnival at the Court House Saturday night, Bobbie Fairman was second.

60 YEARS AGO—

(Taken from The Eagle Files of November 8, 1902)

Mr. R. S. Waite of Beaumont and Miss Cora Hearne were married at the residence of Mr. and Mrs. Will Trent in this city Sunday night. None but the immediate relatives of the bride and a few of her most intimate friends were present at the marriage.

Mrs. A. G. Lee, the district president, was guest speaker and her topic was "The Importance of Federation."

She emphasized that it was an honor to belong to a Federation, as it is the largest in the world. She also pointed out that the federation keeps alert with public and international affairs.

The goal for the year is to try to spread friendship and literacy all over the district. "Each One Teach One" is a good slogan. In closing Mrs. Lee stated that each club woman is important and makes a good member in her own individual way.

Refreshments were served by the hostesses from a table laid with a white linen cloth, centered with a beautiful floral arrangement.

Next meeting will be November 13, at the Community Room of Mills County State Bank.

One of the most predominant weapons found on hunters roaming the Texas deer woods is the dependable lever gun.

In the brushy country of south and central Texas, the lever-action gun is one of the fastest handling and quickest shooting of all rifles.

Most popular is the Model 94 Winchester in 30-30 caliber. More of these rifles have been sold than any other make. The carbine is a dandy brush weapon. And it is ideally suited for carrying in a scabbard strapped on the side of a horse.

Model 94 was introduced in 1894 and was chambered for the .32-40 and .35-55 blackpowdered cartridges. It was a best seller from the beginning. But it reached its peak when chambered for the 30-30 cartridge.

First repeating rifles in history had lever actions. Although the lever action does not have the widespread appeal of the bolt action today, nonetheless it made a place for itself in our tradition.

There are several reasons why the lever has trailed the bolt in popularity. Prime reason is that the stronger bolt actions permit the chambering of cartridges with more power. Another is that the design of the stock in one piece assures greater accuracy.

One of the finest of the big-game lever guns, the Model 88

Winchester, has closed the differential gap between bolt and lever considerably.

The Model 88 is designed with a rotating, front-locking bolt much like those found in bolt actions. Consequently, the rifle can be chambered for more powerful cartridges like the .338 and .308.

Another innovation in the Model 88 is the one-piece stock.

Both the Model 88 Winchester and the Model 99 Savage are chambered for .308 and .338 cartridges. These are comparable in power to the biggest cartridges found in bolt and slide action rifles.

Although levers were introduced on rifles as early as 1848, when a locking lever device was made to hold the barrels in place on a six-barrel Briggs percussion rifle, the first such actions for repeating rifles weren't perfected until the Volcanic rifle was put into production in the late 1880's.

This rifle was the forerunner of the famous Winchester lever-action guns.

The revolutionary lever feed action of the Volcanic rifle was designed by B. Tyler Henry, and the gun was mass produced by what is now the Smith and Wesson Company.

The Volcanic was followed by the Henry lever-action repeaters.

Then in 1866 the first rifle

Boy Scouts Foster Democratic Living

JOHN GLENN CALLS BOY SCOUTING "FUN"—Reviewing the Boy Scout Handbook, Astronaut John Glenn tells a Boy Scout, "You'll find that Scouting gives you a chance to learn and do many exciting things. Scouting is fun." The Boy Scouts of America is now conducting its "Go" roundup for new members.

carrying the Winchester brand name was introduced. It was the Winchester '66 chambered for the 44-caliber rimfire cartridge. This particular rifle in different versions was in production for 25 years.

Winchester really came into its own, however, with the introduction of the Winchester '73—"The gun that won the West."

This was a modification of the Winchester '66, and was chambered for the 44-40, first center-fire cartridge developed by Winchester. The cartridge had a 44-caliber bullet powered by a 40-grain powder charge.

Marlin, another name synonymous with lever guns, introduced a lever-action repeater in 1881 chambered for the .45-70 cartridge. Savage put its initial lever gun into production in 1895. It was chambered for the .303 cartridge. Savage's famous Model 99 was introduced in 1899. In 1913 it was chambered for the .250-3000. At the time the 3,000 feet-per-second trajectory of the .250-3000 was almost unbelievable.

Colt even tried its hand at manufacturing rifles with the Burgess Colt, a lever-action repeater chambered for the 44-40 Winchester cartridges. But it had a brief life. The rifle was

introduced in July of 1883, and discontinued in November of 1884.

Although the lever action on most big-game rifles today is basically the same principle as the one introduced back in the Winchester '66 era, there has been an evolution in rifle design and cartridges.

The one big difference is in the Winchester Model 88. This rifle has everything built into one unit, so that the trigger and all comes down with the lever, thus making for a shorter lever stroke.

HEARING AID SHORTAGE SEEN

We have been informed by our Lab that there is a good possibility that the Electronics parts that go to make Hearing Aids and Hearing Instruments will be hard to get due to the present Cuban trouble. As most of you know the small electronics parts are used in our rockets, etc. This not only means that new Hearing Aids and Hearing Instruments will be hard to get, but will make parts to repair old Mr. Treadway Aids hard to get.

We hope this never happens, but we feel it our duty to inform you of the possibility. If this happens you can be sure that the price will go sky high on the few we will be able to get. We have been assured that we will be able to fill all orders on Hearing Aids, Hearing Instruments, and repair parts for the next 30 days—after that no one knows.

Mr. Treadway who is an Audiologist will hold his regular Hearing Clinic at the Mauney Courts in Goldthwaite Monday, Nov. 12th from 3 P.M. to 6 P.M.

We have two ways to fit the hard of hearing. For those that can wear a Hearing Aid we carry a complete line of body type, behind the ear, and hearing glasses and as always we can save you from \$50.00 to \$100.00. For those that can not wear a hearing aid we fit the custom built Hearing Instruments. (These are for the people that suffer from nerve deafness, and for those that hear but don't understand.) We now make it possible for you to be sure you can hear before you buy. If you have been thinking about getting a new Hearing Aid, or Hearing Instrument, or if your present Aid needs repair it would be to your advantage to come in while we are still able to take care of you.

Our new Temple office is open every day to serve you, but Mr. Treadway is there only on Thursdays and Fridays.

CONGRATULATING COL. HOMER GARRISON, JR.—On winning the coveted Paul Gray Hoffman award for distinguished professional service in highway safety are Governor Price Daniel, left, and D. C. Greer, State Highway Engineer, right, who nominated Col. Garrison for the award. The Governor commended Garrison, director of the Texas Department of Public Safety, for "this crowning achievement in a lifetime career of outstanding police administration and public service." Col. Garrison is the sixth U.S. traffic safety official to receive the award from the Automotive Safety Foundation.

SUBTERRANEAN CENTER

Texas Department of Public Safety plans to go underground to handle disaster relief operations.

Col. Homer Garrison Jr. reports that ground has been broken for a \$630,000 underground state emergency operating center.

Garrison said the present disaster communications center, located in the basement of the department's headquarters, lacked facilities to handle major disasters—such as Hurricane Carla—at peak efficiency. The new 12,000-foot center will facilitate uninterrupted operation for 30 days.

Designed to withstand the effects of air blast, thermal radiation, residual radiation (including fallout) and chemical and biological agents of warfare, the safety center will be manned around the clock from the time it's completed. It will accommodate about 120 persons, and be equipped with an independent water supply, fuel supply and auxiliary utility power.

Several attempts to finance a lodge on the Texas side of the 20-year-old lake have failed. Oklahoma's Lake Texoma Lodge across the lake was built about 1953.

IN THE BLACK

Land Commissioner Jerry Sadler reports that his department is in such good financial condition that it won't need to ask the Legislature for an appropriation for the Veterans' Land Program, out of General Revenue, for the next two bienniums.

While \$15,847,000 is due to be paid out during the next two years, for bonded indebtedness, the program has more than \$17,000,000 set aside to meet the obligations.

Sadler said that \$16,500,000 in installment payments from veteran purchasers, and \$3,000,000 in interest from federal securities, will be collected in the coming biennium.

AUTO TAX BACKED

Assessing automobiles for city and school taxes, without assessing "all other personal prop-

erty on an equal and uniform basis," has been upheld by the Austin Court of Civil Appeals.

Court reversed a judgment of the Hays County District Court which had denied the City of San Marcos and San Marcos Independent School District judgment against F. W. Zimmerman for delinquent taxes on three motor vehicles.

Suit was for back taxes through 1959.

SYSTEM CHALLENGER

The "place" system of electing two or more state representatives from Texas' larger counties has been challenged in Austin's 53rd District Court.

Houston attorney Robert W. Hainsworth seeks a declaratory judgment that the present method of apportionment of representatives in the larger counties is unconstitutional.

His petition attacks the 1961 reapportionment act of the 57th Legislature.

ties now allocated more than one representative: Jefferson, Galveston, Harris, Nueces, Hidalgo, Cameron, McLennan, Bell, Dallas, Travis, Tarrant, Bexar, El Paso, Wichita, Taylor, Lubbock and Potter.

TEXAS PRESS ASSOCIATION

...in, Texas — A statewide is underway to raise \$950,000 for a "Cerama Star" shrine in Washington-on-the-Brazos, the Republic of Texas born.

Shrine is to perpetuate the memory of the 59 courageous early Texans who met at Old Washington on March 2, 1836 and declared their independence from a tyrannical Mexican government. They set in motion a course of events which saw, within 50 days, the fall of the Alamo, the massacre at Goliad, and the decisive victory at San Jacinto which secured the freedom of Texas.

Association joined with the Texas Independence Day Organization to encourage construction of such a memorial. Building is to be shaped like the Lone Star, with a tower rising from the center, topped by a powerful searchlight known as the "Light of Texas Freedom."

An elevator will take passengers to the top.

TOURS FOR THE TAKING

Scouts for the Texas Highway Department's Travel Division, always on the look-out for interesting things for tourists to see, have uncovered 324 tours that Texas industries offer in 70 cities.

Information came from queries as to what plants would spread the welcome mat for visitors.

Replies were compiled into an easy-to-read booklet entitled "Visitor Tours of Texas Industry."

Copies can be obtained through the Travel Division's Austin office, or at any of the

PARKS PLANS FALL THROUGH

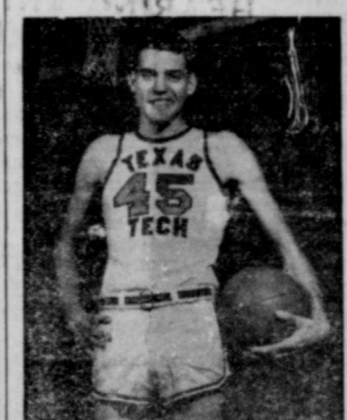

Those water-color illustrations of a \$1,500,000 lodge on Lake Texoma in Eisenhower State Park now are more of a dream than a reality.

Plans for the project fell through when John Prather of Dallas, a member of the Eisenhower Development Corporation, financing the lodge, told State Parks Board executive director Bill Collins that the finance company, holding a \$350,000 note against the marina, had filed for repossession.

Lamplighters Inns, Inc. of St. Louis, Mo., which had agreed to operate the lodge, withdrew when it became apparent that the proposed \$500,000 marina won't be completed in time for the tourist season.

Prather said his group still is interested if it can find a backer, but the Parks Board figures it is under obligation to no one at this point.

A giant sigh of relief was expressed when board members were assured the state was not financially involved in the building plan.

YOUNG TEXAN FOR NOVEMBER—Russell Stanley Wilkinson, Jr., of Lubbock has been named "Young Texan of the Month" for November by the 8,000 Optimist Club members of Texas and the Troy V. Post Foundation. Wilkinson, an outstanding student and athlete during his high school years, now is enrolled on a four-year basketball scholarship as a freshman student at Texas Technological College in Lubbock. He plans a career in teaching and coaching athletics. As a result of his selection as "Young Texan of the Month," Wilkinson will receive the state's highest youth recognition award—The Troy V. Post Award. Wilkinson was chosen for the honor in competition with hundreds of other nominees by a panel of state leaders headed by Governor Price Daniel.

'63 Chevrolet Trucks
THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

882 Books Checked Out Of Jennie Trent Dew Library During October

By MRS. WOODROW BOYKIN

The Jennie Trent Dew Library Board met in regular session October 30, at 9:30 a. m., in the

Commissioners' Court Room. Minutes of the September meeting were read and accepted and filed in the usual manner.

Present for the meeting were, president, Mrs. Joe Palmer; treasurer, Mrs. W. G. Saylor; secretary, Mrs. John Hester; reporter, Mrs. Woodrow Boykin; Library Board Members, Judge Cecil Egger and Mrs. E. B. Gilliam.

With school in session we have groups using our reference books and also books for reports every day the Library is open. Some of our county schools have taken books for use in

their respective schools. The Library hours are Monday, Wednesday and Saturday, from 2:30 to 5:30 p. m. Seventeen Memorial books were given this past month, in memory of the following: Mrs. Arthur Bryant, Mr. J. M. Stacy, Mrs. R. H. Jones, Mrs. Gene Long, Mr. G. K. Lynch, Mr. A. D. Smith, and Mrs. F. W. Conradt.

The total check-out of books this month was 882, 420 for adults and 462 for children. New books added to the library during October were: "Guns of August," Tuckman; "The Rise and Fall of the Third Reich," Shirer; "Ship of Fools," Porter; "Here Comes The Sun," Loring; "Pilgrims Progress for Young People," Leavell; "The Incredible Journey," Burnford; "A New Name" and "Brentwood," Hill; "The Enchanted Barn," Hill; "Lawrence of Arabia," MacLean; "The Sinking of The Bismark," Shirer; "Found Treasure," "Sunrise," "Crimson Roses," "Kerry" and "Marigold," Hill; "Spencers Mountain," by Nammer; "Mary, Queen of Scots," Morrison; "Happiness Hill," Hill; Detective Story Condensed Stories; and six Readers Digest Condensed Books.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Texas—Enrollment at the 19 colleges and universities which are fully state-supported almost exactly doubled during the past decade.

Texas Commission on Higher Education reports that registrations increased from 53,634 to 109,998, from 1952 to 1962.

Head-count gain per school was:

- University of Texas, from 12,772 to 21,390;
- Texas Western College, 2,334 to 5,449;
- Texas A&M College, 6,277 to 8,126;
- Arlington State College, 1,258 to 9,116;
- Tarleton State College, 663 to 1,514;
- Prairie View A&M, 2,491 to 3,282;
- Texas Tech, 5,160 to 11,181;
- North Texas State University, 4,422 to 9,921;
- Lamar State, 2,504 to 7,090;
- College of A&I, 1,928 to 3,517;
- Texas Woman's University, 1,767 to 2,979;
- Texas Southern University, 2,065 to 3,831;
- Midwestern University, 1,235 to 2,346;
- East Texas State College, 1,816 to 3,844;
- Sam Houston State, 1,603 to 5,270;
- Southwest Texas State, 1,562 to 3,463;
- West Texas State, 2,019 to 3,733;
- Stephen F. Austin, 1,217 to 2,737;
- Sul Ross, 541 to 1,199.

PAROLE SYSTEM

Confidence is expressed by officials that delinquents are being rehabilitated under the Texas parole system which was set in motion in 1957.

Program provided for an eventual organization of 70 parole officers which is now coming into being on schedule.

Last 30 trainees, studying to take up their tasks, will complete the group whose activities are expected to reduce the work load for each parole officer in the field from 100 to 75 cases.

Parole system is under the direction of Ray W. Williams, acting in the absence, on leave, of Vincent O'Leary who is serving with the National Council on Crime and Delinquency.

Officials of the Pardon and Parole office feel the public doesn't fully appreciate the fact that, if Texas didn't have a parole system prisoners would serve their time and be released without any supervision whatever.

JOB TRAINING OFFERED

A plan to discourage high school "dropouts" and retrain adult workers was implemented when the Texas Employment Commission and the Texas Education Agency appointed an advisory committee to assist in carrying out the terms of the 1962 Manpower Development and Training Act.

Act, which became effective on August 1, was designed to provide occupational training in skills which can be learned in 52 weeks. Adult students who show satisfactory progress may

Uniform Commercial Code, a Uniform Arbitration Act, and amendments to the Texas Securities Act.

Bar also will propose a constitutional amendment calling for the local option abolition of justice of the peace courts and replacing them with courts of record.

Legislature also will be asked to repeal acts of its last regular session making jury findings, instead of court findings, conclusive in custody cases.

ENFORCEMENT FUND

Railroad Commissioner Bill Murray says an enforcement tax of 1 cent per barrel of oil is not needed.

According to Murray there would be enough money for oil and gas law enforcement if the Legislature would allocate all

the funds collected for this purpose.

His comments were inspired by the enforcement tax of 1 cent per barrel of oil recommended by the Gregg County jury.

Legislature authorized a commission to take \$300,000 a year from the gas utilities to supplement oil enforcement tax income.

Chairman Murray feels the commission's main task will be to select 15 more inspectors, to supplement its staff recently reduced by 15 men.

Changes Are Announced For Screwworm Fly Release Areas

Extension of the sterile fly release area and changes in the fly release rates were announced by officials of the Southwest Screwworm Eradication Program last week. The latter will put a heavier burden of responsibility on individual livestock producers, George Reese, Mills County Agent, said.

An additional 10,000 square miles are being included in the fly release area in western Texas and the number of flies released will be stepped up in some areas and reduced in others. While definite release rates have been designated for all areas, this will tend to vary according to the number of confirmed screwworm specimens sent to the Mission laboratory for identification. Thus, says Reese, the producers, themselves, will largely determine how many flies they will get each week. This, of course, affects only those counties within the fly release area, he said.

The additional area is composed roughly of the territory encompassed by a line running west from the old line along the Sutton-Schleicher County line, passing just south of Ozona and Sheffield and continuing westward until it intersects with a line coming north from the U. S.-Mexico border and passing through Sanderson. This line could vary somewhat, officials have said.

This new release area will receive 600 sterile flies per square mile per week. The Edwards Plateau and surrounding territory where native flies still exist in large numbers will receive 1,000 flies each week. The areas in southern Texas where fewer screwworm cases are being detected will receive 400 flies per square mile each week.

Program officials will be watching the number of specimens confirmed as screwworms which are sent in to the laboratory each week by livestock pro-

Goldthwaite Exes Plan Annual Homecoming Saturday, Nov. 24

The Executive Board of the Goldthwaite Ex-Students and Teachers Association met last Saturday night to make plans for the annual Homecoming to be held Saturday night, November 24 at the Goldthwaite Elementary School lunchroom.

Officers and members present were: Cecil Parker, president; Annagene Moreland, vice-president; Love Gatlin, secretary; Alma Williams, reporter and Mrs. Bob Steen served as treasurer in the absence of Mr. Steen. Also Margie Manuel, registration chairman; Merlene Long, decoration chairman;

ducers and livestock inspectors. This will largely determine whether the number flies being dispersed in any area should be increased or reduced. So, says Reese, it is up to producers to check their livestock on a regular basis and send in samples, unless they want to run the risk of having the number of sterile flies released in their area reduced.

He said producers should put about 10 maggots or worms from a wound in a container of alcohol or water and send it to Box 969, Mission, Texas, or they may send the sample to him and he will forward it to Mission.

Flora Steen, food chairman; Miss Gatlin represented the program committee; Euna V. Barnett, mailing chairman and Mr. Browning, principal, represented the arrangement committee.

Main business discussed was to notify all ex-students and teachers to be sure and get their reservations in on time as they will remember that last year it was voted to have a catering service to serve the meal this year. A phone committee of different classes will be responsible for notifying members of their classes living in Mills County for the Homecoming as no invitations will be mailed to Exes living in the county. This

announcement is to serve as the invitation to all ex-students and teachers to attend the Homecoming. The deadline for reservations is Thursday night, November 22, all reservations should be turned in to Mr. or Mrs. Steen by that date.

Rooms will be ready for those members who do not plan to attend the supper, but want to come early and visit. Registration will begin at 5:00 p. m., and supper will be served at 6:30.

Committee chairmen are: Nominating—Maston Pribble; Greeting—Delton Barnett and Glenn Nickols; Registration—Margie Manuel; Foods—Mrs. Bob Steen; Program—Dr. T. C. Graves; Publicity—Alma Williams; General Arrangements—Lee Roy Stacy and Supt. LeRoy Beard; Mailing—Mrs. Euna V. Barnett; Awards—Dr. Graves.

Jordan Tully Is Junior Member Of Angus Association

Jordan Tully, 16, Goldthwaite, has been granted a junior membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary.

His new junior membership, issued during October, enables him to register his purebred Angus at regular membership rates and entitles him to the privileges of the Association until he reaches the age of 21. At that time he will be eligible to convert to a lifetime membership in the Association.

Jordan was one of the 94 young people in the U. S. to receive junior memberships last month.

Pottsville Wins Over Star 21-20

By NORMAN LEE

The Star Tigers lost to the Pottsville Bobcats in a very close hard fought battle by the score of 21-20 last Thursday night.

Starting for the Tigers at left end was Felton Wright; center, Norman Lee; right end, Danny Miles; quarterback Karry Harper; right h-b, Jimmy Soules; and 1-hb, Pete Miles Jr. John Harrell Benningfield played defensive center. Other Tigers seeing action were Bert Geeslin and Darrell Hunt.

The three Tiger scores came on runs by Jimmy Soules, and Karry Harper added one extra point.

Coach Horace Thompson reports this was one of the Tigers' best games of the year.

This Thursday night, November 8, Star Tigers will play host to the Gustine Tigers in the Homecoming Game at Star. It will be the Tigers' final home game of the season.

Personals

Mrs. Homer Rowlett has returned from Springfield, Illinois, where she attended the wedding of her daughter, Miss Peggy Rowlett and Michael Wilsey.

Mr. and Mrs. Eris Ritchie of Troup spent Thursday night with relatives here, en route to Abilene Christian College for Homecoming.

Mr. and Mrs. Bill Armstrong of Wichita Falls were guests of his mother, Mrs. Annie Armstrong and family the past weekend.

Mr. and Mrs. Elmo Smith of Lockhart spent Friday night and Saturday with her mother, Mrs. Liva Weaver and Howard Weaver.

GRAND JURY RETURNS INDICTMENT

Mills County Grand Jury for the November term of court met Monday and returned one indictment on a charge of armed robbery.

The Grand Jury had its first woman foreman at this session. Mrs. Jo Spradley was named foreman for the jury by District Judge Jas. K. Evetts.

Post Office Helps Count Livestock

Rural mail carriers from the Goldthwaite Post Office will leave some livestock survey cards along their routes beginning November 16.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Fairman explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mrs. Fairman said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are: Sebern E. Thornton, Route 1; Julian D. Evans, Route 2; Delmar W. Sears, Route 3.

Facts and figures secured in this survey are the basis for the Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio, and television.
