“...and on earth
peace, good will
toward men!”

How wondrous the message given to all mankind at

Bethlehem nearly two thousand years ago. Now, on

Christmas Eve in 1962, an uneasy world pauses to hear the

glad tidings; and is filled with hope and joy once more.

For the Prince of Peace is born anew

in the silent hearts of men;

May His loving peace abide with you

as He comes to us again.

A Merry Christmas and Happy New Year to all!

How Far Is It To Bethlehem?

By the measure of time it is long way. Almost two thousand years away. But the Star of Bethlehem has not been dimmed by the passing of time nor the angel's silence by the ages.

The Wise Men came a long journey to find the Christ. They traveled over desert and plain always with their eyes fixed on a star and a hope in their hearts. The Shepherds did not know how far to go. Just from a manger on the edge of town. But how far, the distance to Bethlehem depends on where you are.

It isn't far to Bethlehem; it is where love is. We cannot measure the distance in terms of miles or time. It is measured in love. Bethlehem is the birthplace of Love and where there is the Christ. "Love is down at Christmas... all lovely, Love Divine... was born at Christmas... and angels gave the sign..."

It isn't far to Bethlehem; it is where hearts are humble. He had a humble beginning. He was born in a manger to parents who were poor. His name of life was one of humility. He was the Prince of Peace yet he never sat with kings. He was the Son of God yet he never associated with priests. He was the Point of Faith and Wisdom yet he never dwelt in the halls of the wise. He was always with the common man—the outcast, the poor, the

sick, the sinner—with whom Jesus dwelt. He comes into those hearts that are as humble as a manger.

It isn't far to Bethlehem; it is where men will give him room. There was no room for him in the inn. This was the pattern of Jesus' life. He came unto his own and his own received him not. There was no

room for him among his people; there was no room for him in the world in which he lived; there was no room for him in the hearts of men. It has been this way through the ages. The inn keeper could find no room for him in his house. And although this man was in the town of Bethlehem, he was as far from the real Bethlehem as he could be. Bethlehem is where men will give him room.

It isn't far to Bethlehem; it is anywhere that Christ is born—in your heart, in your home, in your community, anywhere that he is born.

Mayor H. G. Bodkin, Judge R. J. Gerald, City Secretary, F. P. Bowman, and Supt. A. H. Smith had a conference in Austin Wednesday with the State Highway Department. They were promised that the short cut from the center of Goldthwaite along Fourth Street to the new highway near Duke Clements' residence will certainly be built. This cutoff was first promised more than a year ago but as work had not been ordered and the personnel of the state highway department had changed to some extent, it was considered advisable to keep the matter before it.

Self Culture Club Entertained With Christmas Party Thursday

Members and guests of the Self Culture Club were entertained with a Christmas party in the home of Mrs. O. C. Weatherby, 1504 Parker Street, Thursday, December 13th, with Mrs. Weatherby and Miss Laura Petsick hostesses.

Special feature of the Christmas decorations was a Christmas tree laden with useful gifts for the residents of the Hickman Rest Home from members of the club.

Plates of delicious goodies were served by the hostesses.

The program was under the direction of Mrs. Ray Duren. The singing of Christmas carols directed by Mrs. Sam Sullivan and a solo by Miss Inez Kirkpatrick of Mullin furnished the music for the program. Miss Laura Petsick opened the program with a prayer of gratitude. Mrs. Duren read a letter from Miss Wanda Kelly, a home town girl, a graduate of Goldthwaite High School and the University of Texas and who is now teaching in U. S. Government Schools in Germany. She is the daughter of Mrs. Aline Kelly.

Main feature of the program was pictures which Miss Kelly had taken of Damascus and Jerusalem on her trip to the Holy Land. Mrs. Duren told the story of the trip while Mr. Lee

Walton showed the slides. Scenes were viewed of the ruins of the great Roman Temple of Jupiter and many other scenes of the Middle East; the streets of Damascus and Jerusalem where Jesus walked, talked, and bore the Cross; Mt. Olive, the Bethlehem Manger where Christ was born; and the Church of Agony, familiar names to all Christians.

A brief business session was held with Mrs. Lee Walton presiding. Mmes. Marvin Hodges and O. C. Weatherby and Miss Laura Petsick were appointed to present the Christmas gifts to the residents of the Hickman Home. Mrs. J. A. Hester reported from the Library Board a growth of readers enjoying the Jennie Trent Dew Library.

Home Life." Mrs. Raymond Summy gave a most interesting talk on "The Foundation of A Happy Home Life." She had compiled a list of the most prevalent earmarks of a happy home. Listed in order as they were discussed were: Careful planning by the whole family; Responsibility given to the children; Standards to match ages; Consideration given to what children want to do; Experiments with new activities; Neighbors involved occasionally; Parents keep their promises; Creativeness is recognized; Sense of humor—and sharing of the unusual.

Mrs. Jack Earl Long brought the second part of the program entitled "Helping Children Assume Responsibility." She stressed the need of parents first setting a good example by doing their work with a minimum of complaining. Also encourage first attempts to do for themselves; praise a child for trying to help; try not to criticize poor results, and set a goal

that a child can achieve. In closing she said, "Truly responsible people are basically loving people. It may not seem that a parent is teaching responsibility to a child by just loving and caring for him but this kind of care is the foundation on which all future re-

sponsible behavior is built." Following the short business meeting members were served coffee, Christmas cake and candy. Everyone expressed the feelings of warmth for the old fashioned Christmas setting that Mrs. Winters had so beautifully created.

Good Year For Quail in Texas

The quail season is well under way, having opened in most parts of the state December 1. Reports coming in to the Game and Fish Commission indicate that it should be a good year for hunting the popular upland bird.

Hunters who are interested in setting a limit of the birds should decide where they plan

to hunt, and then contact landowners nearby, check with sporting goods stores, service stations or get in touch with the chamber of commerce nearest the hunting site.

With the coming of cold weather, hunters should find conditions ideal for working their dogs and for some fine shooting.

Mrs. W. C. Fox of Fort Worth was a guest of her daughter and son-in-law, Mr. and Mrs. Jack Long and other relatives here the past weekend.

Inexpensive Archery Target

You can buy elaborate and expensive archery targets, especially the kind that is stuffed with hay and covered with bright oilcloth. But hard shooting soon fills any target full of holes.

So why spend a lot of money when an equally effective target can be made at home from an old tire, rags, and two pieces of tough corrugated board.

Fit tire opening with cardboard—one to each side—then draw on bullseye, pack inside target with rags. Then start shooting.

Decoy Range Finder

Even experienced hunters find it difficult to accurately gauge shooting range, especially from a duck blind.

Overcome this difficulty by setting out one decoy some 40 or 50 yards from the duck blind. Gauge your shots at incoming ducks by their relation to this decoy.

This way you won't waste shots blasting away at ducks over in the next county. Furthermore, the incoming ducks will pay no attention to a lone decoy range finder. They will come on in to your setting of decoys the same as usual.

Get Fast Sight On Target

"Experts" tell you not to

"sight" with your shotgun. Nevertheless you will get

better results, and score more hits, when duck or bird shooting, if you'll paint a thin white line from the front sight of your shotgun to the breach. Try it.

To Trap A Fox

You fox hunters can make more and faster catches by using bacon.

Just place one or more strips of raw bacon on an overhang-

ing limb, or on a pole with cross stick, about three feet above a stump. Set the trap on the stump.

Fox will be caught as he leaps for bacon.

Dye Your Decoy Cords

Dye your decoy cords a nut brown by soaking them in boiling water in which a double

handful of pecan, black walnut, or butternut shells have been added.

Cords will be dyed a rich brown color that matches weeds, mud and dead grasses—and the color lasts.

Mr. and Mrs. Ceell Faulkner and daughter of Rankin visited relatives here Sunday.

Decoy Range Finder

Even experienced hunters find it difficult to accurately gauge shooting range, especially from a duck blind.

Overcome this difficulty by setting out one decoy some 40 or 50 yards from the duck blind. Gauge your shots at incoming ducks by their relation to this decoy.

This way you won't waste shots blasting away at ducks over in the next county. Furthermore, the incoming ducks will pay no attention to a lone decoy range finder. They will come on in to your setting of decoys the same as usual.

State Capital NEWS

By Vern Sanford

Bus, Truck Speeders
Texas truck and bus drivers are worse speeders than passenger car drivers, so reports the Texas Highway Department.

Speed recording tests made by the Department shows truckers are the worst offenders with an average speed violation of 78.3 per cent exceeding the legal speed limit.

Department's annual speed survey shows busses came next to truckers in speed-limit disregard. Their average was 63.7

miles per hour. Average speed of passenger cars was 55.4 mph—within the limits of 60 mph during the daytime and 55 mph at night.

Rabies Down
State Department of Public Health reports that the incidence of rabies is decreasing.

For example: the number of rabies cases reported between January 1 and September 30 of 1953 was 1,336. Reports for the same period in 1962, nine years

later, totaled 448. No cases of rabies in bats were listed from 1953 to 1956. But they numbered 26 this year. Dogs were the animals most frequently infected with rabies. Foxes followed second. Only 15 cases of rabies in humans have been reported over the past 10 years.

Major Reports Readied
The House General Investigating Committee is readying three major reports.

Rep. Charles Ballman of Borger, committee chairman, says the reports concern Hurricane Carla insurance payments, alleged point-fixing in Southwest Conference basketball games and slant hole drilling.

Free Bus Ride
State Board of Education has approved a proposal to make

more students eligible for free bus transportation. Under this change any student living two miles from school and two miles from franchised public transportation route may become eligible for free transportation.
