Center Point Exes To Hold Reunion

Plans have been made for a reunion of the Ex-Students and Ex-Teachers of the former Center Point School. The reunion will be held Sunday, July 14, 1963, at the Center Point Schoolhouse. The arrangement committee is very anxious for all ex-students and ex-teachers to be contacted, according to announcement by Mrs. Jack Huffman of Goldthwaite.

MICHELLE KRUEGER RECEIVES HONORS

Miss Michelle Krueger, senior student in Lee High School in Midland has been nominated Miss Personality of 1963 at the high school; also nominated Home Town Sweetheart and given other honors. She will attend two balls at A&M college in March.

Miss Krueger is the granddaughter of Mrs. Amber Fesler of Goldthwaite and attended school here three years. She plans to attend Texas Tech after graduation.

MRS. EVERETT A. KIRBY

Miss Wanda Jean Pafford And Everett A. Kirby Exchange Vows

The Goldthwaite Church of Christ was the setting for the wedding of Miss Wanda Jean Pafford and Everett A. Kirby, Saturday evening, February 16, at 7:00 o'clock. The church was beautifully decorated with a white arch entwined with greenery and centered with white wedding bells flanked by white baskets of gladiolas, ferns and palm trees. Double candelabras held gleaming candles which were lighted by Miss Kathy Boyd of San Angelo, cousin of the bride, and Lynn Duncan of Lometa, nephew of the groom.

The bride is the daughter of Mr. and Mrs. M. M. Pafford of Mullin and the groom is the son of Mr. and Mrs. J. C. Kirby of Lometa.

Guests were registered at the church entrance by Miss Reta Pyburn, friend of the bride. Roger Sanders of Mullin, brother-in-law of the bride, and DeWayne Henry of Goldthwaite, cousin of the groom, were ushers.

Jack H. Kirby of Brownwood, cousin of the groom, officiated at the impressive double ring candle light ceremony.

Traditional wedding music was sung by Misses Carolyn, Beverly and Anita Rhoades of Goldthwaite, who sang "Because," "I Love You Truly" and "The Wedding Prayer."

The bride was radiant in a floor length dress of heavy white satin, made by her sister, Mrs. Fred Noland. The fitted bodice featured a round neckline, long tapered sleeves, and tiny covered buttons down the back which had a V-point accent. The bridal gown formed a bell shape over a hoop, and ended in a train length in back. Her shoulder length veil of triple rows of nylon tulle was attached to a seed pearl tiara, borrowed from her friend, Mrs. Charles Cornelius. The bride's only jewelry was pearl earrings and necklace, gift of the groom.

For something old she wore her mother's wedding band, which was also worn by her three sisters in their weddings, a blue garter, and a penny in her shoe minted in the year of her birth—1942. She carried a lovely bouquet of white flowers centered with a white orchid and showered with satin ribbon streamers tied in love knots.

Miss Carolyn Allison of Goldthwaite, friend of the bride, was maid of honor, and Mrs. Fred R. Noland of Stephenville, Mrs. Weldon T. Roberts, Memphis, Tennessee and Mrs. Roger Sanders of Mullin were their sister's bridesmaids. They wore red velveteen dresses featuring round necklines, elbow length sleeves and a V-point accent at the waist with full pleated skirts. Their accessories were small white whimsy clips with a short face veil and white pleated gloves. They carried

heart-shaped bouquets of red and white carnations with white ribbon streamers.

Miss Vicki Duncan, niece of the groom, Lometa, served as junior bridesmaid. She wore a white satin dress designed similar to the bride's and white satin shoes. She also carried a heart-shaped bouquet of red and white carnations with white ribbon streamers.

Attending the groom as best man was his brother-in-law, Troy Duncan of Lometa. Groomsmen were his classmates Laddie Smith, Kenneth Stewart and Foster Kendricks, all of Lometa. Keith Duncan, nephew of the groom of Lometa was ring bearer.

For her daughter's wedding Mrs. Pafford chose an embroidered beige sheath dress with three-quarter length jacket with beige shoes and turquoise accessories. Mrs. Kirby wore a navy blue dress with a silk navy blue duster and bone colored accessories. Both mothers wore white carnation corsages.

Immediately following the wedding a reception was held in the Community Room of the Mills County State Bank, which was beautifully decorated with red and white carnations arranged by Mrs. W. P. Duren. Guests were registered by Reta Pyburn, Miss Mary Calder, Mrs. Dwayne Eoff and Mrs. Thurman Scribner, classmates of the bride served the very attractive tiered wedding cake, punch and coffee.

For a short wedding trip the bride wore a white brocade sheath dress with fitted jacket, a black fur muff, hat, and patent shoes.

Mrs. Kirby attended Mullin High School where she was an honorary FHA member, Cheerleader, Who's Who, Miss Mullin, class officer and lettered in basketball. She attended Jackson Business School in Lampasas and is now employed at Mills County State Bank. Mr. Kirby is a graduate of Lometa High School where he was an active FFA member and also track member. He is now actively engaged in ranching at Lometa where the couple will make their home.

Agriculture - Vital To America

By PRESTON SMITH
Lieutenant Governor

Agriculture has always been, and will remain, a basic factor in the Texas Economy. It is also a vital part of the Texas tradition. Even though our towns and cities are rapidly running up a big population lead over our rural areas, Texans will always be thought of as people of the farm, the ranch, the great outdoors.

Change and challenge are the order of the day for Texas agriculture. To conquer our new problems and temper our old ones, Texas agriculture needs now—as never before—people who are equipped, trained and dedicated to a role of modern farm leadership.

I know of no better training ground for this vital leadership than the Future Farmers of America program. Having grown up on the farm myself, I have always had more than a casual interest in FFA work. Past ac-

complishments have been most praiseworthy. In my opinion, the responsibility and the opportunity for service are greater today than ever.

Intelligent, progressive, aggressive solutions of the "farm problem," in all of its modern connotations, are necessary—not merely for a healthy agricultural industry, but for the general health of our state and national economies. The Future Farmers of America will be in the forefront of our march toward a better tomorrow for Texas agriculture.

Self-Employed Farmers May Use Optional SS Plan

Some self-employed farmers may be entitled to use an optional method for figuring their net earnings from the farm for social security credit, Durrelle L. Allen, district manager of the Temple Social Security Office, reminded farm operators today.

Allen pointed out that:

(1) If your gross income from agricultural self-employment is not more than \$1800, you may count as your net farm earnings either your actual net or 2/3 of your farm gross income;

(2) If your gross farm income is more than \$1800, and your net farm earnings are less than \$1200, you may use either your actual net or \$1200;

(3) If your gross farm income is more than \$1800, and your net farm earnings are \$1200 or more, you must use the actual amount of your net earnings.

Allen added that use of the option enables farmers with gross income as low as \$600 to

State President Tells What FFA Training Has Meant To Him

By JERRY CLARK, President
Texas Association, FFA

Next to my church work, the organization of the Future Farmers of America has made the most satisfying and useful contribution thus far to affect my life. As I reflect on my years spent in the FFA and all that I have enjoyed and gained, it seems as though it was there just to fill my particular needs.

History, present day relations, and logic prove that I am not the only boy to feel that way about our organization.

I came into the FFA as a young boy wanting to do what was right and best, just as many other boys have in the past and I hope, will in the future. Certainly I was open and ready for the sound directives and inspiring challenges of this great farm boy organization.

Now as an older member, I look back and see that truly I was receiving the most basic training and growing in the purest Christian and American virtues. I will always be gratefully indebted to this program interwoven with our Agricultural education in America.

Training and experience in leadership ability, cooperative activities, patriotic activity, scholarship, and over-all good citizenship are the things which I needed and desired and found in the FFA Organization. These and many others have been the challenging fields of opportunity to enter my mind and heart.

Our organization seeks not only to make the member aware of opportunity, but also to give

obtain social security protection for themselves in their old age, and before then if they become disabled, and for their survivors in the event of untimely death. He emphasized, however, that regardless of the way in which you figure your net earnings, you must have net earnings of at least \$400 (from farming alone, or in combination with other self-employment earnings) to get social security credit for the year.

Some farm owners who receive cash, rent, or crop shares from tenant farmers can get social security credit for such income. If the farm landlord (or his agent), under his agreement with his tenant, materially participates in the production or management of production of the farm crops raised on his land, this income may be creditable for social security purposes and subject to social security tax.

him ways and means for utilizing this opportunity thus helping it to become experience, which is the greatest teacher.

We as Future Farmers believe in and love our organization. We will: "practice brotherhood, honor rural opportunities and responsibilities and develop those qualities of leadership which a Future Farmer should possess."

P-TA Study Course To Be Continued

By MRS. LOGAN ADAMS

The Parent and Family Life Education study course of P-TA continues its discussions with the theme "Mirrors of Family Living." Monday, March 4th, at 7:30, our fourth study-discussion group will meet under the leadership of Ed Devery, Brownwood. At this time Mr. Devery, a noted speaker and international traveler, will discuss good citizenship through "Making Democracy Live."

Tuesday morning, March 5th at 10:30, a panel discussing "Teen Times" will give parents an opportunity to understand their own needs, attitudes, and limitations as well as those of their teen-age children. Parents, at this time, can visit the schools and thus have a vital part in Public School Week. The last study discussion group will meet April 15th, during the regular P-TA meeting for the program, "Self Development Through Personal Discipline and Integrity," led by J. D. Harper.

Attendance and participation in these study discussion groups will enable you to add to the hours already received when you were present for other study course meetings. Meetings held previously were October 15, "Strength Through Physical Fitness," Ray Standley, leader; February 4, "Cancer Film and Discussion," Mrs. Bob Steen and Dr. Childress; January 21st, "Good Citizenship Through Knowledge and Education," M. Y. Stokes Jr. An alternate program to be used for credit when absent from any of the other six programs was held February 18th, "Good Citizenship Through Devotion and Appreciation of American Heritage," led by Mrs. Hoyt Cockrell.

RUNNING WATER FOR DISHWASHING

Cuts Your Dishwashing Time IN HALF! Take the drudgery out of dishwashing. Let the wind or electricity pump the water for you! Plenty of water right out of faucet into your dishpan.

MAKES WASHDAY EASY Turn the faucet in the laundry and you have abundant water for washing and rinsing clothes. Save all the back-breaking effort of pumping, lifting, and carrying water to the laundry. There is an Aeromotor water system to meet every need.

WINDMILLS Put water where you want it... anywhere on the farm. Let the wind do your pumping. Wind power is free. Self-oiling. Aeromotor. Windmills work without attention. Many capacities.

ELECTRIC PUMPS For shallow or deep wells—all climates. Let an Aeromotor electric pump save the time you spend pumping and carrying water. A few cents a day will pump hundreds of gallons of water to your faucets.

ART AND CIVIC CLUB TO MEET FEBRUARY 21

The Art and Civic Club will meet in the home of Mrs. Raymond Summy, Thursday afternoon, February 21, at 2:00 o'clock. The program will be "Growing Interest in Texas Heritage."

All members are urged to be present.

Supervised Farming Program

Future Farmers of Texas make a big business out of their laboratory experiences in vocational agriculture. Last year 38,000 FFA members in Texas cleared over four million dollars from 102,000 head of livestock, 51,000 acres of crops, and nearly a million head of poultry.

In the classrooms of over 900 high schools in Texas, students study scientific agricultural practices as a part of their regular high school curriculum. When the school day is over, all is not finished for the vocational agriculture student, because he is responsible for his supervised farming program which is supervised by his vocational agriculture teacher. With money he earns from his project, using improved practices he has studied in class, the student launches into the very competitive field of agricultural production where he must use

DEATH OF POLL TAX?

If the rest of the Senate feels like the Senate committee on constitutional amendments, the poll tax may be on its way to extinction.

Committee gave a nine-to-two approval of Laredo Sen. Abraham Kazen's bill to submit to the people a constitutional amendment that would kill the poll tax as of February 1, 1965.

The two "no" votes in committee came from Sen. George Parkhouse of Dallas and Sen. Galloway Calhoun Jr. of Tyler.

"Ayes" came from Sens. Kazen, Charles Herring of Austin, Roy Harrington of Port Arthur, Don Kennard of Fort Worth, Culp Krueger of El Campo, Walter Richter of Gonzales, Aaron Schwartz of Galveston, Franklin Spears of San Antonio and Jack Strong of Longview.

If Kazen's bill passes the full legislature, voters would make the final decision in the 1964 general election. So far, every state that has voted on the federal constitutional amendment to do away with poll taxes, except Mississippi, has voted to drop it.

"COLOR-BLIND" TAX

Rep. Howard Green of Fort Worth introduced a bill to make the poll tax "color blind."

Green called the race notation on voter registration forms useless and outmoded. Furthermore, "It is an additional bar to full citizenship."

He believes his bill will pass with little opposition, but there are many who consider the race notation a necessary aid to voter identification.

ATTORNEY GENERAL DONATIONS OPPOSED

Contributions from oil companies to finance investigations by the attorney general to see if competitor's oil wells are slanted would be outlawed under a bill introduced by Rep. Ben Barnes of De Leon.

Nearly \$300,000 in contributions from major—and some minor—oil companies was used by former Atty. Gen. Will Wilson to make such surveys in East Texas.

Atty. Gen. Waggoner Carr told Representative Barnes that the \$80,000 recently appropriated

ed by the legislature will be sufficient for his investigations. So Barnes filed a proposal which would make it illegal for the attorney general to accept money from anyone to investigate or prosecute anything.

BEACH BEHAVIOR

"We have a terrible situation in regard to littering on Padre Island," says Nueces County Judge Noah Kennedy.

Kennedy and two other Corpus Christi officials appeared before a House committee to speak in favor of a bill by Rep. James Lattimore of Corpus Christi which would allow Gulf Coast counties to regulate speeding and littering on public beaches.

COUNTY UNIT CHANGE PROPOSED

Rep. George T. Hinson of Mineola thinks it's time someone started doing something about "modernizing county government." So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would

have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling a commissioners court with its own residents.

Hinson believes his county-at-large election plan would get commissioners from all precincts to work at all times for the best interests of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources — capital, road machinery, manpower and equipment—of all a county's precincts into one central unit.

By MRS. M. C. PARTRIDGE

Jaunita and I were in Brownwood Friday on business.

Mrs. J. W. Featherston has been on the sick list this week. James Partridge of Houston spent the weekend with the M. C. Partridges. He returned home Sunday afternoon with his son, Keith, who had been visiting with us the past two weeks. Rev. and Mrs. Ray Rogers and daughter of Brownwood were guests of Mrs. Alma Sutherland and children Sunday. Brother Rogers visited in the Partridge and Featherston homes Sunday afternoon.

The snow and bad weather has kept everyone busy feeding their livestock and there was not much visiting going on. We regretted to hear of the fire that almost destroyed the W. E. Featherston home at Terrell last week. Mrs. Alma Sutherland visited in Hamilton last Friday with Mrs. Pete King and new baby son.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

BOB PARKER SWEETHEART
Bob Parker was crowned Sweetheart of Theta Gamma Epsilon, annual Sweetheart Ball at the Community Center on February 2. The building was decorated with pink hearts and cupid.

The Sweetheart's Chair was backed by two big pink hearts, decorated with letters and the words, "Be My Valentine."
Mrs. Baker Hallford, reigning sweetheart, placed the rhinestone crown on Mrs. Parker's head.
Mrs. Parker is the former Dorothy Jean Williams, daughter of Mr. and Mrs. Grady Hancock of Mullin.

Mr. and Mrs. Grover Dalton visited last week in Austin with their granddaughter and family, Mr. and Mrs. Mike McCullough and Elizabeth. They also visited last Sunday at Rochelle with friends.

Mr. and Mrs. Russell Cobb were pleasantly surprised last Monday when the Kemp family brought them a big turkey dinner with all the trimmings — a part of the birthday dinner of Granny Kemp's. They really appreciated the thoughtfulness of the Kemp family.

Mrs. Bernese Norvell of Oklahoma is here visiting in the L. L. Singleton home. Mrs. Norvell and Mrs. Singleton are sisters.
Mr. and Mrs. Thurman Warren of Abilene spent last weekend in Mullin visiting with their parents, Mr. and Mrs. Charlie Warren.

Wayne and Azelle Mosier and Mrs. Claude Kaylor and Janice of Carlsbad, N. M., have been visiting here with their parents, Mr. and Mrs. Fred Mosier.

Mr. and Mrs. Bob Parker and Donna Jean of Kermit visited here last weekend with her parents, Mr. and Mrs. Grady Hancock.

Mr. and Mrs. Steve Williams of Austin spent the weekend in Mullin with his parents, Mr. and Mrs. Chester Williams, and at Regency with her parents and brother, Mr. and Mrs. W. H. Reeves and John.

Mr. and Mrs. Mackey Gene Hodges have moved into Mullin and are living in the house recently vacated by Mr. and Mrs. Jimmy Smith.

The regular monthly Singing was held Tuesday night at the Community Center in Mullin. A nice crowd was present to enjoy the music.

Mrs. Jessie Reed has been confined to a Brownwood hospital for several days.

Mills Countains On TSC "Distinguished Student" List

Three Mills County students at Tarleton State College, Stephenville, have been placed on the "Distinguished Students" list for academic achievement during the fall semester of the 1962-63 academic year. They are:

James K. Blackburn, freshman from Goldthwaite, majoring in music.

Carol A. Sellheimer, sophomore from Priddy, majoring in Business Administration, and Aubrey Hillman, senior of Mullin, majoring in Government.

A student who is registered for a minimum of 15 semester hours and makes a grade point average of 2.25 with no grade below "C" is placed on the Distinguished Student list. Any student who is on the Distinguished Student list during any two succeeding semesters is entitled to the Scholastic "T" award by the college.

Mr. and Mrs. D. A. Jeske received word Saturday morning that Mrs. Jeske's sister, Mrs. Annie Tiemann of Austin, had passed away. They attended her funeral at Priddy Sunday. We extend our sympathy to the family.

Mrs. J. W. Williamson was at home for the weekend. She returned to Austin Monday.

Production Credit Association Predicts Active Year For 1963

An active agricultural credit year in 1963 has been forecast by the San Saba Production Credit Association in a year-end report of activities in the agricultural financial institution's eight-county area of Central Texas.

The home-owned and operated farm and ranch credit institution had a total loan volume of \$12,364,000 during 1962, reported General Manager H. D. Chadwick, with prospects of a more active year in 1963.

"Our loan volume should be up some and we have some bright prospects for new business," Chadwick declared.

"Our area is very dry now and the outlook is not too favorable for small grain at the present.

Would You Wear Your Neighbor's Glasses?

OF COURSE YOU WOULDN'T! Why? You couldn't see through them because they were made to a prescription to fit your neighbor! Yes, everybody's eyesight is different. That is why glasses are ground to prescription to fit each one's seeing needs.

Everybody's hearing is different, too! That is why we make our hearing instruments to an exact prescription to fit each individual. It is logical that everyone cannot wear the same ready-made hearing aid. Each one needs a different kind of help for hearing.

Through the great advances in Electronics an instrument can be made to put the sound where it is needed, and to lower it where it is not needed. With NO CORDS! NO CLOTHING NOISE! NO BUTTONS! NO "B" BATTERIES! Just inconspicuous, comfortable hearing to take away the nervous strain and tension of poor hearing.

Mr. Edmond H. Nance, Certified Master Acoustician, will hold his regular hearing clinic at:

The Mauney Courts Tuesday, Feb. 26, 10 AM to 12 Noon, Goldthwaite, Texas.

Come into this clinic and see for yourself what can be done for you. Come and discuss your problem under no obligation or call the clinic and we will come to your home. Don't keep putting it off! You will be surprised at the money you can save right now.

However, the livestock outlook is very good," he said.

The San Saba Production Credit Association provides short and intermediate term agricultural credit to 1,002 farmer and rancher stockholder-borrowers in McCulloch, San Saba, Mills, Lampasas, Burnet, Llano, Mason and Gillespie counties.

Since its organization in December, 1933, the association has provided more than \$172,500,000 in agricultural credit in its area.

"We have but one reason for our existence," Chadwick explained, "and that is to provide dependable agricultural credit at the lowest possible cost."

Loan funds are obtained through the sale of debentures on the nation's commercial money market by the Intermediate Credit Bank of Houston, discount and supervisory agency for all 37 PCA groups in Texas.

Members of the association's board of directors and loan committee are working farmers and ranchers, each intimately acquainted with agricultural problems and conditions of their area. Professional credit counseling is offered to help each borrower realize greater profits through sound credit practices, Chadwick explained.

Serving on the board of directors are President E. R. Osbourn of Llano, Vice President J. C. Ellison of Cherokee, A. B. Hammond of Burnet, Clyde M. Featherston of Goldthwaite and O. D. Striegler of Salt Gap.

Association offices are operated in San Saba, Brady, Goldthwaite, Lampasas and Llano. Office personnel includes General Manager and Secretary-Treasurer Chadwick, Assistant Secretary-Treasurer Newell A. Oliver, Field Representative Ben H. Ray, Bookkeeper William N. Hardy and Clerks Pauline L. Morrison, Winona H. Maxwell from Lometa and Wahnee S. Stallings, all of the San Saba Central Office;

Also, Field Representative Jack B. Smith and Clerk Leola Wallace of Brady, Field Representative Charles Conradt and Clerk Margaret C. Duren of Goldthwaite, Field Representative M. A. Feild and Clerk M. D. Riggs of San Saba, Lampasas office and Field Representative M. J. Stewart Jr. and Clerk Verna Osbourn, Llano.

The San Saba Production Credit Association, owned and operated in its entirety by its farmer and rancher stockholder-borrowers, has assets of \$1,368,844 and a net worth of \$1,449,381.

Since their organization in 1933 and 1934, the 37 Production Credit Associations in Texas have provided more than \$3.3 billion in agricultural loans throughout the state's 254 counties.

Homework On Subject Of Health As Done By Junior High Students

Editors Note: Eighth grade junior high students of Euna V. Barnett, in the Goldthwaite school, have been studying a book on "Health," chiefly mental and emotional health, since Christmas. They were given a homework assignment to write about their studies. Some of their works, which include free-hand poetry, are presented here this week.

WHAT DOES GROWING UP MEAN? By Wayne House

Growing up means growing up physically, mentally, socially, and emotionally.

Growing Up Physically.—Although there are great differences in the ages at which boys and girls go through their rapid growth changes, by the time one is 16, 18 or 20, he will have reached his full physical growth. During the teens, however, he may sometimes think he is completely grown when actually he is not. One may have an almost completely developed framework, or skeleton, but the internal organs have not developed as rapidly. Therefore many teen-agers look grown up on the outside but on the inside the internal organs haven't quite kept pace. Some teen-agers have big ears for their heads, long arms, and big feet. By the time they are 16, 18, or 20 the slow growing parts have caught up with the other parts of the body.

Growing Up Mentally.—No one is ever completely grown-up, but all have the opportunity to keep on growing throughout life. Several things it takes to keep growing mentally are to look always for more and more information about things that interest or puzzle the individual. Keep an open mind and listen to other people's opinions. Keep reading, experimenting, listening, comparing, talking things over as long as one lives and do not form prejudices.

Growing Up Socially and Emotionally.—Some people grow up physically faster than they grow up socially and emotionally. As a result parents expect the early growers to be equally mature in all ways.

IT PAYS TO BE FRIENDLY By Mary Muse

It pays to be friendly. As you well know. Why, if you had no friends, Where would you go? There would be no parties,

games, or laughter. Oh, rather than that I'd hang first from a rafter!

No one to turn to in the time of need.

No one to give advice that we should heed.

No one to meet us when we're on that dark street,

No one to help us get back to our feet.

Yes, without friends we'd truly be lost. We'd not want that, No matter the cost.

If we never want to start walking

Down that dark and lonely street,

We'd better start talking

And some new friends meet.

WHAT DOES GROWING UP MEAN? By Jamie Ledbetter

Growing up is being able to accept facts, also being able to take facts that hurt. You are really growing up when you learn to take these facts and live with them. Many people along life's way have to face facts that they never get over.

I think you are growing up when you are developed both mentally and physically. In this time while you are growing up mentally and physically you will also grow up socially and emotionally. These developments only happen while you are attending parties and dances.

Many people are growing up when they learn to accept what they have and do not envy what other people have. The average large family has many things to do. Sometime if people do work that is not pushed on them they are growing up.

Some people are grown physically and not mentally. This means their body has become that of an adult but they may still think like a ten year old child.

Being self-conscious is something that happens to all people who are growing up.

There are people that are always concerned with themselves. Some of the things they worry about are how they look, talk, and act around others. They learn that many of the things they worry about can help them.

I think that learning to accept yourself is the most important thing in growing up. This means to accept yourself as what you are and bettering yourself in all the ways you can.

RECIPE FOR A GOOD PARTY FOR BOYS By Dayton House

Ingredients
½ dozen husky boys
A pinch of parents
2 cases of Cokes
1 gallon of ice cream
2 lbs. of choice cookies
1 short hike
6 guns (shotguns)
1 case of shells
½ dozen reels and rods
1 small lake

Directions for Mixing and Baking:

To mix the ingredients you drop in the husky boys. Add a pinch of parents. Then mix one small hike. Add slowly ½ dozen reels and rods and drop in a small lake. Then add 1 gallon of ice cream. Stir in two cases of Cokes. Add 2 lbs. of choice cookies. Slowly add 6 guns and a case of shell. Bake at 450 degrees. Leave in oven for 25 minutes. Then take out and you have a cake full of parties.

RECIPE FOR A PARTY By Vanice Boyette

To have a party worthwhile, Meet your guest with a smile. Play the games they like to play. Keep them happy all the way. Play the songs they like to hear. You'll get their praise and cheer. Keep the party full of fun And that means for everyone.

And when the party's over with, Get some rest, you're just a kid. Say good-bye at the door, Say "I hope you come once more."

When the guests say, "We had fun," You know your recipe has won. The happiness of everyone. That's my recipe for fun.

Looking back upon the party Did everyone take part in The games and dances, Or by any chance Did you forget one or two? If you did, make a rule To keep your party full of fun.

Try to include everyone.
