New Catholic Church Building Fund Is Started

The church members of St. Peters Catholic Church had a picnic in the park last Sunday with Father Gerlick attending. A meeting also took place to discuss the business of the church and the matter of bringing up to date the Catholic census of Mills County.

Special thanks was extended to Mrs. Mary Lou Woody who had been supporting the church solely. Members present agreed that all should share in the future maintenance of the church.

The need for a bigger church was also brought up. It was decided that a building fund be started. Ways and means on how to raise money were discussed.

A building fund committee was elected with Dr. C. G. Cruz-cosa Jr. chairman; C. Corona, secretary and LeRoy Wernette, treasurer. Mary Lou Woody was also elected honorary president of the committee.

Considering the size of the parish outside help will be needed in raising the fund. The church therefore will welcome any contribution from anyone, according to the building fund committee chairman.

Another \$107.00 For Park Fund; Total Contributed Now \$1,392.95

Another \$107.00 has been contributed to the Mills County Park Fund during the past two weeks by nine interested firms and individuals to boost the total to \$1,392.95, it was announced Monday by W. P. Duren, park committee chairman.

Duren announced that with these additional gifts the park fund goal is nearer in sight with only \$393.00 needed to reach the goal of \$1,800.00.

When the goal is reached it will provide enough funds to take care of the \$600 deficit from the last two years and pay for a caretaker for this year.

The committee has a goal of \$1,200.00 for park up-keep for the year. The past two years the fund fell short by \$600.

The committee goal calls for 100 interested supporters at \$12 each to provide funds for a year's work. A number of contributors have donated more than the \$12 and the committee welcomes all gifts.

Those joining the honor roll of park supporters since last report were: Mr. and Mrs. Arnold Roberts, Mr. and Mrs. Walter Summy, Mr. and Mrs. Raymond Wilcox, Mr. and Mrs. B. C. Wicker.

BAR-FLY

PREVENTS THE BREEDING OF HORN FLIES!

BAR-FLY prevents the breeding of horn flies . . . halts infestations before the damage is done, not after!

Simple to use, BAR-FLY is available in livestock feed products. As cattle eat, BAR-FLY passes harmlessly through the digestive system, concentrates in fresh droppings—the only place horn flies lay their eggs. As eggs hatch, emerging larvae are destroyed without ever sprouting a wing . . . or pestering a steer!

Tests at one of the nation's leading agricultural colleges prove BAR-FLY effectively prevents the breeding of 90% of all horn flies, 75% of all face flies. Moreover, BAR-FLY is recognized by both state and federal agencies as safe and effective in preventing the breeding of horn flies.

Important—there is only one genuine BAR-FLY program, developed by Interstate Chemical Company. Guaranteed to prevent the breeding of 90% or more of all horn flies! The West Brand BAR-FLY Mineral Block is your assurance of the latest . . . and best . . . in oral insecticides—and the most effective birth control for flies!

Stop The Lone Hunting Dog

Many hunting dogs like the sport so well they take off on their own, to pursue game, if they have the chance. This is bad for the dog since

he has no one with him to teach him good manners. Lacking supervision, he soon forgets the rules his master taught him. So keep your hunting dog at

All schools are closed in Mullin for summer vacations. The seniors have gone their separate ways. I graduated from high school with a class of 47 members. Since graduation night I have not seen some of my classmates that I had been in school with my entire school life. Most of them I have seen, but a few I have missed. I do wish all the Seniors well in their life ahead.

Other awards were presented to the following: John Reeves, best all-around boy; Lanita Chesser, best all-around girl; Richard Phillips, student with the most spirit; Wynona Wasserman, citizenship; Rex Besant, valedictorian, and Leonda Locke, salutatorian.

Outstanding subject awards were given to Inez Kirkpatrick, science; John Chesser, history; Annette Murray, mathematics; Beverly White, English; Carol Locke, homemaking; Rex Besant, commercial, and Ronald Calder, agriculture.

home so he can't prowl the woods without you.

Good Use For Old Socks

Most hunters have old, discarded, brightly-colored socks lying around the house. Put these to good use by stuffing them in your hunting coat when bird hunting. Then when you down a bird in tall grass or brush, put a rock inside one of the bright socks and throw it near where the bird fell. This trick will cut lost kills drastically.

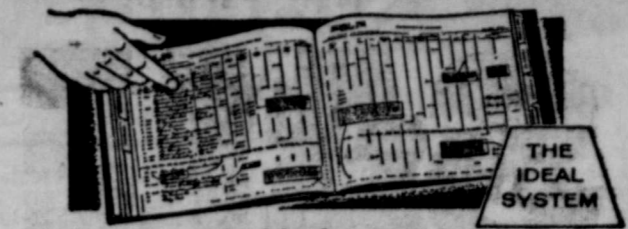

Keep Trophies Clean

You were mighty proud of that trophy when you bagged it. But have you kept it in tip-top shape since hanging it on the wall?

Chances are the mount has gathered dust and is dull and dingy. Bring back its luster by dusting it lightly with a soft cloth or feather duster. Then gently stroke it with a slice of stale bread.

Be careful not to ruff feathers or fur.

CHURCH YARD AT PLEASANT GROVE

There is a Church Yard over at Pleasant Grove. Just an acre more or less.

Where the East winds kiss the head stones in a lazy soft caress.

Where the lilacs shelter all who sleep beneath their shade, Neath the graves grass grown and hidden. Neath the new ones freshly made.

Some there are who fought for Texas in the tragic long ago, and their Sons who braved the world in One and Two. Those deeds are still unwritten, seldom told and seldom sung.

Flowers bloom and die at Pleasant Grove, in that sacred acre lot, Lilacs and roses linger lest the sleepers be forgotten.

Here and there a vase holds a spray of withered bloom. Bits of colored glass and china brightens up the somber tomb.

Tis not ours but theirs. The Title vested by the Will of God.
