Prescription Pharmacists

Almost daily, new drugs appear which we are urged to offer. To reject the unproved products is just as important to this pharmacy as is the service of being alert to provide the newest and the best.

There are certain helpful guides on which we rely. Reliable pharmaceutical manufacturers, such as Parke, Davis & Company, establish quality and effectiveness with exhaustive clinical tests before a product is announced. Your Doctor is then given facts, and on his judgment we rely in making our decision.

Thus, if a preparation is in our stock, you are assured of its reliability.

Scallorn News

By MRS. ORA BLACK

An inch of rain fell here last Monday night accompanied by thunder and lightning, bringing more than three inches of precipitation through the past two weeks.

Dr. and Mrs. James H. Turman and sons, Tom and Dick of Austin were weekend guests of Mr. and Mrs. C. H. Black. Dr. and Mrs. Turman will leave for Washington, D. C., and New York the first of the week and their sons will remain with their grandparents.

Mr. and Mrs. Dick Hughes moved Thursday from their temporary home in Goldthwaite to their new home seven miles south of Goldthwaite on the Lometa highway. We welcome these good neighbors back to the Scallorn community.

Guests over the weekend in the home of Mrs. Silas Burk were Mr. and Mrs. Dean Burk and family of San Angelo. While here the Burks visited with

Mrs. Wilkey at Pitasant Grove. Our brother, H. B. Bradley and his nurse, Mrs. Mary Garrison, of Mineral Wells, were guests in our home last week. Mrs. Garrison had some dental work done in Goldthwaite while here.

Mrs. Carrie Hereford and sister, Mrs. Lilla Ward of Goldthwaite visited their sister, Mrs. Lora Maund and brother, Ed Evans, recently.

By MRS. DUTCH SMITH

Hi! Everyone! Well, today is a beautiful day, sunshine and it's nice and warm. Quite a contrast from the past week.

Everything is beginning to look green. I hope our fruit doesn't get killed.

Dutch and I visited my sister, Mrs. Boyd Leverett and Mr. Leverett yesterday after church. They were just fine and really happy over the sunshine.

Mrs. Fred Laughlin and I were in Brownwood Thursday.

Several of the ladies went out to see Dick and Flo Hughes' new home and it is really beautiful.

We went to Burnet last Tuesday night to see our fighting Eagles play ball. Our boys and girls won. We visited our children, the Johnnie Smith, after the game.

Mitzl King visited with me Saturday morning.

Mrs. Rae King and Kathryn Butler were in Lampasas Thursday.

Mr. and Mrs. Johnnie Smith and Cliff spent last weekend with us. Margaret Ann attended a meeting in Lometa Saturday a week ago.

Jimmie Ball came home with me from town and ate supper with us Friday. We went back to the ball game.

Dutch and I went to the Junior High Tournament Saturday night. Our little neighbor girl, Flossie Jordan, played. If she keeps up her playing she will be good by the time she enters high school. She plays real good now.

Mr. and Mrs. Johnnie Smith and Cliff of Burnet ate supper with his sister, Mrs. Forrest Jernigan, Mr. Jernigan and boys Friday night after the ball game.

Dutch and I ate supper with the Fred Laughlins Saturday night. Other supper guests were Mrs. Slaughter, Mrs. Lina McLean and Mr. Walter Fairman. Mrs. Laughlin served a real nice supper and we all enjoyed it.

Mrs. Fred Laughlin, Mrs. Willie Casbeer and Mrs. Dutch Smith attended a shower for Sherry Heatherly Saturday. She had a real nice shower.

Mr. and Mrs. Joe Cummins and daughter of Odessa visited her parents recently. We are sorry we did not get to see them. Maybe we will next time.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

No Firm Probe Urged

Atty. Gen. Waggoner Carr has called on State Banking Commissioner J. M. Falkner to continue investigation of a collapsed California money order firm, American Security Currency Limited was doing business in 317 Texas grocery and drug stores.

Thousands of Texans reportedly were caught with valueless paper on their hands when the firm went into bankruptcy. Carr recommends getting all facts on its history and status plus full details of an alleged sale of accounts to another company also licensed by the commission.

Connally In Circulation

Governor Connally returned to duty at his office in the Capitol last week, for the first time since he was wounded in Dallas on November 22 by the assassin of President Kennedy.

Connally announced a traveling and speaking schedule which includes visits to UPI and AP managing editors' conventions here; a Boy Scout report ceremony in the Capitol; Abilene's B-52 day celebration on February 15; the Laredo Washington Birthday festival on February 22; the Paper Industry Salesmen's Association meeting in New York on February 25; dedication of the New York World's Fair Texas exhibit on February 26; and probably a visit with President Johnson in Washington on the way back to Texas.

Library Additions

Texas State Library last week obtained an historic treaty and an historic suit of clothes. Both are certain to be viewed by thousands in years ahead.

Sen. Ralph Yarborough presented the Library a certified State Department copy of the El Chamizal treaty signed by President Johnson on December 20—defining the boundary along the Texas-Chihuahua and El Paso-Jaurez borders. The treaty, placed on display in a glass case, ended a century-old boundary dispute.

Governor Connally, at the Library's request, turned over to the State archives the black, light-weight suit he was wearing when he was seriously wounded in Dallas. He was the first Texas governor to be the victim of an assassination attempt. The suit bears bullet holes in the back, front and right sleeve. Also placed in the archives is the blood-stained shirt Connally wore on the tragic November day, and his black and gold silk tie.

WATER STUDY

Texans in the future may get very thirsty if they don't plan ahead to catch and save more

water. This conclusion and other information about water, including the fact that since 1890 Texas has been using up its water resources at a rate 11 times faster than its population growth, has been spelled out for students.

The water story has been published in a 40-page illustrated booklet, "How Can We Meet Our Water Needs?" prepared by the Texas Society of Professional Engineers and printed by the Texas Education Agency.

Education Commissioner J. W. Edgar has notified school su-

perintendents that 3,000 copies of the booklet on one of the state's most vital problems are available on request for use as resource material in junior and senior high schools.

Bracero Program

The U. S. Congress has extended the bracero program for another year—through 1964—as a compromise between the close-out argument by states where the contract laborers from Mexico are employed. However, figures from the Texas Employment Commission indicate that a phase-out has been in effect in Texas for the past two years.

Henry LeBlanc of the commission's farm labor division reports that 38,000 braceros worked on Texas crops in August, 1961; 12,917 in August, 1962; and 12,008 in August, 1963.

SHORT SNORTS

Atty. Gen. Waggoner Carr named Judge Hawthorne Phillips of Harlingen as his first

assistant. He succeeds Albert Jones of Houston who had accepted temporary appointment.

"The Eyes of Texas" now is public property. The University of Texas' copyright expired on January 30, and couldn't be renewed.

Traffic death toll for 1963 was 2,793, largest in history by far, according to the Department of Public Safety. Figure is an increase of 282 over 1962.

The governor's office will be located in the old State Agriculture Department quarters on the Capitol's first floor, during extensive remodeling and enlargement of the executive suite.

UT Bureau of Business Research reports new construction in 1963 dropped \$14,200,000, but expenditures for additions, alterations and repairs increased by \$17,800,000 for a net gain of \$3,600,000 over 1962.

State Supreme Court held the Railroad Commission can't withhold future drilling permits from operators of slanted oil

wells who want to string their wells. Almost 1,000 wells have been shut in since 1962.

Lon E. Alsop, 65, retired 22 years as director of Texas as State Commission for the Blind. Although blind from birth, he had successful career in business, politics and government administration.

Dr. Walter H. Fischer, president of the State Board of Chiropractic Examiners, Harvey H. Kennedy of Dallas, vice president; and Charles E. Courton of Snelo, secretary.

AFL-CIO President Brown says that Texas leaders will decide February at Arlington who they will port in the May primaries.

Prolongs Battery Life

Between trips afield, reverse the batteries in your flashlight. Then if the switch accidentally is turned on, no harm is done, for the circuit will be broken. Then install the batteries properly when you're ready for your next trip out.

Carpets For Traction

A valuable item for the auto camper to have on hand, whether he's on the coast or inland, is two strips of old carpet, about 15 inches wide and six feet long. Keep 'em behind your spare tire. Next time you get stuck, slip the carpet strips under the rear tires for greater traction.

Silent Whistle Useful

whistles the next time you go deer hunting. If you see a deer with head down and you can't determine its sex, blow a blast on the whistle. Up will come the head and you'll be sure whether your target is a doe or a buck.

Hook Sharpener

One of those emery boards the little lady uses in doing her nails is the perfect tool for sharpening fish hooks and keeping them in fine condition.

Freeze Fish In Ice

To keep fish fresh in a freezer, try putting them in a pan of water first and freezing the entire tray. Next run some warm water over the pan. Out will come the cake of ice—fish and all—wrap the encased fish in ice and all—in foil and pop it back in the freezer. The frozen water will seal the flavor in.

Preserving Game Birds

To keep game birds like quail and doves fresh in a freezer, put them in an old milk carton, fill it with water, staple it shut and freeze.

Cover Muzzle With Shell

To protect your rifle bore from dust and rain while in camp, cover the muzzle with an empty shotgun shell. It is waterproof and does the job. Just be sure you remove the cover before firing the gun.

Keep Sharp Pencil Handy

A good sharp pencil is a handy item to have on a fishing trip. The point is an ideal tool for taking the snarls out of a backlash.

Coffee Grounds Useful

Don't throw away those coffee grounds. Fill a large box with a couple inches of dirt, put fish worms in the box, then cover with fresh coffee grounds. This will keep 'em alive and as frisky as the day you caught them.

fooling The Rabbit

If you jump a cottontail rabbit and miss your shot, don't give up the chase. A little strategy will put him in your sights again. Watch the direction the rabbit takes. Then travel in a wide circle and approach the spot, where the bunny disappeared, from the opposite direction. There's a good chance then that you'll get another shot.

If you pursue the cottontail straight on, the wise old rabbit will stay hidden until you give up. But the new approach will send him scampering into the open.

Plastic Bag Handy

When going deer hunting, carry a large plastic bag in the pocket of your hunting coat. It takes up very little room and makes a nice dry seat while sitting on a stand. Furthermore, it serves as an excellent con-

tainor for the deer liver when you head for home.

Portable Blind

Here's a good portable blind that works fine in the rice fields while hunting geese. Take a piece of canvas and paint it a straw color. While the paint is still wet, sprinkle real straw over the canvas. The straw will stick to the paint and when dry you can cover yourself in the field.

Catfish Like Sardines

Here's a quick way to chum some catfish to your bait. Buy a can of cheap sardines or all-fish cat food and jab holes through the can with an ice pick or a knife blade. Then drop the can in the water weighting it with a large sinker or stone. Fish are attracted by the aroma from the leakage from the can. If you put your baited hook nearby, you're in business.

Spark Plug Sinker

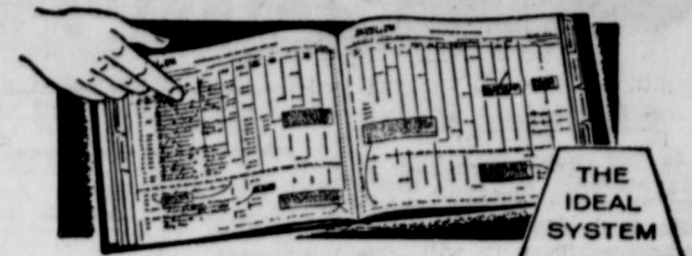

All out of sinkers? Then gather up some old discarded sparkplugs. They make fine sinkers. Just bend the electrodes together and tie onto a wire leader. Should the sparkplug

sinker become lodged between rocks, the soft electrode acts as a safety opening to free the leader and line.

Coffee Can Heater

To keep warm in a duck blind, try putting an old coffee can filled with lighted charcoal briquets near you. It will warm things up in a hurry.

**Thomas B. Burnham

Thomas B. Burnham of Austin was recently appointed to a special representative for correspondent banking department of The Austin National Bank, according to announcement by Leon Stone,

president.

Mr. Burnham, the son of Mr. and Mrs. Coleman Burnham of San Saba, is a native of Goldthwaite, and grew up on a ranch. He is a graduate of San Saba High School and served in the US Army Air Corps during World War II.

His background has included work in the Foreign Document Division at Patterson Field, Ohio, experience in a county assessor-collector's office, Burnham earned these degrees from Texas Tech: BBA in Finance, BS in Animal Husbandry and MS in Economics.

His experience with Sears, Roebuck, ranged from collection manager for the Lubbock store to territorial credit supervisor for the Dallas office.

He is president of Block and Bride, Delta Sigma Pi President and a past president of the breakfast Optimist Club.

Mr. and Mrs. Fred Reynolds spent Sunday in Junction with their children, Mr. and Mrs. Franklin Weathers, Rita, Cheryl and Marsha.

**Financial Statement Requests
Mailed To 77 Mills County Firms**

Today, Mr. A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 77 businesses in Mills County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1964.

Mr. Hemphill noted that each January business concerns in all parts of the United States are asked by Dun & Bradstreet

for copies of their financial statements. This year requests are being sent to nearly three million business concerns — to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Mr. Hemphill added, 52 changes were made in the Dun & Bradstreet Reference Book listings of Mills County businesses, including 15 names added, 15 names deleted, and 22 changes in the ratings of continuing businesses. The changes occurring in Mills County are about even with the rest of the country where a change of business significance is counted about every five seconds.

When the owner or officer of a business enterprise, or his accountant, fills in and mails his financial statement to Dun and Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement rather than waiting for the Dun & Bradstreet reporter's call means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions. When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his periodic call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a record of how the

While credit reports are primarily used by business men who want to evaluate the credit risk of a business before shipping or selling, insurance underwriters, bankers, and other professionals also use reports.

**Bond Sales
For December**

December E and H Savings Bonds sales in Mills County totaled \$2,965, according to Mr. W. P. Duren, Chairman of the Mills County Savings Bonds Committee. This figure represents 41.3% of the 1963 sales goal.

Savings Bonds sales in Texas for 1963 totaled \$145,334,910 which represents 96.5 per cent of the state goal of \$150,600,000. This is an increase of 1.5 per cent over 1962 sales.

"I was happy to note the sales increase during 1963 over sales in 1962 and feel confident it was a direct result of the wonderful support given by bond volunteers, newspapers, radio & TV stations, organizations, and others. The Texas Savings Bonds Committee salutes these groups for their patriotic support of the Bond program," Chairman Duren said.

A business meeting was held and the group agreed to meet Sunday afternoon and fix the well. Judge Cecil Egger put in a new sink in the kitchen and Andy Rowlett presented the club a coat and hat rack, made of 20 deer horns.

After the business meeting "42" and dominoes were enjoyed by the following guests and

members:

Mr. and Mrs. Dale Cisco, Betty and Steve of Oakland and Mr. Carl Cole, Corpus Christi, who were visitors; Mr. and Mrs. Clayton Egger, Bill and Susie; Mr. and Mrs. Dale Reid and Robin; Mr. and Mrs. Forest Perkins; Mr. and Mrs. Melvon Pafford; Mr. and Mrs. Gene Egger; Mr. and Mrs. Hulon Egger; Judge and Mrs. Cecil Egger; Mr. and Mrs. R. D. Egger, Kathy, Reta and Sam; Mrs. Mae Egger; Mrs. Effie Egger; Mr. and Mrs. Charn Whittenburg; Clinton Whittenburg; Mr. and Mrs. Blue Thompson and Ezella Thompson; Mr. and Mrs. Alvin Hanna; Mr. and Mrs. Edward Egger; Mrs. Maurine Humphrey; Mrs. Bonnie Crowder; and Mr. and Mrs. Andy Rowlett.

High score in "42" was won by Mrs. Lula Thompson and Edward Egger and they were presented the prize.

Next meeting of the club will be the first Saturday night in March.

February 23 Is Heart Fund Day

Mrs. Walter McFall, Mills County Heart Sunday Chairman, announced today that she has been informed of Mrs. Lyndon B. Johnson's acceptance as Honorary National Heart Sunday Chairman.

The First Lady has long been active in the affairs of the Texas Heart Association and of the Washington (D. C.) Heart Association. It will be Mrs. Johnson's first year of service as Honorary National Heart Sunday Chairman. Mrs. John F. Kennedy occupied the post for two years, and Mrs. Dwight D. Eisenhower filled a comparable position for four successive years.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—A controversial section of the new Texas Regulatory Loan Act, passed last year after 36 years of legislative wrangling over loan control, has been declared unconstitutional.

District Judge Herman Jones of Austin held invalid the provision that at least 51 per cent of stock in lending firms operating in Texas must be owned by Texans.

Jones emphasized this was the only section of the 1963 act affected by his ruling in a suit brought by three out-of-state firms.

The companies whose subsidiaries operate in at least eight Texas cities charged the in-state ownership requirement violated state and federal due process and equal protection guarantees.

American Investment Company, a Delaware Corporation; Industrial Finance and Thrift Corporation of Louisiana; and Consolidated Credit Company of Charlotte, N. C., joined by a number of other out-of-state firms, instigated the suit.

Their subsidiaries operate in Houston, Dallas, San Antonio, Fort Worth, El Paso, Waco, Texas, Arkansas and Arlington.

Regulatory Loan Commissioner Frank Miskell refused licenses to them.

COMMITTEE ON HIGHER EDUCATION

The Governor's Committee on Education Beyond the High School is well ahead of schedule, reports Dr. A. B. Martin, executive director.

Earlier this year, the committee—made up of leading industrialists and educators—set an April date for preliminary reports for the recommendations due Gov. John Connally in August. Studies on education in public and private colleges and universities, and professional and technological needs have advanced so well that subcommittees and their consultants

Goldthwaite Home Demonstration Club, and most of her club members have individually volunteered to conduct a house-to-house campaign on February 23, Heart Sunday. Mrs. McFall stated that last year in Mills County 244 people were afflicted with heart diseases and 27 died due to these causes.

have been discharged, Martin said, and the April date has been moved back to February 19.

Park Improvements Started

Tuesday's ground-breaking ceremonies at Falcon State Park in Starr and Zapata Counties near Zapata launched a three-park improvement program which will cost \$1,041,966.

The \$279,416 in improvements at Falcon will include a boat ramp, parking area, paved road, 24 shelters, 50 tent campsites with water, cooking grills, tables, three restrooms with showers and laundry units, ranger's residence and concession building.

Similar improvements are planned for Dam "B" Park near Jasper in East Texas and Lake Whitney State Park in Central Texas, according to J. Weldon Watson, Parks and Wildlife Department executive director.

Tourist Plan Unveiled

A pilot plan designed to bring more foreign visitors to Texas was announced by Governor Connally.

Sen. Walter Richter of Gonzales, the governor's representative, and Walter Meyer of San Antonio, who originated the plan, took off for Germany Sunday to test the program.

They hope to encourage 40 or 50 German citizens to make a 16-day red carpet tour of Texas' leading cities and historic spots from October 15 through November 2.

Texas Tourist Development Agency is sponsoring the projected program in cooperation with Chambers of Commerce

and interested private citizens. No public funds are involved.

The tourist, of course, will pay their own way, although some will benefit from hospitality in Texas homes. First visitors will get special low plane fare and at-cost prices all around.

It is hoped the initial visit by the Germans will establish guidelines for a continuing long-range program to boost travel in Texas by globe-trotters from other lands.

Court Rules On Land

In a 5-4 decision, the State Supreme Court overruled lower courts and directed a new trial in a dispute over oil income on 10,000 acres of Winkler County land.

Suit, brought by Southland Royalty Company against Pan American Corporation to recover a portion of proceeds from minerals produced, involves in-

terpretation of a 39-year-old lease.

Diversion Payments

Agri. Comm. John C. White says Texas farmers should not count on a cotton land diversion payment plan, as has been rumored.

White says Texas farmers

should go ahead and release their unwanted cotton allocations back to their local committees so the permits can be reassigned to other parts of the state. He urged cotton growers to protect their future allocations by releasing unused permits before the February deadline, as in years past.

I just don't go for organized religion

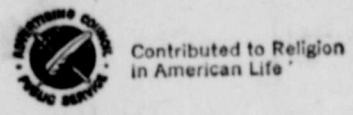

Ever heard that before? The rest of it usually goes like this: "Sure I have a faith—but I can pray just as well at home."

Private worship is, of course, a precious and valuable and necessary thing. But if you neglect your place of worship, you neglect the place where the very substance of your faith is kept alive and nurtured. Consider this: if there were no "other fellow" to preserve, protect and practice the faith you believe in "at home"—how long would that faith endure?

Next time you're tempted to roll over in bed, and say, "Well, maybe I'll go next week"—remember your faith needs you to keep it strong . . . so it can strengthen you. Worship with your family at your church or synagogue this week. And don't disappoint yourself again.

Rep. Townsend Urges Wires To President Johnson

State Representative Terry Townsend of Brady, Texas, has been informed by the Office of President Lyndon B. Johnson that the President is making a personal investigation concerning the problems surrounding importation of beef to the United States, President Johnson would like to have telegrams from those in our area concerning their position on beef importation. The Republicans fielded a complete slate for state offices (except judicial) and congressional races.
