Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be. So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price. Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space. This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over). Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to. The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

The bride-elect is a 1962 graduate of Goldthwaite High School and is a sophomore at Baylor University. She is serving as secretary of the House Council of her dormitory. The prospective bridegroom is a 1962 graduate of Mozelle High School. The wedding will be solemnized in the First Baptist Church of Goldthwaite, by Rev. Dwaine Greene, pastor of the church, officiating, on Saturday, June 12 at 8:00 p. m.

E. Clements Birthday Honoree

E. Clements celebrated his birthday at his home in Goldthwaite Sunday, March 22. At the noon hour a bountiful

feast was served and visiting was enjoyed by his relatives from many places.

A number of friends called throughout the day and he was the recipient of a number of gifts, flowers and cards.

Mr. Clements was born at Williams Ranch when it was a thriving town and has lived in Mills County since its formation. He was in the drug business here for many years before retiring and is one of the most highly respected and best beloved citizens of Goldthwaite.

Even though he has been confined to his bed for over a year, he still loves company, and is never so happy as when his children, grandchildren, nieces, nephews, beloved sister, Mrs. Eula Nickols and his brother, Duke Clements, are in his home.

By MRS. J. A. JONES

This Monday morning looks pretty, but our weatherman says we are due to have a bad spell of weather.

The weeds and grass are growing now after the good rains and the old cows get all they can eat. The fruit trees are in full bloom, but I'm afraid when Easter is over they will not look so pretty. We are due a frost the third of April.

Everyone remember Saturday, March 28, is Cemetery Working Day, and come, bring your tools

and dinner and spend the day.

Luther Teal and Mrs. Roy Coconouer of Lubbock are visiting the Lehman Teal family.

We were called to San Angelo last Saturday. My Dad, J. A. Churchwell, was very ill. Also my sister, Mrs. E. P. Jones was in the hospital there where she had undergone surgery.

Kay and Sue Phillips of Fort Worth spent two weeks with us. We sure enjoyed having them.

Jane Teal, her boy friend, Wayne Hardman and a Mr. and Mrs. Mansfield spent Sunday here on the river fishing. They caught enough fish for supper.

Mrs. J. M. Jones is home after a two weeks stay in Childress and Cruzcosa Clinic and Hospital in Goldthwaite.

H. G. Brooks and Homer Rowlett ate dinner with us one day the past week.

Mrs. Verna Lee Dudley, Mrs. Myrtle Cooksey and another lady, all of Mullin came over one afternoon and fished, but they did not have any luck.

Mrs. George Whitley Jr., of Ozona spent the weekend with Mr. and Mrs. Billy Hale.

Mr. and Mrs. Butch Rowlett visited their daughter at Mercury one night this week. Their granddaughter has the measles.

Judge and Mrs. Cecil Egger have their granddaughter from San Angelo with them for the present.

A. R. Rowlett is having his goats sheared today (Monday).

“Watchdog” Agency Sets Record

Agriculture Commissioner White claimed a record number of public service inspections conducted by his department—which he termed a “watchdog agency”—over the past year. He said there were more than 1,400,000 separate acts of inspection.

Inspections ranged from checking the accuracy of gasoline pumps to crops in the field and products at retail outlets. He estimated that on commercial scale corrections alone, his staff saved Texas housewives more than \$2,000,000 last year.

Redistricting Hearing Set

Houston federal court has set the showdown hearing on congressional redistricting for Friday (March 27).

“We will be ready,” said Atty. Gen. Waggoner Carr who had anticipated an early setting.

Outcome of the case will determine whether Texas must hold statewide elections for all congressmen or perhaps hastily redraw congressional boundaries in a special session of the Legislature.

U. S. Supreme Court has upheld the Houston court's October 19 finding that present districts are unconstitutionally drawn in favor of rural areas. It has permitted the state to go back to the lower court, however, to explain problems involved in statewide congressional voting after the regular election process already has been set in motion.

Houston court has held—and the Supreme Court agreed—that districts must be based as nearly equal in population as is feasible. Texas districts, if absolutely equal, would contain 416,000 population each. They now vary from 216,371 to 951,527.

State Democratic administration wants to delay effect of the ruling until the next regular legislative session in 1965.

Five Republican leaders brought the original suit. Twenty-two Republican congressional candidates and Bob Looney, Democratic candidate for congressman-at-Large, have inter-

New Official 1964 Texas Highway Map Is Available For The Asking

A sparkling new extension of the theme "Texas: America's Fun-Tier," is rolling off multi-color presses by tens of thousands as the 1964 Official Highway Travel Map of Texas is made available to native motorists and Lone Star State enthusiasts from Seattle to Siam.

The Texas Highway Department estimates that three-quarters of a million copies, and perhaps more, will be distributed during the coming months to almost every manner of individual and institution.

An elementary class in Brooklyn may write for a map in conjunction with a study project; an Indian maharaja may request one prior to a visit; Communist espionage agents may even steal a few, though the maps are free for the asking to anyone, anywhere.

Every line, symbol and figure on Texas' 1964 Official Highway Travel Map has been newly calculated, plotted and encribed, and every effort has been directed toward making the map more legible and easier for the average motorist to use. Type faces are bolder, colors have been selected for maximum brilliance, and the national standard system of highway symbols has been followed in almost all instances.

Another innovation to make the new map more legible is the deletion of almost 7,000 miles of Farm to Market roads. Because of the increasing complexity of the Texas highway system, a map attempting to portray every mile of rural road would be impossibly crowded at the scale on which the Texas map must be printed.

Farm to Market roads which do not serve as links between regular highways are not included on the new map, nor are those which do not join two or more communities. Communities with populations of less than 250 are not shown. Farm and Ranch to Market roads

which do serve as connecting links are shown on the map.

The 1964 Texas Travel Map will show a brand new route bearing the distinctive Ranch Road No. "1." Located in Gillespie County, the newly designated Ranch Road No. 1 is a four mile loop bordering the Pedernales River and connecting the ranch home of President Lyndon B. Johnson with U. S. 290.

Progress on the Interstate Highway system in Texas is seen at a glance, and other four-lane super highways are clearly depicted. Such divided highways now number more than 3,100 miles in the state, with 650 additional multi-lane miles presently under construction. The map shows Safety Rest Areas and 1,780 cities and towns.

Texas' 12 major cities with populations above 100,000 are each illustrated by map insets which chart the main thoroughfares and through routes. On the map's back, 20 full color photographs display tantalizing Texas scenes, and there is a message of greeting from Texas Governor John Connally.

Free copies of the 1964 Official Highway Travel Map of Texas may be obtained by writing the Texas Highway Department, Travel and Information Division, Austin, Texas 78703. Each county tax office supplies free postcards with which maps may be ordered. Copies also are available at each of the seven Tourist Bureaus located on key highways entering the state, and at all of the 25 Highway Department district offices.

CLEANING UNDER DRAPERIES

Cleaning under floor length curtains or draperies will be quicker and easier if you try this. Sew snaps on the bottom corners of the curtains or draperies. Then sew matching snaps on the back of each drape or curtain about halfway up. Whenever you are cleaning the room, just snap the curtains and draperies up — out of the way of your vacuum cleaner or dust mop.

We still have time to pay for our sins and repent. How about those children? God's Word tells us in Psalm 103:9: "He will not always chide; neither will he keep his anger forever."

In Isaiah 48:18-19 His Word says to us: "O that thou hadst hearkened to my commandments! Then had thy peace been as a river, and thy righteousness as the waves of the sea." "Thy seed also had been as the sand, and the offspring of thy bowels like the gravel thereof; his name should not have been cut off nor destroyed from before me."

are you living on this alone?

Nobody could neglect feeding his stomach for very long. Yet there's another part of you that requires nourishing just as much, or even more . . . your soul. You can't see it, or touch it, and it can't be removed like tonsils, or a nagging tooth. It requires so little to keep it strong and healthy . . .

and yet so much: your faith. Faith, unlike bread, isn't something you can buy. It's a gift . . . and a gift that you must develop and nurture. Have you tried to find it lately . . . in your church or synagogue? You'll find a warm welcome waiting. Worship this week . . . with all the family.

Mrs. Wilkins Named To District V Office Of Texas Garden Clubs, Inc.

District V Spring Meeting of Texas Garden Clubs, Inc., was held in Cameron Wednesday, March 18, with Mrs. Howard Kittell, State President, several District officers and Garden Club members present. District V is composed of 30 counties, 90 clubs and 308 members.

In the business meeting Mrs. Robert Eaton of Comanche was elected Governor and Mrs. Roy Wilkins of Goldthwaite was elected Lt. Governor.

Announcement was made that the Goldthwaite Garden Club's year book tied for first place with the LaGrange Garden Club. Also the Teen Garden Club of Goldthwaite year book won third place.

Mrs. Jim Weatherby of Goldthwaite presented to District V a gavel made from a limb of a native pecan tree, planted by Mrs. John G. Berry's blind mother, Mrs. Ada Hooks. The pecan was planted in a flower pot and later Mrs. Hooks transplanted it to the yard, where Mr. and Mrs. Berry now live.

At the Spring Annual meeting in Brownwood last year it was stated that the District had been in existence 26 years and was in need of a gavel. After a discussion Mrs. Ruby Ables Koontz of Brownwood stated that her husband would make the gavel if the members would supply the material. As a memorial to the late Mrs. Hooks and a tribute to Mrs. Berry for her untiring work with the blind pecan limb was chosen.

Mrs. E. O. Barton of Houston gave the program in the afternoon on Flower Arranging.

Those attending the meeting from Goldthwaite were Mr. and Mrs. John G. Berry, Mrs. Jim Weatherby, Mrs. Walter Bryant, Mrs. Roy Wilkins and Mrs. V. Z. Cornelius.

OFFICIAL MEMORANDUM

BY
JOHN CONNALLY
Governor of Texas

AUSTIN, TEXAS

GREETINGS:

On April 25, 1964, school board members from local districts in all fifty states will gather in Houston for the four-day National School Boards Convention, marking the first time this convention has been held in Texas.

This will climax a month of activities and events in Texas which will emphasize the importance of local school boards.

On April 4, school board elections will be held in most school districts. Between April 9 and 24, the Texas Association of School Boards and nineteen Texas colleges and universities will co-sponsor a series of one-day conferences over the state. These conferences are designed to introduce newly-elected board members to their responsibilities and to provide all board members with opportunities to study and discuss the issues facing our public schools.

Public education remains a state and local responsibility of the highest priority, and it is fitting that a special observance be held in honor of those citizens who devote their time and energies to the betterment of education through their service on school boards.

THEREFORE, I, as Governor of Texas, do here designate April, 1964, as

SCHOOL BOARD MONTH
in Texas.

(SEAL) In official recognition whereof, I hereby affix my signature this 24th day of February, 1964.

(SIGNED) John Connally
Governor of Texas.

Miss Martha Moody, Bride-Elect, Honored With A Gift Tea, March 20

Miss Martha Moody, bride-elect of Ronnie P. Stephens of Star, was complimented with a

gift tea Friday afternoon, March 20, from 3:30 until 5:30 o'clock, in the banquet room of the First Baptist Church in Goldthwaite. Hostesses were the members of the Mills County Home Demonstration Clubs.

Receiving guests were Mrs. Lee Tabor, the honoree, Mrs. George Stephens and Mrs. Wayne Adams, mother and aunt of the prospective groom, both of Gustine.

The tea table was laid with an imported white linen cut-work cloth over pink, centered

with a beautiful pink and white floral arrangement in a crystal container. Table appointments were crystal and silver. Mrs. E. J. Leonard, Mrs. Ruby Ross, Mrs. Walter McFall and Mrs. Forest Straley served the pink punch and white cake squares.

Mrs. Dutch Smith presided at the guest register and Mrs. Norman Duren and Mrs. Walter Simpson were in charge of the many and beautiful gifts which were attractively displayed.

SINGINGS

A Fifth Sunday Singing will be held at the Ridge Schoolhouse, Sunday afternoon, March 29, from 2:00 until 4:00 o'clock. Everyone is invited to attend.

Parcel Post Rate Increase On April First

Postmaster Lucile Fairman reminded residents of Goldthwaite that an effective date of April 1 has been set for new domestic parcel post rate increases.

The parcel post increase — approved recently by the Interstate Commerce Commission and averaging about 13.1% — is expected to yield about 75.4 million annually.

Catalog rates will be increased approximately 13% and will produce added revenue of about \$2.4 million if 1962 volume is maintained.

The higher rates do not affect air parcel post or international parcel post.

Postmaster Fairman said she has been advised by Postmaster General John A. Gronouski that the decision of the ICC will assist the Post Office Department in carrying out its objective of reducing the drain on the Federal Treasury by \$100 million.

The last parcel post increase was on February 1, 1960, the postmaster pointed out.

To illustrate the effect on the new rates here, Mrs. Fairman noted that a six-pound parcel — which is average weight — for local area delivery will cost 37¢ instead of 32¢.
