## Mills County Families Moving Into Higher Income Brackets

(Special To The Eagle) Most Mills County families have been moving into higher income brackets than before.

thanks to their steadily rising earnings during the last few years, the Eagle was informed this week in a special report.

Many of them, who were in the \$4,000 to \$7,000 range previously, have graduated to the \$7,000 to \$10,000 category. By the same token, others, formerly in lower brackets, are now to be found in the \$4,000 to \$7,000 group.

The upward shift has been noted at all points on the income scale. As a result, the proportion of local families in the middle and upper brackets is greater than ever, leaving fewer of them at the lower end.

For most people in the area, as well as for the business community as a whole, it has manifested itself in increased consumer spending and an upgrading of living standards.

The improvement is detailed, for all sections of the country, in a copyrighted study conducted by Sales Management. For each area, it lists the number of families in each income bracket.

In Mills County, 29.8 per cent of the local households had disposable, cash incomes of \$4,000 or more last year after taking care of their Federal and state taxes.

Because the study is concerned solely with cash income available after taxes, farmers do not show up in their best light. No account is taken of their non-cash benefits, such as food, rent and the like.

Just how the Mills County population is divided, from an income standpoint, is indicated by some of the other breakdown figures.

They show that 6.9 per cent of the households, locally, are in the \$7,000 to \$10,000 class, that 16.9 per cent net \$4,000 to \$7,000 and that 22.5 per cent have incomes of \$2,500 to \$4,000.

The findings are considered important because they answer the question "How many get how much?" They determine the economic balance of a community and enable manufacturers and distributors to estimate the potential for their products in each area.

## Eagles Swat Yellowjackets 42-14 For '65 Homecoming Victory Friday

### Conference Play Opens This Week; Eagles Tackle Longhorns At Early

The Goldthwaite Eagles swatted the Llano Yellowjackets for their fifth straight win this season at their homecoming game Friday night with a victory of 42-14. The Yellowjackets played a good game, but weren't strong enough against the Eagles.

The Eagles are now looking toward the top as they begin their conference games Friday night with Early. The GHS Eagles are rated to be number one in the State when the season is over.

To begin a thriller of a homecoming game Charles Blackburn ran 95 yards on a punt return for the first touchdown of the game with only seven seconds gone in the first quarter. Emmett Miller's kick for extra point was good and the score was 7-0. Jim Childress took the ball for a 47 yard run and touchdown, for a 13-0 score. This time Miller's kick for extra point was blocked.

Llano then took over the ball

and covered 59 yards in five plays. Their touchdown was made by Sammy Rabb who ran 10 yards. Rabb then kicked the point, cutting the margin 13-7.

In the second quarter Goldthwaite's Blackburn ran 10 yards for the third touchdown for the Eagles and ended a 72 yard drive. This time as the Eagles were about to kick for the extra point the ball was snapped to Bobby Rountree to hold for Miller to kick, he grabbed the ball, passed to Childress, making two extra points for the Eagles, 21-7 lead. About halfway of the second quarter, Blackburn caught a punt from Yellowjacket Larry Stovall and raced 50 yards for another touchdown. Miller kicked for the point, it was good! the score stood at 28-7. Tommy Hudson threw a 36 yard pass to Jerry Rountree for another score. With only 1:35 left in the first half Miller kicked again, and again the kick was good, bringing the score at the half to 35-7.

Llano scored again on their first possession of the ball in the second half, going 71 yards in 17 plays, with Quarterback Dennis Raesener plunging the final yard. Rabb kicked to make the extra point, 35-14.

The final scoring came early in the fourth quarter with Childress plowing one yard for the score, Miller kicking for the extra point with the game ending 42-14.

### Jr. Garden Club Elects Officers

The Goldthwaite Junior Garden Club met October 2, at the Youth Center, to elect officers for the new year. Nine members and their representatives, from the Goldthwaite Garden Club, Mrs. R. Glynn Raley and Mrs. W. A. Bryant, assisting in the absence of Mrs. Hoyett Browning.

The following officers were elected: president, Camille Bryant; 1st vice president, Patricia Ross; 2nd vice president, Edith Browning; 3rd vice president, Cindy Johnson; recording secretary, Barbara Williams; corresponding secretary, Pyhills

Davis; treasurer, Delliah Wilcox; reporter, LeAnn Aldridge; and assistant reporter, Nancy Burns.

The following committees were appointed:

Yearbook — Cindy Johnson and Nancy Burns.

Program — Delliah Wilcox, chairman; LeAnn Aldridge and Patricia Ross.

Flower Show—Edith Browning, chairman; Barbara Williams and Phyllis Davis.

The club voted to meet the third Thursday of each month at 4 p. m. at the Youth Center.

Those interested are asked to be present at this next meeting, October 21 (grades 3 through 7).

When your pharmacist hands you a small bottle of one of the "new" medicines and tells you the cost, it may seem like a high price to pay for a prescription.

But when you consider what these new medicines your doctor prescribes can do—in getting you well quicker, back on the job, earning money again—you realize what good value you're getting.

Due to the constant advances in medical science and the development of more potent drugs, a siege of sickness costs a person less today than ever before in history.

Twenty years ago, for example, hospital patients stayed an average of 14 days, as compared with 9 days average now. An appendicitis operation used to mean a hospital stay of 3 weeks—now it's usually 5 days. Hernia cases were usually hospitalized 21 days—now they're often home in a week. And pneumonia patients, if they survived, had to stay 3 to 6 weeks. Now they're usually home in a week—if they leave it at all!

Any way you look at it—in terms of saving days of hospital time, the fewer visits needed from your doctor, or your return to income-producing work much sooner—the money you spend for prompt and proper medical care can well turn out to be one of the really big bargains of your life.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

STATE CAPITAL  
**Highlights**  
AND **Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN, Texas — Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals—extending the terms of office of the governor and other statewide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospital from local property taxes; permitting the Legislature to raise salaries of Speaker of the House and Lieutenant Governor and to increase lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year terms amendments may spread over to less controversial measures. A light voter turnout is forecast.

**Illness Strikes Governor**  
Flu confined Governor Connally to his bed all last week.

On advice of his doctor, he cancelled speeches in El Paso, Paris, Houston and Dallas. He's taking no chances on a relapse, since he is scheduled to leave the country for Japan and Viet Nam on a State Department-sponsored tour for governors late this month.

**Texas Buys Plane**  
State is buying, for \$85,000, a

used, 11-passenger twin-engine airplane for use of the governor and other state officials.

Legislature this year appropriated \$275,000 for purchase of the plane and allotted another \$150,000 to maintain it. But Connally elected to save money and invest in a time-tested used model which has been completely reconditioned and equipped with latest safety and communications equipment.

**Courts Speak**  
State Supreme Court, reversing lower courts, threw out State Comptroller Robert S. Calvert's cancellation of Houston tobacco wholesaler Mair J. Schepps' ("House of Tobacco, Inc.") state permit.

Court, in one of its 114 rulings opening day of its 1965-66 session, said Calvert's cancellation was unconstitutional because he held no hearing on case.

Harry M. Harrington, Jr., Longview oilman, asked court to throw out as unconstitutional the law under which attorney general has brought more than 100 civil penalty suits against slant-well operators and won more than \$1,600,000 in penalties for state. Harrington, with three others, was assessed \$304,800 in penalties.

High court in other cases:

• Agreed Shell Oil Company should be permitted to install its trademark on seven service stations leased from El Paso Natural Gas Products Company.

• Declined to review lower court dismissal of Lower Neches Valley Authority suit against City of Beaumont.

• Set a hearing December 1 in controversy over Hurricane Carla insurance claims.

• Rejected effort of Corpus Christi lawyer to get two other attorneys disbarred.

**Record Lease Sale Reported**

Land Commissioner Jerry Sadler said addition of \$6,800,000 from last state oil and gas lease sale of 1965 brought the year's total to a record \$85,000,000.

Sale covering 131,660 acres of land located throughout the state averaged over \$52 per acre on bonus payment. High bids were made by Phillips Petroleum Company which paid \$293,760 for each of two Gulf of Mexico tracts in Brazoria County.

All leases, except four river and bayou tracts, were awarded by the School Land Board for five-year terms and a one-sixth royalty on production. River and Bayou tracts were leased for two years.

New income boosted permanent public school fund to over \$652,000,000.

## Hillside Mission

By LIDA BYRNE

Regarding the Holy Word, Isaiah, chapter 40, verse 8, tells us: "The grass withereth, the flower fadeth: but the word of our God shall stand for ever."

### Good Use For Old Carpets

Get a piece of old discarded carpet and put it in the bottom of your aluminum fishing boat.

It resists dirt, makes the boat quieter, and protects the inside of your boat. Also gives it a jazzy look.

### Quick Attaching Sinkers

Attach your sinkers to a pipe cleaner, cut in half. Then you can twist one on the line in less time than it takes to tell it.

Prepare 'em in one, two and three-sinker sets and keep 'em handy in the tackle box.

They're easy to remove and re-use.

### Solves Sticky Worm Problem

Store plastic worms in small plastic bags, individually. This prevents them from sticking together in the tackle box.

### Scrubbing Brightens Lures

Take an old toothbrush, a dish of hot soapy water, and scrub down those plugs, spoons,

and feathered lures occasionally. It makes 'em bright as new.

### Drinking Cup For Dog

If you're on a hunting trip and want to water your dog, but have no container, try using a hubcap off your car as a saucer. Works swell. Always handy.

### Shear Pin Stakeout

Ever get out on a lake or a stream, shear a pin and find you can't locate your extra supply?

Tape a reserve supply of one or two to your outboard motor's handle.

It's a handy place to keep them—and you'll be constantly reminded that they're there.

THE WHITE HOUSE  
WASHINGTON

TO THE NEWSPAPERS OF  
THE UNITED STATES:

It is with both pride and pleasure that I participate in this traditional tribute to our nation's newspapers.

Too often taken for granted, America's countless daily and weekly papers have been vital guardians of her time-honored traditions and eloquent spokesmen for the cherished ideals of her freedom-loving people. Taken together, our nation's newspapers constitute the world's most responsible and effective organ of current information.

It is up to us to safeguard the freedom of our papers to inquire, to criticize, to express divergent views and to stand as sentinels for the public wherever the public's business is being transacted. Newspapers and their readers are partners in freedom, and if we fail to defend the freedom of our press, we neglect our own.

I am confident that Americans everywhere wholeheartedly join me during National Newspaper Week in high recognition of the indispensable role of our free press in the life of our beloved nation. (Signed) Lyndon B. Johnson, President.

## Uncommonly good cooks use clean, modern gas

Why does gas cook cleaner? When you turn off a gas range it's off. Cooking stops. There's no hangover heat to cause scorching, burning and boilovers. Broiling is cleaner, too. Because you can keep the broiler door closed. The flame consumes the smoke. And with a gas range, all burner parts can be washed easily. Even the oven and broiler doors come off on many models. Uncommonly good suggestion: see the modern gas ranges now on sale at your favorite Gas Appliance Dealers—or Lone Star Gas.
