## Maintenance Fund Drive Begins As Park Committee Plans For 1969

The annual maintenance fund drive for Mills County Park is now open, according to W. P. Duren, chairman of the park committee.

The committee needs a minimum of \$1,200.00 for the caretaker alone to supervise park maintenance. The City plays a big part in the park project each year with respect to roads and other details of upkeep.

Last year 101 interested citizens contributed \$1,522.00 to the maintenance fund. This was done without personal solicitation on the part of the committee and reflected again the splendid countywide interest in the park. Some contributions

came from points outside Mills County. The past few weeks have been wet and an ideal growing season and the need for park maintenance is greater than ever at this time.

On another page of this paper appears an official appeal from the committee for financial support of the project for 1969.

The committee hopes to enlist at least 100 persons to contribute \$12.00, or more, per year for park maintenance.

Last year a good many raised their donation. A number gave \$25.00 or more which helped put the drive over the top. Committee members feel that this will hold true again this year.

The park committee hopes that interested persons will again respond with their donations as they have in the past so that a mail campaign and personal contact work will not be necessary to insure park upkeep for this season.

Past support is appreciated by committee members who are now ready to receive this year's contributions, Chairman Duren stated as he announced the whirlwind campaign.

Honor roll of park maintenance fund Boosters will be published in the Eagle beginning next Thursday.

## Community News From Mullin

By MRS. JOHNNIE HOLLAND

We are still getting some nice rains in Mullin. We have been fortunate so far in that the clouds we have had haven't been too bad.

A nice crowd attended the 50th Wedding Anniversary last Sunday afternoon at the home of Mr. and Mrs. Bert Lockett. One hundred and three registered during the appointed hours and several failed to register. Friends and relatives were there from Fort Worth, Granbury, Houston, Hico and other points.

They also had fourteen long distance telephone calls — one from California. They received a number of nice gifts, although they requested "no gifts." I would like to say "Another Happy Fifty Years," but as our pastor said Sunday, "God will call them into a more beautiful and useful life" before another fifty years goes by.

Mr. Emerson Davis suffered a heart attack recently and is in a Brownwood hospital. The last I heard from him he had developed pneumonia and was a very sick man.

Also, Hollis Wallace, brother of Mrs. Vesta McCormick, remains in Intensive Care in an Odessa hospital. He was severely injured in a car wreck several days ago.

Mr. and Mrs. Jimmy Ethridge, Randy and Bradley, spent last Sunday with me. I really had a nice visit with them.

### LAST RITES HELD FOR WILSON MILLS

Funeral services were conducted recently in El Paso for Wilson Mills, son of the late Mr. and Mrs. M. D. Mills, pioneer settlers of Mills County. He grew up here near Mullin.

He is survived by his wife, two daughters and one son, and three sisters. He died of an apparent heart attack. Interment was in Ft. Bliss Cemetery at El Paso, with full military honors.

David Whisenhunt, who is in college at Huntsville, was home for the weekend visiting with his parents, Mr. and Mrs. Argie Whisenhunt and family.

Mr. and Mrs. Stanley Doggett of Houston were guests of Mr. and Mrs. Lee Doggett and Alecia the past weekend.

### VACATION BIBLE SCHOOL SCHEDULED IN MULLIN

Vacation Bible School is being planned at the Baptist Church in Mullin and will start the 19th of May.

The Rev. and Mrs. Ernest Roper, pastor of the Methodist Church in Mullin, are going to California in the near future. They will visit in San Diego, California with his wife's brother whom she hasn't seen in several years, also they will visit with her aunt (her last living aunt) in St. Jose, California. They plan to go by plane.

Mr. and Mrs. Lynn Roberts visited the past weekend in Austin with their daughter and family, Mr. and Mrs. Der-

rell Creek and Stephen. Mullin lost two good citizens the past week in the passing of Mr. Chester Williams, and Mr. Emerson Davis. Both men had been suffering for a number of years with a heart condition. Mr. Williams was found dead in his place of business here in Mullin.

Mr. Davis passed away in a Brownwood hospital after becoming ill at a cattle auction in Brownwood. Funeral services for both were conducted from the Baptist Church in Mullin, and in-

terment for both was in the charge of funeral arrangements. with Wilkins of Goldthwaite in charge of funeral arrangements. Oakview Cemetery at Mullin.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows: "Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of: "(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years; "(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps; "(3) Needy blind persons; "(4) Needy dependent children and the caretakers of such children. "The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate. "The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year. "Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes. "Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons. "Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition: "The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

**New Large Print Books Are Added To Library Through SOS Program**

Mrs. Mildred Anderson, coordinator for the SOS program, announced that the following new books have been added to the Goldthwaite Library in LARGE print:

"Jane Eyre"  
"The Power and the Glory"  
"An Episode of Sparrows"  
"The Spirit of the Ghetto"  
"The Mature Mind"  
"Diamonds Bid"  
"Let the Hurricane Roar"  
"The Scarlet Letter"  
"The Big Sky"  
"Lord Jim."

Those who are fortunate enough to be able to read this story with ease and comfort obviously do not yet require large type. However, the chances are that a friend, or a neighbor or a relative has been having reading difficulty. These can let others know that they can now re-institute their reading of fine books. Some may also be asked to go to the library to actually check out the books, because many older citizens can no longer make such trips on their own.

**Nine True Bills Are Returned By May Grand Jury**

Nine true bills were returned by the May Term of Court Grand Jury meeting here last week Monday, May 5.

Bills returned covered the following: Theft over \$50.00, 4; Defrauding with worthless check, 1; Theft of sheep, 2; and DWI, 2.

The Grand Jury was composed of the following: W. H. Reeves, Mrs. H. G. Lee, Annie Drueckhammer, Joe Langford, Mrs. Woodrow Boykin, Homer McCasland, J. M. Poer, Layton Black, Carl Letbetter, Floyd Manuel, Charles Butler and Mrs. O. L. Bohannon.

Reeves was foreman of the Grand Jury and Mrs. Bohannon was secretary.

The human eye, although the most complex of human organs, excepting the brain, is one of the first to fully mature. So it is small surprise that it is one of the first organs to show the ravages of time.

Over ten million Americans over the age of fifty do not see as well as they used to, even with the aid of prescription lenses. They find it difficult to read print in standard size, which severely limits the amount of time they can read each day. Soon they become discouraged.

This process of aging eyes has been going on as long as man has been on earth. Yet it was not until 1965 that Keith Jenkinson initiated a program of fine books in large type.
