Eagles Host Bangs Dragons In Tough District Opener This Friday Night

Win Close Homecoming Game Against AA Burnet Bulldogs

The GHS Fighting Eagles put in a good show for a large homecoming game crowd here Friday night when they dumped the AA Burnet Bulldogs, 17-15. The game was the Eagles' first win of the season, and will be a good spirit booster for the district opener this Friday night when the Eagles face 9-A crown contender, Bangs Dragons. The game will be on Eagle Field at 7:30 p. m.

Bangs moved up to an "A" school last year, having been "B" for several years. They have won district championships the past six years and shared a co-championship with Goldthwaite last year.

Sparks, broke loose for a 56-yard touchdown sprint shortly afterwards, to place a 6-3 score on the board.

Eagle Joe Hudson snatched up his own blocked punt and carried it 45 yards to put the Eagles in scoring position again. Johnson passed 19 yards to Kennon McLean in the end zone for the score and kicked an extra point to close the first period with Goldthwaite leading 10-6.

Richard Scott barreled around left end early in the second quarter for a 10-yard TD play, and Johnson's kick put the Eagles' score at 17 for the remainder of the game.

It took Burnet until the third quarter to get in the scoring act again. Bulldog Don Lanning plunged through the Eagle line from three yards out, and a good PAT put the 'Dogs close with a 17-13 mark.

Shortly before the end of the game, the Eagles were in a dangerous position. They were faced with a fourth down and eight yards to go and were deep in their own territory. A strategic move proved to be the solution, however. The Eagles sacrificed a two-point safety and came out to their own twenty to kick to the Bulldogs. With strength and determination the Eagles held Burnet to that final score, 17-15.

ERIC WRIGHT

This is the second time around for Eric Wright to be named "Eagle of the Week." The 5' 10", 145-pound junior, plays half-back. He is the son of Mr. and Mrs. Doyle Wright.

Charles Childress Guest Speaker For Goldthwaite Self Culture Club

On October 9, 1969, the Self Culture Club met in the home of Mrs. John L. Patterson with Mrs. Fred Reynolds as co-hostess. A short business session was held over by the president, Mrs. Oran Carothers. Sixteen members answered roll call. The Club was honored to have a guest speaker Mr. Charles Childress, who spoke on the subject of Genetics. It was a very educational lecture. Mr. Childress pointed out to us that genetics control not only man's inherited characteristics but also those of plants and animals. Therefore a knowledge of genetics is important in agriculture, ranching, and even poultry raising.

The Men's Quartet from the First United Methodist Church which consists of Charles Childress, Wallace Johnson, Thurman Head, and Glynn Collier, presented two sacred numbers which were greatly appreciated by all those present.

Mrs. LeRoy Beard was director of the program and Mrs. Helen Saylor gave the invocation. A delectable refreshment plate was served by the hostesses.

Funeral services were conducted from the Baptist Church in Mullin last Sunday afternoon at 2:00 o'clock for Mrs. Janie Dorbandt with the Rev. Dale Gore, pastor of the First Baptist Church in Goldthwaite, conducting the services. Mrs. Dorbandt had been ill for a number of months, suffering from cancer. She was a very active member of the Baptist Church in Mullin, always present, lending her time and talents in God's work.

Interment was in the cemetery at Mullin with Wilkins Funeral Home of Goldthwaite in charge of arrangements.

Mr. and Mrs. Floyd Moody of Comanche, long time friends of Mrs. Dorbandt, were in Mullin Sunday to attend the funeral services; also Mr. and Mrs. J. B. Harper of Brownwood were present for her funeral. A large number of other out of town friends were also here for the funeral.

Mrs. Ruth Tullos is home after visiting in Waco with her son, Rex, and family, and her grandson, Jimmy Rex and family. She saw her grandson Sammy play in a game of football while there which was quite a thrill for her.

Funeral services were conducted in Johnson's Memorial Chapel of San Angelo last Monday morning at 10:00 a. m. for Mr. John Elton Wagner of San Angelo. Interment was in Chapel Hill Memorial Park in Waco. Mr. Wagner was the father of Mrs. Don Long, who has just recently moved from Mullin.

Another daughter and family, Mr. and Mrs. George McCasland of Plainview have also been here; also Mr. and Mrs. Herman Eilers and boys of Fort Worth have been here. News About Social Security

An increasing number of older people who have worked as sitters for the sick or elderly in private homes, nursing homes, and hospitals, or have worked as domestics in private homes, are applying for social security benefit payments based upon that work.

Glen McNatt, manager of the Brownwood office, said too often the employer has overlooked his or her responsibility to report the wages and send the social security tax to the government.

This oversight causes a delay in paying the social security benefits to the worker, until the employer is contacted and the wages are established.

"If the wages amount to \$50 or more in a calendar quarter such as - July, August, Sept. - the wages for this kind of work are covered by the Social Security Act and must be reported by the employer," said McNatt. "Some people mistakenly think the wages have to be as much as \$50 a month or week, but this is incorrect. As little as \$17 a month, for instance, could amount to at least \$50 in a calendar quarter if a person works in all three months. Another example would be \$25 a week for only two weeks of the calendar quarter."

McNatt said this \$50 rule does not apply to work done in a farm or ranch home. More information about the law concerning that is available from the Social Security Office or the Internal Revenue Office. Coverage of work in homes on ranches and farms is the same as coverage of work by hired hands doing farm or ranch work.

ed from the hospital. She is doing fine now, but it will be some time before she can walk.

I visited Sunday in De Leon with my mother, Mrs. Pearl Lightfoot, and my brother Gene. They have been getting some good rains up there. Usually the peanut farmers don't welcome the rains up there just now, but some of them were having to water their peanut crops before they could plow them up, so I think some rain was welcome.

It amazes me sometimes how this article gets around. I will write something about someone never expecting them to read it, but the next time I see them they will mention it to me saying some friend takes the Eagle and when they read the article they brought the paper to them. It really gets around. I enjoy writing it for this reason.

I enjoyed seeing the list of students who are attending college in Mills County. Way back yonder in 1929 lots of high school graduates couldn't go to college for lack of funds. I went, but it wasn't because I had lots of money. My daddy went on my note at the bank, and I borrowed it. I paid every penny of it back too. We did it the hard way, but I certainly learned lots of good lessons that way.

Senior Citizens, don't forget the covered dish luncheon at the Community Center Friday, October 17! All are invited.

All friends of Joe Ethridge will be glad to know that Joe has recently received a promotion with Dow Chemical Co. in Freeport. He is a technician now, and he and his family are happily located in their home at Freeport. They have two children, Mitchell and Mitzel. Mitchell is in kindergarten this year.

Also Mr. and Mrs. Bill Farmer are in a new location this year. They are located 8 miles north of Baytown at Mount Belview where he is superintendent of Barber's Hill School. They have a new school plant, and a new home furnished by the school. The Farmers have three children—two in school. Mrs. Farmer is teaching music in her home. She is the former Betty Ethridge, daughter of Mr. and Mrs. Earl Ethridge.

Kathi Head Gives Program For Homemakers

Miss Kathi Head presented the program at the October 2 meeting of the Mills County Young Homemakers. Miss Head is "Little Sister" of the chapter. Her program was on her trip to the National F. H. A. Convention in Colorado the past summer. She showed slides and pictures and gave an interesting talk on some of the activities during the trip.

Annette Leverett gave a report on the Area IV Young Homemaker Convention held in Abilene in September. Mrs. Dwain Cohn joined the chapter as a new member, and Mrs. Thurman Head was a guest.

In November a Christmas program will be presented by a home economist from the Lone Star Gas Company.

Social Security As Related To Agriculture Workers & Employers

Each year valuable social security work credits are lost because agriculture employers have not reported their workers' wages.

An agriculture worker is covered by social security when an employer pays him \$150.00 or more in cash wages during a calendar year, or if he works on 20 or more days during a year for cash wages on a time basis rather than on a piece rate basis. This same rule applies to almost all types of work performed on a farm or ranch for pay.

Generally, custom work done on a farm such as combining or hay baling is self-employment. The owner of a shearing machine is also self-employed,

AUSTIN, Tex. — Legislators closed out 44 days of special session conferences over taxes and finance.

Texas' \$348.6 million tax bill, which takes effect October 1, includes:

- An increase from 3 to 3.25 per cent in the general sales tax rate and inclusion of beer and liquor in the tax base for the first time.
- A boost in the cigarette taxes from 11 cents to 15.5 cents a pack.
- Increase in corporation franchise tax from \$2.75 to \$3.25 per \$1,000.
- Change in corporation franchise tax allocation formula to include out-of-state concerns which sell products in Texas (food and drugs exempt).
- Raise in natural gas tax from seven to 7.5 per cent of value.
- Levy of five cents a drink on alcoholic beverages sold in private clubs.

A record \$5.8 billion biennial appropriations bill — \$313.8 million above the present general revenue spending level — would provide a \$205.6 million increase for education, \$58 million more for health, hospitals and youth corrections, \$62.2 million increase for medical aid to the needy and a 10.4 per cent increase in state employees' pay.

When the major business of the session was over, legislators turned to other matters submitted by Gov. Preston Smith which included:

- Creation of 28 new district courts over the state.
- Establishment of an antiquities code, setting state policies for historic and scientific explorations on state-owned lands.
- Removal of the statutory interest rate limits on state and local government bonds.
- A variety of "clean beach" legislation.
- Authority for creation of a non-profit corporation to provide deposit insurance for state banks and savings and loan associations in the \$15,000 to \$100,000 range.

Lawmakers Raise \$ Allowance Before departing for the hinterlands, legislators voted themselves increases in their contingency funds.

House raised its allowance for each representative from \$450 to \$875 monthly during the interim between legislative sessions. Senators raised their expense maximum from \$1,000 a month to \$1,700.

Legislators in both houses are paid a salary of only \$4,800 a year.

Governor's committee studying a proposed 11.4 per cent auto rate increase recommended that the State Board of Insurance reduce insurance companies' expense allowance for acquisition of physical damage insurance from 25 per cent to 22.5 per cent of the premium dollar. This would scale down the proposed \$43 million overall increase by about \$6.6 million.

Committee found an increase in premiums "inevitable primarily because of the large increase in automobile accidents and costs of repairs in 1968."

Otherwise, said former Gov. Price Daniel, chairman of the nine-member committee, the

increase is "conservative compared with rates in other states lower than most states."

Committee also recommended that investment income derived from auto insurance premiums and loss reserves be considered directly by the Board in determining allowance for profits and contingencies.

Governor Smith said he would make no statement on the report until he has studied it with his staff.

New Courts Created

Total of 28 new courts will be functioning over the state as soon as Governor Smith appoints judges to fill the benches. Twenty-seven were created in a package bill and another in a single-shot measure.

Big courts will get the bulk of the courts. Harris County alone will have six, Dallas five, Bexar and Tarrant two each. One new court each will serve the counties of Nueces-Cameron-Willacy, Anderson - Henderson - Houston, Kerr - Bandera - Kendall - Menard - Concho - Kimble - McCulloch, Potter and Randall.

Bell, Jefferson, Brazoria, Denton Angelina, El Paso, Gregg and Hunt.

Atty. Gen. Opinions

A person whose driver's license has been suspended must furnish proof of a valid policy of auto liability insurance or other proof of financial responsibility to get an occupational license, Atty. Gen. Crawford Martin has held.

In other opinions, Martin concluded that:

- All dredging of bay bottoms requires a permit from the Texas Parks and Wildlife Department since they are owned by the state. Burden of proof of private ownership is on the claimant. No permit is required for land owned under fresh water.
- Banking Commissioner has no power to force national banks to stop accepting deposits on Saturdays or other days

they elect not to close. He can permit state banks to accept deposits on days they designate to be closed for general banking purposes but they would lose some protection against liability by having available only limited banking services.

• Texas Aeronautics Commission has jurisdiction to regulate for-hire air transportation (i. e. helicopters) wholly confined within the limits of any city or town. Agency also has power to seek injunctive relief against violators of its orders.

• Though the personal representative of an estate is not required to give security for costs, he is required to pay specified costs set out in law at the time of filing a proceeding in probate.

• Office of the ex-officio member of the Texas Air Control Board has been abolished by the Texas Clean Air Act effective September 1.

• Psychologist licensing act is not in violation of the constitution, but proposed terms of the new board members—three years — are not in conformity with the constitution which prescribes six, four or two year terms.

Zion Luthersan Church To Celebrate 80th Anniversary Sunday, Oct. 26

Zion Lutheran Church, Priddy, will celebrate its 80th Anniversary of Service to that community on Sunday, October 26. In honor of this important occasion, remodeling has taken place in the church, and a special speaker has been chosen to preach the sermon on that Sunday. In addition, a box luncheon will be served after the service, and an informal Fellowship service will follow at about 2:00 p. m.

The public is cordially invited to attend the services and festivities that day, according to announcement by the pastor, Richard F. Winkelmann.

In preparation for this anniversary, significant modernization is nearing completion in the church. Both the church and the education building are receiving the final touches of a new paint job, new sanctuary lanterns, providing a completely new lighting effect, have been installed, bricking of several windows and a door has been completed, and carpenter work for the remodeling has been accomplished.

Other improvements will include: new red carpet for all aisle and platform areas of the church, a new altar of solid oak

along with a new oak baptismal font and seven foot hanging cross. These items when combined with all new brass ware, new red altar covers and a 20 foot hanging curtain of red and gold, will make Zion Lutheran a beautiful House of Worship for all for many years to come. The Service of Rededication will take place at 10:30 a. m. on October 26, 1969, with Professor Peter Ansoerg from Texas Lutheran College as the featured speaker.

"B" Eagles Skunk B-Wood Freshman Team

Last Thursday night on Eagle Field, the Goldthwaite "B" team played Brownwood freshmen. The Eagle squad won the game 33-0.

The "B" Eagles' first TD came when Roger Dellis broke through the Brownwood line for 30 yards. Randy Wright added two points on a pass from Johnny Miller, making the score 8-0. The Eagles scored again in the first quarter on a pass from Miller to Wright, covering 20 yards. The PAT failed. The Brownwood defense played it rough all through the second quarter, but with two seconds remaining in the half, Miller ran sixty yards for the Eagles' third TD, with a key block from Guy Parker. Bennie Humphries kicked the extra point to make it 21-0 at half-time.

In the third period, Robin Reid capped a long drive when he burst into the end zone from the one-yard line. With a minute and thirty seconds remaining in the game, Wright scored again on a fine 50-yard run. Defensive play was outstanding, according to "B" coach, Randy Baker. He said Fabian Ynostrosa played a real fine game at noseguard, leading in number of tackles and recovering three fumbles. Defensive end play by Robin Reid, Bennie Humphries and Roy Watters was outstanding, according to Baker. Reid caught the Brownwood quarterback for several losses.

The "B" Eagles will play Comanche "B" team here tonight (Thursday) at 7:30 p. m. Baker urges everyone to attend.

Jr. High Eagles Claim 14-8 Win Over Buffaloes

The Goldthwaite Jr. High Eagles defeated the Cross Plains Jr. Buffaloes on Eagle Field last Tuesday night, 14-8. The Eagles struck first when Guenaro Siller swept left end for a thirty yard gallop to the end zone. Early in the second quarter the Buffaloes tied the score, then made the extra points to go ahead 8-6.

The third quarter was scoreless with one dangerous Buffalo drive being stopped by a fumble which the Eagles gathered in at their own forty. Unable to drive on a determined Cross Plains team, the Eagles punted just as the quarter changed. This time the Buffaloes drove to the Eagle five only to be halted by another fumble.

On the first play from scrimmage Siller took the ball from Terry McLean on a dive up the middle which broke due to good blocking from Lupe Hernandez and Lee Browning. Siller scampered 95 yards for the TD. The conversion try was good and the ball game ended 14-8.

Jr. High coach, Jerry McDonald, has announced the following offensive and defensive starters:

Scott Johnson, Lupe Hernandez, Paul Knight, Larry Elliott, Lee Browning, Martin Porraz, Dale Page, Armando Medrano, Steve Gist, Guenaro Siller, Terry McLean, Tommy Standley, Johnny Truitt, and Richard Covington.

Adge Long Kills Big Rattle Snake

Another big rattle snake was killed last Thursday and brought by the Eagle Office Friday morning. This one measured a full five feet and was killed by Adge Long of Big Valley. The snake had 14 buttons on the rattler with about one-half of the string broken off. Long estimated it to be about 20 years old.

This big one was discovered when it struck at Mrs. Pearl Long who was going along a small oat patch, near their home late last Thursday evening.

"Adge" reported that his wife had been doing a little jogging in the evening and that this time she commented that she would go by and see how his oats were coming along. He said he told her to watch out for snakes, since he had killed about five or six during the past 10 days.

He reported further that after this rattler struck at her she came to the house at full speed instead of her customary jogging pace.

There have been a number of reports that Rattle Snakes are really on the move at this time.
