We received word this morning Billy John Eckert had passed away in the hospital in Temple. We have known him all his life and he grew up in our community. It's so sad when one so young passes away. He leaves his wife and three children.

He was the grandson of the John Kuvkendalls, who lived in our community all their lives until Mr. Kuykendall passed away. When one so young as Billy John passes away it is a tragedy. We love our older people and it breaks our hearts to see them go but we know they have lived a good full life and when they can't keep themselves they don't want to be a burden to anyone. Simple solution to rising car prices.

The Simple Machine. Ford Maverick. Still \$1995

Our small car has scored a big success. And the reason is simple-solid value. Now, with other car prices going up all around it, Maverick is going its own Mavericky way. It still costs \$1995* and that's still a small price to pay for a car that's simple to drive . . . simple to park . . . simple to service . . . simple to repair . . . and simple to own.

Simple to drive. Turn on the engine and you turn loose the power of 105 horses. Yet Maverick rivals the economy imports in gas mileage.

Simple to park. Maverick can U-turn in a tighter circle than the leading import. It can nip around corners and slide into tight parking spaces with amazing agility.

For more information about Maverick see your Ford Dealer or write: Maverick Catalog, Dept. N-1, P.O. Box 1503, Dearborn, Michigan 48121.

Simple to service. Maverick is easier and less expensive to maintain than an economy import. Maverick requires fewer oil changes, fewer chassis lubrications, too. You save time and money.

Simple to repair. The Maverick Owner's Manual has 24 pages of instruction for routine maintenance jobs you can do yourself like change spark plugs, adjust ignition timing, and more. Fenders and grille can be replaced in a matter of minutes.

Simple to own. The simple machine can start solving money problems for you right now. Check it out at your Ford Dealer's. The price that made it famous now makes it a better buy than ever.
