SINGLE COPY, 15¢ Hawley Jernigan 1970 Voluntary Feed Grain Program **Announces** For Commissioner

Hawley Jernigan has authorford M. Hardin announced on -continues at 50 per cent of a ized The Eagle to officially announce his candidacy for Coungrain program similar in most age. ty Commissioner, Precinct Four, Mills County, subject to the Democratic Primary Election to be held on May 2.

This is the first time for Mr. Jernigan to seek public office.

He is 43 years old, a native of Mills County, and has been a resident of precinct four for 35 years. He graduated from Goldthwaite High School and married the former Barbara Wesson. They have three children. Harlan, a graduate of Texas Tech, Brenda, a student at Howard Payne College, and Gaylon, a student at Angelo State College.

his candidacy for re-election as Mr. Jernigan has been ranchstate representative for the 54th ing and farming all of his life. District which includes Somerd a Marine Corps emblem plaque to General Leonard F. Chapman, Jr., Commandant of the He is a member of the First rine Corps, when the General visited the Marine Barracks, U. S. Naval Station, Sangley Point, Baptist Church, Goldthwaite, a charter member of the Central Texas Registered Angora Goat Breeders' Association and serv-

organization for several years. He is a World War II veteran. In making his announcement Mr. Jernigan stated: "I would like to be a part of and work for the interests of the precinct and the county. I know practically all the people in the coun-

zens to the best of my ability. I feel that I can work with the and all worthwhile projects for

THE GOLDTHWAITE EAGLE-MULLIN ENTERPRISE

Goldthwaite, Texas, Thursday, January 29, 1970

Back when today's adults were growing up, one out of every ten babies died before its first birthday. Now, advances in medical science are saving millions of young lives each year. Yet the cost of the better medical care available today is actually *less* than the best care you could get when you were a child!

The reason: new treatments and new medicines developed by the medical profession and the pharmaceutical industry.

A dramatic case in point is mastoiditis in children. Surgery was often able to save the child's life, but sometimes left him with a deaf ear. Nowadays, the doctor is often able to cure him with perhaps \$25 worth of potent new medicines, and thus save the expense of an operation and hospital stay.

But most important, these new drugs are saving children's lives—by the millions. Once, the four most deadly child-killers were diphtheria, whooping cough, scarlet fever, and pneumonia. Nowadays, the number of deaths from all of these causes combined is actually less than the number of children killed by accidents.

And medical progress continues. Today, the dollar you spend for prompt and proper medical care buys more than ever before and may well represent one of the really extraordinary bargains of your life. -Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

For Good Cow Condition ... Heavy Calves Extra Vitamin A... Phosphorus

Now Purina puts the proven quality of famous Purina Range Breeder Checkers into an easy feeding form of meal-salt meal for free choice feeding.

New Purina Range Breeder Meal & Salt Mixes is the convenient way to supply your cow herd with extra Vitamin A and high levels of phosphorus. The ratio of salt to supplement can be regulated to control intake for the needs of your cattle.

Tests have shown that cows on Purina can produce heavier calves than cake fed cows. In a comparative test at the Purina Research Ranch, a group of cows was divided and wintered, half on Purina and half on cottonseed cake. Calves from the cows on Purina averaged 19 pounds heavier at weaning than did those from cows on cottonseed cake.

Results like these show how Purina can work to help cattlemen produce more pounds of calf per cow.

Stop by your Checkerboard Store to find out more about Purina Range Breeder Meal & Salt Mixes.

San Saba Peak By MRS. DUTCH SMITH (Detzyed)

Well, Christmas has come and so has New Year's.

Am I too late to say Happy New Year and a very prosperous one? I have had the flu but I feel like I am going to live now. My, I have been so sad about our friends dying. Friday we had five bodies in the funeral home and two funerals since then. We attended the funeral of our friend Brock McCasland yesterday and it's always so sad to see one who was a friend to everybody have to go and there was so many at his funeral. But Brock preached his funeral before he died, the way he lived and treated his fellow man. But our loss is heaven's gain.

Mrs. Fred Laughlin, Mrs. Willie Casbeer and I attended the funeral of the brother of Mrs. Ben McKenzie, Roy Long. He Mrs. Clyde Stewart of was found dead Sunday. We sympathize with the ones who bless each of you.

Mr. and Mrs. P. R. Jordan had all their children home for Christmas except Robert Dudley and family who live in Huntsville, Alabama.

We had Christmas dinner with our daughter and family, the Forrest Jernigans and Jesse. She had a nice lunch Dutch's nephew and wife, Mr.

and Mrs. Owen Smith of Arlington, visited with us after Christmas.

Sunday a week ago our greatniece and her husband, Mr. and Mrs. Jeff Emmons of Fort Worth came by to see us. Jeff had just returned from Vietnam. In July our niece, Dorothy her mother, Mrs. Owen Smith, flew to Hawaii where they met Jeff and Dorothy and week, Mrs. W. L. McGloth- Jeff were married. They spent of Abilene visited the Mc- three days then Jeff went back to Vietnam, and Dorothy and her mother flew to El Paso where Dorothy had a job. Then her man came home. Jeff will stationed in Colorado Springs, Colorado. They have left for Colorado and found an apartement and have set up

(Continued from Page One)

ment) times the farm's projected yield of the crops involved. The 40 per cent payment rate compares with 45 per cent in 1969.

Under the 1970 program, upper limits will be established on the per-bushel rate which will be paid for additional diversion. The maximum payments are 60 cents per bushel for sorghum, and 45 cents per bushel for barley.

The small-farm provision is the same as in previous years. A farm with a base of 25 acres or less can qualify for payment on the first 20 per cent of its acreage diverted. Larger farms receive no payment for the first 20 per cent reduction. Acreage diversion payment rates on small farms making use of the provision will be based on 20 per cent of the total county support rate times projected vield on the first 20 per cent reduction. Small farms can qualify for the regular 40 per cent rate on the remaining acreage.

Producers with feed grain base acreages up to 125 acres will have the option of temporarily reducing their base down to 25 acres to become eligible for the small farm provision. However, no corn, sorghum or barley is to be planted for har-

For Appointment

vest on such a farm, and the diverted 25 acres must be devoted to conserving uses. Soybeans planted in lieu of feed grains will not earn price-

support payments. Malting barley will not be exempt from diversion requirements in 1970 because supplies are more than

adequate to meet needs. Substitution provisions relating to wheat and feed grain acreages will be continued as in cents per bushel for corn, 55 previous years. In 1970 there will be no advance voluntary diversion payments under the feed grain program.

Other program details, such as the production of substitute crops on diverted acres, will be announced prior to signup time To become eligible for program benefits, producers must enroll during the signup period which has been set for the dates February through March 20.

PLAYING IN COMANCHE

JR. HIGH EAGLES

By COACH RANDY BAKER

Last Friday night the Eagles completed the first round of district play. The girls finished the first round with a 1-3 record and the boys with a 3-1 record. The second round in district play will start here Friday night against Early.

The Eaglettes lost to Cross Plains girls 67-35 Friday night, and the Eagles were defeated 87-58. Both boys teams were

tied for the district lead going into the game with identical 3-0 records. We had high hopes of upsetting the Buffaloes, but because of a cold third quarter and a height advantage for Cross Plains we were unable to do so.

Our boys scored on 40% of their shots during the first half, and Cross Plains held a scant e-point lead at halftime, 40-38. The third quarter was the turning point of the game as the

By MRS. DUTCH SMITH we played catch up

We have just returned from a visit with our son and family, the Chili Smiths. We surely did enjoy seeing them especially the grandchildren. They are grams has ended, and it growing up-I wish they didn't proper time for the Ler live so far away.

They were getting ready for their stock show. We got out there Monday and they had the Tulia show Tuesday. John had reserve champion steer and they had several steers in the show. So Wednesday they had the sheep and hog shows and on Thursday they had the steer show. John had first and second on his steers and third in the pen of three steers. I just don't remember how Carolyn Ann placed but she did pretty good.

Boy, was it had Tuesday and or merge several more n Wednesday, but Thursday was tricts. I frankly think th only real protection for clear, but it was cold when we came home on Friday. I'll tell folks in the years ahead them to choose their re vou, our little rock house looked like a million dollar home to tative with such sel me.
