Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience. Preston Smith had the good common sense to work his way up-gaining

insight into how our state government functions. He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State. Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas-doing a good job. You can help keep him as Governor. Vote. Vote for

It would be quite interesting if one would take the time to read, and see everything. We also went through his childhood home in Johnson City. The thing that attracted me most was his Hereford cattle. They were very pretty, and quite a few of them.

We just talked to our daughmoving to Pasadena tomorrow.

Our grandson, Eddie Joe Crawford, was 8 years old the 13th of October. I can hardly realize he is that old.

Bill Eckert is at home from the VA Hospital at Temple. He is doing better. He got him some new teeth while he was down there and he is having some trouble with them. Otherwise he is doing very well.

I haven't heard from my sister and mother in the last few days. I feel like they are doing very well or they would have let me know.

My uncle and aunt from Beehouse visited us awhile last Sunday afternoon.

Lois Eckert came by last Saturday and visited me for awhile. She went to see Bill in the hospital at Temple. Mrs. Billy John Eckert and children from Gatesville went with her.

Well, I haven't been anywhere and I don't know too much news. They are about to get the new telephone building finished out here. They probably will finish this next week if the weather is not too bad.

Ben Barnes delivers. When he makes a commitment to Texas, he keeps it. And that's a tough order for any man in government. But Ben Barnes is different. He's young and has the drive, the dedication to see things through. He's also experienced. More so than some men twice his age.

At 22, he was elected State Representative. He served with distinction, and at 26 was elected Speaker of the House. Then re-elected Speaker (only the 4th man in Texas history to be so honored).

As your Lt. Governor, Ben Barnes has used his experience to the fullest. He knows the Texas Legislature. He understands the complexities of its procedures, the position of its members. He knows the needs of the people, and how to make them law.

Already, his leadership in the Legislature has done a lot:

Education. He helped establish free kindergarten for educationally There's more to be done. deprived children. In all he saw through fifteen bills that made major improvements in our public school system.

Crime. He urged procedural changes to unshackle the hands of lawmen: the admission of oral confessions; tougher penalties for those who commit crimes while armed; more courts to relieve our overburdened judicial system.

Welfare. He made health care a state priority. Guaranteeing to the poorest citizen the highest standard of medical care.

Drugs. While others prophesied, Ben Barnes called for immediate action. Education to reverse youth's trend towards drugs. Stronger law enforcement to keep pushers out of the public schools. And proper and compassionate treatment for youngsters who become addicted.

And Barnes is the man to do it. Re-elect

# The Wost Important Election of Our Time!

We must keep a Senator in Washington who is responsible to the people of Texas. A Democrat who is free to support Administration policies when he thinks they're right but who can oppose them when he thinks they're wrong. Texas needs two Republican Senators like we need more inflation, higher unemployment, higher interest rates, tighter money, a higher cost of living. George Bush may be able to do more for the Republican Party. But Lloyd Bentsen, as a Democrat, can do more for the people of Texas Lloyd Bentsen will be free to oppose Republican policies of tight money and high interest rates which have put 1,500,000 people out of work in the last 22 months without stopping inflation. Free to work for rural development through tax incentives for industries which locate in small towns. Free to work for welfare laws that will guarantee opportunities and protection for those who really need it rather than a minimum annual income without sufficient work incentives. Free to support legislation that controls criminals rather than guns

Your vote for Lloyd Bentsen Tuesday, November 3rd will help insure Texas' independence from Republican control.

## Vote for the man who will vote for Texas.

Vote for the man who is free to work with our 20 Democratic Texas Congressmen in matters where the

Texas needs Democrat Lloyd Bentsen A courageous Texan with fresh ideas.
