Eagles Charge By Cross Plains; Go Ranger Friday For Third Dist. Game

CHARLES BULL as he appeared in the 1925 Production of John Ford's, "The Iron Horse."

Charles Edward Bull In Lynwood, California

Charles Edward Bull, 87, of Lynwood, California, arrived in Goldthwaite after President Lincoln's birthday. He grew up in a small town and was extremely fond of cutting stove wood by hand. He later was a cotton gin operator and worked for the cotton gin.

Bull died on September 9, 1968, in Lynwood, California. He was survived by his sister, Mrs. Miller of Bulls Creek. He was an avid hunter and the first world war U. S. Bond Rally was held in Reno with film William Farnum on the U. S. Bond Rally. Mr. Bull—who was the veritable living image of Abraham Lincoln—was asked to recite the Gettysburg Address and this truly launched him into an entirely new career as a portrayer of Lincoln roles.

Coming to Hollywood in 1924, he was given the part of President Lincoln in William Fox's production of "The Iron Horse" and in the Warner Bros. production of "The Heart of Maryland." For some ten years to follow, he appeared as Lincoln in practically every high school play in the Mississippi, especially in Illinois and Indiana and performed at numerous colleges. It is estimated that he had delivered the Gettysburg Address well over a thousand times.

He was an active real estate agent in Montebello, California for many years and appeared as the statue of Abraham Lincoln on the Realty Board float which won first prize in the 1948 Montebello Days' parade. Charles Bull attained the height of 6 feet, 4 inches, and his weight was usually around 185 pounds, exactly the same as that of Lincoln's. Even more striking was the likeness of figures and face—the same angular figure, the patient smile, the sad face.

Last Friday night in a homecoming contest and their second district game of the '71 season, the Goldthwaite Eagles defeated the Cross Plains Buffaloes by a score of 52-6. This win boosts the Eagle season record to 5-2. In district play Goldthwaite stands with two wins and no losses.

Quarterback Johnny Johnson threw two touchdown passes to Joe Hudson and one each to Bill Bishop and Leon Sutherland.

Reggie Robbins also ran in two touchdowns for the Eagles. Goldthwaite took advantage of a Cross Plains fumble on the 50 yard line with nine minutes left in the third quarter for one of its TD's.

After the kickoff to Cross Plains, the Buffaloes failed to cover the ball and the Eagles covered it to set up another touchdown.

Cross Plains only TD came on a 19-yard pass play from Ricky Kirkham to Donnie Dillard. Johnson kicked a 29-yard field

goal late in the fourth quarter to lead the Eagles to their 52-6 victory over the Buffaloes.

Reggie Robbins carried the ball 8 times for a total of 67 yards; Johnny Miller 4 for 21; Johnny Johnson, 3 for 26; Randy Wright, 2 for 8; and Bill Bishop, 7 for 17.

Joe Hudson caught five passes for a total of 191 yards; Miller, 1 for 37; Bishop, 2 for 53; Robbins, 1 for 2 and Danny Sutherland 1 for 9.

EAGLES TO MEET RANGER FRIDAY

The Goldthwaite Eagles will meet Ranger's Bulldogs Friday night at 7:30 p. m. on Ranger Field for their third district game of the season.

Ranger was defeated by De Leon last Friday by only one point, 7-6. They now stand 3-4 for the season and 1-1 in district.

Star Wins Over Sidney 26-24

Star defeated Sidney 26-24 at the game played last Thursday night. In the first quarter, Sidney's Ricky Fielding opened the scoring on a 3-yard run. Attempt for the extra point failed. Darrell Wayne Head scored first for Star on a 27-yard pass from Marvin Hunt. Score was 6-6 at the end of the first quarter.

Star was unable to score in the second quarter even though they were inside Sidney's 5-yard line two times. The second time Sidney took over on its own 1-yard line and connected on the first play with a 79-yard pass and run play from Douglas Gynes to Wayne Vineyard. Their extra point attempt failed. Score at halftime was 12-6, in favor of Sidney.

Star kicked off the second half and held Sidney the first series. Star then drove inside the 10-yard line behind good blocking by Head, Burrus and Griffin. This time the drive was stopped on the 3-yard line.

Sidney took possession and drove to Star's 1-yard line and then fumbled. Star recovered and then on its first play fumbled and Sidney recovered. Gynes passed to David Ward for the touchdown. Sidney's extra point failed.

Star took the kick off and scored when Jesse Beard broke loose on a 41-yard touchdown run. Beard kicked the extra point. This brought the score to 18-14, Sidney's favor at the end of the third quarter.

In the fourth quarter, Sidney scored when Fielding passed to Gynes, good for 32 yards and a touchdown. Star scored twice in the fourth period, with Beard on a 52-yard run and Randal Miles on a 59-yard pass and run play from Jesse Beard.

Head, Hunt, Crosby and Burrus did fine jobs blocking, although the entire team looked much improved. On defense, the Tigers were led by Kirby Moore, Beard, Hunt, Head, Miles, and Burrus.

Next week Star goes to Pottsville's homecoming. This makes the sixth straight win for Pottsville for the season. They lead 3-0 in district play. Star has won four out of the season and one out of two in the district games.

Childress Clinic & Hospital News Release

Tuesday, October 19

Admitted — Una L. Prack, Goldthwaite.

Official Rain-Fall Report

The rainfall report according to Glenn DeWitt, official weatherman, last week totaled 6" and 26. .54" was recorded Tuesday night.

ATTEND LANDSCAPE SCHOOL—Texas A&M University landscape architect Robert H. Rucker visits with Mrs. Robert McCoy, left, and Mrs. Roy Wilkins, both of Goldthwaite, during a special Landscape Design School conducted at Texas A&M University, October 20-22.

The school is part of a national continuing educational program sponsored by the National Council of State Garden Clubs, Inc. Rucker, national chairman of the study course, said the course is designed to train community leaders in the appreciation of good landscape design to help them create a pleasant community environment.

Water Under The Bridge

by G.F.B.

The best people in the world live in Goldthwaite and Mills County.

Time passes so quickly!

At the Eagle football game Friday night, things were so exciting time just flew! We started the second half just fine. Looked up at the clock and it read eleven-plus minutes to go in the third period. Looked up in a few seconds and it read seven-plus minutes to go.

After about three "double-takes" I heard Coach Johnson holler up at the press box, saying that there was something wrong with the clock. I couldn't hear what the Cross Plains coach was saying. Since he was behind at the time, I don't imagine he wanted it repeated any-how.

Getting back to the story, the clock did skip a few minutes and the officials on the field kept the official time from that time forward. I wonder if the Cross Plains coaching staff had anything to do with it.

Allen Moreland said he thinks he got the problem taken care of.

Speaking of time, good ol' Daylight Savings Time will go south for the winter Sunday. That's the day when "sun time" comes upon us again. Just remember to set your clock back

Mills County HD Group Sponsoring Seamstress Demonstration Here

The Mills County Home Demonstration is sponsoring a workshop designed to help the home seamstress with sewing polyester fabrics. Miss Suzanne Greene, Educational Representative for Unique Zipper Company, will be the guest speaker. This special program is scheduled for Thursday, November 4, at 1:30 p.m. at the Goldthwaite High School Auditorium.

one hour when you hit the sack Saturday night, or Sunday morning, whichever.

Jayces had a real nice turnout for their turkey shoots Saturday and Sunday last. Randall Ratliff reports a most successful event, and reports that the old "dead eye" Clyde Cockrum won that beautiful Lone Star commemorative 30.30 rifle. Ratliff said Clyde wouldn't sell it even if someone offered him \$25 for it. Jayces thank all those who came out and supported this activity... even Clyde Cockrum.

New stuff in town... G. C. Head Insurance Agency has installed a nice new sign out in front of his establishment on the north side of the square.

More signs... Landrum Ford has a new blue and white sign and I'll bet you can't guess what it says? Well, you guessed it... "Landrum Ford Sales." Oliver TV has put up a nice new lettered sign on his building next to Mills County State Bank. And in case anybody asks you, you can tell them that Hudson Drug's grand opening and 50th anniversary celebration is coming up next weekend.

Miss Greene will answer the often asked questions about polyester — what style of pattern, what kind of thread, what type of needle to use, and whether to underline. She will demonstrate sewing techniques and construction hints, including how to install the invisible zipper. Following the one-hour workshop, everyone will have the opportunity to ask questions about sewing.

Each woman attending the program will be given a booklet on Unique Invisible Zippers and a special booklet on sewing with polyesters. This would be a very worthwhile and rewarding way to spend an afternoon, so mark it on your calendar now! There is no charge and the program is open to all interested women.

NO SINGING AT RIDGE OCTOBER 31

According to an announcement received this week, there will not be a fifth Sunday singing at Ridge October 31. The singings have been discontinued for the time being.

MEMORIALS American Cancer Society Box 221, Goldthwaite

Time Schedule Changes Sun.

Here we go again! The time change from daylight savings to central standard time will go into effect this coming Sunday, morning, October 31 at 2 a. m.

At that time clocks and watches will be moved back one hour from 2 a.m. to 1 a.m. to be with the central standard time schedule for the next six months.

Of course, instead of getting up at 2 a.m. Sunday morning and setting the clock back to 1 a.m., you can set it back an hour before you go to bed.

correlation with the program of the classroom teacher and pending legislation and regulations relating to the field of speech, hearing, and language therapy.

Floyd Manuel, Mae Featherston, and Mrs. W. G. Mosier accompanied Mrs. Manuel to Houston. They visited friends and relatives.

FOOD AND FIBER WEEK

The week of November 15-21 has been designated as Texas Food and Fiber Abundance Week. Special notice will be given to the state's agricultural producers and the food and fiber products that they produce. Texas is the leading state in the production of cotton, grain sorghum, beef cattle, sheep and wool, and goats and mohair. Each producer supplies himself and 46 others with food and fiber needs. The consumer is blessed with high quality food products on which he spends only 16.5 percent of his disposable income.

MRS. HOWARD DALE BOYKIN

**Miss Suzanne Thresher And
Howard Dale Boykin Repeat Vows**

Miss Suzanne Thresher, daughter of Mr. and Mrs. Robert Thresher of 416 Alice, Arlington and Howard Dale Boykin exchanged wedding vows in an October 1st ceremony in the garden at the home of the groom's parents, Mr. and Mrs. Johnnie Boykin, 405 Joyce, Arlington.

Performing the ceremony was Rev. Richard Chaffin of Aldersgate United Methodist Church. Music was the theme song from "Romeo And Juliet."

Forming the improvised altar was an archway entwined with greenery and white flowers accented with blue lights.

Attending the bride were her sisters, Mrs. William H. Bratton and Mrs. B. T. Bradley, both of Arlington.

Serving as best man was Ter-

ry Jackson, Charles Lynn Boykin, brother of the groom, was groomsmen.

Ringbearer was Jerry Boykin, brother of the groom.

Brandi Bratton, niece of the bride, was flower girl.

S/Sgt. David Hackney of Smithfield ushered.

GARDEN RECEPTION
For the garden reception, white satin roses and love birds applied to white satin and lace accented with sequins, seed pearls, and crystal beads over blue taffeta covered the table which held the three-tiered wedding cake and the crystal punch bowl.

Miss Sheryl Boykin, the groom's sister, and Mrs. Patrick Cotton served.

Mrs. J. B. Wallace attended the table which held the champagne fountain.

Mrs. Gene Beard of Fort Worth registered the guests.

The couple are 1971 graduates of Sam Houston High School in Arlington. They are now residing at 1002 West Mitchell St. in Arlington where the bride is attending U. T. A.

Out of town guests included Mr. and Mrs. O. Z. Cox, maternal grandparents of the groom; Mr. and Mrs. J. C. Cox, Mr. and Mrs. Alvis Cox, and Mr. and Mrs. Larry W. Boykin.

PRUSSIC ACID POISONING
Farmers and ranchers should be cautious when turning livestock out to graze on hybrid sorghum-sudan pastures. Prussic acid poisoning, caused by hydrogen cyanide in the plants, occurs when livestock graze pastures that have been damaged by frost or when pastures perk up and begin fast growth after a droughty period. Hay that is improperly cured can also present prussic acid poisoning problems for a short time. Nitrate poisoning may occur during the late fall on winter pastures when there is a lot of cloudy weather.

**BIG VALLEY CEMETERY
WORKING TO BE HELD
SATURDAY, OCTOBER 24**
There will be a cemetery working at the Big Valley cemetery on Saturday, Oct. 24. Everyone interested in upkeep of the cemetery is urged to be present Saturday.

AUTO INSURANCE PROGRAM REVISIONS MAY BE FORTHCOMING SOON

AUSTIN, Tex. — A big push is on from the top to bring about drastic revision in the state's auto insurance system which is the subject of increasing criticism as rates go up nearly every year.

Gov. Preston Smith at the recent national governors' conference in San Juan, Puerto Rico, once more reaffirmed his support of competitive rates and "no-fault" insurance.

State Insurance Board Member Larry Teaver at the same conference announced a wide-ranging survey will get under way with a view to switching to competitive rates and "no-fault."

The survey will be financed with a \$175,000 appropriation to the Insurance Board for research purposes. Teaver said out-of-state specialists with no industry connections will be called on to advise the Board.

"I want the study approached from a consumer standpoint and not for the companies' benefit," Smith announced.

Under no-fault insurance, insured accident victims are compensated regardless of who was at fault. Instead of buying liability insurance to cover losses of others, a driver under the no-fault system buys coverage that pays for his loss in spite of who was at fault.

Pennsylvania Insurance Commissioner Herbert S. Denenberg told the nation's governors in their recent conference that the federal government will move to set up a national no-fault system if states don't act to create a reasonably uniform and adequate network of laws.

Massachusetts Gov. Francis W. Sargent claimed the plan saved motorists \$76 million in premium charges in his state this year.

American Trial Lawyers Association members oppose no-fault as reducing legal rights of accident victims to sue for fair recovery on all losses.

FLOSSIE JORDAN PRACTICE TEACHING AT MINERAL WELLS

By PEARL CRAWFORD

Mr. and Mrs. W. W. Ratliff visited Mrs. Fay Duffner and their mother, Mrs. J. G. Ratliff of Austin Wednesday. They were doing nicely.

Jessie Partin, student at Tarleton State College, spent the weekend at home. Visitors of Mrs. Sally Partin and Jessie included Mr. and Mrs. George Stahanke and Mr. and Mrs. J. D. Wren of Evant.

Mr. and Mrs. Lou Stahanke visited Willie Stahanke at the Heritage Nursing Home. He is doing nicely at present.

Sunday visitors of Mr. and Mrs. William Daniel were Mr. and Mrs. Loyd Daniel of Denver, Colorado; Mr. and Mrs. Dwayne Horton and family of Fort Worth; Rev. and Mrs. Martin Emert and Mr. and Mrs. Horton of Comanche.

Visitors of Mrs. Clemmie Wilcox included Mr. and Mrs. Jerry Ivy of Lampasas; Mrs. Maude Louless of Gatesville; Mrs. P. K. Caraway, Mr. and Mrs. David Ivy of Priddy.

George Crawford visited Arthur Bryant, Jim Hamilton, and Tom Booker at the local hospital Thursday.

Mr. and Mrs. Pat Fallon and Mrs. Orda Starks were Abilene visitors recently.

Visitors of Mr. and Mrs. C. V. Whatley included Mr. and Mrs. C. L. Champion of Dallas and Mrs. Pearl Chambers and daughter and family of Brownwood.

Mr. and Mrs. Dale Morse and family of Houston spent a few days with their grandparents, Mr. and Mrs. O. L. Harris. Bill Standley visited the Harrises Sunday.

Mr. and Mrs. Clarence Hill of Winters were Sunday guests of Mr. and Mrs. A. L. Crawford.

Mr. and Mrs. Bill Hord and son of Weatherford visited Mr. and Mrs. O. A. Evans Sunday.

Area Kennel Club Organized Oct. 25

Local dog lovers met at the home of Mr. and Mrs. Gary Whittle, residents of Brownwood on Monday night, Oct. 25, to organize an area kennel club. Temporary officers were elected and monthly dates were set.

The club was organized for people who are interested in upgrading and showing pure bred registered dogs in accordance with the American Kennel Club.

All interested people in Mills County are invited to attend the regularly scheduled meetings to be held on the first Monday of each month, at 7:00 p.m., in the Reddy Kilowatt Room of the Texas Power and Light Co. in Brownwood.

Applications are available at The Poodle Pad, 1706 Avenue A, Dr. John Cadenhead, D. V. M., Brady Hwy. (South of Brownwood), and Brown County Animal Clinic on the Fort Worth Highway.

Garden Club Meets Wednesday With Mrs. Jim Weatherby, Hostess

The Goldthwaite Garden Club met Wednesday, October 20th at 2:30 p.m. in the home of Mrs. Jim Weatherby. Eighteen members answered roll call. The business meeting was conducted by Mrs. Woodrow Boykin, president.

Civic Beautification and Anti-Litter Committee chairman, Mrs. Jim Weatherby, reported the Yard of the Month Award for members was given to Mrs. V. Z. Cornelius and the award for non-members to Mr. and Mrs. C. E. "Tip" Heatherly. The committee also suggested that members work with school children to teach them about anti-litter.

Park committee reported that the highway department had cleaned out under the bridges and are preparing to do some paving in the park.

Courthouse grounds committee reported that tickets for the

Funeral Services For Enoch Godwin Of Lometa Held Sunday Afternoon

Funeral rites for Enoch Godwin of Lometa were held Sunday, October 24, 1971 at 2:00 p.m. at the Long Cove Baptist Church. Interment was in the Long Cove Baptist Cemetery. Rev. David Shepherd and Rev. Martin Hoover officiated. Wilkins Funeral Home was in charge of arrangements.

Mr. Godwin passed away Friday, October 22, 1971 at 4:15 p.m. at his home near Lometa. Born March 2, 1886 in Hunt County, Texas, he was the son of the late John Allen Godwin and Liva Ann Smith Godwin. He was married to Nollie Bell Hill on August 16, 1908 in Brownwood. He lived on his farm north of Lometa his entire married life, 63 years.

Mr. Godwin was a member of the Long Cove Baptist Church.

\$161 million was paid out in workmen's compensation benefits in 1940; in 1968, the figure was \$1.5 billion.

The average amount awarded a social security retiree in September, 1969 was \$106 per month.

He joined the church when he was a child and had been an active supporter since that time. He served as Sunday School teacher and was a deacon in the church and for the past 22 years was church treasurer.

Pallbearers were his grandsons and grandsons-in-laws, Enoch Edward Godwin, Bennie Ray Ross, Gary Holland, Jerry R. Smith, Paul E. Hudgins, Ray Boykin, Bobby Henderson, Lloyd Smith, Richard Wolfe, and Dr. Darrell Ward.

He was preceded in death by one daughter, Mrs. Rufus Ross.

Survivors include his wife, Nollie Godwin of Lometa; two sons, Riley A. Godwin of Alvin, Ira S. Godwin of Wichita, Kansas; six daughters, Mrs. C. E. Smith of Lampasas, Mrs. Frank Trainer of Chillicothe, Ohio, Mrs. Farris Gadbury of Lometa, Mrs. J. D. Brown of Grand Prairie, Mrs. Rudolph Holland of Marble Falls, Mrs. May Dell Nicks of Fort Neches; one foster daughter, Mrs. Jeanette Brown of San Antonio; one sister, Mrs. Effie Roberts; twenty grandchildren and twenty-three great grandchildren.

Stretch Dollars For Groceries By Buying Right

Trying to stretch your food dollars yet serve appetizing, nutritious family meals?

Here are some ideas and marketing suggestions.

Watch food ads for good buys on chuck roasts. At retail store counters, look for best values on ground beef, boneless stew meat, liver, round steaks and various boneless roasts.

Fresh pork is frequently specialized this week. Pork values include Boston butt roasts, shoulder steaks, picnic roasts, loin roasts, smoked hams and picnics.

At the poultry counter, fryer chickens remain an excellent bargain, with markets featuring specials on whole birds and parts. Eggs, also an excellent protein value, are plentiful. Grade A large eggs offer the most economy and quality for your egg money.

Apples are the big news in the fresh fruit market. October is the month when supplies are largest, the fruit is top quality and prices are moderate. Best buys are all-purpose Jonathans and smaller size Red Delicious. Texas juice oranges are also on the market in limited quantities, but harvest is progressing. Tokay grapes have attractive prices, while the white seedless grapes are a bit higher. Other economical fruit choices include bananas, avocados and pears. Although melon season is almost over, good quality honeydew melons are still available.

Best vegetable selections include carrots, cabbage, salad size tomatoes, yellow onions, potatoes, cooking greens and sweet potatoes.

14 Constitutional Amendments On 1972 Ballot

There will be 14 Constitutional Amendments on the November 7, 1972 ballot. Here are the issues before the Texas voters:

HJR 61, which would authorize the 1973 Legislature to serve as a constitutional revision convention.

Two others (HJR 58 and HJR 95) would provide for raise in salaries of legislators (to \$8,400) and lieutenant governor and House speaker (to \$22,500).

SJR 1 - Providing four-year terms for governor and other statewide officials now limited to two-year terms.

SJR 16 - Guaranteeing that no rights will be abridged because of sex, race, color, creed or national origin.

SJR 7 - Permitting local governments on popular vote to exempt \$3,000 of assessed value of resident homesteads of persons 65 or older from all ad valorem taxes.

HJR 68 - Providing for advertising (twice) of proposed constitutional amendments in clear, concise language in all legal newspapers in Texas.

HJR 35 - Authorizing a tax exemption for disabled veterans and a partial exemption for partially-disabled veterans.

HJR 57 - Permitting county commissioners to reduce the county permanent school fund and provide for payment of money to independent and common school districts on a per-scholastic basis.

SJR 29 - Providing that state employees can serve on non-paying school boards and city governing bodies without forfeiting state pay.

SJR 20 - Exempting soil and water conservation district directors from dual officeholding prohibitions.

HJR 82 - Relating to rates of interest to be borne by bonds.

HJR 41 - Requiring that justices of the peace be compensated on salary basis.

HJR 31 - Abolishing Lamar County hospital district.

ANYONE FOR ECOLOGY?
Ecology and the environment from a personal and business vantage point will be highlighted at a meeting of the Professional Agriculture Workers of Texas (PAWT), November 2-3 at Kerrville, announces Calvin Pigg, PAWT president. Texas agricultural leaders from institutions, associations and agencies will be on hand to discuss the theme, "Reason? Or Ecology-Induced Hunger?"

Health Department Focuses On Air Pollution Problem In Texas

Air Pollution is a serious and difficult problem which affects everybody in Texas. It is a definite threat to human and animal health and costs Texans millions of dollars a year, now estimated at \$65 for every man, woman, and child in the State.

"Today, the Texas Health Department's air pollution control program is expanding with people and equipment to become the most complete air control program in Texas history, and one of the most effective in the nation," said Charles R. Barden, the State Health Department's new deputy commissioner for air pollution control.

"There is simply more emphasis today on air pollution. We are working to meet the demands of the people of Texas for cleaner air."

Those demands were significantly voiced through the last session of the Texas Legislature which appropriated \$1.2 million for the Texas Air Pollution Program. This enabled the State to attract more than \$2.4 million in federal funds for a total program of almost \$4 million.

The Texas Legislature already had passed significant legislation for cleaning and conserv-

ing Texas' air. To provide effective legal means for curbing air pollution, the Clean Air Act of Texas was passed. A year later the Texas Air Control Board, a policy-making body, was created. The Board's up rules and air quality standards to safeguard Texas resources. It later adopted resolutions covering every form of air pollution including smoke and particulate emissions, outdoor sulphur compounds, motor vehicle emissions and toxic pollutants.

More recently, the Board into effect a new, far-reaching construction permit system control and permit system. Under the permit system, any industry or construction of, or change in, any facility is required to obtain a Board permit starting construction.

Air pollution control is an individual concern. Why the Texas Health Department is focusing attention on the theme "Make Air Pollution a Personal Matter" during Cleaner Air Week, October 1971.

Final Rites For J. A. (Jim) Hamilton Conducted Tuesday Afternoon

Final rites for Jim Hamilton of Star were conducted Tuesday, October 26, 1971 at 2:00 p. m. at the Star Methodist Church. Interment was in the Hurst Ranch Cemetery with Masonic graveside services. Rev. E. C. Young officiated. Evant Funeral Home was in charge of arrangements.
Mr. Hamilton passed away on Monday, October 25, 1971 after a long illness in the Childress Clinic & Hospital in Goldthwaite.

He was born December 18, 1889 in Coryell County. Mr. Hamilton had lived in Mills Co. about 74 years, moving there at the age of seven from Jonesboro. He was a member of the Star Methodist Church and had been a Sunday School teacher all of his life. He was also a member of the Star Mountain Lodge No. 1090 A. F. & A. M.

Stephenville's 6th Annual Arts, Crafts Sale Nov. 5 And 6th

Plans are underway for Stephenville's Sixth Annual Arts and Crafts Sale held November 5th and 6th at the City Recreation Hall. It is sponsored by the City Park and Recreation Dept. and the Chamber of Commerce. There are a number of people who have their merchandise at these sales for five years and have the same spaces reserved for this year.

Anything that is hand made or hand decorated from jellies to oil paintings, handmade Christmas gifts, decoupage, acrylic paintings, water color pictures, flower arrangements, potted plants, driftwood, wood carving, lapidary art, are just a few of the many things that may be entered.
Persons interested are urged to contact Mrs. Fred McCleskey, City Councilwoman or the Chamber of Commerce.

TSTA To Meet For District Convention Nov. 1

The annual district convention for District XII, Texas State Teachers Association, will be held Monday, November 1 at the Heart O'Texas Coliseum in Waco. Mrs. Barbara Collins and Theresa Black will be representing the Mills County TSTA. More than 5,000 members are expected to attend. The district covers Mills, McLennan, Falls, Limestone, Navarro, Hill, Bosque, Hamilton, Lampasas, Coryell and Bell Counties. Delivering the address at the annual district convention will be Dr. Charles W. Jarvis, speaker, humorist, and dentist of San Marcos.

Whooping Crane Now On Trip To Winter Grounds

The whooping crane, one of the world's rarest birds, is now on his 2,000 mile trip to his wintering grounds on the Aransas National Wildlife Refuge on the Texas Gulf Coast, Department of the Interior officials warned. Fifty seven of the tall white cranes went northward last spring, representing the entire world's population of the species. If they follow their normal timetable, whooping cranes will begin arriving on the Texas Gulf Coast Wildlife Sanctuary

this week, Refuge officials estimate. From a low 14 birds in 1915, the whooper has staged a gallant fight for survival and his numbers have slowly increased under complete legal protection by both the United States and Canada to the modern day high of 57 reached this last winter. Standing five feet tall, the whooping crane is almost entirely white, sporting black wing tips and a bright red face. The juvenile birds display an orange or buff coloration on the head, neck and chest. The whooper gets his name from the distinctive trumpet like sound made by the adult birds. The normal flight path by the whooping cranes brings them across Saskatchewan, North and South Dakota, Nebraska, Okla-

homa, Kansas and Texas enroute to their wintering areas. The Department of the Interior asks that all hunters be very cautious near any large birds and urges anyone sighting a whooping crane to report the sighting immediately to state or federal wildlife authorities.

LARRY B. PIERCE SERVING ABOARD SHIP USS SACRAMENTO
USS SACRAMENTO, Oct. 14—Navy Petty Officer Third Class Larry B. Pierce, son of Mr. and Mrs. Melvin B. Pierce of Route 3, Goldthwaite is serving aboard the fast combat support ship USS Sacramento in port at Bremerton, Washington.

Priddy High School Elects Officers

Following is a list of class officers elected at Priddy to serve during this school term. Officers elected are:
SENIORS — Gary Bufe, President; Wayland Schoen, Vice-President; Linda Holmsley, Secretary; Judson Hardcastle, Treasurer.
JUNIORS — Alvin Limmer, President; Katherine Tyson, Vice-President; Douglas Feist, Secretary; Florenda Limmer, Treasurer.

Period of Adjustment

Easy now . . . soon her new high heels will be "old hat," too. They're just another hurdle along the road of growing up. Later in life she'll find other hurdles. Will she take these with the grown-up poise and confidence she shows now?
She will—if these characteristics of poise and confidence are nourished. And if to them is added deep religious Faith and the strength that goes with it. That real, grown-up, facing-the-problem-squarely kind of strength. You, her parents, by your example and guidance can help her to find the Faith that gives such strength. This week, every week go with your child to the Church or Synagogue of your choice.

Worship together this week
You need not walk alone

NEWS from YOUR COUNTY AGRICULTURAL AGENT
TEXAS A. & M. COLLEGE EXTENSION SERVICE

By Larry Daniel
County Agent

Animal Predators — A problem which is a major one in Mills County. The county has a sheep and goat population of over 100,000 and losses due to animal predators reach into the hundreds yearly. These predators include coyote, bobcat, fox, dogs and other predators.

For many livestock producers, these losses are a major concern. Part of the county, the western part, have joined together and are working with the State Animal Predatory Control Commission, are involved in a program to help out on the predator situation. A professional trapper, paid in part by the cooperating land owners and the State, is responsible for trapping and eliminating the predator situation on the cooperating landowners.

The professional trapper in the western part of Mills County is A. E. Atkinson. He has done a good job in eliminating most of the predators. If any landowner or individual is interested in this predator situation, please contact the county agent's office.

Winter pastures are "gold

mines" in this country during the winter month when pastures are short. Good winter pastures should be managed with the utmost care because of the fact that they usually produce a higher quality forage than is produced during the summer; and also these pastures are more expensive.

The winter pastures should be grazed with livestock that have high market value. This is one reason stocker calves on winter pastures are becoming so popular in Texas. Winter pastures can be used to supplement the protein and energy requirements of the cow and calf. Dry cows have little need for high quality forage during the grazing season. Grazing winter pastures should be withheld until winter has approached. Grazing winter pastures before plants are thoroughly established and growing rapidly reduces the total forage growth by 50% or more.

Livestock producers should keep a watchful eye on all wounds according to Ronnie Davis, Animal Health Inspector. The threat of screwworms is still very great.

Father Can Be Liable Defending His Family

Suppose a man sees his son being beaten up by a neighborhood bully. Does he have a legal right to use force in his son's defense?

He does indeed. Parallel to the right of self defense is the right to defend the members of one's family, with force of need be. This doctrine goes all the way back to the days of feudalism, when the master of the household was legally entitled to protect his family from attack.

But in such situations, there is always the chance of escalating the violence. Therefore, the law places careful limits on this right of family defense.

1) The force used must not be excessive. For example:

A father found his son involved in a fracas with the man next door. Rushing to the rescue, he knocked the man unconscious with a mighty blow on the head. Then he followed with a swift kick in the abdomen.

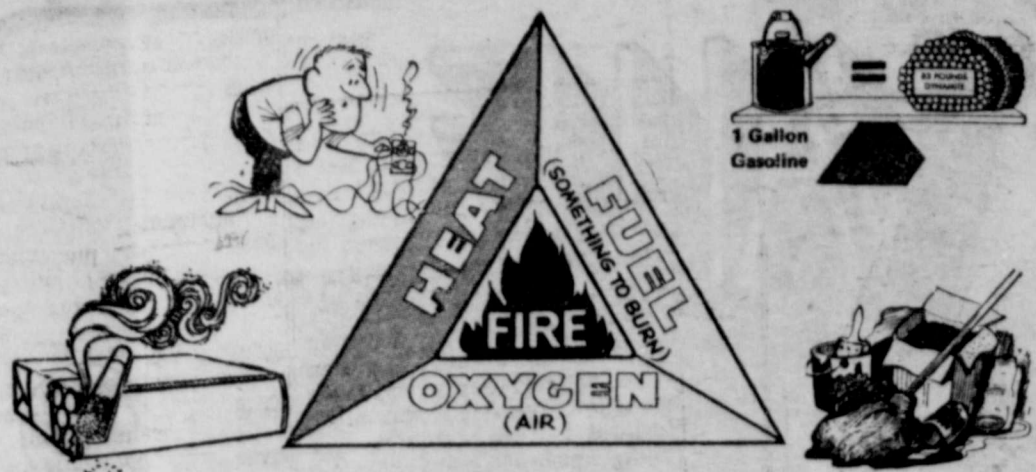

For the resulting internal injuries, the father was duly held liable in court. The right to defend his son, said the court, did not include the right to kick someone who was lying on the ground unconscious.

2) The force must be used only to defend, not to "get even." In another case, a father found out that a certain teacher had slapped his son in class. Days later meeting the teacher on the sidewalk, he punched him in the nose.

Could the father be held liable? Again, yes. The court said that since the boy was in no danger at the time of the punch, the father's action could not fairly be called defensive.

3) Many courts add that the father's right to use force is no greater than the child's. Thus: A beligerent teen-ager deliberately picked a fight with another youth. But by the time his father came along, he was already getting the worst of it. The father promptly slugged the other boy with a rock.

Sued later for damages, the father claimed he had acted to protect his son. But the court held him liable anyhow. The court said that, in terms of the right to use force, he "stood in his son's shoes"—that is, in the shoes of the aggressor.

Components of the "fire triangle"—air, fuel, and heat—come together once every 57 seconds to cause between 1,500 and 1,800 home fires every day. Some of the ways people cause fires are carelessness with matches and smoking, overloading electrical circuits, improper use and storage of petroleum products, and failure to clean up and remove trash and rubbish.

News From Your COUNTY HOME DEMONSTRATION AGENT

By WEEDON WASH
Home Demonstration Agent

We are looking forward to the 4-H Adult Leader Association meeting on Monday, November 1, at 7:30 in the Community Room of the Mills County State Bank. This organization has gotten off to a good start and we know they will do much for the 4-H organization in our county.

The Mills County Home Demonstration Council will hold their regular meeting in the Home Demonstration Office at 2:00 p.m. on Wednesday, Nov. 3.

All members of 4-H and FHA are urged to begin planning their projects for the Mills County Livestock Show, 4-H and FHA Food Show and Dress Revue. Divisions will be the same as in years past. In the Junior Division of the Food Show there will be added Sour Cream Sugar Cookies and Chocolate Layer Cake. The recipes are available from the Home Economics teachers and from the County Home Demonstration office. Those entering the Senior Div-

ision will furnish their own recipes. Do search for the best recipe and let's have a good turnout for the food show.

Commentary cards for the Dress Revue will be due on Friday, December 17. No entries will be taken after this date. Mrs. Wallace Johnson at Goldthwaite High School will be receiving the cards. Remember, garments must have been made after June 1, 1971 to be eligible.

Halloween is the time for "trick or treat", but you should take special care to read the labels on the costume children will be wearing.

Fabrics from which costumes are made, should be treated so they are not inflammable. Some costumes fabrics are highly inflammable and therefore dangerous when near flames. Halloween is often a time for roasting marshmallows and weiners, so be sure your children are safe.

Also check labels on synthetic play wigs. And, Halloween masks should not have offensive odors which may irritate a child's throat when inhaled. Let your child have fun — but safely.

Fall is the time of year when 4-H members begin working on the foods and nutrition project. This project is culminated by parties, picnics, fairs and shows.

The 4-H Foods and Nutrition projects helps members to develop in many ways. They develop leadership talents as well as learning to understand the interrelation of science, nutrition and foods preparation. It also helps them to understand the signs of good health and the food needs of different age groups.

In this day of the consumer, they develop skills in buying foods by studying food costs. 4-H members also develop skills in managing time and work in planning, preparation, and service of nutritious meals.

This year the theme for both the County Food Show and the State 4-H Food Show is Food for Special Occasions. A special occasion can be defined as an event where food is served. The food could be served as part of a meal, snack, or refreshment. The food prepared must contain an adequate amount of food per serving in one of the four food groups. These include milk, meat, fruits and vegetables, and bread and cereal groups.

The food project groups are taught by adult leaders who are trained by the County Home Demonstration Agent. These project groups meet six times to complete their project. Upon completion of their food project, the members have a Club Food Show where they set up their exhibit for other members of their 4-H Club to see.

In February there is a County 4-H Food Show. The two highest scoring individuals in both the Senior and Junior divisions may participate in the District 8 4-H Food Show. The District Food Show will be held at Ste-

phenville on March 11, 1972. 4-H members enrolled in foods and nutrition projects are encouraged to participate in the Mills County 4-H and FHA Show, which is held in January along with the Mills County Livestock Show. Recipes are furnished for the selected divisions and are distributed by the Home Economics teachers and the County Home Demonstration Agent. Rules and divisions are printed in the Livestock Show Catalog. Any 4-H or FHA member in the county is eligible to participate in the Show.

Anyone between the ages of 9 and 19 may join a 4-H Foods and Nutrition Project group. There is a 4-H Club in each community in the County, and any club member or leader can give information about groups and meetings.

Cattle Feeders Ass'n. To Hold Annual Meeting

The story is told of a slicker cattle trader back in depression who offered a calf for \$20 for a calf, with the being promptly accepted.

A little later the cattle somewhat patronizingly marked, "You didn't know but I would have given you

Without the slightest hesitation, the farmer retorted, "I didn't know it, but I would have taken \$15."

True or not, this kind of a situation doesn't take place today at least not around today's modern feedlots where a half a pound—or less—is ample ration for prolonged haggling.

Today, cattlemen and feeders alike are in constant touch with the market, and market information grows more sophisticated almost by the minute.

Come Nov. 8-9 when breeders from a dozen or so meet in Fort Worth for the annual meeting of the Cattle Feeders Association. Cattlemen who attend will have opportunity to find out what on the horizon next in the tie marketing picture.
