## Commissioners Court Okays Present Tax Rate, Approves Appointments

The Mills County Commissioners Court set the tax rate for the coming year at its February meeting held Monday. The rate remains unchanged from last year. Mills County taxpayers pay per \$100 evaluation for county tax.

In other business, the court approved several appointments. George L. Marler was hired as county courthouse custodian. Liz Truitt of Goldthwaite was approved as a local representative of the Central Texas Mental Health and Mental Retardation unit, headquartered in Brownwood. Wanda Canales of Lampasas was approved by the commissioners as the juvenile probation officer for Mills County. Her

jurisdiction will be both Lampasas and Mills Counties. She will be in charge of probations and will also make regular visits to other prisons.

A group of people met with the commissioners court later in the day Monday to discuss the formation of an Economic Development District (EDD). The proposed district would involve Brown County and all surrounding counties.

Present at the meeting for this discussion were City Manager Harry Miller of Brownwood, Brown County Judge James Bunnell, and Raymond Beck and Fred Perry, also of Brownwood. Present from Goldthwaite were Mayor J. D. Harper and Acting City Manager Dale Allen. Also in attendance was Manpower Director Billy Don Everett of San Saba and local Manpower office manager Vicki Holcomb.

The district would be primarily concerned with technical assistance with grants and in community development, with the goal being employment, both temporary and permanent. All counties in the district would have equal representation in the district.

In order to participate in the program, Mills County would have to chip in an estimated \$700 to finance its part of the expense. A district-wide meeting is set for February 19th at the Brownwood Coliseum.

## County Commission Meets Today

There will be a meeting of the Mills County Historical Commission, Thursday, Feb. 12, at 2:00 p.m. in the County Courthouse. All precinct members are requested to be present.

Committees will be appointed for the Country Store and any other projects. The date is May 29th, Lions Club Day at Mills County Park.

All people raised in the county are urged to come home.

## Down Memory Lane To The Rural School

### The Way It Was

By Hartal Langford Blackwell

PART II

Schools continued to grow in numbers and attendance, and soon new schools were built and new rooms added to the old ones. Most rural schools eventually came to have from two to four teachers, and rooms were separated by folding doors or curtains so there would be plenty of room for large crowds attending programs when these partitions were opened.

Schools were fun as well as work and most look back on those days as the happiest days of their lives. There was a fifteen minute recess at mid-morning and mid-afternoon, with an hour off for lunch. Many games can be played in an hour. Small girls made playhouses under trees, separating the rooms with lines of small rocks. Broken pieces of dishes and an old broom were brought from home for keeping the playhouse clean. Older boys played baseball and "one-eyed cat" while smaller boys played leap-frog, pop-the-whip and marbles. Ring Around the Rosie, London Bridge and Drop the Handkerchief were great fun for the older girls.

About 1925, basketball became popular and every school erected a basketball court. Small community teams were matched, and everyone looked forward to Friday afternoons when the big games took place following the last recess. If the weather was bad and the game couldn't be played, the long week was ended with spelling-bees and inside games.

Then came the county track and literary meets. All county schools worked long and hard to prepare for these affairs; they were the highlight of the year and were held in Goldthwaite. Track events were held to the west of where Mills County Livestock Commission Co. now stands, and early football games were played on a field to the west of this site.

It was at these track meets that girls could cast eyes at new boys; boys could meet new girl friends and students could look over the Goldthwaite School and compare it to their own. It has been a long, long time since a youngster has won a declamation contest by reciting "I'm Going Down to Texas."

The first warm day in spring found every child shedding shoes and socks and tip-toeing over the school ground on tender bare feet. But, it wasn't long before feet toughened and everyone was running everywhere without a flinch.

During the depression years in the 1930's, jobs became hard to find and harder to get. There were fifteen or twenty young men and women applying for every single teaching position open in Mills County. Those desperate teachers went from school to school to make applications and were indeed lucky and happy if hired. Since teachers were available everywhere, school boards made many requirements of teachers. They were asked to live in the community; stay in the community on all weekends of the month except one; and some schools required them to sign a statement promising not to marry during the school term. They were asked to teach Sunday School classes, coach community plays, and work with any other projects that concerned the community. Jobs were hard to get and teachers dared not complain.

Most of the children who went to rural schools will never forget the visits of W. P. Weaver, the County Agent who organized the first 4-H Clubs in Mills County. When they looked out the window and saw him drive up, hearts leaped with joy for two reasons. His visit meant no more classes that afternoon, and his jolly good humor was a welcome break. Most can see him yet as he walked in with his fam-

merchants asking them to take ads (at a certain price) to be printed on the curtain.

When the curtain was finished it looked something like a patch-work quilt. There were many small blocks with the names of different firms hand-printed in each block, and a few hand-painted flowers and landscapes added for attraction.

When the first program was held, the whole community viewed the curtain with pride. If the necessary amount of money could not be raised with advertisements, box suppers were held to bring in the remainder.

Box suppers were a great event in a community. A man (See SCHOOLS, Page 8)

## Preliminary Plans Underway For Museum Renovation

The behind-the-scenes work for the new Museum and Community Center is continuing as the preliminary planning for the renovation is being done.

Members of the Museum Board are working on the model construction of the building in order to view the building space as a whole and to see the potential most functional arrangements for the exhibits.

After the model is completed and a listing of the exhibits has been determined, the actual work on the necessary renovation will begin. The building has much potential for the Museum, and additional space in the back room will be available for meetings and community activities.

Those persons who have contributed to the growing fund for the Museum are as follows: Mrs. Opal Reynolds, Mr. Fred Reynolds, Mr. and Mrs. Charley McLean, Mr. and Mrs. Delton Barnett

Mr. and Mrs. Herbert B. Cooke, Mr. and Mrs. Hollis Blackwell, Mr. and Mrs. W. P. Duren, Mr. and Mrs. Tom Duren, Mr. and Mrs. Clyde Cokrum, Jr.

Mills County State Bank, Dr. and Mrs. M. A. Childress, Mr. and Mrs. Don Geeslin, Mr. and Mrs. Roger Schuman, Mr. and Mrs. John A. Jones, Jr.

Mr. and Mrs. Harold Yarborough, Mr. Aubrey Garner, Mrs. Elizabeth Doggett, Mr. Charles D. Swindle, Mr. and Mrs. M. F. Horton, Mr. and Mrs. L. B. Burnham, Mr. Fred Nowell, Mrs. Douglas Dennis, Mrs. Tom McArthur, Miss Love Gatlin, Laura Virden, Mrs. George Bohannon

The Museum and Community Center will be an asset to every individual and group in Mills County. Right now is the most crucial time to insure that this educational and recreational center will be here for all to enjoy. At present, these contributors have given donations in the amount of \$4299.00, well over half of the cost of the building. With the taxes this year, the building will cost in the neighborhood of \$7000.00.

Please make an investment in the future of our county, and help out with your contribution. The smallest donation is appreciated for this development of our county.

## GC 'Crepe Myrtle Day' Big Success

The "Plant A Crepe Myrtle Day" sponsored by the Goldthwaite Garden Club was a huge success. In spite of the cold weather, in less than three hours the shipment of 300 crepe myrtles were sold to residents of Mills County who were interested in celebrating the Bicentennial by beautifying their homes and surroundings. Several schools purchased shrubs to plant around the buildings.

Mrs. Alton Keeler, president of the club, expressed her thanks to all who purchased shrubs, and has made tentative plans for a repeat next year.

Those serving on the horticulture committee of the Garden Club are Mrs. Delton Barnett, Mrs. F. M. Stephens and Mrs. Robert McCoy.

Mrs. Keeler also expressed thanks to Danny Long, County Agent, and to Judge Herbert Faulkner, Francis Goudge and New Horizons Ranch for their assistance.

## Letter To The Editor

Bunk Fuller, speaking for himself only, made the following statements concerning school buses and traffic situations around both schools: He invites members of the school board, the county judge, the commissioners, and any citizen with or without children to ride along on his bus route

at any time. He also challenges all law enforcement officers and any other concerned citizens to go to both the high school and elementary school and view the traffic situations in both those areas.

Signed: Bunk Fuller

The Good "Ole" Goldthwaite Eagle — it's like a visit down home. Keep it flying to Dallas every week; it helps to make my day. I love to read The Way It Was by Mrs. Blackwell, and the one this week about school days. I was right in the middle of those days at (Polecat) Kelly School from 1901 to about 1914. My first teacher was Miss Mattie Morgan and my last was Philon Bull. I loved both of them. Keep up the good work Mrs. Blackwell.

## From The County Agent-

by: Danny Long

Mills County Extension Agent

Control of internal parasites is important for healthy, thrifty horses.

Trichlofon is effective in removing the larvae of bot flies within the horse's body. Bot fly eggs remaining on the hair of the horse can be removed by sponging with warm water containing some insecticide.

Foals born that may have developed round worms in the small intestine will benefit from treatment with piperazine and will be healthier and more vigorous.

The most damaging parasite of horses, the large strongyle or "blood worm," can be effectively attacked at the same time as other internal parasites are removed. A regular program of worming horses at 6-8 week intervals is necessary to control strongyles. A periodic worming program followed diligently during the winter months will help a great deal in cleaning up mares and reducing the number of strongyle eggs available to their foals when they are born in the spring.

Thiabendazole or a piperazine-carbendazole - phenothiazine combination are both effective in removing adult strongyles. Treat all horses on the premises at the same time to prevent cross infection of worms.

"Tubing", the process of introducing a tube into the stomach of the horse, is preferred for giving the required dose of worm medicine. Most large-animal veterinarians will have the drugs needed to do a satisfactory job of worming horses of various ages as well as the ability to administer the medicine without injury to the animal. A veterinarian will also be able to advise the horse owner about pasture management needed to control parasites as well as any other health problem with which the owner is concerned.

Producers are reminded once again to make their contribution to the Mills County Trapper Program. The Trapper Program is in immediate need

of funds. The Mills County Program Building Committee is requesting donations at the rate of 5 cents per acre of land owned and (or) leased. Checks should be made payable to the Mills County Program Building Committee fund. Donations can be mailed to Box 248, Goldthwaite, Texas 76844.

## FEBRUARY 1976

### THE VALENTINE'S DAY HEART!

The heart has long been the traditional symbol of Valentine's Day. And every February heart-shaped cards and heart-shaped candy boxes abound as people all over tell of their love for another.

### YOUR HEART IS VERY PRECIOUS

So, it is fitting that with Valentine's Day upon us we take a moment to think about the good health of our hearts and how to recognize when it might be in trouble.

### KNOW THE EARLY WARNING SIGNS

Most heart attack deaths occur before the victim gets to a hospital.

1. Prolonged, oppressive pain or unusual discomfort in center of the chest.
2. Pain may radiate to shoulder, arm, neck or jaw.
3. Sweating may accompany pain or discomfort.
4. Nausea, vomiting and shortness of breath may also occur.
5. Symptoms may go away and then return.

### ACT IMMEDIATELY-MINUTES COUNT

Call a doctor and carefully describe the symptoms. If a doctor is not immediately available, get to a hospital emergency room at once. Remember the decision to call for help is too important to leave to the victim alone. Family, friends and associates must be ready to help.

### BE PREPARED TO ACT

Keep a list of numbers-doctor, hospital and ambulance-next to your telephone and in a prominent place in your pocket, wallet or purse.

## Seminar Subject Of Secretaries - Meeting

An educational seminar was the subject of most of the meeting of the Brownwood Legal Secretaries Assoc. held at the Golden Bull Restaurant Monday night.

Betty Crowder, Legal Education Chairman, presented the idea of a seminar to be held April 24, 1976. It was decided that we would begin definite plans for such seminar, to be held in the District Courtroom that Saturday. Two morning sessions are planned, then a lunch. Two afternoon sessions will finalize the eventual seminar day. If all goes as is tentatively planned, there will be a coffee break between sessions.

Such sessions are to be taught by attorneys in the area. There has been definite commitments from secretaries from various cities in the area, including Coleman, Comanche, Sweetwater, San Angelo and Abilene. Everyone attending will be looking forward to Betty's next report which will be at the next regular monthly meeting on February 9th. The meeting place will be announced later. At this time the guest speaker for this meeting has not been announced.

Also discussed at the meeting was the Christmas Party, and each member was asked to report their expenditures so that we could arrive at a definite cost for such party, for next year's planning budget. Nominations for National and Texas Association of Legal Secretaries were opened to the floor. It was decided not to nominate any of these officers as none of the members know any of the ladies personally. It was decided that we would vote on the run-off elections.

Mrs. Christine King, P.L.S., mailed brochures concerning the upcoming PLS Exam. Anyone interested in taking this test should contact Debbie Gwathmey, President, for this information.

Members attending this meeting included Billy Jacobs, Linda Davis, Juanita Cox, Evelyn Myrick, Debbie Gwathmey, Cheri Steele, Mary Bloodworth, Carlolita Smith and Betty Crowder. No guests attended.

## Texas ARC Awarded Second Year Grant

Mrs. Ferris Clements of Brownwood, Chairman of the Texas Advisory Council for Developmental Disabilities has announced that the Texas Association for Retarded Citizens has been awarded second year continuation for the TARC - Information and Referral Developmental Disabilities grant project for an 18 county area of Central Texas.

The project will continue an Information and Referral service for persons who are mentally retarded, cerebral palsied, epileptic, or multi-handicapped as well as working with supportive volunteer organizations in each county wishing to help.

"This pilot project is the only one of its kind in Texas with its office located in Brownwood," said Mrs. Clements. "TARC's first year efforts have had a tremendous impact on the lives of developmentally disabled persons in Central Texas."

Through the Information and Referral Office, requests for assistance are referred to area agencies and service providers who have the responsibility for providing education and rehabilitative services.

Mrs. Clements further stated, "Because of this project, problems in rural service delivery systems have been identified, which is the first step to solving the problem of available help in rural areas." Too often parents and relatives of developmentally disabled persons have to turn for help, but with the TARC Information and Referral Office, service providers can more readily be brought to bare on the situation and monitored to be sure services are actually being provided.

Those counties included are Bosque, Brown, Burnet, Callahan, Coleman, Comanche, Coryell, Eastland, Erath, Hamilton, Hill, Lampasas, Llano, Mason, Mills, McCulloch, San Saba and Stephens Counties.

Any organization wanting to help in their county or anyone needing help or services for a developmentally disabled person should contact the TARC - Information and Referral Office, 18 Citizens National Bank Bldg., Brownwood, Texas. 690-01 call collect 915-643-1432.

### Manpower Consortium Organizational Meeting Conducted In Gatesville

The organizational meeting of the Central Texas Manpower Consortium Planning Council was held Tuesday night, Jan. 27, in Gatesville. Some forty members and guests were in attendance.

Coryell County Judge Doug Smith presented the welcome address and presided over the meeting until a chairman was elected.

Judge Smith introduced Mr. Eric Moore, Field Representative of the United States Dept. of Labor, from the Regional Office in Dallas. Mr. Moore explained the purpose of the Planning Council which is to act as an advisory council to the Central Texas Manpower Consortium Board. The Planning Council will point out the needs of the region and develop a plan for the Manpower Program on a continuing basis.

B. D. Everett, Director of the Central Texas Manpower Program, gave an overview of the Manpower Program. Mr. Everett discussed the recent change in the administrative arm of the program, and pointed

ed out that the Commissioners Courts of each county in the region were making an effort to live up to their responsibilities under the law when they chose to make the change. Mr. Everett further pointed out that there would be a substantial reduction in administrative costs as a result of the change and that this money would be channeled into the program to serve additional unemployed people.

The group then discussed and wrote by-laws by which the Central Texas Manpower Consortium Planning Council would operate.

Officers elected to serve for the next year are as follows: Chairman - Commissioner Richard Thompson of Bell County

Vice Chairman - Commissioner Hawley Jernigan of Mills County

Secretary - Ms. Maureen Romero of San Saba County

Mr. Phil Sloan, Assistant Manpower Director, gave (1) an update on the financial status of the program, (2) an explanation of the changing of the Federal Fiscal Year and the resulting fifth quarter funding, (3) the manner in which money is requisitioned from the Treasury in Austin, and (4) the manner in which money is allocated between counties.

Mr. Jim Mayfield, Office Manager of the Texas Employment Commission in Killeen, pointed out that the Employment Commission enters into sub-contracts with the Manpower Consortium in order to deliver the "On the Job Training" and "Institutional" por-

tions of the program. Mr. Mayfield gave a brief description and status report on those portions of the program.

Members attending the meeting from Mills County were Commissioner Hawley Jernigan, Mr. Mike McMahan, and Ms. Janie Torrez.

### THE MILLS MINISTER

WHERE IS YOUR CITIZENSHIP?

By Rev. Mrs. R. L. Flowers

This Bicentennial celebration makes us realize our glorious heritage and the challenge it lays upon us as citizens of the United States of America.

Every January, aliens in our country must register and make known the nation in which they hold their citizenship. An alien is one born in another country who has not yet become a naturalized citizen.

There are a number of ways we may prove our citizenship in the U.S.A. If we were born here, speak the native language, pay taxes, obey the laws and glory in our heritage or have the record of our naturalization and proof of it, then to be sure, this is our country.

This is analogous to citizenship in God's Kingdom. The New Testament clearly teaches that one must be born into newness of life by repentance of sin, faith in Jesus Christ and confession of Him as Lord. This is by the power of the Holy Spirit. Then he comes to speak the native language of prayer and praise, to know the laws of His Kingdom by studying the Bible and obeying God's commands. The true citizen of Heaven puts first the law of love and gives first place to the Kingdom of God. He glories in his heritage and obeys the command to make disciples and teach them what Jesus commanded.

Now, Paul was writing to all of God's people at Philippi, a colony of the Roman Empire of great military significance. He was a freeborn Roman citizen and understood the obligations and privileges of Roman citizenship. Philippi was in truth a fragment of Rome always remaining under Roman political jurisdiction. In Paul's letter to them in chapter three he says in effect: "you are living in a Roman colony, but as Christians your citizenship is really in Heaven."

Custom says when you are in Rome do as the Romans do. But I'm telling you, Jesus Christ has the authority in your life . . . not the Roman Emperor nor the social standards of Philippi. You are God's colony - His Commonwealth. You are under the Lordship of Jesus Christ. Therefore, you are to stand firm in the Lord. Your citizenship is to be marked by newness of life and joy, prayer and thanksgiving, love and sacrifice. All that is true and noble, all that is just and pure, all that is loveable and gracious - whatever is excellent and admirable - you are to fill all your thoughts with these things. Then God will supply all your wants out of the magnificence of His riches. This is an eternal truth so much needed today.

Where is your citizenship? Where is the final authority in your life? Are you an ALIEN, or are you a joyous obedient citizen of God's Commonwealth wherein Jesus Christ is Lord now and forever. Amen.

Meat is now being packaged in cellophane to prevent its becoming saturated with tears.

## KKK Band 'Happenings'

Beth Miles - Reporter

The monthly practice day was changed from the second Tuesday of each month to the first Tuesday of each month from 1 till 2 p.m. via a motion made by Beth Miles and seconded by Henry Long.

Verna Lee Long made the motion to meet the third Tuesday night of every month for a social evening of eating, play-

ing and visiting. The motion was seconded by Rena Smith and carried favorably. On the third Tuesday night, Feb. 17th, we will go to Lake Merritt to be hosted by Earl and Ruth Dumas. Everyone is to bring a salad. Time is 6:00 p.m. Plans are getting underway for the Band to present a float for the Bicentennial parade. Also, other plans of activity are being made.

The Band will be playing Feb. 20th, Thursday, at Hillview Manor.

## Marilyn Roberts Presents YH'ers February Program

Marilyn Roberts presented the February program of the Young Homemakers. She talked about preventive dentistry for children and stressed the important role parents must play in their children's dental health.

The teeth begin forming before birth, so the mother's nutrition is extremely important. Cleaning the mouth of infants regularly before the arrival of teeth is an important part of dental hygiene.

She instructed the Young Homemakers about the proper way to brush and floss teeth and stressed the fact that children, until they reach 8 or 9 years old, are not coordinated enough to properly brush and floss their own teeth without parental help. She gave several helpful hints about how to teach young children to brush and floss properly.

Marilyn Roberts, daughter of Mr. and Mrs. Arnold Roberts, will be a May graduate of Caruth School of Dental Hygiene, Baylor College of Dentistry, Dallas, Texas.

## FHA Report

The freshman F.H.A. Chapter had a guest speaker last week, Judy Beavers, who gave a demonstration on the prices of food.

The group learned that some frozen foods are cheaper than fresh and visa versa. Many examples were given of this. The reason for frozen being cheaper than canned is because of the machinery which is involved. Home canning may be preferable for some people, but sometimes it is not as cheap, although the taste is always better.

Eight out of forty-three new products were found to be cheaper. One true fact that Judy brought out plainly was that frozen orange juice is always cheaper than any other type of orange juice.

## SCHOOLS

usually bought his wife or girl friend's box, but at times at a great cost when someone was deliberately bidding against him.

The program was ended with a beauty contest, and a girl was elected by money vote. The girl whose boy friend happened to have the most money at the time was elected, and her prize -- a cake.

As the pupils neared the higher grades, they started planning where to go to school if they were to have a high school education. Only four schools in the county offered high school graduations -- Goldthwaite, Mullin, Priddy and Star. Students either boarded or did "light house keeping" in town or later drove cars to the larger schools. Most rural schools offered all grades but the last two years.

Today there are four consolidated schools in Mills County -- Goldthwaite, Star, Mullin and Priddy. The little four-walled school house has gone completely from our midst. Most of the country schools have long ago been torn down or moved from their original sites. All that remains to show that they existed are a few foundation rocks and broken ink bottles turning blue in the sun; and at some sites there is no sign at all. So, we have to walk down memory lane to know why, where and when they were.
