PART VII

Improvements gradually came to our city. Edward Geeslin's ice house and power plant furnished enough electricity in the early 1920's for the city to install street lights, and Goldthwaite was no longer a city in darkness.

The Texas Louisiana Power and Light Company bought the power plant from Edward Geeslin in the late 1920's, and electricity was available to all the town. At last the housewife could cast aside the flat-irons, wood-burning cookstoves, the kerosene and coal oil lamps, and the boxes were replaced with shining new refrigerators.

The office for the Texas Louisiana Power and Light Company was located where the south part of Blackburn's Variety is now operated, with W. C. Barnett as manager. The power plant for this company was in the same building as the City Utilities are today. R. C. Apperson and Joe Bailey Karnes worked there for years. W. C. Barnett was transferred within a few years and was followed by a young local boy, Sammie Smith, who lost his life to a heavy electric shock in 1936. Cement sidewalks replaced the old boardwalks. If you look at the cement sidewalk in front of Blackburn's Variety, you will see the small handprint of a child with the letters "MIG" printed on it. This handprint, according to Brian Smith, belongs to Mildred Street who was nicknamed Mig. When she was a young girl, and with the help of Earl Fairman, she placed her hand there and its imprint was etched in the wet cement.

Dr. Ruel Slaughter moved to Goldthwaite in 1938, with his wife and young daughter Eloise to live and practice medicine for the remainder of his life. Dr. Slaughter was a true country doctor, going to all parts of the county to administer to the sick. He will always be remembered by residents of Mills County as the doctor with the measuring bed-side manner, as well as his great ability as a doctor. His first office was in the building just south of Head's Insurance, but he was to later build the office and clinic now occupied by Dr. Glyn Raley. From about 1930 until 1945, the following firms were in operation in Goldthwaite. Long and Berry Grocery, with Lee Berry and Curtis Long as owners, was located where Edna's Beauty shop is now.

Earl Fairman was owner of hardware and furniture store, along with a funeral home. The hardware store was located where the north part of Blackburn's Variety is now, and the furniture store and funeral home were on the second floor of a building across the alley from the back of the hardware building. There was a stairway leading across the alley to enter the furniture store. The funeral home was beyond, in the next room. Mr. Fairman had purchased these businesses from Ben Hurdle and Hammond Bodkin, early businessmen and morticians in Goldthwaite.

Mr. Bodkin's father, C. Bodkin, had a small shoe-repair shop in a corner of Earl Fairman's hardware store for a while. Working in Fairman's General Home was a likeable and promising young man named Wilkins who was to be the Goldthwaite mortician for many years and built a beautiful funeral home on the corner of Parker and Hanna Valley Road long before his sudden death in 1974.

Foster Brim ran "The Royal Cafe", located where the present City Cleaners now stands, and better food has never been served in Goldthwaite. The chicken pies served there were something to remember.

Robert Littlepage ran a produce house on Front Street, and just beside it to the south was another produce house operated by Lee Armstrong. D. Tate operated a cold storage and produce house where LeRoy Miller's Service Station is located, and people got their cream, eggs, butter and poultry to these firms. Many ambitious Goldthwaite boys went to these places to pick turkeys in the fall of the year to earn a little spend-money. Delicious meals could be had

by going to The Goldthwaite Inn, operated by Mrs. Kate Page and her daughter, Francis Fletcher. Mrs. Page also rented rooms in her Inn. W. C. Barnett came to Goldthwaite (See GOLDTHWAITE, Page 12)

Area Receives Rain; Priddy Damaged By Storm

It appears as though the "long dry spell" is officially over following the rainfall that Goldthwaite and the surrounding area has recently received. Last Thursday night blustery winds swept the local area, bringing approximately an inch to two inches of moisture to

the residents of Mills County. Tornado activity lashed the small community of Priddy late Thursday night, which fortunately resulted in no personal injuries but did an unestimated amount of property damage. One building in downtown Priddy, the Hiway Garage, was

completely destroyed by the turbulent weather. A number of chicken houses, barns, small farm buildings and trees were also destroyed.

Monday night, the Mills County area received additional rainfall. Some areas reported receiving about three-quarters of an inch while others reported over an inch during the thunderstorm.

Rain gauges differ in every part of the county. Due to the fact the area does not have an official weatherman, the amounts published are estimates.

County Summer Youth Program To Open Soon

The summer youth program will be opening as school closes in May with jobs for students in Mills County. The Manpower office is currently in the process of taking applications of students 14 years of age and older for the program. An income criteria provided by the Office of Economic Opportunity determines the eligibility of the students to participate on the program.

Last summer, \$17,056.17 was spent in Mills County for wages of the summer youth workers, and it is hoped that approximately the same number of students may be served. The students on the program work for 320 hours during the summer to help them earn money for the school year.

For those students interested in applying for the program, applications are available at the Superintendents' offices of each school, or they may come by the Manpower Office located

in the County Courthouse, first floor.

For those students only interested in part-time work, or that may not be eligible for the program, the DIAL-A-TEEN referral number will be available again this summer. Under this system, a student may leave his name and phone number at the Manpower office for jobs such as mowing lawns, baby-sitting, hay hauling, or any other type of odd jobs, and their name will be referred to persons calling in for assistance.

The number of the Manpower office is 648-2622, and the service will begin referring workers at the end of school.

Tornadoes have killed more than 11,000 Americans since record keeping began in 1916. In Texas there were 969 deaths due to tornadoes from 1916 to 1975.

Pair Filed On For Recent Sheep Theft

Charges of theft of 25 milk lambs were filed this past week on Allen Draper, 25, and Carroll Draper, 31, of Priddy in Justice of the Peace E. H. Thorne's court in Goldthwaite.

The alleged offense was said to have occurred on April 14th from the Melvin Schwartz ranch about three miles southeast of Priddy.

Sheriff H. G. Brooks made the arrests on both men.

Brooks said both made the \$10,000 bond set by Thorne and were released. They will be bound over to the Mills County Grand Jury, scheduled to meet Thursday, April 22. Brooks said the lambs were allegedly sold at the San Angelo sale for over \$900.

Bicentennial Meet Monday, April 26

Monday, April 26, the regular monthly meeting of the Mills County Bicentennial Committee will be conducted in the Commissioners Courtroom in the Mills County Courthouse. The meeting is scheduled for 4 p.m.

Final plans for the May 29 Fiddlers Contest will be discussed, along with plans for the July 4th activities.

Lions Club Light Bulb Sale April 29

The Goldthwaite Lions Club will sponsor its annual Light Bulb Sale on Thursday, April 29, beginning at 5 p.m.

Lions members will canvass the entire town selling light bulbs, in order to provide funds for the local Lions Club projects. A business drive will be held earlier in the day on Thursday for Goldthwaite businessmen.

All Lions are requested to be at the Mills County State Bank at 5 p.m. on Thursday to receive street assignments from Chairman Tom Cody Graves.

and wide to grab the special bargains offered by Goldthwaite merchants.

FFA Rodeo Slated This Weekend

The Annual Goldthwaite FFA Rodeo will be held at the T. A. Head Arena in Goldthwaite on Friday and Saturday, April 23 and 24. Performances will get

underway each night at 8 p.m. Admission will be charged at the gate.

Events for this year's rodeo include high school bronc riding, grade school calf riding, high school tie-down roping, high school and grade school ribbon roping, wee barrels (up to 3rd grade), pee wee barrels (4th-6th grade), grade school barrels, high school girls' barrels, wild horse race, goat scramble (3rd-6th grade), rabbit race, poles, and high school bull riding.

J. C. Thomson, FFA advisor, extends a special invitation to each and everyone to come out and enjoy the two nights of rodeo excitement.

This year there will be no street parade in conjunction with the local rodeo.

Dam & Well Dedication

Sunday, April 25

The public is invited to a program for the dedication of an Official Texas Historical Marker for the Dam and Hand Dug Well, which will be held Sunday, April 25, 1976, at two o'clock. The program will be staged on the east side of Mills County Park at the location of the old well and the new rock and mortar-based historical marker.

The program will consist of the Pledge of Allegiance, the invocation which will be given by Rev. Dan Connally, pastor of the First Baptist Church of Goldthwaite, and a welcome by Mayor J. D. Harper. The history of the site will be given by W. P. Duren, and the unveiling of the marker will be by Mrs. M. F. Horton, chairman of the Mills County Historical Commission. The benediction will be said by Rev. Edwin Young, pastor of the Goldthwaite Church of Christ.

The following inscription will be engraved on the marker:

DAM AND WELL

When the Gulf, Colorado & Santa Fe Railroad reached this area in 1885, company officials platted the town of Goldthwaite and built a reservoir to supply water for steam locomotives. A 25-foot-high dam near this site stored water from several springs, creating a pond that became a favorite swimming spot. The railroad dug a 50-foot-deep, spring-fed well at this site in 1906 to provide more water. In 1915, when these sources became inadequate, the dam was broken and reservoir drained. Today the springs form a stream which runs through Mills County Park, and the well is used by the City.

\$141,000 Wool Incentive Payments Paid To Ranchers

Some \$141,000 in wool incentive payments have been disbursed to Mills County ranchers in the past two weeks. This represents an incentive payment rate of 61.1 percent on 1975 marketings of shorn wool. The payment rate is based on the difference between the national average price of 44.7 cents per pound received by producers during 1975 and the previously announced incentive price of 72 cents a pound.

The 1975 payment rate compares with the 1974 rate of 21.8 percent. Payments made in the county for 1974 wool marketings was \$37,822 by comparison.

A wool grower's payment on 1975 marketings is determined by multiplying the net dollar return from the sale of wool by the payment rate of 61.1 percent. This percentage method of payment is designed to encourage growers to improve the quality and marketings of their wool. In any marketing year for which incentive payments are made, the higher the price a grower receives for his wool, the higher his payment.

A payment rate of \$1.09 per hundredweight of lambs sold in 1975 was a part of this sum reported above. This payment is designed to compensate grow-

ers for the wool they market on live lambs rather than as shorn wool.

The national average price received for 1975 marketings of mohair was \$1.85 per pound. This average price exceeds the support level of 80.2c per pound. Therefore, there will be no incentive payment for mohair.

San Saba REAK

BY: Mrs. Dutch Smith

Well, this is old blue Monday. Everything is wet out our way. We haven't had near enough - 1.7 inches - but thank the Lord for that much.

All our children, grandchildren and great grandchildren were with us Saturday night: Charlie and John Smith of Waco, granddaughter Carolyn Ann and husband Kenney and son Clint Bennett of Waco, Billie Helen Jernigan and Jesse of Goldthwaite, Jimmy and Melody and Sid and Stacy Ball of Comanche, Johnnie, Margaret Ann and Cliff Smith of Burnet, and Mr. and Mrs. Owen Smith of Goldthwaite.

For Sunday lunch we had Chile and family, Johnnie and family, Owen and Hazel Smith, James and Betty and three children of Austin, and Dutch and I. We enjoyed all of them.

We have had so many funerals for our friends. We just received word of Curley Arnold's death. We are so sorry to hear of it. We pray God will be ever near Katherine, Sandra and Elizabeth. We know just how heartbroken they are. But our loss is Heaven's gain.

Our son Johnnie was telling about the terrible hailstorm. He said it really beat up things and that it did about \$1,000 damage to his rent houses and over \$15,000 to their house. Poor Burnet - they don't get over one thing until something else happens.

We need the rain, but we

hope we don't get a storm. It looks good to see everything green and not so dry.

Mrs. Yeager Rites Conducted

Funeral services for Mrs. Jim (Ogie Oregon) Yeager of Pecan Wells, Texas, were held Thursday, April 15, at 2:00 p.m. in Wilkins Funeral Chapel with burial in Pecan Wells Cemetery. Wilkins Funeral Home was in charge of arrangements.

Mrs. Yeager passed away Tuesday, April 13, at 7:45 p.m. in Childress Hospital, Goldthwaite, at the age of 59.

She was born Sept. 19, 1916, at Pecan Wells in Hamilton County to Bob and Sudie Violet Huckabee Black. She married Jim Yeager Sept. 28, 1938, at Hamilton, Texas. She had lived in Pecan Wells all her life and was a member of the Primitive Baptist Church.

Mrs. Yeager is preceded in death by her father and an infant daughter.

Survivors include her mother, Mrs. Bob Black; her husband Jim F. Yeager of Pecan Wells; three sisters, Mrs. Lois Williams of Hamilton, Mrs. Clea Hunt and Mrs. Velda Sanders of Star; one foster son, Joey Harris; and three foster grandchildren.

Pallbearers were Robert Hunt, Glendon Sanders, Gary Williams, Garland Yeager, Cecil Huckabee and J. W. Woodard.

Priddy 'Bits

BY: Lela DeHart

The Senior Citizens met yesterday for their regular monthly meeting. There were thirty-six present. Everyone had such a good time. Alvie McNeal has resigned as our R.S.V.P. worker and Clara Kimbell will take her place.

Last Monday evening a small tornado struck the Olin Goerdel home in Priddy. It took the top off their utility room and carport, but no one was hurt. Last night a storm came through and everyone thinks there were probably two tornadoes with it. At 7:45 a tornado hit out here. It took a lot of shingles off, the post that held up the porch, and tore up a big portion of the barn. It uprooted big trees and twisted small ones. This place will not look the same, but no one was hurt, thank the Lord. The Hiway Garage was demolished. Power lines, fences and trees were all down. There was lots of damage to sheds of all sorts.

The entire community was saddened by the death of Mrs. Hulda Limmer, a Priddy resident.

Mark Hopper had an accident. He dropped something heavy on his foot and broke it up pretty badly, I hear. But it is some better at this writing.

Mr. August Marwitz is resting comfortably at home. Mrs. Marwitz says he is doing fine. Mr. O. B. Dutton is in St. Paul's Hospital at Dallas awaiting surgery. Mr. Dutton lives in Caradan and is the brother of Mrs. Linnie Embrey.

Mr. and Mrs. John Brazier of Comanche, Mr. and Mrs. Nelson Griffin, and Mr. and Mrs. Howard Shipman were visitors in the home of Mr. and Mrs. Charlie Swindle last Sunday.

Mr. and Mrs. Richard Plant from Edwards Air Force Base, California, visited Mr. and Mrs. Elmer Embrey and took them to Evant to visit for a day. Mrs. Frieda Christenson spent last weekend at Pecan Wells with the R. B. Jones family.

Mr. Elmer Embrey went to Midland to see his sister who lives in Abwater, Calif. He got Mr. Deloy Wilson to fly him up there in his plane. Mr. Embrey says it was quite an experience.

Mr. and Mrs. James Farmer and daughter Sherry spent last weekend with us. They live in Hamilton.

Mrs. Hulda Limmer Rites Held Sunday

Monday morning and we have had such nice rain over the weekend. There were lots of visitors in for the Easter holiday.

I visited Mr. Jim Soules Sunday afternoon with Florence Sheldon.

Visitors in the Harven Tewes home this weekend were Julie Collins, Doug Oscarson, Rusty Patton, Gina Guzman and Steve Ayre. Harvin and the young people visited and sang at both care homes in Goldthwaite Sunday afternoon.

The ones who attended the Baptist Church Sunday night enjoyed the young people's puppet show. These kids are pretty good. Goodies were served afterwards by the ladies.

You might say that Star is growing in number. Last week two trailer houses were moved in - one on the Christian Goode place and the other south of town.

There will be an outsiders' volleyball tournament at Star this week. Everyone is welcome.

The road work has come to a standstill since the rain started. But, thank the good Lord for the rain.

(PICTURE - Mrs. Boykin)

Mrs. Bertha Boykin, a lifetime resident of Mills County, has sold her stock in the grocery store to James Woodson Clary and plans to retire after twenty years in the business. Mrs. Boykin first opened her store in downtown Star in the old bank building, later moving to the present building on Highway 84.

Everyone who has done business with Mrs. Boykin will attest to the fact that we will all miss her smiling face and happy ways when we stopped in for groceries or maybe just candy or a soft drink. She celebrated her 80th birthday not long back. From the people of Star and surrounding communities, we say thank you and we hope your happiest days are still ahead of you!

"Cults Of Religion" Topic Of April FHA Meeting

By Charlotte Montgomery

The April meeting of FHA was held in the auditorium of Goldthwaite High School Tuesday, April 13. The topic for this month was "Cults of Religion", given by Mrs. Daie Connaly. The program consisted of a question and answer period.

Mrs. Connaly talked about witchcraft, satanism, and astrology. It is estimated that there are 5,000 witches in New York and 10,000 witches in Los Angeles, and an estimated total of 10,000 practicing witchcraft in the United States. Even though witchcraft is a primitive practice it is widespread throughout the United States.

Witchcraft has two main categories: white witchcraft, which is the lesser of evil witchcraft and used for good more often than for evil; and black witchcraft, which is used in casting spells; their power is not received from satan, but from the power of nature. It is said that they used to sacrifice children in their meetings and used their blood in the practice of witchcraft. They also used the livers of the sacrificed to read horoscopes.

In the First Church of Satan, San Francisco, California, there are over 1,000 dues-paying members who worship satan. Not just anyone can become a member of this church. The people have to be convinced that they want to worship satan. They have to go through rituals and sacrifices before they can become members of the church. The head lady of the church in San Francisco has written

a bible for the satan worshippers. They have a group which is made up of six men and six women, and sometimes the male leader dresses up as the devil. They got the twelve people from the twelve disciples in the Bible, which they mimic. Mrs. Connaly thought we should be informed of the occult before we go to college and out into the world.

Next week elections will be held for new FHA officers. On April 29 and 30 the new president and the person who has worked the most in the chapter will attend the state meeting in Fort Worth.

On May 8, 1976, the FHA will have a Box Supper which will be auctioned off at Mills County Park. Proceeds from the supper will go toward helping someone enter the Special Olympics for Retarded Citizens. Part of it will also be used to help some child in this county attend camp.

Personal-

Weekend visitors in the home of Mr. and Mrs. Ben L. Graham were Mr. and Mrs. Lewis Maddux and two children of Dallas. They attended church with the Grahams Sunday morning and returned to Dallas in the afternoon.

thwaite a second time. In 1941 he was hired as manager of the City of Goldthwaite, and did a competent and efficient job for thirty-one years, until his death. His right-hand man was the friendly curly Arnold who moved to Lampasas. Fred Laughlin also worked for the City, and was seen for years and years as he walked over town reading the water meters.

Al and Claude Dickerson ran a meat market and grocery for many, many years in the vicinity of Head's Insurance.

Joe Palmer operated a grocery store in what is known as The Palmer Building on Fisher Street and the building has just been purchased by The Mills County Museum.

Tom Miller ran a service station where Frazier Brothers Grocery is now located on the corner of Fisher and Hanna Valley Road. Irby Mauney operated a small filling station on the east side of Goldthwaite on the Waco Highway. He later bought the Miller Filling Station, put in a small grocery and built the first motel Goldthwaite was to see.

Lewis Hudson and Jim Rahl had an early meat market and slaughter house. Some people today remember these men as they went early each morning to the slaughter house on the old Lometa Highway to get the butchered meat and return in time to open the market - going and coming in a little horse-drawn hack. Later they sold the slaughter house and meat market to Jim Kelly, who butchered most of the meat eaten in Goldthwaite for many years at the slaughtering pens not too far south from where Carlos and Ruth Patterson live today. Jim Kelly either operated a meat market or worked behind meat counters in grocery stores in Goldthwaite for many years.

Duke Clements operated an Insurance Company for years, and always seemed to have a little money to loan to students striving to go to college in the depression years.

Herman Kaufmann ran a cheese factory on the east side of the tracks, and young Frazier worked there. A. C. Cline drove a truck each morning to the farms to pick up milk for making cheese.

The Ford Agency and Garage was owned and operated by the Walter Weatherby Family for years. It was originally located in the building between Y. B. Johnson's Wool Warehouse and the old Cockrum building on Fisher Street. The Model-T, now a collector's item, was the hit of the day. The Ford Cars, as well as other automobiles, were shipped in partly assembled and the fenders, steering wheels, tops, lights and other parts had to be attached here. Later the Ford Agency moved to the building vacated by McKinley-Corrigan where "Patty's of

Texas" now is, and remained there until the business was sold to Kellis Landrum who moved it to a new building on the Brownwood Highway.

The Saylor Chevrolet and Garage was operated for years by Kelly Saylor. He was joined in the business by his son, W. G. (Spot) Saylor who operates it today at a new site and in a new building on the Brownwood Highway.

Guy Rudd operated a filling station on the lot where the Lane Wagon Yard once stood, and close to where the present Johnson's Laundry is located. Barton Smith had the first butane gas company in town.

"Seve the Tailor" was a name well known over town for many years. This name belonged to Fred Stephens who operated a cleaning shop. "Hi Neighbor" Gwen was another cleaning shop owner in Goldthwaite. John L. Gwen came by the nickname for the simple reason that he greeted every one in town with, Hi Neighbor. He later sold his establishment to Larry Dalton, located where the City Cleaners now stands.

V. C. Bradford operated the Western Auto on Fisher Street, later selling it to J. C. Wesson. The Mills County Locker Plant was built in 1941 as a cooperative, with Warren Duren as manager. Later Joe Langford bought this building and business, and operates it today.

The American Legion of Goldthwaite and Mills County built a hall for their meetings on the Lometa Highway, and this building has served the city, communities and families many times over as a meeting place for banquets, family reunions, and various other functions. Never has a building, other than our churches, been of more service to a community.

Boy and Girl Scouting was very active in Goldthwaite during the 1940's and 1950's, and offered much to the youth of the city. The success of those organizations was due to the efforts and dedication of many people, especially Dr. T. C. Graves and the Art and Civic Club. Other hard workers with the Boy Scouts were Lee Tesson, Harold Yarborough, Floyd Langford and many others.

The first Cub Scout Pack was chartered in Goldthwaite in June, 1940. The pack committee was Minister Edgar Furr, Dr. T. C. Graves and V. C. Bradford. Cub Masters were Walter Sammy and W. P. Burton. Den Mothers were Mrs. Flora Steen and Mrs. Berah Horton.

Miss Annie Coleman organized Girl Scouting in Goldthwaite and the Art and Civic Club was instrumental in keeping it active. These ladies spent many hours working with the girls, especially Mrs. Jim (Elsie) Weatherby, Mrs. Jacob Saylor, Mrs. F. D. Reynolds and Mrs. Flora Steen.

The Rosebud Beauty Shop was operated by Virgie Johnson in the building west of Head's Insurance, and her mother, Mrs. Henry (Alice) Morris ran a millinery shop in the front of the building. Fred Reynolds operated a clock and watch repair shop in the west corner of the same building for many years.

In 1940, Hollis Blackwell opened his first wool and mohair warehouse in a small building facing Front Street where Johnson's Laundry is now located. He later entered into a partnership with Charley McLean and Tom Womack and they built a new building on Fisher Street. Sam Henry Rahl operated a warehouse at this time on the east side of the railroad.

If our forefathers of 1776 could have looked into the future and viewed the advantages their grandchildren of several generations later enjoy, they would have been astonished. The preview would have shown them horizons they couldn't believe; a beautiful country village, a swimming pool, park, new and modern homes, a library to be proud of and a modern sewage system. They would have seen lights powered from lakes far away; a modern and well staffed hospital, two efficient nursing homes for the aged, several active churches, a fine school system, and items in our stores that would have taken their breath.

The highways, present day cars, and airplanes would have dazzled them. Now we travel half-way around the world in less time than it took them to drive their ox-drawn wagons twenty-five miles.

Voices and faces seen from around the world on television would have left them speechless. To know that they were to be the ancestors of men that made it possible for man to walk on the moon and return safely home in just a few days would have been beyond their comprehension.

combines, pecan shakers, tractors and all the rest would have put them in despair because they lived two-hundred years too soon.

Can we possibly keep up the pace of progress? What do we see on the horizon for Goldthwaite in 2076 and the Tricentennial celebration?

My Goldthwaite & Mills County Friends

I wonder how many folks from Mills County, when they are living elsewhere, want to share the enjoyable people and incidents in their lives today with those whom they knew during the happy days when we were younger and lived closer together?

I want to share one such friendship with you, and pray that you will come to know our Texas State Senator Grant Jones as I have known him. It has been my joy and honor to have known the present Senator Grant Jones since he was a small boy during his elementary school days. Furthermore, I knew his wonderful parents, and have known other members of his family for nearly fifty years.

In business and professional life Senator Grant Jones is recognized as a man of sterling integrity. He is a citizen who is held in high esteem by a host of friends and associates, and by many, many other people who know him by reputation. And that reputation is one that could be appreciated by many of us, because it is a reputation earned by a man of unquestioned clean character, a man of high ideals, and a man who has a genuine concern for his fellow-man.

Senator Jones is a man who weighs all matters carefully before making a decision as to the right course to pursue. He is one of the most conscientious men among my acquaintances. His decisions are made unselfishly, and are determined by his honest belief as to what is best for his community or his state. He possesses great wisdom as the result of his heritage, of his training, and of his experience in business and professional life, and from his experience as Texas State Representative prior to becoming our State Senator three years ago. Senator Jones is in a position to serve our area and our state more effectively than ever because of his exposures and experiences in that office during his current term. Also, he holds the high respect of his fellow Senators, and is recognized by them as a leader who can be trusted.

Please, my friends, won't you help keep Senator Grant Jones as our Texas State Senator by supporting and voting for him in the approaching political primary May 1? We need men of his character, integrity, his proven ability, wisdom, and unselfish service in all levels of government.

OUR SENATORIAL DISTRICT AND OUR GREAT STATE OF TEXAS NEED THE PUBLIC SERVICES OF SENATOR GRANT JONES. LET'S KEEP HIM IN THAT OFFICE! HE HAS PROVEN HIS WORTH AND VALUE TO OUR DISTRICT AND TO OUR STATE.

Grant Jones carried Mills County in the election four years ago. It is hoped the margin will be much, much greater this time.

From your friend and former Mills County citizen.
