

The Way It Was

Early Happenings At Miller Grove

by Malta Shelton
 and Hartal Langford
 and

After the turn of the century, my widowed grandmother, Mrs. J. S. (Melita) Coons, with five small children, came to Mills County, Texas. They bought a home and settled in what was called Miller Grove community about six miles southwest of Goldthwaite.

My mother, Katie, was then seven years old and the other children, Rube, Julia and Jesse. One day, Rube, had stayed in a school term in Goldthwaite.

My uncle, O. P. Longley, came to Mills County early and was helpful to my grandmother in finding a place to live and getting settled; his home was only a few miles from the new home and unfamiliar surroundings, they began buying the land for the first time. The younger children went to school in a one-room school building called "Miller Grove".

My mother, however, went only a short time since she was used as a regular field hand. She had a mule and a "Georgia" plow they started farming with Mama and Granny taking turns at the plow handles. It was hard work, faith and determination they were to survive the trials, sorrows and hardships that faced them.

THE GHOSTS
 Long after the family settled, some strange and unusual happenings occurred. At night, usually about midnight, a strange white light would appear along the fence separating Granny's property from the neighbor's land. There were sometimes two lights, often three of those white lights moving along in slow, automatic movements. In those days the term "ghosts" was much used and feared more. This family was seeing what appeared to be ghosts. Without fail in the house it was flying. The oldest boy, often begged his mother to let him shoot at them with a "double barreled shot gun" but she refused since they were on her property. After an hour or so they would suddenly appear. Evidently the "ghosts" were aware of the fact that they wouldn't be shot or other property for they crossed the fence. Our little mother always said the ghosts scared her out of the rest of her natural life, since she never was much larger and usually weighed about 80 pounds.

Some time later, the identity of those "ghosts" and their purpose for causing this family terrifying experiences was to Grandmother. They wanted her land and would stoop so far as to try and frighten my grandmother into selling the land and at a low price. However, they were in for a disappointment, for Granny did not do that easily. Another example of "the true pioneer spirit".

THE CYCLOPE
 In May 5, 1904, the day was hot and humid for May. Some of the past mid-afternoon omistorm clouds began to gather. The family was hard at work in the field, chopping corn. They were watching the storm clouds and were concerned about the strange and unusual happenings. For instance, the cows were coming from the pastures lowing and behaving in a very strange manner. Chickens were going to roost early in the afternoon, probably due to the darkening skies.

The family left the field and returned to the house. After closing the doors and windows and taking the usual items taken from the storm cellar - such as kerosene oil for the lantern, kerosene (for sometimes we slept in the cellar) and a tin of food for the young ones, we discovered in their haste to get to the cellar that a rope had been forgotten. Craig started down the cellar door but called back. The storm already hit! Had he gone down he may never have arrived. They began to look for something to tie in the ring in the cellar door and finally found a strip of old canvas from a wagon that was then called a "wagon cover". Mama tied it to the door and then to her waist. The storm hit with a ferocity that the cellar

door blew off - all except the one board Mama was tied to. This mystery we will never understand.

They knew their home was blown away because of all the broken dishes and furniture they could see outside. They took the quilts and covered themselves - three getting on each side of the cellar to protect themselves from the debris blowing down upon them. There in that desolate condition they spent the night.

The next morning about day-break neighbors came looking for anyone that might be left alive, or getting to a doctor. On reaching Grandmother's house, seeing the house was gone and the devastation all about, they went to the cellar and called - just hoping they would find the family alive. One of those men was J. D. Fallon. In later years we affectionately called him "Uncle Jimmy". He was quoted by another neighbor as saying he had never seen such courage as our grandmother showed that morning when she walked up out of that cellar with everything she owned gone. She said, "I still have my children. For this I am thankful."

With the help of good neighbors of Miller's Grove, Granny and her five children were able to move into their new home in a few weeks. However, everyone in the community was not so fortunate.

Mrs. Dennis, a neighbor, was an invalid and her husband and sons were preparing to carry her to the cellar when the cyclone hit. It was too late. Their house was completely destroyed before they could leave it. Her body was found hanging on a barbed wire fence and it was thought by some that she had been struck by lightning. Her body was then carried by the good people of Miller's Grove to the home of Mrs. Henry Morris where she and Mrs. Mary Smith, mother of Brian Smith of Goldthwaite, attended to her battered body. The two ladies also gathered sheets, clothes and other articles from the brush and washed them for their neighbors.

children are gone, but the things she taught us and the stories she told of long ago will always remain with us. The precious memories will live on. Her courage, bravery and faith was truly THE PIONEER SPIRIT!

Crop Duster Plane Crash Saturday Claims Pilot's Life

A crop duster plane crash Saturday morning claimed the life of a fifth person within a span of three weeks in Mills County. Pronounced dead at the scene by Justice of the Peace Ernest H. Thorne was William Frederick Coons, 35, of Granbury.

A witness to the accident reported the plane was flying too low to clear the large pecan trees located on the north bank of the Colorado River (eight miles northwest of here) between Goldthwaite and San Saba. According to the witness, the left wing of the plane struck the top of one of the larger pecan trees, knocking several limbs from the top of the tree which resulted in part of the Boeing bi-plane's wing to lodge in the forks of the tree.

After tumbling to the ground and plunging over an embankment, the plane came to rest at the foot of a steep incline about 200 yards from the tree it struck, 250 yards from Highway 16, and about 300 yards from the Colorado River.

Coons was spraying a pecan orchard owned by Leonard Brothers Farms at the time of the accident. It was reported that Coons had sprayed the same general area on Friday.

According to speculation, the cause of the crash could have been that the plane was overloaded with insecticide, preventing Coons from gaining altitude from the landing strip across the river on Leonard Brothers apple orchard.

Following the crash, the engine, which was ripped from the fuselage when the propeller struck the ground, was found

about 10 feet from the wreckage.

The victim's body was pinned in the wreckage for approximately an hour before law enforcement officials and ambulance personnel were able to remove him.

An attempt to pull the wreckage apart was made by tying a chain to a fire truck which had been summoned due to leaking fuel. The attempt proved unsuccessful. Two large tractors,

one attached to the front and one to the rear of the plane, were finally able to maneuver the twisted wreckage to allow removal of the body. Coons' body was taken to Wilkins Funeral Home in Goldthwaite.

The fatal crash was responded to by units from the Mills County Sheriff's Dept., Texas Dept. of Public Safety, Texas Parks and Wildlife Dept., and the Goldthwaite Volunteer Fire Dept.

Eagles Fall To Hamilton, Travel To Santa Anna Friday

Goldthwaite's Eagles came on strong as they scored the first touchdown of the game against Hamilton last Friday on Eagle Field.

Eagle Mike Williams powered for more than 20 yards with the pigskin to put the home-team on the score-board. Jim Smith came through with a good extra-point kick. However, Goldthwaite mustered no more scores and were downed at the end of the game 15-7.

The passing game from the Eagle standpoint was not very effective Friday night. The local defense seemed to weaken at times, which Hamilton took advantage of to utilize ball control.

Mike Williams was the leading rusher in the Eagle-Bulldog game with a total of 13 carries for 99 yards. Spradley was second in line with 10 carries for 20 yards.

"Overall, the boys did not play a good game. They used a lot of their energy getting ready for the San Saba game last week and just weren't as aggressive as they could have been," commented Head Coach Brister.

TRAVEL TO SANTA ANNA FRIDAY
 The Golden Eagles will travel to Santa Anna Friday night for their third non-conference game of the '76 season. Kick-off will be at 8 p.m. Santa Anna was defeated last Friday night by Baird 24-0.

Bloodmobile Schedules Sept. 22 Visit

The bloodmobile team from Blood Services of West Texas, the blood supplier for this area, will be at the Baptist Youth Center in Goldthwaite on Wednesday, Sept. 22, from 12:00 noon to 6:00 p.m. We are reminding those who have donated in the past and encouraging new donors to help meet the blood needs of our county. When a person donates a unit of blood, they give that others might live.

Young people 17 years of age may donate blood with their parent's signature. We encourage our youth to help with this worthy program. As responsible citizens we need to get involved in this project of the Goldthwaite Lions Club. The bloodmobile is a county project and all the people in Mills County and surrounding areas are encouraged to give.

In our local hospital alone we have used 180 units of blood this year. We have donated 105 units so far this year and need 75 units just to replace the blood we have used in our local hospital. With the addition of a new surgeon, our area blood needs will most likely increase.

Remember, with Blood Services of West Texas we have a Blood Assurance Plan, with blood being supplied to all members of your family, to any hospital, with the donation of one unit of blood every six months.

If you have any questions about the blood drive or Assurance Plan, call Dan Connally at 648-3360 or Charles Childress at 648-212.

Construction Of Dairy Queen To Begin Soon

Richeson Restaurants of Graham, Texas, has completed negotiations with Kellis Landrum, owner of Landrum Ford Sales, for construction of Dairy Queen of Goldthwaite. Richeson Builders will start work immediately. Location will be adjacent to Landrum Ford.

Owners of the restaurant are Bob and Doris Richeson of Graham. Mr. and Mrs. Richeson have announced plans for an operation which will seat eighty persons, in addition to patio seating. Dining room decor will feature hunting artifacts and pictures in keeping with Goldthwaite's popularity as a sportsman's favored hunting area. Carpeting and draperies will be coordinated with the color scheme in the tables and booths. Drive-through window service will also be available.

The Dairy Queen menu will include traditional Dairy Queen burgers and shakes as well as platters, Mexican food and breakfast.

A work force of approximately twenty persons will be selected from the Goldthwaite area. The Dairy Queen Manager will be trained in Richeson Restaurants' Training School in Graham for all phases of fast food operation. An interviewing committee will take applications for other jobs as construction nears completion, about January 1st.

The Richesons own other Dairy Queens in Graham, Childress, Sanger, Archer City, Holliday, Albany, and Ranger. Also under construction are Richeson Dairy Queen stores in Chillicothe, Moody and Big Lake.

Star Tigers Defeat Sidney

The Star Tigers kicked off the 1976 football season with a 26-7 win over Sidney last Friday night. During the first period of play, the Star raked up 14 points. The first touchdown came on Mike Wood's pass from Mike Wood to Vandell Norwood. No. 2 was made on a 75-yard kick-off return by Bill Smith, and the third touchdown in that quarter came on safety by Huntis Dittmar, as Hurst and Michael Norwood scored their only TD of the game in the first quarter on a 10-yard sweep play. An extra-point pass was good. The Star came back again in the second period of play when Brown scored the kick-off back for a TD. An extra-point try failed. The final score of the game was 26-7. In the fourth quarter on a 40-yard pass from Mike Wood to Brown. Our defensive line did a job Thursday night, off-

ensively; however, we failed to function to our maximum," commented Tiger Coach Grant Tidwell.

Dittmar, Mike Norwood and Carl and Jesse Hurst were outstanding players on Tiger defense.

Mullin Loses To May 50 - 20

Turnovers seemed to plague the Mullin Bulldogs last Thursday night as they were downed by May 50-20. Two touchdowns called back and a number of fumbles did not help the Bulldogs' game.

Ricky Minica was credited with a 10-yard touchdown run, while Steve King drove the ball 40 yards for a Bulldog TD. Randy Lindsey took a 40-yard

Mr. and Mrs. Maxwell Kirkpatrick have returned from the Rio Grande Valley where they have been visiting and sight-seeing.

My Aunt Lucy Wilson and Mrs. Alma Clark of Brownwood visited with Mrs. Ora Wilson and me Friday afternoon. We went to Goldthwaite where we visited with Mr. and Mrs. Jim Weatherby.

Mrs. Jack Perry of Houston, Mrs. Ella Dale Crockett of Odessa and Burnet Ivy of Ft. Worth were recent guests of Mrs. Jewell Baskin.

Mr. and Mrs. T. D. Sedberry and their friends, Mr. and Mrs. Jack Frazier of Waco were guests of Mrs. Margaret Toliver and Vance. Others visiting in the Toliver home were Mrs. Nell Garner and son Michael of Proctor, Mrs. Ernest Obenhaus, Mr. and Mrs. Henry Casey and Mrs. Pat Obenhaus

of Brownwood.

Mr. and Mrs. Bo Musgrove, Mr. and Jessie Musgrove and DeWayne of Cleburne, and Miss Vicky Musgrove and a friend from Washington D.C. were all recent guests of Miss Artie Mosier and Mr. Willard Mosier.

Word has been received that Mrs. Fannie Plummer is seriously ill in a Cleburne hospital.

Mr. Don Weeks of Big Spring came by to see Mr. and Mrs. J. A. Cox. He also visited with the Rodney Carlises.

David Hobbs of Brownwood spent Saturday with his grandparents, Mr. and Mrs. Dew Shelton.

Mr. and Mrs. Ray Warren of Post spent the weekend here with his parents, Mr. and Mrs. Bill Warren.

Guests of Mr. and Mrs. Alton Runnels Sunday were Mr. Dennis Pyburn, Mr. and Mrs. Elmer Smith, Mrs. Addie Lane and daughter, Erna Faye, and Mr. and Mrs. Roy Bennett, all of Ft. Worth. Mrs. Ethel Massey of Goldthwaite, Mr. and Mrs. Howard Runnels and children, and Mrs. Callie Pyburn were dinner guests of the Runnels.

Mrs. Ora Wilson was in Brownwood one day recently, shopping and attending to business.

My sister-in-law, Mrs. Carter Cox from Tye, came by Monday for a visit and went on to see Mr. and Mrs. Jim Weatherby of Goldthwaite.

Mrs. Jewell Baskin spent the weekend at Hamilton with her sister, Mrs. George Golightly and Mr. Golightly.

Mr. and Mrs. Henry Long have almost completed their new home. Mr. and Mrs. Alton Runnels have added another room to their home, built a garage and have done quite a bit of redecorating. Mrs. Noble Mosier's new house is looking pretty. Mrs. Alma Spinks and Mrs. Neva Warren have had some remodeling done in their home recently.

We have had good rains, and generally speaking everything around here looks quite green for this time of year.

Tamra Long Elected FHA President

Danna Berry, Reporter

The Future Homemakers of America had their first meeting on Sept. 8 to start the year off right. These young women are going to be on the ball this year with all their presentations covering various aspects of everyday life. They need to be aware of these things in order to make it beneficial to a future life as a homemaker.

The subjects that the programs will be based on this year range from disciplinary problems to fancy cake decorating. We are looking forward to an active group this year.

The officers this year are as follows: President - Tamra Long, 1st Vice President - Charlotte Montgomery, 2nd Vice President - Sherry Montgomery, Secretary-Treas. - Sheila Slagle, Civil Defense Chairman - Mary Treadaway, Reporter - Danna Berry, Historian - Suzie Warren, Song Leader - Cindy Ynostrosa, Pianist - Yvonne Humphries. With the president calling the meeting to order came the FHA song. This opened the meeting with nominations for Chapter parents. They are Mr. and Mrs. Johnny Truitt and Mr. and Mrs. Glynn Petty. The girls also voted on their beau which is Mike Williams. The president proudly presented an I.D. bracelet to Mike at the pep rally preceding the Hamilton game.

The meeting came to an end with the talk of the exciting presentations in the months to come. These girls have what it takes, and they put it to use with their very competent sponsor, Mrs. Patty Johnson.

This ad is for people who didn't read the last ad about holding down their gas bills, and wish they had.

(Please, read it this time.)

We all have to face facts: the days of cheap energy are over. Gas bills have been going up. That's why we've been telling our customers how to hold their bills to a minimum.

A lot of people are already using gas more wisely. If you are one of them, read on just in case you've missed a tip or two.

If you are not one of them, this is the time to start. Here's how:

Get out of hot water. Hot water is one of the biggest and most expensive energy users in the home. A shorter, not-quite-so-hot shower helps save money. A dripping hot-water faucet is a bandit.

The same is true in the kitchen and laundry room. Wash only full loads in the dishwasher. Wash and dry only full loads of clothes. Don't overdry. It makes clothes harsh and stiff and wastes fuel.

Speaking of the kitchen, you can save gas by planning oven meals around dishes that can be cooked at the same temperature. When using top burners, tailor the flame to fit the pan.

Get your house in order. Make sure you have six inches of insulation in the attic. And check regularly to make sure it hasn't settled. Make sure your exterior walls are insulated. Check the weather stripping around doors and windows, and make sure they stay closed when the heating or air conditioning is on.

No single one of these tips will save you an immense amount of money, but each one helps a little. Add all those little savings up, and it could make a big difference.

PLEASE ASK US ABOUT LABEL INFORMATION

As part of our pharmacy policy, we carefully read and are familiar with all the instructions on every product we carry. This applies to prescription as well as non-prescription medicines. For, it has been found that on many over-the-counter drug products the instructions on the labels are very difficult to understand.

We will be glad to go over and explain to you the label information on these products and to answer any questions you might have about them. Sometimes we will suggest that it might be more important for you to check with your physician.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

RESUMEN DE
LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION
ELECCION GENERAL DEL
2 DE NOVIEMBRE DE 1976

NUMERO UNO EN LA BOLETA (S.J.R. 49)

Revocondo Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Rio Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

La enmienda remueve el requerimiento constitucional que ciertas rentas deben de ser usadas para retirar bonos para el desarrollo de agua y el encaucamiento de la calidad de agua y remueve el limite constitucional de la tasa de interés en tales bonos.

La fraseología de la enmienda propuesta tal como aparecerá en la

boleta es lo siguiente: "La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos del Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocondo Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

NUMERO DOS EN LA BOLETA (H.J.R. 99)

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

PUBLIC NOTICE

SUMMARY OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

By Pearl Crawford

Very little rain was reported this week. A cool front moved in.

Mr. and Mrs. Hugh Nowell were business visitors at Gatesville Wednesday. They had to buy some parts for their tractor.

Mrs. A. L. Crawford visited Miss Lola Stevens Friday.

We are sorry of Mrs. Albert Hopper's sickness. She is a resident of Heritage Home, but is presently in the hospital.

Mr. and Mrs. Pearl Shipman's great grandchildren visited them Saturday. Mr. and Mrs. Howard Rummels came for the children Sunday.

Mrs. Winnie May Brown spent a few days with Mr. and Mrs. O. L. Harris. Mr. Harris is sick; we wish him a speedy recovery.

George and Pearl Crawford went to Hillview Manor Friday. They took D. K. to Bobby Johnson's store and for a little ride.

Mrs. L. J. Vann reports her brother's health remains the same (Mr. Curbo).

Mrs. Dave Shaw's grandson took her to the Shaw family reunion at San Saba where they saw a number of relatives and friends. They all enjoyed a lot of nice food.

The C. V. Whatleys killed a rattlesnake near the porch Sunday afternoon.

Henry Nauert sowed oats last week. We don't have much farm work, but we sure have fine grass and weeds.

We are sorry of Dr. Glynn Raley's sickness. It's always nice to see him and Mrs. Raley. We wish all the sick folks a speedy recovery.

Mr. and Mrs. V. T. Stevens visit Mrs. Ollie Manuel and Mrs. Long often; they report them as usual.

If nobody knows the troubles you've seen, you don't live in a small town.

BANK DEBITS

By: W. P. Duren, President
Mills County State Bank

The financial crisis of New York last year drew world wide attention in financial circles. The possibility of any metropolis collapsing into bankruptcy, however, has ominous implications for every municipality in the country.

Most cities raise money for capital improvements, such as streets, sewer systems, and water systems by selling bonds. These can be either general revenue bonds, paid for by general taxes, or revenue bonds, which are paid off by the user. A water bill is a good example, since the revenue is used in part to pay off water bonds.

Banks are probably the largest buyers of municipal bonds throughout the country. Before banks or any others buy bonds they must have confidence that the bonds will be paid off at the proper time and at the stated rate of interest.

While the city of New York has brought on its financial crisis through profligate programs and spending, and its demise would draw all municipal bond users under a cloud. Ultimately, it could mean higher city taxes.

The Texas Historical Commission and the Mills County Historical Commission congratulate Mrs. Carothers and the Pleasant Grove community for their efforts to record and preserve Texas history.

When the inscription for the marker has been approved by the State Marker Committee and the local committee, a copy will be published. It will be approximately 145 days before the marker will be delivered, and then the date for the dedication will be announced.

The Mills County Historical Commission met at its regular time on Thursday, September 9. The history book will be a few days late in coming off the press since additional stories and pictures have been added, but the commission

thinks that each person will value the book and will not mind the extra days that it will take for the printers.

Plans for the new museum building and financing were discussed, and the new committees for the museum were read.

It was announced that the application for the Regency Suspension Bridge for the National Register had been withdrawn.

Judge Herbert Faulkner, chairman of the Bicentennial Committee, showed and told of several awards that he had received in behalf of the Bicentennial activities for the past two years.

Letters To The Editor

Dear Sir:

Enclosed you will find my check for \$7.35 which keeps the Eagle coming until 8-18-77 to Mr. Kyle D. Johnston.

I am always glad to get my home paper. I was sorry to read about Mrs. Charlie Reid passing away. She and I went to school at Vinegar Hill until the schoolhouse burned, then to the new Rye Valley School until I had to quit school to care for my mother. Jack Reid and my husband Kyle went to school at Chadwick when they were boys.

Thanks,
Mrs. Kyle D. Johnston

Camille Bryant Member Of ASU Angelettes

Camille Bryant of Goldthwaite is among 47 Angelo State University women selected as members of ASU's talented drill team, the Angelettes.

The girls selected participated in a recent Angelette workshop preparing them for a full slate of activities beginning with football season performances. Selections for the drill team were made after the workshop.

The participants also earn one hour credit in physical education for each semester they are in the unit.

The drill team performs during football season, in local and area parades, at home basketball games and at pep rallies, and they assist in various civic functions in San Angelo.

REA Loan To Benefit Mills County Residents

Congressman W. R. Poage's office announced Tuesday that the R.E.A. is making a loan of \$631,000 to the Comanche County Electric Cooperative. This is a 2 percent loan made to co-ops which serve the more rural areas.

The funds will be used to build 42 miles of distribution line furnishing service to 461 additional consumers.

The line which will furnish the service, as well as other system improvements financed by the loan, will benefit consumers in Mills and Comanche Counties among others.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intra-state gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

Free GED Tutoring Test Begin Oct. 4

Millions of adults across America never completed high school. This fact has been an embarrassment and an economic drawback to many of these adults.

Recognizing the tremendous need in this area, the American Council on Education in Washington D. C. administers the General Education Development Program (GED). This program provides for adults who can successfully pass the GED test, a certificate of high school equivalency. This certificate may be used by that adult for job qualification, entrance to college, and vocational training, or for personal satisfaction.

The test has five parts: Correctness and Effectiveness of Expression (English), Interpretation of Reading Materials in Social Studies, Interpretation of Reading Materials in Natural Sciences, Interpretation of Literary Materials, and General Mathematics. The tests are multiple choice and take approximately 2 hours each to complete.

The person must be at least 18 years of age to take the test, though 17 year olds that have been out of high school one full year may take the test, but their certificate will not be issued until their 18th birthday.

Testing centers in this area are in Brownwood, Gatesville, and San Saba. The costs to take the tests range from \$5 to \$15.

Free tutoring for these tests will be provided in Goldthwaite beginning October 4 at the High School. Call Mrs. Ben Welch, 648-3275, for more information.

Nine Accidents Investigated In August

The Texas Highway Patrol investigated nine accidents on rural highways in Mills County during the month of August, according to Sergeant Collins, Highway Patrol Supervisor of this area.

These nine accidents have resulted in no deaths and five injuries for the month of August, 1976.

These figures result in a total of 67 accidents with no deaths and 31 injured in Mills County during 1976.

Historical Commission Donations Continue

Many memorials and donations have been given by interested citizens and former citizens of Mills County who are interested in preserving the history of Mills County. The money goes toward paying for the history being published now, "Mills County - The Way It Was" by Hartal Langford Blackwell, and to buy historical markers.
