

The Way It Was The Banks Close

banks opened their doors the next morning in 12 Federal Reserve Bank cities, deposits far outnumbered withdrawals; the crisis was over.

Within two weeks the nation seemed like a country beyond recollection; but as time wore on it became evident that recovery would be much slower than people had anticipated.

After the passage of the banking bill, Congress passed the AAA (Agricultural Adjustment Act), which proposed to restrict planting, and the payment of subsidies to farmers who did not plant crops.

Many Mills County people will remember the NRA (National Recovery Act) and their motto, "We Do Or Part". We were urged to buy only articles with the NRA and Eagle emblems attached to them.

There was also the PWA, RVC, and the CWA; in the first three months of Roosevelt's administration he sent 15 proposals to Congress and they were all accepted.

The CWA was a godsend to many - they built 255,000 miles of new roads; 39,000 playgrounds, many athletic fields and a thousand airports. They fought the citrus canker in the Texas Valley and the sweet potato weevil in the south.

The CCC (Civilian Conservation Corp) put 2.5 million men to work under Army supervision. They planted new trees in our nation's forest and counted wildlife; they cleared beaches and campgrounds, built fish hatcheries and fought forest fires.

When the terrible "Dust Bowl" days struck the central and southern sections of the nation in the mid 30s, Congress enacted the SCS (Soil Conservation Service).

The dust was so terrible for several years in Oklahoma, Kansas and the Texas Panhandle that people left their dry, sand covered, homes forever. They piled their meager possessions into jalopies and headed for a better life in California - sadly they found life there even worse.

Several years before the dust bowl days, the rising prices had prompted farmers to plow thousands of acres of ranchland into fields. When the drought hit the bare land it lay vulnerable to the high winds that followed; dust rolled south in monstrous clouds. Mills County got their fair share of it.

One Texas rancher said that every time he looked out his window he saw another Oklahoma farm blow by.

The SCS planted trees as wind-breaks for the bare fields; they changed rotation of crops and methods of planting to prevent future disasters such as the one so vividly described in the book, "The Grapes of Wrath."

A clear upturn was not seen in the nation's economy until 1936; that year the stock market was climbing due to passage of the SEC (Securities and Exchange Act). The industrial output was 65% higher than at the low point of the Depression and so much construction was going on that sawmills could not keep up with demand.

Excess cattle and other farm animals had been slaughtered, buried in trenches and paid for by the government. Farm prices were on the upswing; cotton, wheat and other farm grains showed signs of controlled planting with an upturn in the market.

True, after seven years of Depression, nothing compared with the 1929 prices, but there was a smell of prosperity in the air - The Great Depression was about to come to an end.

Depression of the was endured over half decade; it came on slowly and slowly.

According to announcement made by J. C. Thomson, the Rodeo Association will have their annual Barbeque Saturday, Sept. 24, at the T. A. Head Arena in Goldthwaite.

weeks in their church's Pony Express stewardship campaign.

The Rev. Ben Welch, pastor, said the campaign this year is based on the same concept as the Pony Express of more than a century ago -- teamwork.

Glynn Collier, general manager of the campaign, said 15 leaders of the church have been designated "trail bosses", to supervise the relaying of the saddlebags to each of the church's families on Pony Express "run" routes.

Each saddlebag bears the names of 10 church families on the run route, he said. A family fills in an "estimate of giving" card, seals it in an envelope and inserts it in the saddlebag, which then is hand-carried to another family on the route.

"We decided to use this unique approach because we believe stewardship campaigns should be exciting and pleasurable, in addition

to having their serious moments," he said.

"And, many dedicated members of the church are hesitant to solicit pledges from their friends and neighbors. With this Pony Express program, there are no solicitations and no pledges."

The Rev. Welch explained that each member is asked simply to "estimate" the amount he or she will be able to give to the church during the coming year.

"Each family makes their decision in the privacy of their home, without any over-the-shoulder 'supervision' of someone from the church," he said.

He said the Pony Express theme was chosen because of the example set by the highly dedicated riders of the original Pony Express.

"In addition to their personal commitment, the secret of their success lay in their ability to work as a team -- each rider dependent on (See EXPRESS, Page 10)

City Council Meets; Sets Donation Rule

Special Session Held

The Goldthwaite City Council met in regular session on Sept. 1 in the City Hall. All members were present. Guests included Ruth Dumas, Cornelia Boykin and Louise Long.

Minutes of the August 4 regular and August 18 special meetings were read and approved.

City Manager Allen shared the August Operations Report. Bills for the month were presented, reviewed and approved.

Louise Long, speaking for the Senior Citizens groups of Mills County, requested financial assistance with utility costs. If possible, the Senior Center wanted the City to furnish electricity, water and sewer at no cost. If this was not possible, the Center asked for lump sum donation which would be used to pay utilities. The Council recognized the need for the Center to provide an environment appropriate to the activity and needs of its group. It was noted that, in most cases, there is no charge for use of the Center. It was agreed that further consideration of this request would be made at the next regular meeting.

Motion was made and carried that community groups who have requests for financial contribution make their request in writing before April 1 for discussion and consideration as the City budget is being planned.

City Manager Dale Allen presented a listing of new traffic sign locations throughout the City. A complete list is part of the official minutes of the Council meeting. Specific streets were designated as "through" streets; that is, without stop signs for a longer space. A total of 72 stop signs, 2 hospital signs and 2 advisory signs were erected in accordance with

Texas Uniform Traffic Controls.

Reports of the Council members were made followed by the City Manager. There was discussion about City sewer plant problems, water system improvements and work projects in progress.

MAYOR CALLS SPECIAL SESSION

The Goldthwaite City Council met in special session on September 12 at 1:00 p.m. in the City Hall. Mayor J. D. Harper explained the purpose of this meeting was to review the 1977-78 tax rolls. All members of the Council were present, along with City Manager and Sec-

retary.

Councilmen reviewed all 42 pages of the tax rolls, line-by-line, and, upon motion of Alderman Loy Long, seconded by Alderman Charles Childress, approved the rolls as presented.

Manager Allen presented sealed bids from Landrum Ford and Saylor Chevrolet for a dump truck and a pickup truck. Bids for the dump truck were not clear and were held over to the next meeting for clarification. The Council acted to accept the low bid from Saylor Chevrolet for purchase of a 1/2 ton, 6 cylinder, automatic transmission pickup with narrow bed.

There was no further business and the meeting adjourned at 2:00 p.m.

Eagles Suffer 33-0 Loss; Face Santa Anna Friday

Finding it difficult to muster any strength in any direction last Friday, the Goldthwaite Eagles came up with a 33 - 0 loss to Hamilton's Bulldogs.

Offensively, the Eagles penetrated the Hamilton side of the gridiron only twice, once to the 37 yard line and another time, via penalty to the 48 yard line.

The AA Bulldogs, rumored to be dropping to A next year, dealt blow after blow to the Eagle defensive unit, amassing over 500 yards in total offense.

Just about the only bright spot for the Eagle defensive eleven was the stand made on Hamilton's first possession. They had marched some 60 yards and were left with fourth and one on the Eagle 10 yard line. The play

was stopped by a spurt of adrenalin, that must have dispersed quickly, as the Dogs returned after an

Coach Smokey Brister commented Tuesday that he and assistant Buck Smith were "real disappointed in the overall performance of the team." And in regard to the future Brister added, "We're in the process of making some personnel changes to improve the team."

Brister's Eagles do battle with the Santa Anna Mountaineers here Friday night at 8 o'clock.

Santa Anna has defeated Bangs 10 - 0, and lost to a strong Baird team 8 - 0 so far this season. They are led by standout linebacker Freddie Fellers.

T.V. — WILL THE MEDIUM GET THE MESSAGE
Frank Orme of the National Association for Better Radio and Television says: "In its best moments, television is the strength, intelligence, and compassion of millions united simultaneously in emotional experiences while viewing great entertainment of great events. At its worst, television is the hawkker of deceptively advertised merchandise, an exploiter of the innocence of thirty million American children, and a purveyor of the brutish elements of sex and the sadistic elements of violence."

are negative toward television. Television at its best teaches us, entertains us and inspires us. However, the impact of television for good is badly eroded by the problems which television has recently been creating.

Millions of Americans are angrily trying to get the message through to the networks to meet their responsibility to the American people. Stop using violence as a formula for entertainment. Stop contributing to sex misinformation through the irresponsible treatment of sexuality. The concern about television is a genuine grass roots concern. It is not the minority opinion of a few fanatics. It is coming from the mainstream of American life—from Parent-Teacher Associations, from American Major Associations, from major religious groups and from other groups who have issued statements about television programming and worked for constructive change.

Television is not free as the industry and its defenders keep saying. We pay for it through the products we buy. The television airwaves belong to the American people. The networks have a responsibility to behave themselves as guest in American homes. Obviously, the networks cannot please everyone. The question is whether the networks will get the message that most of the people of this country want more responsible television programming. Before it is too late may the medium get the message, if not, the government will step in with controls and we definitely do not need more government controls in America.

As a responsible citizen, you should let your concerns be heard. The following are the mailing addresses of the three major networks: The President, American Broadcasting Company, Inc., 1330 Avenue of the Americas, New York, N.Y. 10019. The President, Columbia Broadcasting System, Inc., 51 West 52nd St., New York, N.Y. 10019. The President, National Broadcasting Company, 30 Rockefeller Plaza, New York, N.Y. 10020.

Museum Organization Explained

By Hartal Blackwell

The Mills County Museum Committee met in February, 1976, to organize and incorporate according to suggestions by museum advisors from the State Historical Commission in Austin.

Clyde Cokrum, local lawyer, drew up a set of by-laws and procedures for the new museum corporation to follow, including a date for annual meetings and procedures for electing officers, directors and committees.

Mrs. Malcolm Jernigan, architect planning chairman for the 1976 committee, submitted a floor plan designed for the newly purchased Palmer building to be used as a permanent Mills County Museum. The directors accepted the design offered by Mrs. Jernigan.

In February, 1977, the Board of Directors of the Mills County Museum, committees and interested persons met and elected nine directors for the ensuing year. They are: A. D. Kirk, Mrs. Hollis Blackwell, Herbert Cooke, Orville Hale, Mrs. Allen Campbell, Frank Bridges and Fred Reynolds, all of Goldthwaite; also, Mrs. Woodrow Boykin of Star and Darryl Kirbo of Mullin.

At the same meeting, the following officers were elected from among the directors: A. D. Kirk, President; Mrs. Hollis Blackwell, Vice President; Mrs. Allen Campbell, Secretary; and Darryl Kirbo, Treasurer.

Mr. Kirk, as president, appointed the following directors as chairmen of committees to serve during the year of 1977 to assist with the

establishment of the museum in the new building: Herbert Cooke, building supervisor; Frank Bridges, publicity; Mrs. Hollis Blackwell, decorating and arrangement; Mrs. Woodrow Boykin, cataloging, documenting and acceptance; and Mrs. Allen Campbell, finance.

Mrs. A. D. Kirk was appointed as chairman of donations and memorials.

Now that the museum has officially opened in the new building, the directors wish to thank all those who helped in any way to make this dream come true for Mills County. They thank the following members of committees who worked many hours at their various assignments to ensure opening on the appointed date: Carl Casbeer, Glynn Collier, James Ledbetter, Carlos Patterson, Paul Henderson,

Floyd Fox, Loy Long and Julian Evans. Also, Mmes. Susie Stewart, Truitt Auldridge, Warren Duren, M. F. Horton, Malcolm Jernigan, Billie Ledbetter and Fred Reynolds.

The Museum Directors especially wish to thank the following groups for their support and donations: The Council for the City of Goldthwaite; The Mills Co. Young Homemakers; The Mexican Bicentennial Committee; The Mills County Historical Commission; and the Mills County Bicentennial Committee. All these organizations showed great interest in the museum and helped with its progress.

The Mills County Museum Directors also wish to express appreciation to all those who gave their services at no cost or at a reduced cost; to those who cooked for bake sales and to all who

planned and helped with the grand opening. They especially thank all persons who gave or loaned their heirlooms and antiques to display in the museum — without them and the above help, the Mills County Museum would not exist.

All donations and memorials are greatly appreciated and are vital to the continuing upkeep of the museum.

The Museum Organization has future plans for a new outside awning and name sign. They also plan to establish, in the near future, a Mills County Historical Educational Program with all the schools in the county. Hopefully, when Mills County students visit the museum they will learn much of the county's history through viewing antiques, displays and pictures that tell the story.

Letter To The Editor

Dear Sir:

On a recent trip to the west coast, one of my cousins showed me an article written on Goldthwaite back in '74. The writer was some young man from around Austin and the publication was from a Dallas paper. Needless to say, it was most informative and very interesting.

It has been many years since I've spent any time in Mills County. However, some of the members of my family have lived there since the late 1800's. I remember Goldthwaite as a small, sheep and goat town. To see it in its present day progressive image is most refreshing. Retaining its small town atmosphere, where everyone knows his neighbor and at the same time moving into the main stream of a very technical world, makes it a place to be envied.

My best wishes go with all of you. May continued success be a part of your community and growth just enough to keep Goldthwaite a town families can live in, work in and go to sleep at night secure in the belief every tomorrow will be a better day.

Respectfully,
Joseph R. Tullos

Mullin Methodist Church Historical Marker Dedicated

An official Texas Historical Marker was dedicated at the Mullin United Methodist Church on Sunday afternoon, September 4, 1977.

The marker erected beside the church building, commemorates the pioneer spirit of the founders of the church and those who worked to support it. Special recognition was given to members of the families of the founders of the church and of those instrumental in the rebuilding of the existing church building in 1920.

County Judge Herbert Faulkner was present for the program and made appropriate remarks on behalf of the Mills County Historical Commission.

Rev. Ernest Roper, who is serving his tenth year as pastor of the church, presented an interesting church history.

Master of Ceremonies, Tommy Head, recognized Mrs. Leta Mae Durst, Lucille Aldridge, Jennie V. Hancock and Edna Wasserman, who researched the church history and prepared the text which was approved by the Texas Historical Commission.

Special music was provided by Mrs. Sybil Head and Mrs. Cam Roper, accompanied by Mrs. Marlene Shelton. The guests were registered by Mrs. Autry Keating and Mrs. Rex Williams. Mrs. Jennie V. Hancock was in charge of flower arrangements. Jon Mangham led the pledge of allegiance.

The historical marker, given in memory of A. G. Wasserman, was unveiled by his wife, Mrs. Edna Wasserman, and his daughters.

Mmes. Ima Jean Smith, Bonex Collier and Wynona Head. The inscription was read by John Smith. Mr. Edgar Burkett of

Mullin received a bicentennial plate for being the oldest person present for the program. Also receiving plates were Jennifer Smith of

Zephyr—the youngest one present, and Beverly Hicks of Odessa for traveling the greatest distance to attend.

Office Move In Goldthwaite

It will be the same staff but in a new and more effective facility as the Mills County Human Development Center moves from the third floor of the Courthouse to new offices at 1012 Fourth Street, in Goldthwaite.

The Center, an arm of the Central Texas Mental Health/Mental Retardation Center in Brownwood, has been serving the people of Mills County for almost two

years. In the beginning the caseworker, Liz Long, worked from her car but after six months the offices in the Courthouse were obtained and Geri Hamilton was hired as Secretary.

With the new move the Center will not only be able to continue to provide the same services as in the past but will also be able to maintain a partial care facility. This facility will benefit clients who need more than out-patient counseling but do not require 24-hour care.

A ribbon cutting ceremony is being planned for a later date with County Judge Herbert Faulkner scheduled to apply the scissors. The new facility will help upgrade services for Mills County residents. As treatment improves the number of clients needing residential care in a State School or Hospital will decrease.

Letter To The Editor

Sincerely,
/s/ Bob Bullock
Comptroller of Public Accounts

Dear Mr. Bridges:

Every business in your community will be visited soon by a representative of my office, and I would appreciate your help in informing these businessmen and women that our visits are of a friendly nature.

What we are doing is something that has never before been attempted by the State Comptroller's Office -- to pay personal calls on every business in the state. It's going to be a big job, but one that will reap dividends for both the taxpayers and our office.

Our mission is to inform each taxpayer of what is expected of him under the law, to give him any assistance he may need and to answer all of his questions. The door-to-door canvassing program got under way September 1, and will involve all 40 of our field offices throughout the state.

By catching and taking care of any small problems on the spot -- before they become big ones -- we'll be doing the taxpayer a favor, as well as ourselves. The program will also give taxpayers the opportunity to get to know employees of my office with whom they will be dealing.

You will probably be getting some calls from businessmen and women in your community about the canvassing program. I hope that you will assure them -- as we are attempting to do -- that we are there for the sole purpose of assisting them in any way we can.

If you have any questions about the program, or know of any businessmen or women who do, give us a call

Editor, Goldthwaite Eagle Dear Sir:

Just recently received sad news that my daughter, Mrs. Charles E. Hogan, Rt. 2, Goldthwaite, and three members of her family had been severely injured in a car accident. Other driver was also injured.

They were on their way to visit my son-in-law, who was in the hospital, in intensive care, after serious surgery.

First, I thank God all lives were spared. Then I want to thank all the kind people, one an R.N., all strangers, who stopped to help at the scene of the accident.

I also thank their landlady, landlord, bosses, neighbors, friends and members of their own family who have and still are, helping.

To each and every one of you, again, my heartfelt "Thanks" and God bless you. You were all there, when you were needed. You were wonderful!

Sincerely,
Mrs. Flore Allen

Isn't It strange?

Isn't it strange how power can change
The personality of man,
And before long can disarrange
What was once an orderly plan.

Isn't it strange how money can make
Such fools of intelligent men,
Who morals for their wealth forsake
And become bed-partners with sin.

And isn't it strange when power ends
And all of his money is spent,
How quickly man turns to old friends
For sympathy and nourishment.
