READY FOR THE LOAN SIGNING.... Wednesday afternoon, interested persons packed Norman Bays' attorney's office to close the loan with FHA for construction of a senior citizen housing complex in Muleshoe. Pictured are the persons who have worked on the project. From left, seated are Norman Bays, Mr. and Mrs. J.K. Adams, Mrs. Buck Creamer; standing from left are Lonnie Merriott, Texas Employment Commission; Buck Campbell, Housing Authority; Myron Pool III, Housing Authority; Bill Stewart, FHA; Jim Hartline, Muleshoe Housing Authority; Dorothy Scott, FHA; Jim Cox, Housing Authority; Bailey County Judge Glen Williams; Clinton Kennedy, FHA; Teresa Drewel, Whitaker and Hall; and Harmon Elliott, chairman, Muleshoe Housing Authority.

'80 Crop Production Down; Corn Up From Estimates

Although prices are up for cotton and corn this year, early predictions for yields on both crops have dropped in this county. With the prolonged drought, Bailey County Extension Agent Spencer Tanksley has painted a rather dismal picture for prospects for this year in agriculture.

Tanksley has predicted a 15-30 percent overall reduction in corn production in the county. "However," he said, on a brighter note, "some of the better fields will be average to better in their yields."

This prediction was also fairly close to that of Cliff Griffith of Griffith Elevator and Wayne Crittenden of Sesame Seed, who both said the overall yields will be 20-30 percent less than last year.

However, seed corn that opened around \$5.10 last year, was selling for \$6.07 on the open market late last week. Also, the price paid for premium white food corn ranged from \$6.50 to \$10, with a fairly stable \$6.50 being paid for yellow food corn.

Last year, at this same time, white food corn opened around \$5.75 and yellow food corn was selling for around \$5.50.

Also, according to the local elevator operators, more food corn has been planted in the area this year, and the demand for premium food corn is high.

Muleshoe Co-op Gin said cotton futures late last week showed cotton being contracted for around 77-79 cents per pound, up from the 50-55 cents offered at the same time last year, with most of the cotton sold for around 55 cents.

Cotton prices are expected to remain strong this year, with a good demand for cotton fibers, according to early predictions.

It was estimated Friday that around 20 percent of this year's harvest was completed, with harvest operations moving at a steady pace, according to the county agent. East of Bailey County, corn harvest was more than half completed, as most producers opted to harvest their crops earlier this year.

Tanksley also said that the drought has made the yellow corn yields low this year, especially on the gray soil south of the railroad tracks in the county. To the north, the county agent

crop yield was expected.

He explained that the gray soil is only 10-18 inches deep, and is unable to maintain water storage early in the year and in drought situations such as this year, the crops are more hard-pressed for water.

"Red soil has a deeper profile," he concludes, "it will hold more moisture in storage and in those areas, the corn did not suffer as severely as the crops in the gray soil areas."

He also said the cotton crops were not more severely affected in the gray soil area, as the soil does not appear to have that much effect on the cotton.

Tanksley stressed that it is not the inability of the farmer to water that cut production, but the very high heat forced evaporation of the water almost faster than it could be applied to the roots of the corn. Also the county agent said it is not the fault of the soil.

As for cotton yields, the county agent said it would be after the first freeze before any accurate predictions can be made as to the potential yields.

Bollworms and beet army worms did heavy damage to the crops this year, and although there are a lot of bolls open early, no estimates on production can be

In Burglary

In the early morning hours on Wednesday, Muleshoe City Patrolman Julian Dominguez captured one of two suspects who had just burglarized the Muleshoe Flying Service.

The white male was taken into custody and later released on bond and a warrant was issued for the arrest of a second white male suspect in the case.

Officer Dominguez has been "Johnny-on-the-spot" in other burglaries

Horns Slip By Sundown

Friday night, the Lazbuddie Longhorns found 'the handle' and put together a 16-6 victory over the Sundown Roughnecks, but Lazbuddie Head Football Coach Bob Masters said the 'Horns had troubles along the way.

Costly mistakes and penalties cost the Longhorns, but with a stiff wind blowing, the Longhorns stayed on the ground, and after a mistake-ridden first half, dominated the second half of the game.

Blake Buchenau struck for the Longhorns in the second half when he returned a kickoff for 80 yards, then capped this off with a seven yard scramble for the end zone. After four tries, marked by penalties for both teams, the 'PAT' attempt(s) failed.

In the fourth, the 'Horns managed a safety to add two points, then on one of those razzle-dazzle plays which delight football fans, Ariel Sanchez found David Lust on a 22 yard pass play in the end zone. The Longhorns' Steve Monreal ran in two extra points to end scoring for the Longhorns.

"It was a wild ball game," said coach Master, "It was full of costly mistakes."

Lazbuddie had 11 first downs, 256 yards rushing and 50 yards passing.

Coach Masters said Ariel Sanchez returned two kick-offs for 40 yards each time; passed twice for 18 yards; had 10 tackles and again

Senior Citizens New Housing Loan Closed

Finally, it is a dream come true! Early Wednesday afternoon, the loan was closed to start construction on the long-awaited senior citizen housing complex in Muleshoe.

Members of the Muleshoe Housing Authority Board and interested persons met at the offices of local attorney Norman Bays, for closing of the FHA loan in the amount of \$528,000.

Harmon Elliott, chairman of the Muleshoe Housing Authority, said Friday afternoon that construction is expected to start at the location just south of Avenue K and west of West Seventh Street in approximately 10 days.

With a 290 day completion scheduled, the first 20 units of the housing complex are expected to be ready for occupancy sometime during the first two

weeks of July 1981.

Elliott explained that along with the first 20 units of the originally planned 50 units, will be a community room, including a meeting room, kitchen, office and laundry facilities.

The color coordinated facilities will be one and two bedroom units, and will be occupied solely by senior citizens who have previously signed up to occupy the special housing.

An innovative feature of the housing will be an 'alert system'. It will be in both the bedroom and bathroom of the individual housing units, and can be reached even if an individual has fallen and cannot arise.

When activated, the alert system will sound a vocal alarm, turn on a red light outside the unit and automatically unlock the front door, allowing easy rescue of the sick or injured occupant.

All units will be furnished with refrigerators and stoves, and will have outlets for washers and dryers. All utilities, except telephone, will be included in the monthly rental payment, and the housing will be repaired and maintained by the Muleshoe Housing Authority.

Many senior citizens have already signed up to occupy the new housing, and it will be allotted on a first come-first serve basis.

Elliott also stressed that as the initial request for 50 units had been cut to the starting 20 units, the Muleshoe Housing Authority will be re-applying for funds for the other 30 units as soon as construction begins on the first 20 units.

Set Rate

For Taxes

Meeting in special session Thursday morning, the Muleshoe City Council planned a public hearing before establishing the tax rate for the next year. However, no citizens showed up for the hearing, so the city council approved the tax rate.

Established for the tax rate was 60 cents per \$100 valuation, which will be a 17.65 percent increase over the last year. For the past year, the tax rate was 66 cents per \$100, but property in the city and county was re-valued, and property values increased.

The city expects to have some \$812,000 in the general fund for the next year, with \$292,000 of this money coming in from taxes. This will be an increase of some \$60,000 in tax funds over the \$231,984 in taxes collected last year.

Next Tuesday, a budget hearing will be conducted

Mules Held Hornets Through First Half

Although the score perhaps does not reflect it, the statistics from the Friday night rout of the Mules at Tulia were close. Holding the hornets scoreless during the first half of the game, the Muleshoe Mules totally dominated the half and made their only score in the 20-7 loss to the Hornets.

Taking advantage of Mule fumbles, Tulia again took over the ball deep in Mule territory, and less than two minutes into the fourth, pulled ahead of the Mules when speedy Andy Stewart scampered for five yards. The PAT by Davis was good, the stunned Mule fans saw the Hornets ahead of the Muleshoe Mules.

A series of fumbles and pass interceptions kept handing the ball back to the Hornets, although the Mule defense was strong, each time the ball turned over, it would be deep in Muleshoe territory, giving Hornets excellent field position.

Mule defense held the Hornets out of the end zone until :51 seconds were left in the game, and Tulia again took advantage of a turnover by the Mules and AB Littlefield slammed

THIS IS A PUBLIC ROAD??... This dump, which is not supposed to be a dump, is located two miles south and one and six-tenths miles west of Muleshoe along a county dirt road. Many telephone calls have been coming in from individuals who travel the road. They say that in many instances, drivers have to stop and remove discarded junk from the roadway to open the road. Although at least two persons said they have contacted the Bailey County Commissioner's Court about the debris, nothing has been done to clean it up. According to the county map, the location is in Precinct Two as it was re-districted a few years ago.

Sew It With Cotton Contest

The theme for the Sew-It-With-Cotton contest was "Cotton Booms into a Garden of Fashion". It was presented by the Bailey County Cotton Club Tuesday, September 16 in the Three Way School Auditorium.

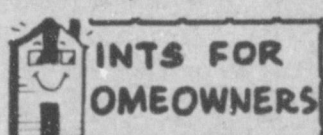

Winners in the 11 categories included: Lollipop and Little Esquire, Holly Hutton and Kyle Kindle; Guys and Dolls, Melinda Turney and Shelli Terrell; At Home Wear, Mary Kindle, Sammie Simpson and Paula Foley; Halloween Costumes, Kyle and Bryan Kindle; Playtime, Shane Terrell, Brittany Kirby and Holly Jutton; School Time, Carrie Ann Kindle and Melinda Turney; Sleepy Time, Keith Kindle, Heather Hutton and Staci Kindle; Junior Miss, Shelly Sain, Lori Carlisle and Shelli Terrell; Sports Time, Ann Sowder, Prynness Parkman and Staci Kindle; Teen Time, Julie Carlisle, De'Ann Foley and Belinda Wheeler; Fashion Time, Doyleen Terrell, Druscilla Hutton and Kelly Foley.

Narrators for the event were Mary Furgeson and Sandra Pool. Olene McCann of Levelland, Kay Houston of Morton and Wynon Myers of Plainview judged the ensembles.

All entries were made of 100 percent cotton, entrants in Junior Miss and Team Time made their garments. First place winners will compete in a District Contest in Lubbock

at the Civic Center Saturday, September 27.

Sponsors for the event included Maple Co-op Gin; Tide Products, Inc.; Littlefield; Muleshoe Co-op Gin; Morton Delinting, Inc.; Needmore Co-op Gin; Maple Grocery; Farmers Co-op Gin, Littlefield; Sunbelt Delinting, Littlefield; Dent Rempe, Wooley Hurst, Star Route Gin, Morton; Sanders Fertilizer, Morton; Allis Chalmers, Muleshoe; Baker Farm

Powerful Ideas
You don't have to break your back getting ready for that backyard garden. Tilling the soil can be a breeze, if you use modern power equipment and till according to safety suggestions from the Outdoor Power Equipment Institute:

Open Letter To The Public

Several of you asked me to describe the duties of a County Commissioner. Individually, a County Commissioner serves as an administrator of County road and bridge construction and maintenance departments within his Precinct unless this responsibility has been given to a road administrator or engineer.

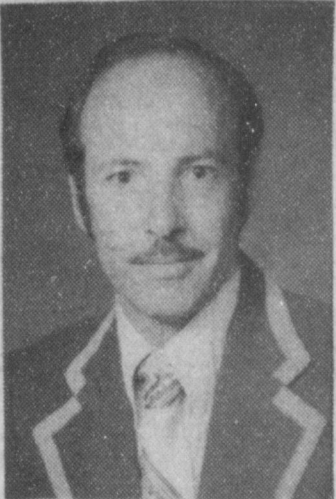

For many years, many County Commissioners throughout the state have survived elections because they devoted a majority of their time to this very visible portion of their duties. This caused them to more or less neglect their collective duties when functioning within the focal point of County Government, the Commissioner's Court. By statute, the Commissioner's Court is responsible for transportation and transportation facilities; care of the disadvantaged; elections and political boundaries; agriculture and conservation; public health, safety and sanitation; education and recreation; County facilities such as the court house, jail and other governmental offices. The Commissioner's Court is also responsible for functions that are not assigned to a special County official.

Today, a County Commissioner can no longer

approach these other duties with such a casual attitude. When a County Commissioner sits in the Commissioner's Court, his function, by statute, makes him responsible to the whole County, not just his Precinct. Along with his individual duty to provide good roads, he must discharge all his duties with equal diligence and vigor. The good old days are gone forever. Times have caught up with us. The people will no longer tolerate inefficient operation.

I have twenty years of management experience that is equivalent to County level and higher. If you want to take advantage of the service and experience I am offering, invest a little of your time and vote for me in November. I'll give you a good return on your investment.

Respectfully,
Thomas S. Freeman

History Of A Spudnut

Spudnuts are more than Doughnuts. They are the lightest, fluffiest, best tasting pastries in the world. They are "the upper crust of the donut world". Spudnuts are different from ordinary doughnuts because of their special ingredients and quality controlled production. Only the very finest materials are used to create the unique Spudnut flavor and texture. High quality, specially blended flour, pure vegetable shortening, rich spices selected from the world's best, and choice potatoes are scientifically mixed and blended in Spudnuts automated mixing plant. The emphasis on quality began with Spudnuts in 1939, when Al and Bob Pelton discovered their potato doughnut recipe. After countless hours of peeling, boiling and mashing thousands of pounds of potatoes and blending numerous varieties of flours and spices, they finally found the right blend of ingredients. It was the ideal mixture for a consistently light, fluffy, tender potato doughnut with a unique and delicate flavor. They dubbed their new product "Spudnuts" after the slang word for potato----Spud.

Brownie Troop 247 Holds First Meeting

The first meeting of the Brownies was held Wednesday, September 17, in the Girl Scout Hut, located at 817 W. 2nd. There were 22 Brownies present. The leaders, Margaret Copley and Jerehtha Rogers led the girls in a devotional, followed by the Pledge of Allegiance. Flag bearers were Lisa Coleman, Audrey Williams, Shelly Gable, Brandi Estep, Chanda Kemp and Erin Kelly. The Brownies were then shown how to fold a flag. Brownie dues were collected and the leaders discussed the future activities with the Brownies.

The importance of reciting and obeying the Brownie Law and the Brownie Promise were discussed with the girls. Refreshments were served to all the girls present. Those present were Lisa Coleman, Shelly Gable, Chanda Kemp, Kristina Stewart, LaTavia Copley, Lilly Garza, Lucy Anguiano, Audrey Williams, She Wilbanks, Tina Copley, Sissy Morris and Gloria Guillen. Anyone interested in becoming a Brownie or Brownie Leader may contact Margaret Copley at 272-3697.

Mrs. Kip Brock was honored with a bridal shower at 8 p.m. Thursday, September 18 in the parlor of the First Baptist Church. The serving table was covered with a white lace cloth and accented with a floral arrangement of yellow mums and assorted flowers.

Library News

The Muleshoe Area Public Library has on display a collection of bells belonging to Anita Lobough. She has bells from foreign countries such as England, the Netherlands, Jerusalem and from many states. Ann Camp said "We are happy to have such an interesting collection". The Library has as artist of the month, Gladys Armstrong from Farwell. "Mrs. Armstrong has some very fine work on display," said Mrs. Camp. Twenty seven were in attendance at story hour Wednesday morning, with the Muleshoe Young Homemakers helping. Two Walt Disney films were shown, "Lambert, The Sheepish Lion" and a fairy tale, "Tom Thumb". Judy Davenport did "The Little Red Shoes". The next story hour will be the first Wednesday in October, with members of Epsilon Delta Chapter of E.S.A. helping and all pre-school age children, three or over are invited.

Mrs. Vic Benedict served orange Sherbut punch and cookies from crystal appointments. Special guests were the bride's mother, Mrs. Bernis Camp and Mrs. Ernest Brock, mother of the groom. The hostesses gave individual gifts. Hostesses for the occasion were Mrs. Clarence Wilhite, Mrs. Vic Benedict, Mrs. Lena Hawkins, Mrs. Kenneth Preure and Miss Linda Davis.

4-H Club First Meeting Of Year

The Muleshoe 4-H Club had their first meetin for the 1980-81 year at the 16th and Ave. d Church of Christ, Monday, September 15. Bar-B-Que sandwiches and all the trimmings were served to 24 members and 19 parents and guests. Ronnie Logsdon led the group in the 4-H motto and pledge. Holly Huckaby led the pledge of allegiance. Zanna Huckaby reported on the skating party the club sponsored. Mandy Plank reported on the District Dress Review. The leader, Linda Huckaby, introduced a point system the club would work in this year with a trip to Brownwood 4-H Camp, being awarded to the high point winner. Installation of officers was the program. Those installed were: Marlin Bynum, president; Michelle Logsdon, vice president; Chantel Robinson, secretary; Ronnie Logsdon, treasurer; Zanna Huckaby, reporter; Mandy Plank and Tim Sain, co-council delegates; Shelly Sain, game leader. Year pins were awarded to Tim and Shelly Sain, seven years; Nette, Theresa, Thurman and Willie Coleman, five years; Mandy Plank, four years; Zanna Huckaby, Michelle Logsdon and Ronnie Logsdon, three years; Chantel Robinson and Marlin Bynum, two years; and Lisa Hamilton, one year. New member pins were given to Crystal Angely, Carol, Renee and Lee Copley and Troy Watson. Pee Wee's recognized were Holly Huckaby, two years; Pam Plank and Lisa Coleman, four years; Colin Robinson, Dana Hamilton and Neil Watson, new members. The 4-H members signed up for coming projects. Linda Huckaby, leader, was presented with a gift from the members. Marlin Bynum adjourned the meeting.

In 1893 wine was so plentiful and water so scarce that coachmen were seen washing down carriages with still champagne.

Children's Home Associates

The Muleshoe Associates of the Portales Christian Children's Home met Monday, September 8, at the home of Hazel Waddell to make eight fake fur bear plaques and several frigies to sell for the benefit of the home. There were eight present besides the hostess, Marie Collum, Jessie Sherwood, Ruth Williams, Oneida Cornelison, Bernice Amerson, Modin Elmore, Florine Mills and Mabel Caldwell. Many of the articles were sold locally, but a number are taken to the annual sale at Portales, which will be Saturday, October 8.

WOTS Weekly Meeting

W.O.T.S. met Thursday, September 18 at Harvey Bass Appliance. Sandie Smith and Larry Landusky, both of Lubbock gave a Jenn Air demonstration. Mildred Williams and Lois Martinec were the hostesses. Members present were Deborah Sir, Debbie Cooper and Chad, Rhonda Carney, Cory and Candy, all of Littlefield; Anita Taylor of Earth, and Ramona Engram of Sudan. Also Jackie Self, Doris Fightmaster, Helen Williams, Lois Martinec, Zella Toler, Desie Toler and Phillip, Mary Williams, Mildred Williams and Betty Barker, all of Muleshoe. Guests present were Kay Stringfield of Littlefield, Mrs. Carl Pollard, Blanche Lenderson, Janie Mosley, Harvey and Marie Bass, all of Muleshoe, Sandie Smith and Larry Landusky both of Lubbock. Next week W.O.T.S. will meet at 11:30 a.m. in the Tri-County Community Room with Betty Barker and Ramona Engram as hostesses.

Mrs. Caldwell said anyone interested, is urged to attend because there will be a lot of hand made articles from other clubs. The hostess served refreshments of Italian cream cake, coffee, and sherbut punch. The club meets twice monthly, the first and third Mondays. They would be happy to have anyone interested come and help them work. Children would be more religious if their parents practiced religion more in everyday life.

Sincere, sensitive idealists would do well to stay out of politics. A lot of sewing circles are not concerned with sewing.

Know the Splendor of being Slender

'My giant schnauzer was in better shape than I was,' says Sharon Thompson.

Sharon Thompson was doggone discouraged about her figure: 135 pounds and size 12 pushing toward a size 14 were just too much for her small frame. She was even getting less pleasure from the family hobby—breeding and showing giant schnauzers. As she put it, "Who wants to run around a dog show ring with a dog in better shape than its handler?"

Both Ms. Thompson and her mother solved their weight problems at Pat Walker's. "Now I am 25 pounds and 32 inches slimmer, getting ready for the next show circuit in size 5 clothes!" Her mother, she reports, has had equally good results.

You also can attain the slender figure you've always wanted on our proven program of weight reduction—without rigid diets or exhausting exercises. Moreover, you can reduce privately and in a dignified manner in our comfortable, luxurious salon.

Silver Wedding Anniversary Celebrated

In celebration of their silver wedding anniversary, Barbara and Max Crim were honored Sunday afternoon, August 24 at a reception in their home.

The joyous occasion was hosted by the couple's family, their daughter and granddaughter, Cindy and Brandy, Mrs. Crim's mother, Mrs. Arthur Ritchey and their sisters, Johnnie Monroe, Irene Ritchey and Dee Ann Boumann.

The serving table was laid with an antique ivory lace table cloth presented by Max to his parents on their 25th wedding anniversary, over a blue cloth and centered with a blue and white daisy floral arrangement.

Three tiered white heart shaped wedding cake was decorated with blue roses and silver bells, topped with the bride and groom used on the couple's wedding cake. Punch and coffee were served from a crystal punch bowl and silver and crystal carafe. Nuts and mints were also served.

Mrs. Arthur Ritchey, mother of the honoree's registered the guests. Johnnie Monroe served the cake, Dee Ann Boumann served the punch and Irene Ritchey presided at the coffee service.

Max and Barbara were married August 21, 1955 in the home of Barbara's parents, Mrs. Arthur Ritchey and the late Arthur Ritchey at Dalhart.

Most of their married life has been spent on the Crim farm in the Lazbuddie Community.

Progressive Home Club

The Progressive Home Club met September 17 in the home of Norene Thomas, with five members and a guest, Mozelle Ripoe, present.

Norene Thomas, president, called the meeting to order. Roll call was answered with household hints, also a poem entitled "Happy Days" was read by Vera Engelking. A treasurer's report was given and the club voted to make a donation to the Girl Scouts.

A flower fan wall plaque, made by Oma Stratton, was on display. Winona Gibson drew the hostess gift. After a fellowship the club was adjourned.

Refreshments of lemon chiffon pie, chips, dips, coffee and Dr. Pepper were served by the hostess to Mozelle Ripoe, Lucille Harper, Pat Johnson, Winona Gibson and Vera Engelking. *****

Corn growers concern for greater energy efficiency is being rapidly reflected in crop trends all over the country. Corn crops are being planted earlier and developers are working to get out varieties with sufficient cold tolerance to begin growing in 40 degree soil. Greater numbers of plants are being grown in the same area to make maximum use of all sunlight. Research is moving as quickly as possible into more efficient drying systems to cut energy use after harvest. Some of the best results using simplified solar collectors are being reported this season. Energy efficiency has quickly become one of the keys to even greater farm productivity, and will continue to challenge producers in the future.

avorable for cotton, but only the worms hurt the yields.

The county agent added that the Bula Community has had a lot more rain, from three to six inches more, than the rest of the county, but he also said that it was too late for this year's crop. It did help, he continued, to be beneficial to late planted winter wheat and to help add back some of the depleted sub-soil moisture.

"We still have extremely dry range conditions," added Tanksley. "Right now, ranchers are looking at supplemental pasture or feed for their livestock this winter."

"As a whole," he concluded, "the summer drought and extreme temperatures have hurt our county. Because of this, the economics of the county, which relates to agriculture will be hurt, from the farm family to the businessman to the private individual. We do not expect any depression, but we will be at a virtual standstill until another good crop year. Prices are strong this year, but we just don't have the production."

GRAVE IN THE SANDHILLS....In the sandhills, southwest of Muleshoe, this grave is a silent reminder of someone's love for their pet. When officers dug up the grave nestled at the base of a sand dune, it contained the carcass of a dog. The grave was replaced, complete with the rocks to protect it from predators, the wooden cross and plastic flowers.

over from two yards out to make it a 20-7 ball game. The final PAT attempt by Davis was blocked and the scoring ended at 20-7.

QB Littlefield is a highly touted passing QB, and he dominated the passing statistics Friday night. He completed seven of 13 attempts for 77 yards, while Muleshoe QB Monty Hysinger only completed one pass.

The Mules had a slight edge on the ground with 170 rushing yards to 102 for Tulia. Both Charles Walker, with 83 yards; and Felix Norman, with 37 yards, were well-contained by Hornet defense.

Muleshoe had 13 first downs to 15 for Tulia. In the first half of the game, Muleshoe had 10 first downs and Tulia had three. Each team punted two times and Muleshoe had 16 yards in penalties to 20 for the Hornets.

Muleshoe lost the ball two times on fumbles and two times on interceptions, and the Hornets only lost the ball one time on a fumble.

Statewide, the number of cattle and calves totaled 15,000,000 head, a 7 percent increase over 1979. Beef cows stood at 6,085,000 head, up 11 percent and milk cows totaled 315,000 head, 2 percent over last year.

Total feeder placements numbered 5,511,000 head, also a 7 percent increase over 1979. Brown noted.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek apparently has had a bad dream, his letter this week indicates.

Dear editor:

Over the years, I've found that most people's dreams are interesting mostly to themselves. None the less, I'm going to tell you about one I had. I dreamed I was in charge of the Presidential debates. My job was to ask the candidates questions. I took my stand at the podium and cleared my throat.

"Mr. President," I began, "what would you do to end inflation?"

"Doggone if I know," he said.

"Governor Reagan, what would you do to end inflation?"

"Darned if I know."

"Congressman Anderson, what would you do to end inflation?"

"Ditto."

I declared the debates a draw and woke up rather gladly.

Back to reality, I've heard several people complain that television, radio and newspapers concentrate on the bad news. One man I read about decided to do something about this. He began taping two minutes worth of good news every day and offering it for sale to radio stations. Some stations tried it but it proved so un-listened-to they discontinued it and the man went broke.

This bears out my theory that a fist fight in the stands always out-draws a play down on the football field.

Newspapers, TV and radio will stop reporting wrecks when they find people rushing out to the highway because they heard two cars had passed without hitting each other. Yours faithfully, J.A.

J.V. Romps Over Springlake

The JV romped over the Springlake-Earth 20-0 last Thursday.

Mike Pecina scored on a 2 yard run in the first quarter. The extra point by Johnny Ybarra failed. The Wolverines fumbled on their second play of the possession. A few plays later, Zeke Crentas scored on a trap. Ybarra kicked through the upright and it was good, bringing the score in favor of the Mules, 13-0.

In the second half, everyone got to play. Sammy Gonzales got into the end zone in the third quarter on a Quarterback sneak, running up the score 19-0. Eddie Alvarado kicked the extra point with Joe Alvarado holding. This finalized the score, 20-0 to finish the game.

Offensive Standards were Mark Denny, Hector Orozco, David Pruitt, and Perry Flowers.

Those on defense were Pepe Martinez and Eugene Porras.

Kevin Grant had an interception, and Pepe Martinez had a fumble recovery.

The offensive bandit this week was Mark Denny. On defense, the bandit was John Weurlien.

The coaches would like the people of Muleshoe to come and watch the JV players every Thursday. They are looking forward to a great season!

HERO To Host Pre-Game Supper

On September 26, in the High School Cafeteria, HERO will prepare the Pre-Game Supper. The meal will consist of chicken fried steak, mashed potatoes, green bean casserole, homemade rolls and peach cobbler.

Serving time will begin at 5:00 p.m. and tickets can be purchased from any HERO member or at the door. The money will go toward the organization's activities. Everyone is encouraged to come.

Coaches Comments

It took us a while to decide to play hard against Morton; but once we did, we were very pleased with the outcome of 32-7. Our defense once again proved that it does have some capabilities and our offense moved the ball very well and scored quite a few times. Individual Performances of Marvin Lewis, Charles Walker, and Felix Norman were outstanding. One area of concern that will draw special attention this week is in the penalty category. We played with too many penalties to be competitive in our future games. The attitude of our entire student body has just

Mighty "M" Band

Many favorable comments have been noted in respect to the half-time performances at the first two ball games. In addition to the good performance of the band, one reason for the interest is the addition of a flag corp to the Mighty "M" Band.

The corp's performances are designed to enhance the visual interpretation of the music. It takes a great deal of work and practice to achieve a precise, coordinated performance.

The group working diligently to provide the flag performances are Patty Garcia, Martha Flores, Sandra Martinez, Juanita Lozano, Sherry Ellard, Stacey Campbell, Liberty Flores, Sylvia Hodges, Stacey Barnhill, Robin Burgess, Delia Shaw and Kim Farmer. Robin Burgess serves as Flag Lieutenant and oversees daily rehearsals. Mrs. Charles (Carol) Faulkner works with the corp and assists the band director in coordinating the band and flag drills.

The corps very nice uniforms were made locally by The Dot Shop. As you may have noticed, performance flags arrived in time for the Morton game. The uniforms will be completed with Maribou style hats and plumes which are expected this week.

The Mighty "M" Band requests the help of the public in keeping their practice field in good condition. The past two football seasons, there have been several people who have cut across the practice field to park near the southeast gate of the fence. Every trip across the field leaves lines which cause rehearsal problems since the band is very dependent upon good, clear lines. If the ground is damp, or wet, the cars leave ruts which can result in injuries to students.

If the cars can be kept off the grass, it would save much time and aid in the preparation of half-times and marching contests. Otherwise, the only solution would probably be a rather expensive fence. The Mighty "M" would greatly appreciate any help or cooperation in this matter.

"I DON'T SEE ANYTHING"

THERE IS ONLY ONE WAY TO SEE THROUGH A CAMERA

Did you ever try to look through a camera from the front side? Yes, most of us have... out of curiosity... but we would not even consider trying to take a picture in such a manner. There are many though, who go through life never giving themselves a chance to really see God. In order to see God, one must look at him through faith. Attend church regularly, seek God where others can help direct you in your search for God.

"So then faith cometh by hearing, and hearing by the word of God."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
