Remain Undefeated In District— Eaglettes Capture 10-A Title; Tough Practice Games Set

The Eaglettes have had a great 78-79 season, and a win Tuesday night, Feb. 13, against San Saba could give them a perfect district record.

The Eaglettes captured the District 10-A crown Friday when they defeated Early at home before an estimated crowd of 1,000.

At present the team is 29-3

on the year and 13-0 in district play. With a win against San Saba Tuesday, the Eaglettes could take a 16 game winning streak into a series of tough practice games in the next two weeks.

The third ranked Comanche Maidens will travel to Goldthwaite to play the Eaglettes Thursday night at 7:30 in the Goldthwaite gym.

February 20th the local gals will go to Georgetown for a rematch at 7:30. The locals defeated Georgetown (#10 in Class AAA) 51-47 in a thriller over the Christmas holidays.

On February 23rd they will play Eola at Santa Anna at 7:00 p.m.

The Bi-District game is pending.

EAGLETES VS. DUBLIN, Feb. 6

The Eaglettes defeated Dublin 66-33 Tuesday, Feb. 6th. Sheila Vaughan scored 19 points, had 4 steals and 4 assists; Angela Beavers had 11 points, 4 steals and 6 rebounds; Ruth Ann Johnson scored 8 points, had 6 rebounds and 9 assists; Cynthia Berry had 6 points and 9 rebounds; Melanie Vaughan had 6 points and 5 rebounds; Tina Studer had 6 points; Beverly Carothers 4; Carrie Gray, Dedra Long and Stephanie Landrum had 2 each.

STATISTICS OF G'WAITE - EARLY GAME

The Eaglettes defeated Early 63-44, Friday night. Sheila scored 17 points, had 4 steals and 3 assists; Melanie scored 12 and had 11 rebounds; Ruth Ann scored 12, had 2 steals and 16 assists; Cynthia scored 10 and pulled down 24 rebounds; Angela scored 6 points, had 2 steals and 5 rebounds; Dedra scored 5 and had 2 rebounds; DeAnna scored 3 points and had 3 rebounds; Tina added 2 points.

JV GIRLS HAVE FINE SEASON

The Junior Varsity girls have had a good season. They could finish the year at 13-7 if they defeat San Saba Tuesday night.

The JV Eaglettes placed second in the Lometa Tourney last weekend and in the Goldthwaite Tourney this past weekend.

Lesla Yeager and Renae Hill were named All-Tourney at Lometa; and Tana Allen and Renae Hill were named All-Tourney at Goldthwaite.

The Junior High girls placed third in the Zephyr Tourney.

gave the Eagles the largest lead, 15-7, with 6:38 left in the first half. The Longhorns gained a 23-22 lead, their first of the game, in the last minute of the half, but Johnson hit a two-pointer to give the Eagles the halftime lead.

Although the Eagles were practically eliminated from a district play off spot Tuesday night, they did end Early's playoff hopes. That delighted every Eagle fan since the Longhorns and Dublin had already set their district championship playoff site and date.

The win gives the Eagles a 5-1 second half record and a 23-8 season mark. If Dublin, Goldthwaite and Early won Tuesday night, the three will tie for the second round title; nevertheless, Dublin would earn the bi-district playoff spot because they won the first half outright.

Score by Quarters:
11-7; 24-23; 43-46; 64-64; 68-67

Eagle Scoring:
Jett Johnson 34
Kenny Saathoff 8
Jeff Stephens 6

EAGLES - DUBLIN FEBRUARY 6th

It happened again. When Dublin came to Eagle Gym last month, they burned the nets and the Eagles by 12 points. This time, in Dublin, the results were just about the same.

The Lions again shot well and they again beat the Eagles; this time 83-72. A 26-15 outburst by the Lions in the second quarter broke open a close game and gave them a 45-31 halftime advantage.

With Jett Johnson pouring in 21 second half points, the Eagles trimmed the Dublin lead to 60-53 after three quarters. But the Eagles lost Jeff Stephens and Kenny Saathoff to fouls early in the fourth quarter. Although the Eagles fought till the end, they were unable to overcome the powerful Lions, who are ranked 14th in the State. Johnson and Saathoff paced the Eagles with 32 and 10 points, respectively.

Score by Quarters:
16-19; 31-45; 53-60; 72-83

Eagle Scoring:
Jett Johnson 32
Kenny Saathoff 10
Jeff Stephens 8

Johnson Saves The Day—

Eagles Down Early In Overtime; Dublin Probable 10-A Champs

By MIKE LEE

WOW! If you thought the first Goldthwaite-Early game was exciting, you ain't seen nothing yet. Just ask anyone who witnessed their latest duel Friday night in Eagle gymnasium.

Jett Johnson swished an 18-ft. jump shot with 3 seconds left in overtime to lift the Eagles to a nerve shattering 68-67 win over the Longhorns. Johnson's game-winning shot most of the estimated 1,000 fans in a screaming rage. The others were left in shock.

The ending was only typical of the entire game. The lead changed hands 9 times, 8 in the second half. The biggest lead of the second half by either team was 3 points.

Johnson, who finished with 34 points, sent the game into overtime with a field goal in the final 8 seconds of regulation play. He scored all four of the Eagle's points in the overtime period.

Fouls were an important factor as each team had two players foul out. The Eagles' losses were probably more serious, however. Jeff Stephens, 6-2 junior, fouled out as the third quarter came to an end, and 6-7 postman Kenny Saathoff left with 6:05 remaining in the game.

The bulk of the Eagle offense now rested on Johnson's shoulders, and the 6-1 senior took it in stride as he scored 16 points in the final six minutes of the game.

The Eagles enjoyed the biggest leads of the game in the first half as they jumped out to a 9-2 lead. Johnson

Cooperative means working together.

We all know that any task is more easily accomplished when the people involved work together.

This attitude has always been a way of life with your member-owned electric cooperative. When the established electric companies considered it unprofitable to supply electricity to rural areas, local people worked together to form the member-owned electric cooperatives.

Today, we're working harder than ever to assure you an abundant supply of power, at a fair price. We're building a lignite-fired power plant to help hold the line on rising fuel costs and to keep the energy supply coming.

In the past, the present and in the future, the cooperative spirit of working together is the best way of doing business.

RIFFE - SCHWARTZ
...to Wed in April

Carolyn attended Austin Community College, and is a graduate of the Department of Public Safety Training Academy in Austin. She is presently employed with the Texas Department of Public Safety in the Driver License Division. Carolyn resides in Goldthwaite.

David attended Tarleton State University of Stephenville and is presently a partner of Schwartz Food

Store in Goldthwaite.

The couple will be married Saturday, April 7, 1979, at 7:30 p.m. in the First United Methodist Church of Goldthwaite by the Rev. Ben T. Welch, pastor of the church. Friends and relatives are invited to the wedding and reception.

They will make their home in Goldthwaite.

Rock 'N Roll At Hillview Manor

The Rock 'N Roll Jamboree Heart Fund Drive was kicked off Wednesday afternoon with Open House at Hillview Manor, from 2:00 to 4:00 p.m. There were refreshments and entertainment for all. This heart fund drive will be in progress during the remainder of the month of February. If you are interested in sponsoring this worthy cause, you may contact someone at Hillview Manor and they will be happy to explain how you can help.

Medical lecturer: "Of course, you all know what the inside of a corpuscle is like." Chairman: "Most of us do, but you'd better explain for the benefit of those who've never been inside one."

"I'm worried about you being at the bottom of your class," confided the father to his teenager. "Stop fussing, Dad, they teach the same thing at both ends!"

Tired of the complaints about his editorials, the small-town editor ran the Ten Commandments in place of his next editorial. Two days later a letter arrived, reading, "Cancel my subscription—you're getting too personal."

The best things in life are free, but it costs a lot of time and money before you find this out.

Small boy to father: "Here's my report card and one of yours I found in the attic."

TWO GREAT AMERICANS...

George Washington and Abraham Lincoln believed in the American dream: liberty and justice for all!

This month we celebrate the birthdays of both these outstanding patriots.

LET'S REDEDICATE OURSELVES TO THE PRINCIPLES FOR WHICH WASHINGTON & LINCOLN STROVE

Mills County State Bank

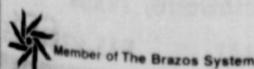

Member FDIC - Goldthwaite

Cooperative means working together.

We all know that any task is more easily accomplished when the people involved work together. This attitude has always been a way of life with your member-owned electric cooperative. When the established electric companies considered it unprofitable to supply electricity to rural areas, local people worked together to form the member-owned electric cooperatives. Today, we're working harder than ever to assure you an abundant supply of power, at a fair price. We're building a lignite-fired power plant to help hold the line on rising fuel costs and to keep the energy supply coming. In the past, the present and in the future, the cooperative spirit of working together is the best way of doing business.

Politician: "What did you think of my speech on the agricultural problem?" Farmer: "Not bad, but a good day's rain would probably have helped more."

"Harry," said one companion to his overworked colleague, "if you don't stop overdoing it, you're going to get an ulcer or have a heart attack!" After a long pause, the other man replied, "You mean I have a choice?"

 Avoid a waistline disaster when eating out by planning in advance. Remember, extra calories do count and they do show--on you. So, keep the following

- suggestions in mind:
- * When eating lunch out regularly, plan smaller morning and evening meals.
 - * When eating a late evening meal out, eat a light snack such as a piece of fruit, a small cube of cheese or a couple of crackers earlier in the evening to curb appetite.
 - * Read menus carefully selecting entrees that are broiled, baked or grilled. Avoid items which are prepared with breading, sauces and gravies. Remove breading from fried meats and discard.
 - * Select plain vegetables. Cut baked potatoes in half and eat only one portion. Limit butter or margarine to one pat and season to taste. Decline sour cream, cheese and bacon bits.
 - * Green salads are an excellent slimming choice. Ask for dressing on the side. Use only enough to lightly moisten and flavor the salad. Better yet, request vinegar or lemon juice for the salad.
 - * Limit intake of extra bread servings by asking that the server not leave bread baskets on the table.
 - * Instead of cocktails try a fruit or vegetable juice.
 - * Ask that plates be removed immediately after finishing and do not return to buffet lines for seconds.
 - * When eating at fast food establishments, select the smaller burger or fish dinner. Remove batter from fried chicken to save calories. Thin crusted pizza is lower in calories than thicker crusted pizza.

Winter and early spring are good times for collecting soil samples. At present, Extension Service laboratories are processing samples as soon as they arrive, and reports are mailed within one week. Prompt service is an important requirement for an effective soil testing service. However, waiting until the planting season can cause delays and results may not get back to producers in time.

Sampling well in advance of planting allows time to obtain needed fertilizers. Also, early sampling is advised to avoid wet soil later in the season. It is difficult to obtain a good sample if soil is muddy and sticky. And, excess moisture adds to shipping costs. To reduce shipping weight on wet soil, it can be air-dried for a day or two. Heating should be avoided, since it fixes potassium in some soils and it cannot be removed by laboratory procedures for testing.

One of the keys to a good soil test is collecting a representative soil sample of a field. From 10 to 15 samples should be collected from a 40-acre area. These should then be mixed together for a composite sample. Also, the area tested should be divided according to soil type as well as past and future cropping practices. Take time to collect representative soil samples and carefully complete the information sheet that must accompany each sample.

Collection and mailing instructions, mailing cartons, and information sheets are available at the County Extension Office.

ORGANIZATION WORK CONTINUES

Things have been somewhat hectic since Congress convened on January 15, but we are delighted that our office is open and fully operational at this point both in Washington and in the District. I am hopeful, too, that we can get Alta and Thomas moved to Washington sometime during the first week of February as I certainly think that will make our job a great deal easier when we are finally settled in our home here.

The Democratic Caucus has finally completed its organization of the 96th Congress. Most of the committee assignments were confirmed, and I am extremely pleased that I received both of my committee requests -- Public Works and Transportation and Veterans Affairs. Once again, the Texas delegation did an outstanding job of working together. Even though in the Caucus we had the largest number of freshmen of any state, seven, every Member received his first choice for major committee assignments. This was not the case with many states where some of the Members had to settle for much lesser choices. Even though there is still a divergent difference in political philosophy among many Members of the delegation, I am pleased we have continued the tradition of sticking together where Texas interests are concerned. Texas still has from one to three Democrats on every major committee in the Congress, and this will be of continuing value, as it has for decades. The committees will soon start meeting to determine subcommittee assignments, and I have already started working with the two Chairmen of my committees in an effort to assure I can get strong, important assignments.

After the subcommittee assignments are determined, I will set those forth in subsequent reports, and explain in detail the jurisdictions and areas of responsibility that come under those major committees and the subcommittees.

It will be a full year, with many important and far reaching decisions made by your Congress. Every one of these decisions will affect your life, for better or worse, so please keep me posted on your concerns and opinions.

I will make a determined effort to keep you fully aware of my activities and of issues being considered by the Congress on a weekly basis. The Congress will be faced this

year with a great many extremely difficult decisions. It is not going to be an easy thing to restore our government to fiscal responsibility again and, at the same time, try to take care of the needs of the nation on an equitable basis. I am hopeful, however, that this Congress will make some progress in that direction. I am still firmly convinced that it is imperative that we operate our federal government within a balanced budget, and make a continuing effort to cut out the wasteful spending practices that have drained our resources and continually devalued our dollar for the last several years. I fully intend to make these hard decisions in an honest and forthright manner and in accordance with what I believe to be the great consensus of our constituents in the 11th District.

Seventh Grade Boys Defeat Bangs 32-15

The 7th Grade boys played their first home basketball game of the 1979 season. They defeated Bangs by a score of 32-15.

The starting five - Chip Head, Todd Tucker, Dale Miles, Eric Dennis, and Terry Smith came out in a full court press. The press produced several turnovers which were turned into points on the scoreboard.

The second string relieved the first string with about two minutes to go in the half. The second string consisted of Bobby Standley, Will Dennis, Terry Oliver, Kevin Nowell, and Tracy Ratliff. Bobby Standley scored two points for the second string. The half ended with the score 18-5 in favor of the Eagles.

The second half was a carbon copy of the first half, with the press and fast break being the big weapons for the Eagles. Chip Head ended the night with 18 points, Todd Tucker 10, Dale Miles 2, and Bobby Standley 2. Junior Phillips, Louis Coronado and Buster Taylor also did a good job defensively.

and did well. The girls won with a final score of 48-43. It was close game and those who scored for Star were: Martha Hamilton, Ramona Tidwell, Dawn Kincheleoe, Dixie Clary, and Natalie Whitlock. The boys played well but still lost with a final score of 77-55. The boys scoring for Star were: Jamie Tidwell, James Griffin, Phillip Hartley, Glen Rhoades, and Luke Whitlock.

Musical Presented At Meeting Of Self Culture Club February 8

The Self Culture Club met Thursday afternoon, February 8, 1979 in the Jennie Dew Trent Library.

Hostesses for the meeting were Mmes. Julian Evans and Clyde Cockerham, assisted by club members.

After a brief business meeting, Miss Love Gatlin introduced Mr. Gene Talbot, Music Director of the First Baptist Church. Miss Gatlin commended Mr. Talbot upon his leadership and help in the organizing of the Jubilee singers who have contributed much to our community through their musical talents.

Miss Love stated that this service of work followed in line with the motto of the Self Culture Club— "Cultivation of the mind is necessary as food to the body."

The Jubilee singers, under the direction of Mr. Talbot, entertained the club members for about thirty minutes with religious and modern songs.

At the close of the program delicious refreshments were served to guests and club members. The Valentine theme was carried out in the decorations.

The Moline Menace

by Bob Altenloh

MOST UNFORGETTABLE CHARACTER—

One of the commonest, plainest, down to earth men I have ever met liked to sit on a park bench along Stoney Island Avenue, along the miles of the outer street of Jackson Park, in Chicago. I spent many an afternoon talking to him as we watched the pigeons dashing about the upper columns of the Hyde Park High School across the street. Streetcars would roar by occasionally

and drown out our great meeting of the minds. He was an old man dressed in a beat-up suit, a crumpled shirt, and ragged suspenders. I was a teenager and wore the garb of an alley arab. In visiting with him he gave me many things I was to carry in my heart for the rest of my life.

I remember vividly once when he quoted Horace and suggested that I pay attention to the line, "The source of justice is the fear of injustice." He said he applied it many times. We discussed all sorts of things, mostly human nature. I'd walk him home to where he was retired, at the Hotel Hayes. I would then dash off for the long walk to my home, my mind filled to the brim with things he gave me to think about. I had nothing

to give him except perhaps the joy of seeing my eyes light up when he awakened my mind to some profound thought.

People passing by would glance at us and I am sure we were regarded as pieces of driftwood, perhaps even park bums.

I sat and visited with him many times one year. Then I didn't see him for a year. I heard the old fellow died. I was saddened by the loss of the retiree who easily made a listener out of me rather than a talker. You know, that takes some doing! In days thereafter I often sat on the same old bench we had shared. People strolling by might have noticed the old one was gone now. It didn't matter to them, but it did to me. He was Clarence Darrow.

March 1st Is Tax Return Deadline For Some Farmers

March 1, 1979, is the deadline for some farmers to file their 1978 federal income tax return and pay any tax due, the Internal Revenue Service said.

Persons who earned at least two-thirds of their 1978 gross income from farming and did not file a declaration of estimated federal individual income tax by January 15, 1979, or pay any amount of estimated tax by this date, must file their return and pay all tax due by March 1, 1979, to avoid a penalty.

IRS Publication 225, "Farmer's Tax Guide", and 505, "Tax Withholding and Declaration of Estimated Tax", provide additional information and are available free from local IRS offices.

THE NEW FOUNDATION—America has had the New Deal, the Fair Deal, the new frontier, and the Great Society. President Carter in his State of the Union speech on Jan. 23 has asked us to help him build a "new foundation" at home and abroad.

To the unwary, and misinformed, the term "a new foundation" is a recent ex-expression. For many years this was a code phrase of the Left, meaning a new world order along communist lines. The phrase appears in the first stanza of a Communist "Internationalism" which was the national anthem of the Soviet Union from 1918 to 1943.

"The earth shall rise on foundations."

We have been taught, we all be all.

"Tis the final conflict, let us stand in his place; The international soviet all be the human race."

Christ used parables, the King of common everyday things with a spiritual meaning, when talking to his disciples while the multitude is near. The disciples understood by the multitude not.

The Communist leaders, American and world-wide, used terms they understand have no meaning to the average non-Communist. Carter, in his speech, has great pains to let all of fellow Communist conspirators know exactly where

he stood and what he was trying to do.

The following statement is quoted from Carter's State of the Union speech. "The NEW FOUNDATION can help us build a nation and a world where every child is nurtured and can look to the future with hope, where the resources now wasted on war can be turned toward human needs, where all people have enough to eat, a decent home and protection from disease." Compare his actions with these words and you find typical Communist double-talk. The Communists have never changed their mind about burying America. The date has been changed but not forgotten.

The infiltration of some of our seminaries and teacher-training institutions are producing students who glorify atheistic Communism but against everything that made America great. Mr. Carter is becoming frustrated and may act insanely. Are you ready for persecution and slavery as our former friends have been?

Our only hope is determined efforts and fervent prayers. Do we have enough dedicated Christians filled with the power of God to whom God will listen? Sodom did not.

Must David Rockefeller's Marxist Carter and his Trilateral appointees be removed before God will intervene?

Texas Sheep & Goat Raisers Report

The Texas Sheep and Goat Raisers' Association winter directors' meeting is a "must" for association members. The focus will be on law and those who make it.

The meeting is set for Monday and Tuesday, February 5 and 6, at the Austin Marriott, Austin. Registration will begin at 10:00 a.m. Monday, followed by committee meetings beginning at 1 p.m. and 3 p.m.

The general business session will be Tuesday morning and will feature State Rep. Susan McBee, Del Rio.

Already it's looking interesting, right? Well, there's more...TS&GRA will host a reception Monday evening for members of the Texas Legislature. These receptions have become a bi-annual tradition, offering TS&GRA members and the legislators a chance to become acquainted on a one-to-one basis.

Considering the proposed tax reform measures already on the agenda for this session of the legislature, making friends with the state lawmakers may be more important this time around than most.

If an evening with the Texas legislators isn't enough to stir interest, we can't imagine what would.

We do, however, have at least one more ante to sweeten the pot... there are some major developments afoot concerning the control of golden eagle depredations. We recently reviewed the Interior Department's "Golden Eagle Management Plan" and found it a total waste of time and pulpwood trees.

It is evident from the "plan" that relief from marauding eagles will not come by way of the Interior Department. That leaves only the courts or the federal legislature. We can rule out the latter, naturally, so one guess as to what's left.

Good guess. It's still too early for us to say much more

on the subject now, but it shouldn't be by the time the meeting rolls around. We expect to have a very lively session of the predatory animal committee Monday, Feb. 5.

Do plan to make the

meeting, catch up on eagles and visit with the Texas Legislators. In this day and age, law is a boring subject only to those who are destined to be gobbled up by it.

Faith doesn't just stand there.

It does something.

If you think all's right with the world, read no further. But if you're like most people, today's headlines are profoundly disturbing. Narcotics. Alcoholism. Murder. Racial strife. Poverty. Cruelty. War. The "inhuman-ness" our society seems to be breeding. Your Faith has something to say about every one of the moral and ethical problems facing us. More important, if you listen to what your Faith has to say, you're in a better position to help solve those problems. But you find out for yourself. Worship this week in your church. Then take your Faith out in the world and put it to work.

Troy Berry, President

The Committee appointments for the Texas House of Representatives have been made. Our representative, Stan Schlueter, has been appointed to the following: Vice-Chairman of Ways and Means and Member of the Financial Institutions Committee.

Stan is a co-sponsor of House Bill 759 with Rep. Tim Von Dohlen. This bill would limit the property tax value on agricultural land.

The tax assessor is instructed to calculate a tax valuation based on agricultural use according to the method set forth in this Act. If this value is lower than the value he would have used had this Act never been passed, he will use the lower value; if the value is higher, it will not apply.

The Act states: "The tax assessor for the taxing jurisdiction shall calculate values for qualifying open-space land according to the provisions of this Act and apply this value to any open-space land parcel if the value is lower than the value which would have been used without the provisions of this Act."

This is because the Act is intended as a limit on values and not a method of finding a

value which might be higher. In the purpose clause, the Act states "It is not the intention nor purpose of the Legislature to increase the valorem tax value on any parcel of open-space land by this Act."
