They pay interest on time certificates of deposit. We refer you to any of our old customers.

************ No More Stomach Troubles.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restors the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine of Allenville, Michigan, says: "I suffered heartbuan and stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived en-No More Stomach Troubles.

WORK OF ALFALFA

Repairing neatly done. Your work We present this text from the solicited. Shop next to Barber Shop. Kansas City Drovers Telegram;

FRANK JACKSON. W B JACKSON L. Hulse, of Mankato, Kansas Jackson Bros. one of the prosperous farmers and stock raisers of Sewell county was CATTLE and LAND Agents on the market yesterday with two cars of hogs and a car of cattle. Over 30 years ago Mr. Hulse located in that county, a time when the prairies were dotted with sod houses and where today large barns and fine residences can be seen in every direction. Land out in that part of Kansas was considered a poor investment in those days, but Mr. Hulse managed to secure quite a large tract, which he still owns and which today is valuable property.

"One of the things which has made the land in Northern Kansas so valuable," said Mr. Hulse, "is the alfalfa. That feed has been the Physician and Surgeon great salvation of Kansas, and it is getting better right along. could raise wheat and corn fairly well, but now and then we would strike a year when these crops would fail, and then we would be short on feed for stock. But with alfalfa it is not the case, as we raise that Literary, Music, Art and Elegution

WORST BLIZZARD IN YEARS.

Much Suffering Among Range Cattle and the Loss Will be Heavy.

Chicago, Feb. 15 .- Not during the last six years has the equal of the enced in the west, and in many places recorded since the establishment of

and from the Rocky Mountains to the Atlantic. The line of zero weather is about in the latitude of Memphis, but all through the south freezing weather is reported. In the north the mercury has registered anywhere from zero to 45 degrees below, the latter mark being scored at Richland Center. Wisconsin.

Trains everywhere in the west and the northwest are from two to twelve hours late, and because of the pack ing of the fine snow in the cuts it is expected that it will be several days before the roads are able to restore the schedule time, even if the weath-

er moderates. Although details are lacking, it is estimated that about a score of people have lost their lives, the majority of the fatalities being in the southwest. where distances between the homes and towns are great and shelter hard

The loss of cattle on the ranges, particularly on those lying in the northern part of the southern tier of states, will be very heavy. W. E. Bolton, secretary of the Oklahoma Live Stock Association, declares that the live stock losses in the present cold weather will be the greatest since the great blizzard of 1886. He places the number of head lost on the range in western Kansas, western Oklahoma and the Panhandle of Texas at 50,000. Further north, in Nebraska and in the Dakotas and Montana the stockmen are better prepared to shelter their stock, their eattle are better inured to cold and it is not expected that their losses will be anything near so heavy as those on the ranges further to the south.

PEPYS AT AN EXECUTION.

Punishment of Malefactors in England in Year 1663.

In the early days of public executions, it was no uncomi the condemned man to be hanged on the scene of the crime, or even at his home. Mr. Pepys attended such a spectacle on January 21, 1663, for we read the following entry in his diary:

"Up, and after sending my wife to my Aunt Wright's to get a place to see Turner hanged, I to the 'Change, and, seeing people flock in the city, I inquired and found that Turner was not yet hanged; so I went among them to Leadenhall street, at the end of Lyme street, near where the robbery was done, and to St. Mary Axe, where he lived. And there I got, for a shilling, to stand upon the wheel of a cart, in great pain, about an hour before the execution was done, he delaying the time by long discourses and prayers, one after another, in hopes of a reprieve; but none came, and at last was flung off the ladder in his cloak. A comely looking man he was, and kept his countenance to the end. I was sorry to see him. It was believed there were at least 12 or 14,000 people in the street."

IT'S THE TERROR OF ALL WOMEN.

Backache Quickly Cured by Dodd's Kidney Pills. Mrs. W. H. Ambrose tells how her pains vanished never to return when she used the Great American Kidney Remedy.

Dover, Ky., Feb. 13th .- (Special) -of the women of America that the numerous reports of the complete and are causing wide satisfaction and not the least remarkable of these cures is that of Mrs. W. H. Ambrose of this place. Mrs. Ambrose says:

"I had such pains in my back at times I could hardly move and other symptoms showed that my kidneys were affected. One box of Dodd's Kidney Pills drove away all the pains and I have never been troubled since! Backache is the kidneys' first notice that they are out of order and need help. If they get that help in the form of Dodd's Kidney Pills all will be well. If they are neglected the disease may develop into Diabetes, Bright's Disease or Rheumatism.

MANY THOUSANDS DIE.

Western Cattle Suffered Terribly In Recent Storm.

Guthrie, O. T., Feb. 16,-The first session of the tenth annual meeting of the Oklahoma Live Stock Association was held here today. It is the saddest meeting of the association the territory ever knew. So far there are no arrivals from western counthat the cattle losses in the storm Sunday and Monday were far greater than were at first estimated. Estimates of different members here from the northeast section place the losses of cattle for the last week botween 30,000 and 50,000. No estmates are below the former figure. 1 is estimated that 100,000 cattle have perished in the western part of the United States.

West of the Central portion, conditions are still critical. The ground is covered with snow and the snow frozen over with sleet. While the temperature has arisen in the last two days it has not been warm enough to thaw the snow so cattle can reach the grass underneath—the only feed cattle in the west have. The streams are frozen over and it is difficult for the farmers to keep them supplied with water.

W. H. Godair, a cattleman from Northern Texas, is attending the convention. He left Texas before the storm, but said that all through Southern Oklahoma dead cattle could be seen lying along fences. At one point on the Frisco near the line between Greer and Comanche counties. there were long windrows of dead cattle along the railroad. ''In places,' he said, "I saw cattle that could scarcely walk. Their legs were frozen and there was nothing left for them to do but to die. They were without feed or water. The conditions must be the same in Northern Texas.'

FIVE ENGINES IN A DITCH.

Two Freight Trains And a Relief Train All In a Mix Up.

Gypsum City, Kan., Feb. 15,-Five Missouri Pacific engines, two freight trains and a relief train are in a ditch near here and twelve train men hurt as a result of an accident. A freight train drawn by two engines ran into a snowdrift near this place this morning. A relief train, running a doubleheader, was sent from Council Grove. The wrecked train displayed no signals and the relief train crashed into it, being badly wrecked. Following the relief train came a freight, which also became a part of the wreck mixup, owing to the inability of the engineer to control his train. All of the engines are badly smashed. The Missouri Pacific has secured help from the Rock Island in the way of a steam wrecker and the track will probably be cleared in a few hours.

The most seriously injured are John, Charles and Peter Rose, train men, of Council Grove.

FOR MODERN ART IN DUBLIN.

President Roosevelt Has Sent Lady

Dublin, Feb. 16. - President Roose velt has sent Lady Gregory \$25 towards the purchase of Irish pictures for the gallery of modern art it is proposed to establish in Dublin, Lady Gregory is appealing to Americans to assist in buying nictures lately exhibited at the Dublin Royal Academy, and President Roosevelt, who sent the contribution "with great pleasure." has written to her as follows: "I cordially sympathize with you and your efforts to keep such a collection of pictures in Dublin. It would be an important step towards giving Dublin the

position it by right should have." The Prince of Wales contributed \$5,000, and the Princess of Wales also

contributed. Paint King's Portrait.

A Precise Petitioner.

The Kansas City Star tells of a Kansas Clergyman who prides himself on his precise and scrupulous use of words. One Sunday this good man was praying for elevating grace and renewed working force. "O, Lord," he pleaded, "waken Thy cause in the hearts of this congregation and give them new eyes to see and impulse to do. Send them Thy lev-er or leey-er, according to Webster's or Wercester's dictionary, whichever

Will Agree to Admit Oklahoma And Indian Territory Unly.

THE INDIAN BILL AMENDMENT.

Unless Congress Provides to the Con trary, the Present Annual Per Cent Royalty Basis Will be Continued In the Osage Nation.

Washington, Feb. 16 .- Conference among members of the senate have been in progress today looking to an agreement to accept the decision of "And were you cured as the result of the house on the statehood bill if that body should determine upon amending it to admit only Oklahoma and Indian Territory as one state and eliminate all that part which relates to New Mexico. The close vote in the senate over the proposition to admit Arizona and New Mexico as one state seems to preclude the possibility of an agreement in regard to these ter ritories. At the same fime the demand for the admission of Oklahoma and Indian Territory has been so great that there is a disposition to come to an agreement that would

save that portion of the bill. By the draft of an amendment to the Indian appropriation bill which Secretary Hitchcock today sent to the senate committee on Indian affairs, with recommendation for adoption, provision is made for reducing the lahoma covered by leases from more is known as the Foster blanket lease, that being the parent lease and embracing a number of substitute leases. This blanket lease will expire March 1, 1965, and when renewed will be for only the reduced area mentioned. This solution of a question which has caused much dispute between the various interests was reached today, and it is believed at the interior department, protects those bound to the present leases and who have expended large sams of money covering important property rights, while likewise conserving the interests of the Indians. Unless congress provides to the contrary, the present annual per cent

royalty basis will be continued. Washington, D. C., Feb. 15 .- The Republican leaders of the house today took the first step towards get ting the statehood bill into conference. In accordance with the plan previously decided upon, Delegates Rodey and McGuire of New Mexico and Oklahoma respectively, began the circulation of a paper among the Republican members for signatures. At the head of this paper is the following statement:

"In the endeavor of the house to secure the final passage of H. B. 14,749 and the admission of Oklahoma and Indian Territory as one state and the territories of New Mexico and Arizona as one state by conference of the two houses, or otherwise, the undersigned members of the house will support the parliamentary procedure deemed necessary for that purpose by the committee on territories, the committee on rules or any

conference committee.' It is deemed necessary to secura only the signatures of the thirty-three Republicans who voted against the resolution adopted, expressing practically the same idea. It is stated that this will be done. The next step will be the introduction of the necessary rule in the form of a resolution which will provide that the statehood bill shall be taken from the committee on territories and sent direct to the conference without action by the committee or opportunity for a mo-

tion to concur in the senate amend ments. This activity on the part of those interested in getting the bill through is taken to indicate confidence that the senate ultimately will yield to the house provisions. In this connection it is understood that the house is willing to accept the amendment offered in the senate by Mr. Foraker, which permits Arizona and New Mexico to vote separately on the question of statehood. Should either of these territories reject the proposition the provision for one state out of the territories of Arizona and New Mexico would fail, but the union and admission of Oklahoma and Indian Territory would be secured.

Many Are Sick. - Hiawatha has to quit posing as a health resort to do it, but it does point with pride to one of its doctors who made twenty-two visits at \$1.50 per in eleven consecutive hours.

RESULT OF BUSINESS CARES?

Or to What Would You Attribute Traveling Man's Forgetfulness?

A minister's wife, a doctor's wife and a traveling man's wife met one day recently and were talking about the forgetfulness of their husbands. The minister's wife thought her husband was the most forgetful man living, because he would go to church and forget his notes, and no one could make out what he was trying to preach about. The doctor's wife thought her husband was the most forgetful still, for he would often start out to see a patient and forget his medicine case and travel nine miles for nothing. "Well, "said the traveling man's wife, "my husband beats that. He came home the other day and patted me on the cheek and said: I believe I have seen you before .what is your name?" '-Brownwood Banner-Bulletin.
