Bob Taylor's Latest.

The initial number of Bob Taylor's Magazine more than fulfills popular expectation, and is gratifying proof that the publication has the solid backing of editorial ability and enterprise as well as the rainbow promise of the Taylor sunshine. In appearance, make-up and genuine merit it is first-class, and establishes a high standard of future conduct. The editor-in-chief is represented by a powerful essay entitled "The Old South," the first part of his famous lecture, "The Fiddle and the Bow" and "Sunshine," a department especially conducted by him, in which various tropics are discussed in his own eloquent and forceful style.

The word of "Greeting" to the readers of the magazine is happily characteristic of the popular editor and the broad and genial policy to be looked for in this publication.

Henry N. Snyder, President of Wofford College, discusses "Popular Education in the South" in a thoughtful and illuminating paper, and in "The Labor Problems of the South," by Herman Justi, another important question is ably and sympathetically handled. Austin P. Fos-

More Main Line Talk.

According to the Chicago Tribune the Santa Fe company is to build a line from Canyon City, on the Pecos Valley system, to Brownwood where it will connect with the Galveston line. Construction work on the cut-off, which is more than 500 miles, will be carried out as rapidly as possible, it being planned to have the work on both ends in progress at the same time.

Few Cattle Sales.

The Fort Worth Telegram reports few cattle sales during the big cattle convention. It is reported that Mr. Kyle of Pecos country sold 400 yearlings to Felix Franklin of Amarillo, the price paid being \$12 per head.

Clark, Scharbauer & Connell sold to Hamilton & Connell 1,200 yearlings at \$14 per head. These cattle are in Midland county.

Andy Long of Colorado City has sold to A. G. Boyce 1,000 two-year-old steers, the consideration being \$18 per head.—Clarendon Chronicle.

May His Tribe Increase.

We want to say a good word for the man who promptly pays all his small obligations, says an exchange. There are too few of them, and the breed needs encouraging. Most men will pay sometime, but only a few pay promptly. Almost any business doing a credit business will testify that, counting time, postage, book-keeping, interest and the like, it costs all some accounts are worth to collect them, and still the man owing it to them is perfectly responsible in a financial way. It very often happens that the worst sinners in this particular are the men best able to pay. We have known more than one case where a man, having money on deposit in the banks drawing interest, made a poor little shop keeper wait and wait for his pay nearly a year so that the debtor might get the benefit of the four per cent interest which his bank deposits drew. God bless the man who is uneasy just so long as he owes a dollar, and who, when he has the money to pay with, will hunt up his creditors with as much

Clarendon is going to have a fair this summer.

A Baptist church is to be built at McLean, Gray County.

The Panhandle Teachers Association will meet at Clarendon April 7th and 8th.

Jesse, the only son of the notorious bandit, Jesse James, is taking a three-year course in the Kansas City School of Law.

Russia has just borrowed \$100,000,000 from home bankers, and Japan borrowed \$150,000,000 from London and New York bankers.

Verily, this is the age of reform. The battleship Minnesota is to be christened with mineral water, and Gov. Hoch says when the time comes to christen the battleship Kansas, a bottle of Kansas crude oil will be used instead of wine.

As a result of the Hardeman County election there is now but two whiskey towns on the Denver in the long stretch between Fort Worth and Texline, these Amarillo and Dalhart. And by-the-way the two toughest towns on the line.

Two cars with a camping outfit for the use of President Roosevelt on his Texas trip, passed through Fort Worth Saturday en route to Vernon. The president will spend several days hunting in the vicinity of Vernon.—Clarendon Chronicle.

The C. P. Church at Chillicothe has had installed a telephone with a large transmitter, so that members of that church who are not able to come out may hear the sermon by using the phone. This is a new feature in church work in the Panhandle, and the Index is anxious to hear how it works. Brother Baber is ask to explain on his next visit up here.—Childress Index.

Seventeen Emporia Kas. boys were examined last week by a recruiting officer for the navy. Three were accepted and fourteen were rejected. A majority of the fourteen are cigarette smokers.—Exchange.

ANNOUNCEMENT EXTRAORDINARY!

J. A. Chambers will give a UNIQUE MILLINERY SHOWING at the Johnson Mercantile Co's Store in Miami, beginning MONDAY MORNING APRIL 10th and lasting for a couple or three days only. High art Millinery Perfection in Profusion will be on Display. Those desiring hand-made Hats and Hats made to special order by distinguished and expert milliners, should not miss this opportunity. A large line of ready-to-wear Ladies, Misses and Childrens Hats to select from. Special orders booked to be made up on short notice if desired.

A visit by all will be appreciated, at JOHNSON MERCANTILE CO'S STORE on April 10th, 11th and 12th.

Drinkers Discharged

Emporia, Kan., March 18.—Seven Santa Fe employes were recently discharged by orders from headquarters, no special reason being given. It is said that the names of 15 more are in the hands of the company's officers here, subject to discharge. The railroad alleges that their loss of position is due to the work of spotters, and that the only reason advanced was that they had been drinking. Some of the men are indignant over this charge and claim they will go to headquarters and demand that they be shown where they have violated rules of the company. The local Santa Fe officers claim that a number of the recent wrecks have been traced to drink and that the company is making an effort to stamp out the evil among the men.

According to the government report there were 13,597,782 bales of cotton ginned in the United States in 1904. Texas' portion was 3,134,677.

Maskell county went dry two to one, and Texas now has 150 counties entirely dry and most of the others are partly dry.

A Kansas girl calls her beau "Kuropatkin," because he never makes any advances.—Ex.

LESLIE L. LADD, Ed. & Pub.

MIAMI, TEXAS

Sometimes as a woman grows older she becomes less dressy and more bossy.—Puck.

Dr. Loeb predicts an era of "machine made babies." Why not? Look at our statisticians.

If Napoleon were alive to-day, he might remark: "Through the Simpson tunnel lies Italy!"

Wall street has had another slump, but the visible supply of lambs' wool has not been materially reduced.

The report that John L. Sullivan has lost his voice probably originated in the old proverb that "money talks."

Through some strange oversight no college professor has taken a fall out of the wicked bachelors for a whole week.

Incidentally, would it not be a good idea for the Philadelphians to put in a few minutes praying for themselves?

According to old records found in Genoa, it cost \$7,000 to discover America. And the money was certainly well spent.

Flowers will not be allowed in the senate chamber any more, the senators doubtless feeling they are sweet-scented enough as it is.

Some recent portraits of John D. Rockefeller bear out the general impression that personal comeliness is not the octopus' strong point.

A New York business man has had his tongue removed in order to save his life. But suppose, in addition to everything else, he had been a woman?

David Wark, though 140 years of age, is serving as a member of the Canadian senate. Mr. Wark thinks Dr. Osler may know more when he gets older.

A class of Wellesley girls has set out to "jar the professor's sense of the aesthetic as far as possible." Need it be announced in advance that they will succeed?

It is an unreasonable bachelor who kicks against the proposed tax when he thinks of the tax which the milliners' convention is preparing to levy on the married men.

We can't help sort of wishing that Oxford university would cut down its new professor's salary, in view of his advanced age and consequent inability to do full work.

A fashionable New York club ate roast rhinoceros at a banquet the other evening. This shows to what desperate straits the beef trust has driven, even the well-to-do.

Dr. Woodrow Wilson suggests the advisability of looking at the souls of the directors of a trust before buying any of the stock. This ought to make business for the oculists.

One woman in a thousand has appeared. She received an estate present from an unknown source and took the precaution to have it analyzed. It contained poison, of course.

Dr. Chadwick's daughter has gone to work as a stenographer. In spite of the fact that there are plenty of managers who would have been glad to give her a chance on the stage.

The New York man who beat his wife because she suggested that he should go to work had probably been reading Prof. Fatten's argument that all married women should be wage earners.

The New York woman who agreed to give \$1,000 a volume for the works of the late Charles Dickens must have overlooked the fact that the novelist wrote several of them after he was 40 years old.

The Dowager Empress of China has sent the president a photograph which makes her appear about twenty years younger than she is. Every American woman will appreciate her feeling in the matter.

A Boston man has proved, so he declares, that the earth is flat. We notice, however, that the automobile makers continue to emphasize the hill-climbing powers of their respective machines.

Russell Sage characterizes the purchase of an automobile by John D. Rockefeller as "a piece of foolish extravagance." "Uncle Russ" probably forgets that Mr. Rockefeller can get his gasoline at a discount.

After reading a novel called "Cold as the Grave," a woman in St. Louis took her life. One may imagine the state of mind produced by a novel with that name would smooth the way to any sort of place where reading matter was no longer in request.

A machine for grinding corn has been set up on the site of Napoleon's former grave on the Island of St. Helena. We might be inclined to feel judgment over this if it were not for the probability that the corn grinder was shipped across from America.

Consider for a moment, while dwelling on the fact that every man, woman and child in the United States consumes on an average over thirteen and a half pounds of coffee in a year, how much other stuff these same men, women and children drink that they only think is coffee.

In the New York supreme court a ruling has been made that despite a contract, a theatrical manager may discharge an actor whose services are not satisfactory. And that doesn't mean satisfactory to the actor, either.

"Glorious Uncertainty of Law."

It is said this phrase originated with a London lawyer named Wilbraham, at a dinner of judges and counsel held at Serjeants' hall, London, in 1756, shortly after the elevation of William Murray—Lord Mansfield—to the lord chief justiceship and a baronet. The toast of the "Glorious Memory of King William" having been honored according to the then prevailing manner, Mr. Wilbraham proposed, amid great laughter, "The Glorious Uncertainty of the Law," in sarcastic allusion to Lord Mansfield's frequent reversals of former decisions.

Ancient Canadian Castles.

To Americans castles are associated with the storied Rhine, picturesque England or France and Spain, but it is interesting to be reminded by the St. John (P. E. I.) News that there are a number of ancient Canadian castles still existing, the chief ones being St. Ours, Rimouski, St. Eustache, Lotbiniere, Montbellero, Ste. Marie de la Beauce, Vaudreuil, Rouville, and most interesting of all, the Chateau de Ramozay, at Montreal. The latter was built in 1755 by Gertrude de Ramezay, at that time governess of the district of Montreal and knight of the Royal and Military Order of St. Louis. From him was descended the last French governor of Quebec at the time of the capitulation in 1759.

Pope's Cure for Consumption is an Infallible Medicine for Coughs and Colds.—N. W. SANUEL, Ocean Grove, N. J., Feb. 17, 1906.

If afterthoughts are the best way can't we have them first?

A man can find fault if he will and a woman will find fault if she can.

USE THE FAMOUS Red Cross Blue Label package 5 cents. The Russ Company, South Bend, Ind.

Perfumery that costs a dollar a bottle may not be worth a cent.

If a woman couldn't cry her brain would soon become submerged.

Much valuable information free about band instruments; write for the new catalogue to-day. JENKINS' MUSIC HOUSE, KANSAS CITY, MO.

A meal in the stomach is worth two on the bill of fare.

Too much corn juice is apt to make a man's voice husky.

Insist on Getting It.

Some ignorant salesmen don't keep Defiance Starch. This is because they have a stock on hand of other brands containing only 12 oz. in a package, which they would be able to sell first, because Defiance contains 16 oz. for the same money.

Do you want 16 oz. instead of 12 oz. for the same money? Then buy Defiance Starch. Requires no cooking.

A dignified man's hat is seldom as large as he thinks it ought to be.

Lots of men who are crooked vote the straight ticket.

New Equipment on the Santa Fe.

An order for some new equipment was placed the other day by the Santa Fe. It consists of 75 locomotives, 5,300 freight cars and 60 passenger coaches, and postal cars, all to be delivered within the next four months. Fifteen of the new engines are Atlantic type balanced compounds, thirty Pacific type balanced compounds, and thirty Santa Fe type. This big expenditure, aggregating more than \$5,000,000, is incurred in order that growing traffic may be promptly handled. Present facilities are ample for today's travel and shipments; tomorrow they may not be sufficient. The Santa Fe looks ahead; that is why it gets the business.

The fool says many wise things that he gets no credit for.

The birds that fly the strongest don't have the finest plumage.

RESTORED HIS HAIR

Scalp Humor Cured by Cuticura Soap and Ointment—After All Else Had Failed.

"I was troubled with a severe scalp humor and loss of hair that gave me a great deal of annoyance and inconvenience. After unsuccessful efforts with many remedies and so-called hair tonics, a friend induced me to try Cuticura Soap and Ointment. The humor was cured in a short time, my hair was restored as healthy as ever, and I can gladly say I have since been entirely free from any further annoyance. A written guarantee was given that the entire amount was to be paid to me as a dressing for the hair and scalp. (Signed) Fredk Busche, 212 East 57th St., New York City."

Philosophy is the salve of disappointment.

A man's heart is blamed for a lot of things that his head is responsible for.

IMMENSE TOBACCO PURCHASE.

Forty-Eight Thousand Dollars Paid for a Fancy Lot of Tobacco.

The biggest purchase of high grade tobacco ever made in the West by a cigar manufacturer was made last Wednesday by Frank P. Lewis, Peoria, Ill., for his celebrated Single Smoker cigar. A written guarantee was given that the entire amount was to be paid to him as a dressing for the hair and scalp. (Signed) Fredk Busche, 212 East 57th St., New York City.

There is no reward for lost love because nobody wants it returned.

Generally the family skeleton is the liveliest thing in the family.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 5-pound packages, and the price is the same, 10 cents. Then again, because Defiance Starch is free from all injurious chemicals, if your grocer tries to sell you a 25-cent package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

ALL OVER TEXAS.

Col. Geo. A. Wright is preparing to put in fifty acres of cotton on a farm four and a half miles north of Palestine, to be grown under government supervision.

J. B. Petty, aged sixty-five years was shot and killed by Frank Prout at the Petty farm six miles north of Palestine at 11 o'clock Friday. One shot was fired.

The contents of the warehouse of Pedro Trevino grocery merchant, at Laredo, were burned Thursday night. Valuation \$10,000; insurance \$1,000 on stock, none on building.

The Red River Navigation Company, with headquarters at Denison, Texas, is negotiating with parties at Shreveport for the purchase of a steamboat to be used on Red River.

The firm of Fox & Lucas one day last week shipped five thousand dozen eggs from Palestine to New York City. This is the largest single egg shipment ever made by Palestine people.

Farmers and truck growers report that the fruit crop was but little damaged by the freezes during the winter. Peach trees are now full of blooms and the peaches are beginning to form.

The harvest of the first crop of alfalfa began Friday generally in the Sherman section. This is two weeks earlier than any previous record. The condition of the crop is quoted as prime.

W. E. Blackson has filed suit in the District Court at Sherman for \$10,000 damages alleged to have been sustained on a Houston and Texas Central train between Dallas and Denison last winter.

Ed Potts, a negro, was placed in jail at Sherman on the charge of assault to murder. The information alleges that Potts fired a rifle into a crowd of men and when remonstrated with continued to do so.

At a meeting of the citizens of Deport the sum of \$10,000 was raised for the proposed railroad between Paris and Bogota. Committees were put to work to secure opinions on right of way over the proposed line.

Parties in Greenville and in Dallas are making arrangements to lease a tract of land at Dixon, eight miles south of Greenville, where oil has been discovered. The formation of a corporation is in progress.

Complaints continue to come from the country around Waco to the effect that enclosed lands are being trespassed upon by hunters, and many complaints have been filed before of fevers in the past three months.

The contract has been let and work commenced on the union stock yards at Amarillo; \$25,000 will be expended on this work by the 18th of April, the time of the meeting of the Panhandle Cattlemen's Association there. The yards will cover more than 100 acres of land.

While R. M. Alkin, a fisherman at Hunts Ferry on Red River, was preparing to enter his skiff and was putting his shotgun aboard, pulling it in the boat by the muzzle, it was discharged. The contents took effect in his wrist, tearing the flesh from his forearm from the wrist to the elbow.

Traffic on the Temple-Belton Interurban line has been so heavy that the company has found it necessary to order more equipment. Three new cars have been ordered, which are much larger than those now in use, being of the double truck pattern.

The Katy has placed an order for eighty-five-pound steel rails for the Fort Worth division. The rails will be laid from Denison to Whitesboro first and then from Fort Worth to Waco.

The jury in the case of George H. Turner, on trial for murder of Mrs. Elizabeth Lynch, at San Antonio, by cutting her throat with a razor March 9, returned a verdict of guilty, and assessed the punishment at death. In sanity plea was entered by defense.

The new brick block, replacing that destroyed by fire at Willis Point last fall, has been completed and all the buildings are occupied. The Van Zandt County National Bank having been the first to move in.

Former Representative Gen. Charles Tracy, of New York, died at 57, after an illness of some months. Gen. Tracy served as a member of Congress from 1887 to 1905. In Congress he was one of the leading Democratic opponents of free silver.

S. J. Erwin, a contractor and builder of Waxahachie, was stabbed in the left breast and seriously injured. Will Easterwood, a brickmason, surrendered to the sheriff and was placed in jail.

A quiet move is said to be on foot at McKinney among several substantial citizens to secure the location in that city of the additional large Baptist school to be established some where in the State. Four citizens are said to have subscribed \$20,000.

A number of towns in Western Texas as have had cases of smallpox during the past few months. The disease however, has uniformly been mild and has not been in any case so far as reported of a malignant type.

Jim Patterson, a Waco negro, was arrested and locked up on a former charge, and when the officers came to examine into the matter it was found that the grand jury a few months ago found two bills of the same kind against Patterson.

A "Dark" Romance.

A young native woman, attractive, and, for a negro, good looking, a few years ago nearly caused war between Africa between two chiefs, each of whom wanted to marry her. As trouble seemed imminent, a white officer interfered and married the girl to a native servant. Would that end the matter? "I believe she has common sense," said the official. There has been no trouble since and today the dusky beauty in the case, commercially inclined, has a good business at taking in washing!

ONE OF LIFE'S PERPLEXITIES.

Why People Admire Something Producer Thinks Little Of.

He had two lectures. One was dignified, noble, grand, well-pleasing to himself. The other was common, simple, earnest, popular, but thought little of by himself. One of the perplexities of his life was this: Why should the people admire something that he thought little of, and think little of something which he thought so much of? Some thoughts and sermons are for those who create them and should be kept in a sealed case in the owner's private laboratory.—Earl M. Pratt in "Short Talks."

Vast Forests in Northern Belt.

The northern belt of forests is perhaps greater in extent than all the other timber belts and reserves of Canada combined. It extends from the eastern part of Labrador, north of the fiftieth parallel in a northwesterly direction to Alaska, a distance of some 3,000 miles, with an average width of perhaps 5,000 miles.

A donkey knows when he has enough—unless he is a two-legged one.

What the Dentist Says.

Toledo, Ohio, March 27th.—(Special.)—Harry T. Lewis, the well known dentist of 607 Summit street, this city, is telling of his remarkable cure of Kidney Disease by using Dodd's Kidney Pills.

"I was flat on my back and must say I had almost given up all hope of ever getting any help," says Dr. Lewis.

"My kidneys had troubled me for years. The pains in my back were severe and I had not got up several times at night. I tried different medicines but kept on getting worse till I was laid up.

"Then a friend advised me to try Dodd's Kidney Pills and in about two weeks I started to improve. Now I am glad to admit I am cured and I cannot praise Dodd's Kidney Pills too highly.

If you take Dodd's Kidney Pills when your kidneys first show signs of being out of order you will never have Bright's Disease, Diabetes, Dropsy, Gravel or Rheumatism.

Paradoxical though it may seem, it's the idle tongue that works overtime.

Dr. David Kennedy's Favorite Remedy, a Safe and Sure Remedy for Infants and Children, and see that it

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of Dr. D. W. Kennedy.

La Vie For Ever, You'll Never Forget The Kind You Have Always Bought.

A patriot is a politician who is trying to break into office.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of Dr. D. W. Kennedy.

Many nurses make a specialty of nursing trouble.

Defiance Starch is guaranteed biggest and best and money refunded. 16 ounces, 10 cents. Try it now.

It isn't always the head of a family that foots the bills.

\$300 FOR LETTERS ABOUT THE SOUTHWEST.

The Western Trail Magazine offers six prizes aggregating in value \$300 in reward for participation, for letters from residents of Arkansas, Eastern Colorado, Missouri, Kansas, Indian Territory, Oklahoma, Texas and New Mexico.

It wants letters that will induce energetic and ambitious men and women to settle in the great and growing Southwest, and there engage in farming, cattle raising, dairying, fruit growing and similar pursuits.

To accomplish the purpose which it has in view, The Western Trail offers the following prizes in railroad transportation for the six letters which, in the opinion of a competent judge, shall be deemed best suited to its requirements.

All cannot win prizes, but by their contributions they can assist The Western Trail in its efforts to colonize and upbuild the Southwest.

Contest closes June 30, 1905. Prizes will be awarded as soon thereafter as results can be determined. Address The Western Trail, 730-144 Van Buren Street, Chicago, Ill.

TEN YEARS IN PRISON

That is the Sentence Given Mrs. Chadwick in U. S. Court.

ASKED FOR STAY OF SENTENCE.

The Sentence of Ten Years, by Good Behavior, Can be Reduced to an Imprisonment of Eight Years and Four Months.

Cleveland, Ohio, March 28.—Unless the higher court interferes Mrs. Castle L. Chadwick will spend the greater part of the next ten years in the Ohio state penitentiary.

A sentence of ten years was imposed on her by Judge Robert W. Taylor in the United States district court.

Mrs. Chadwick was convicted on seven counts and sentenced upon six counts. For four of these counts a sentence of two years each was imposed. Upon two counts a sentence of one year each was imposed, making a total of ten years.

As soon as the sentence was pronounced Attorney J. P. Dawley, counsel for Mrs. Chadwick, took exceptions to the sentence upon each count, except in the first. The defense intends to make the claim that the court cannot impose a separate sentence for each count; that the law applied to the general charge instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general offense. This principle will also be contested in the higher courts, as will the other points of the Chadwick trial which resulted in her conviction.

Either Judge Francis J. Wing or Mr. Hawley will go to Cincinnati to make arrangements for a review of the case by the United States circuit court of appeals. The first step taken by the defense will be to ask for a stay of sentence until the appeal is tried out. There was an understanding with United States Marshal Chandler, U. S. Attorney Sullivan and the court today to the effect that there would be no attempt to expedite the sentence until the defense had an opportunity to carry the case to the higher court and there obtain a suspension of the sentence. Mrs. Chadwick will be defended by the last court.

Tornado at El Dorado

Much Damage Reported

El Dorado, Kan., March 28.—This city was visited by a tornado. Several people were slightly hurt but no one seriously, although a vast amount of damage was done to property.

Scarcely a business house escaped injury such as the plate glass being broken, awnings demolished and roofs torn off. The front of the Commercial hotel, a two-story brick, was torn out. Part of the north side of the Windsor, another brick hotel, was demolished. The northeast corner of Stevenson's brick photograph gallery was torn away and most of the instruments destroyed. Nell's photograph gallery was demolished. The spire of the Methodist church was torn away and the roof damaged.

The Riverside school building was destroyed and another school building unroofed. The standpipe or water works reservoir was blown down. The telephone lines and gas works were damaged to such an extent that they cannot be used. The damage will amount to thousands of dollars. The path of the storm was only a few hundred feet wide and it only destroyed a small portion of the property in its course.

Those hurt so far as known are: Mrs. Ira Madison, bruised by residence blowing down on her.

Bud Conter and Miss Hunt, struck by flying timbers.

Some of the residents who saw the clouds form say the tornado split when it struck the town, and formed two complete twisters that were about six hundred feet apart.

Beef Trust Investigation

Schooling in Beef Packing

Chicago, March 28.—J. E. Shields of New York, formerly an employee of Armour & Co., and one of the members of the federal grand jury that is investigating the workings of the beef trust. Great developments are anticipated as a result of the testimony that Shields is expected to give tomorrow. It transpired tonight that much of the testimony previously taken by the grand jury serves only as a receding in regard to the live stock and the meat business in general.

Cuba Hates to Give up

But Must Not Molest

Washington, March 28.—Spain has never been able to recover from Cuba the ordinance left there at the termination of the Spanish-American war, and Senator Olena called on Secretary Taft today to learn the position of this government in the matter. Under the terms of peace, it was held that Spain was entitled to all of the movable ordinance in Cuba and Porto Rico, and in the latter case his claim had been recognized and the ordinance transferred.

Walking Stick For Pope.

Rome, March 27.—Pope Pius X received twelve American parish priests and forty-five laymen, including W. Nolls, of Indian Territory. The last named presented his holiness with a walking stick carved by Indians.

Landslide in Hungary.

Semlin, Hungary, March 27.—A great landslide occurred here today. A squadron of soldiers who went to the rescue of a buried woman suffered severely, eight of their number being killed and nineteen injured.

King Welcomes Duke.

Madrid, March 26.—The Duke of Connaught arrived here to visit King Alfonso. The king with all his ministers, the civil and military authorities and the diplomatic corps, welcomed the duke on his arrival at the railroad station.

Successful Astronomical Expedition.

Santiago de Chile, March 25.—The astronomical expedition sent out by J. O. Mills of New York is rapidly accomplishing its object. Twenty double stars have been discovered.

No action will be taken by United States Attorney Sullivan regarding the other six indictments against Mrs. Chadwick in the federal court until the present case is permanently disposed of. If the trial and sentence is sustained by the last court, the other cases will be dropped, otherwise they will be used against the woman.

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—About nine months ago I was a great sufferer with stomach trouble, which caused me every day extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women.—Mrs. Sara Wilson, 31 East 3d Street, Cincinnati, Ohio.

If you have suppressed or painful menstruation, weakness of the stomach, indigestion, bloating, leucorrhoea, flooding, nervous prostration, dizziness, faintness, "don't care" feeling, "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, some degree of the uterus or ovarian trouble. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

BAD STOMACH

Attended with tainted, offensive, or foul breath, bitter taste, especially in the morning, turned sour, sick or bilious headaches, poor or irregular appetite, sour stomach, "water brash," constipation with a strong tendency to the blues, or depression, are all relieved and radically cured by the faithful use of Dr. Pierce's Golden Medical Discovery. No man can be stronger than his stomach; when it gets out of order he becomes listless, dyspeptic, hypochondriacal, peevish, and "out of sorts"; he feels languid, tired and "all fagged out." Nothing will more speedily or permanently invigorate the tone into action, liver and bowels than Dr. Pierce's Golden Medical Discovery. It is compounded from the active medicinal principles, extracted from native medicinal plants, without the use of alcohol, not a drop of which enters into its composition. The benefit felt from its use is not, therefore, due to alcoholic exhilaration, and consequently of short duration, but is enduring and permanent.

The great majority of diseases have their inception in a bad stomach, indigestion, biliousness and impure blood. Among these diseases are deadly consumption, nerve-racking, brain-rotting, nervous prostration, and exhaustion, body-torturing rheumatism, insanely-breeding neuralgia, emaciating malaria and all manner of debilitating blood and skin diseases. Dr. Pierce's Golden Medical Discovery is a cure for all these diseases, if taken in anything like reasonable time. It is not a cure-all, but cures the diseases mentioned for the reason that they are caused and aggravated by the same disorders. It makes the digestive keen, the digestion perfect, the liver active, the blood pure and builds firm flesh and healthy nerve fiber. Don't be wheedled by a penny-grabbing dealer into taking something else said to be "just as good," only that he may make a greater profit. There's nothing "just as good" as Dr. Pierce's Golden Medical Discovery, with its record of cures extending over a third of a century.

A Great Sufferer Cured.

Dr. E. J. Pierce, Buffalo, N. Y., writes: "I have been before for many years, and I owe to Dr. Pierce's Golden Medical Discovery a debt of gratitude. I was, for several years, troubled with severe stomach troubles, sick headaches and nervousness. Could not eat anything without experiencing the most agonizing pain. Had little appetite and was frequently nauseated. My sick headaches were so violent and I could not rest night or day. I became emaciated and thoroughly despondent, and no medicine that I could take seemed to help me at all. It was my father who suggested that I try your medicine and I am glad to say that I had been taking "Golden Medical Discovery" less than five months when I was entirely cured, and can now eat anything without distress."—Miss Rose Staskey, New Astoria, New Jersey, 200 Riley Street.

Cures When Everything Else Fails.

Dr. R. V. Pierce, Buffalo, N. Y., writes: "I have found Dr. Pierce's Golden Medical Discovery to be a most efficacious remedy for stomach troubles. For many years I could scarcely eat anything without being dreadfully distressed, and I was not able to work. I used various medicines without good result, and I was just about to give up when I bought several more bottles of your medicine and used it until I was entirely well. That was about four months ago. I am glad to say that I have been taking "Golden Medical Discovery," also to your Sanitarium, which I know to be one of the best in the country."—Mrs. M. M. Williams, Buffalo, N. Y.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers, on receipt of 21 one-cent stamps to pay cost of mailing only. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

When the "Golden Medical Discovery" is not quite laxative enough, as in obstinate constipation, the little, pleasant, sugar-coated "Pleasant Pellets" should be taken to aid the "Discovery." One or two for a laxative, two to four for a cathartic. They alone have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. They act on the liver and regulate the bowels. Put up in glass vials, corked, therefore, always fresh and reliable.

Pleasant Pellets.

GIN BELOW THE VINEGAR.

Sailors' Smart Trick Deceived Officers for a Month.

While on the China station in 1886 the master-at-arms' mess on the U. S. S. Omaha was in a drunken and demoralized condition for several weeks. Try as he might, the captain could not discover where the liquor was coming from. Finally all shore liberty was stopped, but the drunkenness did not cease. On the morning of sailing while the executive officer was near the port gangway watching the taking in of stores, he asked what was in a large demijohn that came over the side with boxes and packages. He was told that it was vinegar. He pulled the cork and sniffed it. It was vinegar. Then his attention was attracted by the tag, marked "master-at-arms' mess," and remarking that the mess must be using vinegar for bathing, as he had already seen the same demijohn brought aboard twice within that same week, he ordered the officer of the deck to inspect it carefully and "faste it." He did; it was vinegar. That officer, however, noticed that the jug had an unusually long neck. He poured out a small quantity of vinegar and discovered an extra cork in the bottom of the neck. Below that were three gallons of gin. The vinegar between the corks had served to deceive the inspecting officer at the gangway for a month.

TO VLADIVOSTOK NEXT

Japs Are Giving General Linevitch's Army a Rest.

HAVE WITHDRAWN TO SOUTH.

Russian Government, Although Considering Peace, Is Pushing Preparations For Continuing the War—Five Troops to be Mobilized.

Gunshu Pass, March 28.—The Japanese have apparently withdrawn to the region south of the Russian front. Cossack patrols which have been making extensive reconnaissances southward found no Japanese within thirty-five miles. General Linevitch is dispatching scouting parties east and west, to guard against a possible turning movement.

A number of Chinese bandits have been captured, some of whom are Mongolians.

St. Petersburg.—The impression prevails in some military circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war, Vladivostok, is strengthened by the Associated Press dispatch from Gunshu Pass announcing the withdrawal of the Japanese from the immediate front of the Russian army for a distance of thirty-five miles south. It is realized, of course, that this may be merely a blind to cover flanking operations, but it is not improbable that the Japanese, having cleared Southern Manchuria of Russian troops and secured a position from whence expulsion would be a long and difficult process, may be satisfied to hold the Tie Pass line without further extension of communication.

While the voice of the emperor's advisers is for peace if honorable terms are obtainable, the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are reported to be making for the mobilization of five corps. It had been understood that the guards would be retained at St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to that end. There has been a recondescence of reports of a change in the head of the war office. It was stated last night in an usually well-informed source that Lieutenant General Sakharoff will leave very shortly and be succeeded by General Ridiger, now chief of the chancellery of the war office. It is also reported that General Polivanoff will be appointed chief of the general staff. Both Polivanoff and Ridiger are of the younger school of generals, but have high reputations as theoreticians and administrators. General Ridiger is the author of a number of text books on tactics.

The government is advised that Chinese bandits are appearing in great numbers along the Siberian railroad and causing interference with the train service.

The internal situation is causing great anxiety, though it is said that the "intellectuals" and the educated classes generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is being with- held and the strong hand of the military force has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence. The spirit of disorder has spread to St. Petersburg. Moderate liberals in St. Petersburg are becoming alarmed at the situation, reports having been received showing that an actual revolutionary propaganda is being pushed with vigor in many sections of the empire. The authorities of the government are closing the schools there on account of the peasant disturbances.

Left For Unknown Destination.

Tamatave, Madagascar, March 30.—It has been definitely ascertained that the whole Russian second Pacific squadron left the waters of Madagascar March 26 for an unknown destination.

Servant Is Held.

Naples, March 27.—The court at Caserta has held for trial the servant of the late Miss Catherine McCready, of New York, and the servant's father, on the charge of murdering Miss McCready.

Three Men Are Killed.

Troy, N. Y., March 30.—Three men were killed and another so badly injured that he died a few hours later by an explosion at the Schenck powder mills, near this city.

Killed by Live Wire.

St. Louis, March 26.—During a heavy spring storm an electric power wire was broken and fell across a door knob of the home of John McGovern, engineer at the Innesan asylum, situated near the institution, and McGovern was instantly killed.

A 480-ACRE FARM YIELDS 25 PER CENT PROFIT IN A YEAR.

What a Mercer County (Ohio) Farmer Received from One Year's Crop.

Extracts from an interesting letter from P. H. Ryndhart, of Starbuck, Manitoba, Canada, gives an excellent idea of the prosperity of those who have gone from the United States to Canada. He says:

"I bought, August, 1902, 480 acres of land, paying \$12,000 for it. We threshed 2,973 bushels of wheat and between 1,200 and 1,300 bushels of oats and barley from 200 acres. But part of the wheat went down before filling and was not harvested except for hay. The crop was worth at threshing time \$3,000. Besides 120 acres laying idle except a timothy meadow, which is not included in this estimate. Counting the value of the product and the increase of value of land will pay me more than 25 per cent on the investment. Two brothers in the same neighborhood bought 150 acres each six years ago. They have not done a single thing to this land except to fence it and break and cultivate about one-half of it. Harvested last year 28 bushels wheat per acre. This year 27 bushels per acre. They can get any day \$25 per acre. These are only a few of many hundreds of such chances. It looks like boasting, but truth is justifiable and the world ought to know it, especially the home-seeker. I know of quite a few farmers that have made fortunes in from 10 to 20 years, retired with from \$20,000 to \$100,000.

Writing concerning another district in the Canadian West, S. L. Short says:

"Dear Sir—I have to inform you that I have just returned from the Carrot River Country in Saskatchewan, where I located land of the very finest black vegetable land which I am proud of, and will move in the spring. Farmers are still plowing there. A mild climate and beautiful country to behold. Cattle are fat and running outside. Wood and water good. Saw oats weighing 42 pounds to bushel. Potatoes large and well ripened; also wheat that brought there 82 cents. The country exceeded my expectations. Saw oats in stock, thicker on the ground than appears in many of the illustrations sent out in descriptive pamphlets. I have been in many western states, but the soil excels any I ever saw."

The Canadian Government Agents at different points report that the enquiries for literature and railroad rates, &c., to Western Canada are the greatest in the history of their work.

Vice always dresses in the latest fashion.

TO CURE A COLD IN ONE DAY

Take Lavette Bromo Quinine Tablets. An druggist will refund money if you do not get relief in 24 hours.

How Brown Bears Catch Salmon.

Alaska's brown bears catch the Bering sea live largely on salmon and are extraordinary fishers. Before beginning to fish they always place themselves on the downward side of the river. "They seem to smell the salmon by some extraordinary means," says a hunter, "and then begin dashing in and out of the river at some shallow place, rarely failing to catch a fish. They bring it out on the bank and devour it. If possible, selecting some thick patches of bushes and grass in which to make their meal which does not take them long."

MISS BULL RECOVERS

FEARFUL DECLINE OF STRENGTH COMPLETELY ARRESTED.

Medical Skill Had Almost Exhausted Itself in Vain Attempts to Relieve Her—A Remarkable Cure.

The recovery of Miss Gertrude L. Bull is of great interest to the medical world. A very bad cough followed a severe attack of pneumonia. It seemed impossible to break it up or to restore her strength, which had been sadly undermined. In spite of the best efforts of the doctors no use of over a dozen different methods of treatment her condition daily grew more serious. She finally discontinued all medicine and gave herself up to despair.

"What was your condition at this time?" she was asked.

"My stomach was so weak I could not keep food down, suffered from constant nausea, my kidneys were in terrible condition. My feet and ankles were swollen so badly that it pained me even to stand on them. I was very bilious. My heart was in bad shape so I could not go up and down stairs or stand any exertion or sleep in a natural position."

"It seems a wonder that you should ever have recovered. How did it happen?"

"You may well call it a marvel, but Dr. Williams' Pink Pills wrought it. None of my friends thought I could live many months longer. My parents had no hope. Just then a pamphlet advertising Dr. Williams' Pink Pills for Pale People was thrown in my door. It was a great comfort for me. These pills saved me from the grave. Within a week from the time I began to take them I felt better, and in three months I was entirely well. I cannot praise Dr. Williams' Pink Pills too highly and I deeply hope that my experience may bring good to some other sufferers."

Miss Bull, who was so remarkably cured, resides at Union Grove, Illinois. Dr. Williams' Pink Pills act immediately on the blood, purifying and enriching it. In all debilitating diseases, such as lung troubles, grip, fevers, and in all cases in which the system is thoroughly run down, these pills perform wonders. They are sold by all druggists throughout the world. A valuable booklet on "Diseases of the Blood," will be sent free to any one who applies for it to Dr. Williams Medicine Co., Schenectady, N. Y.

The golden rule can't be converted into cash.

Inventing lies has cheapened many a good man's reputation.

Duels for Love.

Duels of various kinds, from the set-to with fists up to the combat with knives or bows and arrows, are still undertaken in the interests of love in sundry places of the earth. The Muras fight with their fists, some of the Mexican tribes use the cold steel and at least one North American tribe relies upon bow and arrow.

LATEST NEWS IN BRIEF.

General Peter J. Osterhaus sailed from the steamer Faderland from New York for Europe.

William Marconi and his bride are passengers on the steamer Campania, which sailed from Liverpool port for New York.

The German government has indefinitely postponed the International world's electrical conference which was to have been held in Berlin next month.

The division of the Russian second Pacific squadron commanded by Admiral Nebogotoff, which arrived at Port Said, from Suda Bay, Island of Crete, entered the canal.

At Rockledge, Ga., a rowboat containing a party of five returning from Ocean Beach to Georgiana was overturned by a small and four of the occupants were drowned.

In Chicago two persons were badly hurt and a dozen others were slightly injured when a State street cable car ran into a Thirty-first street electric car. Both cars were crowded.

Minister Dawson cabled from Santo Domingo that the receipt of the news of the failure to ratify the treaty had caused a great deal of excitement and disappointment in Santo Domingo.

Acting premier and Minister of Foreign Affairs Tittoni announced to parliament that the whole cabinet had resigned, leaving the king free to form a new ministry and that his majesty had reserved his decision. In the meanwhile Signor Tittoni and his colleagues will remain in office to the transaction of ordinary business.

Colonel M. C. Green passed through Kansas City in his private car over the Rock Island system on his way to El Paso and Old Mexico. Colonel Green said that his trip was in connection with the Green Consolidated Company, which he is building from El Paso to the Pacific coast would be completed within five years.

James Monahan, a Searchlight mining man, who was a passenger on one of the storm-bound Santa Fe trains held at Cajon Pass, Cal., for several days, wandered away from the train and became lost. For days he has been trudging aimlessly among the mountains. His shoes were worn and his feet torn and bleeding. It is believed he will recover.

The legislative committee appointed to investigate the alleged collection of a \$5,000,000 fund to influence legislation to extend the tenure of county officials began its sessions in Omaha. The sessions are secret, but former Congressman Hitchcock and E. C. Hunt were permitted to be present at the hearing.

Premier Rouvier strongly approved the project to establish a Franco-American financial institution in Paris during a recent conversation with James Speyer of Speyer & Company, New York.

A survey has been made by the Chicago Great Western for a line from Arispe, Ia., to Carroll, Ia., and right of way and property for terminals have already been bought. The survey runs through Croston, Greenfield and Guthrie Center, all good towns. It is the intention to build the line on to Sioux City.

The United States transport Sumner, carrying the congressional party of fourteen, arrived at Santiago and sailed for Havana. During the stop here the congressmen visited the battlefields in this vicinity.

Allen Ephraim, an Omaha negro, entered a room occupied by his wife and a negro named James Stevenson, killed the woman by shooting and slashing her throat with a knife, and then shot himself, dying instantly. Stevenson, who took refuge in a closet, was the only witness to the tragedy.

A report is in circulation at St. Petersburg to the effect that J. P. Morgan has intimated that he can secure a loan for Russia by the hypothecation of valuable forest lands. The report can not be confirmed.

Professor Montgomery of Santa Clara college in San Francisco, is declared to have invented an aeroplane which has made several successful flights, being guided at will by the aeronaut without the sustaining aid of a balloon.

Sergius Poleitk, a Russian officer who was captured on board the steamer Nigretia enroute from Shanghai to Vladivostok and released on parole, and who, with Captain Zalunsky and Lieutenant Barabash and Lepol of the Port Arthur garrison, has arrived at Harbin on his way to Russia.

ARMY CHAPLAIN

SEVERE KIDNEY AND BLADDER TROUBLE.

CHAPLAIN D. L. JAYCOX.

Thousands of People Have Kidney Trouble and Don't Know It Is Catarrh.

They have doctored with every conceivable drug, have consulted all schools of medicine. It was not until Peruna came into use, however, that these old soldiers found a remedy that would actually cure them.

More cases of catarrh of kidneys and bladder have been cured by Peruna than all other medicines combined.

Address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will be pleased to give you the benefit of his medical advice gratis. All correspondence held strictly confidential.

Hundreds of war veterans have kidney and bladder trouble.

Impure drinking water, sleeping on the ground, and all manner of exposures to wet and cold weather produced catarrh of the kidneys and bladder.

Mr. David L. Jaycox, Chaplain Clarinda, I. O. G. T., and Chaplain G. A. R., 865 Broadway, Oakland, Cal., writes:

"I am an old war veteran. I contracted severe bladder and kidney trouble. I spent hundreds of dollars and consulted a host of doctors, but neither did me any good.

"Peruna has proven the best medicine I ever used. My pains are gone and I believe myself to be cured. I feel well and would not be without a bottle in time of need for ten times its cost."

Thousands of people have kidney trouble and don't know it is catarrh.

They have doctored with every conceivable drug, have consulted all schools of medicine. It was not until Peruna came into use, however, that these old soldiers found a remedy that would actually cure them.

More cases of catarrh of kidneys and bladder have been cured by Peruna than all other medicines combined.

Address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will be pleased to give you the benefit of his medical advice gratis. All correspondence held strictly confidential.

Hundreds of war veterans have kidney and bladder trouble.

Impure drinking water, sleeping on the ground, and all manner of exposures to wet and cold weather produced catarrh of the kidneys and bladder.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shove over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.
The LION COFFEE, because it gets best results you must use the best coffee. Grind your LION COFFEE rather fine. Use 1/2 tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (1 egg is to be used as a settler), then follow one of the following rules:

1. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Stir with a spoon. Do not let it stand more than ten minutes before serving.

2. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, and a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.
1. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.
2. With Cold Water. Instead of eggs, after boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE. Prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.)

MIAMI'S LEADING GROCERY STORE

Johnston Bros. & Co.

A Fresh and Clean Line of Staple and Fancy Groceries Always in Stock.

Also Handle Coal and Grain.

Low Prices is not the point upon which we make a bid for business. High quality first, last and all the time. That being right and profit adding modest, our prices cannot fail to meet with the approval of housewives who study the value.

Ten Good Reasons Why Miami is the Best Town

IN THE TEXAS PANHANDLE

- BECAUSE—It has the best stock country surrounding it.
- It has the best climate, best water and plenty of it.
- It is the best shipping point on the Santa Fe road.
- Its population are not mere "nesters" but STAYERS.
- It has the sharpest competition and gives lowest prices.
- It is surrounded with the best Cattle and finest ranches.
- It's the commercial and legal center of three counties.
- It has the best schools, best churches and best society.
- It is the prettiest town-site and sells good lots VERY LOW.
- It gives a perfect title to perfect lots in a reliable town.

ONE DOLLAR PER YEAR IN ADVANCE

APRIL 1, 1905.

LOCAL NOTES.

April the first.
School trustee election today.
Light showers fell yesterday.
A steady down-pour of rain today.
Wheat in this section is flourishing.
Early grass is not only assured; it's here.

Light bread and pies at J. W. Harrah's.

Call at J. W. Harrah's for fresh fish and oysters.

Canadian is to organize a Baptist Sunday School.

Don't get angry, it was only an "April Fool" joke.

Get a nice, fat, rib roast at the Gist Meat Market at 5c per pound.

Hutchinson county district court convenes at Plemmons Monday.

John Stump is building an addition to his residence in Gray county.

Drs. Dodson & Lewis, Dentists, Front rooms, Smith building, Amarillo.

The conditions of grass is unusually advanced for this season of the year.

W. E. Davis will go up to Pampa next week to erect a blacksmith shop.

A Baptist Sunday school is to be organized in Miami tomorrow afternoon.

Thirty 3c papers of Rush-Park garden seed for \$1 at Johnson Mercantile Company.

Anything you want to eat, from crackers and cheese to a grind stone at J. W. Harrah & Son's Restaurant.

The Johnson Mercantile Co have discontinued their business at Pampa and have moved their stock of goods to Canadian.

If you want a lunch anytime between 7 o'clock in the morning and 12 o'clock at night, call at J. W. Harrah & Son's Confectionery.

Dr. Johnson, dentist, of Miami, will be in Mobeetie to do dental work on the first Monday, Tuesday and Wednesday of each month.

We hear many expressions in favor of the flour mill for Miami, and it is generally believed such a proposition would prove a paying one.

Mr. and Mrs. A. B. Crump came down from Pampa last Saturday night. Mr. Crump returned Monday, while his better half spent the week in Miami.

Don't forget the date of the J. A. Chamber's Millinery Showing at the Johnson Mercantile Co's, store in Miami, beginning Monday April the 10th.

Sick headache results from a disordered stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Central Drug Store.

H. B. Lovett of Gray county was in Miami the latter part of last week and had erected a nice ornamental fence in the cemetery around the grave of his daughter.

Mrs. Boles of Canadian did not arrive in Miami with her millinery stock, as advertised in this paper last issue. And as we have heard nothing further from her we can not give the reason.

Having placed my accounts in the hands of J. E. Kinney for collection, will ask all who know themselves indebted to me to call and settle.

L. A. BRICE.
F. T. Guthrie of Kansas this week purchased 900 head of 3 and 4 year old steers of Mathers & Dunn of Wheeler county at \$30 around.

With a splendid season in the ground and indications good for a good yield of corn, sorghum and other crops, our farmer friends should make preparations to raise their own pork.

A government weather station is to be established in Miami, Judge Carter having made application for the instruments and has been notified by the government that they would soon be shipped to him.

Prohibition claims a strong card in the present Japanese army, which is said to be the most complete body of abstainers from strong drink that was ever assembled in the field. And there can be no questioning the fighting ability of those little yellow men.—Telegram.

The new stock yards at Amarillo are being located a mile east of town and it is proposed to have them completed by April 15th, when the Panhandle Stockmen Association will convene at Amarillo. The yards are to cover 100 acres.

Half the people in the world think they could do better and be happier elsewhere than where they happened to be placed. They see only the thorns, the drudgery and the disagreeable things in their own vocation; and only the flowers and the pleasant experiences in the vocations of others.—Success.

As spring advances more favorably is the outlook for a luxuriant and abundant growth of all vegetation. In fact we are getting so much rain it seriously interferes with preparing the land for planting.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Central Drug Store.

LET THE SUNSHINE IN

Don't be afraid to have a little fun at home. Don't shut your house lest the sun fade your carpets; and your hearts lest a hearty laugh shake down some musty old cobwebs there. If you want to rain your sons let them think that all mirths and social enjoyments must be left on the threshold without when they come home at night. When once a house is regarded as a place to eat, drink and sleep in the work is begun that ends in gambling houses and reckless degradation. Young people must have fun and relaxation somewhere; if they do not find it at their own hearthstone it will be sought at other and less profitable places.

Therefore let the fire burn brightly at night, and make the household delightful with all those little arts that parents so perfectly understand. Don't repress the buoyant spirits of your children; half an hour merriment round the lamp and fireside of home blots out many remembrances of many a care and annoyance during the day, and the best safeguard they can take with them into the world is the influence of a bright little domestic sanctum.—Throckmorton Times.

Test Its Value.

Simmons Liver Purifier is the most valuable remedy ever tried for constipation and disordered liver. It does its work thoroughly, but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs.

M. T. Tomlinson,
Price 25c. Oswego, Kansas.

LAND!

Power of Attorney has been conferred upon the undersigned to sell direct to purchasers, and to execute deeds for lands in Block Number Three of the I. & G. N. R. R. Co. surveys, Gray County, Texas; also for lots in the new and promising town of Pampa.

The rich quality and fast rising value of the land are already too generally known to need much comment. Liberal terms and a low rate of interest. I have also very excellent pastures to rent.

T. D. HOBART,
13 Pampa, Gray County, Tex.

Many Good—One Best.

"On many oils and liniments are advertised it is hard to decide which to buy. I tried a number before using Hunt's Lightning Oil. After using it once, however, I realized I had found the best there was, and it was useless to look further. If it fails its all off. No other liniment will hit the spot if Hunt's Lightning Oil fails.

C. G. YOUNG, Okeneo, O. T.

Notice of Sheriff's Sale

STATE OF TEXAS,
COUNTY OF ROBERTS,
By virtue of an order of sale issued out of the Honorable District Court of Roberts County, on the 14th day of March A. D. 1905, by the Clerk thereof, in the case of Samuel Edge and Mark Huseby, complainants, versus Wm. Brown No. 386, and to me as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in May A. D. 1905, to be the second day of said month, before the Court House door of said Roberts County, in the town of Miami, the following described property, to-wit: Lying, situated and being in Roberts county and State aforesaid known as town lot No. 5 in Block No. 10 of the original town plat of the town of Miami, as located on a part of Section No. 11, Block M 2 H. & G. N. Ry. Co., levied on as the property of Wm. Brown to satisfy a Judgment amounting to \$86.27 in favor of Samuel Edge and Mark Huseby, and cost of suit.

Given under my hand, this fourteenth day of March A. D. 1905.
T. B. STEWART, Sheriff.

Just So.

The newspapers of a town are its looking glasses. It is here you see yourselves as others see you. You smile on them, and they smile back at you; you frown on them, and you are repaid in kind words. They are the reflex of a town. If the town is doing business the newspaper will show it in its advertising columns. If the merchants are spiritless shiftless fellows, whose stores are jumbles of junk and jam, the newspaper will show it by the lack of space they take. If you want the world to know that you have a live town, you can only let it be known through its newspaper.—Perham (Minn.) Bulletin.

It Quenches the Fires.

Your Hunt's Cure is beyond doubt the most remarkable remedy for skin diseases ever formulated. For eight years I suffered almost constantly from an itching trouble the doctors called eczema. My skin was on fire, but less than one box of Hunt's cure quenched that fire. Many of my friends have since used it on my recommendation, and it never fails. Where there's an itch rub it on. It does the work—that's all. Mrs. Helen Whismore, Clarendon, Ark.

Garden Seed—30 5c packages of Rush Park garden seeds for \$1 at the Johnson Mercantile Co.

SOUTHERN KANSAS RAILWAY COMPANY OF TEXAS.

East bound, Local, 12:05 p. m.
The Local is daily except Sundays.
H. E. BAIRD, Agent.

Take your hides to Gist.

Henry Coffee was shaking hands with his many Miami friends yesterday, and kindly favored this office with a pleasant social and business call. He leaves today on his return to Ft. Worth where he is now making his home, having a position with the Godair-Crowell Commission Co. as yard man. Henry is an affable, jovial, fellow with business ability, and an individuality, which it seems to us peculiarly fits him for his new position. He has many friends throughout the Panhandle that wish him the utmost success.

Judge L. C. Heare will leave the middle of next week for various points in Illinois to be absent about a month to work up an excursion of prospective home buyers to be run to this section of the Panhandle some time in May, then at regular intervals thereafter. Judge Heare is immigration agent of the Southern Kansas railway and has as a co-worker with him H. E. Hoover who is also immigration agent aside from his other connections with the road. Judge Heare says that other immigration companies have the states of the North and East so beset with local agents pulling for other sections that it will require hard work to get his plan in operation and will likely take a year to get it to working smoothly. The only thing necessary to make the Panhandle truly great and prosperous is more people, and it is to be hoped this move will prove a success.

Rest and Sleep.

Few escape those miseries of winter—a bad cold, a distressing cough. Many remedies are recommended, but the one quickest and best of all is Simmons Cough Syrup, soothing and healing to the lungs and bronchial passage, it stops the cough at once and gives you welcome rest and peaceful sleep.

Jarvis college at Thorp Springs was destroyed by fire last week. This was one of the oldest educational institutions in Texas and was founded by Clark who named it Add-Ran after his two sons Addison and Randolph. The two sons grew to manhood and they conducted the school for a number of years. Several years ago the school was moved to Waco and soon after the name changed to the Texas Christian University, since which time Addison and Randolph Clark have given their time to educational work in the Panhandle. Last fall they returned to their first love, purchased the Thorp Spring property and entered upon the work when the college building, valued at \$100,000, was burned. The Clarks are recognized as among the foremost educators of the State. The two brothers are old and gray-headed now and the loss falls heavy upon them.

Grass is growing nicely and with good weather would soon be splendid grazing. Even now in the bottom land cattle find enough green grass to entice them away from their feed.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give those Tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale at Central Drug Store.

Rev. Sawyers with his family was up from Canadian this week visiting.

Strength of Nonconformists.

The Nonconformists, who are resisting the new educational laws, under which all are taxed for schools controlled by the Established church of England are, in London alone, 162,052 Baptists, 158,913 Congregationalists, 122,607 Wesleyans and 38,986 members of the Salvation Army.

Chamberlain's Cough Remedy the Best Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for a gripe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Central Drug Store.

WHAT A NEWSPAPER IS

Any man can take a newspaper. It is the cheapest thing you can buy. Every time a hen lays an egg his paper is paid for that week. It costs less than a postage stamp—less than to send or receive a letter.

It comes to you every week rain or shine, calm or stormy. No matter what happens, it enters your door a welcome friend full of sunshine, cheer and interest. It opens the door of the great world and puts you in touch with the news of the day. Drs. Dodson & Lewis, dentists, front rooms, Smith building, Amarillo.

The Smart Set

a Magazine of Cleverness

Magazines should have a well-defined purpose. Genuine entertainment, amusement and mental recreation are the motives of The Smart Set, the

MOST SUCCESSFUL OF MAGAZINES

Its Novels (a complete one in each number) are by the most brilliant authors of both hemispheres.

Its Short Stories are matches—clean and full of human interest.

Its Poetry covering the entire field of verse—pathos, love, humor, tenderness—is by the most popular poets, men and women, of the day.

Its Jokes, witticisms, sketches, etc., are admittedly the most mirth-provoking.

160 PAGES OF DELIGHTFUL READING

No pages are wasted on cheap illustrations, editorial vapors or wearying essays and idle discussions.
