

The Miami Chief.

—The Panhandle, the whole Panhandle, to our pride in its past and our hope for its future, add vigorous work in the living present—

Vol. 6.

MIAMI, ROBERTS COUNTY, TEXAS, AUGUST, 5, 1905.

No. 45.

N. F. Locke & Sons

Will Continue Their Cost Sale for Cash Until Their Fall Stock Arrives.

this is
HOMER MULKEY,
Clarendon's
Up-to-Date
Photographer.

HE WILL BE
IN MIAMI ALL NEXT WEEK
Or Until August 12th, 1905.

He can please you as he has recently finished
a course in the Illinois College of Photography.

THE CENTRAL DRUG STORE,
DRUGS AND MEDICINES, Toilet Articles, Etc.
—C. S. SEIBER, Prop—
JEWELER AND WATCH REPAIRER.
Miami Telephone Exchange Building
Miami, Texas.

Public is Aroused.
The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, my stomach was so weak from useless doctors' drugs that I could not eat. Soon after beginning to take Electric Bitters I obtained relief and in a short time I was entirely cured." Guaranteed at Central Drug Store; 50c.

One and Ten.
The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Central Drug Store.

A Great Congress.

All of the arrangements are perfected for the first annual Panhandle Farmer's Congress, to be held in Amarillo on Friday and Saturday, August 11 and 12. The list of speakers includes some of the best authorities in America in their peculiar lines, offering practical instructions on a range of topics that has never been approached in the western country, and which will be of priceless value to the people of the plains country.

Perhaps the most noticeable figure is that of H. W. Campbell, whose theory in regard to soil culture in the semi-arid belt has been found so valuable the past two years, and whose experiment station at Bovina is under close observation in all parts of the great prairies where the conditions are the same. This will be the first time that Mr. Campbell has appeared before the farmers meeting in the western country, his address alone will be worth traveling to Amarillo from a long distance. The application of his plan has been proven to mean one-third to one-half on all crops without a cent extra outlay, and that ought to mean a great deal to the plains farmer.

Col. Parker Earl of Roswell, perhaps the greatest authority on apple growing in America, and a man of international reputation, will speak on "The Horticultural Future of the High Western Plains," and from the depths of his experience and deep learning will come information of untold value in attaining the true measure of prosperity for the great prairies.

Prof. Alfred Gaskill of the United States Division of Forestry, has been assigned by the Secretary of the Interior to speak on "Forestry and Its Relation to the Farmer and Citizen of Semi-Arid America," and in view of his high standing both in America and abroad his address should be one of the strongest features of the convention. Prof. Gaskill has been prevailed upon to stay all through the convention and may be consulted with by any one interested free of all charge.

J. B. Buchanan of Fort Worth will speak on "Kaffir Corn and Hogs," one of the phases of development that appeals most strongly to the western farmer, and from years of study of which he is most competent to speak.

W. S. Marshall of Channing will speak on "Alfalfa," and his address will be founded upon actual experience, he being the pioneer in the introduction of the great legum on

the high plains, and his successes being now quoted all over the west as a shining example of what may be accomplished in the face of what had been supposed to be insurmountable natural obstacles.

A. H. Leidigh, director of the experiment station at Channing, and who will probably be transferred to the Amarillo station at an early date, will speak on "Cereal on the Great Plains," and his work at the Channing farm will be drawn upon liberally, especially as regards Durum or Macaroni wheat and other drought resisting plants, the understanding of which has been greatly advanced by Mr. Leidigh's work.

There will be some other notable speakers: Congress John H. Stevens of Vernon, will speak on "What the Government is willing to do for the farmers."

Prof. J. C. Craig, of the Texas A. & M. College, will speak on "Forage Crops."

One of the representatives of Swift & Co. will speak on "The Value of Kaffir Corn for Feeding."

John S. Kerr of Sherman, will speak on "Small Fruits."

In the Round Table which will conclude the program, Judge O. H. Nelson will speak on "De-Horning," and there will be address on cotton and many other topics of real interest.

There will be many other features to interest the visiting farmers and sightseers. All of the farmers in the Panhandle are invited to bring samples of their produce which will be properly displayed and accredited.

All of the railroads have made special rates to the congress, of one fare and ten per cent for the round trip and the attendance should run into the thousands.

All of the proceedings of the congress will be open to all of the people and they are cordially invited to attend and get the full benefit of the notable program, the like of which has never before been approached on the great plains.—Amarillo Herald.

William A. Pinkerton, head of the greatest detective agency in the world, ascribes the increase in crime especially in the number of "hold-up" men in the cities, to yellow covered literature. He advocates the suppression of the cheap novel and the whipping post for youthful offenders.—Ex.

Best Money Crop.

Your question, "What is our best money crop?" is one of great moment, and contains much food for thought.

What can we produce that the world needs? Let us start with known facts. We know:

First—That thousands of cattle are raised in Texas and fattened in the north.

Second—That these feeders sell on the market at 2 1-2 cents per pound; they bring from 4 to 5 cents when finished for the market; the price per pound is doubled, besides material gains in weight.

Third—That the northern feeders get more than half the total products of our ranches, and do it in one-fourth the time required to raise the steer from a calf.

Again—We know that the plains country can raise abundant crops of maize, kaffir, sorghum and millet, and that these are almost, if not quite, as good feeds as are produced in the north.

We know, also, that we have a turf that stands a great deal of stamping; abundance of water and plenty of windmill power to do all our churning at small cost.

Now, if these cattle could be fed here, our ranches would divide profits with their neighbors, instead of dividing with the gentleman in Kansas, and there is no good reason why it should not be done.

Can we produce this feed as cheap as feed is produced in the north?

\$6 per ton for maize equals 20 cents per bushel for corn, and if there was a ready market for maize and kaffir at \$6, it could and would

be found as profitable as cotton at 8 cents in counties further east.

This last statement is based on calculations which I have made on the subject heretofore, and can be given later. If any man reading this can give a good reason why this is not a practical scheme, I hope he will state his reason to The Standard.

Let us discuss this subject and see if there is anything in it.—J. L. Travis, in Tulsa Standard.

The yellow fever situation at New Orleans to date is, cases 378; deaths 79.

A postoffice has been established at Nogal, Ochiltree county; Annie Rogers, postmaster.

Miss Grace Lanham, daughter of Gov. Lanham, was operated on for appendicitis at Ft. Worth.

Grayson county carried for prohibition by 850 majority. The pro majority two years ago was 523.

A little postoffice in Texas named Roosevelt has been discontinued for lack of patronage. The people were not strenuous enough.—Ex.

Secretary Wilson says he will not resign because of the scandal in the Department of Agriculture, and the president says there is no reason why he should.

Fiendish Suffering
is often caused by sores, ulcers and cancers that eat away your skin. Wm. Beidel of Flatrock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothers and heals cuts, burns and scalds. 25c at Central Drug Store; guaranteed.

Gov. Joe Folk
Famous Blank Kentucky Jack will stand at the McCauley stable in Miami, for the season. Custom solicited.
M. McCauley.
Price \$7 to insure.

Since Uncle Sam has taken charge of Cuba, yellow fever has been completely stamped out at Havana. Previous to this, every summer U. S. ports quarantined against Havana. Now things have changed, and on account yellow fever at New Orleans and several near by places Havana quarantines against all of Uncle Sam's ports except those of Texas.

Theory of Theft.

The theory of theft is beautifully demonstrated by the following which is now going the rounds of the papers:

Stealing a million—genius.
Stealing \$500,000—sagacity.
Stealing \$100,000—shrewdness.
Stealing \$50,000—misfortune.
Stealing \$25,000—irregularity.
Stealing \$10,000—misappropriation.
Stealing \$5,000—speculation.
Stealing \$1,500—embezzlement.
Stealing \$1,500—swindling.
Stealing \$100—larceny.
Stealing \$10—theft.
Stealing a ham—war on society.

THE MIAMI CHIEF.

LESLIE L. KADD, Ed. & Pub.

MIAMI, FLA., TUESDAY, JULY 24, 1917.

EVENTS OF EVERYWHERE.

George Z. Work, long a leading wholesale tailor of Chicago, died suddenly a few nights since of heart failure while riding on an electric car.

A farm hand named Sam King dropped dead the other day in his wagon while driving to his home in Panola county, Chickasha nation.

The work of paving the principal streets of Muskogee is progressing rapidly. The citizens are spending about \$100,000 in these improvements.

General Linevitch confirms the report that Japanese destroyers landed a battalion of Infantry at Castries Bay July 24, occupied the light house and hoisted their flag.

John Canary, an old resident of Wynnewood, L. T., attempted an outrage on a 14-year-old girl, and on being jailed attempted suicide by cutting his throat with a razor.

A New Orleans man broke through the quarantine and managed to reach Houston, was arrested and placed in a detention camp. The state quarantine is being made more rigorous.

County Attorney Meritt of Collin county, has notified dealers in "free" or "so-called temperance drink," that those dealing in that beverage would be prosecuted for selling intoxicants.

Martin Mayo died at Galveston Friday night from the effects of a gunshot wound sustained at 11 a. m. Eugene Hall, a negro, is held on a charge of murder.

At a mass meeting of the citizens of Baird a commercial club was organized with L. E. Powell as president, W. E. Gilman secretary and Fred Lane treasurer.

The list of the Bennington dead up to Friday numbered sixty-two, there having been two more deaths Thursday—S. Tacate, a Japanese mess attendant, and H. A. Mettiss, pay clerk.

Thirteen Chinamen hidden in a box car, safely got across the border at El Paso, only to be discovered trying to get away from the train. The men were surrounded by immigration officers and arrested.

Patricio Tigerina, a Mexican baker employed at backhart was shot and seriously wounded in an affray having both arms broken above the elbow. It is thought that amputation of both arms will be necessary.

Missouri, Kansas and Texas trains will be running from Austin to San Marcos over the International and Great Northern tracks as soon as the new Colorado River bridge is completed for the latter road at this point.

W. N. Inoway and K. Wuku, Japanese of the coast colony, passed through Dallas a few days since enroute to Japan. They expect to return in the winter and will bring a number of Japanese with them. They think the war about over and that Russia has gotten her fill.

Elder Herbert Crippen of Alamogordo, N. M., Friday completed the twenty-eighth day of fasting in order to rid his system of impurities. He goes about his daily tasks and chops wood for exercise. Elder Herbert says that he will continue his period of self-denial.

A plot against the life of the sultan of Turkey has been discovered by the authorities at Kustajik. A search of houses occupied by Turks disclosed large quantities of revolvers, rifles, cartridges and compromising documents.

A petition is being circulated at Hillsboro, the purpose of which is to ask the city council to extend the corporation of the city about a half mile in all directions for school purposes only.

Word has been received by cable of the death in Seoul, Korea, Wednesday, of Arthur S. Dixey, private secretary to United States Minister Morgan. He was graduated from Harvard with the class of 1902 and was a native of Boston.

Lou Dillon trotted her two fastest miles of the season at Glenville track at Cleveland Friday. Each was made in 2:06. Major Delmar, after trotting a slow first half in 1:08 finished the mile in 2:05.

A train of seven or eight wagons containing farmers who have abandoned their crops in Red River County and are moving west passed through Paris Friday. The movers were carrying along their cattle and all their belongings.

The new machinery is being installed in the Midland shops at Terrell. The machines are of the latest pattern and best equipment. When completed the new shop will be one of the plants in North Texas.

The first person to be sentenced under Oklahoma's new anticigarette law was E. W. Cameron, a news agent at Chandler. Cigarettes are not sold at all in Chandler and the news agent, it was alleged, made good money by selling them from the train.

John W. Lang, an oil driller, was horsewhipped by Mrs. William Devers at Lawton, Ok. Both parties are above middle age. It is stated that the trouble leading up to the affair is an old grudge of many year's standing.

Thousands of Women ARE MADE WELL AND STRONG

Succas of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that it Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatments for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its wide-spread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the uterine system, positively curing disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

Women who are troubled with painful or irregular menstruation, backache, headache (or dizziness), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

People who cannot recognize opportunity always look to others for success.

I do not believe Piso's Cure for Consumption has an equal for coughs and colds.—JOHN F. BRYAN, Trinity Springs, Ind., Feb. 13, 1900.

Buying experience doesn't mean learning from it by a long shot.

Do not forget A large box, package Red Cross Ball Blue, only 50 cents. The Klean Company, South Bend, Ind.

No amount of money can console some people for not having more.

You never hear any one complain about "Defiance Starch." There is none to equal it in quality and quantity, 15 ounces, 25 cents. Try it now and save your money.

Good Jobs Go Begging. There were twenty-eight vacancies in the grade of assistant paymaster in the navy; but of the 2,000 young men who were examined only twenty-four passed and there are still four vacancies.

Country Boys Together. It is not generally known that Dr. Washington Gladden—who has so vigorously scored the church for its acceptance of "tainted" money—and John Rockefeller were country boys together in Tioga county, N. Y., attended adjoining district schools and frequently met in rival spelling bees.

SKIP THE THIRTEENTH FLOOR. From Superstition This Number Is Jumped From 12 to 14.

Tenants of the big office building at 44 Broadway, New York, are not called upon to face the danger of a thirteenth floor. There is no such unlucky location in the edifice, that number having been jumped. The next floor above the twelfth is the fourteenth. F. Augustus Heinze, the thorn of the Amalgamated Copper Company, does not appear to have inherited any superstitions traits. His office is 1313 on the thirteenth floor of 31 (thirteen reversed) Nassau street.

In his fight with the Amalgamated Copper Company Heinze has been exceptionally fortunate. But the superstitious say he would have been doubly fortunate if he had joined forces with the Standard Oil crowd in the first place.

EVER TREAT YOU SQ? Coffee Acts the Jonah and Will Come Up.

A clergyman who pursues his noble calling in a country parish in Iowa, tells of his coffee experience: "My wife and I used coffee regularly for breakfast, frequently for dinner and occasionally for supper—always the very best quality—package coffee never could find a place on our table."

"In the spring of 1896 my wife was taken with violent vomiting which we had great difficulty in stopping. "It seemed to come from coffee drinking but we could not decide. "In the following July, however, she was attacked a second time by the vomiting. I was away from home filling an appointment, at the time, and on my return I found her very low; she had literally vomited herself almost to death, and it took some days to quiet the trouble and restore her stomach. "I had also experienced the same trouble, but not so violently, and had relieved it, each time, by a resort to medicine. "But my wife's second attack satisfied me that the use of coffee was at the bottom of our troubles, and so we stopped it forthwith and took Postum Food Coffee. The old symptoms of disease disappeared and during the 9 years that we have been using Postum instead of coffee we have never had a recurrence of the vomiting. We never weary of Postum, to which we know we owe our good health. This is a simple statement of facts." Name given by Postum Company, Battle Creek, Mich.

Read the little book "The Road to Wellville," in each pkg.

CHICAGO STRIKERS BRUTALLY TORTURE VICTIM WHO MAY DIE

Chicago, Aug. 3.—Apparent evidence that labor sluggers maintain in Chicago a place where systematic torture is meted out to those who incur the displeasure of the sluggers has just come to light in the strange case of William N. Wilder.

Wilder is an Englishman who saw service in the American army in Cuba and the Philippines and held a commission as second lieutenant in the regular army. He is a bold, outspoken fellow of 37, who gloried in his physical ability to take care of himself, and defied pickets or sluggers to intimidate him.

Young Turkeys for Peace Envoys. Maysville, Ky., Aug. 3.—Twenty-five dozen 3-month-old turkeys were shipped to Portsmouth, N. H., by a local firm today. They are intended for dinners to be given the peace plenipotentiaries.

BRITISH DON'T UNDERSTAND THE MOTIVES OF EMPEROR

London, Aug. 1.—The British government is still in complete ignorance as to the motives for Emperor William's recent maneuvers, but it is assured that efforts ultimately will be directed toward a readjustment of the equilibrium of Europe which was disturbed by the removal of Russia from the scale as a sea power.

A high official said to the Associated Press today: "The alarm created by the press of Europe during the past week was undue. The situation is not warlike, although it naturally requires that Great Britain shall make a move to prevent its becoming dangerous. The British government is convinced that an agreement of the powers arranged by Emperor William would be on the

opposite side of the scale from Great Britain, but makes no secret of her desire to effect an agreement with France, considering that such an agreement would preclude the menace of any alliance Emperor William could then bring about."

Whether or not this project has been formally broached to France the Associated Press was unable to ascertain, but indications are that the French government is awaiting divulgence of the German emperor's program.

"France," said an official to the Associated Press today, "should naturally be aligned with liberal governments rather than with autocracies with which the character of her people is not sympathetic."

BOARD IS NAMED TO INVESTIGATE BENNINGTON

San Diego, Cal., July 29.—The flagship of the Pacific squadron with Admiral Goodrich on board arrived here. Soon after the Chicago came to anchor Commander Young of the Bennington and Captain Drake of Mare Island went aboard and were closeted with the admiral.

A board of investigation was appointed whose duties it will be to collect evidence of whatever nature may be considered pertinent to the disaster on the gunboat Bennington and to get this evidence in shape for the consideration of Admiral Goodrich. With the report of this board in hand, the admiral will decide whether or not to appoint a board of inquiry. At 10 o'clock this morning this board of investigation, consisting of Lieutenant Commander F. W. Bartlett, Lieutenant Moody Halstead and Lieutenant Commander, convened on board the flagship and after a consultation with the admiral adjourned to the Ben-

nington. The report of the board is not expected to be made for several days. In the meantime the work of cleaning up the gunboat proceeds slowly, the boilers left in the position in which they were found after the explosion until inspected by the investigating board. Divers have plugged the intake pipes from the outside, thus stopping the inflow of water. Thus far it is reported that the divers have found nothing wrong with the hull from the outside. Scalings from the boilers will be examined by the navy yard chemist, it is understood, to determine if gases created by corrosion and chemical action caused the explosion.

There have been no deaths since those reported last night though the condition of P. Nieman, H. A. Worthen and L. A. Griese are precarious. W. A. Holly and C. Schultz are improving while Ballett, Sullivan, McClintock, Bushnell and Muller show no change for better or worse.

RECRUITS FOR WAR PARTY.

St. Petersburg, Aug. 1.—The intimidation of Sato, Baron Komura's secretary, that the Japanese will claim full indemnification for the cost of the war, besides the island of Sakhalen, has gained recruits for the war party from among the class which had hoped Russia would be able to offer the railroads to Port Arthur, the island of Sakhalen and other valuable considerations in lieu of a direct indemnity.

The gap in General Linevitch's army caused by the losses at Mukden has been filled and the railroad is working to its full capacity carrying reinforcements to form fresh troops.

The completion of the Sakhalen, in order to relieve the traffic on the railroad Prince Hilko, minister of railroad communications, has sent three steamers loaded with rails and a flotilla of river steamers by way of the Arctic ocean to the mouth of the Yenesei river, whence they will be transported up that river to Krasnoyarsk, which is within 400 miles of Lake Balkal.

Slow to Buy Cotton. London, Aug. 2.—At an emergency meeting of the International committee of the Cotton congress it was decided to urge spinners in Europe and America to refrain from buying American cotton during the next three months, except for immediate use.

The committee contended that there will be plenty of time when actual figures are available, regarding the new crop, to consider the situation that will arise and should the supply prove less than the demand to take such steps as may be necessary to meet the conditions.

NO REQUEST FOR ARMISTICE.

New York, July 31.—No statement was given out at the headquarters of the Japanese peace commission today relative to the visit to President Roosevelt of Baron Komura and Minister Takahira, the Japanese commissioners. Mr. Sato, minister resident to the emperor of Japan, who is the official spokesman for the commission, said, however, that President Roosevelt made no request for an armistice.

Annual Fair Opens. St. Petersburg, July 31.—The annual fair at Nishni Novgorod opened with the customary ceremonies, but the town was almost empty. A majority of the shops have been shut, largely owing to the disturbed state of the country.

Sunk in Collision. Havana, July 31.—The coasting steamer Nueva Mortera, of the Herrera line, was sunk in a collision with the British steamer Poekington, off Nuevitas.

Lad Killed by Baseball. Cedar Rapids, Ia., Aug. 1.—Lloyd C. Groat, 15 years old, son of R. A. Groat, traveling auditor of the Rock Island railway, was struck on the head by a baseball while playing in a game here. He died in six hours.

THE PLAYWRIGHT-STAR.

Odette Tyler, Famous Actress, Values Doan's Kidney Pills.

Miss Odette Tyler is not only one of the best known dramatic stars in America, but has written and produced a successful play of her own. Miss Tyler has written the following grateful note, expressing her appreciation of Doan's Kidney Pills:

Foster-Milburn Co., Buffalo, N. Y. Gentlemen:—My experience with your valuable remedy has been equally gratifying to both myself and friends.

(Signed) ODETTE TYLER. Our troubles are not magnified so long as we keep them to ourselves.

"Dr. David Kennedy's Favorite Remedy for all the ailments of the bladder." Dr. Albert Albert, Park Place, N. Y. in a bottle.

It matters little about your associations so long as you are master of the situation.

Stop Babies' Tears. Ninety per cent of babies' troubles are caused by disordered stomach or bowels. They can all be quickly cured by a few doses of that great digestive medicine, Dr. Caldwell's (Laxative) Syrup Pepsin. It digests curdled milk, sweetens the breath, reduces fever and relieves pain. Absolutely harmless to mother or child. Sure relief in teething. Sold by all druggists at 50c and \$1. Money back if it fails.

Find what art you are wedded to, then be your own minister of ceremony.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 3-penny packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-cz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Bodyguard of Dogs. According to report the Sultan of Turkey is to have a bodyguard of dogs. He has lost faith in men and women, who conspire against him.

Fifth Avenue Real Estate. Real estate on Fifth avenue, New York, continues to soar to dizzying heights. The Lorillard mansion, which sold fewer than ten years ago for less than \$400,000, has recently changed hands at about \$1,000,000.

MILLWORKER AN ARTIST. Has Added Adornment to Interior of Carnegie Music Hall.

From the prosaic occupation of painting the outside walls of a mill to the artistic adornment of the interior of the Carnegie Music Hall, Braddock, is a distinction that has just been won by a former millhand at Braddock. Walter Fredericks, a young Swiss, arrived in Braddock a year ago without an acquaintance in the town. He obtained work at the Edgar Thomson plant and soon after was entrusted with the task of applying house paint to portions of the mill exterior. It was discovered by his superiors that he had more than ordinary talent and the next task assigned him was decorating the interior of the mill offices and so great an impression did he make that the trustees of the library heard of him and the art work was given into his hands.

ME TOO. The "Tail Enders" That Follow Genuine Articles. It is sometimes interesting to watch the curves imitators make to get the public to buy imitations of genuine goods.

Every now and then some one will think there is a splendid opening to fix up something like Postum Coffee and advertise the same way and take some of the business.

An imitator is naturally ignorant of food values and how to skillfully make a little coffee, on scientific lines.

Such men first think of preparing something that looks as tastes like the original, with no knowledge of how the grains should be treated to prepare them so that the starchy part is transformed properly and the valuable nourishing elements made digestible.

Such imitations may be foisted on the public for a short time, but the people are critical and soon detect the attempt, then the imitators go out of business.

Something like 400 of these little factories have been started in various parts of this country in the past 9 years, and practically all of them have gone the "long journey." Just lately a new one has come to life and evidently hopes to insert itself in public favor by copying the style of the Postum advertising in the papers.

This is a free country and every man who makes an honest product and honestly labels it has reason for some recognition, but the public has the right to know the facts.

Postum is the one original and genuine cereal coffee, made skillfully and for a definite purpose. It has stood through all the wars of the imitators, has won the approval of the Physicians and the people.

People who really seek to free themselves from the coffee habit and at the same time to rebuild the soft gray matter in the nerve centers, and thus reconstruct the nervous system, broken down by coffee, can rely on Postum.

There's a reason.

SOUTHERN CITIES ACT.

Steps Taken to Establish Thorough System of Quarantine.

Vicksburg, Miss., July 31.—A quarantine against Memphis was established today, the ordinance to be abolished should Memphis agree to quarantine against New Orleans.

Natchez, Miss.—A rigid quarantine was established against all points. No one will be allowed to enter the city except residents of the county.

Helena, Ark.—Helena today quarantined against Memphis and all other southern cities that have not declared a quarantine against New Orleans and other infected points.

Memphis, Tenn.—Four hundred citizens attended a meeting at the Merchants' Exchange today and passed a resolution requesting the local authorities to quarantine against fever-infected points.

Chattanooga, Tenn.—The quarantine instituted by this city against New Orleans and other infected districts in the state of Louisiana was put in force today.

Funeral of Farfadet Victims. Marselles, July 31.—The funeral of the fourteen victims of the submarine Farfadet was held here with imposing ceremonies. M. Thomsen, minister of marine, and other naval dignitaries being present.

LATEST NEWS IN BRIEF. At Evansville, Ind., Albert S. Straub was fined \$40 and costs for killing four squirrels. The fine and costs amounted to \$100.

United States Senator Lodge was received by King Edward at Buckingham palace. He was presented by Ambassador Reid.

The official list of the casualties during the recent four days' rioting at Novgorod shows sixteen killed and fifty-three wounded.

The quarantine instituted against New Orleans and other infected districts in the state of Louisiana, was put in force July 28.

In New York at the Bow street police court the extradition of H. E. Brooks of Uniontown, Pa., was granted on the charge of embezzlement.

Baron Rosen, the Russian ambassador, left Manchester, Mass., for New York to await the arrival of M. Witte, the other Russian peace plenipotentiary.

H. R. Vanderhost, secretary of the Brooklyn baseball club, died from heart failure, due to aneurism of the aorta. He was born 54 years ago in Baltimore.

The transport Warren arrived at San Francisco from the Orient with forty-six passengers and 3,000 tons of coal. During the voyage she sustained some damage to her propeller which was repaired at Honolulu.

Advices from Hong Kong by the steamer Tartar state that mass meetings of guilds continue to be held at Canton and Hong Kong at which arrangements are making to further the boycott against the United States.

A dispatch from Vancouver, Wash., reports the drowning in the Columbia river, of Government island, of Miss Edna Fisher, Miss Lillian Zeigler and Miss May Zeigler, whose ages range from 16 to 28 years. They went in bathing, got into deep water and drowned in sight of two woman companions, neither of whom could swim.

Emperor William, who will visit the king July 31, will stay for three days at Benrath Castle, the summer residence of the king. In anticipation of the visit and apparently in fear of hostile demonstrations against Emperor William, the German legation issued the announcement that expulsions from Schleswig, Prussia, will be stopped.

At the suggestion of President Roosevelt, the war department order changing the assignment of Brigadier Generals Carter, Buchanan, Edgerly and Bliss has been held up temporarily, pending a possible reassignment.

News has been received at Berlin from Coburg that Emperor Nicholas has refused his emperors to Grand Duke Cyril, his cousin, to marry the divorced Grand Duchess of Hesse (Princess Victoria of Saxe-Coburg and Gotha).

At El Paso, Texas, thirteen Chinamen who were smuggled across the border were discovered in a Santa Fe box car with provisions for a journey to Los Angeles. They were placed under arrest by immigrant officers and are being held for trial.

A court-martial for the trial of the sailors who mutinied on the battleships Kniaz Potemkine and Georgi Pobledonozet will be convened at Sebastopol September 8. The men are now confined on the transport Prout at Sebastopol.

An American pilgrimage of about 100 persons arrived at Rome. Bishop Kelley of Savannah, Ga., is their spiritual adviser, Bishop Northrup of Charleston, S. C., also is in the party.

The British admiralty is especially inviting all the American yachtsmen who will be present at the regatta August 8 to attend the big military ball at Portsmouth, and has also invited the members of the American embassy to the many functions to be held in connection with the visit to Spit Head of the French fleet.

Reports that a combination has been effected in street car building companies, including some of the largest concerns in the United States, are published in the New York Times, which states the consolidation will be capitalized at \$54,500,000.

The American schooner Honolulu, now 125 days out from Shanghai for Puget Sound, has been given up as lost, and further reinsurance refused. She is a four-masted steel vessel of 1,053 tons, built at Glasgow. Besides the crew, the wife of her captain was on board when she sailed.

THE PLAYWRIGHT-STAR.

Odette Tyler, Famous Actress, Values Doan's Kidney Pills.

Miss Odette Tyler is not only one of the best known dramatic stars in America, but has written and produced a successful play of her own. Miss Tyler has written the following grateful note, expressing her appreciation of Doan's Kidney Pills:

Foster-Milburn Co., Buffalo, N. Y. Gentlemen:—My experience with your valuable remedy has been equally gratifying to both myself and friends.

(Signed) ODETTE TYLER. Our troubles are not magnified so long as we keep them to ourselves.

"Dr. David Kennedy's Favorite Remedy for all the ailments of the bladder." Dr. Albert Albert, Park Place, N. Y. in a bottle.

It matters little about your associations so long as you are master of the situation.

Stop Babies' Tears. Ninety per cent of babies' troubles are caused by disordered stomach or bowels. They can all be quickly cured by a few doses of that great digestive medicine, Dr. Caldwell's (Laxative) Syrup Pepsin. It digests curdled milk, sweetens the breath, reduces fever and relieves pain. Absolutely harmless to mother or child. Sure relief in teething. Sold by all druggists at 50c and \$1. Money back if it fails.

Find what art you are wedded to, then be your own minister of ceremony.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 3-penny packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-cz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Bodyguard of Dogs. According to report the Sultan of Turkey is to have a bodyguard of dogs. He has lost faith in men and women, who conspire against him.

Fifth Avenue Real Estate. Real estate on Fifth avenue, New York, continues to soar to dizzying heights. The Lorillard mansion, which sold fewer than ten years ago for less than \$400,000, has recently changed hands at about \$1,000,000.

MILLWORKER AN ARTIST. Has Added Adornment to Interior of Carnegie Music Hall.

From the prosaic occupation of painting the outside walls of a mill to the artistic adornment of the interior of the Carnegie Music Hall, Braddock, is a distinction that has just been won by a former millhand at Braddock. Walter Fredericks, a young Swiss, arrived in Braddock a year ago without an acquaintance in the town. He obtained work at the Edgar Thomson plant and soon after was entrusted with the task of applying house paint to portions of the mill exterior. It was discovered by his superiors that he had more than ordinary talent and the next task assigned him was decorating the interior of the mill offices and so great an impression did he make that the trustees of the library heard of him and the art work was given into his hands.

ME TOO. The "Tail Enders" That Follow Genuine Articles. It is sometimes interesting to watch the curves imitators make to get the public to buy imitations of genuine goods.

Every now and then some one will think there is a splendid opening to fix up something like Postum Coffee and advertise the same way and take some of the business.

An imitator is naturally ignorant of food values and how to skillfully make a little coffee, on scientific lines.

Such men first think of preparing something that looks as tastes like the original, with no knowledge of how the grains should be treated to prepare them so that the starchy part is transformed properly and the valuable nourishing elements made digestible.

Such imitations may be foisted on the public for a short time, but the people are critical and soon detect the attempt, then the imitators go out of business.

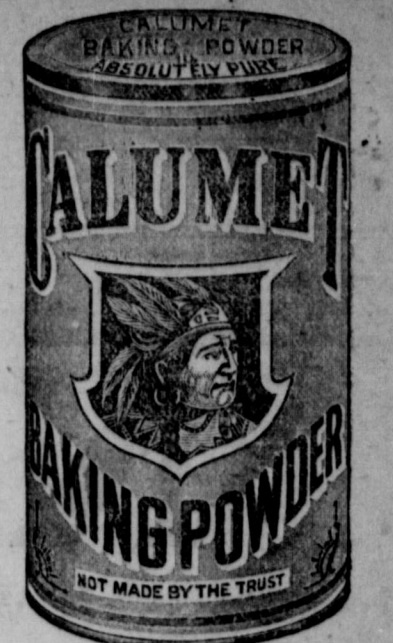

Something like 400 of these little factories have been started in various parts of this country in the past 9 years, and practically all of them have gone the "long journey." Just lately a new one has come to life and evidently hopes to insert itself in public favor by copying the style of the Postum advertising in the papers.

This is a free country and every man who makes an honest product and honestly labels it has reason for some recognition, but the public has the right to know the facts.

Postum is the one original and genuine cereal coffee, made skillfully and for a definite purpose. It has stood through all the wars of the imitators, has won the approval of the Physicians and the people.

People who really seek to free themselves from the coffee habit and at the same time to rebuild the soft gray matter in the nerve centers, and thus reconstruct the nervous system, broken down by coffee, can rely on Postum.

There's a reason.

REMAINS AT TOPEKA

A Sensational Newspaper Rumor Is The Cause of Much Talk.

SUPT. DOLAN NEVER HEARD OF IT

General Manager Dan C. Cain Is Quoted at Length Concerning the Current Rumors of the Impending Changes.

Topeka, Aug. 2.—C. W. Jones, superintendent of the Kansas division of the Rock Island at Topeka, will go to Des Moines to become superintendent of the Iowa division and J. R. Smalley, at present superintendent of the Iowa division, will succeed Mr. Jones at Topeka. The office of the superintendent of the Kansas division will not be moved to Herington, but will remain at Topeka, at least for the present.

The above statements were made by Dan C. Cain, general manager of the Southwest and Choctaw districts of the Rock Island, upon his return from a trip to Oklahoma. Mr. Cain was accompanied by Vice-President H. U. Mudge, who has been in Colorado, and Frank Dolan, who becomes general superintendent of the Southwest district, with headquarters at Topeka, succeeding J. O. Crockett, resigned.

The exchange of territory between C. W. Jones and J. R. Smalley is by mutual agreement, and not on account of a promotion of Mr. Jones, as stated in an evening paper which printed "rumors" of the coming change. The same paper has been claiming that the division superintendent's office would be moved to Herington, which report was promptly and vigorously denied by General Manager Cain.

Mr. Jones was formerly a resident of Des Moines and wants to go back to his old home. Mr. Smalley wants to move to Topeka. Therefore the two gentlemen arranged matters so that they could be transferred. The transfer has been approved by the higher officials. They wanted to make the change and will be allowed to do so.

"I am annoyed at the report that has been in circulation that the office of the superintendent of the Kansas division would be moved from Topeka to Herington. I remarked in conversation with another man at one time that I wished the division office were at Herington, as it might relieve the constant jam there and have the effect of keeping the schedule more intact. Somebody overheard me and took my words for a prediction that the office would be moved."

The location of the office of the division superintendent is a matter that is left wholly with the general superintendent. Mr. Dolan has scores of more important matters to attend to before he can waste any time considering the question of moving the office of the Kansas division superintendent. He has not even heard of the question.

There is no significance in the visit of Vice President Mudge to Topeka at this time. Mr. Mudge has been in Colorado. He met Mr. Cain at McFarland.

"There is considerable new work going on on the Missouri division," stated General Manager Cain last night, "and Vice President Mudge wants me to go over it with him. All of the main line is being rebalanced and new steel is being laid for a distance of 179 miles."

YELLOW FEVER AT TAMPA.

Italian From New Orleans Developed Into Case.

Tampa, Fla., July 31.—State health officer of Florida, Dr. R. D. Porter, now at Tampa, today gave out the following statement:

The Italian, whose name is Victor Vitello, who left New Orleans July 29, coming from the infected district of St. Phillip street direct by rail to West Tampa, arriving July 29, has developed a mild case of yellow fever. The patient with the inmates of the house within a radius of 300 feet are screened against mosquitoes and are guarded and will be kept under guard and daily medical observation and inspection for the next three weeks.

Shorter Hours, More Pay.

Chicago, Aug. 1.—Officers of the Freight Handlers' union sent to the General Managers' association, which is an organization composed of all the railroads entering the city, a request for a conference on Wednesday. The men seek shorter hours and increased pay.

EGAN REMAINS CHAMPION.

Chicago, Aug. 1.—Chandler Egan today won the western golf championship, this time defeating his cousin, Walter Egan, in the finals, 3 up 2 to play. The champion successfully defended his title after being one down at the end of his 27th hole. By great work in the afternoon he squared matters at the 28th hole and won the 29th, 30th and 31st holes in succession. The next three were halved and the match ended on the 34th green.

Stenographer Gets Estate.

Minneapolis, Aug. 1.—Through the dismissal of proceedings in the district court Miss Edna Dickerson, a Chicago stenographer, came into undisputed possession of the estate of Albert Johnson, the deceased Minneapolis millionaire.

Chicago Strike Riot.

Chicago, Aug. 1.—The arrest of forty-two persons last night ended a riot which began with an attack on two non-union teamsters at Halstead and Van Buren streets.

MISS ELLA OFF, INDIANAPOLIS, IND.

SUFFERED FOR MONTHS Pe-ru-na, the Remedy That Cured.

Miss Ella Off, 1127 Linden St., Indianapolis, Ind., writes: "I suffered with a run-down constitution for several months, and feared that I would have to give up my work. On seeking the advice of our druggist, he asked me to try Pe-ru-na. In a few weeks I began to feel and act like a different person. My appetite increased, I did not have that worn-out feeling, and I could sleep splendidly. In a couple of months I was entirely recovered. I thank you for what your medicine has done for me."—Ella Off.

Write Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, for free medical advice. All correspondence is held strictly confidential.

Fear makes cowards of some and desperadoes of others.

What cost us nothing give us but small delight.

GRATEFUL TO CUTICURA

For Instant Relief and Speedy Cure of Raw and Scaly Humour, Itching Day and Night—Suffered Months.

"I wish you would publish this letter so that others suffering as I have may be helped. For months awful sores covered my face and neck, scabs forming, itching terribly day and night, breaking open, and running blood and matter. I had tried many remedies, but was growing worse, when I started with Cuticura. The first application gave me instant relief, and when I had used two cakes of Cuticura Soap and three boxes of Cuticura Ointment, I was completely cured. (signed) Miss Nellie Vander Wiele, Lakeside, N. Y."

BONAPARTE IS NOT FRENCH.

His Mother Was a Woman of Great Force of Character.

Numerous references have been made of late to the alleged French ancestry of the new secretary of the navy and comment is made on his famous name, the Gallic quality of his wit, the shrug of his shoulders and the abundance of his gestures. As a matter of fact, there is not a drop of French blood in Charles J. Bonaparte's veins. His grandfather, Joseph Bonaparte, who married and deserted Elizabeth Patterson before he became King of Westphalia, was a Corsican of Italian descent, while the Pattersons were Scotch-Irish. The new secretary's mother was a down-east Yankee, a woman of great force of character. During the civil war she was aggressively for the Union. In the midst of southern sympathizers, and her influence was doubtless more effective in molding this rigid moralist's character and guiding his political preferences than the quarter strain of foreign kings in his blood.

Those who are so touchy to resentment always lose the touch of contentment.

Voice from Arkansas.

Cleveland, Ark., July 31.—(Special)—Nearly every newspaper tells of some wonderful cure of some form of Kidney Disease by the Great American Remedy, Dodd's Kidney Pills, and this part of Arkansas is not without its share of evidence that no case is too deeply rooted for Dodd's Kidney Pills to cure.

Mr. A. E. Carille, well known and highly respected here, tells of his cure after nearly a quarter of a century's suffering. Mr. Carille says: "I want to let the public know what I think of Dodd's Kidney Pills. I think they are the best remedy for sick kidneys ever made. I had Kidney Trouble for 23 years and never found anything that did me so much good as Dodd's Kidney Pills. I recommend them to all sufferers." "There is no uncertain sound about Mr. Carille's statement. He knows that Dodd's Kidney Pills rescued him from a life of suffering and he wants the public to know it. Dodd's Kidney Pills cure all Kidney ills from Backache to Bright's Disease."

Learn to like that which brings out your strong points rather than that which develops your weaker ones.

Insist on Getting It.

Some grocers say they don't keep Defiance Starch. This is because they have a stock on hand of other brands containing only 12 oz. in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money.

Do you want 16 oz. instead of 12 oz. for same money? Then buy Defiance Starch. Requires no cooking.

A Scholarly Churchman.

The Rev. Father Cavanaugh, the new president of the University of Notre Dame, has been at the head of Holy Cross seminary since 1899, and is one of the most scholarly men in the Roman Catholic church. He is 35 years old, was born at Leeton, O., was educated at the parish school in that town and at Notre Dame, to which he now comes as president, and was ordained in 1891. For the past twelve years he has been assistant editor of Ave Maria, is a well known lecturer, and has been an industrious contributor to the current magazines.

STRANGE, ISN'T IT?

A woman sees a hat or bonnet in a milliner's window. It is in the latest style, so she determines to have that hat—or one just like it.

No use to try to dissuade her—she wants that kind of a hat! No other will suit her.

There she displays her will power, and probably does the same with everything she buys for herself or her family. She makes, as it were, a feminine "declaration of independence."

Is it not surprising, therefore, to find some few women who still allow their grocers to choose for them in important matters like foodstuffs?

In spite of the fact that grocers as a rule have long ago realized the necessity of catering to their customers' rather than their own desires, there are still a few of the other kind left, who show a marked inclination to persuade customers to take what they do not ask for, or desire.

Take Lion Coffee, for instance, the leader of all package coffees, an established favorite for over twenty-five years in millions of homes, on account of its absolutely pure and uniform quality.

Wouldn't you think it impossible that a single grocer can still exist who would oppose such an established argument of merit, by trying to persuade a customer to buy house coffee in preference to Lion Coffee?

Loose coffee has no standard quality—nobody can guarantee that it is even clean.

Of course, really independent and intelligent women know this, and so do up-to-date grocers, but if women were as particular about coffee as about hats, no kind of grocer could be without Lion Coffee.

If you don't enjoy your own company you should consider your imposition on others.

FITS permanently cured. No fee or remuneration after first day's use of Dr. King's Great Nerve Restorer. Sold by F. H. E. Kline, Ltd., 61 Arch Street, Philadelphia, Pa.

Sulkiness is a great evidence of incapacity.

Making Others Happy.

A number of society women in Cincinnati have, for a time at least, given up their summer holiday and are working to make hot weather tolerable for less fortunate sisters. Particularly are Jewish women taking active part in this work. Their efforts are now being directed specially toward making a success of a settlement home and vacation school located in Clermontville, where nearly 200 young women are now enjoying their vacation at a cost not beyond their purses.

NO MORE HEADACHE

GENERAL WEAKNESS AND FEVER DISAPPEAR TOO.

How a Woman Was Freed from Troubles That Had Made Life Wretched for Many Years.

The immediate causes of headaches vary, but most of them come from poor or poisoned blood. In anemia the blood is scanty or thin; the nerves are imperfectly nourished and pain is the way in which they express their weakness. In colds the blood absorbs poison from the mucous surfaces, and the poison irritates the nerves and produces pain. In rheumatism, malaria and the grip, the poison in the blood produces like discomfort. In indigestion the gases from the impure matter kept in the system affect the blood in the same way.

The ordinary headache-cures at best give only temporary relief. They deaden the pain but do not drive the poison out of the blood. Dr. Williams' Pink Pills on the contrary thoroughly renew the blood and the pain disappears permanently. Women in particular have found these pills an unerring relief in headaches caused by anemia.

Miss Stella Blocker recently said: "Dr. Williams' Pink Pills did me a great deal of good. I had headache nearly all the time. After I had taken three boxes of these pills I became entirely well."

"How long had you suffered?" she was asked.

"For several years. I can't tell the exact date when my illness began for it came on by slow degrees. I had been going down hill for many years."

"Did you have any other ailments?"

"I was very weak and sometimes I had fever. My liver and kidneys were affected as well as my head."

"How did you come to take the remedy that cured you?"

"I saw in a southern newspaper a statement of some person who was cured of a like trouble by Dr. Williams' Pink Pills. My physician hadn't done me any good, so I bought a box of these pills. After I had taken one box I felt so much better that I kept on until I became entirely well."

Miss Blocker's home is at Leander, Louisiana. Dr. Williams' Pink Pills are sold by all druggists. Besides headaches they cure neuralgia, sciatica, nervous prostration, partial paralysis and rheumatism.

A poor watch won't keep any better time than an incompetent musical director.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use 2½ tablespoons to each cup, and use extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it is ready to serve.

3. Don't boil it too long.

4. Don't let it stand more than ten minutes before serving.

5. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. The part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water. Instead of egg. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE. Prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

Ten Good Reasons Why Miami is the Best Town

IN THE TEXAS PANHANDLE

BECAUSE—It has the best stock country surrounding it.
 " It has the best climate, best water and plenty of it.
 " It is the best shipping point on the Santa Fe road.
 " It's population are not mere "nesters" but STAYERS.
 " It has the sharpest competition and gives lowest prices.
 " It is surrounded with the best Cattle and finest ranches.
 " It's the commercial and legal center of three counties.
 " It has the best schools, best churches and best society.
 " It is the prettiest town-site and sells good lots very low.
 " It gives a perfect title to perfect lots in a reliable town.

The Methodist church will be lighted by gas, a 10-light acetylene gas plant having been installed this week.

Miss Emma Wine returned last Sunday from Cleardon where she had been attending the Panhandle Summer Normal.

A protracted meeting will begin at the Sweetwater school house, beginning August 20, conducted by Rev. Coleman of the Christian church.

Miss Emma Wine leaves tonight for her home in Missouri in response to a telegram calling her to the bed side of her mother, who is dangerously ill.

Dr. F. M. Johnson, dentist, will spend the fourth week of each month in Miami.

Rev. P. C. Huffmann of Pannin county, and old friend of Dr. Gunn's, is in the city, and will likely invest in land close to Miami.

Rev. Bennet Hatcher, pastor of the Baptist church here, and Rev. J. S. Jesse of Missouri, favored this office with a pleasant call this morning. The latter will preach at the Baptist church tomorrow at 11 and at night.

Joe Heare has saved 250 bushels of the best wheat for seed. This he wants to close out at once. If you want seed wheat, secure it now.

The State Board of Education has fixed the scholastic apportionment at \$25 per capita for the ensuing year. This is an increase of 20c over last year.

If you have wheat to sell get prices from John Newman, who is satisfied he can offer better prices than other buyers.

The protracted meeting begins at the Methodist church in Miami tomorrow. Let all Christian people do what they can to further the interest of the meeting.

Look for the Green Tags.

The case of A. C. Olive resulted in an acquittal, the Judge stating the evidence was insufficient and instructed the jury to return a verdict of not guilty.

Mrs. C. Coffee received a telegram from Throckmorton today bearing the sad intelligence of the death of her sister, Mrs. Karr, yesterday. Mrs. Karr's father started on a trip to New Mexico with her in the hope that the trip would prove beneficial to her but instead she became worse and he was forced to return to his home at Throckmorton.

Homer Mulkey, the Cleardon photographer, has been in Miami all week, but unfortunately he has not been able to do any business because his outfit which he shipped by freight has not arrived yet. However, he thinks it will surely be here by Monday, then he will be ready to take your picture. He has extended his time here and will now stay until August 12th. LATER Mr. Mulkey's outfit arrived today—Saturday.

Dr. L. A. Brice is here from Cleardon, N. M., being a witness in the Sage damage suit. The doctor has been sick and hardly looks so well as he did when he left Miami. Will about have to move back to Miami for his health.

Photographs.

Being the only suitable place in town Dr. Johnson has kindly consented to let me make my headquarters with him in his dental parlor at the Harrah studio building during my short stay in Miami.

Peculiar Disappearance.

J. D. Runyan of Butterville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says "they are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Central Drug Store; price 25c.

LAND?

Power of Attorney has been conferred upon the undersigned to sell direct to purchasers, and to execute deeds for lands in Block Number Three of the I. & G. N. R. R. Co. surveys, Gray County, Texas; also for lots in the new and promising town of Pampa.

The rich quality and fast rising value of the land are already too generally known to need much comment. Liberal terms and a low rate of interest.

I have also very excellent pastures to rent.

T. D. HOBERT, Pampa, Gray County, Tex.

Does Not Irritate.

"I have found Simon's Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver, and all kindred troubles, I have ever used. It does not irritate or grip." Very truly, S. P. Cleary, Jackson, Tenn.

Put up in tin boxes only. Price 25c.

Judge Small of Shamrock was in Miami the former part of this week. His purpose was to inspect the concrete building going up here. After examination he was thoroughly convinced that it was as substantial as any stone building, so he let a contract with L. A. Coggage, who is putting up the building here, for a business house 40x30 feet to be erected at McLean.

Last Saturday afternoon Clarence Harris phoned to Miami that a man in a perfectly undecent condition had fallen asleep behind his pig pen and wanted the sheriff to come down and apprehend the gentleman. Mr. Harris' place is just across the line in Hemphill county, so the matter was phoned to the Canadian and the sheriff of Hemphill county went out and took charge of the man. When the man was discovered Mr. Harris got his six-shooter and went out and woke him and asked him to explain himself. He was very calm and his story was a long one but in effect it was that he had been operated upon for some disease and the doctors who the operation took his clothes. Evidently the man was demented. Mr. Harris togged him up and the sheriff took him to Canadian.

Christi W. Kesser brought to this office Monday specimens of peaches and plums grown on his place near Miami. The peaches were extra large and very fine flavored, but it was the plums that claimed the championship. There were two varieties of the plums, and the specimens consisted of 7 or 8 plums of each variety. The Golden, which gets its name from the color of the fruit, is a plum and will weigh over an ounce each; while the Wiggins is some larger than the Golden plum and a different flavored fruit, but fully as fine. The different specimens of fruit brought to this office recently show that the best fruit can be raised here if given proper care.

Buy it Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save your life. For sale by Central Drug Store.

Dr. Johnson, dentist, of Miami, will be in Mobeetie to do dental work on the first Monday, Tuesday and Wednesday each month.

A press report states that a cannery factory soon start up at Wichita Falls. If the country tributary to Wichita Falls can support a cannery factory, why can not the territory tributary to Miami, which is a better country, be able to support one? Doctor one of our settlers plant more fruit trees. Let's get forward to this.

S. B. Owens is off on a ten days' recreation before getting down to business in his new occupation. He has gone to New Mexico and may visit Colorado before returning. Look out for the State Bank when he gets back. Several good and true citizens near town are going into the organization of the new bank with Mr. Owens.—Alanoed Times.

Mrs. John Stump returned on Thursday last week from her visit to Indiana. On her return she was accompanied by a nephew, Charlie Gale, who came to this country for the benefit of his health.

"How's Your Appetite?"

Does this weather make you want to set down your fork? Do your food disgust you? If so, you need Simon's Sassaaparilla. It picks you up, keeps you alert and the grocery bill tells about your appetite.

Judge L. C. Heare came in on Thursday's excursion train and had seven men with him who he took out in bugles to show them the country. Three of the men were northern agents for Mr. Heare and came down to see the country that they might work their end of the line more intelligently. The other four were prospectors. All of them became enthusiastically interested in the country and Mr. Heare says he thinks three of the men will invest in property close to Miami.

Good 4-year-old mare for sale. Gentle disposition; suitable for family use; free action and well broke; weighs 900 or 1000 pounds. Apply to P. P. Reid, Mobeetie, Texas.

The Alanoed Mercantile Company, or better those who compose the company, have closed out their business here and will, perhaps, leave the town. D. Barnhart will go to Trinidad, Colorado, where his family now resides. J. I. Simkins is away now and will select a homey G. H. Simkins, our deputy sheriff and deputy postmaster, will remain with us for some time.—Alanoed Times.

Chief Surgeon Wyman of the U. S. government, and chief Surgeon of the Mexican government say it has been conclusively demonstrated that yellow fever infection comes from mosquitoes and in no other way.

A Quickening Business Pulse.

The barometers of business of our town, the mercantile establishments, are registering fine records at the present time. There is greater activity, greater confidence and a greater enthusiasm now than has been prevalent here for some time. Strange as it may seem the present prosperous conditions are born of a foreboding hope—was forced upon us.

For time running back seven or eight years the prices of cattle have been such that our stockmen could not realize a profit in raising them for market, but each year would hope that the prices next year would be better, and thus it was carried on until the stockman became hard pressed and disgusted, hardly daring to hope that the stock business would ever again be made profitable—and certainly not under old conditions.

This state of affairs forced the stockman to exert his energies in other directions with the result that he put more of his land in cultivation. This crop experiment was so gratifying from year to year that each year the acreage was increased until last year the largest acreage ever known was put in forage crops in the Panhandle, and aside from this there was some diversion from the usual line and most of our stockmen (now stock-farmers) put in good acreages in small grain, principally wheat, and this did so well that they all now have some spare money, and the result is being felt on the business pulse of the country.

This augurs well for the future of the country. It has been demonstrated that money can be made in the Panhandle outside of the cow business. Though we would not urge anyone to discard the cattle business, but to run it in connection with farming, for this country is peculiarly adapted to strict stock-farming, and stock-farming is pure and simple diversification and will be found more profitable than either stock raising or farming on a basis to itself.

In all countries there are at seasons failures in some crop; therefore we would say don't put all your eggs in one basket. Our idea would be to put a good acreage in wheat, oats, barley, etc., but put a larger acreage in alfalfa, kafir corn, milo maize, sorghum, millet, and some broom corn, castor beans, cotton. Then keep just such a size bunch of cattle that you can well care for even in the severest of winters. Then raise on your farm as near as possible everything you need at home to supply your table; let your surplus of hogs, your chickens and eggs and butter, your vegetables, and your cattle provide the money to cover the bill at the grocers for things you can not raise at home, for clothing, for machinery to run your farm and for labor hire. Let your wheat, surplus oats and other marketable farm products go to cover improvements, and swell your bank account.

If this method of procedure is carried out by our people and by the increasing number of new settlers the Panhandle will experience an era of peace and prosperity, the like of which can be found on no other spot of God's green foot stool. The people will greatly rejoice in their manifold blessings. Mark the prediction, it's coming!

A Touching Story

is the saving from death of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health with serious throat trouble, and two physicians gave her up. We were almost in despair when we resolved to try Dr. King's New Discovery for Consumption, coughs and colds. The first bottle gave relief; after taking 4 bottles she was cured and is now in perfect health. Never fails to relieve and cure a cough or cold. At Central Drug Store; 50c and \$1 guaranteed. Trial bottle free.

Concrete Buildings.

The rock work on the Cunningham building is almost finished. The appearance of the structure would indicate that this concrete, or artificial stone, is as substantial as rock, and more so than some grades of rock.

But a stronger argument in favor of this building material is the fact that the United States is building a large number of its Government buildings of it and when Uncle Sam takes hold of anything it is bound to be the best. Our people here have confidence in the material for building purposes for they know it has been passed upon and approved by men who have every opportunity to test its strength and durability. L. A. Coggage, the contractor now has several contracts ahead.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Red Portage, Ontario, Canada. "Being a mild physique the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale at Central Drug Store.

Thanks!

We wish to express our thanks to all those who donated articles to our Bazaar and Refreshments last Tuesday evening, and also to those who kindly patronized us. Proceeds were \$50 clear. We expect to have our church lighted by gas in time for the meeting.

Very gratefully, MRS. B. F. JACKSON, President, W. H. M. S.

For Lease!

Cholera Infantum.

Rush, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy for sale at Central Drug.

Not a Pipe Dream.

Oil—some kinds—are conveyed by a system of pipe lines, but the Oil that makes all other oils insignificant is conveyed in bottles. It's Mum's Lightning Oil, and its mission is to cure your sprains, cuts, burns, bruises, sores and pains—and it does it.

Dan Trivchen, TONSORIAL ARTIST
