#### Buffalo Cross Breeding.

Buffalo Cross Breeding. The old idea that the buffalo, once so plentiful on the plains of Texas, would become extinct, has been en-tirely exploded. Col. Chas. Good-night, of Goodnight, Texas, has a large number of the animals in his pastures, which he is successfully crossing with full-blooded Polled Angus cattle. The birth of a quarter-bred buf-

The birth of a quarter-bred buffalo heifer a few days ago on this ranch, from a quarter bred cow, by buffalo, and a strain of buffalo blood a quarter-bred sire, proves that at in the cattle has a very strong ten. least that much of the stock can be dency to increase their hardiness. perpetuated forever. Progress in breeding from this quarter buffalo and three-quarter Angus bull bred on three-quarter, seven-eights and two full-blood buffalo heifers, has been carried to such an extent that animals have been produced by this breeding which have nine-sixteenths of buffalo blood in them With the

The duce the death of the mother cow. owned the railways the most practi-

monthly report of the work done there shows that it will take 110 years to finish it. The weeds grow in one end faster than they can carry dirt out of the other.

"No engineer has ever found a rock or clay bed in that celebrated Culebra cut, where the United States has done most of its work. There has been a cut of 350 feet there and thirty inches of rain falls in thirty minutes down those banks. Does

anyone suppose that the alluvial soil won't wash down in there and make a mud canal too thick for a government dredgeboat to keep afloat in it?

"The Nicaraugua route was feasible, and for this reason was abandoned. I was a member of a syndicate preparing to build a canal for \$120,000,000, which would carry

27,000,000 tons of merchandise annually. We were prepared to do the work in four years. This looked too much like a canal, and the great influence behind the present trans-

continental transportation business suddenly ceased opposing the canal project and pushed the clamor over One peculiarity of this crossing to Panama. The men who run our On the other hand it is asserted route and that the long delay in the

Crops and Method of Culture Adapted to Soil Tell Wenders.

The supposition that rainfall increases as a country settle up, is not borne out by facts. That the proper manipulation of the soil to retain the moisture and maintain plant growth can be done, is a fact. The Kansas City Star, in speaking

of the changed conditions of Western Kansas, says: "There is no denying the transformation that has taken place in Western Kansas within the last deade. The illustrating instances

cited in the articles that have been appearing in the Star recently are typical of what her been taking

ridian and beyond. "In 1894, which was one of the

exceptionally bad years, not quite observation station at Dodge City half of the winter's wheat crop was on the hundredth meridian since raised east of the sixth principal 1875. In the first half decade the meridian. In 1903 and 1904 only annual precipitation recorded there 14 per cent was grown east of that ranged from 10.77 to 28.89 inches, base line In 1878 the western two- and the average for the five years thirds of Kansas produced only 22 was 17.49. For the last five years per cent of the corn. In 1904 it the average was 17.39, which it will enraged the people. They battered produced 54 per cent. It is possi- be observed was lower than from ble to pick out a goodly number of 1875 to 1870. The thirty counties west of the ninety-ninth year average since the founding of meridian where the wheat yield has the observation station is slightly building increased from a few thousand bush- above twenty inches. The showing

#### King Edward's Carpet.

Pueblo, Colo., Aug. 6. - A Servian giving his name as Stajan Delic is Persia is famous for carpets, but a confined in the city fail pending an finer example of weaving of that couninvestigation which will be personally try has probably never been seen conducted by Chief of Police Mcthan that which has just been presented to King Edward by the Shah cer Stanko in Bessemer and is susof Persia. A special mission has been pected of complicity in the wrecking sent to England to bring the carpet. of Santa Fe passenger train No. 17 which is so big that it was impossible at Emporia, Kan., May 14, last, when to open it out in the Persian legation six passengers were injured and two when it arrived in London. Its size and the richness of its quality mark it at once as a covering for a state drawingroom. A Persian carpet of average size takes from six months Shanghai, Aug. 9 .- The boycott on to a year to make, the whole of the all American goods is becoming so work being hand done. A huge numburdensome to the trade of all nations ber of weavers were employed on King Edward's carpet as soon as the shah returned to Persia from Engof the diplomatic body at Pekin and land, and every means was taken to expedite its manufacture, but so great was the task that almost three years elapsed before the weavers declared their work finished. Woven into the carpet, as an integral part of a most intricate design, is the king's name, "Edward VII." Another duty of the Topeka, Kan., Aug. 10 .- The Daily special mission of equal importance was the presentation of a gift to the queen. This consists of a brooch set with brilliants and fine turquoises, and is also a piece of native Persian work.

Decorations were also brought over for the Prince and Princess of Wales, that intended for the princess having yet to be conferred.

#### Sound as a Dollar.

Monticello, Minn., Aug. 7th .- Mr. J. W. Moore of this place stands as a living proof of the fact that Bright's Disease, even in the last stages, may be perfectly and permanently cured by Dodd's Kidney Pills.

Mr. Moore says: "In 1898 three reputable physicians after a careful examination told me that I would die with Bright's Disease inside of a year. My feet and ankles and legs were badly swollen; I could hardly stand on my feet and had given up all hopes of getting cured when a traveling salesman told me that he himself had been cured of Bright's Disease two years before.

.

"He said he had taken to his h and expected to die with it, but that he had been cured by a remedy called Dodd's Kidney Pills.

"I commenced taking them at once and I am thankful to say that they saved my life. After a short treatment I was completely restored to ood health and I am now as sound as a dollar."

Church Wrecked by Fire.

New York Aug. 10. - St. Thomas Episcopal church, at Fifth avenue and Fifty-third street, one of the most richly furnished religious edifices in America, is wrecked by fire. Within: a block of the ruined church are the

homes of half a score of the country's Lightning Strikes Oil Tanks,

Houston, Tex., Aug. 10 .- Lightning struck two tanks of the Guffey company on the Humble oil field, setting. both on fire. Over 100,000 barrels of oil were stored in the tanks, all of which was destroyed, entailing a loss

of between \$300,000 and \$400,000. Not Ready to Report. Topeka, Kan., Aug. 9 .- As the creditors of the C. J. Devlin estate were not ready to file their reports and elect trustees a month longer was given them. The hearing was to have come up before N. H. Loomis, special

referee in the United States Circuit Court. This will also give the receivers more time to prepare their report for the creditors. Bids Were Too Low.

Washington, Aug. 9.-Bids for coal and asphalt lands in the Choctaw and Chickasaw nations near Ardmore were opened at the Indian office. Two

bids were received, and are considered so low that they will probably be refused by the Choctaw and Chickasaw commission having the matter of sale in charge. The bids were made by parties in New York. When the lands in question were appraised by government officials they were expected to yield a royalty of over \$100 per acre.

Largest Railroad Station Leipzig, Aug. 5 .- The new central

railway station in course of construct tion will be the largest in the world. it is claimed. The frontage will be 350 feet. All car lines will pass the doors and there will be stands for

222 cabs. The adjacent streets will be broadened six feet to facilitate the passage of men, cars and horses.

The Orient railroad builders own more than fifty townsites along the road's right-of-way. Only three of these are in Kansas. he has refused a "flattering offer" to make a "lecture tour" of the United Thousands Write to Mrs. Pinkham, Lynn, States. Great men have often succumbed to this temptation, which, it may be, in the outcome has damaged neither their rectitude nor their prestige. But this supreme test of the great soul, this lofty contempt of the American dollar, this willingness to leave unsated the curiosity of

a book-buying public, should not pass unremarked. And we have been told that Gorky is a realist!

An Eastern Character. The Shaeen Baba is common in

nearly all North India towns. This follower of the prophet of Arabia goes about the streets with a hooka all ready for smoking. He calls out to the passers-by, "Bhaia hooka pulao" ("Brother, have a smoke"). The Hindus will take the chillum - the bowl containing the fire-and smoke direct from it without the intervention of the hooka. The Mussulman

takes a pull or two from the snake of the hooka. Occasionally he gets a copper or two from those who enjoy the backs. Use the disease is and this is the reahis hooka. He blesses the giver with his hooka. He blesses the giver with son why so many physicians fail to the words, "Abad raho, khus raho" cure female disease.

of life is held by the great Grindel-wald guide, Christian Almer, who relaber of Manning, Ia. She

wald guide, Christian Almer, who celebrated his golden wedding in com-pany with his family on the peak in 1896. The Wetterhorn was Almer's own mountain. He was said never to be happy if he did not ascend it at least once in a season every year since he took part as a lad in Justice Willis' first ascent of the mountain in 1854, and planted a young fir tree on the summit. Nowadays the Wet-terhorn is lightly referred to as a "ladies' mountain," but two terrible disasters in one week, of August, 1902, showed that it is to be respect-ed.

business. High quality first, last and all the time. That being right and profit adding modest, our prices cannot fail to meet with the approval of housewives who study the value.

# Ten Good Reasons Why Miami is the Best Town

#### IN THE TEXAS PANHANDLE

- BECAUSE-It has the best stock country surrounding it. It has the best climate, best water and plenty of it.
  - It is the best shipping point on the Santa Fe road. It's population are not more "nesters" but STATERS.
  - It has the sharpest competition and gives lowest prices
- It is surrounded with the best Cattle and finest ranches much interest is manifested. Rev.
- It's the commercial and legal center of three counties. Sawyers is doing some able preaching,
- It has the best schools, best churches and best society clear and convincing, which should
- It is the prettiest town-site and sells good lots VERY LOW result in leading some soul to a higher
- It gives a perfect title to perfect lots in a reliable town ---- For full particulars Address the---
