On arrival at Wellington or Emporia shipments that cannot make destination within the 28 hour limit will be unloaded for the required feed, waier and rest as provided for by U. S. Government Regulations. They will be reloaded in the afternoon and reach Kansas City and St. Joseph markets on the following day.

These trains are intended to take care of the small shipments which would otherwise have to be handled on way freight trains, but on account of the necessity of gathering these shipments all along the line we cannot guarantee the above schedule at all times. We will continue to handle trainload shipments, with proper notice, on any day of the week against flirting and making goo-goo eyes on the streets. Also has appointed a special policement to look after the would-be "masher."

FEVER'S AFTER EFFECTS

Did Not Disappear Until the Blood Was Renewed by Dr. Williams' Pink Pills.

Typhoid fever is sometimes called ner vous fever. During the course of the fever the nerves are always profoundly disturbed, and when it is over they are left so sensitive that the patient has to be guarded against all excitement. In the tonic treatment then demanded, regard must be paid not only to building up flesh

must be paid not only to building up flesh but also to strengthening the nerves. A remedy that will do both, make sound flesh to repair waste and give new vigor to feeble nerves, is the most convenient and economical. Such a remedy is Dr. Williams' Pink Pills for Pale People.

One proof of this is the experience of Mr. Charles Worth, of East Vassalboro, Maine. He says: "I had a severe attack of typhoid fever late in the fall which left me very weak and debilitated. My heart palpitated, my breathing beame difficult after the least exertion and there was numbness in both hands. I suffered in that way for fully six months. As I did not grow out of it, did not in fact see the slightest improvement as time passed, I decided to use Dr. Williams' Pink Pills as I knew of some cures they had effected in cases like mine.

"Almost as soon as I began taking them I could see decided improvement and after keeping on with them for several weeks I was completely well. I consider Dr. Williams' Pink Pills a most valuable remedy, and I am in the habit of recommending them to others afflicted as I was."

When the nerves ache and trem-

ble it means that they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' Pink Pills. They are absolutely guaranteed to be free from opiates or other harmful drugs. They are sold by all druggists, or may be obtained directly from the Dr. Williams Medicine Co., Scheneotady. N. Y.

French Count's Queer Pet.

A French count, who is occupying a villa in a fashionable part of Carlsbad. Germany, takes his daily constitutional stroll accompanied by a young lion. The animal is a mere whelp about the size of a large retriever and appears to be greatly attached to its master. It is playful as a kitten and purrs like one. It is not allowed on the Carlsbad promenade by edict of the city fathers.

The stubbornness of other people would be firmness if we had it.

One of the candidates at a recent election in Derbyshire, England, was a newcomer not remarkable for his generosity. He found himself defeat ed at the polls, and bade adieu to the electors with the words: "At any rate, ladies and gentlemen, my wife and I have spent a very happy fortnight in the peak." "Yes," came a sudden retort from the crowd, "and

that's all you have spent." ITALY'S GREATEST POET.

Until Recently Has Retained Chair as Professor in University.

Italy's greatest living poet, Giosue Carducci, celebrated his 70th birthday on July 27. Until a few months ago he had retained his chair of professor of classical literature at the University of Bologna, which he first occupied in 1860. He made up his mind at that time to give up poetry and devote himself exclusively to philological and literary tasks; but in 1867 he brought out his "Hymn to Satan," which made a sensation and established his fame. In this and other works he mercilessly castigated the follies of Italy. While aware that political verse is ephemeral, he wrote a good deal of it. During the Franco-Prussian war he sympathized strongly with the French, and bitterly attacked Wilhelm I. Perhaps the oddest of his poems is that in which he likens Robespierre to Kant.

OUST THE DEMON. A Tussle with Coffee.

There is something fairly demoniacal in the way coffee sometimes wreaks its fiendish malice on those who use it. A lady writing from Calif. says:-"My husband and I, both lovers of

coffee, suffered for some time from a

very annoying form of nervousness,

accompanied by most frightful head-

aches. In my own case there was eventually developed some sort of affection of the nerves leading from the spine to the head. "I was unable to hold my head up straight, the tension of the nerves drew it to one side, causing me the most intense pain. We got no relief from medicine, and were puzzled as to what caused the trouble, until a friend suggested that possibly the coffee we drank had something to do

with it, and advised that we quit it and try Postum Coffee.
"We followed his advice, and from the day that we began to use Postum we both began to improve, and in a very short time both of us were entirely relieved. The nerves became once more, the headaches ceased, the muscles in the back of my neck relaxed, my head straightened up and the dreadful pain that had so

punished me while I used the old kind of coffee vanished. "We have never resumed the use of the old coffee, but relish our Postum every day as well as we did the ormer beverage. And we are delighted to find that we can give it freely to our children also, somethin we never dared to do with the old kind of coffee." Name given by Pos-

THE IDEAL

Shapes the Destiny of Men-The Influence of a Healthy Woman Cannot Be Overestimated.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyes because she has the quali-ties which inspire admira-tion, respect and love.

There is a beauty in health which is more attractive to men than mere regularity of feature. The influence of women The influence of women glorious in the possession of perfect physical health upon men and upon the civilization of the world could never be measured. Because of them men have attained the very heights of ambition; because of them even thrones have been established and debeen established and de-

What a disappointment, then, to see the fair young wife's beauty fading away wife's beauty fading away before a year passes over her head! A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home, and a drag upon her husband.

The cost of a wife's constant illness is a serious

stant illness is a serious drain upon the funds of a household, and too often all the doctoring does no good.

If a woman finds her energies are flagging, and that everything tires her, dark shadows appear under her eyes. her sleep is disturbed by horrible dreams; if she has backache, headaches, bearing-down pains, nervousmess, whites, irregularities, or despondency, she should take means to build her system up at once by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

This great remedy for women has

This great remedy for women has done more in the way of restoring health to the women of America than all other medicines put together. It is the safeguard of woman's health.

Mrs. Bessie Ainsley of 611 South 10th Street, Tacoma, Wash., writes:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so that I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grate-ful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every woman who is in poor health and ailing.

Its benefits begin when its use begins. It gives strength and vigor from the start, and surely makes sick women well and robust.

Remember Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of woman's ills. This fact is attested to by the thousands of letters from grate-ful women which are on file in the Pinkham laboratory. Merit alone can produce such results.

Women should remember that a cure for all female diseases actually exists, and that cure is Lydia E. Pinkham's Vegetable Compound. Take no substi-

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information .- Hall's Journal of Health.

Dr. Wm. L. Bosserman, of Buffale, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family." Dr. R. J. Hamlen, of Detreit, Mich., says: "I prescribe your Castoria ex-tensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartly endorse it and believe it an excellent remedy." Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for reral years past in my own family and have always found it thoroughly efficient d never objected to by children, which is a great consideration in view of the fact at most medicines of this character are obnoxious and therefore difficult of gduistration. As a laxative, I consider it the peer of anything that I ever pre-

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Mrs. Stockman, who left Miami about a month ago after a visit to her daughter here, Mrs. H. G. Hendricks, and who visited friends and relatives at points along her way home, died of heart-failure about two hours before she reached her home in California. When the message bearing the sad news of the death of her mother reached Miami Mrs. Hendricks was on a pleasure trip in the mountains of Colorado and was not apprised of the sad affair until she returned home. Mrs. Stockman made many friends among the people of Miami and Mobeetite on her visits to these places who will be pained to hear this sad news, and our people bear the deepest sympatho for the bereaved.

Mr. and Mrs. S. B. Owens and family, have moved to Clarendon from the ranch in Gray county and are now "at home" in their new home, the old Bevbeverly place. POR A DISPLAY of Panhandle Products.

The Johnson Mercantile Company have graciously donated the use of the writer store for the display of Panhandle products.

This is a good advertising scheme for this section of the Panhandle. Prospectors in town here every day and if they see a good display of products the story is told as to the productiveness of the soil and if they are convinced all they have to do is to go out and make a selection of places. So let everybody help in this missionary work. Bring in a sample of your best crops. These will be labled with the name of the grower, average yield per acre, ect.

In this village lives Jim, Who as everyone is aware, Is manager of the Mercantile And who on Sunday has never a care

But goes fishing and is wishing
That he could shoot a hare;
But, one fine morning in May
He found he had landed a Baer.

One warm day late in June Jim learned that his man Hood Had decided in Fort Worth to be That it was the place where he could Go and obtain a higher wage-Where coal cost more than wood, Where the people died of old age And the train service was good.

On the morning of July five, Some one said, "if you will list You will hear a young man coming By the name of Rodger B. Gist. In a few short weeks Rodger Had managed to place his fist On property in the city of Amarillo And once more there is no "rist-

'Now," says Jim, "what shall I do? This thing of looking for men
Is making me extremely blue;
It's not what it should have been.
Gee, I have it! I know what to do.
I'il order a Gunn. I'm sure then
The Baer will have something new
To growl about. What then?

Since the advent of the Gunn. The sky is clear and Jim's sun Hus never failed to smile on us. So will the Mercantile smile On you if you will drive a mile
