No. 11

For Training Camp.

WINDOM ALLEN CAPTAIN AND ALL LEAVE APPARENTLY HAPPY.

Monday morning at a pretty early hour, Windom Allen, Earl Chisum, Nelson, Joe Collins and Dimcy left for the training camp at Antonio. Thomas Bruce Whit will join them before they reach camp and Troy Williams Adams one of the boys certified too that he had not been heard from lately. It is supposed that he received a telegram and be at the camp in proper time. The last named seven boys were our last call for 40 per cent. A next call will be for the last fifty per cent of our quota and the list on the list to be called is Frank White and John Hill. Their exchange claims have not yet been heard from, having gone to the district board on occupational grounds. Monday morning of this week saw the demonstration for our boys going. A big chicken feast was prepared for them and was served in the Rock Cafe. The Miami Band and string orchestra furnished a three hour program of music and near 100 people were out to the 2 o'clock supper. The Band escorted the boys to depot and gave them a selection of the train left. A large number of friends and relatives were also at the spot, even at this early hour in the morning to bid them "Good-by, good luck, God Bless You."

Windom Allen was chosen Captain of the Miami squad and the boys stated that if all their captains were as good as Windom, they would surely have a pleasant set of officers. Windom carried their railroad tickets and meal tickets and we have a suspicion that he carried them through safely.

We feel sure that if the U. S. Army is made up of such boys as have left Miami, we will not only have a fighting army, but one which is clean morally. It has been charged in the past that the U. S. Army was made up of many low class foreigners who came to this country mostly to draw a salary and do nothing. This whether true or not, can never be said of the boys going now. They are going only for one purpose,—the cause of democracy—and the boys who wear the khaki are true brave men of the highest intellectual type and moral con-

Moving Day.

It has been "Moving Day" this week for some of our business concerns. J. L. Seiber and Co., began Monday to move into the new Seiber building which has just been completed. This building is very modern in every respect. It is 110 feet long and 30 wide, two story. The upper room will be used for a big stock of furniture which makes a model room for the purpose. It also contains a ladies rest department with water connections and toilet. The lower floor interior, being finished very complete to the smallest detail. Highly polished furnishings, brilliantly lighted electrically and with extra large display windows, making one of the most modern business establishments in the Panhandle and excelled only in the larger cities.

Locke Bros. are also making many nice improvements on their establishment. The Locke Dry Goods department will be moved next week to the old Seiber store building. Front screens torn away, interior painted and prepared for a department store and the coal houses, windmill etc in the rear removed and a sheet iron ware house erected in their place. Connected with City water and many other little details to make the building a convenient nice place in which to handle their large business. This building which they purchased in the spring will give them 100 feet front and 150 back, containing their shelf hardware, Groceries, Furniture and Dry Goods.

Life everywhere is a battle royal between man and matter, as to which shall be master.

Glory and Honor in the highest to our boys in training and at the front in France. We who stay at home must keep the fires burning brightly until they return to home and loved ones. They are not only fighting for the liberty of the world, they are fighting for the liberty of every individual. When a term is applied as world or nation some folks can't get the idea that they are in the world or in a nation. It is the patriotic duty of every individual, rich or poor, great or small to leave no patriotic duty undone, no matter how small or insignificant it may seem.

SCHOOL NOTES

The first month of school is past. We were glad to welcome a large number of old and new pupils. Our enrollment during the first month was 297. 105 of these are High School pupils. We, also, welcome several new teachers and are glad to note that all are down to hard work.

In our efforts to secure affiliation for the Miami High School, we need the assistance of the parents and the people in general. In order to reach this goal, we must have better work than that we were able to secure last year. We must improve. To do so, it is necessary to enlist your sympathy and assistance. You can help by putting your approval on works that are strict and just. Our grading must be scaled down. In doing this, is danger that strict grading and classifying will be misunderstood. When this time comes, you can assist.

Efficient work must be done in every department. In the High School and in the grammar school, home work must be done, if we are ever to attain a reasonable degree of efficiency. Here we need your help. Social events during the week that take the pupils away from their work mean poor work, sleepy pupils and a dead school. You can use your influence to assist us in securing home study by discouraging parties or other gatherings that completely upset school plans in this way. If your child spends his evenings on the streets, ask yourself how often you have seen loafers turn out well.

It is worth while to put the school in good standing. It is worth while because it not only enables the boy and girl who wish to do so to enter our College and universities but to carry their work there creditably. It is worth while, because it makes the school better for those whose ambition and choice do not lead them to continue school work beyond their course here. Come let us pull together for the general good. Visit the schools and see the work. Make suggestions. They are useful things and will be thankfully considered.

L. H. P.

To be held by what you hold, to be owned by what you own, to be controlled by what you control is the most subtle and serious form of servitude.

RED CROSS.

So many have inquired about the Hour-A-Day Club and its work for the Red Cross movement, I take this opportunity to say—through the kindness of our editor—that the box we sent off contained about 135 pillow cases, fifteen sheets, 275 wash rags and handkerchiefs, 25 towels and 25 hot water bag covers. They were very thankfully received and pronounced "a most splendid box" and would be sent with their next shipment to France. We now have over \$100.00 in our treasury. On Thursday the 18th, at the Court house club room a meeting is called to elect a new president for the winter. Please meet promptly at 3, everyone that is interested in this work for our Country.

Mrs. B. F. Jackson Vice-Pres.
Mrs. Stocker, Treasurer.

A FEW SERIOUS, INTERESTING, AND SIMPLY TOLD FACTS ABOUT OUR COUNTRY, THE WAR, AND THE LIBERTY LOAN

The total yearly income of all the people in this Country is estimated at forty billion dollars.

During the first year of the war we must find eighteen and one half billion dollars, or about forty-seven dollars for every hundred dollars that we earn.

These figures are astounding, but we can "get by," and if you will read on you will see how we are going to do it.

There are two ways in which the government will raise this money—by taxation and by borrowing money from you.

The more the Government will allow you to loan to it the less it will have to tax you right now. Therefore, ease your taxation by buying a Liberty Bond.

Arguments about facts which have been mentioned is useless. We are in the war; we MUST win, and to do it the money MUST be found.

This is how we are going to find the money—BY ECONOMIZING AND SAVING.

Duty demands it; common sense advises it, and the Government calls upon you to do it.

Waste and Extravagance MUST go, and the money so saved loaned to the Government or given up to them in taxes to carry on the war.

Give up the money you waste or the "unnecessaries" of life, and buy a Liberty Bond with it. You will be putting by for a rainy day and serving your country at the same time.

Liberty Loan County Organization.

The Chief editor has been appointed Chairman of the Liberty Loan Committee for this county, and asked to appoint salesmen in every part of the county to push the sale.

This county's minimum quota on the second loan is \$31,500, and we have been asked to raise twice the amount if possible. This was our quota the first loan, and we subscribed only a very small per cent of it. We hope however this time that the people can see the necessity of sacrificing if need be to buy Liberty Bonds. There are few people who are not able to buy at least one bond. There are many who can buy them by the dozen. Figure the value of your property and money with liberty and without it, then spend half the difference in Liberty Bonds.

Following is a partial list of the salesmen we have asked to help sell Bonds.

- G. C. Fletcher.
- Jim Saul.
- H. P. Wilsford.
- C. R. Cowan.
- Clarence Lock.
- Earl Talley.
- Arch King.

Any of whom will be glad to explain any detail you might wish to know. Application can be made to them or through any bank. Every individual in the county is also asked to help, whether or not your name is on the list. It is your duty.

Just why salesmen are necessary in the sale of Liberty Bonds we can not say. People should take it upon themselves to go hunt up and buy them; but some of us forget it unless special attention is called. Buy a Liberty Bond and sell Liberty bonds. It is everybodys patriotic duty.

LYCEUM COURSE THIS WINTER.

The ladies of the B. W. M. W. have contracted for a three number Lyceum course for Miami this winter. The first number will be Thomas

EXTRA SPECIAL

FOR SATURDAY, OCTOBER 13th.

- 10 lbs. Standard fine sugar, \$1.00

OPENING DAY

MONDAY OCT. 15th.

We are going to call Monday, October 15th the formal opening day for our new store. While we are selling goods this week, we are not straightened out, but will have everything in readiness for business Monday.

WE INVITE YOU.

To call and see our new store. We believe as good as the Panhandle affords. It cost us lots of money, but we are here to stay and are trying to afford the very best possible for our customers. Just come in for a visit and look over our new quarters, its worth coming to see.

WE INVITE YOU.

To also call and inspect the splendid line of Dry Goods and furniture we have in the new building. We purchased most of our goods several months ago and can actually sell at a profit today, at what others are paying for their stock. Many new lines of dress goods, shoes, hats, gloves, etc., and among the best things provided is our new furniture department. Everything in the furniture line.

WE INVITE YOU.

To do your trading with us. Having served the people at Miami for the past twenty years, you know us, and we know you, but we are better prepared than ever to fill your demands. We have by far the biggest stock we have ever carried, and we can serve you right.

J. L. Seiber & Co.

WANTED HORSES & MULES

Horses from 5 to 9 years old and from 15 to 16 hands high. Mules from 4 to 10 years old and from 15 to 16 hands high. Stock must be sound and in good flesh, no tall or out classed one wanted. WILL BE AT MIAMI FRIDAY, 12th & SATURDAY 13th, and will pay the highest market prices.

19 boys left Canadian for Hemphill county's quota to the training camp. Wheeler county sent 21
 Saturday of this week is designated as Press day at the Amarillo Fair. The writer expects to meet many of the Panhandle Publishers there and enjoy a days visit with them.

Many of the Grocery Merchants all over the country are adding efficiency to their delivery systems and cutting expenses. People are being asked to give their morning orders by 10 o'clock and the afternoon order by 4 o'clock. It is just as easy to do it this way as any other, once the habit is started.

The scarcity of labor is not only affecting the Panhandle but all sections of the country. All over the Panhandle, men who have been in the habit of hiring their work done, are now doing it themselves. It may hurt some fellows' feelings to get out and do hard manual labor, and long hours at that, but it is a patriotic duty to do it. It may be harder work to saw wood than shoot Germans but not half so dangerous.

Supt. Kelley of the Mobeetie High School was called to the colors and answered the sump last week, leaving them without a Superintendent. Prof. Hise has been secured to take his place. Our educational workers are furnishing their share of the fighters the same as any other occupation. Not only are the farmer boys going, but the factory, the railroad, traveling salesmen and professional men. Printers are now so scarce that some publications are almost disastrously threatened with labor shortage. Many of them are howling more about it. It is almost impossible to find printers now.

The Methodist church at Hansford are preparing to build a magnificent new church house. They contracted for a page ad in the Hereford P and for several weeks and are finding it a good medium of solicitation.

The first year of the war will cost the United States eighteen billion dollars. This is about a third of the total cost of all our Allies for three years of war. Possibly a big cause for this was our unpreparedness, when we started in.

Work harder than you ever did in your life; live more economical than you ever did; try to produce more than you ever did; use every system and saving device possible, and do it with a vim and a pleasure. You are a part of our Government, and we need every possible resource the dear old country can produce.

If you happen to hear a hideous sound as though from a hundred voices or one of those peculiar songs that sound like something is terribly bad the matter, Monday or Tuesday of this week, and haven't yet found out the meaning, why just remember that we are going to have a foot ball game soon and the High school need some new yells.

Without system and efficiency it would be impossible to feed, cloth and supply a big army such as we now have. One not accustomed to thinking on such matters has no idea of the great task it is. System is sure absolutely necessary with big things, but for complete success, it is just as necessary on smaller things. A man can put system and efficiency on his farm, in his store, bank, shop or elsewhere and it will prove its value in no time. A woman using system in housework will get twice the work done with half the labor. Put system into your work.

The printing industry of the United States is rated as sixth in our big industries. Their rating is not fair as the printing machinery manufacturers and paper mills are not included in this report. If they were included the printing industry would rank third, leaving only two industries ahead of them. Since the printing press is the education of the world, this is a good report for the United States. People must read to learn. Street talk will not give you much education.

There are few men who can be on the right side of all questions all the time. Did you ever stop to think whether or not you were ever wrong.

There should be a place in the front line trenches for the fellow in the United States who is able to buy a Liberty Bond and does not do it.

You may laugh at Rip Van Winkle sleeping for twenty years is you like, but there are hundreds of people you see every year who are asleep and don't know it.

Came so near frosting Monday night that many people gathered all garden truck possible and many cut feed stuffs to prevent frost getting it. However it was a false alarm, and the cold weather did no damage.

We are receiving several names of our boys who are in training and in France, and possibly by next week we will be able to give you a complete list of the Miami boys who are now in the U. S. Army.

W. R. Ewing was a News office caller on Monday. He reports that Miami is still growing and progressing beneath the shade of Mount Moriah and her people are looking forward to a prosperous season next year.—Higgins News.

We offer no excuse for having the Chief so full of Liberty Bond notes. The paramount issue of the day is Liberty Bonds. We hope to be able to give the names of every person in Roberts county who buys a Liberty bond.

Byron Williams, is one who never forgets the boys going to the training camps and front. Knowing that the boys would appreciate a copy of the local paper from home, he has instructed us to send the paper to all the boys who send in their address and charge the amount to him. This we feel sure will be an appreciable gift and certainly shows a liberal patriotic heart in Mr. Williams.

The taxable valuation of Roberts county for 1917 is \$2,812,338. This is \$112,000 higher than it was last year and last year was an increase over any previous year. The state tax rate this year is 60 cents, and the county rate is 65 cents. School District No. 1 has special tax of 45 cents, making a total for this school district of \$1.70.

If the Stars were keys of some grand instrument on which Godlike man might play eternal symphonies, filling the universe with sensuous sounds and turning the rain into melody, is there a soul so mean and small that it would not strive for this possible attainment! And yet this is but a faint and nebulous picture of the opportunities in the world today. Young man, watch your steps, but fear not to take it.—Texhoma Argus.

Jean Martin, one of the Miami boys at Ft. Worth writes that they are giving them strenuous training at the camp but it is very pleasant work. Jean says that he with many other boys are receiving signal training and that he is now able to receive and send 40 words per minute with a flag. This is pretty good signal work, and shows the quickness with which the American can learn the war game.

Rev. Evans showed us Sunday morning that the African people were not so far behind some folks in the United States. For instance he remarked that the women of that country painted their faces with red paint to attract the men. Some American women haven't got past that yet. They go through certain signs and motions to drive off witches and evil spirits; in America we hang up horse shoes for the same purpose. There are many things we do in America that are not for ahead of what the African does.

A Panhandle jury last week brought in a verdict of guilty in the case of Thos. Waters for killing Phil Milam at Glazier last winter, and recommended the suspended sentence law, which was abided by. We know nothing of the evidence in this particular case, but have never saw the logic in the suspended sentence. If a man is guilty, why should he not be punished? What is the use in placing penalties and not enforcing them? If a person needs no punishment, why bring in the verdict of guilty?

Senator Johnston can now sit up and have the laugh on Jim Ferguson. When the Senate was in session last winter, Johnston accused Ferguson; Ferguson came to the stage for a speech with state rangers on each side and called Johnston a "Nigger." Johnston started the row that ousted Jim. Senator Johnston automatically became Lieutenant Governor of the State when Hobby succeeded to the Governorship.

Bevo
 A BEVERAGE
 For the boys in khaki
 Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.
 At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.
 Bevo—the all-year-round soft drink
 Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox. Sold in bottles only, and bottled exclusively by

AN INTERRUPTED MEETING
John 14: 31
BY REV. PITTS

Arise and let us go hence—With these words Jesus ended his last interview with his disciples. Three years of closest fellowship were over and they were gathered in the upper room to say farewell. They were all aware of the purpose of this meeting and there is little wonder that they were sad and dejected. Here was the last sermon; the last prayer; the last supper; the last banquet.—“Peace I leave with you,” the last hand clasp; the last: Farewell! “Arise let us go hence.” I. Thus ended all lives brightest chapters. Our life is likened to a dream; to ships that past in the night; to a cloud; to a shadow; a tale that is told. But is there nothing after? Does death end all? If so the “game is not worth the candle.” But perhaps life is longer than we think. There are two most unnatural falsities which are current in the world. They are “There is no God” and “death ends all.” The first is unnatural because it suggests an abnormal condition in man’s mental machinery. “The fool has said in his heart, there is no God.” The second is unnatural because it does violence to a universal institution. The question is, “If a man die shall he live again?” And the conclusive answer is not found in books nor laboratories, but comes from within: “I shall live and not die.” I shall live forever because the breath in my nostrils is the breath of God. The brief period of time that we call life is but the beginning, the voice that will, some of these days as the shadows darken at the parting of the ways, bid me goodnight, will “in some fairer clime bid me good-morning.” Then let us not write over the archway of God’s acre “finis” and “end”; but “Emigravit” he has passed on. To say, “Let us go hence” suggests going somewhere; and the main question is, where shall we go? “Arise and let us go hence.” There is no flock however watched and tended

But one dead lamb is there
II. So end all life’s associations. There is no fireside howsoever defended

But has one vacant chair.
All earthly homes are sooner or later broken up. The sweetest friendships and the dearest associations are interrupted. Our fondest dreams are dissipated and our hopes in this world vanish like the air. The best laid plans may never materialize; for in the very midst of execution they are interrupted. There is crepe on the door. What has happened? A farewell has been spoken; is it indeed farewell? No; not farewell but till we meet again.
A class of young people pass through high school to graduation day. They joyfully engage in the exercise of the day. The bachelorette and valedictory are heard; they receive their diplomas and then go out each his own way. For henceforth their duties lie among different paths. Is this the end of friendship and association? Then well may we weep and refuse to be comforted. But it is not all. There is to be a knitting together of these broken friendships. We part to meet again. Oh! blessed gospel of reunion. The Master could have meant nothing else when he said, “In my fathers house are many mansions. If it were not so I would have told you. I go to prepare a place for you.” Home, sweet home. What makes homes? Walls and doors, pictures and furnishings? No, faces. The faces of the beloved, of wife and mother and children. Heaven is home. Arise let us go hence to fathers house.

III. So ends the quest of knowledge.
At school we learn our A B C’s and push on from year to year through successive grades until we reach the University, and go forth into the world with our diplomas. But after all, how much does such an one know? Is he a geologist? What does that mean? He has analyzed a grain of sand, discovering its component parts, and its government by certain forces acting according to fixed laws. What more? He calls his fellow geologists together and on comparing notes they find that they have reached the meagre results, thus far and no farther. This is the science of geology. And the curtains fall.
Or perhaps he is a Biologist. This means that he has dissected a blade of grass, found out its color scheme and the pattern of its fabric; and also that he has been vainly chasing an elusive mystery which he calls life. What is life? He cannot answer. He calls a conference of biologists and puts the question to them. They shake their heads and turn away. And this is the science of biology.
Or he may be an astronomer. That is, he has been watching the stars. Look how the heavens are studded with golden gems. There

are ten thousand times ten thousand and thousands of thousands; and as he gazes still more comes wheeling into space. He enlarges the object glass of his telescope and still they come. He measures their distance and calls them by their name. Then his gaze wanders into the interstellar spaces; and he asks, “What lies beyond?” And silence falls over all, for there is none to make reply.

Or he is a theologian. He has stood before the burning bush and heard the burning voice say “draw not nigh hither; I am that I am.” He cries Oh Lord show me thy glory. The voice answers, “Hide in the cleft of the rock and I will pass by” and lo he hears the rustle of a garment and a whisper, “canst thou by searching find out God?” Again he cries, “Oh God reveal thyself” The answer is “Go thou to Bethlehem.” And there in the manger he looks upon the face of the Christ child. God manifesteth in the flesh! what a mystery! Angels desire to look into it. Can the science of theology go no further? No further. In vain do councils assemble. In vain do theologians confer; in vain do they formulate credes. Science is beaten. All the wisdom of the world is baffled; and only faith can lift her head. The curtains fall. “Arise and let us go hence.”

But hear the words of the master. “At that day ye shall not know that I am in the father and ye in me and I in you.” And again, “What I do thou knowest not but thou shalt know hereafter.” Thou shalt know hereafter. What does that mean? Ah, it means that there is to be a post-graduate course. What vistas open before us now! here we know only in part. We see as in a glass darkly; but there we shall see face and know even as we are known.

Oh! Blessed thought! the adjournment of life’s labors here is not forever, but to meet again at the call of him who said “I am the Truth.”

A BETTER COUNTRY
By H. P. Wilsford

Why are immigrants coming to our shores at the rate of over a thousand a day? They make great sacrifices. They leave old associates and associations and go to a strange land. The motive that draws them hither is stated in HEB. 11: 16. “They seek a better country.” They believe that in America they will find a freer government, cheaper homes, higher wages, the necessities of life in a greater abundance, and exemption from many of the burdens that oppress them in their native country. We do not wonder that all who know of this Canaan of the 19th century long to come to it. Few will realize all their glowing anticipations, but the great majority will be repaid a thousand times for the sacrifice they made. But God tells us that there is a country still better than this—a country to which bands of pilgrims have been pressing their way, through many trials and temptations, for more than five thousand years. He calls it a “Heavenly Country” and finally, a city which He hath prepared for these pilgrims. And in order to further stimulate and encourage them, He gives a description of the city in the 21 and 22nd Revelations. Let us turn to these chapters and learn some of the attractions of this better country.

I. Its government will be the best possible. “The Throne of God and the Lamb shall be in it.” God who is Love, Jesus of Nazareth who died to save sinners, will personally direct all the affairs and watch over all the interest of the City. The law administered will be the law of Love. The administration will not only be pure and impartial, but gentle and parental. There will be no conflict of authority, no clash of jarring interest, no favoritism and no oppression. We need not know in detail the character and ordinances of the new Jerusalem. “The Throne of God and the Lamb” means the presence of truth, purity, justice and love, that are omniscient and omnipotent.

2. “There will be no night there.” tempting vice and crime to revel while the virtuous and industrious sleep. “And there shall be no more curse there.”—No ailments of evil, such as abound in this world. And the streets will be pure gold, and, lest even that might be defiled, there will flow along it a pure river of water of life preceding out of the throne of God and the Lamb. Perpetual light shining on a stream which rolls in a golden channel.

3. Its supply of food will be the best. All along the streets on both sides, trees of life, bearing twelve manner of fruits, or yielding fruit each month. Here are symbolized freshness, abundance and variety. With trees of life and the water of life before every mansion, truly “they shall hunger no more, neither thirst any more.” The city will be a garden like that which God planted eastward in Eden, filled with whatever is cleanest in the sight to the sight and good for food. (Genesis 2:9.) All the wants of the inhabitants will

Easy to Take
No Pain or
Ache.

It’s no longer necessary to bear the weakening sickness and terrible nausea that always follows a dose of calomel. LIV-VER-LAX cleanses the torpid liver, and livens up the whole system by ridding it of the clogging poisons. Yet it works so gently and pleasantly that you hardly know you’ve taken it. LIV-VER-LAX, being purely vegetable, is absolutely harmless, and does not tear up the system like calomel. And it’s guaranteed to be satisfactory, or the druggist will return your money. 4. But the great superiority of this city will be its society. Its inhabitants will not be divided in casts and classes as in our earthly cities. There will be no slums within the Jasper walls. All will be equal, and will be pure and holy. All will be children of the one common Father, and dwell together as brethren in Christ. “The kings of earth do bring their Glory and honor into it.” This does not mean the puppets and tyrants who have worn crowns here, but men of royal character—the great and the good on earth. We will meet them all up there. We will see Moses, David, Abraham, and all the old saints that stand out as leading lights to us from their generation. Yes we shall see them, and also talk with them. They will tell us what they have learned about Heaven since they have been there. “A better Country,” Yea, verily, the best of all countries. Are you traveling to that country? Where is your life pointing? Sinner get in the way of this better country

Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, eat well and stay well.

FOR SALE. Big 4 engine, 30-60 tractor. First class condition.

Harry A. Nelson

The Recital Friday evening by Mrs. Baker's class of summer pupils proved a decided success. A large audience—almost a capacity house was present. Those taking part passed a poise and confidence that would have been creditable in far more matured pupils. All performers showed that they are developing an excellent degree of technique and interpretation. Several of those on the program could not read notes when beginning lessons with Mrs. Baker six months ago—under the circumstances their playing was remarkable. Mrs. Baker's musicianship and ability as a teacher were shown in the arrangement and execution of the entire program. Mrs. W. H. Rhodes contributed much to the pleasure of the evening by singing two songs.

Miami Again Even.

The Pampa Basket Team of girls were here Saturday and we had one of the fastest if not the fastest games of Basket Ball ever played in Miami. The Miami girls had the "pep" and the way they got into that game and worked would make any team ashamed of themselves that tried to play and not have the "get up" to play hard. From the first of the game Miami was in the lead and at the end of the second third the score stood 11-8 in favor of Miami. In the last third Pampa managed some way or another to score four points while the Miami girls only scored three making the game a tie at the end of the time, and as per the rules the game was then to be decided in favor of the one making the first two points and Pampa along with the rest of the luck she carried that day managed to be the lucky ones in securing this point. The Miami girls had team work and used it to a great advantage. The only disadvantage Miami found in the game was one of our guards about 4 feet 9 inches tall trying to guard a girl equally twice as tall who was playing forward for Pampa. Miami took the defeat good naturedly as they knew some Divine power was in grasp of the Pampa girls that the Miami girls failed to get in touch with.

After this game the Foot Ball game between the second teams of the Miami and Canadian schools. This was a fine game for the little fellows and both teams showed that in the past week they have been doing some hard work and they are due a great deal of credit for the progress they have made. Several new ones were on the Miami team this time and they showed up to be the coming stars of the Miami Foot Ball teams in years to come. The game ended in a tie, the set time being played and the score stood 13-13. As it was late and the Canadian boys were anxious to return the game was called a tie game and will be played off in the very near future.

Canadian Plays Foot Ball and Basket HERE Saturday, 13th.

Sunday Thoughts

OUR COMMUNITY.

By Rev. Chas. Pitts.

In this issue of the Bulletin which will probably be the last I wish to thank the business men for their kind and loyal support.

We have tried from week to week to place before the people of the community matters of interest and helpfulness. We have sought to suggest for consideration the things which to us seemed most important to the community as a whole. Whether the Bulletin has been worth any thing depends upon the use that has been made of it, providing, of course the contents have possessed any real merit.

As a last word, though this medium we venture to suggest some helps and hindrances to our community life.

It must be remembered first of all that from what ever angle we approach the problem, we stand or fall together. This is true commercially, educationally and religiously. We can not be divided in sentiment and be a strong community. There ought to be strong and healthy competition and FRIENDLY rivalry in all activities. But let it never be forgotten that there are four fundamentals in the building of community life which must ever be kept in mind.

The development of the individual life in its four aspects the physical, mental, moral and spiritual should be our chief concern.

We have little difficulty to reach a tacit agreement at this point but we find ourselves in interminable confusion when we seek an agreement upon method of attacking the problem and manner of procedure. O yes! we wish we might have an ideal community and we think we are willing to do our part to help in securing it but when we think we are doing it but when we try to reduce our thoughts to actual deeds we find that we each have our own petty schemes to advance and our own personal ambitions to serve and there is such a maze of conflicting opinions that the clear vision of the public good is eclipsed by the fog of a personal selfishness.

This spirit of self interest has blocked the way to many an advance and valuable improvement. It is this sordidness which chokes the public spirit. It is this vampire of selfishness that sap from the arteries of community life their rich flow of happiness and neighborliness. Most of all this spirit dislodges the spirit of the mighty God and is unyielding to his appeals. We must live in the atmosphere we create; and we shall see the effects of the atmosphere created by the conditions described above.

In the first place there is noticeable a general want of interest in the welfare of the youth of the community. There is no direction of their activities. There is no provision for their

expanding energies to be properly utilized. They just grow up. Their morality is the immorality of the streets and alleys. They are physically weakened by the habits acquired in this school. School? Yes the very effective school of experience. Their minds are filled with all manner of poison distilled from the aggregation of evil influences which play upon their lives. Their mental powers are dulled and benumbed by the narcotics of their environment and the ideas of spiritual cleanliness is a stranger to their thought. Now reader what say you? Is the figure over drawn? Is not this the actual condition which exists? What are we doing to remedy it? O we expect the churches and Sunday Schools to do that? Very well then, let us all to the task. But remember this is a community job and every one must be in his and her place. How many were on the job last Sunday? How many will be on the job next Sunday? Ah, there's the rub. We think it ought to be done all right but we want the other fellow to do it. No my friends that will never accomplish the thing desired. The church must do its part but the Sunday School must do its part but the part each of these forces is to play depends on the individual in the end. And besides the churches as such are powerless to do the things necessary to correct the evils and create a healthy moral atmosphere for our community.

The church is no better than the people who compose it. I am sure that the majority of the best people in the community are members of the churches and that this majority is also the majority of the entire community. Then why don't this majority exercise the legitimate authority and do the thing that will bring the needed relief? Well, how can two walk together except they be agreed? We are thrown back to the first statement, that we are unable to agree upon a method and a manner of doing it. This humiliating confession which christian people must make in the face of a tremendous responsibility.

We deplore the hurtful effects of various kinds of harmful amusements and we seek to deter our people from attending them, and in every way we can we are trying to keep the evil out. But say did it ever occur to us that we must furnish something else to take the place of the thing we seek to eliminate? And that something else must be attractive and winsome if it is to fill the bill.

What shall we put in the place of the questionable amusement? And how shall we go about it? To answer this question it not easy.

I venture to suggest, however, that the play life of the boys and girls must have attention. They have an exuberance of energy which must be worked off in some way and that way if it is to be worthwhile must be enjoyable to them. The play hours of a child are as important as any other hours of the child life. And if the children are to be properly cared for the community must not neglect to provide the necessary amusements for their hours of recreation. The COMMUNITY I say, because it is a community affair and no better investment can be made by any community than to put money and personal interest in its boys and girls. This leads me to hazard the statement that for the physical, mental, moral and spiritual welfare of the community no more effective thing could be done than to put a little money into good and wholesome recreational amusements for the children and youth.

Among these should be included a community playground provided with swings and teeter boards, tennis courts, trapeze etc. There should also be provided a public reading room with good books and periodicals of our standard literature all under same management and wise direction.

Such a show of interest and hearty sympathy will of itself create an entirely different atmosphere. Then we need to cultivate the lyceum and chautauqua spirit and thereby bring to our people both in winter and summer the splendid ideals which are always to the fore.

Then with the breadth of vision all these things combine to give we ought to throw ourselves gladly into the worship of our Lord who has made all these things possible to us. We ought to make the church the most winsome and attractive place to be found. Not by so much invested in a pile of brick and mortar and in beautiful and costly furnishings, but by the consecrated personality and the heart-power we put into the services; by the glad smiles and happy fellowships and hearty greetings as we play the "Glad Game."

FOR SALE. A wagon, team and harness. Team will weight 2250. Wagon same as new. Cheap for cash.

AVENGED HIS FATHER'S DEATH

Hansford Headlight.

All the mystery connected with the finding of a man's foot in a shoe, 12 miles down the Palo Duro from Hansford on Saturday, September 15, was cleared away a week later, Saturday, September 22, when Millard Martin appeared at the court house in Hansford and confessed to the killing of P. P. Fifer, on December 22, 1916, thus avenging the death of his father. Fifer was killed on Frisco creek, about 12 miles south of Goodwell, in Hansford county. On January 25, 1911, Robert Martin, then sheriff of Hansford county, went to Fifer's place of residence, 20 miles northwest of Hansford, on official business, and was most brutally murdered by Fifer. The cause of this murder was a lawsuit in the Federal court at Amarillo entitled G. W. Norton estate vs. P. P. Fifer. There was a dispute regarding the boundary line between Fifer's land and the Norton land and the court's decision was against Fifer. Sheriff U. S. Marshall L. J. Bolton of Amarillo, was at Fifer's place of residence to inform him of the court's decision when sheriff Robt. E. Martin was killed. Fifer was known at a quarrelsome sort of a fellow and had been arrested by Martin on a previous occasion. Fifer came to Hansford and was arrested by the sheriff of Ochil- tree county, taken to the Canadian jail for safe keeping, was later tried in Lipscomb county, convicted of murder in the first degree and sentenced to life imprisonment in the state penitentiary. On June 11, 1915 he escaped as a "trusty" from the state penitentiary at Rockwell and the state officials offered his handsome reward of \$25 for his apprehension. Nothing was known of his whereabouts until December, 1916, when he was seen at Texhoma. When Millard Martin, son of the murdered sheriff, heard of the return to this country of the murderer, apparently a free man, he form all indications, took the responsibility of making it an even score. Fifer landed in Texhoma some time in December, 1916, came out to his former residence, where he remained for a time, making no effort whatever to conceal his identity, and acting as though he was a free man. After confessing to the killing of Fifer, Martin accompanied Sheriff Hancock and a party of men to where he had left the body eight months ago. He conducted them to a spot about a mile north-west of the A. E. Powers ranch, about 12 miles from Hansford, and fully 20 miles from the scene of the killing. The sheriff's party found the bones and parts of the clothing scattered down the canyon for a mile or more and brought them to town. Martin waived examination and was placed under a \$7500 bond to await the action of the grand jury. The next grand jury for Hansford county will be in session during the next term of district court which convenes on Monday, November 19. While the action of Millard Martin is deeply regretted by the many friends of the family throughout the southwest, and while it is realized that it would have been much better for all concerned had Fifer been rearrested and placed in prison again; no little blame is placed at the door of the prison officials who allowed a man convicted and sentenced to life imprisonment for murder, to walk away from prison as a "trusty" and then insult every decent, law-abiding citizen of the state by offering only \$25 for his arrest. The state officials should be reminded of the fact that this man Fifer was allowed to escape from the penitentiary, that apparently no effort was made to recapture him and that this second tragedy was the direct result of their wanton neglect and carelessness.

Dr. S. R. Boon, Masseur, who opened an office in Miami a few months ago will leave Saturday for a few weeks visit at his old home of Sweetwater. Dr. Boon has been doing a magnificent business since locating here, and among the best people of our town speak highly of his work. His work is not the "Cure All" kind, but he helps many chronic cases, and those not able to be helped by him, he is honest enough to frankly so state and recommend them to people who can do good. Dr. Boon has made many friends in Miami. He is a genial sociable sort of fellow, taking well with the people. Dr. Boon expects to return to Miami in the very near future and re-open his office.

NOTICE.

At the Baptist church Sunday, Services at both hours, 11 a. m. and 7:45 p. m. I especially urge our membership to be present at Sunday School and the 11: a. m. service. We extend an invitation to all to come and worship with us. H. P. Wilsford.

Mission Society met at the usual hour. Roll call and reading of minutes. 7 members present.

Lesson Acts 23 lead by Mrs. McCauley.

Lesson in "World Missions and Worlds Peace," to be taken on next week.

Prayer by Mrs. Jackson.

Mr. and Mrs. J. A. Mead and Mr. and Mrs. H. E. Baird departed last week for Ft. Worth where they will visit a few days and go from there to Denton for a short visit.

Mr. and Mrs. Will Simms of near Mobeetie were Miami shoppers yesterday.

Mrs. Thos. Cook and Mrs. John Short went to Amarillo last evening to visit the Fair.

Lee Newman went to Amarillo last night and is playing trombone for the Claude Band there to-day.

F. L. Smoot was down from White Deer yesterday. Mr. Smoot stated that farmers are all very busy getting in their fall wheat.

C. B. Cox of Emporia, Kansas and M. L. Steele of Groom was in Miami yesterday afternoon. They recently purchased a bunch of cattle from Mr. Arrington in Hemphill county and are moving them to Groom for winter feeding.

Geo. B. Morrison of Los Angeles, California came in Tuesday and is visiting his sons, Ray and Arch.

Mr. and Mrs. Jno. Newman and Mr. and Mrs. Dr. Kelley went to Amarillo yesterday and are spending two days at the Fair.

Mr. and Mrs. O. C. Elliott were over Monday from their ranch.

Edward Gething returned last week from Kansas City where he has been attending an automobile instruction school. He received his diploma for the complete course.

Rube Curtis was in yesterday from his ranch west of town having some automobile repairs and transacting other business. Mr. Curtis purchased and moved to the live Black ranch last winter.

Jap Dickerson was up from Plainview Saturday and Sunday visiting parents and friends.

Mrs. J. B. Saul and Miss Zella George left Friday for Bellview where they will visit a short time. Miss George will then go to Dallas for the Winter and take music and voice.

Mrs. Sauls returning to Miami.

Rev. R. H. Evans, a Missionary from Africa preached Sunday morning at the Presbyterian church. All other churches dispensed with the regular preaching services and the Presbyterian church was hardly large enough to accommodate the people who came to here this speaker. He told many interesting and instructive things of what the Missionary work was doing in Africa.

The pupils of Mrs. Bakers gave a piano recital Friday night of last week. Their program was well arranged and many showed much improvement in their work the past few months.

Commissioners Court was in regular session Monday. They approved the 1917 tax rolls and authorized engineer Duette to make maps of the county highways, and plan and advertise for bids for more road work. They expect to spend several thousand dollars of the bond money recently voted.

Mr. and Mrs. N. S. Locke went to Amarillo Tuesday for a visit at the Fair.

Mrs. B. C. Barr of Ft. Worth visited her brother, H. A. Talley this week.

H. A. Talley pent two days of last week on his farm helping thresh.

Mr. and Mrs. C. F. Burnett of Kansas City came in last week and moved to the Kelley ranch east of town. Mr. Burnett is interested in the cattle and land and will have charge of the ranch. We are glad to welcome the Kelleys to our county. They are young people of good appearance.

District Court is in session at Plemmons this week. Judge Ewing, Atty. Pickens and Stenographer Reynolds drove over unday Safternoon.

Misses Pauline Patilla and Beulah Lee of Mobeetie visited at the W. H. Dial home Saturday and Sunday.

Mrs. B. C. Rodgers of Hoover spent Tuesday in Miami.

Mr. and Mrs. J. W. Burks and Mrs. B. Z. Williams went to Amarillo yesterday for a visit at the Fair.

The R. L. Morrison and A. B. McAfee families are among the Miami people attending the Amarillo Fair this week.

R. R. McGregor went to Amarillo Tuesday night and will spend two days at the Fair.

Mr. and Mrs. Harry Craig left Sunday for Wichita Falls from whence Mrs. Craig will go for a few weeks visit with relatives. Mr. Craig expects to return to Miami this week. He is on a fifteen day vacation and J. R. Webster is carrying the mail.

Mr. and Mrs. Clarence and Mrs. Dread Lee of Mobeetie were city shoppers Tuesday afternoon.

T. M. Cunningham left first of the week for Austin on business.

Mrs. H. M. Lomax of Groom is visiting her daughter Mrs. R. D. Chisum this week.

Thos. J. Boney and J. W. Wells visited relatives and friends at White Deer Sunday.

Mrs. F. N. Reynolds is visiting her mother in Lipscomb county this week.

The Crescendo Music Club met Oct. 9; at Mrs. Bakers studio with 17 members present. The following officers were elected:

Aurelia Robertson President.
Malvin Clark Vice-Pres.
Irene Pitts Secretary
Aline George Treas.
Maurine Pitts Press Reporter.

The next meeting will be Oct. 23. The Club will take up the regular study course which has been postponed on account of preparation for the Opreita play and the recital. At the close of study hour a short program will be given, at each meeting.

MT. ZION NOTES.

W. D. Matthews of Miami has traded his property there for Jim Johnston's place two miles west of the Mt. Zion school house. He is moving to his place this week.

There was a singing at Mr. Donavans last Sunday night.

Mr. and Mrs. Edwards of Wheeler visited Mr. and Mrs. Donavan Saturday night and Sunday.

Everybody in the Mt. Zion district is busy cutting their feed. There will be lots of feed in this section this year.

P. Donavan is riding around in a new Chevrolet this week.

Mr. Morris from Canadian attend the singin at Mt. Zion Sunday afternoon.

Mr. and Mrs. Tom Berry visited at Charley Trevis Sunday afternoon.

Tom Trew, his son, E. M. Trew, Mr. Bery and A. B. Jones all of Wellington, Texas motored up to Charley Trew's Sunday morning.

There will be singing at Mt. Zion Sunday afternoon.

There will be preaching at Mount Zion Sunday at 11: o'clock. Everybody is invited to attend.

Laketon Items.

We have been blessed with a nice little shower, enough to bring up the feed. If it keep the cold snaps up it wheat.

Most all of the wheat is sowed now.

Hands is very scarce, so many of the boys having to go to the army.

Feed is real good but lots of late may frost and kill same. They say that frost usually starts with cold weather.

D. W. Turner was up from his ranch yesterday. He reports everything alright.

W. C. Christopher and Hiram McGee went to Amarillo Friday morning while running early that morning they run into a culbert that was washed out. W. C. Christopher hurt his foot real bad.

If you do not like the way your Uncle Sam is running the government get out and go to Germany where all good Germans ought to be.

Parson Hoover preached a sermon at Laketon Sunday night.

G. G. Hollis gave a singing Sunday night. Everybody report a good singing.

Fritz went up the hill to take a crack at Sammies. He came down the hill with bullets in his pants.

Married the 28th

A rather romantic wedding took place in Miami on the 28th of Sept. Geo. Bruce, a Miami boy who has been in training at Ft. Riley, Kansas came down for a visit with friends and was married to Miss Lena Brown daughter of Mrs. P. M. Brown and he left on the next train for his training camp. Mr. Bruce said that things looked like they were going to be moved soon to Cuba for further training. The young Bride will remain at Miami until the return of her soldier husband, which we trust will not be in the far distance, and here is hoping that he brings the Kaisers scalp back as a present

Adding to everyday will finally build up. We have been adding new lines and bigger lines to this store every since we purchased it. We can supply you with anything a man needs to wear. Dealing exclusively in men's wearing apparel, we study nothing else, we buy nothing else, therefore every peice of merchandise we have was closely studied and bought right. Just come in and look it over, and see a real up-to-the-minute stock of Gents Furnishing.

Aside from this, our line of samples for Tailor made clothes is as good as the best, and better than the rest.

THE TOGGERY

Cleaning, Pressing and Altering done right.

TEACHERS EXAMINATIONS TO BE HELD OCT. NINETEEN.

A teacher's examination will be held in the counties of the state, October 19th and 20th, according to County Judge Kiney.

Below is a copy of a letter received from Supt. W. F. Doughty by Judge Kiney.

To the County Superintendent: Permit me to advise that a county

examination for teachers certificates is authorized to be held in all counties in the state Friday and Saturday, October 19th and 20.

Questions will be submitted in this examination for all first and second grade subjects, but questions will not be permitted for permanent subjects. Please give notice of this examination in your county papers.

At Snyder.

October 8th, 1917.
Dear Editor of The Chief:
We take this method of thanking our friends of Roberts County for kindness and presents received on our departure from Miami, which much appreciated and will never be forgotten.
325 found us in Snyder. All are having a fine time,
Yours to serve.

DALLAS MUTUAL OIL AND GAS COMPANY

Buy, Sell and Develop Oil and Gas Land.

Office 719-720 Wilson Building
Phone Main 1081.

Dallas, Texas, Sept. 4th 1917.

Mr. E. A. Bedichek.

Wichita Falls, Texas.

My Dear Sir and friend:

In consideration of the fond recollections of the past in the hour I first met you, and that magic influence which so uniquely blended in the culmination of our friendship, and the great pleasure it has afforded me along life's journey as I commemorate the advent of our friendship, I take this opportunity of testifying to that again, which you are well apprised of, but as we are taught to give testimony unto those we love in order that even greater blessings may come, I cannot forego my inclinations of breathing that outburst of thought of that manly and spiritual influence which always gives me hope and bids me live.

It is indeed too, a pleasure to note that many talents with which some are so fortunately blessed which not only qualify them for their chosen and most noble calling, but enables them to diversify and pursue in the various phases and business channels of life successfully in competition with the most genius and strongest competitors. My association with you in a business way has indeed been a source of much pleasure, and I here wish to thank you and congratulate you for your wonderful ability and power of resourcefulness in the construction, which in themselves are living testimonies of great ability, and when your task of the Petrolia Oil and Gas Co. is over, we extend to you a very cordial invitation to our office that we reason together in order to accomplish greater things

for the good of humanity. Wishing you health and success in your meetings as well as your other undertakings, and to hear from you at your convenience, I am at ever your true friend.

J. W. Greenwood

WHAT OTHERS HAVE DONE, YOU CAN AND MAY DO BY INVESTING IN THE STOCK NOW OFFERED BY BEDICHEK & FINDLEY.

- \$100 invested in Caribou Oil Co. made \$6,400.

94 acres adjoining the 120 on the north of the Petrolia-Burkburnett Oil Co. has realized 500 per cent on the investment since Jan., 1st, 1917. (The above was taken from a list of "Stocks and Bonds" published by T. E. Denman and Co., of Houston, Texas, recognized as reliable statisticians.)

THE TWIN OIL FEILDS, AND THE TWIN OIL LEASES.

Description of The Petrolia-Burkburnett Oil Company's LLeases. Located on The Northwest end of Petrolia and Southeast of Burkburnett. The Petrolia Oil Feild is about sixteen years old, and has produced oil in paying quantities from five different oil stratas; 150, 224, 237, 750 and 1800 feet. And in addition one

of the largest gas feilds in Texas. The Lone Star Gas Company which supplies Dallas and Fort Worth is located in the Petrolia feild. Two pipe lines which transport the oil to market pass through this feild.

The above stratas have been producing from 5, 10, 15, 25 to 50 and up to 1800 barrels daily, and one of the best quality of oil on the market, commanding the highest price of about \$2.50 per barrel.

It appears that as the feild is extending in developing each of the above stratas on the Northwest and Southeast end that it is really just in its infancy and some of the most regular and strongest productions in the history of the feild has been brought in within the last few months.

E. A. Bedichek, E. A. Findley and T. M. Myrick of Wichita Falls, Texas, own and have organized and capitalized 280 acres. 160 acres of this 280 is located on the Northwest end of the Petrolia Oil Feild with thirty wells South about the same distance with a well brought in during the past sixty days 980 feet deep producing about 50 barrels, about 5000 feet Southwest with oil developed directly west. The above wells described, produced from 50 to 1800 barrels when brought in and have been running regularly with the average set- tle production of the feild for eight to ten year. This 160 acres is located perfectly ideal for the same production as described above. We are to begin drilling on this tract by November 12th 1917, and we have, judging by the production as described above, at least 99 per cent chance for getting the same production.

BURKBURNETT OIL LEASE.

The Burkburnett Oil Feild is about fifteen years old, and is producing some of the largest quantities and finest qualities in North Texas. This feild has ten different sands; five shallow and five deep, running from 100 feet to 2000 feet producing from five barrels to 3000 daily with great activity in all parts of the feild bringing in new wells daily. The same parties named above owning and developing the 160 acres located

at Petrolia, have coupled with this acreage 120 acre on the Southeast end of the Burkburnett feild. This feild is about ten miles long and five miles wide.

The five shallow sands from 100 feet to 600 feet in depth, have been drilled and now producing from five to 50 barrels daily within 1200, 1500, to 2000 feet on the Southeast, East, Northeast, North, Northwest and West on this 120, and 3 shallow wells 96 feet in depth on this land producing about five barrels each, daily, price about \$2.50 per barrel. This lease is about three miles South of Burkburnett town with pipe lines passing through the feild which transport the oil to market.

Deep production in the five different sands is now within one mile Northwest of this lease and the deep tes t now being drilled 1500 feet North of this lease.

94 acres joining this 120 on the North sold this week for \$100,000.00 cash to the Oriental Oil Refining Company of Dallas Texas, there being about 100 barrels production daily on this tract and which has been developed since January 1917. In the same time and with same development our lease can be well worth the same price or more.

In view of the fact that dozens of rigs are now penetrating the oil sands both shallow and deep, coming closer every day to our lease, coupled with the fact that we will have a rig operating constantly on this lease for shallow production and soon raise the production to at least 100 barrels daily which will pay \$250.00 daily in sight of eight or twelve mnths, makes this a most excellent location.

DEEP TESTS WELL.

All who are familiar with this feild and our lease as drillers and geologists are unanimous in their verdict that we have one of the most perfectly ideal locations for one of the best producers in the Burkburnett feild, seeing that we are in direct line with the very heart of the production which has come in the past fifteen years for 10 miles and now within one mile and soon will be within 1500 feet.

THIS HAS NO ELEMENT OF CHANCE.

It is a cinch as a guarantee for oil in paying quantities even the three wells now producing about fifteen barrels daily at the shallow depth of 96 feet, costing only \$300.00 to drill and equip them. Thus paying for themselves in thirty days with very little cost to operate them which shows even now a 10 per cent dividend can be realized on the capitalization \$100,000.00 with production increased as stated above. So you can see the wonderful and most phenomenal dividend can be realized to the smallest as well as the largest investor. Shares are only \$100 each par, and in view of the above facts and figures, dividends can be increased rapidly until even 100 per cent and 200 per cent can be easily realized on the capitalization.

\$31,500.00 OF THIS STOCK TO BE SOLD.

For the purpose of developing both the Petrolia and Burkburnett acreage, as it is combined in the same Co. the above mentioned amount of stock will be sold. Where could you ever hope to find a better opportunity to invest in such a proven feild with such a cinch and with the physical facts submitted above which appears to guarantee such wonderful results from the expenditure of such small amount?

The cuts show both Petrolia and Burkburnett as twin sisters almost ready to strike hands in developing as they are on an air line with the 160 acres on the Northwest end of Petrolia, and the 120 acres on the Southeast end of Burkburnett, and each surrounded three-fourths of the way with oil, and with both pipe line and railroad advantages passing by each. Here is the happy combination of all the elements which constitute one of the best oil propositions and investments that one may find through all of North Texas, and now is your time to act, as several thousand have already been sold even before the stock certificates came from the press.

DON'T MISS THE BIG PANHANDLE STATE FAIR.

On Monday, October 8th, the Panhandle State Fair will open with all the pomp and splendor of any big state fair, and it will be an exhibition that would do credit to any state, and is certainly worth the attention of all the people of this section of the country.

Mr. DeKreko, manager of the carnival which will be held on the grounds during the Fair, is in Amarillo getting everything in readiness for the big opening day. DeKreko Brothers Carnival carries 12 nice, clean shows, merry-go-round and Ferris wheel, and is the best carnival to be procured.

Stages have been built opposite the grandstand on which to stage the free attractions. Bell and Eva, acrobatic comedians, and Grace Ayer, premier roller skater with her midget clown, will perform on these stages. Arrangements have been made, and Mlle. LaBeela and Dare-Devil Hurley are expected in Amarillo this week to get everything in readiness for their famous automobile cloud swing stunt. These free attractions will be staged each afternoon and evening during the Fair and are worth far more than the price of admission to the Fair. There will be good band music each day also.

The harness races, which will be as fine as those seen any place, will be started by Mr. O. P. Npdegraff, of Topeka, Kansas. Mr. Updegraff is the best starter in the business. He has been all though the Kansas, Oklahoma and Colorado circuits, and reports that we have the largest and

best entry list that he has seen at any meeting.

Don't forget the slow mule races on Wednesday, Thursday, Friday and Saturday, as they will furnish lots of amusement and fun for the spectators. And there will be relay races, too, that everybody will enjoy. It is contemplated to stage a Ford automobile race on Saturday after the harness races are finished, for Ford owners alone, and special equipment barred.

There will be close to a million dollars' worth of pure bred cattle on exhibition. There will be prize herds from all the central and eastern state. Some of these are Col. E. H. Taylor, Jr., Versailles, Ky; W. L. Yost, Kansas City, Mo., Hereford Corporation of Wyoming, Cheyenne, Wyo; La Vernet Stock Farm, Jackson, Miss; Enoch Farms, Fernwood, Miss; Keystone Dot Ranch, Maxwell, N. M., W. I. Bowman and Co., Ness City Kansas and many others.

Remember to visit the big auction sale of pure bred Herefords, which will be held on Saturday afternoon under the auspices of the Panhandle Hereford Breeders Association. Col. Fred Reppert, of Decatur, Indiana, auctioneer.

The agricultural display, including some 20 or 30 county displays, will fill the building to overflowing. The ladies' department, and all other divisions, will be all that could be desired.

Don't forget the big automobile show which will be held in a very large tent. There will be 40 or 50 automobiles on display, as well as accessories.

The special days designated are

Wednesday, Old Settlers' Day; Thursday, Armstrong County and Educational Day; Friday Amarillo Day; Saturday, Traveling Men's Day.

Plan to spend a week for you won't be able to see the Fair in one day. FOR RENT. A residence in Miami. Close in. Ellis Wells.

AT THE BAPTIST CHURCH SUNDAY MORNING

Rev. Wilsford will preach on "The Heart of the Book of Matthew." at night, "The Heart of the Book of Mark."
