## Mules Defeat Hornets, Lose District Toss

### Around Muleshoe

The Bailey County Farm Bureau will be holding their Board of Directors' meeting on Tuesday evening at 7:30 p.m., November 9, 1982 in the Bailey County Farm Bureau office.

The Jennyslippers will meet at noon on Tuesday, November 9 at the library building for their regular monthly meeting. Plans will be finalized for the fishing booth at the Harvest Festival and for the Christmas parade. The Jennyslippers also plan to have their concession stand with a Bar-B-Cue lunch on the third of December.

The annual Muleshoe Veteran's Day Observance will be held together with the American Legion and V.F.W. beginning with the serving of breakfast at 6 a.m. on November 11 until 8 a.m. in the Legion Hall. This is the 64th anniversary of the armistice of World War One. All veterans and their wives are asked to attend. Anyone with questions may contact Owen Jones at 272-3468 or 272-3308.

Mr. and Mrs. Morris Phillips accompanied their daughter, Mrs. Darvin Mcbee and Mitzi to Kansas during the weekend to visit their son, Mr. and Mrs. Dewayne Phillips, Christie and Michael. While there they attended the Sunflower Miss beauty pageant where Christie was a contestant. She placed third and won a trophy and two ribbons.

According to Rusty Will-Cont. Page 6, Col. 2

ALL HANDS ON DECK--It took all of Tulia's top hands to stem the Mule's all-out attempt at victory Friday night in Tulia. Paez, shown here as #24 was said to have rushed 20 times for 147 yards, bring his total rushing to the year up over the 1,000 mark. Of course, Paez, could not shine so bright were it not for his fellow players who help him time and again. So lets give 'em all credit, folks.

## Local Farmer To Receive Crop, Livestock Forms

The Texas Crop and Livestock Reporting Service will begin contacting Bailey County farmers and ranchers and others across the state in mid-November for final 1982 crop acreage, yield and production totals and end-of-year livestock and poultry inventories. State Statistician Doug Murfield reported that with low prices depressing farm incomes and the severe weather cutting crop production in the northern part of the state, producers are depending on this information for an accurate picture of the 1982 agricultural situation.

Murfield explained that the confidential interviews, conducted by mail or in person by field enumerators, provide information used by farm organizations and legislatures in planning and developing farm programs; by extension economists and management consultants in advising producers; and by exporters in planning and promoting sales of Texas agricultural products. "Without these reports, farmers and ranchers would have to rely on other sources of information for crop

and livestock prospects," Murfield added. He stressed that the end-of-year crop and livestock surveys should not be Cont. Page 6, Col. 3

## Lazbuddie 'Super' Submits Resignation

Mr. and Mrs. Sam Barnes have submitted their resignation to the Lazbuddie School year. They have served the Lazbuddie Schools as Superintendent and fourth grade teacher respectively, for the past eighteen (18) years. Mr. Barnes has served as principal, teacher and coach at Frisco, Gunter, and Anna and Superintendent at Anna and Lazbuddie and business manager at Dumas for a total of 35 years. Mrs. Barnes has taught in Dumas and Lazbuddie for a total of 22

## FHA Home Interest Rates Drop Again

Interest rates for loan programs of the U.S. Department of Agriculture's Farmers Home Administration, which were lowered last month, will drop again effective November 1, Secretary of Agriculture John R. Block announced today, along with the FHA officers.

Block said the additional reductions, which are as much as two percentage points for some loans, are possible because of the general move toward lower interest rates across all sectors of the economy.

"Lower interest rates for Farmers Home Loan Programs will be of great benefit to the entire rural economy and particularly for the nation's farmers who depend on credit so heavily," he said.

In the Farmer Programs, the interest rates for farm operating loans will go from the present 13.25 percent down to 11.5 percent. Farm ownership loans will be reduced from the present 13 percent to 11.5 percent. Interest rates for limited resource farm operating loans will be lowered from 10.25 percent to 8 percent and limited resource farm ownership loans drop from 6.5 percent to 5.75 percent.

Some loans to help farmers recover from natural disasters will have a lower interest rate. The rates for production loans to farmers who need financing above the actual loss but who cannot get credit elsewhere will be lowered 15.5 percent to 14 percent. The rate for actual loss loans remains at 8 percent. The rates for economic emergency loans will also be reduced. Economic emergency production loan rates will be reduced from 13.25 percent to 11.5 percent and economic emergency real estate loans go from 13 percent down to 11.5 percent.

Interest rates for single family housing loans will drop from 13.125 to 11.5 percent except for those who can afford the rates charged by the Department of Housing and Urban Development. Their rates will drop a full point from 13.5 to 12.5.

Loans for multi-family housing will be reduced from 13.125 to 11.5 percent.

## Second Decided On Flip Of Coin

Windy Williams' District 2-3A Mules washed the Tulia Hornets out of the rafters Friday night in the final district game for that particular district with a 28-18 win, but in the process, lost a state playoff berth. The Mules came out of the Hornet's nest relatively unscathed.

Mark Moton drew first blood with a 41 yard scamper to pay dirt on the second play in the game with Eddie Alvarado putting the extra points up. The Mules came right back again in the second quarter and scored on the second play with a good blocking, pass play from the 15 yard line for the smell of success. Giving the Mules 14 to Tulia's 0.

In the last half of the second quarter, the Hornets rallied and put three on the board with a field goal try by Chad Swinburn. And that's about the way the half ended.

A fired up Hornet team came back into the second half and in the first minute and one-half, put six more on the board for themselves with a 6 yard TD pass

and run by Swinburn and Jackson. About this time, mistakes and missed assignments begin to take their toll on the Mule team giving the Hornets a little bit of an edge for a minute or two. Not to be for long, however, for the Mules virtually came back with an all-out effort physically taking the ball back into their own hands and territory. About that time Williams began to move Orozco, mostly right up the middle of the line of fire. Orozco had several carries and with 5:29 left in the third quarter, took the ball 13 yards up the middle untouched for another Mule TD. Alvarado's kick, as always, was good, and the Mules led 21-10.

Neither Sperry or Swinburn could seem to get a good throw on the ball and their receivers had the same trouble at the other end of the line. This could have been because of the terrific pressure that was being put on both ends of the field. The Mules played a tough defensive game and a decidedly top offensive one.

Things sort of just rocked back and forth for about 1/2 a quarter, until with 5:51 left in the game, after a long drive containing five first downs, the Mule's workhorse, Paez, took it on the 27 yard line and scooted 23 yards into the end zone for a Mule TD. Alvarado's PAT was good, and the Mules led 28-10.

About that time, the Hornets decided to make Cont. Page 6, Col. 1

## Senior Citizen Center Phase II Now Completed

Jim Hartline, manager of the Muleshoe Agricultural Housing Complex and the Senior Citizen Housing Complex has advised the Journal that Phase II of the Senior Citizen's Center is now complete and open for business. Some local residents have already moved into the units and the balance of them are spoken for. The second phase of the apartment complex has given Muleshoe sixteen additional units of senior citizen housing.

According to Hartline, the applications have been filed for another 16 units, but he says, they won't come until possibly sometime in 1984 since the 1983 monies were used to finish out the last sixteen.

The dream of a Senior Citizen Housing Complex

began with a group of caring individuals, who saw the need and did something about it. Working closely together was, Harmon Elliott, for whom the Center is named, Jenne Cont. Page 6, Col. 1

## School Board Plans Executive Session

There will be a regular meeting of the Board of Trustees of the Muleshoe Independent School District on November 8, Monday at 7:30 p.m. in the School Administration building.

One item of consideration will be moving of the site for the annual Junior-Senior Banquet this coming year.

Members will also hear and approve an annual audit of school funds in a presentation given by Randy Field, school auditor. Also along with this hearing will be the recommendation that the board re-employ Williams, Adair, Sudduth, Field as school auditors.

Another matter that will be considered and approved is Update 18, Phase II of School Board Policies. Financial reports and approval of payments of current bills and expenditures and bank balances of each school fund will be presented. A tax collection report and approval of changes to the tax roll will be considered.

The board will then invoke the Executive Session, as authorized by Section 6252-17, Revised Civil Statutes of Texas in order to take care of the following listed matters: 1) consider Cont. Page 6, Col. 7

## Rotary Hears Program Explanation

Jess Winn, who is manager of Energas in Muleshoe, is also a Muleshoe Rotarian. He became the impromptu program for the Rotary Thursday at noon, as he explained his three attempts to get a program for the Thursday meeting.

Winn told of his trials and tribulations in trying three different times to get someone to present a program for the Muleshoe Rotary - and of course, as he told it, the Rotarians found his attempts to be very humorous - or maybe it was just the way he told it. Cont. Page 6, Col. 4

## Hospital Laboratory Is Being Updated

Recently, according to Terry Hutto, head of the laboratory at West Plains Medical Center, several new innovations have been

added to the lab. The purchase of a "cell counter" along with some improvements on a chemistry analyzer have been up-

dated to put the Muleshoe local hospital lab in step with newer, modern technology.

Checking The Cell Count

Chemistry Analyzer

The "cell counter" counts the number of red and white cells, the hemoglobin and the hemocrit and the addition to the chemistry analyzer enables the hospital to determine a disease or the cause of a disease with its use, according to lab technicians. "The chemistry make-up of your particular blood determines the difference of yours as opposed to normal," explains Mae Bell, one of the lab technicians. There are two others who work in the lab besides Hutto and Mrs. Bell; one is Pam Prather, an assistant (trainee) and Johnnie Parker a lab technician.

The purchase of a new piece of equipment can run anywhere from \$10 to \$20 thousand dollars, says Hutto. He implied that the cost of the new machinery, however had not caused any increases in prices in the lab work at West Plains Medical Center. "A good lab provides a doctor with a great deal of help in the diagnosis of a patient's illnesses, and the more we can do right here in this hospital cuts down on the number we have to send off and wait for the results on a test," Hutto explained.

Hutto, hopefully, states that by keeping up with the times, we can and will in the future, be able to help the patients more and more - not just by health care, although that is the big thing, but by cost efficiency and that is by doing our own work in our own surroundings and with our equipment and staff.

## Mixed Drink Taxes Bring In More Than \$100 Million

State Comptroller Bob Bullock Monday said collection of the state's 10 percent mixed drink tax during the third quarter of 1982 was up nine percent over the same period last year.

Bullock said the state received \$34.6 million in taxes on the sale of mixed drinks during the third three months of this year. He said his office is sending checks totaling \$10 million to 217 counties and 408 cities as their share of the gross receipts tax on mixed drinks for the third quarter.

## Railroad Work Order Given For 70 Crossing

The state Department of Highways and Public Transportation has issued a work order to the Atchison, Topeka and Santa Fe Railway Company for re-planning the crossings at US 70 in Muleshoe.

Work is scheduled to begin November 8, 1982, and will continue approximately two weeks. The crossings will be closed during most of this period and traffic will be detoured.

The traveling public is urged to use caution and courtesy during this construction.

The state's general revenue fund will receive the balance, \$24.6 million, of the tax money collected.

Bullock said that Bailey County's mixed drinksales rebate for the third quarter was \$5,797.82 of which the county's 15 per cent totaled \$869.67. For the City of Muleshoe, total city tax revenue was \$2,811.33 with the city's 15 per cent share being \$421.79.

In Castro County with total county tax revenue reaching \$7,861.99, their total rebate was \$1,179.30. For the City of Dimmitt, \$7,235.68 was received in total taxes and \$995.35 of that was Dimmitt's 15 per cent rebate. The second city in Castro was Nazareth. Their total city tax revenue was \$364.13, with \$54.62 being returned to them in rebate for that third quarter period.

Cochran County received \$784.21 in total county revenue for the third quarter period and also received \$117.63 in rebates.

In the county of Deaf Smith, a total of \$13,622.05 was received in third quarter total county mix tax drink revenue, with \$2,043.31 being rebated to the county for that period. In Hereford, the total remittances were \$2,043.31 after a total city revenue of \$13,622.05.

Lamb County's total county revenue on this

period was \$8,982.46 of which 15 percent of \$1,347.37 was their county rebate. In the City of Littlefield, total city tax revenue was \$4,880.99 with \$732.15 being their 15 per cent revenue.

Parmer County's total county tax revenue for the third period of 1982 was \$284.39 with \$42.66 of that being the 15 percent rebate received.

Cont. Page 6, Col. 4

TRUCKS AS FAR AS THEY CAN SEE--This was the scene outside of Enochs last Sunday, as over 127 trucks lined up to dump their bountiful grain harvest at the Farmer's Cooperative Elevators at Enoch. Most grain facilities in the area are full to overflowing and much is being shipped out by rail. Texas' own High Plains elevators are still filled for the most part by embargoed grain.

## Proposed Beef Grading Changes Dropped

The beef grading system used by the U.S. Department of Agriculture will remain as is.

Based on more than 4,000 comments in response to proposed grading changes by the USDA, the current system will stay intact, said Dr. Ed Uvacek, economist in livestock marketing with the Texas Agricultural Extension Service, Texas A&M University System.

"Almost 74 percent of the comments were against the proposed changes," said Uvacek. "Opposition was voiced by 45 percent of the livestock organizations responding, 100 percent of the retailers, 75 percent of the meat packing groups, 100 percent of the hotel, restaurant and food institutional trade, and 97 percent of the individual consumers."

In making the final decision to abandon the proposed changes in beef grading, a USDA statement said: "The Department has decided to withdraw the proposed beef grade changes and to implement no changes in this voluntary, user-paid-for service at this time."

The departmental statement further said: "Since this service is a marketing tool, it is obvious that consumer opinion is vitally important to this process, regardless of whether that opinion is based upon fact or perception. Acceptance must come either through aggressive consumer taste, aggressive industry marketing or both."

Uvacek said that the majority of the comments were in opposition to the changes because, "people perceived that the proposed changes would reduce beef quality, leading to consumer confusion and possibly reducing the demand for beef."

Proposed changes included lowering marbling requirements for Prime and Choice grades and eliminating the Standard grade, the economist said. The proposal was submitted about a year ago after the National Cattleman's Association requested that the USDA make several changes to provide beef with less fat and more lean, based on research from land-grant universities across the nation, including Texas A&M.

## CAPITOL UPDATE

*John Tower*  
U.S. SENATOR for TEXAS  
142 RUSSELL OFFICE BUILDING  
WASHINGTON, D.C. 20510

The success of our representative form of government depends on individual citizens going to the polls to cast ballots for officials who will make decisions on their behalf.

Yet, each election day millions of eligible voters stay home. The Texas Secretary of State analyzed voter turnout in non-presidential election years and discovered that only 42 percent of those registered can be expected to cast ballots November 2. Analysis of the first eight days of absentee voting would seem to indicate that the historical trend is turning into an accurate prediction.

I hope it is not. If less than half of even those who have made the effort to register exercise their right to vote, I will be sorely disappointed.

The right of every man and woman to vote did not come easily. In fact, this principle was not fully realized in our own nation until this century. In recent months we have watched as the Polish people have continued to struggle against overwhelming force for a small measure of the self-determination we now take for granted. Imagine for a moment how much the right to elect those who govern would mean to someone who has always lived under a communist dictatorship. Is it conceivable that he would throw away such an opportunity?

The citizen who fails to vote is giving up his voice in government. He yields to others his decision-making powers to others. The concept of a government which represents all of the people of our nation suffers with each vote not cast. Each vote is necessary if we are to realize our standards of representative government.

Voting indeed is both the highest privilege and the most basic responsibility of citizenship.

I would urge each of my fellow Texans to take the time to learn about the candidates and issues, and to go to the polls to vote for the men and women who most nearly reflect your views and principles. Please do not take lightly this right for which our forebears fought and for which so much of the world yearns.

By Spencer Tanksley  
County Extension Agent

Many Texans will be heading to the woods with their chainsaws this fall to cut winter firewood.

Most of these trips will end with a very satisfying stack of fine cut wood ready to warm the hands and hearts of the woodcutter and family back home. However, Spencer Tanksley, county Extension agent with the Texas Agricultural Extension Service cautions that unless chainsaws are properly used, woodcutting trips can end in tragedy.

Chain saw users should know that approximately 23,000 persons annually require emergency room treatment for chain saw injuries.

According to Tanksley, two out of every three serious chain saw injuries involve inadvertent direct contact with the chain saw blade. These accidents may involve an operator reaching across or holding work too near the moving saw, loss of footing, shifting of the chain saw while cutting, or experiencing chain saw "kickback".

The agent explains that kickback can occur when the upper part of the chain on the guide bar grabs in the wood or contacts a nearby object and is suddenly and forcefully pushed backward toward the operator.

Kickback is prevented by keeping a firm two-hand grip on the saw with the thumb under and around the top handle, sawing with the bottom part of the chain, maintaining high saw speed when entering or leaving a cut, standing to the side of the chain saw cut, and proper chain saw maintenance.

Tanksley adds that chain saw safety also involves knowing good technique for falling trees, limbing, and cutting trunk sections.

According to Tanksley, information regarding choosing a chain saw, chain saw maintenance, and recommended chain saw operating techniques is contained in a new publication entitled, "Safe Chain Saw Operation", (No. B-1409), available through the county Extension office at Courthouse or call, 272-4583.

### NEWS VIEWS

Robert Dederick, Commerce Undersecretary:

"Growth in homebuilding appears likely to assume its customary leading role in the economic recovery of the nation."

## The Speaker Reports

by Bill Clayton

AUSTIN --- There are thousands of single parents in Texas, mostly women, who are forced to support their children by themselves or with government funds because the absent parents fail to pay court-ordered child support. Statistics from the Department of Human Resources tell us that in Texas 155,594 children live in single parent homes, are on welfare, and receive no support from the absent parents.

This is a terribly unjust situation to the children, to the single-supporting parents, and to the taxpayers of Texas. The problem of delinquent child support has grown steadily worse in the last decade. The increase in divorces and difficult economic times aggravate the situation.

In response to this problem a new federal program has been developed which will provide our state with some assistance.

This program will allow the IRS to withhold tax refunds from individuals identified by the states as delinquent on child support payments. All or part of these funds will be channeled back to the states. Texas will implement this program in 1983 and expects to collect \$4 million.

The Department of Human Resources has forwarded a list of 16,000 names to Washington D.C. Individuals on this list are required to be delinquent in payments totaling over \$150 or delinquent in payments for three months. Federal law requires that a state must have made every reasonable effort to obtain back payments before submitting names.

Other states like California and New York are already participating in this program. New York received \$6 million for the first six months of this year. Texas will not collect such a large amount of money because our welfare payments are set much lower.

Of the 16,000 names submitted, at least 15,000 of them are parents whose families are now part of the Aid to Families with Dependent Children (AFDC) program. AFDC families in Texas receive \$51.46 per child per month. Presently, the state pays 2/5 of this and the federal government pays 3/5. National figures show that 80% of the women who receive AFDC payments are eligible because they receive no child support from the fathers.

The IRS refund checks will be sent to the states to help offset AFDC payments. Refund checks will continue to be withheld until child support is paid up. This IRS refund program is only in effect for delinquent child support cases and not for any other type of welfare case.

Withholding IRS refund checks is a new tool that can be effectively used against individuals who do not make child support payments. State law, it is often argued, does not do enough against such individuals. Texas only allows civil contempt proceedings as a means of enforcing child support. Though this can mean that the offender goes to jail, this is rarely the case. And if the offender is in jail, he may lose his job and therefore would not be able to pay child

support. Many believe that Texas should seriously consider garnishment of wages. The support payment would be taken automatically from the paycheck much like income tax.

This and other alternatives should be closely considered by our next legislature in 1983. The problem has become epidemic in proportion and deserves our close scrutiny.

## Window Coating Law Becomes Effective

Under new Texas regulations, effective October 18, 1982, glass coating materials may be installed on all motor vehicle windows except windshields.

Previously, it was illegal to place the materials on the windows to the immediate left and right of the driver's seat. However, the new regulations allow coating materials approved by the Texas Department of Public Safety to be installed on those windows.

The window film materials, which are sold under various brand names, are designed to reduce glare, the build up of heat inside the passenger compartment by limiting the amount of sunlight passing through the windows.

Glass coating materials applied to windows behind the driver's seat need not be approved by the DPS. However, vehicles with window film applied to the rear window must have outside rear view mirrors on the right and left sides.

Coatings which meet DPS standards cannot block more than two-thirds of the light directed at the material. Laboratory tests confirming that coatings meet the DPS standards must be

filed with the Department before approval is granted. Regulations also require that the manufacturer's name or number and approval designation appear on the material placed on each of the front side windows.

DPS Director Jim Adams said Department staff members had received numerous inquiries about the materials from the public.

"One reason we held off changing the regulations is that until three months ago, none of these coatings had been approved by a nationally-accredited organization," Adams said. "When the American Association of Motor Vehicle Administrators approved several samples during the summer, we determined that the DPS policy prohibiting use of the materials on front side windows was no longer valid."

Adams pointed out that many sunbelt states do not prohibit the use of glass coatings on the driver's side windows.

DPS officials said some window film samples have already been evaluated by the Department and approved for use on the front side windows of motor vehicles.

## GTE Says Success Demands Policy

"It is becoming increasingly clear that the future success of our industry demands a newly defined national telecommunications policy," said Theodore F. Brophy, chairman and chief executive officer of GTE Corporation.

In a speech before members of the United States Independent Telephone Association (USITA) during its annual conference in Los Angeles, Brophy emphasized the critical need for a national telecommunications policy. He said the only appropriate body to establish that policy is Congress.

Citing the many changes which have taken place in the industry since the passage of the Communications Act of 1934, the GTE chairman said, "If this industry is to serve the public and prosper as we all wish it to do so, we need the certainty of a clearly stated and appropriate telecommunications policy."

TO reach this goal, Brophy proposed expanding USITA membership to in-

clude the Bell operating companies and the formation of a broader and stronger coalition to work for the creation of a new Communications Act to serve as the statement of the tele-communications policy for this national in the balance of the century."

Brophy proposes the establishment of a USITA Task Force to develop a consensus and draft a white paper which can serve as the basis for a congressional statement of national telecommunications policy.

He assured the group that GTE will not lose sight of the importance of the local exchange telephone company--to GTE, to the country or to the evolving tele-communications world of tomorrow. "If we are willing to accept the challenge and chart our own course, I believe that there are new rewards for the public we serve and for our employees and shareholders in the new world of advanced communications," Brophy said.

## Lisa's Lines by Lisa Hamilton

This week has really been fun. Thursday, October 28 we held our last Pep Rally. We also had Sock-it-to-'em Day. It was really fun looking at all these kids walking around with their socks all dressed up. The teachers also dressed up their socks and had a lot of fun.

We would like to congratulate Mrs. Barrett who had a baby boy Thursday October 28, sometime around 7:30 p.m. He was named Zachary Cole. We would like to report that both mother and baby are doing fine.

Remember to come to the Harvest Festival on November 6 at the Civic Center. This will be like our Halloween Carnival, but the school was unable to rent the Civic Center in time for Halloween, so instead we'll have a Harvest Festival. There will be several booths and the crowning of the king and queen.

Annals are now \$9.00. If you weren't able to buy

one before they went up, you need to buy one now. After November 19 no more annals will be sold and no extra annals will be ordered. You really need to buy one.

These days it's no sin to accumulate wealth. It's a miracle!

## Mules Scalp Braves

The seventh grade Mules won their first ball game Thursday, Oct. 28. They played the Friona Braves on their Home Field.

The Mules shut out the Braves with an outstanding defense that held tough all the way. The Mules scored their only touchdown in the second quarter when Andy Olivarez ran it in, with an outstanding offensive line helping him out. The Mules offensive line blocked hard and never gave up. The offense fumbled several times in scoring a position, which cost them several chances to score.

The final score was 6-0 in favor of the Mules. The Mules last game of the season will be November 4, at Tulia at 5:00.

## Chieftains Check Mules

The eighth grade Mules played the Friona Chieftains Thursday Oct. 28, here. The final score was the Mules-8 Friona 19.

In the first quarter the Chieftains scored 6 points on a deflected pass by Michael Angeley. The Mules failed to score that quarter.

The second went by slowly after Friona made another touchdown by a quarter back sneak. The extra 2 failed.

In the third quarter the chieftains made another touchdown on a pass caught by the back. Friona made P.A.T. bringing the score to 19-0. In the same quarter, the Mules made a touchdown, but it was called back by a clipping penalty.

In the fourth the Mules defense held tough. The Mules' Michael Angeley passed to Sidney Lewis, swingman, and Sidney threw to Ramon Martinez. Then, one play later, Ramon ran it in for the T.D. and the extra two.

Norman Perez suffered a broken arm. The Mules want to wish Norman a speedy recovery.

People must learn to get along with less than perfect persons.

Your best friend is the one who will tell you the truth even if it hurts.

The unemployed are not all eager to find what they're looking for.

Why is it the ignorant talk and the intelligent so often remain silent?

Dreams are not what successful businesses are made of, unfortunately.

Boy, these Maytags are really built!

## Spirit Rises

### At MJHS

Last Thursday M.J.H.S. had their last pep rally. It was real exciting. The band played The Fight Song, School Song and Figets. The 8th grade speech was given by Shawn Bussey, the 7th grade speech was given by Ronnie Perez, and the cheerleader speech was given by Debbie Isaac.

For this pep rally the cheerleaders sponsored "Soc Day" where everyone wore crazy socks. The winners were Shannon Crozier of the 8th grade, 7th grade Karen Kennemer, and 6th grade, Carol Copley. And the two teachers that won were Mrs. Scoggins and Mrs. Beddingfield. Congratulations to the 8th grade for winning the "Spirit Stick".

## Cotton Loan

### Equities

### Continue Trading

High Plains 1981-crop loan equities sold by growers continued trading in the \$5 to \$15 range, mostly \$10. Small new-crop lots of grades 42 and better, staples 30-32, base mike brought 200 over loan. Gins paid producers \$55 to \$63 per ton for cottonseed delivered to oil mills. Some gins paid growers \$80 to \$90 for seed delivered to cattle feeders.

Most harvesting to date has been from fields where harvest-aid-chemicals were applied earlier. Last week's temperatures in northern and western High Plains Counties caused some natural defoliation.

Harvesting in those areas is expected to begin in early November, according to Mack Bennett, area Director of USDA's Marketing Services Office at Lubbock.

The Lubbock office classed 10,000 samples during the week ending October 28. This brought the season's total to 13,000 and compares with 4,700 classed by the same date last year.

Predominant grades during the week were grade 42 at 11 percent, grade 32-26, grade 42-38 and grade 52 accounted for nine percent. About 10 percent was reduced one grade because of bark and eight percent for grass, Bennett said.

Predominant staples were staple 30 at 27 percent, staple 31 was 35 and staple 32 accounted for 17 percent for an average of 30.9 thirty-seconds of an inch. Micronaire 35-49 amounted to 69 percent, 33-34 was 11, 30-32 was 14 and 27-29 accounted for six percent for an average of 37.

Average breaking strength was 24.1 grams per tex.

Growers offerings across the U.S. were sufficient to meet merchant demand although prices trended lower and growers were not selling freely.

In Fashion

The frontier look is popular with all ages. The flounce bottom skirt, in solid or print, is topped with plaid or solid blouses featuring ruffles at the shoulder or neck to reflect a romantic country air.

MRS. CHARLOTTE HARRIS AND CLIFTON RAY

## Baby Shower Honors

### Mrs. Charlotte Harris

Mrs. Charlotte Harris and Clifton Ray were honored with a baby shower Wednesday, Nov. 3 at 2:30 p.m. at the Lazbuddie Methodist Church.

Guests were greeted by the honoree, her mother, Wanda and mother in law, Evelene Harris.

Rica Anderson served assorted cookies and yellow slush punch from silver and crystal appointments.

The serving table was covered with a white lace cloth with a yellow satin underskirt and accented with an arrangement of silk blue daisies and yellow daffodils in a lamb vase.

The arrangement was surrounded by silver candle holders with blue candles.

The honoree's corsage consisted of silk yellow daffodils and blue and white daisies.

Special guests included

Wanda Templar, mother of honoree; Evelene Harris mother in law of the honoree; Erma Templar, grandmother of the honoree; Sherri Templar, sister of the honoree, and Cindy Cargile, sister in law of the honoree.

The hostesses gifts were a high chair, baby book, and floral arrangement.

Hostesses for the occasion included Betty Smith, Eula Dale, Pug Rica Anderson, Pat Randolph, Barbie Simpson, Debbie Smith Peggy Hicks, Shirley Steinbock, and Anna McDonald.

### LATEST ARRIVALS

#### Brian Christopher Wilkins

Mr. and Mrs. Darrel Wilkins of Oklahoma City, Okla. are the proud parents of a son Brian Christopher, born Oct. 10. He weighed eight pounds and 15 ounces and was 21 and a half inches long. He has a six year old brother, Colby.

Grandparents include Mrs. Jonelle Bandy of Sudan and Mr. and Mrs. Jean Wilkins of Cement, Okla.

Great grandparents include Mr. and Mrs. Joe Foster of Levelland and Mrs. Mae Ethridge of Chickasha, Okla.

#### Zachary Cole Barrett

Mr. and Mrs. Robbie Barrett are the proud parents of a son born at 7:30 p.m. Oct. 28 in Littlefield Medical Center.

The young man weighed seven pounds, four ounces and was 21 inches long. He has been named Zachary Cole.

Grandparents are Mr. and Mrs. Curby Brantley of Muleshoe and Mr. and Mrs. Jodie Barrett of Needmore.

Great grandparents are Myrtle Puckett and Ruby Brantley of Muleshoe and Mr. and Mrs. Horace Wheeler of Amarillo.

The "tailorbird" of Asia uses its bill as a needle and sews grass, thread or bits of fiber into a sack to make a nest for its young.

SCHOLARSHIPS WINNERS NAMED--Karen Black (left) of Muleshoe and Susan Noah (center) are the first recipients of vocational nursing scholarships at South Plains College. Making the scholarship presentation covering their tuition is Helen Brown (right), coordinator of SPC's one year vocational nursing program. The two students are in the third phase of their clinical training. Black is a student vocational nurse at West Plains Medical Center. The scholarship donations were made through the SPC Foundation. SPC PHOTO.

## Often Worries Parents Children's Development

A common worry among new parents is whether their new child is developing normally.

Parents should be reassured that most children are normal and that a wide range of conditions and behavior are considered "normal."

Because no two children are exactly alike, parents cannot accurately judge their child by comparing their youngster with another. But most children go through developmental steps at certain ages, and knowing these can relieve many anxieties for parents.

The Texas Medical Association offers these milestones as a general guide in child development:

- 1 month lifts chin off floor.
- 2 months lifts chest off floor.
- 3 months reaches for objects but without success.
- 4 months sits with support.
- 5 months sits on laps; grasps small objects.
- 6 months sits in a high chair; grasps dangling objects.
- 7 months sits alone.
- 8 months stands with help.
- 9 months stands by holding onto furniture.

- 10 months crawls.
  - 11 months walks if led by one hand.
  - 12 months pulls up and stands with the help of furniture.
  - 13 months climbs up a few stairs.
  - 14 months stands alone.
- These time periods for development are broad generalizations. A normal child might well be behind or ahead at any stage. Still, parents should be attentive to the general course of normal development. Any major departure from it should be discussed with the child's doctor.

## Eyeglass Relief Promised To Thousands

Mrs. Perry Nelson, President of New Eyes for the Needy, Inc. gave new hope for thousands of people who can't afford to buy eyeglasses and therefore must go through life with impaired vision.

Mrs. Nelson said, "This year's drive for eyeglasses is already bringing in an unprecedented response.

But there are so many people who have trouble paying for eyeglasses, we've got a huge job keeping up with even a fraction of the demand.

Still, we estimate over 150,000 people will benefit from the New Eyes for the Needy program in the coming year. It's one of the few charities on earth that doesn't ask for money--uses something you no longer want."

New Eyes for the Needy collects used metal and plastic framed eyeglasses from people who wish to donate them to the cause, melts down metal frames, then uses the money to buy new glasses for those impaired sight in the U.S. New Eyes for the Needy also collects discarded jewelry for the same purpose. The plastic framed glasses are tested and shipped overseas to medical missions.

If you wish to donate either your discarded eyeglasses or jewelry to this cause, send them to: New Eyes for the Needy, 549 Millburn Avenue, Short Hills, New Jersey 07078.

The vast Pacific Ocean washes the shores of five continents--North and South America, Asia, Australia and Antarctica.

## Childrens Home Associates

### Make Quilts

## How better energy decisions make the difference

You and Southwestern Public Service Company are partners, making energy decisions that make the difference.

How you manage electricity in your home helps us make our decisions about generating power to meet the electrical requirements of the Southwest. For when you install a High-Efficiency Add-On Heat Pump, you can manage the electricity used for your home's heating and cooling -- which helps SPS determine how much power you, and the Southwest, will need.

So that economical power will always be available, SPS is developing better ways to generate electricity. One way is with coal.

Construction is now completed on the first unit of our second coal-fired power plant, Talk Station, which is now on-line and generating electricity. Harrington Station, SPS's first coal-fired power plant, has been operating since the early 1970's.

As partners we have made energy decisions which have built Talk Station. We're proud of the new power plant as you will be too. You're invited to the Open House of Talk Station between Muleshoe and Earth, Texas. Just follow the map and join us Saturday 10 to 4 p.m., November 20, or Sunday 1 to 4 p.m., November 21. Come as you are, dress casually. There will be refreshments and guided tours for the whole family.

### HOW TO GET TO TALK STATION

Come to the OPEN HOUSE Sat. November 20 10-4 p.m. Sun. November 21 1-4 p.m.

You and SPS, partners managing electricity, make the difference.

SOUTHWESTERN PUBLIC SERVICE COMPANY

### Sudan Senior Citizens Meeting

The Sudan area Senior Citizens met Monday night, Oct. 25 in the Community Center, with approximately 83 persons in attendance.

Hoyt Robertson, Vice president presided in the absence of the president.

Raymond Gage gave the opening prayer and the minutes of the previous meeting were read and approved.

Gage also reported on the cook stove that was given to the group by a group in Lubbock. The stove will be delivered later and placed in the Community Center.

Hoyt gave a report on the eight tables purchased through SPAG. The cost of these tables were \$1601 which will be matched by 10 percent fund by the

Senior Citizens.

Copies of the charter and the articles of incorporation were given out to the member, for them to review.

Entertainment for the evening was furnished by The "Anchor Brothers" who are Kenneth Richards, Reynold Stanford and Dean Richards.

Refreshments of cookies, punch and coffee were served. The next meeting will be held Nov. 22, with sandwiches will be served at the Community Center.

### WOTS Weekly Meeting

Faye Wellborn and Adelia Jones were the hostesses for the Nov. 4 WOTS luncheon held at Summit. Doing something special for a needy Muleshoe family at Thanksgiving time was discussed.

Hostesses for the Nov. 11 luncheon will be Kay Moncrief and Alice Phillips. Members present included Faye Wellborn, Kay Madry, Lois Martinec, Bettie Moore, Lydia Wright, Mildred Williams, Kathy Rainsback, Alice Phillips, Pat Mudford, Deanna Rasco, and Jason, Theresa Todd and Jeffrey and Donna Noreiga.

Adelia Jones was a guest. For more information on WOTS you may call either 272-3019 or 272-5172.

The great artist Michelangelo is known to have painted only one easel picture. He much preferred working in marble.

### TOPS Club

TOPS TX, No. 1163 met Thursday night at 5:30 in the community room of Summit Savings and Loan. The meeting was called to order by Edna Haynes, leader.

Minutes of the previous meeting were read and approved. Edna Haynes gave the opening prayer.

Weekly best loser was Josie Pedroza and first runner up was Ella Norman. Second runner-up was Edna Haynes.

TOPS monthly best loser was Josie Pedroza. First runner up was Mary Garcia. Ellawese Norman was second runner - up. KOPS best loser was Retha Knowles.

The meeting was dismissed with the goodnight song.

**ENGAGEMENT ANNOUNCED**--Mr. and Mrs. Leonard Elliott of Lazbuddie and Mrs. Helen McLean of Amarillo announce the engagement and approaching marriage of their children, Gina Beth and Paul Edward. A Dec. 18 wedding at 7 p.m. in the First Church of the Nazarene at Hereford is planned.

### Monica Reynolds Hosts Alpha Zeta Pi

Members had been invited to participate in a Backwards Party and they each

### Hobby Club

The Muleshoe Hobby Club met Thursday, Nov. 4 in the community room of Muleshoe State Bank. Sammie Ethridge President, presided over the meeting. Seventeen members were present.

Minutes of the previous meetin were read and approved. A report was given on Blanche Awbrey's condition. It was reported that she is progressing nicely. A card was signed by the members to send to her.

Fresh pecans were sold to the members by Fidel Shafer. A motion was made and seconded that the club only send a signed card to members in the hospital or going away, due to mounting expenses.

A flea market was held which took in \$45.65. One birthday and two anniversary gifts were received from secret pals. The hostess gift was drawn by Nan Gatlin.

Members present were Sammie Ethridge, Mae Provence, Nan Gatlin, Olla Epperley, Mae Loyd, Bill Phillips, Jo Wilson, Myrtle Creamer, Myrtle Wells, Ruth Bass, Allie Barbour, Opal Robinson, Ethel Julian, Ruth Williams, Vickie Hendricks, Mabel Caldwell, and Fidel Shafer.

Ruth Bass hostess, served coffee, punch and soft drinks. The next meeting will be Nov. 18 with Myrtle Creamer as hostess.

### Janelle Burks November Girl Of Month

Miss Janelle Burks has been selected as the Girl of the Month by the members of the Muleshoe Branch of the American Association of University Women. She was selected on the basis of her leadership qualities and her participation in her church and school.

Janelle lives with her grandmother, Mrs. Sofornia Burks. She has one brother, Lester Burks. She is a senior She has been in the band and a member of FHA. Her hobbies include cooking, softball, baseball, playing checkers, racquet cooking, softball, baseball, playing checkers, racquet ball, swimming, jogging, soccer, and watching movies.

### Sudan 4-H Club Meeting Held

The Sudan 4-H Club met at the Sudan Community Center on Monday, Oct. 11 with Debbie Hill, president, in charge of the meeting.

The program was brought by Kay Wiseman, on keeping record books for 4-H projects. Linda Wiseman led all the 4-H'ers in a rousing game of fruit basket turn-over.

Refreshments of cookies and hot chocolate were served by Sandra Hill and Debbie Hill to approximately 35 4-H'ers, and six adult leaders and the extension agent, David Winkle.

The group meets on the second Tuesday night of the month.

On Saturday, Oct. 23, 18 4-H'ers met for the first class on "Foods and Nutrition" at the Sudan Community Center.

Everyone participated in making "bread in a bag". After a lot of fun and work each 4-H'er took their loaf of bread home to bake and eat.

Leaders teaching the class were Kay Wiseman, Dorothy Hill, Mary Ann Gordon, and Loy Boyles.

The next class will be held on Saturday, Nov. 6 at 9:30 a.m. at the Community Center.

and Greek.

In high school, Janelle's favorite subjects are advanced science, vocabulary composition, and English.

Janelle commented, "I am interested in the future outcome of the field of science in America, that deals with finding cures and the cause of diseases."

The members of AAUW congratulate Janelle as November Girl of the Month.

## Mules vs Hornets

Cont. from Page 1

their move again and came back with a long drive, which pushed the Mules back to their own 34 yard line, where Rodriguez completed a tippy-toe pass in the end zone to give the Hornets another 6. With nothing left to lose, the Hornets went for the two point conversion and made it; however, the Mules still had them on the board with 28-18 and 29 seconds left in the game.

At that time, Coach Mike Sullivan put all of his seniors into the game and let them, for one play only, play any position they wanted. A sentimental gesture, but a nice one. And the game went down in history as the gun sounded on a Gonzales pass intercepted by the Hornets with the final score at Mules 28 - Tulia 18.

As most of you fans well know, this is neither the beginning nor the ending of the story and it goes on from here. In the pressbox, news came in that Dimmitt had won over Abernathy to the tune of 28-7; and that Littlefield had beaten Friona by 23 to 9, which left Abernathy, Friona and Muleshoe in a three-way tie for the second berth in the district 2-3A playoffs.

As soon as the final gun sounded, Coach Williams, along with Harold Horne took off in a mad dash to Dimmitt School Ad office for the official coin flip. Each coach was given a coin, and as they tossed them into the air, twice - they came down all the same. The third try, however, was the deciding factor, as the Mules odd-maned out, since Friona had beaten them previously in district, thus ending the regular season of 1982 High School football: the Muleshoe Mules. Littlefield had already wrapped up the first place in District 2-3A with no defeats in district play.

Paez rushed 20 times for 147 yards, including carries of 15 and 22 yards for scores. Hector Orozco scored on a 12 yard run and added 99 yards on 18 carries as the Mules totaled up 330 yards overall.

### Sr. Citizens...

Conf. from Page 1  
McVickers, Clinton Kennedy, and the list goes on and on. Women in the Hospital Auxiliary, churches, civic organizations both men and women all worked to help make this dream a reality. Many donated items and funds to help finish out the facilities, making them as nice as possible and adding a little extra touch at times.

"It's a dream come true for many," said Hartline, "and, the nice thing about it, is that we aren't through yet."

### Muleshoe...

Cont. from Page 1  
iamson Bailey County ASCS Executive Director, about \$3 million dollars has been paid out to area farmers in Disaster payments. The total expected paid out figure would land somewhere between the \$10 to \$12 million mark, so Bailey County is still down by about \$9 million. Some unforeseen problems have arisen on some of the payments, but we've got things pretty well under control now," the Director stated.

More than 840 students at Texas Tech University received degrees in commencement exercises at the conclusion of the 1982 summer session.

Degree recipients included from Muleshoe are: Gary Wrinkle, 322 Ave. J; Randall Burrows; Elizabeth Isaac, 706 West 20th; and James Johnson, 414 West 20th.

The Annual Thanksgiving Dinner is being held at the First United Methodist Church.

On Thursday, November 11, from 11:30 a.m. until 1:30 p.m. you can partake of all you can eat of turkey, dressing, gravy, cranberry sauce, and all trimmings. Tickets are available from church members or can be purchased at the door. With prices from \$6 for adults and \$2.50 for preschool children.

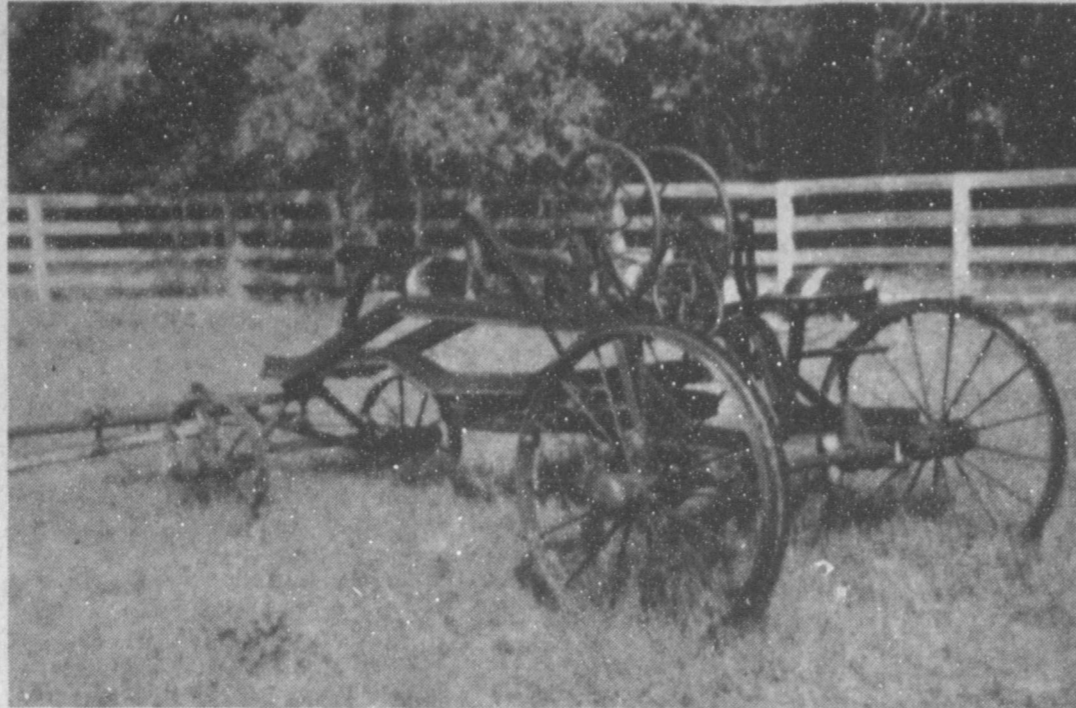

A carry out service is also being provided. Please call the church office 272-5517.

The Lubbock Jayceettes will hold their Tenth Annual Starving Artists Sale November 20 & 21, at the National Guard Armory, 2901 4th Street in Lubbock. All artists interested in entering the sale or needing information about the sale, please contact Bettie Woodruff at (806) 745-2611. Judy Campbell at (806) 797-7351 or Leigh Sims at (806) 792-7443.

The Lazbuddie FFA Chapter has begun their fruit sales. They will be selling small boxes of grapefruit and oranges \$7 per box, large boxes of grapefruit, apples and oranges for \$10 and a mixed box of all three kinds for \$10. To place your order, call 965-2806 or any Lazbuddie FFA member.

Life would be more simple if more people were willing to be themselves.

I wish to thank each of you for your vote of confidence in the past election. It is an honor and a privilege to serve as your District Clerk. Elaine Parker, Deputy District Clerk, joins me in this expression of appreciation and we welcome your suggestions in any way that we may improve our service to you. Please call on us. Thank you. Nelda Merriott

OLD ROAD GRADER--This is about a 1927-28 model road grader, such as was used in Bailey County at that time. It was pulled by a team of mules in a simpler time of life. Our thanks to Mrs. Janie Moraw for this photo.

### Sheriff Meets With Commissioners

The Bailey County Commissioners will meet on Monday, November 8 in a regular meeting in the courthouse from 10 a.m. until 5 p.m.

The following items will be taken care of on the agenda: returns of the general election held November 2 will be canvassed. Also payment will be authorized to election officials and clerks for the holding of the November 2 general election.

Also meeting with the court will be representatives from the soil conservation service, scheduled at 11 a.m.

The Commissioners will also consider the publication of a notice to receive proposals for group hospital rates, and life insurance coverage for the 1983 coverage.

Other routine items such as the approval of previous meetings, payment of routine bills and othermiscell.

### Laz. Super...

all employees) for making their tenure at Lazbuddie such an enjoyable one," according to Sam Barnes.

### Crops...

Conf. from Page 1  
confused with the 1982 Census of Agriculture is being mailed in late November. "While the census is a more detailed accounting of Texas agriculture, our two-page questionnaire is short and can be completed in a matter of minutes," Murfield explained.

To reduce survey costs, Murfield is urging farmers and ranchers to return the mailed questionnaires as soon as possible. The reported information will be combined for state as well as county estimates.

Annual county estimates are published for livestock, dairy, poultry, cotton, field crops, small grains, fruits and pecans, vegetables, and cash receipts from the sale of farm products.

Copies of these bulletins can be obtained by contacting the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, TX 78767.

## Minor Incidents Badger City Police

Editors Note: The Police report run in Thursday's paper was incorrect in many aspects. Therefore we are re-running it in its entire correct form.

Muleshoe Police have been busy over the past week, with accidents, thefts and criminal mischief, along with a number of public intoxications.

On October 17, Cashway Grocery reported to City police a counterfeit certified check. No further information was available on this and the check was placed in the evidence locker at the police department.

Lawrence Lee Calfy was arrested on October 24 on a charge of public intoxication and was jailed in the Bailey County Jail pending bond.

On October 27, Lillian Carr was arrested on a charge of public intoxications. She was jailed pending bond.

On October 28, City Police received a report from an adult indicating that his child had been assaulted inside the High School.

On October 29, Santos Rincon of Hereford was arrested following a rear-end collision with another vehicle which was being driven by Maria Ybarra. Officers reported Rincon to have been following the Ybarra vehicle at very close distance. He was later released on bond.

On October 30, city officers arrested Robert Perez on a charge of public intoxication at the New Dimensions game room in Muleshoe. Perez was placed in jail, pending bond.

On October 30, Sarpio Vasquez reported to local officers that someone had taken lumber and nails from a construction site at 605 West 9th. The theft was thought to have occurred sometime during the night of October 29.

Adeline Zimmerman reported to police officers that someone or ones threw or hit her windows at the Muleshoe Manor October

30. Also on the 30th, Nazario Flores was arrested for disorderly conduct, (abusive language) and simple assault, by local police. He was placed in jail pending bond. On October 31, City

### Board...

Cont. from Page 1  
progress in the employment of a superintendent of schools, 2) consider employment of Director of Special Education and 3) routine personnel matters.

After the board reconvenes in open session, they will consider actions resultant from the executive session. Also under consideration will be change orders for the renovation work project. Vocational work programs will also be considered. A local textbook selection committee is scheduled for approval at this board meeting.

In other business, the superintendent's report of school activities will be given and the school board and guests will move to the high school to see the progress of the renovation project there.

officers investigated an accident with injuries at the corner of Avenue E and West 5th Street. The driver of one of the vehicles was arrested and jailed on a charge of DWI. A witness indicated that Costilla was driving on the wrong side of the road. One person was taken to a Lubbock hospital and some others to West Plains Medical Center.

The parent who expects to discover how to raise a child successfully by reading books has much to learn.

Intelligent cooperation, with tolerant excusing of errors of others, explains most of mankind's progress.

There will be friction in the United States as long as politicians promise minorities more than they can deliver.

Neither wealth nor position makes a man a gentleman; neither does poverty prevent a man from being a gentleman.

When you run into a chronic worrier you are wasting time on a loafer; busy people have little time for worrying out loud.

I Want To Take This Opportunity To Publicly Thank Everyone Who Voted For Me In The Recent Election.

I Am Honored To Have Been Elected County Attorney And Look Forward To Serving The County In This Capacity.

Sincerely,  
Linda Guelker

The Mule's Tale staff would like to wish these people a very HAPPY BIRTHDAY!!!!  
Tips are for extra service; they're not mandatory.

## J.V. MULES TAKE DISTRICT TITLE

## NEW MHS G/T Program Underway

The MHS Gifted/Talented Program is well underway for the year. Kristi Spies, John Issac, Tracy Tunnell, and Wade King have been meeting twice a week on Wednesday and Friday with the high school G/T coordinator, Mrs. Pat

Black. This year these four students are involved with the Texas Future Problem Solving Program and have been training in using different steps to creative problem solving.

The Future Problem Solving Program was created by Dr. L. Paul Torrance, an internationally known expert in creative thinking. It began in 1974 as a curriculum project in Athens, Georgia. By 1977-1978, the program had emerged as a national, year-long program in scholastic competition. During 1979-80, an estimated 60,000 students were participating, representing virtually every state in the U.S. plus England, Australia, Guam, Japan, South Africa, and Canada.

Texas joined the program in the fall of 1980 when schools throughout Texas were invited to form and

train teams for participation in the Texas Future Problem Solving Program. In only one year the Texas program grew to be second, in number of students participating, only to Georgia.

Each spring Texas, along with the other states which have state programs, hosts a state bowl and invites outstanding teams to compete in problem solving. The winning team in each division is then eligible to travel to Cedar Rapids, Iowa, to participate in the National Bowl sponsored by Coe college.

The Future Problem Solving Program is designed to use futuristic problems to instill problem solving skills in gifted students. During the school year, teams of four students in three grade level divisions (grades 4-6, 7-9, and 10-12) work on three practice problems. The MHS team just completed the first practice problem after a month of researching "UFO's", and they are awaiting their evaluation from the state office. The team is currently researching practice problem two on "Underwater Communities" and will be traveling to the Texas Tech library on Tuesday, November 9 to do research on this topic.

The final practice problem will concern "Robotics", and it is on this practice problem only that an invitation to the state problem solving bowl will be based. The Texas Future Problem Solving Bowl will be held April 15-17 in Austin, and it will be over the topic "Computers". The winning team in each division is eligible to travel to Cedar Rapids for the National Bowl. The topic

## Jr. Supper Successful

The junior class had their annual Thanksgiving Pre-game supper Friday, October 29, in the high school cafeteria. The turkey and dressing supper proved to be a big success as one of the class money making projects. Unfortunately, the food began to run low at 6:45, so the class had to restrict the supper to those holding tickets. With five minutes left to serve, the turkey, dressing, and green beans ran out completely and several ticket holders had to accept a refund and an apology from the class!

The junior class and sponsors would like to apologize for running out of food, but they just did not anticipate the larger than-usual crowd that turned out for their meal.

They really appreciated the help and support of the parents and community and they would like to thank everyone who bought tickets for the supper!

for this year's National Bowl will be "Nuclear War".

The Muleshoe High School G/T team is working hard to get to compete in Austin and G/T coordinator Pat Black says that the MHS Gifted/Talented Program is currently accepting nominations for any other students who might meet the criteria for acceptance into the program. Nominations can be made through the counselor's office by administrators, teachers, parents, students, etc. MHS is eligible to have another team of four working to go to the State Bowl and the second practice problem is not due until January 7, so any student who would like to be in the G/T Program should see Mr. Gramling or Mrs. Black for the nomination forms.

## Make Plans For Parade

Any MHS organization or group that would like to enter a float in the December 4 Christmas Parade needs to contact the Chamber of Commerce and Agriculture for entry forms.

All groups and organizations from school are encouraged to join in. The Chamber would like to have a fantastic parade this year. The floats will be prizes. First place will receive \$75.00; second place will get \$50.00; and third prize will be \$25.00.

The deadline to have the forms returned to the Chamber office is November 26 and the theme of this year's parade is "Christmas Wishes." The Chamber of Commerce would like to encourage any interested groups to plan an entry.

## NHS Has Meet

The National Honor Society members held their monthly meeting Wednesday, November 3rd, at Leal's.

Members are urged to get busy selling note pads. Scholarships were also discussed.

Those members present were Michael Isaac, Tamara Gilliland, Charlie Hawkins, Rhonda Dunham, Denise Wilson, Scott Campbell, Sheila Van Cleve, and sponsor, Lucy Faye Smith.

N.H.S. members are selling note pads with the M.H.S. crest on them for \$1 each. Anyone interested in purchasing these note pads should call any N.H.S. member or Lucy Faye Smith at the high school.

# Junior Varsity Captures Title

The Junior Varsity Mules are the 1982 district champions. The Mules finished out the season with a 6-2 mark and were undefeated in district play. Members of the Junior Varsity this year included: Carlos Carmona, the 16 year old son of Mr. and Mrs. Carlos G. Carmona. Carlos is a Sophomore and is a member of F.F.A. He plays fullback on offense and is a linebacker for the defense. Carlos commented, "School's been great so far, and our football season was even better and I enjoyed it."

Michael Del Toro is the 16 year old son of Mr. and Mrs. Rey Del Toro.

Michael is a Sophomore and plays offensive wingback and defensive safety.

Rob Donaldson, the son of Mr. and Mrs. Bob Donaldson, is a 16 year old Sophomore and plays tight end and defensive end. He commented, "I think we have a good team this year. We got what we wanted, District!"

Jerry Gleason is the 15 year old son of Dr. and Mrs. Jerry Gleason. He is a Sophomore and is active in 4-H and enjoys water skiing. Jerry plays fullback and linebacker and ne commented, "I was very pleased with the J.V. football team."

Chris Hernandez, the 16 year old son of Mr. and Mrs. Mickey Hernandez, is a Sophomore and is active in band. Chris plays center and linebacker and commented, "We'll be even better next year!"

John Isaac is the 16 year old son of Mr. and Mrs. Charles Isaac. He is a Sophomore and is active in band, Student Council, and F.T.A. John plays tackle and defensive end and commented, "I feel we have had a very successful year and we have all enjoyed it."

Todd Jones, the 16 year old son of Mr. and Mrs. James Roy Jones, is a Sophomore and plays defensive halfback and strong-end on offense. He commented, "Our numbers were few, but the ones that showed up worked hard enough for us to have a 6-2 year and the district championship."

Derrick Magby is the 16 year old son of Mr. and Mrs. Lee Magby. He is a Sophomore and plays linebacker. Derrick commented, "We've had a successful year and I've enjoyed playing."

Mark Moton, the 15 year old son of Mrs. Opal Moton, is a Sophomore and enjoys baseball, track, and basketball. Mark plays quarterback and defensive halfback and commented, "I think the team tried hard this year and really wanted to win district. That's why we did. I think we'll be very successful next year."

Noe Mora is the 15 year old son of Auddia and Joe Leal. He is a Sophomore and enjoys band. Noe plays offensive and defensive tackle.

Smiley Orozco, the 16 year old son of Mr. and Mrs. Jose Orozco, is a Sophomore and plays tailback and defensive end. Eddie Perez is the 16 year old son of Mr. and Mrs. Robert Perez. He is a Sophomore and enjoys basketball and art. Eddie plays split end and defensive halfback.

Danny Sanchez, 15 years old, lives with his guardian, Ramona Sanchez. He is a Sophomore and plays guard and linebacker. Danny commented, "I enjoyed being part of this team. After coming in second place the past three years we finally won the

district championship." Jason Scoggin is the 16 year old son of Mr. and Mrs. Kearney Scoggin. He enjoys F.T.A., F.C.A., and golf and plays guard and linebacker, Jason is a Junior.

Paul Silguero, is the 17 year old son of Manuella Silguero. Paul is a Junior and plays wingback and defensive halfback. He also enjoys playing tennis.

Tracy Tunnell is the 15 year old son of Mr. and Mrs. Wayne Tunnell. Tracy is a sophomore and plays on the defensive line. He

commented, "This year we did not have a lot of people out for J.V., but the people we had worked hard and showed dedication earning the district championship."

Chad Williams, the 16 year old son of Mr. and Mrs. Carier Williams, is a Junior and plays guard and defensive safety.

The Varsity Mules would like to thank the Junior Varsity for the dedication and effort they put forth in practice and the Mule's tale staff would like to congratulate the J.V. on a super season!!

## Chitwood MHS Student Teacher

Muleshoe High School would like to welcome Sandi Chitwood as the new student teacher. Mrs. Chitwood attended the University of Oklahoma for three years, Texas Tech one year, and has now picked up her education at Eastern New Mexico University where she will be receiving her diploma in Art Education.

Sandi is teaching three Art classes at M.H.S., consisting of two Art I classes and one Art III class. Art I is now in water colors. They are doing fall leaves, and the method they are using is wet on wet. Mrs. Chitwood says that the purpose of this project is for the students to observe fall colors, their surroundings and tree forms.

Mrs. Chitwood's Art III classes are beginning an oil painting of a clown. The purpose of this is to review facial proportions and draw a face using the correct proportions. They then turn the face into a clown because this is fun, and also it stresses the use of complimentary colors.

Sandi Chitwood is a resident of Bailey County and is married to Dick Chitwood. They have two children, Doug, age ten, and Kristen, age eight. Mrs. Chitwood enjoys Arts and Crafts, horses, cooking, sewing, sports, and anything to do with her children.

Mrs. Chitwood is very excited about being able to work with the students. When she was questioned about what she hopes to teach the students she replied, "I hope to instill in the students an appreciation of art. I do not expect all of my students to become artists, but hopefully creative habits of thinking can be developed in the classroom art classes. Since everything we see or touch has some evidence of the esthetic value of art, I hope to have all students understand the relationship and function of art in their homes, at school, and in the community-an awareness of the esthetic values of art in our lives."

Sandi Chitwood has a great talent for Art, and she loves it. When asked for her definition of art, she replied, "Art is learning to 'see' the things around us-trees, flowers, a sunset-and appreciating the beauty, form, composition, design, and line in everything around us. Art is being 'aware.' If students can be made more aware and sensitive to their surroundings, they will have a greater appreciation, tolerance, and respect toward art, life, and the world around them. The creative mind characterizes our thinkers

and leaders of tomorrow-since it is flexible and adjusts to new situations."

Mrs. Chitwood will be taking over all Art Classes at the second semester when Mrs. Elizabeth Black retires. When asked how she felt about becoming a member of the M.H.S. faculty she commented, "I am so proud and excited to be a part of the M.H.S. school system and I am looking forward to this year."

Muleshoe High School is enjoying having Mrs. Chitwood in the classroom. From the staff, students, and teachers, we welcome Sandi Chitwood to M.H.S.

## Sandi Chitwood Volleyball Playoffs Begin Next

The Varsity Volleyball team will have its playoffs next week. The team will be going to Lubbock on Monday, November 8th, to play Seminole for Bi-District. The game will be played at the Coronado High School Gym at 7:30 p.m.

The J.V. team has helped the Varsity considerably on preparing for this important game. Coach Stapleton stated, "I feel that one of our strengths is in leadership. A second strength is the girls' desire to learn and willingness to try new things. We are a young team and relatively inexperienced. We don't have much height either, and this is a disadvantage."

I enjoy working with the Volleyball team and I hope that the Volleyball season has been a positive experience for the girls, as it has been for me."

We encourage everyone to come and see the game and watch the Varsity team battle it out with Seminole for Bi-District. Best of Luck!

JACK SMITH

**Smith Services Today, Sunday In Lazbuddie**

Services for Jack Smith, 69, of Lazbuddie were held at 2:30 p.m. today, Sunday, Nov. 7 in the Lazbuddie Methodist Church with the Reverend Louis Crenshaw, pastor, officiating. Assisted by Andy Rogers, a Church of Christ Minister, of Antler's Okla. Burial was in the Lazbuddie Cemetery under the direction of Ellis Funeral Home. Smith died at 11:05 a.m. Thursday north of Lazbuddie. He was born July 4, 1913 in Harmon County, Okla. and moved to Lazbuddie 52 years ago from Reed, Okla. He was a farmer and stockman and a member of the Lazbuddie Baptist Church. Survivors include one son, Jack Finley Smith of Anna, Tex.; two daughters, Katherine McKenzie of Longview, Texas and Beverly Adkins of Oklahoma City, Okla.; five sisters, Mrs. Gladys Eggers of Orlando, Florida, Mrs. Mable Vaughan of Mangum, Okla., Mrs. Adora Scott of Lazbuddie, Mrs. Maudine Pugh of Amarillo and Mrs. Alta Jean Davis of Wheeler; two brothers, Truman Smith of McLane, Tex. and Charlie Smith of Mangum, Okla.; and six grandchildren.

**BIBLE VERSE**

*"The wise man's eyes are in his head; but the fool walketh in darkness."*

1. Who was the author of this wise saying?
2. Who were his father and mother?
3. For what architectural masterpiece is he best known?
4. Where may the above saying be found?

**Answers to Bible Verse**

1. King Solomon.
2. King David and Queen Bathsheba.
3. Solomon's Temple, at Jerusalem.
4. Ecclesiastes 2:14a.

There's quite a difference between being present and doing the work.

SHIP RAISED

PORTSMOUTH, ENGLAND -- The skeleton of King Henry VIII's flagship the *Mary Rose* was lifted from its watery grave recently, 437 years after it sank in battle with the French.

**Threeway Eagles**

**SENIOR SPOTLIGHT**

Our senior spot will feature David DeLa Rosa, son of Mr. and Mrs. Fidel De LaRosa of Enochs. David was born in Morton on March 1, 1965.

David loves french fries and the colors red and black. He enjoys business math teacher Mr. Windom is a cool teacher.

David wants to go to California after graduation and is looking forward to the senior trip and graduation.

David is a member of FFA and holds the office of Student Advisor.

**SUPER SIXERS**  
We have given four hamsters away. We will give another four away soon. We are keeping two. We have had a great week. The Eagles are playing Southland here. They are playing Welman, here also. Hope they win. Give them spirit.

Super Sixers

Misti Oxford  
FAR OUT FIFTH  
This week the fifth gra-

ders had another exciting week. We had an assembly. It was on Magic. James Phillips and Modesta Flores were volunteers.

We also made posters that brought up school spirit for the football team. Some said "Beat Southland", "Pack Southland", and "Smash Southland".

This is the end of the third week of the six weeks period and none of the fifth grade have missed a day yet.

**SPIRITED SECOND**

We glazed our ceramic ghosts last week. Mrs. Gibson is supposed to fire them over the weekend. We will get to take them home Friday afternoon after our Halloween party.

For our party we are going to have a cake shaped and decorated like a pumpkin.

**JR. HIGH PEP CLUB**

On Oct. 21, the Three Way Junior High play Southland, there.

**Firefighters Report**

By Wayne Peterson

There were fifteen fire calls this month of October. This is up from previous months, we hope it doesn't continue to rise as any loss to fire is costly and ones home and family members cannot be replaced.

Nov. 3, 1982- Wayne Wauson called meeting to order, Owen Jones read minutes of October business meeting, they were approved as read.

It came to our attention that Nov. 8th Santa Fe Railroad would start repairs at the crossing of Hiway 214-70 on 1st street. This crossing will be closed for sometime. Alternate routes will be marked by the State Hiway Dept., so lets all drive safely and defensively.

R.L. Scott made a donation of \$75.00 to the department for these responses to a call to his grain driver.

Owen Jones reminded all firemen of state dues. This is a membership due to the State Fire Marshals Association of Texas which is \$6.00 per year, a subscription of the State Fireman paper is an additional \$4.00. We have received an additional .02 off on fire insurance key rate.

Volunteer firemen have been included to the State relief and retirement act, which includes \$20,000 death benefits if killed in the line of duty.

The annual Christmas party and dinner has been set for 7:30 p.m. Dec. 10th at the Bailey County Coliseum. The department will furnish the food, to be prepared by firemen and their wives.

Frank Ellis accused Mark Tutt of taking his cap - but we all know Frank must attend at least one more meeting to get a cap.

Motion was made and seconded that Frank Ellis help at Christmas dinner by filling in as Santa Claus, motion passed-Frank voted against.

Suggestion was made that we help make Christmas a little brighter for some family in need. This is something the department has done each year in the past. Motion was made & seconded to adjourn-posted first time.

Old Maxim Revised  
Money may not buy happiness, but with it you can be unhappy in comfort.

-Journal, Washto, Ia.

**ATTEND THE CHURCH OF YOUR CHOICE**

**A GOOD APPEARANCE**  
Inborn in us is a desire to appear neat, clean, and attractive to others. We groom our hair, and wear attractive clothes. But let us not be concerned only with the physical appearance, for the light that shines from within is greater than any beauty treatment.

*"... and walketh on the outward appearance, but the Lord looketh on the heart."*

Attend Church Sunday.
