

The Only Paper In Eastland County Covering It's Territory Completely

WEEKLY RECORD

Only Newspaper Printed In Eastland

Volume 1--Number 15

Eastland, Texas, Friday, June 26, 1931.

Owned and Operated by Eastland Men

Stores Will Close On July 4th

Saturday Will Be Big Day In Eastland

The Eastland merchants have voted to continue some form of entertainment each Saturday, so be on hand each Saturday, there will always be entertainment worth your while.

The Eastland Booster Band missed out on their concert one Saturday evening, but arrangements are being made for a continuance of this feature.

Hear this band and boost for it—it's an organization Eastland can't afford to be without.

YOUNG ARTIST VISITS FATHER

P. Wayne Jackson of Chicago, has been visiting his father, W. K. Jackson, for the past week.

Young Jackson is a commercial artist, with the Toy Tinkers, Inc., of Evanston, Ill. He writes the material for the booklets the firm issues, designs for toys, and specializes in drawings on certain lines of work. He also goes on long confidential trips in interest of the Toy Tinkers Inc.

Mr. Jackson has recently completed a trip by motor, train and air-plane through eleven southern states, covering a period of four weeks. He reported that the survey of the business conditions of the south were very satisfactory.

Mr. Jackson is on his way back to Chicago where he will join his wife and two year old son.

FIRE BOYS WILL BURN GRASS

Chief A. W. Hennessee of the local fire department stated Monday that the local fire department would burn the grass and weeds about the premises of local residences provided the owners would clear the grass away from the walls of the buildings so that the blaze will not blister the paint.

Mr. Hennessee stated that two or three feet would be far enough the clear away from the walls. He also stated that the boys would burn the grass without this being done, but they would not be responsible for the damage done the paint.

The local department is making this offer in order to keep down the hazard of grass fires which sometimes get beyond control when handled without the proper precautions.

If you have grass and weeds that you want burned all that you have to do is notify the local fire department and they will see that it is burned off and with no danger to your property, as they will have their equipment ready for use.

Miss Dorothea Winters, Hillsboro, Texas, who has been visiting her sister, Mrs. Jack Phillips, has returned to her home.

Billie Jean Lackey, Abilene, Texas is visiting Miss Winnie Lee Hamilton this week.

Attention, Readers!

Can we depend upon you? The greatest cooperation more that has been on in Eastland for years is now going on. Your merchants are meeting you half way—right in the face of what some people would call a depression, the home town merchants are throwing their time and money into every progressive move—better markets, weekly entertainments, bigger and better stocks.

Let's get the fight spirit in the minds of every Eastlander—your support is needed—a golden opportunity awaits us—are we equal to the task?

If you will encourage the merchants, talk it, live it and sleep it, we're sure to win.

Call on your RECORD, A newspaper can't go ahead of a town but with the splendid cooperation the Record is receiving from the entire citizenship you are assured A GOOD, CLEAN, HOME NEWSPAPER delivered to you FREE and going into the entire trade territory and fighting for the people and Eastland as it does—Eastland can't lose. START TOMORROW—EASTLAND OR NOTHING.

LOCAL GUN CLUB HOLDS NO SHOOT

Mr. and Mrs. Jim Horton, Mr. and Mrs. W. J. Peters, Nell Day, Helen Jane Anstadt, Joe Coffman and family, Dr. and Mrs. W. S. Poe, Gayland Poe, Mary Elizabeth Harris, Fred Hutten and Tom Harris were among those from the Eastland Gun Club who visited in Breckenridge Sunday afternoon to attend the opening of a new club there.

The Eastland Club was closed Sunday in deference to this event, but the regular shoot will be held next Sunday and every Eastland shooter is urged to come out and begin practicing for the fourth of July tournament.

On Job for Jobless

F. C. Croxton, acting chairman of the Hoover Unemployment Commission, is to issue report soon.

A Different Kind of Irish Bull

This Hereford bull won first prize at the Royal Dublin Society Agricultural Show in its class.

WATCH YOUR STEP

YOU MAY BE THE PERSON TO RECEIVE

Free Theatre Tickets

If the "Watch Your Step" editor notices you on the street; sees you do some act of kindness, an amusing act or anything out of the ordinary you will find the act described in this column the following week, and you will be entitled to a free ticket to the Lyric Theatre. Your name will not appear.

Old folk, young folk; everyone alike, watch your step. Look over the list below and see if you are among those receiving a free ticket this week to see:

If the lady who bought three and one-half yards of printed veil at the United Dry Goods Monday morning and made such complimentary remarks about the price and quality will call at this office she will receive a ticket.

If the merchant who wanted to celebrate because he had "lost" his wife Monday at noon will call at the Record office he will receive a free ticket.

If the young lady who was having so much trouble with her little brother because he wanted an ice cream cone will call at this office she will receive a free ticket.

If the gentleman who referred to the children of a local service station man as being forward and was so quickly corrected will call at this office he will get a ticket.

If the service station man who called the above gentleman's attention to his error in referring to his children will call at this office he will receive a free ticket.

Civic Clubs In Joint Meet

Nearly two hundred persons sat down at the banquet table at the roof garden of the hotel Connelley Wednesday at noon at a joint session of the Eastland Lions and Rotary Clubs, at which officials and entertainers of the Lone Star Gas Company were the honor guests. Visitors were also present from Breckenridge, Ranger, Cisco and other points.

President W. H. McDonald of the Eastland Lions Club acted as toast master and introduced the visitors from the various towns in groups, there being so many that it was impossible to introduce them individually in the time available.

William C. Grant, advertising manager of the Lone Star Gas Company was introduced and he took charge of the program, first introducing the members of the Lone Star Blue Blaze Quartet, entertainers for the company who are all employees in the company offices. The personnel of the party is: Travis Johnson, Reginald Ennis, Jimmie Hodges, W. R. Stephens and Mrs. Johnson pianist. Mr. Grant also introduced R. A. Crawford, 1st Vice-President, and Mr. Denning, President of the Lone Star Gas Company.

Mr. Denning spoke in behalf of the interests of the Gas Company, setting forth the attitude of the company toward present conditions, and stating that his corporation desired only to receive a fair return on their investment and credit for the service rendered. He spoke at length on the problems facing the country at the present time, but is of the opinion that the bottom has been reached in the business depression and that at present the trend of business is upward. Mr. Denning stated that he had been through a number of business depressions and that the reaction has always come before things have gone to far.

Mr. Denning urged the cooperation of the people of Eastland in the fight that is being made in Fort Worth against his company. He stated that the Lone Star Gas Company would not lose anything in a financial way as their property would be fairly appraised and taken over by the city if the citizenship declared in favor of municipal ownership, but he did state that this section of the state would suffer badly as a result of that change declaring that Ft. Worth planned to build an 18 inch line to the Panhandle fields to secure their gas, whereas at the present time 80 to 90 per cent of the gas used in Fort Worth comes from the fields near Eastland, Ranger and Breckenridge and other fields in this immediate section.

Mr. Denning went on to state that

EASTLAND C of C ELECTS OFFICERS

At a directors meeting the Chamber of Commerce Wednesday, Mr. C. J. Rhodes, Superintendent and Auditor of the Eastland, Wichita Falls and Gulf Railroad, was elected president to succeed H. L. Vann, who resigned on account of being transferred to Cisco.

The names of G. S. Stire, manager of the local J. C. Penny store and J. A. Burk, manager of the Lyric Theatre were voted to be sent to the City Commission from which one will be chosen to fill a vacancy on the board.

Mrs. J. C. Parson, Brownfield, Texas is visiting her sister, Mrs. C. E. Brown and brother, E. M. McTaskey.

Mr. and Mrs. B. B. King of Fort Worth, parents of Mrs. Grady Owens, are in Eastland visiting.

James W. Smerling, Casper, Ind., is visiting friends and relatives here this week.

A Born Preacher

Rev. Jesse C. Shull, of Virginia, is related closely to 65 ministers, mostly Presbyterians.

Jack Clatt, assistant manager of the Lyric Theatre, has been ill for several days but is now able to be at work again.

all public utilities were so hedged about with laws and regulations that it was practically impossible for them to put anything over on the public even if they desired to do so and that all his company desired was an understanding of their problems by the public, fair treatment and a fair return on their investment.

The meeting was closed by a few words of appreciation from the toastmaster and the statement that those present had probably heard some facts that would give them a better understanding of the gas situation in Eastland and in other sections of the country.

Still Can Shoot

Ben Hodge of Poplar Bluff, Mo., who was born in 1812, attributes his healthy old age to the simple outdoor life he has always lived.

J. J. BARR HOST TO BIBLE CLASS

On Tuesday Evening June 23, J. J. Barr was host to the mens 9:45 Bible Class at his home on West Commerce and College Avenue. The affair was purely informal and designated by the host as a round-up. About fifty members of the class assembled to enjoy a splendid musical program rendered by Miss Drago and her Violin Ensemble. Refreshments consisting of ice cream, cakes and iced drinks were served in abundance. The occasion was thoroughly enjoyed by all, as was evidenced by the expressions of the guests present.

Miss Geraldine Debney left Monday for Dallas where she will join Miss Eloise Norman, who was her house guest for the past week. She will return to Memphis, Texas, with Miss Norman for a two weeks visit.

A report from the Retail Merchants Association was to the effect that a canvas of the square was made Thursday morning to learn how many of the stores would be closed Saturday, July 4th.

The result of the check up is that Eastland will be closed all day on that day—the only exceptions being drug stores, filling stations and cafes.

SINGING HELD SUNDAY NIGHT

The monthly singing which is held in the Odd Fellows' hall every third Sunday night was a large success last Sunday.

Singers from all over the country attended and a good program was presented. These singings are becoming more and more popular and every one is urged to attend. Mr. Eual Bond is president and he is expecting to make the class a large one.

Bida Announces Formal Opening

An advertisement on another page in this issue of the Record carries an announcement of the formal opening of the Bida Super-Service Station in the old Thomas Tire Co. location on West Commerce Street.

The plant, as now arranged, offers one of the most complete services to motorists that is to be found anywhere. Nothing has been left undone to bring under one roof a complete auto service.

This establishment is an asset to any city, employing as it does about sixteen men and being better equipped than shops in most towns regardless of size.

It will be worth your time to visit this shop and know just what Eastland really has in this particular line.

Mr. and Mrs. I. Moldave, former residents of Eastland, who now live in Cross Plains were Eastland visitors Sunday and Monday.

Miss Clara Hutchens of Warika, Oklahoma, is visiting her sister, Mrs. Claude Stubblefield, on their place a few miles southwest of town.

EDITORIAL

TIME TO BEGIN SPENDING

This is the time to begin putting money back into circulation. There is more money in bank, subject to the checks of individuals, than at any previous time in our natural history. It is lying there because its owners have been waiting for the business situation to "touch bottom."

All the indications are now that it has touched bottom and has begun to rise. At the moment, retail prices of every sort of commodity are lower than they have been since the days before the war. A dollar will buy as much of almost everything today as a dollar and a half would buy two years ago. The reduction in the price of raw materials is now being fully reflected in the price of manufactured goods to the consumer.

There may never be another opportunity, in the lifetime of most of us to make a dollar go as far as it will today. We would never advise anybody to go contrary to Benjamin Franklin's wise counsel, when he said: "Never buy anything you don't want merely because it's cheap." But we know that thousands of people in this community and vicinity have been putting off buying things which they really want, believing that they would go lower.

We feel justified in saying to those people that the time has come for them to buy. Business in general is beginning to pick up rapidly. We can't tell how far it is going, and probably we shall not have another such "boom" as we had three and four years ago—at least not right away. But with business picking up even appreciably, money for material and wages getting back into circulation, the number of buyers will increase and the law of supply and demand will attend to sending retail prices upward again.

If ever the advice to "buy now" was good, it is today.

EASTLAND'S FUTURE

The Record has carried other articles on cooperation but there is so much to be done along this line that we feel that a few words more may be of additional help to bring every interest in Eastland into one battle front, all cooperating for a bigger and better Eastland.

It is believed that today Eastlanders are more solidly behind Eastland than they have been in years.

Every town has its problems and some of them have so many problems that they don't find time to give Eastland's problems so much of their time. This, we believe, will work for the betterment of all.

This gives Eastland a chance it has not had during the last six years or more—a chance to increase the radius of our trade area.

No one doubts the need of such an increase and with the fine cooperation that is developing, it is only natural to expect the increase in trade area.

A town is just the same as an individual business—if production is up and consumption is down, increase consumption.

Eastland has a golden opportunity knocking at its door. After being penned in for years and being the under dog, moves to establish markets were made, one right after another. First the Eastland Farm Market, next a new creamery, then feed mills were installed, the Record started covering the trade territory completely, getting into homes that had never seen an Eastland paper, and to finish up in an interesting way the merchants are staging weekly programs. All of these together have given Eastland a most favorable reputation. Now let's not stop, let's have more extension work.

Mr. Merchant let's be at every meeting that is called, let's get into everyone of them. This is one cause that you can afford to help. If it goes over your business goes over.

Let's start trade trips into the surrounding territory, talk to these people personally—Let's put the fall of 1931 over in a big way.

Eastland is the logical trading center for this district—to this add our good roads and the cooperation of all, it is reasonable to believe that our trade area can be extended over the entire county.

THE GAS SITUATION

A few weeks ago the City Commission requested the Community Natural Gas Company to furnish them with a statement of operations for the past five years in Eastland. In last week's Record was published the reply from the Gas Company which contained excerpts from the income tax returns for 1927 and 1928 and a statement of receipts and disbursements for 1929 and 1930.

The figures, while very clear are not very illuminating. The most outstanding feature disclosed by the figures submitted reveals the fact that the gas company operated in 1930 on a policy apparently just opposite to that adopted by every other concern in business.

Reductions of operating costs have been the order of the day with every other concern, large or small, yet we find that for 1930 the reverse has been true with the Community Natural Gas Company.

Their depreciation and expense account 1930 shows an increase of 27 per cent over 1929. In other words it required \$7,475.44 more money to do 93 per cent as much business as was done in 1929.

We find that the average rate per thousand feet collected from the consumer was practically the same for both years, and while slightly more was paid out by the company for each thousand feet in 1930 than in 1929 there was not enough difference to materially effect the operations.

Now we do not know the origin of all the items charged to the expense and cannot say whether they are properly chargeable or not, but a 27 per cent increase in expense accounts when operating costs in all lines are declining materially would indicate an unusual situation to say the least of it.

From the figures submitted we find a steady downward trend in the expense ratio through 1927, 28 and 29 while in 1930 there is an upward swing to a point even higher than in 1927. The ratio of expense to sales for the four years is as follows: 1927, 32.7 per cent, 1928, 27.7 per cent, 1928, 25.4 per cent, 1930, 37 per cent.

As far as we know there has been no calamity to befall the gas company or other cause for such sudden upturn in the expenses of the company.

To undertake to fix a rate on such variable basis with no supervision or requirements for compliance with any set rules and regulations is not sound practice on the part of the city.

Now let's look for a moment at another big item of cost, gas at the city gates.

The figures submitted show that for 1929 and 1930 the average cost per thousand feet was about 40 cents. This seems entirely to wide a margin between the wells and the city gate when we see from outside figures and contracts being negotiated by other operators that it is possible and profitable to construct pipelines for hundreds of miles, collect the gas and deliver it at the city gates to the distributor at a rate that will enable the distributing company to charge the consumer less than the Community Natural Gas Company is paying the parent organization for gas at the city gates.

We agree that every corporation or concern serving the public is, and should be, entitled to a fair return on invested capital, but at the same time there should be some restrictions as to items chargeable to expense accounts, otherwise it would be possible to consume the entire earnings from any rate fixed and thereby

Alone At Last

By Ted Brown

BANKERS MEET AT BANQUET

The First National Bank of Gorman was host Thursday night at a banquet given for fifteen representatives of the Eastland county banks. The banquet was held on the Connellee Hotel Roof Garden.

Mr. W. A. Martin president of the Eastland County Banker's Association presided. A round table discussion of problems confronting banking institutions was held.

The banks represented were: The Texas State Bank, Eastland; Cisco Banking Company, Cisco; Citizen's State Bank, Ranger; Commercial State Bank, Ranger; Continental State Bank Rising Star, and the host, First National Bank, Gorman.

The next meeting will be held at Ranger.

Eastland Woman Dies Wednesday

Mrs. Nettie Maxwell, 79 year old Eastland woman, died at the home of her daughter, Mrs. Virge Foster, Wednesday, June 17th. She had been ill for three months as a result of a stroke of paralysis.

Interment was made Thursday, June 18th, in the Rising Star cemetery, Rev. Geo. W. Shearer of Eastland and Rev. Wallace of Pioneer officiated.

She is survived by three children and their families, Mrs. Virge Foster, Eastland; R. D. Maxwell, Okra; and Mrs. Cordie Copeland of Lubbock.

keep it from appearing excessive.

We are not charging the gas company with juggling figures for the purpose set forth above, but it seems to us that a more complete statement of operating costs would have been in line at this time so that the City Commission could be better advised, enabling them to exercise better judgement in handling the matter for the best interests of all concerned.

Other cities in Texas are finding it advisable to take over the operation of the gas system in order to best serve the interests of the consuming public, but it appears to us that such a step should not be necessary if there should be evidenced a willingness on the part of the companies supplying the gas to meet the situation on a fair basis.

Some relief from excessive gas rates is necessary and we hope

the City Commission and the Gas Company can arrive at some agreement that will give us this relief without the necessity of disturbing the present relations.

West Texas cities served by the South Plains Pipe Line Co., The West Texas Gas Co., and the Red River Gas Co. are being given lower rates through mutual agreements reached a short time back in conferences between officials of the gas companies and representatives of the Municipal League of West Texas.

Practically all the cities affected by the agreement have been paying 67½ cents per thousand. We see no reason why a similar agreement should not be reached between the executives of our gas companies and the Commission, giving us the necessary relief.

CITY WATER IS TREATED

The water of the city lake was treated with bluestone Tuesday. This will kill all the taste which has been in the water lately. Some people are afraid of the results of drinking the water. The water is as pure as water can be, the taste has nothing to do with its purity. Mr. Marlow states that any time the water begins to taste queer it will be treated and kept in a pure condition.

Hammond—A fine friend you are! When I got in a fight with that big bully and I cried to you for help, what did you do? You came up and socked me in the eye!

Cabbageo—I thought youse wuz a callin' me names. Youse wuz lookin' right straight at me and yellin' "Succor!"

Hearne Municipal Light and Water Plant Prosper

According to a recently published financial statement of the city of Hearne, the light, water and sewer utilities of that city enjoyed unusual prosperity the past year and showed net earnings from the three utilities in the neighborhood of \$23,000.00 after all expenses and deductions for depreciations had been charged against the plant.

Hearne is a beautiful little city to our north, just across the Brazos, which owns its own and is making wonderful progress from year to year principally because it owns its utilities.—Caldwell News.

BAPTIST CHURCH
W. T. TURNER, Pastor
"With God in the Desert," will be the theme of the Sunday morning

sermon. Remember that during the summer months the morning service is held from 10:45 to 11:45. "The Romance of Eden," will be the theme of the Sunday night ser-

mon. Come early as the service begins at 8:00 and closes at 9:00 o'clock. The Sunday school meets at 9:45 and closes at 10:45 during the summer months. Instead of the usual summer decline our Sunday school showed a slight increase over the previous Sunday on last Sunday morning. The BYPU's meet at 7:00 p. m. The seniors are putting on a series of interesting programs for the summer Sunday evenings. All young people are invited.

The choir, under the direction of Mrs. A. J. Campbell, with Mrs. T. J. Pitts as pianist, is holding up well since the coming summer. We have enthusiastic spiritual singing at all services.

Paul Brown Family Remain in Eastland

To many friends of the Paul Brown family, who have operated the Eastland Laundry for so many years, will be glad to learn that the Browns are not leaving Eastland.

Mr. Brown stated that he is only closing the plant here until business conditions are better, that they will continue to live here and will reopen the laundry as soon as business warrants.

Little Billy, age 6 years, Boston Terrier of Mrs. C. T. Keen, passed into dogdom this morning after a week of suffering. Every medical aid known was administered to Billie, but to no avail. He possessed a sweet and lovable disposition and was loved by every one who knew him in Eastland. "A dog's man's best friend" and little Billie was a friend to everyone. He was a perfect specimen of a Boston Terrier.

V. O. HATCHER, Eastland, Texas.
EARL T. WILLIAMS, Eastland, Texas

Delivered free over Eastland trade territory. In city of Eastland, 1,100 copies or 4,400 readers; Rural routes and suburbs, 450 copies, or 2,600 readers; all potential buyers in Eastland.

The Record is the only paper in this section covering its entire trade territory.

Letters From Readers

The Literary Digest of October 11, 1930, carried a cartoon by Morris representing two men sitting on a bench in the shade of a tree, one of them labeled "Idle Labor" and the other "Idle Money" and both saying "I wish I had a job."

On the streets of our cities and towns and on the highways everywhere may be seen any day scores of unemployed plodding their weary way. Their faces are haggard and their garments are tattered. Some of them are perhaps mere mendicants but most of them want a job. The latter are represented by the first man in the cartoon. But there may have been some doubt as to the correctness of the representation of the second man on the bench. If so, such doubt has been dispelled since Uncle Sam a few days ago asked for subscriptions to an \$800,000,000 3 1/2 per cent bond issue and it was oversubscribed more than seven times. Some of these new bonds it is reported, have sold in the Wall Street market at a premium of 1 1/2 per cent over the price of par, and long-term 3 per cent Government bonds bring 103 on the Stock Exchange. Jobless men and jobless money do want a job.

Did you have any money to offer Uncle Sam for his bonds? Your answer is assumed. One trouble with our community, which is doubtless true to many other rural communities, is that we are debtors and most of our cash must go to our creditors who make their habitat in centers of population and wealth. This is a good time to circulate our little surplus cash around home.

W. S. MICHAEL

Judge Fluellen, Ranger, was a business visitor in Eastland last week.

Mrs. Sherman of Fort Worth is visiting her daughter, Mrs. W. A. Weigand.

Mrs. C. A. James and son will leave Saturday for a two weeks visit to Galveston. They will be house guests of Mr. and Mrs. R. D. Cawley, Mrs. James' parents.

Mrs. Bettie Miller and son, Karl, of Bellview, Texas, are visitors in the John D. Stamps home here. Mrs. Stamps and Mrs. Miller are sisters.

H. C. Creagey and family, Little Bluff, Ark., are visiting Mr. Creagey's brother, M. V. here this week.

B. C. Brimfield and family are leaving Saturday for points in Canada for a months vacation.

Mrs. H. D. Hillyer of Brownwood and formerly of Eastland, was a business visitor in Eastland Thursday.

Ranger Captain Tom Hickman was in Eastland Thursday on business. He says he is surprised to see Eastland so flourishing after such depressing times.

Mr. and Mrs. Joe J. Mickle are in Amarillo on business this week. Mr. Mickle is looking after his farming interests there and Mrs. Mickle is visiting her daughter.

NATIONAL CAMP FOR 4-H CLUBS

This talk, by G. E. Farrel of the Extension Service, will be of interest to the 4-H Club boys and girls. It is presented to you by the courtesy of the Chamber of Commerce.

One hundred and sixty farm boys and girls from forty states will camp for a week on the grounds of the U. S. Department of Agriculture. The camp and the program are directed by the extension service of the Department.

Let us give a picture of the camp. Fifty Pyramidal army tents are pitched on a wooded knoll on the Mall between thirteenth and fourteenth Streets. To the north are the greenhouses of the Department, to the south is the new Department of Agriculture Building, and on the west the shaft of the Washington Monument stands out as the most impressive structure in this beautiful city.

The camp is equipped with electric light and all necessary conveniences. The camp is a model in equipment and arrangement.

Who are these 4-H Club boys and girls that are to have this week of recreation and study under the direction of the Department of Agriculture? How were they selected and what is the purpose of this National gathering? There are 840,000 farm boys and girls enrolled in the 4-H Clubs in the 48 States, Hawaii and Alaska. Each boy and girl has a home project. The better practices in agriculture and home economics are used. They have joined these clubs as a means of education and development. They want to become acquainted with the improved practices that the agricultural colleges and the U. S. Department of Agriculture are developing. More than six thousand college trained men and women direct the work of these clubs.

Each year the Department of Agriculture invites the colleges of agriculture to select two boys and two girls who have done outstanding work in the 4-H Clubs of the state and to send them to the National camp for further training in recreation, citizenship and leadership.

The National 4-H Camp is an assembly of the most promising young citizens in agriculture and home economics. They have demonstrated for more than three years that they have capacity, initiative, perseverance, and leadership. The program for the camp is so arranged that every minute is provided for. These young people have been so carefully selected that the camp is operated without rules. Four years' experience has demonstrated that those who are selected to represent their state at the National Camp have learned to discipline themselves. Not once during that time has it been necessary to raise the question of conduct with a single member.

To those who are interested in seeing young, rural America at its best, the National 4-H Club Camp will offer an excellent opportunity.

The educational program of the camp is in keeping with the highest standard. The morning assembly will be addressed by men and women of national significance. The Assistant Secretary of Agriculture, Benick W. Dunlap; Lieutenant Commander C. E. Rosendahl, U. S. Navy; James C. Stone, Chairman of the Federal Farm Board; C. Francis Jenkins, investor; Mrs. Jane Deeter Ripplin, national authority on girls' organizations, will be the speakers.

Each day during the week these outstanding farm boys and girls will get to ether for conference on matters of immediate interest to them. They are planning to devote the discussion period each day to the following topics: vocation, family relations, recreation, personal development and service.

The club members look forward to these meetings where an exchange of ideas is the most interesting part of the camp.

These young people are coming to

VERY LATEST by Mary Marshall

The ribbonzene wreath is used here on a little girl's dress but would be as appropriate on an older girl's dance dress of the demure sort. The ribbonzene may be bought at the needlework department in your favorite store. If you cannot get ribbonzene you may use a very narrow soft ribbon instead. The work is not difficult. It is applied by means of a lazy daisy stitch that is as simple to do as its name suggests.

On a white dress the flowers may be done in pink with green for the

leaves and yellow for the French knots. Violet may be used for the flowers alone or with pink. On a pink dress the flowers may be of light blue or of white and pink; white or yellow flowers are attractive.

Small bouquets of this sort may be used effectively in negligees or to decorate sachets, lingerie cases and other dainty dressing room accessories.

Flowers are used in a wide variety of ways on the summer dresses. A lawn collar used on a black flat crepe dress is edged with white lace flowers which also edge the short sleeves of black flat crepe. A white chiffon dress is trimmed along the lower edge of the skirt with a row of black lace roses applied to the chiffon.

In spite of the fact that more naturalistic flowers of silk, velvet, etc., have returned to favor for evening and afternoon wear, the conventionalized rather formal flowers are still favored for street wear and in Paris those of white pique, black patent leather and lizard skin are decidedly smart.

Washington to become better acquainted with the Department of Agriculture. They will journey to Beltsville Farm to study the experimental work there. They will visit the Bureau of Home Economics to learn of the results secured in the experimental work dealing with the home. Arlington Farm with its numerous experiments in plant industry and agricultural engineering will require nearly half a day. Washington is a store-house of research and information but to youth it is a place of great historical significance. These 4-H Club members will journey to the Tomb of the Unknown Soldier to pay

their respects to those who gave their all in defense of the flag. They will place a wreath on the Tomb of General George Washington and in this way prepare for the Bicentennial Celebration of his birth which will occur next year.

The evenings of the National 4-H Club Camp are demonstrations of recreation at its best. Folk dances, music, camp fires and good fellowship make "taps" all too early.

These 4-H Club boys and girls will be in uniform. The boys will wear white and the girls green. The people of the city of Washington have come to know them favorably.

From reveille on June 17 to "taps" on June 23 the National 4-H Club Camp is a busy place. It trains farm boys and girls in leadership, citizenship and recreation that they may return to their homes to contribute the best to the development of a more satisfying rural life.

Mr. Sy Hutcheus, Strawn, was a business visitor in Eastland last week.

International Sunday School Lesson
for June 28

JESUS THE WORLD'S SAVIOUR

Rev. Samuel D. Price, D. D.
With this study we concluded a six months course on the life of Christ during which the texts have been taken from Luke 14 to end of book, and make a survey of the entire gospel if possible. You have been journeying with Jesus and the disciples from Galilee to Jerusalem by way of Perea. Parables were used frequently to drive home the truth to indifferent or to eager listeners. Then we came to Jericho with Him, after fording the Jordan near that ancient city.

The steep climb was then made from Jericho to Bethany, where the Teacher paused during the observance of the Jewish Sabbath. After sundown of the Sabbath a banquet was provided at the home of a man who had

been cured of his leprosy. When she thought no one would observe her act of testimony, Mary—the sister of Lazarus—came with her precious ointment and anointed Jesus. The odor disclosed her deed and Judas began to criticise, but the Master defended her.

Early on the first day of the week Jesus, and others who had come up for the Pasover, went in procession to the Holy City. Incidents are thick along the way. On Thursday the Passover was celebrated and the Lord's supper instituted. From the upper room the little company went to the Garden of Gethsemane where Judas's kiss led to the arrest. Trials followed to the number of six after which He was taken to Calvary for the terrible crucifixion. When he said "It is finished" atonement had been made for the sins of mankind. The grave could not hold even His body and on Sunday the resurrection took place.

Personal

Misses Sadie and Thelma Brewer, accompanied by their sister, Mrs. J. F. Davis and children of California, motored to Abilene Sunday. Mrs. Davis remained in Abilene for the week.

Miss Eloise Norman of Memphis Texas, who has been visiting in the home of Miss Geraldine Dabney left Sunday for the home of her sister, Mrs. D. M. Fry, in Dallas.

T. C. Grubbs of Arlington, Texas, has been visiting his mother Mrs. Fronia Grubbs. He has gone to California, where he will spend the summer.

Mrs. R. E. Thaxton, left Sunday for her home in Gila Bend, Ariz., after a few days visit in the home of her sister Mrs. H. O. Doss.

T. C. Moss of Houston and W. A. Moss of Hico were in Eastland Sunday visiting their brother, Jim Moss.

Miss Pearl Marquis of Pittsburg, Pa., Miss Bessie Albrecht of Youngstown, O., Miss Faye Grunder of Preston, O., and Miss Lois Alsdorf of Ashland, O., are guests in the W. Z. Outward home this week.

Mr. and Mrs. F. M. Reagan and sons of Hamlin came Sunday to visit in the homes of R. F. Winn and Henry Cowzar. Mr. and Mrs. Feagan went from here to Dallas Monday where they took their baby to a specialist for medical examination. Mrs. Feagan is Mrs. Cowzar's and Mr. Wynn's sister.

Miss Margaret Belle Wynn and Bobbie Cowzar, who have been visiting in the F. M. Feagan home in Hamlin for the past two weeks returned home Sunday.

Mrs. James Ponclare of Ranger was a business visitor in Eastland Wednesday of last week.

Little Miss Betty Jo Newman spent

Fastest Runner

Ray Conger of the Illinois Athletic Club, who won the 1,000-yard race at the Newark A. C. meet, defeating the champion of Europe, Dr Paul Martin

last week end in Ranger visiting with her cousin, little Miss Johnnie Hazel Reese.

Richard Feagan of Hamlin will be here for several days visiting with his cousin, Bobbie Cowzar.

Mr. Melton Newman, who is raising wheat on the plains, is spending a few days here with his family.

Miss Margaret Belle Wynn spent a few days the first of the week in Dallas visiting her friend, Miss Marjorie Morton.

Mr. and Mrs. Jimmie King and son, Bobby, have returned from a few days visit in Kilgore. They visited Mr. and Mrs. J. I. King and son, Joe, the parents and brother of Mr. Jimmie King, who lived in Eastland for several years before moving to the East Texas oil fields.

Miss Catherine Cox, Breckenridge, was the house guest of Lucille Brogdon this week.

Lucian B. Haug, former Eastland resident, now resident of Matagorda, was a visitor in Eastland this week.

Mr. Haug is with the Magnolia Oil Co.

Mr. and Mrs. Sylvus Powers have returned to their home in Montana. They have been visiting friends and relatives here for the past week.

Scott Key, Jr., Harold Pentecost, and George Meredith, have just returned from a weeks visit in Brownwood.

Mrs. William C. Varley of Goliad, Texas has returned to her home. She has been visiting friends and relatives here for the past two weeks.

We don't lose any time reducing prices in our stores when the food we sell cost us less, and the price of food has been going down so fast, for the last year or more, that we've never changed so many price tags in our lives.

We're usually the first to bring prices down where they belong as you will notice if you read our advertising.

YOUNG PEOPLE HONOR FATHERS

The Young People's Class of the Methodist Church observed Father's day by attending the Men's 9:49 class. The class met and conducted all business before time for Sunday School and then went in a body to the Men's Class. Osgood Hunted sang two

songs which were very much enjoyed. Judge Hickman, teacher of the Mens Class invited all the young boys who were present Sunday to attend the "Round-Up" which Mr. Barr is giving at his store Tuesday night.

Mr. and Mrs. H. T. Cross and family left Monday to make their home in California. They have lived in Eastland for five years and leave a host of friends who will miss them very much.

The latest photograph of former Kaiser Wilhelm II, who, with the World War responsibility forgotten, enjoys life at his estate in Holland.

EASTLAND WINS BASEBALL GAME

The Eastland Longhorns won the first ball game of the season from the Lone Star Gassers at Ranger Sunday afternoon, the score being 7 to 5. Centerfielder Smith took the hitting honors by poking out three hits, one of them being a double. Overby and Coleman each collected two hits, Overby getting a home run and Coleman

getting a triple. The game started good for the Longhorns for they got four runs in the first inning by hits on Watson, La Fon and Smith.

Blackwell and Agnas did the hitting for the Gassers, while Homer Norton made a sensational play in the field with a leaping catch of Blackwell's liner.

The Eastland boys were all togged out in their new uniforms that were furnished by the progressive business men of Eastland.

The Eastland Longhorns will play the Ranger All-Star team, the Gassers, here in Eastland Sunday afternoon. There will be no admission charge.

UNION SERVICE HELD SUNDAY

The churches of Eastland will hold Union Service next Sunday night. They will meet on the lawn just be-

WE ARE SORRY

We are sorry to have disappointed so many of you on our special ice cream sale last Saturday, but due to an unavoidable delay in getting the order through and an accident to the ice cream truck, we could not get delivery, and did not know this until too late to get from other sources.

PHONE 70
WEST MAIN STREET EASTLAND, TEXAS

Not Moved

Phone 101 For Service

OR CALL AT THE SAME OFFICE AND YOUR PACKAGES WILL BE CALLED FOR AND DELIVERED AS USUAL

A Mistake

Rumors are out that our plant is moved out—the truth is—

Our plant in Eastland is only temporarily closed until such time as business makes it possible for us to operate here. None of the equipment has been moved. The office is open as usual.

Same High Class Work

Our Cisco plant can easily handle the work of both towns at this time, and a phone call will bring to you the same high class work that you have always received.

Your Cooperation Appreciated

The plant in Eastland will be opened just as soon as business warrants, and we will appreciate your cooperation until such time.
