VOLUME 1.—NUMBER 29.

Eastland, Texas, Friday, October 9, 1931.

Owned and Operated by Eastland Men.

Texas State Bank Closed Last Friday

The officers of the Texas State Bank posted a closing notice on the banking house door Friday morning, October 2, and did not open for business that day. Continued withdrawals was given as the reason for the suspension.

The present Texas State Bank was organized in 1924 to take over the business of the old First State Bank of Eastland, and has continued in business since that time.

The bank examiners are now in charge and their report is expected within a few days.

It is reported from reliable sources that a committee is at work attempting to plan a reorganization. Nothing can be accomplished however until the examiners make their report, giving a true statement of the bank's condition and the value of its assets.

It is believed that if a reorganization is attempted that the depositors will be called upon to sign up to leave their account in the bank for a period of time necessary for the present assets to be liquidated. This naturally would be better than to leave the bank closed and liquidate it as a closed institution.

It has been suggested that a \$25,000 cash capital would open a bank here and that it could be just as strong as one with much greater capital.

In case such a plan is decided upon by some group of men, a bank may be organized within a very few days after agreements to leave their money in the bank have been signed by the depositors. This plan seems to be to the interest of the depositors as a going bank can collect up the outstanding obligations much better than one being handled by a receiver and would of course pay the depositors a much greater per cent of their money, perhaps 100 per cent.

Legion Renews Athletic Program

Beginning Wednesday October 14, the American Legion will renew the athletic programs at the City Hall.

Before the County Fair these programs were held on Friday nights; but it has been decided that Wednesday nights are better for all concerned that may desire to attend. The usual 25c admission charge will be in effect, unless otherwise published.

The Legion promises the public better and more elaborate programs than they have yet put on, and the support of the people is cordially invited and will certainly be appreciated, as the proceeds from these programs, after expenses are paid, will go into a fund for sponsoring civic matters.

Mr. Roy Collins of Grand Prairie visited in the home of his sister in Carbon, Sunday.

Mrs. Cecil Garrett and two children Eddy Jack and Billy Jean, Mrs. Sam Garrett and Grandson, Donald Jones of Breckenridge, visited in the home of Mr. and Mrs. H. T. Stiffler on Monday afternoon.

Weldon Stansell of Longview spent last week end in Eastland.

Officials Arrange Extra Protection

City Manager Marlow and Chief of Police Lee Reid, recognizing the danger of robberies on account of the bank being closed, had, within a few hours after the notice of the closing, completed arrangements for extra police protection.

These two men were seen about the streets all during the day Friday and by the middle of the afternoon they announced that complete protection had been arranged.

In conversation with Mr. Marlow and Chief Reid they stated that the extra protection had been arranged at no cost to either the city or the merchants.

These officials are to be commended for their alertness and the manner in which the emergency was handled.

ORGANIZATION OF CAMP FIRE GROUP

The Camp Fire girls met at the Methodist church Friday afternoon at 2:30 and a very interesting program was rendered.

The program opened with the Wo-he-lo Call by the guardian. Wo-he-lo cheer by the group. Candle lighting ceremony by three members. Song, "Burn Fire Burn" by the group. Story of the work of Clara Barton by Elizabeth Ann Harrell. Presentation of new members with the greeting by Eleanor Ruth Ferguson. Necessary equipment for the Camp Fire work by Carylton Doss. Earnings of honors by Joan Johnson. Song, "Now Our Camp Fire Is Burning Low" by the group.

A new group of girls was organized under the guardianship of Mrs. W. L. Lane. The girls who registered were Mary Jane Harrell, Francis Lane, Mildred McGlamery, Gene Johnson and Alice Jobe.

PARTY HONORING MISS NELL ROSENQUEST

An announcement and miscellaneous shower was given last Tuesday evening in the home of Miss Lucille Brogden, with co-hostesses Addriene Parvin and Joyce Guinn, in honor of Miss Nell Rosenquest, who will be married to Mr. Haldean Allen October 10, at Overton, Texas.

The party began in "high lights" with bridge played at three tables. Elizabeth Day was awarded high score prize, which was a silhouette picture.

After the bridge games the girls were escorted to the dining room where a large table was placed with a package at each girl's plate, with a pink and green ribbon attached to the packages. As the girls met at Nell's plate she pulled the ribbons attached to the gifts, in this way receiving them.

The color scheme of pink and green was carried out with cake and ice cream, which was served to the following: Ruby Tendall, Fay Crossley, Martha Francis Thomas, Elizabeth Day, Mrs. John Miller, Marjorie Taggart, Ruth Rosenquest, Mrs. Henry Taylor of Brownwood Mrs. Howard Parvin and hostesses, Lucille Brogden Addriene Parvin and Joyce Guinn, and honoree, Nell Rosenquest.

Mavericks vs. Bulldogs Friday

The coming week end will see the financial situation relegated to a back seat as far as local interest is concerned, for on Friday at three o'clock, the Eastland Mavericks will clash with the Ranger Bulldogs in the first conference game of the season. Upon this games hinges the fortunes of both teams for this season. Ranger, rated on a par with Abilene as the strongest team in the district, has already been beaten twice this season. Eastland with a somewhat lighter schedule so far has dropped only one game—that to the powerful San Angelo Bobcats.

The locals will probably occupy the not unenviable position of underdogs in the coming tilt in view of the Bulldogs considerable edge in weight and experience. Local experts agree that the Maverick's chances depend in no small part on their ability to stop Ranger's touted passing attack. In Weaver the Bulldogs have one of the most talented pigskin tossers ever seen in the Oil Belt. Even the most rabid Ranger supporters admit, however, that Eastland has an excellent chance of defeating the powerful Bulldogs if the team plays all the football it has the ability to play. The team came out of the gruelling struggle at San Angelo with no serious injuries and barring injuries between now and Friday, Coach Gibson will probably have the strongest lineup on the field. It has been reported that Flahie, Ranger's star quarter, will be out with a sprained ankle, but Eastlanders would not be surprised to see him on the field Friday. On the whole all indications point to a hard fought game—one that will be worth traveling miles to see.

ANNOUNCEMENTS FOR THE COUNTY SCHOOLS

At a meeting of the school superintendents of the county with County School Superintendent, E. E. McGlamery, in Eastland last week, the dates for the Eastland County Teacher's Institute were set for Oct. 30-31.

This is the last Friday and Saturday in the month. All schools in the county will take part. The meeting will be held in the high school building in Eastland. This meeting will bring together 300 teachers. The program is now being prepared and will be mailed out to all teachers in the county. The general program will include speakers from the State Department of Education, The State Teacher's Association and from the District Parent-Teacher's Association. The organization of the work of Interscholastic League will be carried out during the meeting.

The sectional meetings will include a rural school section, a high school section, an intermediate section and a primary section. Chairmen for these sections are as follows:

Rural Section, County Superintendent B. E. McGlamery; High School Section, O. G. Lanier, of Ranger High School; Intermediate Section, E. E. Layton, Principal Junior High School, Eastland; Primary Section, Miss Jo Foote, of Gorman.

The County school board met in regular monthly session on Monday, October 5, with the following members present: W. R. Ussery, Chairman, J. A. Beard, E. M. Howard, W. P. Roach and H. S. Stubblefield. Only routine work of business was transacted.

Due to the fact that our County Depository, The Texas State Bank of Eastland, has closed, our school and county funds are temporarily tied up. County Judge Clyde Garrett tells us that both county and school funds are amply protected but that it will take some time to secure a county depository in case the Texas State Bank is not reopened.

At the Superintendents and Principals' meeting of the Oil Belt Education Association, which meeting was held in Abilene on Tuesday of this week, Eastland county was well represented. Those attending were County Superintendent E. E. McGlamery, Superintendent R. F. Holloway O. G. Lanier, W. W. Jarvis P. O. Hatley, B. H. Pettit, W. E. Goldring, and Mrs. May Healer of Ranger; D. F. Knox and Festus Wood of Carbon; Superintendent R. N. Cluck and Principal H. B. Brandon of Cisco; Superintendent E. T. Dawson of Rising Star; Superintendent Lewis Smith of Colony; Superintendent B. B. Brummett and Principal Weldon Ussery of Scranton. The afternoon sessions were in the nature of round table discussions with a general session in the evening at the Hilton Hotel. Two outstanding addresses featured the evening program, one by Superintendent C. H. Hufford of Coleman on "Profitable Use of the School Assembly," and the other by Prof. D. M. Wiggins of Simmons University on "Student Participation in School Government." The Spring meeting of the Oil Belt Association will be held in Sweetwater at a date to be set by the Executive Committee.

Resolutions By City Commission

The following resolutions were drawn up by the City Commission at the regular meeting Monday afternoon. All commissioners were present except Tom Harrell.

In view of the fact that a very grave financial situation in Eastland has been doubly accentuated by the recent failure of the only bank in this City; and that the income of our people has been much reduced during this continued business depression, so that a very large number of citizens are now in serious need; and that the large outgo of money to eastern and northern centers from payment of fire and life insurance, frigidaires, radios, cars, homes, chain store goods, and utilities such as gas, light, telephones and water has been, and is now, largely, in excess of the local incomes of all our people from salaries oil and farming products, thus constantly from month to month reducing the sum of the wealth of the community, making its ability to pay obligations contracted when business conditions were better than they are now; and in view of the further fact that the price of all utilities has remained constantly the same to all consumers, even when the price of all other service and commodities have been reduced to nearly 50 per cent of their former prices:

Therefore, Be it resolved by the City Commission of Eastland, as follows:

1st. That we believe the water rates should be reduced at this time provided we can get the bond holders of the water bonds to cooperate with us; and to that end we have determined to request that the bondholders of the water bonds agree to accept monthly payments of \$1500.00 instead of the amount of \$3100.00 as now and herebefore required; and, if the bondholders can be persuaded to agree to the reduction in monthly payments, then we propose to reduce the water rate by one-half the present rate.

2nd. That we believe that the utilities companies should be willing to share some of our economic misfortunes, and that the rates for gas, telephones and lights should be reduced by one-half their present rates; and if not reduced one-half then reduced some other substantial amount in keeping with the financial depression and the ability of people to pay; that these utilities charge now the same rates as they charged during better times, and that all salaries and daily necessities of such consumers have been greatly reduced during the past two years, so that the ability of utility consumers to pay utility rates on the present scale has been so reduced that it is practically impossible for the present customers of utilities to pay the old rates; and that unless some relief along this line is secured many utility consumers will be compelled to discontinue the service. For this reason the Commission appeals to the utility companies, and to each of them, to reduce their rates. We further ask that because of the failure of the bank, the utility companies do not pursue the policy of cutting off service so strictly on delinquents.

3rd. That the City Manager be instructed to present to the several utility companies a copy of these resolutions, urging them to give their Eastland customers a reasonable reduction in rates, thus being willing to share with the public the general business hard times. That the Manager also confer with the water works bond holders urging them to agree to accept smaller monthly payments on the water bonds in lieu of the monthly amounts now being required.

M. McCulough, Sr.,
Member City Commission.

SUPERIOR GARAGE IN NEW LOCATION

Frank D. Roberson, owner of the Superior Garage, announces in this issue of the Record the removal of his garage from South Seaman to 112 East Main Street.

Mr. Roberson has operated a garage in Eastland over seven years and has built his business to one of the largest garage businesses in the city. The shop is equipped with modern machinery while in the sales department will be found tires, batteries and a very large stock of parts for all makes of cars.

The new location gives the business larger quarters and an opportunity for even better service.

Emergency Money Circulated Here

Among the emergency measures taken when the Texas State Bank closed its doors was the issuance of scrip by the Weekly Record.

The police chief and the city manager at once placed extra patrolmen on duty during the emergency. Dr. Tanner at once set about to arrange some sort of clearance house so that the merchants could be kept in charge and the Weekly Record stepped into the field with their own money, which is being accepted at most of the stores.

The placing of this money in circulation did not only save the change of the various merchants and the Record, but it did its bit to keep business up to normal. One merchant reported two new customers on account of his acceptance of the Record's money.

Several expressions of appreciation have been heard which this office is glad to know.

The Weekly Record has profited by the experiment and wishes to thank those who have helped to make it a success. We are exceedingly pleased to know that it has proven beneficial to all who took part in it.

The plan is to have all the money back in the office by the first of next month, however it will be accepted any time.

PIONEER OF COUNTY DIES HERE WEDNESDAY

Lon D. Bourland died at the Payne Hospital here Wednesday morning and was buried in the Eastland cemetery Thursday afternoon. Funeral services, conducted by Pastor W. E. Moore assisted by Rev. D. W. Nichols of Ranger, were held at the Church of Christ with a large number of friends and relatives attending.

Mr. Bourland was one of the "Old Timers" of Eastland County, having been a resident of the Staff community during his entire life. He was born July 11, 1875, attended school at the old Providence school house, located where Staff now is. Married—Miss Pearl Hazard of that community and, later, became one of the leading citizens of that part of the county.

Mr. Bourland had been in poor health for several years. Several days ago his condition grew worse and he was brought to the Payne hospital here but medical science was not able to reach his case.

He is survived by his wife and the following brothers and sisters: Lee Bourland, a twin brother, of Eastland; Soley Bourland of Lubbock; Mrs. Mason W. Nabors of Fort Worth and a number of other relatives.

WHITE ELEPHANT SALE TO BE HELD

The Presbyterian Ladies Auxiliary club will hold a White Elephant sale Saturday, October 17th, on the square; the exact location has not yet been determined.

This is to be a rummage and bake sale, with the sale of any thing else that might be of benefit to others.

On October 14 women will canvass the town to gather things up.

For further information see or call Mrs. Leroy Arnold, Mrs. W. J. Peters of Mrs. M. C. Hays.

County Commissioners, V. V. Cooper, Ranger, P. G. Gray, Gorman; A. N. Snerly, Rising Star, and Bert Britton, Cisco, were in Eastland Monday.

Merchants Open Depository Here

Under the leadership of Dr. H. B. Tanner, the merchants have organized a depository in the old Exchange National Bank quarters. This depository cashes checks that have been endorsed by some merchant that is a member of the organization.

This is necessarily restricted but is of great value to the community. Unless something of this kind is carried to an extent that will care for the district's needs, the check speculator is sure to come in and cash may rise to a premium. Much credit is due all of those responsible for the organization of such a clearing house. Such progressiveness is sure to win for any town.

A Chicago business man visiting Eastland expressed surprise at the way the town has accepted the bank collapse and gone ahead with their affairs. He stated that Eastland was to be congratulated for its spirit.

Eastland Mavericks Suffer First Loss

The San Angelo Bob Cats went into high gear during one quarter of last Saturday's game with the Eastland Mavericks and scored two touch downs to win 14 to 0. The San Angelo eleven played very raggedly the remainder of the game and foot ball scouts present were not impressed by the showing made.

This was the first loss of the season for Eastland and the 14 points by San Angelo are the only points that have been made so far against the Mavericks.

Little Bill Harrison 145 pound triple threat back, was practically the whole show for San Angelo. His darting runs off tackle and over the ends harassed the Eastland boys for three-quarters of the game. His gallops and passes to Biffle and to Reed netted the Concho touchdowns.

Harrison's first touchdown was a pass to Biffle for a gain of 19-yards, and his second touch down was a pass of 13 yards to Reed. Both scores came in the second quarter. All during the third quarter, the Eastland team, with Burgamy and Mackall hammering the Bobcat line, was a constant menace to the Concho boys. However, in the final quarter, the Harrison hurricane turned loose again and kept the Mavericks fighting desperately to turn back the offense.

San Angelo totaled 17 first downs to Eastland's eight.

DEDICATION OF PYTHIAN HOME

Weatherford is to be the meeting place Sunday for many members of the Pythian Lodge; the occasion being the laying of the corner stone and the dedication of the new addition to the old veterans Pythian home.

A number of veterans and friends are expected to go from Eastland. Among those expected to go are Herbert Reed, Bob Slaughter, C. A. Peterson, Frey, Hill, Massengale, Harvey C. F. Sheppard, L. W. Roark, Carl Foster, and Bud Ferris. Others are urged to go.

Those who wish to go will meet on the south side of the square at nine o'clock Sunday morning.

WHO IS A STIFF?

By J. L. Cottingham.

Ben Hamner stopped me on the street Sunday and showed me a letter from some casket company. The letter said the company was very much interested in Eastland and would give Ben unlimited credit on coffins. On the face of it you can be sure it was a courtesy letter, but it got next to my funny bone.

When a coffin company comes right out through the mails and orates that they are interested in a town, it looks like the next step down is for the buzzards to come in and roost on the courthouse lawn.

A dead man is slangily called a stiff, but there is a no-man's land that a man can enter—maybe without knowing it. He eats and lies and walks but exposes no desire whatsoever to progress. Such a man is a stiff. As far as his community is concerned, he is gone or worse than gone for his stench affects others.

If you have lost your fight as well as your money, now is the time to pass out. Ben can get plenty of coffins and you can be decently put away but do not walk around the streets after you have become a stiff. A situation like that attracts notice of the coffin companies and will eventually attract the buzzards in.

We got a belly blow all right but if we do not get up we are through. You are not the only man that ever lost in a bank collapse. Some fellows have even lost on chicken fights. Let's either holler "Contact" and let the grease balls swing our props once more or let's get Ben to order five thousand coffins and invite Ranger and Cisco over to give us a decent burial. ALL SET? OKEY. WE'RE OFF.

WATCH YOUR STEP

YOU MAY BE THE PERSON TO RECEIVE

Free Theatre Ticket

If the Watch Your Step editor notices you on the street; sees you do some act of kindness, an amusing act or anything out of the ordinary you will find the act described in this column the following week, and you will be entitled to a free ticket to the Lyric Theatre. Your name will not appear.

Old folk, young folk, everyone alike, watch your step. Look over the list below and see if you are among those receiving a free ticket this week to see—

'STAR WITNESS'

If the merchant who walked back to his place of business after driving to a meeting and phoned his wife and asked her if she had the car will call he will receive a ticket.

If the gentleman who said we are ruined beyond repair will call we will cheer him up with a ticket.

If the gentleman who offered \$100 to be used at the depository and was told we have plenty of money will call he will receive a ticket.

If the lady who stopped her car just before it reached the plate glass window on South Lamar street will call she will receive a ticket.

If the merchant who gained two new customers on the strength of the new Record money will call he will receive a ticket.

If the young lady who is not satisfied with her physique and has decided on the course to take will call she will receive a ticket.

By J. L. Cottingham.

I want to announce right now that advertising on my windshield sells for five dollars a day. If a certain picture show thinks that is too high they do not have to use it but if they do fix me up with stickers they are going to have to pay space rates. I will cannot get over Ben Hamner putting that awful crack in me in the paper. I do not think anybody ought to be allowed to talk about anyone else through the newspaper. That is one thing I am thankful for. I have never talked about anyone even if I do have to fill up twenty inches a week. Mayor Mac says that they are going to put everyone to work on the streets that does not work at something else. I would like to lay information against George Karantonis. Earnest

tells me that he has known him over fifteen years and he has never worked during that interval. Rhodes and Conley got the fair through without going into debt—those boys are good. I think Rhodes ought to get the Republican nomination for Governor of Texas. Talking about politics, Joe Jones shook hands with me again and asked me to announce that it was a social and not a political handshake.

Tom Lott admitted in a public meeting that he was old. Mrs. Dave Wolf is spending a vacation in San Antonio and will be back soon—if she manages to dodge all the street cars. Joe Cole and yours truly need a haircut. Jim is getting so he serves us ice water without ice. Ed Craft and I are going to take our ice water business elsewhere. Mrs. Kimbrell only eats a chicken salad sandwich for dinner. Milburn McCarty eats a malted milk and Julius Krause dines sumptuously on a can of sour kraut juice—no wonder there is a depression in the baked bean market. Joe Cole and Jess Day are doing what they can for beans though.

Eastland has the prettiest bunch of business girls of any city in the country. That is why all of the men like to go shopping with their wives—even Homer Brelsford. Webb Grubbs is being moved to Ranger—may we extend our sympathy to the Eastland young

lades in their hours of bereavement. The fashion notes will say that a fellow's underwear ought to be the same color as his shirt. That is going to mean that all our wives will have to learn to sew our patches on tighter because if they don't hold, people may find out that some of us are not stylish.

Why is Earl Bender always in such a hurry? Dr. Ferguson is telling every one about a dove hunt—he only killed four himself, what room has he got to talk? Dr. Van de Vinter beat us all at bridge the other night so he went home and told his wife that she was bound to triumph in the long run if you kept using them. Horace Conley has a new fall suit. Dr. Ferguson has a new pair of shoes. Hoyt Davis has a new belt and Frank Castberry has a new pair of sock supporters.

Hamner Undertaking Company
Day Ph. 17—Night Ph. 564
AMBULANCE SERVICE
Day or Night

My interest has many friends to know that Frank Weaver is apparently all right. His expense account came in to day and it shows that he ate every meal during September. Earl Johnson says the correct way to wear a coat is to act like you were accustomed to it—he means when you see some grays on it, don't look flustered, be non-chalant, take your knife and scrape it off. Further opponent sayeth not, I thank you.

Mrs. C. L. Thomson and daughter, Grace, 905 So. Seaman street, moved to Tyler last week to be with Mr. Tyler, who has been operating in the East Texas oil fields for the past several months.

Mrs. B. M. Green who has been visiting her mother, Mrs. S. L. Minter, and sister, Mrs. T. J. Pitts, left Sunday for Fort Worth where she will visit a few days before going on to her home in Little Rock, Ark.
