The Talahi group of Camp Fire Girls, assisted by a few members of the Nettowep group, under the guardianship of Mrs. Tom Harrell, spent Sunday morning, making their rounds of mercy, in collecting clothing from friends, which they carried to the Chamber of Commerce, to be later apportioned to the needy.

The balance of the day was happily spent, a part of the girls lunched with Lurline Brawner at her home, and visiting Ranger in the afternoon, taken in the car of Mrs. Tom Harrell, who chaperoned the party.

Upon their return the group assembled at the home of the assistant guardian, Mrs. J. L. Cottingham, at 7:30 p. m., and went in a body to their clubhouse, at the residence of Mrs. Harrell.

Students Hear 2 Addresses Monday

The chapel hour in the Eastland high school on Monday was given over to a talk on Africa, interestingly told by Rev. J. Pryde Gillis, Presbyterian minister, and to an address by Mrs. J. M. Perkins on the Texas Centennial amendment to the state constitution to be voted on Nov. 8.

Mrs. Perkins gave a fine historical resume of the Texas heroes, and the need for a commemorative centennial.

There was a large audience. The session was presided over by Prof. Brothers of the high school faculty.

No Game For the Mavericks Today

Announcement has been made from the Maverick corral that no game had been scheduled for this week-end, but a team of ex-Mavericks would scrimmage with the high school team.

The decision not to play this week-end was made because of several injuries that would keep the team from being at its best this week and the practice would come in well considering the Breckenridge Buckaroos will be the next opponents of the Mavericks when they open their Oil Belt schedule at Breckenridge on Oct. 28.

Everyone is invited out to see the Mavericks and the exes in this scrimmage game, which will be held at the Eastland high school field.

Firemen Enjoy Social Meeting

The firemen's association opened their meeting held in the city hall, Friday night at 8 o'clock, with a discussion concerning new members.

J. C. Creamer was elected a member of the association. During the meeting the fire alarm sounded, and laddies hustled out hunting the fire, the direction of which they didn't know, and their voyage of discovery finally led them to the place where a red flag had been planted by Fire Chief Hennessee.

The unexpected drill and the joke at the end was thoroughly enjoyed by the firemen. Fifteen members were present at this business session.

The next meeting will be held the first Friday in November.

Fire Prevention week has gone over big in Eastland and the drill Friday night was a fitting climax.

Texas Centennial Discussed By the Eastland Lions

The Lions club heard two fine talks on the Texas Centennial amendment to the state constitution at their luncheon Tuesday on Connellee roof, when Judge L. H. Flewellen of Ranger made an address on the amendments to the Texas constitution, and an especial reference to the proposed Texas Centennial in 1836.

Frank Crowell, secretary of the club, stated that through arrangements with the Eastland county chairman for Texas Centennial celebration, Mrs. W. K. Jackson, he had come prepared to talk of the centennial and would present a few points not covered by Judge Flewellen, which had been brought to his special attention as being important and had accepted the charge which he considered interesting to every Texas voter.

Mr. Crowell dwelt on the amount of financial benefit Texas would receive from thousands of visitors to the centennial, and quoted what the Olympic games had done for California as a comparison.

The chair appointed as entertainment committee for next week O. P. Randolph and F. M. Kenny.

8 Greyhound Bus Drivers Complete 2 Year Records

Eight bus operators of the Southland Greyhound lines have just completed a two years' driving record without an accident of any kind, according to J. A. Knutson, operating manager of the company. These men have been awarded the two-year gold award for safe driving. With the award goes a pearl studded pin.

The eight men to receive this award are: Roy Benskin, E. A. Brown, J. E. Doherty, L. D. Porter, H. Honnell, E. Layne, L. Springer and J. Walsh. Over the two-year period each of these men have driven approximately 125,000 miles, a distance equivalent to five times around the world, without a single accident.

To date 56, which is nearly two-thirds, of the Southland Greyhound bus operators have won the one-year safety award.

Mr. Knutson states that Southland Greyhound lines, over the period from Jan. 1 to Oct. 1, operated 4,563,541 miles and averaged only one accident every 108,658 miles of operations. This includes even minor accidents, such as scratched fenders. This is one of the most outstanding safety records of any public transportation company in the entire country. Mr. Knutson attributes this remarkable safety record to the careful schooling of drivers, plus regular safety meetings. There has never been a passenger fatality on the Southland Greyhound lines since it began operations.

Livestock Assn. To Be Organized Officers Elected

A meeting of citizens of Eastland and adjoining counties is to be held at the Eastland county courthouse in the county courtroom tomorrow (Saturday) at 2:30 p. m. for the purpose of organizing the Eastland County Better Livestock association, electing officers for same and discussing plans for the organization. Those interested in such an organization are specially urged to attend.

Eastland county, it has been pointed out, affords every need for raising of livestock and it costs no more to raise and care for registered and high class stock than it does for common stock. These questions will be among those discussed at the meeting and those interested in any phase of the livestock industry are invited to attend the meeting Saturday and express their opinions on the matter.

Another matter scheduled for discussion at the meeting Saturday is plans for a livestock show, where the better grades of stock will be exhibited. It is proposed to hold such a show in the near future.

Eastland county, for some years, has been developing into one of the leading counties in the goat industry. Many Eastland county goats and hogs sold in Texas and other states are recognized as some of the finest to be found anywhere. So if you are interested in registered hogs goats, sheep, cattle, horses or any other livestock be sure to attend the meeting Saturday.

Reversed Walker Misses Goal But Continues On Way

Back in Texas after 18 months of walking backward about the world, covering a distance of 7,000 miles, Plennie L. Wingo arrived in Eastland Wednesday enroute to Fort Worth where he started his round-the-world tour, walking backward, in 1931.

While in Eastland Wingo was an overnight guest of J. H. Fry, a boyhood and lifelong friend. He also visited J. E. Heck also a long time friend.

The 37-year-old former Abilene restaurant owner expects to arrive in Fort Worth in two weeks, where he started his task of walking backward around the world and which carried him twice across the United States and across Europe.

On April 15, 1931, equipped with a pair of reverse vision spectacles Wingo started backing for Boston. He had prepared for the feat by walking backwards daily for six months—despite the jests of his acquaintances.

Undaunted by a mishap at Robertsville, Ohio, where he lay in a hospital a month from broken ankle received in a fall on the highway, he continued to New York, Providence and Boston. From Boston he worked his passage to Hamburg where he resumed his backward walking through Europe, passing through Berlin, Prague, Vienna, Budapest, Bucharest, Sofia and to Istanbul.

At Istanbul he backed into a "snag" when the Turkish government refused to accept his visa and he was placed under arrest. He soon obtained his release but was barred from the country and his way blocked across Asia.

Turning backward toward America, he gave up the around-the-world project. A friendly Italian bought him first class passage on a ship to Marseilles from where he returned to New York. Wingo caught an automobile ride across the United States to Los Angeles. After watching the Olympic games, he set out backing across the desert expanses between Los Angeles and El Paso.

Wingo arrived here weighing 135 pounds, 31 pounds less than when he set out, and wearing the thirteenth pair of shoes since he started the jaunt. All of them were half-soled several times, he said.

"I covered a distance almost equal to that around the world and walked about 7,000 miles backwards," Wingo said. "I never went hungry at any time and I was treated with hospitality in Europe and never once failed to sleep inside."

Part of the time in his journey across Europe he acted as a sandwich man, carrying advertisements for European concerns. A rubber company, whose shoes he wore, aided him in getting work to cross the Atlantic.

"What do I expect to get out of it?"

"Well," he said, "I did something everybody said I couldn't—or at least I showed that it could be done. I expect to write a book about my experiences."

According to his calculations, he averaged about three miles an hour and his best day's jaunt was a distance of 45 miles in 12 and one-half hours from Providence, R. I., to Boston. His usual daily average was about 20 miles, he said.

Wingo is a native of Taylor county, Texas, and has lived most of his life in Abilene. For two years he operated a coffee shop there and for several years a cafe. He doesn't know where he got the idea for walking backward around the world, except that no one had ever done it.

What I Saw At The State Fair

(By Roy Bennett of Flatwoods, one of four Eastland County Club boys who won free trips to the State Fair Educational Encampment. Six hundred club boys from all over Texas attended this three day camp as guests of the State Fair. Transportation was provided by the Texas & Pacific Railway Co.)

One would be surprised at what you see at the State Fair. It shows what a great state Texas is. To go down through the Hall of Champions made one feel proud that he is a Texan. In this Hall of Champions were placed the ribbon winning livestock. I saw the largest bulls, cows, horses, hogs and mules that I have ever seen. I really didn't believe there were hogs as large as I saw.

The County Exhibits were good. Although Eastland county only got eighth place, they had a real good

exhibit and lots of people were always grouped in front of the booth discussing the crops grown here. Eighth place is pretty good at that with all of those exhibits that looked almost perfect, and I think it is something to be proud of.

I also visited the club poultry exhibits and saw some real poultry. I saw some blue-ribbon rabbits from Eastland too. Hoot Gibson's rodeo was really worth while. Texas still has some real cowboys and cowgirls. They really did some good riding, roping and bulldogging. I also saw and shook hands with Hoot Gibson, one of the most famous cowboy movie stars. He said he "thought Texas was a great state and enjoyed being here for the state fair."

Free admission to some good shows was a part of the entertainment. We went to the Palace Theatre downtown once and I enjoyed it very much. I saw Alice Joy and the Dream Girl Follies at the Fair Park Auditorium which was a sure enough treat. They did some acrobatic feats really worth while seeing.

After each meal we always had

some distinguished person to talk to us. Mr. Payne, the State Club Agent, made several good speeches. Several Dallas business men who are Fair directors also visited with us and made inspirational talks.

I met and became acquainted with lots of club boys from all over the state and I enjoyed this very much. I like to make new friends and find out what they are doing in club work in other places.

This was one of the finest trips I ever took and having been awarded the trip on my club report and past records, I appreciate it all the more. Of course it cannot be valued in dollars and cents but I know what I saw was worth a lot to me. It is a trip to be remembered by a club boy, and any club boy may win a trip if he will work and try.

I want to thank the Texas & Pacific Railway Company because they furnished the transportation to boys and girls club trip winners who live along the T. & P. lines. I think Mr. Webb is due to vote of thanks for making it possible for so many boys and girls to see the

State Fair who would never get there without this help.

The Hyatt home was beautifully decorated with roses for the occasion and the Madeira laid dining table was centered with a white iced birthday cake, surrounded with a wreath of red and yellow roses and red tapers topping the cake and twinkling their rays over the hospitable scene.

Covers were laid for Mr. and Mrs. A. J. Campbell and Fayette Campbell of Eastland; Mr. and Mrs. Van Wetter of Ranger, and Mr. and Mrs. Hyatt and their small son.

RESULTS LAST WEEK

The Abilene Eagles won a 7 to 0 decision over the Lubbock Westerners under the lights Saturday night at Lubbock.

The Eastland Mavericks made a determined stand Friday afternoon against the Yellow Jackets, but the Cleburnites were too much for them as evidenced by the score 13-0.

The Lions down Brownwood way took on two contests last week and on both. They brushed aside the Daniel Baker Freshmen in the first days of the week to the tune of 36 to 0.

Over at Breckenridge the Buckaroos entertained the Howard Payne Freshmen, who straggled home nursing a 34 to 0 defeat.

Ranger won her first victory of the season Friday afternoon against Weatherford by a 14 to 0 score.

which they are not in condition to bear. Cleo Grey, broken field star of the team, had the misfortune to get both bones of his right leg broken just below the knee.

We could not close the sun, many without mentioning the outcome of the bout at Cisco Saturday night between the Lobos and the Daniel Baker Freshmen.

HOW THEY WILL FINISH

Prexy Anderson of the Abilene Reporter has given the sport writers of the Oil Belt district a bone to gnaw on.

- 1. Abilene. 2. Breckenridge. 3. Brownwood. 4. Ranger. 5. Eastland.

We do not agree with him. Our opinion is that no other scribe in the district will agree with him.

The two teams that we think he is most out of line on is Abilene and Eastland. The readjustment of the position of these two teams would throw the remainder of his alignment out of order.

WHERE THEY PLAY So many rumors have been current about what the Mavericks would do this week-end that it has been difficult to determine the truth of the matter, difficult be-

cause the officials themselves do not know. The Abilene Reporter announced the first of the week that Eastland would meet the Abilene Christian College Freshmen here.

The other four teams of the Oil Belt District will go into their first conference games this week-end. Brownwood and Breckenridge will open the championship race at Breckenridge Friday afternoon.

Abilene will come to this end of the district and engage Ranger in battle Saturday afternoon. Taking into consideration the Bulldog casualties, it would seem that the Eagles ought to win easily.

The Cisco Lobos will have with

Mavericks Lose To Yellow Jackets

By JO CARROLL

In a game that was stubbornly contested the Cleburne Yellow Jackets won a 13 to 0 victory over the Eastland Mavericks here Friday afternoon. Eastland was on the defensive most of the afternoon, making only one threat to score late in the second quarter when the Mavericks fought their way to Cleburne's six yard line. Up until this time the Mavericks had slightly outclassed the Yellow Jackets in the playing, as these foes had not been able to penetrate Eastland's 10 yard zone, although they had approached it twice.

The number of first downs during the first half will bear out this fact, Cleburne making six and Eastland five. Eastland made longer gains on her attempts and most of the first downs came in

her one drive for goal. Towards the middle of the third quarter the Eastland defense began to weaken and Cleburne was able to put over a touchdown. Again in the middle of the fourth quarter the Jackets went over for another and were seriously threatening a third when the game closed.

The Mavericks made their bid for a score in the middle of the second quarter. Starting on their own 30 yard line after Cleburne had punted out of bounds at this point, Daniels made 9 yards through right tackle. Daniels went through center for one yard. Daniels plowed through left guard for 10 yards. Cleburne drew a five yard penalty for off side. Delmar Brown on a double reverse play made 20 yards around end. Burgamy gained three yards through left tackle. A 5 yard penalty for Cleburne put the ball on their 19 yard line. Daniels picked up 6 yards and 1 yard on successive tries at the line. Garrison made 2 yards through the line. Burgamy went off right guard for 5 more.

With the ball on the five yard line Daniels fails to gain. The Mavericks drew two five yard penalties in quick succession here. Two passes were incomplete. On the fourth down Burgamy was thrown for a 10 yard loss and the ball went over. So vanished the Mavericks one lone chance for a score.

Cleburne's two touchdowns came in the second half after Coach Parker had arranged to offset the defensive play of Allison at center. Two end runs featured the drive for the first score, one by Stephens for 20 yards and one by Hagler for nine yards. A 40 yard run by Holliday and a plunge through the line by Johnson for 11 yards made the second possible. After the first touchdown, Hagler's try at the line for the extra point failed, but White's drop kick after the second was good.

For Eastland Allison was the outstanding player, getting a large per cent of the tackles. Heath at guard played an excellent game and Garrison in his new position at quarter showed that he can ably handle the assignment. Hagler, Stephens, Russell, White and Davis were the outstanding players for Cleburne.

The starting line-ups: Cleburne D. Collins and Davis, ends; Rayburn and Young, tackles; Steele and Griffin, guards; E. White, center; Hagler, quarter; Johnson and Lawson, halfbacks, and Russell, fullback.

Eastland—D. Brown and Vaughn ends; Bagley and Fulcher, tackles; Raley and Fulcher, guards; Allison, center; Burgamy, quarter; Garrison and E. Brown, halfbacks; Daniels, fullback.

WHAT HAS HAPPENED

While Dickson, president of the Union City Bank, is in conference with the Board of Directors to prevent a merger, Cluett, his cashier, is intercepting a number of gangsters to whom he is indebted in the sum of \$50,000. They insist that the cashier be the first to look and burglar alarms at the vault so that they can rob the bank. He agrees. While waiting for Dickson to finish the conference, Mrs. Dickson drops in to see Cluett. She arrives just after the gangsters leave. Cluett makes love to her, Matt, the chief teller, enters Cluett's office and sees the scene. Dickson calls Matt and informs him that he is promoted. When Mrs. Dickson enters her husband's office she is disappointed to learn that he has broken an engagement with her for that evening and is going to Philadelphia.

NOW GO ON WITH THE STORY.

That evening Matt prepared to close the vaults as usual. He checked on all the employees, saw that their trays were in place and set the time lock. Just as he was about to close the heavy door, Cluett entered the vault.

"Are the payrolls ready for tomorrow?" the cashier asked.

"Yes, sir."

"Let me see the cash book, will you?"

Matt entered the vault to get the volume. As soon as his back was turned, Cluett walked over to the clock and changed the time lock. He stood waiting, when Matt returned. Glancing over the figures, Cluett remarked, "Seems to me we're carrying too much cash." With that he closed the volume, handed it to Matt, and walked out of the vault.

That evening, Cluett took the peevish Mrs. Dickson out stepping. They attended a show, had an after-

couldn't help it. I thought I could stop two people from doing something they'd be sorry for."

"I'm not interested in what you think," Cluett snapped.

"Oh, you've got no right to do this to her, Mr. Cluett. Why don't you think it over? It's only going to get you into trouble."

"I tell you I'm not interested in your opinion."

"No?" Matt turned to the woman. "Maybe you'll understand. Mrs. Dickson. Oh, gee, he's crazy about you. Nobody knows it better than you, and if he ever finds out, it'll kill him."

Phyllis was agitated. "Oh, Matt, you're making a mistake about the whole thing. There isn't anything wrong. Mr. Cluett and I simply came here."

The cashier checked her. "Phyllis, you don't have to explain anything. Then turning to Matt, he continued, 'You'd do well to mind your own business.'"

Matt wheeled on him. "This is my business. Mr. Dickson's has been like a father to me. What has he ever done to you to deserve a deal like this?"

Cluett was livid. "That will be just about enough. Now get out of here!"

"I guess I have said enough. I guess I'm just wasting my breath talking to you."

"You're right for the first time. Get out!" Cluett pointed to the door. Matt ignored Cluett and looked appealingly at Mrs. Dickson. "I'm appealing to you, Mrs. Dickson. Think what you're doing. You're passing up the whitest man on earth for a no-good."

Before he had finished the sentence, Cluett had punched him, Matt.

"I guess I have said enough. I guess I'm just wasting my breath talking to you."

Miss Madge Brelsford was among those from Eastland attending the Hazel-Gillispie wedding in Dallas Saturday. She also attended the State Fair while there.

Mr. and Mrs. Frank V. Williams and son, Mike, spent the week-end at Vernon in the home of their son and brother, Bill Williams.

Mr. and Mrs. O. L. Snyder of Anson were the guests of Mr. Snyder's mother and his brother, Lowell, here Sunday.

the-theatre supper and were driving home at 12:05. Suddenly the car stopped before an apartment house.

"What's this?" Mrs. Dickson inquired.

"My apartment," Cluett smiled.

"I knew I couldn't trust you," Phyllis was reproachful. "You told me you were taking me home."

"Come on up, just for a few minutes," the cashier coaxed. "We'll have just one drink and then we'll go."

"Oh no, I know the answer to that one. I think you'd better, take me home."

"What's the matter, afraid papa'll spank?"

"No, no. I'm afraid papa isn't that much interested," she laughed. "He's too busy rushing off to Philadelphia to make stuffy old speeches at stuffy old bankers meetings. Too busy closing important big deals. I think we'll have a drink."

Cluett leaped out of the car. "Good for you." He helped her out. "Come in."

"You know there ought to be a congressional medal for men like you. America's comfort to misunderstood wives. I never thought I'd find myself in that class," Mrs. Dickson said as they entered the building. Cluett was in a gay mood. What better alibi could he have than being in the presence of the banker's wife all evening? The cashier smiled as he unlocked the door of his apartment and threw it open. They both entered. Suddenly Cluett stopped short. He stared, a look of amazement in his face. Phyllis followed his gaze, she too was startled. On the opposite side of the room, Matt sat awaiting them. He rose from his chair as they entered.

"How did you get in here?" Cluett inquired as soon as he recovered from his surprise.

"The butler let me stay. I told him it was important. He left about ten o'clock. Said it was his night off."

Cluett wheeled around, infuriated. "What do you want?"

"Matt was uncomfortable. I wanted to have a talk with you."

"What about?"

Matt hesitated. "Funny—now that I'm here, I don't know just how to go about it. You see I kinda expected to find you here alone." He glanced toward Mrs. Dickson. "Do you mind stepping outside—we could—why—"

There was a tone of dismissal in Cluett's reply. "Anything you have to say to me, you can say in the morning."

"If you don't mind, Mr. Cluett, I'd rather not wait. You see, it's about you and Mrs. Dickson."

Cluett released his hold upon the doorknob. Phyllis, quickly sobering, looked at Matt uneasily.

Cluett, aghast, uttered, "About me and—"

He walked over toward Matt.

"What are you talking about?" Mrs. Dickson inquired.

"Oh, I know I've got a lot of nerve butting in like this, but I just
