Man Blown From House Is Charged With Arson

Here are the remains of a Fort Worth house owned by Frank Nelson, following a mysterious explosion which blew Nelson through a window. Later he was charged with arson. According to Nelson, he bought the house recently and on the night of the blast, went there to sleep because small boys had been shooting air guns through the windows. The blast completely wrecked the house and set fire to the house next door. It blew people from their beds and broke windows for blocks around.

The Forgotten Man,
By EDWIN MARKHAM

Dedicated to Franklin D. Roosevelt, after hearing his lofty and noble appeal for the Porgotten Man.

NOT on our golden fortunes builded high-

Not on our boasts that soar into the sky-

The fate of the future; but upon the power Of him who is forgotten-yes, on him Rest all our hopes reaching from rim to rim. In him we see all of earth's toiling bands,

HE seeks no office and he asks no praise

He bears the burdens on these earthly ways: We pile the debts, he is the one who pays. He is the one who holds the solid power To steady nations in their trembling hour.

For all the patient labor of his days. He is the one supporting the huge weight: He is the one guarding the country's gate.

Behold him as he silently goes by, For it is at his word that nations die.

SHATTERED with loss and lack,

He gives stability to nations: he

Makes possible our legislative halls-

Makes possible our churches soaring high

Blest by his honor, builded by his hands?

Do something for him: let him never be Forgotten: let him have his daily bread:

He who has fed us, let him now be fed.

Let us remember all his tragic lot-.

Remember, or else be ourselves forgot!

ALL honor to the one that in this hour

Cries to the world as from a lighted tower-

Cries for the Man Forgotten. Honor the one Who asks for him a glad place in the sun.

He is a voice for the voiceless. Now, indeed,

We have a tongue that cries the mortal need.

He is the man who holds upon his back The continent and all its mighty loads-

"We'll discuss that in the board room."

Dickson started away with the men, but the Inspector checked him. "Mr. Dickson, we've got a report on Brown's alibi. Want to hear it?"

"All right." Dickson turned to the directors. "Go to the board room. I'll be with you in a minute."

With that he turned and entered Sampson's office in the wake of the Inspector while the directors went into the board room.

Dickson smiled at the lad, confident that the report was favorable.

Are you willing to help?"

"What do you mean, help?" asked Clark.

"I know, among you, you have at least a million dollars in banks throughout the city. Get that money over here and I'll stop this run in five minutes."

"That sounds very simple, Dickson, but why should we jeopardize our fortunes?" Clark inquired.

"I have everything I own in it," Dickson replied. "It's your bank as well as mine, isn't it?"

"Oh, is it?" Here was Clark's opening. "Since when?" He was prepared to rub it in. "Judging from the way you've ignored us, you wouldn't think so."

was well received.

At the first meeting a commit tee consisting of some twenty or more of the leading stockmen of the county, was appointed to work out the details of the organiza-tion and this committee is to report back to the meeting here Monday afternoon.

In a general reduction of operating expenses of the City it has been necessary to eliminate the services of one clerk in the office. It has been the custom in the past to send out second notices to delinquent water customers each month but owing to this reduction in clerical force this practice will be discontinued after November 1st. All water bills are due on the first and payable by the tenth of the month and if not paid by that time the service is subject to be discontinued at any time without further notice. We are asking that our customers co-operate with us in this manner and pay water bills promptly, thus enabling us to keep the expenses of the city down to the mini-

These were the only games played in the district except the one between Cisco and the McMurry freshmen on last Thursday afternoon which was won by th boes with a score of 13 to 6.

WHERE THEY PLAY

No conference games are sched-uled this week-end in the Oil Belt District. However, each team will see action with the possible exception of the Abilene Eagles. No announcement has been made in regard to them at this writing. As stated elsewhere in this paper the Mavericks will meet the Ver-non Lions here and match their ty and fought her battles reforms for which he stood, the remainder of his life.

MAVERICKS?

MAVERICKS?
The above question has been the introduction to almost every conversation regarding football in Eastland since the game with Breckenridge Friday afternoon. ed reason? The physician who visited the boys between halves Friday afternoon stated that they were in a bad state of exhaustion, due to necessary lack of training and weekened condition as a resuct of boils. It will be recalled that several of them were suffering from boils at the time of the Cleburne game, so boils may be the explanation.

Another condition that is free

Another condition that is quently noted is that the boys seem to have little difficulty in carrying the ball down the field on a drive until it is in scoring position and then they "blow up." Isn't there a "ball toter" on the team with sufficient strength and football ability to make the football ability to make that last

CISCO FANS NOT PLEASED
The Cisco fans seems to be very
much displeased with the outcome of their efforts through the courts to obtain reinstatement in the league for this year. They have held one or two mass meetings in which fiery oratory was used to express their dissatisfaction, news reports are true. They are trying to determine whether or not they shall play independent football from here out or ask to be transferred into some other district for next year. Of course that is talk. The Loboes will be in the Oil Belt contest next season making all these other teams hard

no third party has long survived in this Republic. They spring up and flourish for a season and pass away.
