# IN ARMY ONLY IN EMERGENCY

**TO USE RADIO** 

WASHINGTON, Nov. 23. — The army has decided to restrict the employment of radio to emergency use for all arms of the service that can use wires, it was revealed in the annual report of Maj. Gen. Irving J. Carr, chief signal officer.

Carr cited two reasons for this new policy. First, "lack of a sufficient number of channels to permit the simultaneous operation more than a small fraction of authorized number of sets, without intereference." Second, "the apparent impracticability of furnishing the necessary number of qualified radio operators within a reasonabl time in an emergency.

New Policy The new War department policy toward use of radio was laid down as follows:

1. Except for aircraft, mechanized forces and other rapidly moving units which are unable to install wire communication only such numbers of radio sets will be authorized as are essential to provide the minimum instantaneous communication

2. All other units will depend primarily on wire circuits for elec-trical communication. Radio will be considered available for emergency

3. The parallelling of wire circuits by radio channels will be con-

sidered abnormal. Carrier Pigeon Despite new means of communic-

birds and that every effort is being made to bring to the attention of the other arms the powers and limi-tations of pigeons and to obtain their use in maneuvers."

The Army Amateur Radio Sys-

tem composed of private citizens in-terested in radio, has "functioned efficiently," Carr reported. A recent broadcast was picked up by 542 amateur stations.

During the last fiscal year the army telegraph and radio systems handled 524,411 messages containing 25,884,165 words. Government departments and agencies other than the war department accounted for 23 per cent of this traffic

MAVERICKS PLAY LIONS THIS MORNING AT TEN O'CLOCK The Eastland Mavericks will meet the Brownwood Lions this meet the Brownwood Lions this morning at ten o'clock on Maverick Field instead of this afternoon as had been planned in the original schedule. This change in the time is for the purpose of giving those who wish to see this game and also the one between Ranger and Breckenridge at Ranger this afternoon a chance to do so. Tickets for the Maverick game will be on sale at the usual price of fifty cents for adults and twenty-five cents for children.

cents for children.

This contest between the Mavericks and the Lions should be one of the most interesting of the season, due to the fact that these two teams are about in the class in so far as playing ability is concerned. Neither team has won a conference start, although the Lions got half a scalp to their credit by drawing a tie at Ranger

The dope, in so far as comparrative scores is concerned, is slightly in favor of Brownwood, but the fact that the Lions have never won a game from Eastland will key the mavericks up to their highest pitch in order to maintain this tradition.

The starting line up will possibly be as follows: Barrington and Brown, ends; Fulcher and Garrison, tackles; Baggett and Heath, guards; Allison, center; Burgamy, quarter; Brown and Garrinson, halves and Meckaill, full.

RESULTS LAST WEEK

One of the greatest dope upsets of the season occurred at Ranger last Friday afternoon when the Brownwood Lions tied the Bulldogs at 14 all. It was generally expected that the Ranger ball toters would get away with at least a two or three touchdown lead. The Lions were outplayed in every department of the game except in passing and this one feature turn-ed the trick for them allowing them to tie the score with the dis-

trict leaders.
At Abilene the Eagles flew away with the long end of a 21 to 7 score in the game with the Eastland Mavericks. This result was probably due to the dispirited attitude of the Mavericks on going into the game and also that Burgamy was knocked out early in the gamy was knocked out early in the third quarter after he had made an eighty yard run for the Maverick's lone touchdown. His having to leave the game just as the rest of the team had begun to take courage as a result of his feat caused gloom among the rest of the boys. But why acquire gray hairs about it. The Bulldogs and the Buckaroos will render a decision this afternoon.

The outcome will be.

If Ranger wins rfom Breckenridge the Bulldogs will be the district winners by a margin of one-half game over both the Eagles and the Buckaroos.

If Breckenridge wins it will be another story. That outcome of the game would put Abilene and Breckenridge in a tie for first place and would necessitate a playoff for the championship that would in all probability put the Eagles in the winners column for the reason that the Abilene hroughous steads.

# What Is ATHLETE'S FOOT

Over 30 Million Americans Now Have It-Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow bilister, causing severe irritation and itching especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people.

The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernate in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENS.

Mae's eyes blazed angrily. She looked at the money in her hand, then impulsively threw it in his face. Jimmy flew into a rage. He jammed on the brakes and ran after her. They maintained a ceaseless harangue far down the block and for many blocks following. Suddenly they both became aware of the undeniable humor of the situation. They looked at each other sheepishly for a moment, then burst out laughing.

They turned to the cab, Jimmy insisting that he take her home. First, however, she would have to have a soda with him. Mae agreed smilingly. She was beginning to like this kid who lost his head so easily.
