What a little ambition and lots of hard work can do for you is admirably illustrated in the election of Wilbourne B. Collie as State Senator from the 24th district. It is indeed a tribute for a man almost unknown in his senatorial district to defeat an incumbent who has spent several years in patching his political fences and solidifying his support. Senator Collie has promised an administration of "equal rights to all and special privileges to none" and we believe that he will carry it out.

Eastland loked skyward Wednesday afternoon. Smoked glass, kodak films, and telescopes were brought into use during the early part of the afternoon when most of the people of the town members of the entertainment comsaw the partial eclipse of the sun and moon. The eclipse was total in a Johnson, J. O. Earnest, Sid Pitzer, certain belt across the New England and Ira L. Hanna. Texas has been eagerly watching what has been perhaps the closest governor's race in the history of the state. The candidates ran neck-andneck for several days, first one having the advantage and then the other. Each morning's paper brought a new surprise to the followers of this race. It seems apparently certain, however, that Mrs. Ferguson's lead cannot be broken now and that her majority will continue to swell as was the case in the first primary.

is destined to become an airplane designer if his work in airplane designing up to this time is any indication. Maurice Mullings spent three weeks in building a miniature airplane, which he will enter in the Southwestern Model Airplane Contest held in connection with the Dallas Fair. He reproduced his model, Heath's "Baby Bullet," in remarkable detail, even showing the bolts that hold the motor.

Despite the rain and the mud Coach Joe Gibson called his Mavericks for the first practice session yesterday and issued their uniforms and equipment to them. A little rain and mud can't cause the postponement of a game; so why should it interfere with a team's practice? Anyway, we know that this same determination which prompted Coach Gibson to call his team yesterday will characterize the work of the team during the whole

Snearly's Election **Upheld** as Result **Of Ballot Recount**

No change in the outcome of the commissioner's election in the Rising Star precinct was shown as a result of the recount of the ballots from boxes of west Rising Star, East Rising Star and Pioneer by the 91st district court. It was indicated late Wednesday afternoon that the election of A. N. Snearly would be upheld after it had been contested by his opponent in the race, J. T. Poe.

The counting committee appointed by the 91st district court found that approximately 200 votes were missing from the box of precinct 7, which is West Rising Star. Judge George L. Davenport ordered that the ballots in the box of precinct 7 be checked against the polling list so that the names of the people whose ballots were missing could be ascertained.

Approximately 200 voters, whose balots had been found missing, were summoned to testify in the court for whom they voted. One hundred and fifteen had testified by Wednesday afternoon and one man refused to testify. Of these 115, 70 testified that they voted for Snearly and 45 that! they had voted for Poe.

The counting committee recounted at Pioneer, precinct 9. Snearly was 2.754 the box at East Rising Star and a majority of 10 in the box at Pioneer.

SEPTEMBER, THE FAIR MONTH

September is Fair Month for Eastland County. Beginning the first day of the month with a community fair at Olden, the fairs will continue throughout most of the month and come to a climax with the annual Eastland County Fair, which will be held this year September 21-24. About twelve communities of this county are planning fairs and the products used in them will be entered in the exhibits of the county fair.

The annual fairs of this county and every other county are measuring sticks by which agricultural progress is judged. For thousands of years men have brought the products of their handiwork together in the fall of the year for inspection and judgement. It is the time of inventory when each one sees what progress he has made over the preceding year and compares his products with those of his neighbor.

Community fairs have been called the show windows of the farmer? They offer him an opportunity to display his products for the inspection and approval of the community. The producer of a superior product has a right to be proud of his handiwork and is entitled to the commendation of his neighbors. -

Citizens of Eastland should attend as many of these community fairs as possible and show a spirit of cooperation with the agricultural communities of the counties. Attendance at these community fairs will be an excellent means of inviting these people to the Eastland County Fair.

CHRISTIAN SCIENCE CHURCHES

"Christ Jesus" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, August 28.

The golden text was from Hebrews 13:8. "Jesus Christ the same yesterday, and today, and forever." Scriptural passages included the

following from Matthew 4:23: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people."

The following from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, was also read as a part of the service (p 131):

"The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood. Jesus' works established his claim to the Messiahship."

YWA Gives Program For Shut-In

The YWA of the Eastland Baptist Church met at the church at 6:30 o'clock Tuesday evening for a personal service meeting, at which time the group visited Brother Clark, a shutin who lives in the south part of

Several familiar songs were sung. The opening prayer was led by Miss Opal Hunt. The devotional was led by Miss Mamie Armstrong, who took her scripture from the eighth chapter of Romans. An interesting conversation on "How Prayer Changes Things" was carried on by the group. Sentence prayers were then offered, asking God if it be His will to restore Bro. Clark to his usual health and to bless the family and give them strength as they care for the sick one. The group also carried different kinds of fruit to Bro. Clark.

The YWA girls then came back to the church and made candy. Those present were Misses Opal Hunt, Allean Williams, Lucille May, Mamie Armstrong, and Irene Williams.

WFMS Has Lesson On Faith

The Church of the Nazarene W. F. M. S. met Monday afternoon at 3 o'clock for an interesting lesson on "Faith."

Mrs. Greer led the opening prayer. Mrs. Anderson read from the eleventh chapter of Hebrews. Other scriptures were read also, and several songs were sung. The lesson was considered very appropriate at this time, since each member needs faith to pray for the revival which starts Friday night, Sep tember 2. The meeting was dismissed with several volunteer prayers.

Those present were Mms. L. C. Anderson, B. M. Bridges, Charles Covington, H. T. Stiffler, and M. E.
