NEW YEAR BRINGS OPTIMISM

The New Year is very much in its infancy. It is too soon to predict much as to what its characteristics will be. It starts on its career faced with a dismal outlook. The longest and severest depression in recent history is still with us. There is no immediate change in sight, yet there is a general feeling that the end of the present hard times is appreciably nearer.

There are reasons for this. A new national administration is soon to come into power, not only a democratic president and vice president, but a sufficient number of new congressmen to give the democrats control of both branches of congress. Whether the new administration shall be able to bring forward and put into effect policies that will bring much improvement in conditions remains to be determined. However, there stands out before the people a hope for better times and that fact alone will cause business to enter the new year with more optimistic plans than, in themselves, tend to relieve the situation.

On the 17th of this month another governor will come into power in this state. Many of our people are looking forward to that event in the hope that some miraculous change will occur which will bring better times. Thousands of others who have not been regularly employed for months, believe that, because of this change in administration, they are going to get regular work; and those considered as having political influence, are besieged daily by those seeking some position. They do not have anything definite in mind. Their hope is that in the general shuffle something will turn up that they can do. Many are to be disappointed because the political jobs provided on the whole, to be very elusive. The solution to the depression is going to rest largely with each individual. His own efforts, going to pull him out of it, times, if he gets out. Help find resources now unemployed make them produce. The depression has been likened to a stone wall. The time has come before it. While the wall stands upon it with the sword, it cannot be scaled, it must be climbed over and the mines, digging day after day, will bring it down.

Good Example In Economy Set By County Officials

Tom Haley, Monday sworn in as tax assessor of Eastland county, is taking his election promise seriously. He made the race in the office on platform, one of the main planks of which demanded economy in the administration of the affairs of the office.

When he took office Monday Haley found a supply of stationery that had been printed for his predecessor. He must have stationery so his first act was to visit a printer and ascertain the amount that could be saved by having the old stationery reprinted for his use instead of ordering new stationery. When told that the quantity of paper in his office was 1000 lbs. he was reprinted instead of a new supply ordered could be approximately \$15. He had re-print it and let's save all we can.

But in his office of economy Haley is not alone. Virtually if not all of the new county officers, where the predecessor had any considerable quantity of stationery for their use, are having it re-printed for their use. The offices, however, had no stationery supplies for the incoming officer.

wrongs than any metropolitan daily ever published.

"The greatest newspaper in North America is issued in 11,500 editions, 52 times a year, published in 11,000 separate towns and villages throughout the United States, which offices occupy a combined floor space far in excess of that afforded the great Woolworth building in New York and the great Wrigley building in Chicago.

"The business of this greatest newspaper in the aggregate would astound even the president of America's largest industrial corporation. The greatest newspaper in America is the home-town paper, better known to most of us as the Country Weekly."

SHOOTING GALLERY

Albert Wood opened a shooting gallery Tuesday in what is known as the Charlotte Hotel building on the southeast corner of the square and from the reports (gunfire) heard from the streets is doing a good business.

There are some "crack shots" around Eastland and some of them have already taken down some handsome prizes.

PLATE GLASS BROKEN

An automobile hub cap, thrown from the street broke a large plate glass window at the Men's Shop Wednesday night. Whether the cap was thrown from the wheel of a rapidly moving car and struck the glass or was thrown by some person is a debated question.

POPULAR YOUNG PEOPLE MARRY

The wedding of two popular young people of Eastland occurred on last Sunday morning at 8:00 o'clock, in the parsonage of the First Baptist Church, when the beautiful ring ceremony pronounced by Rev. O. B. Darby, united Homer Norton, son of Mr. and Mrs. John Norton of this city, and Miss Ione Rains, daughter of Mrs. Edwina Rains, in the holy bonds of matrimony.

The bride wore periwinkle blue with hat, coat and accessories in ensemble and carried a bouquet of pink bride rosebuds.

The groom wore the conventional black business suit. Attendants were Miss Winnie Snider of Ranger, and Mr. Gene Shockley of Cisco.

Others at the wedding included mother of bride, Mrs. Edwina Rains, and aunt and husband, Mr. and Mrs. L. J. Lambert; her cousins, Mr. and Mrs. C. N. Daniels, and Mr. and Mrs. F. V. Scott; the groom's parents, Mr. and Mrs. John Norton, and sisters and their husbands, Mr. and Mrs. Claud Maynard.

BAPTIST W. M. S. SHORT PROGRAM

In the absence of officers and circle chairmen, of the Women's Missionary society of the Baptist church, the session was presided over Monday afternoon by Mrs. Frank Lovett, past president W. M. S.

There is a great deal of sickness among the members, and the attendance at this meeting was limited.

The hymn, "Just When I Need Him Most," prefaced a fine talk, by Mrs. Preston Briggs, on "Thoughts for the New Year," that brought the story of the feeding of the five thousand by Christ. Also developed the line along Christian service, and losing our life to find it.

Prayer by Mrs. J. B. Overton; reports of committee covering the year were submitted, and session closed with prayer by Mrs. J. P. Truly.

Announcement was made that Rev. O. B. Darby will have charge of the Bible lesson for the W. M. S. next Monday.

Mrs. Langston of Cisco was welcomed as a guest, and others present were Mmes. Carl Springer, Frank V. Williams, A. J. Campbell, Jess Seibert, Lee Bishop, Lily Herndon, J. P. Truly, Gene Tucker, W. A. Owen, J. B. Overton, Dan White, Harris, Frank Lovett, Mrs. Preston Briggs of Pampa, Mrs. W. S. Poe, and Miss Sally Morris.

he makes the trip to town, he should be able to take something to sell.

The successful farmer will restore and maintain the soil fertility on his farm and when the prices get back to normal, he will make much larger returns than his neighbor who allowed his land to wear out and wash away. The farmer should grow legumes and green manure crops and terrace his land. It has been shown by experiment that terracing increased the yield from 20 to 30 percent, and if the land is not terraced, the average soil in Eastland County will lose from 30 to 80 tons of the top soil in one year's time.

The farmer who wants to make good during the year 1933 should

carry out the following resolutions:

- I Resolve To:
1. Grow a garden large enough to supply my table all during the year.
 2. Can all vegetables and fruits that I need which I cannot store fresh.
 3. Keep and manage properly at least fifty good laying hens.
 4. Keep a good purebred and raise enough meat for my table.
 5. Keep at least two good cows.
 6. Plant good pure seed on all crops.
 7. Terrace all land that will benefit.
 8. Restore as much fertility to the soil as I take from it.

HOP OUT OF BED "RARIN' TO GO"

If you have lost your pep, feel tired all the time, and hate to get up in the morning, don't take a dose of salts, mineral oil or laxative and expect it to pep you up and make you young again, because it won't do it.

Your glands regulate your health, and the vital organs must be supplied with the all-important glandular hormones. The liver, the largest gland in the body, should pour two pounds of bile into the bowels daily to make your food digest and to keep you regular.

Glandular deficiency causes too much fat, or too little of it, gray hair or baldness, lack of pep, premature old age and death. Yerba-vida, Nature's "Plant of Life," has been found to be a powerful glandular normalizer. Glands that have ceased to function are stimulated into renewed activity, constructive metabolism is again brought about, renewing both body and mind.

Yerba-vida is produced from plants growing wild on the American desert. It contains no drugs of any kind. In fact, no ingredients of any nature have been

added to it. When brewed in tea according to instructions becomes a delicious, satisfying beverage which has been found to accomplish wonders in cases of glandular troubles and also of chronic acidity.

G. M. B., of Los Angeles, California, writes: "From the first day of using Yerba-vida an increase in vitality, and few days all signs of indigestion with which I had been suffering for years had disappeared. The greatest benefit of all is that I am no longer constipated, for which I am more grateful than I can say as I have had to resort to all kinds and sort of pill and cathartics for years and have never received permanent relief from anything."

Yerba-vida is not a laxative, but greatly assists nature in overcoming constipation.

A large package, enough for 30 cups, can be obtained for \$1.00. If your local drug store cannot supply you, accept no substitute but send \$1.00 to Yerba-vida Sales Co., 612 S. West Bldg., Los Angeles, California.

Calvin Coolidge Found Dead On Floor of His Bedroom Thursday

NORTHAMPTON, Mass., Jan. 5.—Calvin Coolidge, former president of the United States, died today. He was 60 years old. Death occurred at 12:45 p. m. The former president had lived in retirement in his home here since he left the white house. His health had not caused concern so far as had been known. Death was attributed to heart disease.

Mr. Coolidge died at the home where he and Mrs. Coolidge rebuilt after his return to Washington.

Apparently in good health he went to his office about 8:30 a. m. today.

After about an hour and a half at work he and his secretary, Harry Ross, left for the Coolidge homestead, "The Beeches."

The former president was found dead on the floor of his bedroom by Mrs. Coolidge when she returned from a shopping trip at 1:15 p. m.

Secretary Ross was in the house at the time, but not in the room where Mr. Coolidge died.

Dr. Edward W. Brown, medical examiner, was summoned and after examination of the body pronounced death due to heart failure.

The former president had been dead 30 minutes, according to physicians.

After returning to his home Mr. Coolidge chatted in the library until 11:30, then went to his room.

When found by Mrs. Coolidge, the former president was lying on the floor of his dressing room. He

had removed his coat and vest, apparently preparatory to shaving. It was learned once or twice during the last two days the former president had complained of what he thought were slight attacks of indigestion.

The heart ailment had developed only recently. Mr. Coolidge was given a medical examination a month ago and found in good health.

The tragic death of the sturdy New Englander, who less than four years ago relinquished his high office in apparently the best of health, provided a parallel with the sudden death of his predecessor, Warren G. Harding, who died in a San Francisco hotel while his wife was reading to him.

It was upon the death of Harding that Coolidge, then vice presi-

dent, assumed office. The oath, it was recalled today, was given to him in a lamp-lit room of an old farmhouse by his late father, a justice of the peace.

WASHINGTON, Jan. 5.—The senate adjourned today at 1:57 p. m., in respect for the later, former President Coolidge, whose death had just been announced in the senate by the United Press.

Educational Meet Is Well Attended

Public school needs and proposed ways of meeting them, formed the keynote of the conference of local, county and state school officials and representatives in Eastland Wednesday night, called by county superintendent of schools, B. E. McGlamery for a discussion of school problems. The meeting was held on Connellee roof. It opened with a supper presided over by W. P. Palm, principal of Eastland High school.

Those present favored the raising of standards of teaching and placing certification of teachers in the hands of the State Board of Education. Members of the legislature present were urged to reconsider reorganization of the public schools of Texas, on the basis of county units with a single office of administration for each county. They also urged apportionment of state funds, on a basis of the average daily attendance in schools, in place of the present mode based on scholastic enrollment.

The majority present favored elimination of 6-year-old children on the scholastic rolls. Legislators members in attendance pledged support of a constructive school program and adequate state support of public schools.

High lights developed during conference brought out the fact that the public schools in this section have cut from 30 to 40 per cent off budget in past two years. Breckenridge cut from \$140,000 to \$75,000 in three years, it was pointed out, while scholastic population decreased only 15 per cent. Cisco cut \$31,500 off its annual budget in two years. The teaching force was reduced from 51 to 34 with a drop of only 5 per cent of scholastics, but as the teachers have been cut down, the number of failures among students increased in like proportion.

The conference urged the continuation of state aid for rural schools, without which rural scholastics will be reduced to a fourth months annual schooling.

The meeting favored the substitution of a general sales tax for the ad valorem tax.

The conference is due to the efforts of B. E. McGlamery, superintendent of schools for Eastland county.

The speakers were P. B. Bittle, superintendent Eastland city schools; R. F. Holloway, superintendent Ranger public schools; R. N. Cluck, superintendent Cisco public schools; B. E. McGlamery, Eastland county superintendent of schools; A. L. Johnson, county superintendent Callahan county; J. E. Maddocks, county superintendent Palo Pinto county; John T. Conn, state department of education, and rural school supervisor from Austin; James A. Beard, member of Eastland county school board; K. B. Tanner, member of Eastland city school board; F. P. Brasher, member Ranger city school board; Cecil A. Lotief, state representative of Cross Plains; G. W. Rollins, state representative of De Leon; O. F. Chastain, state representative from Eastland.

AUSTIN, Jan. 5.—Announcement that Governor-elect Miriam A. Ferguson will declare her chief appointments Sunday let loose a flood of advance tips in Austin today as to her selections.

It was reported that General Henry Hutchings of Fort Worth, a brigade general overseas with the 36th division, will be adjutant general.

That County Judge W. W. Heath of Grimes county will be named secretary of state.

That Ernest Nalle of Austin will likely be state banking commissioner.

J. N. Chamberlain of Palo Pinto county, who joined former Governor Ferguson in the recent highway litigation and Frank Denison of Temple are named as possible successors of Cone Johnson on the state highway commission.

New Beauty Shop To Open Monday

Mrs. J. E. Johnson, formerly of Dallas, is opening a beauty shop in the Eastworth Hotel which she will completely equip with modern machinery and appliances.

Mrs. Johnson has been engaged in the beauty parlor business for many years, formerly operating a shop in the Southwestern Life building in Dallas.

The new shop will be known as the Eastworth Beauty Shop, and will be open for business Monday, January 9th. Mrs. Johnson is moving to Eastland to make her home.

COMMISSION MEETS

Only routine business was conducted by the Eastland city commissioners at their regular meeting Monday afternoon, according to W. C. Marlow, city manager, who also stated commissioners present were Alex Clarke, M. L. Keasler, T. M. Johnson and Neal Moore.

There was no further sickness among the city employes with exception of Henry Ferrell, who has a bad case of influenza, it was reported.

ROTARIANS MEET

The Eastland Rotary club held their luncheon on Connellee roof, with 17 members present. A number of rousing Rotarian songs were enjoyed under the leadership of Julius B. Krause, with Clara June Kimble at the piano.

The program committee for the day, Sid Pitzer and B. M. Collier, presented Rev. J. Stewart Pierce of Cisco, a Rotarian, and pastor of the Presbyterian church, who gave a delightful, constructive and reconstructive talk along the lines of Rotary principle and conduct.

Another guest was Odell Bailey, Rotarian, of Ranger.

BLANTON WARNS

WASHINGTON, Jan. 3.—A warning against a special session of congress was made in the house today by Representative Thomas L. Blanton, democrat, Texas, who declared such procedure was "what started the unpopularity of President Hoover."

The Texas democrat advised congressional leaders who are to confer with President-elect Roosevelt in New York Thursday, not to advise an extra session.

What Is ATHLETE'S FOOT

Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague? Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people. The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernates in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES. Medical Science has recently developed an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply sifted on the feet and into the shoes. Meritt Foot Powder quickly eliminates excessive perspiration and itching of the toes. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded?

AUSTIN.—Ray Holder, Lancaster newspaper publisher and former member of the house of representatives, has opened legislative headquarters here on behalf of the teachers of Texas.

Holder, for two terms chairman of the house committee on education, is popular with many members of the house and senate who return to Austin Jan. 10.

His official title is director of the Conference for Education in Texas. It is not a lobby organization nor a teachers' organization, Holder says. It has no "slush fund" and proposes only to furnish legislators with facts about the state's educational program.

The state auditor's report says additional taxes of \$19,810,000 must be raised if the state is to have enough money in its available school fund to keep on paying \$17.50 per pupil during 1934 and 1935 to supplement local school funds.

Weekly Sunday School Lesson

JESUS BEGINS HIS WORK

Text: Mark 1:12-20.

The International Uniform Sunday School Lesson for Jan. 8.

The beginning of the work of Jesus was not, as one might have expected, in some great utterance or action. His ministry began where the ministry of all men begins, in the testing of his own soul.

So much emphasis has been made upon the theological doctrine of the divinity of Jesus that we are apt to forget that his divinity was revealed in his humanity. It was as "the man Christ Jesus" that he revealed the divine life and incarnated the God of love and grace in a world of sinful and needy men. Being human, he was subject to temptation, and we are reminded in Scripture that "he was in all points a tempted like as we are," and that "inasmuch as he suffered being tempted he is able to help them that are tempted."

It was in temptation, therefore, that the ministry of Jesus began, or temptation accompanied the beginning. Just what was the nature of the temptation and the testing of the soul of Jesus himself was can judge from the stories of the temptation as recorded in the Gospel of Matthew.

The three temptations there recorded would seem to symbolize the temptation of a man conscious of his power to give his life to world dominion rather than to spiritual service, to exercise his power for vain and worldly ends instead of for the glory of God and for the salvation of humanity, or to use that power for trivial or magic ends instead of in fulfillment of the divine purpose in changing the hearts and lives of men.

The temptation was in the wilderness, which means that Jesus fought out the crucial battle and decision of life alone—that is, alone with God, and with the ministering spirits that came to him with ministering grace in the hour of his victory.

The testing of Jesus was, of course, not only in those days in the wilderness. All through the days of his earthly life until the agony of Gethsemane before the hour of the cross, Jesus was subject to temptation. His spirit was tried; he felt the need of prayer, and he went at times into the wilderness and up to the mountain to pray. We are told in one case that he continued all night in prayer to God.

It ought to be a revelation to us

of the way in which character is made strong and men are fitted for the work of ministering in Christian ways. If Jesus needed prayer, how much more do we need prayer?

The foundation of his ministry was in the things that brought him near to men as he was brought into the fullness of the relationship to his Father and the perfection of realizing and doing the Father's will. In the strength of the consciousness of his divine mission, he went out to gather men about him who would be capable of sharing his mission and helping to establish the kingdom that he had come to set up on earth.

We must never forget that the Kingdom of God, had, in the thought of Jesus, an earthly aspect. It was a kingdom that was "at hand" and that was in the midst of men, though it was a kingdom that could not be confined only to earth or to earthly interests.

It is the significance of Jesus that he came to link earth and heaven in human life. The ministry that he began is the ministry that we need today, and the ministry which he invites all who have faith in him to share.

ers College at San Marcos because of its nearness to Texas University and consolidation of North Texas Teachers College with C. I. A. at Denton into a four year liberal arts school were advocated.

Under the proposed plan, East Texas Teachers College at Commerce, Stephen F. Austin at Nacogdoches, West Texas at Canyon and Sul Ross at Alpine would either be abandoned or made into junior colleges.

In an attack on athletics, the committee charged that physical education has "degenerated into athletics" in most of the teachers colleges. "The state is employing athletic coaches instead of physical directors, the report said.

A reduction of \$1,273,564 in teachers college appropriations for 1933 and 1934 was recommended.

G. N. White, County Pioneer, Died Tuesday Morning

Funeral services for G. N. White, 81, Eastland county pioneer, were conducted from the First Baptist church in Eastland Wednesday afternoon at 2:30 o'clock followed by interment in the Eastland cemetery. Rev. O. B. Darby, pastor of the Eastland Baptist church, assisted by C. S. Mead, Cisco, conducted the funeral. The Hamner Undertaking Company had charge of the body. Mr. White died Tuesday morning at his home in the Bedford community about seven miles northwest of Eastland. Mr. White was born at Muscatine, Iowa, Dec. 26, 1851, being 81

years, one week and one day old at the time of his death. He came to Texas in 1876 and had lived in Eastland county for 57 years.

At the age of 21 Mr. White married Miss Rhoda Smith, who departed this life in 1884. To this union six children were born, all but one of which are living.

At 37 years of age Mr. White was married to Miss Abbie Reynolds who survives him. To this union was born four children, all of whom are living. In addition to being the father of 10 children Mr. White is survived by 40 grand children and 23 great-grand children.

Early in life Mr. White was converted and immediately became an active worker in church and Sunday school.

A remarkable thing of his life was the fact that until his last illness Mr. White had never been attended by a physician. He was ill only five days before his death.

Like other pioneers of this section Mr. White endured the many hardships of frontier life. He fought between Eastland and Westworth before the Texas & Pacific railroad was built through the territory and worked on the Pacific when it was constructed.

He was loved best by those who were closest to him.

Survivors are the children who were born to him: Mrs. Stella Stirman of Abilene; Arthur E. White, Matador; Mrs. Alice Lindsey, Levelland; Mrs. H. O. Hearn, Eastland; Mrs. E. E. Mason, Abilene; Mrs. J. M. Daniels, Eastland; Homer E. White, Eastland; Mrs. Guy E. Martin, Santa Anna, California, and Earnest A. White, Eastland.

Active and honorary pallbearers were: active: R. W. Smith, Bill Herrington, E. T. Cox, H. R. Pack, Newt Hart, Mart Dulin. Honorary: Joe Hearn, Carbon; Geo. Taylor, Eastland; I. N. Hart, Cisco; L. L. Retail Merchants Sponsor Splendid Free Attraction

Sedora, the girl without a body, will be offered as a free attraction to all who make purchases from merchants giving away tickets, in Eastland Friday and Saturday. The show will be in the Beard building on the west side of the square, and is well worth your time in seeing her. She talks, hears and is alive.

FIRST METHODIST CHURCH

Sam G. Thompson, Pastor The Sunday School will meet at 9:45 promptly. Please be on time. Regardless of the flu and absent vacationists there was a pleasing increase in attendance last Sunday. We should have at least four hundred in attendance before the month of January is over. Will you not be a booster for this number in attendance?

The pastor will preach at 11 a. m. and 7:15 p. m. The unparalleled affliction from the flu and other things have disturbed church attendance and the pastor will be delighted to see you at church next Sunday. All strangers and visitors will be most cordially welcomed.

STAR SKETCHES

Story of JOHN BARRYMORE by Richard Dix

HIS greatest ambition is to be able to draw pictures as well and as weirdly as Dore... but if he left the screen he says he would become a rubber salesman. As a matter of fact, one of his various means of livelihood, in the days before young maidens and old became familiar with his profile... was selling testimonials for a hair restorer. He thinks "Canadian Capers" is swell music and enjoys the funny papers more than the editorial pages of his Sunday newspaper. His pet aversions are early morning phone calls and fat lady journalists, yet he'll stay up all night talking to a cub reporter. His favorite dish is water cress and his taste in books runs to early American authors. He is considerate of laborers, deaf old ladies and frightened actors... but he's ruthlessly frank in his aversion to stupid executives. No matter what a "fence jumper" he may have been in his youth... his wife, Dolores Costello, has completely domesticated Don Juan, now... his life today is as simple as that of an Episcopalian rector and he's more

proud of his two children than of all his triumphs in the theatre. He is an Irish-American and makes no bones about his birthday being February 15, 1882... he even admits the place to have been Philadelphia... and at fifty he's still playing dashing young lovers with more persuasion than most of the juveniles in Hollywood. He holds the record at the RKO-Radio Pictures lot for the greatest number of hours sleep on the set... but he never misses a call or protest at retakes. He owns four dogs, twelve cats, a King vulture, fifty other varied kinds of birds, two \$10,000 automobiles and a steel Diesel yacht. When he's not working, he and his family usually take long cruises on the "Infanta"... fishing, exploring, hunting. He collects ivory, old glassware, guns and funny stories. His brother Lionel is his favorite actor and his sister Ethel his favorite actress... and he thinks he did his own best work as Captain Ahab in "Moby Dick"

91% of All Human Ills Originate In Stomach

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently come forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid saturation."

TIMELY WARNING An amazing statement indeed but a warning, that if heeded, should improve the health and well being, increase the joy of living, and prolong the lives of millions of men, women and children who might otherwise drag through a weary life to an untimely end.

ACIDITY KILLS MILLIONS Health authorities now agree that 91% of all diseases originate in the stomach and are caused by poor cooking, improper diet, and the eating of highly refined foods. Your doctor knows that the 11 essential Minerals and all Vitamins are contained in foods in their natural state and could be live with you constantly, carefully select and prepare everything you eat, you would never need medicines of any kind. This being impossible, science has been searching for years, trying to compound a formula that would make up for the

deficiencies of these vital elements—at last their efforts have been rewarded. AID TO NATURE LEE'S MINERAL COMPOUND, a new and revolutionary formula, actually supplies the system with these vital elements so necessary to health and happiness. It contains the eleven essential Minerals in well balanced proportions, together with Vitamins, and is a valuable aid to nature in the building of blood, bone, nerve and tissue. ELIMINATES POISONS It will rid your system of excess acid, sweep away the dangerous poisons, supply the body with the needed minerals, stimulate the organs of digestion and assimilation, build rich, red blood, clear the skin, give you a keen, hearty appetite, help you to get sound, refreshing sleep, restore health, strength and vitality and enable you to enjoy life to the fullest. MAKE THIS 10 DAY TEST! Convince Yourself! Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Drug Store and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

FOR SALE BY EASTLAND DRUG COMPANY, EASTLAND and other good dealers everywhere, or send \$1.25 to LEE'S LABORATORIES, INC., 364 Peachtree Arcade Bldg., Atlanta, Ga., for large bottle postage paid.
