Rev. J. W. Kramer To Hold Revival At Ranger Church

RANGER, June 15.—Rev. G. W. Thomas, pastor of the First Baptist church of Ranger, has announced that Rev. James W. Kramer, one of the most outstanding evangelists of the United States, will conduct a revival service at the First Baptist church of Ranger beginning Thursday, June 18.

Rev. Kramer has just completed one of the most successful revivals ever held in Texarkana, both in crowds and in new memberships received, and has had similar success wherever he has held revivals. He recently conducted a revival at the Tremont Temple Baptist church of Boston, where more than 2,000 people attended many of the services and where many were converted.

The evangelist will be accompanied by Grant Sinclair, who has been called the "golden-voiced tenor," who will conduct the musical programs, organize the choir and lead the singing. Mr. Sinclair has had remarkable success in his work of aiding revivals, both by his singing and by his organization work.

Rotarians Hear A Good Program

The Rotary club enjoyed a very lovely violin solo, played by Glenn Johnson, at their luncheon Monday, in high school cafeteria. Little Miss Johnson had Miss Wilda Dragoo as piano accompanist, who presented her in Reuger's "Concertina."

Dr. Edwin Montgomery of Lake City, Fla., guest speaker, gave the after dinner talk, a fine lesson on "Prejudices," that carried its own message. Edward Brigham of New York City, singer, reader and pianist, presented two splendid voice numbers.

Dr. Montgomery and Mr. Brigham are respectively, the brother-in-law and uncle of Rotary president, James Horton.

A letter was read from the South Ward school, written by the principal, Mrs. A. C. Simmons, thanking the Rotary club for the citizenship medal they had provided for the school.

Program chairman at this meeting were Grady Pipkin and J. B. Johnson.

President Horton named as the chairman for next Monday, F. V. Williams and Carl Johnson, and stated the luncheon would be held in the high school cafeteria.

Club music led by Julius Krause, with Clara June Kimmel as pianist, was a feature of the session.

Veterans May Now Enroll For Work

On June 12 the veterans' administration at Dallas will begin to select 655 men for enrollment in the emergency conservation corps. This work, insofar as the veterans' administration is concerned, is to be completed on or before June 22. Ninety-three per cent of the 655 selected will be World war veterans. The remaining 7 per cent will be veterans of other wars.

The 655 men will be selected from 150 counties which includes all the counties assigned to the Dallas regional office and those 26 counties composing the Panhandle, which are for other veterans' administration purposes under the jurisdiction of the Oklahoma City office.

The number of applicants selected from each of the counties will be based on the 1930 census. In other words, a county with a population of 10,000 will be in position to secure enrollment for two veterans provided applications are submitted by those eligible. A county with a population of 49,000 is entitled to the acceptance of 10 applicants, nine of which would be World war and one a veteran of other wars.

Those with dependent children will be given preference. Those who are accepted will be requested to report to a conveniently located army recruiting station between the dates of June 26 and July 6.

Those wishing to enroll should immediately submit their requests to the Region Office of the Veterans' Administration, Dallas, Texas.

OES Convention Here Wednesday Splendid Affair

The school of instruction, district 4, section 3, Order of Eastern Star was held in Masonic Temple in Eastland, in literally a blaze of glory, the colorful setting of flags and bunting, flowers and foliage, observing National Flag Day, combined with the recognition of the dignity of the session, in the Eastern Star colors, developed through use of bouquets and baskets of flowers placed in the east.

Flags across the walls of the Masonic Temple, a canopy of bunting in the national colors overhead, and stands of red roses, brought the motif developed.

Registration was continued throughout the day, and at last report at 9:00 p. m., 197 had registered, one of the largest attendances known in recent years, in this district.

Thirty-one chapters were represented from the counties of Eastland, Callahan, Comanche and Shackelford in this district. (Continued on page 4)

SEEK \$75,000 FOR EASTLAND CO. FAIR SITE

A movement has gotten under way during the last two or three days which will probably result in permanent fair grounds, race tracks and an athletic field for Eastland county. The location now being considered for this purpose is the former Connellee track.

William Sherriffs and a crew started Thursday morning making a survey of the land to determine whether or not it is suitable for all the purposes under consideration.

The tract, which contains some 38 or 40 acres, is in the control of E. E. Freyschlag and the relief committee, together with others who are interested, have made inquiry and determined that the land can be obtained for this purpose at a reasonable price.

The committee is now making plans and gathering data with a view of making application for federal relief funds to finance the project. The proposition was presented to the commissioners' court this week and it is understood met with the approval of that body.

Besides the fair grounds some of the things that the committee is considering for the place are: a race track suitable for any class of horse races, a milk drying plant, a country cannery, an exhibit hall for a general variety of exhibits, a football field and field for other athletic contests. It is planned to arrange a hard-surfaced parking place on the west side of the grounds sufficiently large to care for any ordinary crowd and to construct a grandstand and other seating arrangements on this same side of the grounds because it is easily accessible from South Daugherty street, which is already hard-surfaced.

The idea of the relief committee and others interested is to provide grounds, buildings and other structures suitable for caring for any kind of public meeting, athletic exhibition, produce or stock exhibition or show of any kind that might wish to come to Eastland. It is estimated that this can be done for about \$65,000 and the application is expected to be so made. Not only would the consummation of this plan be a permanent benefit to Eastland and the entire county but it would afford great relief in the labor situation at this time.

When they got out of town the two men forced Bailey to get out of his car, robbed him of several dollars he had in his pocket, tied him to a fence post and drove off in his car.

After some time the robbery victim managed to work loose from his bonds and returned to Ranger, where the kidnaping and robbery was reported.

TO OBSERVE FATHERS' DAY NEXT SUNDAY

Father's Day will occur this year on June 18, the customary third Sunday of the month. It will be observed not only throughout the United States and Canada but in other countries as well. The spread in popularity of the observance since its inception in 1910 when Mrs. John Bruce Dodd of Spokane, Wash., first conceived the idea.

Despite some skepticism regarding the event and the natural embarrassment on the part of some parents to have a special day set aside for them, it has become an accepted day of honor for fathers of at least two nations. Its importance this year is considerably greater for several reasons. The chief reason is that most fathers will deserve recognition for having carried on for almost four years of economic hardship. Another, that at last fathers and all the remainder of the family have some cause for encouragement and a much brighter outlook for the months to come.

Mrs. Dodd inspired the Father's Day idea to honor her own father, William B. Smart, who played both mother and father to a brood of motherless children. The memory of the struggle through which her father passed and the care and affection he bestowed on his children always remained with Mrs. Dodd.

In 1910 the author of the day sought out for some method whereby other fathers could be honored and could have special recognition of their labors and their love. The first such was held, also in June, (23 years ago) by Mrs. Dodd and several other men and women who supported her in her idea. Two religious organizations subsequently endorsed and actively aided to give the day national publicity. Eventually the anniversary of the event was decided upon and for many years the third Sunday of June has been accepted as the date for the annual observance.

Some of the original plans or customs first observed on the day are either maintained or are remembered. One was the wearing of a red rose for fathers still living and white rose for those who had died. Family reunions have become a part of the day's observance. (Continued on page 2)

The buffet table bore a dainty array of assorted cold meats, on a silver tray, salads, iced sliced tomatoes, stuffed eggs, a variety of sandwiches, cheese, pickles, iced tea with lemon and mint and apricot chiffon pie.

Radio music provided an undertone for the delightful evening spent in conversation and discussion of topics of every character that affects the political and social world conditions.

Congressman Thos. L. Blanton Not to Move From Abilene

Congressman Thos. L. Blanton dismisses as "absurd and ridiculous" a report given circulation in Abilene last week that he plans to move to San Angelo as result of congressional redistricting, and run for congress in a newly created district.

The Reporter-News of Abilene queried Judge Blanton. He replied: "Two papers published last week what they termed a 'rumor' from Coleman that I would move to the new Coleman-Brownwood-San Angelo district. Such is absurd and ridiculous. Abilene has been my home for over a quarter of a century. My ties of friendship there are invaluable. I have been cordially invited to move to Lampasas, Coleman, Brownwood and San Angelo by prominent friends living in those cities, but under no condition would I move from Abilene. It is my home. (Signed) Thos. L. Blanton."

Weekly Sunday School Lesson

PICTURES OF SILVER
Mark 16:1-11

It was early in the morning of the first day in the week, when these women came to sepulchre to finish anointing with sweet spices the body of Jesus, which had been hastily done on Friday before the Jewish sabbath began on Saturday. As they walked through that radiant dawn, their hearts were heavy and they talked, no doubt, of His wonderful life and wondered who would roll the heavy stone, which fitted into a groove, cut in the stone floor and closed the opening of the tomb, away that they might enter in.

They came within sight of the tomb as the first rays of the morn-

ing sun touched its portal, disclosing to them that the stone had been stolen; saw that rolled away. Hastily they entered the tomb thinking His beloved dead the body was gone but a young man clad in heavenly raiment sat on the right side.

He spoke gently, kindly to put them at ease, gave them the great message, "He has risen"; then told them that they would see Jesus in Galilee, "as he said unto you."

They hastily fled from the tomb frightened and bewildered, and told no person until they came to the apostles.

"He is risen." Only one word in Greek—the most meaningful word ever written, the word in which is condensed the proof of Christ, the triumph of Christ, Christ's victory over death and sin, the confidence of all Christians, humanity's assurance of immortality.

Womankind today is grateful that "he appeared first to Mary Magdalene, out of whom he had cast seven devils." Woman did not then occupy her present high

position in the regard of mankind. It was Jesus, the perfect man, yet humble, gentle and compassionate, that reached out to lift her up.

The great women and the great mothers of the world today, revere His name and as they go about their humble tasks, caring for their families, feeding the poor, visiting the sick, take courage as they vision the scene of these women, troubled about who would roll the stone away from the door and found that angels had rolled it away for them.

Often have they found that angels must have rolled the stones from their path making them sing.

O Lord, our Lord, how excellent is thy name in all the earth.

"He is risen."

"Thou wilt show me the path of life; in thy presence is fulness of joy; at thy right hand there pleasures for evermore."

Christian Science Publishing Society Erects New Publishing House

New Christian Science Publishing House

BOSTON, Mass.—Word that no further contributions to the fund for the building of the new \$4,000,000 home now being erected for The Christian Science Publishing Society need be made after July 1, was announced here recently at the annual meeting of the Mother Church, The First Church of Christ, Scientist.

Members from many lands—more than 5000 in all—heard the message from the Directors, read by Mr. Charles E. Heitman, chairman, which hailed the "sacrifice and unselfish efforts" of those "who have made possible the completion of the new publishing house without delay and without debt."

Announcement was made of the election of the following officers: President—Miss Mary G. Ewing of Brookline, Mass. Clerk—Ezra W. Pabner of Brookline, Mass. Treasurer—Edward L. Ripley of Brookline, Mass.

Will Conduct a Revival at Ranger

On Oct. 2 of the same year Rep. J. Hampton Moore, of Pennsylvania introduced a bill before Congress to make this day one of national recognition. During the war the American Expeditionary Force in France actually ceased long enough in their own struggles for life to set aside a day to honor and to remember the fathers back home.

There had been many discussions concerning which date should be regularly chosen for Father's Day. A climax to this discussion occurred in 1921 when a conference was held, a day chosen—the third of each June—and that day has since been widely accepted.

The same year—in 1921—the National Father's Day association, Inc., was organized by the former Miss Kathryn Swineford of Drewry's Bluff, Va. (now Mrs. W. H. Burgess, of 918 Rowland avenue, Rowland Park, Cheltenham, Pa.). A proclamation was issued by Gov. E. Lee Trinkle, a Virginia charter granted and the third Sunday of each June designated as National Father's Day. The same customs were advised as for the original plan.

Father's Day has since been recorded in the patent office in Washington, and has become a real national holiday. It is the one day of the year when most of the family attention can and should be centered about the bread earner and the man who has struggled and will struggle further to maintain his household. Most fathers ask for little. Most are over-conscious of affection directed at them. Perhaps the better way to express that affection is through some small gift or remembrance.

REV. JAMES W. KRAMER
This nationally known evangelist will conduct a revival at the First Baptist church of Ranger beginning Sunday, June 18. He will be assisted by Grant Sinclair, soloist, who will have charge of the musical features of the revival.

After a lingering illness of several months duration, Green Asbury Bennett died Wednesday evening, June 7, 1932, at the home of his daughter, Mrs. Henry McCroan of Gorman. Mr. Bennett was born March 10, 1857, in Franklin county, Tenn., and was 76 years, 2 months and 28 days old at his passing.

He came to Texas with his parents in 1871 and after living a short time in Lavaca county, came to Hill county, where he was married in 1877 to Miss Kansas Rhodes who passed on about two years ago. They moved to this section of the state about 1881 and since that time, Mr. Bennett has made his home in and around Gorman and Desdemona.

Soon after his marriage he and his beloved wife united with the Baptist church, of which organization he remained a loyal member to the time of his passing.

He is survived by eight of his 10 children, namely: Jim Bennett, of Kilgore, Mrs. J. W. Mason, T. H. Bennett, Bert Bennett, Mrs. J. W. Mason, Mrs. J. N. Ellison, Mrs. C. H. McCroan and Mrs. P. E. Higginbotham of Gorman and Mrs. J. P. Johnson, of Ardmore, Okla. Three brothers, Leander and Sim, of Gorman and Jim, of Sweetwater and one sister, Mrs. Mattie McBride, of Fort Worth, also survive him.

Funeral services were conducted Thursday afternoon at 2:30 by Rev. J. L. Roden, at the home of Mr. and Mrs. C. H. McCroan. Interment followed in the Gorman cemetery beside the body of his wife. Five of his grandsons, Bennett McCroan, Morgan and Aubrey Bennett, Jean Ellison and Jack Bennett, also Basil Elliff, acted as pallbearers.

Mr. Bennett lived through a long and useful life and saw the stirring scenes of the past three-quarters of a century. He was old enough to remember the Civil war and did his part as a pioneer in the development of the west. He lived serenely through the stirring scenes around him and with the change from the ox-cart to the automobile, he marched with the change of time along his happy way, living as he found life. Another life that linked our community with the past has gone on, and another foot will have to take the burden that he trod in life's pathway. May he rest in the shade of peace across the Rivers of Eternity.—A Friend.

New Chevrolet Passenger Cars And Trucks Lead

Registrations of new Chevrolet passenger cars and trucks in the first quarter this year accounted for 37.2 per cent of the total of the industry and exceeded the combined registrations of the next three leading makes, according to a statement released today by the Chevrolet Motor company.

In the three months Chevrolet titled 96,621 new units as compared with 47,509 new cars and trucks for the second-place make, 29,823 for the third, and 14,354 for the four-place holder, another General Motors car in a higher price range than the first three, the statement read.

Of Chevrolet's total registrations for the first quarter, 14,278 were truck units representing 45.5 per cent of all trucks registered by the industry in the period. The total compares with 7,956 trucks titled by the second leading manufacturer, it was claimed.

Every one of the first three months shows a surprisingly uniform number of Chevrolet registrations, the banking situation in late February and March neutralizing the normal seasonal upturn at that time. In January, Chevrolet registered 34,809 units, in the shorter month of February 30,441, and in March with its banking troubles, 31,371.

In the first quarter the industry registered 259,376 new units in the domestic market. Chevrolet's percentage of 37.2 of the total compares with 35.7 in the same period last year, the statement observed.

Gas Tax May Be Insufficient To Pay County Bonds

County Judge C. L. Garrett, County Auditor W. S. Michael and Commissioner A. N. Snearly of Rising Star returned Friday from Austin where they went to confer with the State Board in charge of county and district road indebtedness. Judge Garrett stated that, in a way, their conference was a disappointment, not from an inability on their part to convince the board of the county needs but because of the inability of the state financially to meet their requests.

Under the law which provided a tax on gasoline the state was permitted to assume payment of certain county road bonds the proceeds of which had been applied on roads designated as state highways. In keeping with the provisions of this law the state authorities had agreed to assume the payment of 65.69 per cent of Eastland county's unpaid and outstanding bonds the proceeds of which had been expended on designated highways; excepting, however, about \$140,000 dollars worth of bonds that had been refunded in 1924 and in 1932.

Judge Garrett said that they had hoped to get the State to assume the payment of this \$140,000. However, he received information that the law does not permit the state to assume the payment of bonds that have been refunded unless the counties have provided a fund sufficient to care for them at maturity. He further stated that the amount which the State should pay out of the receipts of the gas tax is about \$2,000,000, but that the amount actually paid is altogether contingent upon the amount of money received from the tax.

It is Judge Garrett's opinion that, unless gas tax receipts are materially increased over the state for 1932, the state will not pay more than 33 1-3 per cent of the amount assumed. In which event, under the law, the county will be compelled to pay the remaining part of all maturities or else be precluded from participation in any gas tax receipts in the future. The judge said he was basing his assumption on what the State did for 1932, the above being the percentage of what the State paid for that year and the county had to pay the remaining two-thirds of the amount the state had assumed.

The commissioners court will probably take this matter up for serious consideration during the next few days. According to Judge Garrett a report is expected from the state before the August session of the commissioners court at which time the county tax rates will be fixed, thereby furnishing information from which the rates may be determined.

Letters From Readers

Eastland Chronicle

I notice an article in the Fort Worth Star-Telegram of the 7th inst., headed: "Sees 3.2 Beer as Temperance Aid," and quite a lengthy article following, favoring the sale of beer and the repeal of the 18th amendment and signed by J. J. Mickle.

I do not question the right of this gentleman to write whatever his conscience dictates, but I do not want my friends and the public to be confused and think, this writer, who has been a life-long prohibitionist and steadfastly remains so to this good hour, although a Methodist, has fallen from grace to the extent of becoming a "wet," or advocate the sale of whisky or beer, in any form.

We have a large sign displayed in the front show window of our place of business, "Retain the 18th Amendment," and stand foursquare for prohibition. It was not the writer, nor his son, Joe J. Mickle Jr., who is now, and has been for many years a missionary in Japan, who wrote the article above referred to, favoring the sale of beer and repeal of the 18th amendment. It was another J. J. Mickle.

Fred Blatt Died Suddenly Friday

Funeral services for Fred W. Blatt, 42, of Eastland, who died at a local hospital about midnight Friday, from blood poisoning were conducted from the First Methodist church Sunday morning at 9 o'clock by J. E. Hickman, teacher of the Men's 9:49 Bible class.

The Hamner Undertaking company, which had charge of the body, shipped it to Mr. Blatt's former home, Spear Fish, S. D., for burial. Mrs. Blatt, in company with her sister, Mrs. Guy Gay of Denver, Colo., who flew here to be with her sister and to make the trip to Spear Fish with her, accompanied the body.

Fred William Blatt was born Sept. 18, 1881, at Central City, S. D., where he grew to manhood. He was married to Miss Genevieve Pickett at Thermouplis, Wyo., on Sept. 22, 1915. The couple have no children.

Mr. Blatt, with his wife, came to Eastland seven years ago and he went with the Prairie Oil & Gas company, remaining with that company until it was merged with another company about a year ago. He was a Mason and an active member and officer in the Oil Belt Golf association. It was while working at the Eastland golf course that he injured one of his hands in which blood poisoning developed and caused his death.

In addition to his wife Mr. Blatt is survived by two sisters, Mrs. Jesse Driskill of Spear Fish, S. D., and Mrs. Emma Garlick of Sturgis, S. D., and two brothers, George Blatt of Casper, Wyo., and Carl Blatt of Moorecroft, Wyo.

Slayer of Gifford Clegg Is Pardoned

J. Frank Allen, who was sentenced to 10 years in prison for the slaying of William Gifford Clegg, formerly of Ranger, has been pardoned by Acting Governor Guillermo Berchelman of Coahuila, Mexico, according to news dispatches.

Clegg was shot last July when he was attempting to trace alleged thefts of electricity from the company for which he worked. He entered the cafe operated by Allen to question him and was shot to death.

Clegg was for a number of years manager of the Ranger office of the Texas Electric Service company.

Two Youths Get Sentences on Plea of Counterfeiting

AUSTIN, June 15.—Cleveland Stroud, 24, and John Hammond, 20, both of Cleburne, today were under federal penalties for violating the federal currency law.

Both entered pleas of guilt in federal court here to charges of conspiracy and to passing and possessing counterfeit money.

Stroud was sentenced to a year and a day in Chillicothe penitentiary on the conspiracy charge, and given a two-year suspended sentence on other counts. Hammond was fined \$200 and given a two-year suspended sentence.

ance in some sections of the country.

Many flowers were suggested as reflecting in some way the character of the day and the average father for whom it was being observed. Gradually the idea of a present or a gift became an accepted custom in every section of the nation. The things that a man wears, or that he likes, were thought appropriate as gifts. This year there is a move to make these gifts of a high character and value the better to reflect the affection of those who remember, to their fathers.

Since Mrs. Dodd's first Father's Day the idea grew in several di-

Camp Billy Gibbons

Most every day we are getting inquiries regarding the dates for camp. The first period will be July 11-18 and the second week, July 19-26.

A number of the leaders that were in camp last year will be seen again this year. Although we are having to have two periods, the scoutmasters are co-operating fine in trying to work out the dates so that both camps will be balanced as to attendance.

Archery

Archery is going to be better in camp this year than ever before with a dandy official target to shoot at and a range all marked off. Scouts wishing to participate in this sport will find relief on the archery course during the camp.

Bead Work

Scoutmaster Dan Gill will give classes in all types of bead work again this year and also conduct a class in tin craft. Tin craft will be an added feature of the camp, teaching the boys how to make their own kits and equipment, etc., from tin cans.

Hiking

Hiking will be in vogue more this year such as short hikes, half-day hikes, one-meal hikes, etc. A hike will be organized for the Richland Springs cave for boys who have never made the trip and want to do so.

Swimming

Swimming will be better this year than last, as we will have more diving boards and the depth of the water will be raised, according to plans now, about 18 inches in the large swimming hole.

Sham Battle

Another feature of this year's camp will be a sham battle. This will be where the camp will be divided under majors and lieutenants and the various officers with their first-aid stations, Red Cross kits, etc., where a boy supposedly gets wounded. Lessons in first aid will be given. This will be one of the thrills of camp.

Stunt Night

Each troop will be expected to be prepared to put on stunts at various times during camp fire programs throughout the whole camp and of course, it would be better if these stunts could be formed by each troop before going to camp.

Court of Honor

Lyndsay and Wylie Phillips received their eagle bronze palms and Logan Richey and Gilbert Wilson their life badges, and Morgan Garrett his second class badge at a recent court of honor in Stephenville.

Water Meet Successful

Stephenville's swimming team won first place at the water meet held last Friday at the Stephenville Country club lake. Brownwood team took second place, Comanche third and Hamilton fourth. Scouts Tommie Gordon and Joe Young tied for high point man.

The program started at 1:30 p. m. with registrations and continued until 6 o'clock when the mothers of scouts of Stephenville gave the scouts a wonderful picnic supper.

A short camp fire program followed with the presentation of the loving cup to the Stephenville team and the high point medals and ribbons for each event. Towns represented were Stephenville, Brownwood, Comanche, Hamilton, Ponder and Dublin. Judges were Milton Gilliam on Howard Payne college, Brownwood, and Hugh Wolf of John Tarleton college, Stephenville. Scoutmaster Homer Taylor was general chairman and G. N. Quirl acted as referee.

Post Edwin Markham, who wrote "The Man With the Hoe," resided in Chicago to collect a promised annuity, explaining that he needs the money. Sounds like M. Markham is now "The Man With the Owe."

Lone Star Will Hold Its Annual Picnic June 24th

Over 1,000 people are expected to attend the annual picnic for West Texas employees of Lone Star Gas and associated companies, to be held at Lake Cisco Saturday afternoon, June 24. J. W. Burrage is chairman of general arrangements for the picnic, which is sponsored by employees in Ranger, Cisco and Eastland to bring together at Cisco employees of Lone Star Gas, Lone Star Gasoline, Community Natural, Municipal and Stamford and Western gas companies stationed in West Texas towns. The Cisco Country club has donated the use of its clubhouse and grounds during the picnic.

Events scheduled range from golf, bridge, and tennis tournaments to wrestling matches and a dance. Swimming and boating on Lake Cisco will be two major attractions. Following is the program with chairmen in charge of each event:

Golf tournament, 1 p. m., Sam Gamble; ladies' bridge tournament, 2 p. m., Mrs. Felix McCurdy; tennis tournament, 3 p. m., Ira Wolford; boxing and wrestling matches, 5 p. m., Herman Kelly; basket lunches, 6:15 p. m.; band concert, 7:15 p. m., under the direction of Van W. Wetter and J. A. Campbell; dance, 9 to 12, Harry Wheelon.

The golf tournament is open to employees only. The Calcutta pool is open to all.

The ladies' bridge tournament is open to all Lone Star and kindred company ladies and their invited guests. Both contract and auction will be played. Prizes for high score only will be given.

Eliminations for the tennis tournament will be conducted before the picnic and only the finals will be played that day.

The boxing events will consist of a battle royal, and two main events. Outside talent will aid in putting this on.

In the indoor baseball event Breckinridge team will compete with one captained by Paul Coffin. A team from Dallas may come out, but in the event it can not, one from the West Texas district will be selected.

The basket lunches will be sponsored by the Ladies' Social club of West Texas. This club does active work and will be glad to advise in any way in this work. The lunch will be held earlier this year in order to get through before night.

The band concert will fill a big place in the program and will be sponsored by a good committee.

The dance will be held from 9 to 12 at the Cisco Country club. This will be open to all employees of the Lone Star and their invited guests. Cards will be issued by Harry Wheelon and those who invite guests will have to get invitations through Mr. Wheelon. One dollar admission will be charged and the proceeds over and above expenses will go to the band.

Anyone desiring further information as to the picnic may consult with J. W. Burrage, chairman; F. K. Smith, W. G. Webb, or Felix Byrne.

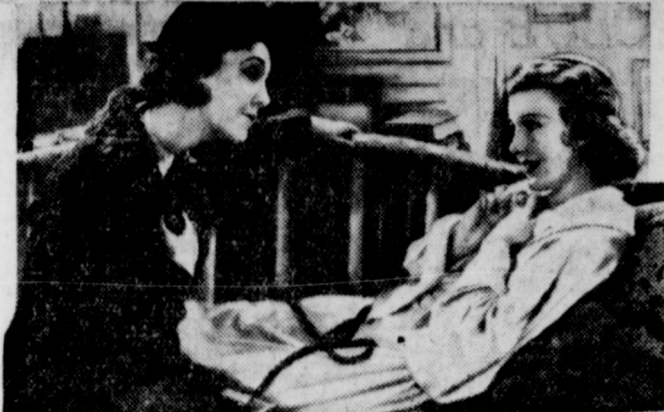

Mrs. Roosevelt to Be Presented With Tex. Canned Food

In "Professional Sweetheart," a rollicking satire on commercial broadcasting, Zasu Pitts plays a gushing sob sister who pries into the private life of Ginger Rogers who is a radio star posing as a hallowed character but whose tendencies are rather wild. Correct Home Canning

Do you can at home? Then you will be interested in the results of experiments made on foods commonly canned at home, by the Bureau of Home Economics of the United States Department of Agriculture. These experiments, made to help you to preserve foods safely at home, as they are preserved in the canneries, represent ten years of experimental work in home canning, and the examination of more than 4000 containers of food canned in experimental laboratories.

Cannery Method Urged

The Bureau urges especially that, as a matter of economy, as well as a precaution against food spoilage the steam pressure method used by commercial canners, be used when canning meats and non-acid vegetables at home. Discussing these experiments, a recent release from the Department of Agriculture says:

"Since meats, fish and corn, beans, peas, and other vegetables, except tomatoes, give most trouble in home canning, the department ran many series of comparative tests with these foods. Repeatedly it tried out the water-bath method with both continuous and intermittent periods of processing, and again and again the high percentage of spoilage showed this method wasteful and dangerous for nonacid foods.

"The water-bath method produces a temperature about equal to that of boiling water but no higher. This is not high enough to kill in a reasonable time the bacteria that cause spoilage in these nonacid foods.

"The steam-pressure method, however, quickly runs the temperature in the containers up to 240 degrees or 250 degrees. These high temperatures destroy harmful bacteria in a short time."

Children From Boles Orphanage Give Good Program

The Church of Christ auditorium was filled with an interested audience Tuesday night for the Boles Orphanage of Kerrville, entertainment, under direction of their manager, C. T. McCormick of Dallas, who was introduced by Judge Allen D. Dabney.

The twenty-one children in the group presented twelve numbers. Much attention was attracted by four tiny girls of eight years. The character of the program showed the fine religious training the orphans are receiving.

The program opened with the hymn, "Why Did My Savior Come to Earth?" The introduction of Mr. McCormick followed.

Prayer, Mr. D. L. Childress. Chorus, (a) "It Was Jesus," (b) "Story of Wonderful Love," (c) "Girls quartet, "Christ Arose," Solo, "Sweetest Story Ever Told," Harvey Rendeergass.

Boys quartet, "I Am Redeemed," Girls quartet, "Jesus' Little Ones Are We."

Double quartet, boys and girls, "Though Our Sins Be As Scarlet." Boys quartet, "Seeking The Lost."

Girls quartet, "God Is Good." Chorus, (a) "God Will Provide," (b) "Take It To Jesus."

The climax came in the "Awakening Chorus," a ringing symphony by all the children.

The program closed with the singing of "Auld Lang Syne," in which the congregation joined.

The prayer dismissal was given by Judge Dabney and the free will offering for the orphanage followed.

The program was a sermon in song and very beautiful and touching.

Medical Science has recently developed an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal healthy condition. It is simply sifted on the feet and into the shoes.

Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral kingdom and in foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

PROPER FOODS ESSENTIAL
Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH
For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

SCIENCE TRIUMPHS AGAIN
Fortunately, for all mankind, this tremendous undertaking has met with suc-

cess! Science has perfected a most remarkable formula, known as LEE'S MINERAL COMPOUND. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a FOOD VITALIZER. It assists Nature, by restoring a proper balance of the Mineral Content of the body and good health follows as a natural result.

BIG SURPRISE AWAITS YOU
You who are blue, down cast and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

MAKE THIS 10 DAY TEST
Convince Yourself!
Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

What Is
ATHLETE'S FOOT
Over 30 Million Americans Now Have It—
Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe itching and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people. The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs liberate in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES.

Medical Science has recently developed an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal healthy condition. It is simply sifted on the feet and into the shoes. Meritt Foot Powder quickly eliminates excessive perspiration and itching of the feet. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded?
