R. A. GIVEN SOLEHEARTED SUPPORT HERE

Roosevelt and his navy recovery program is being wholehearted co-operation of citizens of Eastland and territory. Just as rapid-possible everyone—business individuals alike—are with the blanket code, where the individual industry has been adopted, and are every effort to make the nation desires that it shall "Do Our Part," the slogan of Blue Eagle, has become the of virtually every business individual in this section, as well as others to have them, only waiting for codes to be issued.

Survey of the town and its territory shows that business have added numerous hours and shortened their business hours with the N. R. A. since 1932, and that those who are arranging to do so just as it can be ascertained to be done in their own case.

Relief Work Be Discontinued If Bond Issue Fails

Unless the proposed \$20,000,000 state bond issue for relief work in Texas carries in the election to be held August 26th Texas will be out of relief funds and after September 1st there will be no funds available for the R. F. C. work that has been going on throughout the state, according to those in charge of this work and others in position to know. Should the bond issue carry then the federal government will match the state funds at least dollar for dollar, which will provide funds for carrying on the relief work which has been providing work for so many unemployed.

The following telegram from Hon. Lawrence Westbrook, director of rehabilitation and relief commission of Texas at Austin, to Judge Earl Conner, chairman, Eastland county board of welfare and development, and Judge Conner's telegram in reply, are self-explanatory. The telegrams follow:

The telegram from Lawrence Westbrook reads: "This commission requests you assemble your board Monday, together with county judge and mayor to consider following: First, desirability of reducing relief immediately to absolute minimum to conserve funds for extreme emergencies in event bond issue fails. Second, making estimate of local public or private funds available or to be made available to meet local need at present and this winter bearing in mind no federal or state funds can be had after Sept. 1 if bond issue fails. Please wire your conclusions night letter Tuesday."

After the meeting was held, as requested in the telegram, Mr. Conner sent the following wire to the state director of relief: "Relating your wire thirteenth, Eastland county committee of welfare met Monday and concluded that relief funds now on hand should be conserved for aiding those in extreme distress, but if the bond issue passes and state funds be available after August, relief work then be resumed."

Eastland Bible Class Is Going To Brownwood

The adult men's Bible class of Brownwood has adopted a plan to hold a good fellowship meeting once every quarter and will hold the first one Sunday, August 20th. They have extended an invitation to the Men's 9:49 Bible class of Eastland of which Judge J. E. Hickman is teacher, as well as Bible classes in other towns near Brownwood, to attend the meeting which will be taught by Burt Culpepper, noted revivalist, who begins a revival at the First Methodist church of Brownwood on that date. The Eastland class has accepted the invitation and is making arrangements for a large number of members to attend.

L. L. Mallow, who, in a letter to D. J. Jobe of Eastland, extended the invitation to Judge Hickman and his class, has been notified of the Eastland class' acceptance of the invitation.

A committee composed of O. L. Duckett, W. C. Campbell, Earle Johnson, Grady Pinkin, J. J. Mickle, Turner Collier, J. C. Patterson, Earl Bender, Tom Johnson and A. L. Agate, has been appointed by the 9:49 class to secure cars and otherwise make arrangements for the trip to Brownwood. Those desiring to make the trip and who do not have cars should communicate with the committee.

In his letter to Mr. Jobe, Mr. Mallow stressed the fact that the Sunday school would start promptly at 9:00 o'clock and that those attending should be there promptly at 8:45 a. m. The gathering will be held at the Howard Payne Fine Arts building on Central Avenue in Brownwood.

Garner Announces His Reasons For Favoring Repeal

AUSTIN, Aug. 16.—Because it violates a fundamental principle of government and has not produced a satisfactory or effective solution of the temperance problem, Vice President John N. Garner calls upon the people of Texas to vote for the repeal of the 18th amendment.

The Vice President's plea was contained in a letter addressed to Roy Miller, Texas Director of the Democratic National Campaign, and released from Committee Headquarters here today. The letter in full follows:

In response to your inquiry as to my position concerning the Eighteenth Amendment, I beg to remind you that I voted against its submission when it was first presented to Congress because I believed it violated a fundamental principle of government. Since then I have availed myself of every opportunity to assist in bringing about its repeal.

In obedience to the platform of the last Democratic National Convention and on the first day of the session of Congress following, as Speaker, I submitted the question of repeal to a vote of the House of Representatives. I considered it my duty to do so because the American people, by overwhelming vote, had ratified the party platform which demanded repeal.

That the Eighteenth Amendment has not accomplished the results expected of it, even by its advocates, all will agree. That it has not produced a satisfactory or effective solution of the temperance problem is the judgement of a vast majority of the people of this Republic.

I shall exercise my duty as a citizen on the 26th of August by voting to repeal the Eighteenth Amendment and trust that every citizen of Texas likewise go to the polls and perform a similar duty. I especially urge my fellow Democrats to thus support the party and its leadership.

Very cordially yours, (sgd) John N. Garner.

COURT ORDERS ELECTION ON BEER AUG. 26

An order was voted by the Commission Court at their regular session Monday calling for an election to be held on August 26th to determine whether or not beer should be sold in Eastland County. The order states that the election is called for this date for the reason that other elections of a similar nature are being held on that day and it will save the county expense to hold this one at the same time.

Following this statement of reason the order reads: "It is, therefore, ordered by the court that an election be held in each and every voting precinct in Eastland County, Texas, on the question of whether the sale of beer containing not more than 3.2 per cent of alcohol by weight shall be prohibited or permitted within said Eastland County."

Wheat Growers Urged to Contact County Agent

Every Eastland county wheat grower is requested to send to J. C. Patterson, County Agent, Eastland, a card carrying his name and address or to give this information to the chairman of his local cotton control committee immediately.

This list of growers is needed in order that they may be notified of a meeting which is to be held for the purpose of explaining the wheat reduction plan and probably giving growers an opportunity to sign reduction contracts. It is not deemed advisable to circularize the entire county about the meeting since the wheat growing areas are so limited.

By the last of next week it is expected that all necessary information and contracts for the wheat reduction plan will be available. Just as with the cotton sign-up it will be necessary that contracts be signed quickly when received.

Sunday School Lesson

PICTURES OF SILVER
By BEULAH K. HICKS
I Sam. 3:1-10; 12:1-4

It was in the town of Shiloh, where the tabernacle was set up after the conquest of Canaan, that a 12-year-old Samuel, a child asked of God, by Hannah, a praying mother, lay sleeping on his thin mattress in the temple guarding the treasures of the altar. It was nearly morning for "the lamp of God was not yet gone out." This lamp was the sacred seven-branched golden candlestick which was placed in the Holy Place of the sanctuary. Enough oil was placed in it to last through the night; the lamps being filled and recleaned the next day.

This child, so well trained and happy, was sleeping soundly. A voice disturbed his slumber, calling, "Samuel, Samuel." Quickly he rose and ran to Eli, who was now old and almost blind. Eli answered, "I called not; lie down again." This happened the second and the third time. Eli, knowing God through great experiences knew that God was calling Samuel to give him a great message. He told Samuel to answer the next call with words recognizing Jehovah.

Again the call came and "the Lord came and stood" in the sanctuary filling it with the glorious white light of Deity.

Samuel, who knew much of God, answered, "Speak for thy servant heareth."

A wonderful vision and experience and message for a child; one that he would never forget and had much to do in shaping his life, making him a wise judge until he was an old man. All his life he listened to Jehovah and doubtless kept the saying, "Speak, for thy servant heareth."

The closing picture found in I Sam. 12:1-4 portrays Samuel as an old man, dignified through

years of service as a prophet; who could bring direct messages from God to the people; as a teacher and an understanding judge; making him truly a father of the people.

Samuel stood before his people, who had again forgotten much of God's mercy toward them and were demanding a king; hurt and grieved in his heart. His own sons were wicked and unjust judges.

Samuel's farewell address is beautiful in its straightforwardness; asking if any knew aught against him; promising to make anything good that had been wrong.

But they could only answer, "Thou hast not defrauded us, nor oppressed us, neither hast thou taken aught of any man's hand."

Thus God granted them the desire of their hearts—a king.

In studying the life of Samuel we see the influence of his mother, Hannah, who asked him of God and then gave him back to God. God was a reality in his life from the very beginning and as he grew older, he grew nearer, always listening with an open heart and mind for the messages of Jehovah.

Why do we not have greater Christians among our young people today? First, there are too few mothers who really pray, teach and consecrate their children to Jehovah. Samuel ran to help Eli, who was old and helpless. Our young people today in all the pomp of our modern age too often regard the old and experienced as "fogeys."

Are the people of our great and glorious nation today demanding a king? That remains to be proved. A proof that has been handed down throughout the centuries, that people who forget the teachings of God are humbled. Happy are the people who take as their motto, "Serve he Lord with all your heart."

Their mother, his first wife, nee Susan Taylor, died in 1904.
He married Elizabeth Weaver in 1912, a widow with one daughter. His second wife passed away two years after their marriage.
He also is survived by Mrs. Nell Booth and small son, and Mrs. Agnes Holder, grandchildren, who reside in Dallas, and his niece, Mrs. J. L. Johnson, and her daughters.

The body was brought from Dallas and taken to Hamner undertaking establishment.
Funeral services were held Wednesday afternoon at 2 o'clock at Eastland cemetery, at the family lot, where the mother of his children and his second wife are buried. At the grave services were conducted by Rev. C. W. Lipsey, pastor of the Christian church of Eastland, assisted by Judge D. K. Scott of Cisco, who paid a fine tribute to the deceased as a Christian, a citizen, a friend and a father.

The choir of the Christian church sang very tenderly hymns that were favorites during the life of the decedent, "Shall We Gather at the River," "Nearer My God to Thee" and the closing hymn, "God Be With You Till We Meet Again."

The impressive services ended with prayer by Pastor Lipsey.
The floral offerings were very handsome, and the profusion of flowers covered the three graves.
Out of town relatives and friends here for the funeral were Dr. Ruth Jackson; Mr. and Mrs. George Drewery and son; Mrs. Betty Powell; Mrs. B. Holder; Mrs. Ed Booth,

Fire Victims

(Continued from page 1)
Eastland, retired. At 4:30 a. m. neighbors were awakened by the heat from the fire and discovered the Tichenor home in flames. Mr. and Mrs. Barton escaped through a back entrance. Tichenor, neighbors said, jumped through a north window. He was badly burned about the body and was clad only partially in his night clothes. He appeared to be dazed. He was rushed to a hospital where he died about four hours later.
Neighbors, attracted by the fire, saw the baby standing in its crib near a window crying, but the fire was spearing so rapidly and the heat from the three burning buildings was so intense that it was impossible to get to it. Firemen found the remains of the child on the springs of the bed on which it had slept.
Mrs. Tichenor, so far as could be learned never got outside the burning building. Her remains were found huddled in a heap in a corner of the bath room adjoining the room in which the baby slept. It is believed that she was attempting to get to the baby and lost her bearings in the smoke filled house.

Fire Chief Mac Hennessee, who with his men responded quickly to the alarm, said that at the time the firemen arrived on the scene it was impossible for them, even with the protection of water pouring on the burning building, to have entered the house.
Tichenor, a geologist for the Arab Gasoline corporation, was well known in this section. He formerly lived at Cisco, where he was at one time a prosperous oil operator and geologist. He is survived by a son, James Tichenor, of Nowata, Oklahoma, and a daughter, Mrs. Forest Cole also of Nowata, children by a former marriage.
The scene of the tragedy was visited by thousands of people during the day Sunday.

A TRIBUTE OF RESPECT

(Written for Carbon W. M. S. by Mrs. J. H. Reed)
CARBON, Aug. 17.—Our community was made sad on Aug. 5 by the passing of our beloved sister, Mrs. J. F. Edmonson. She was a charter member of the Methodist church and of the W. M. S. of this place, and will be greatly missed by the church, the W. M. S., the Sunday school and the homes of Carbon.

Where there was sickness, sorrow or need, Sister Edmonson was to be found, to help the needy, comfort the sorrowing, and minister to the sick. She had been chairman of the parsonage committee for many years, and was better fitted to look after that particular duty than most of us and liked to do it.

Mrs. Edmonson was born in St. Charles, Iowa, but was brought to Texas when quite small.
The date of her birth, Jan. 31, 1869, shows she was past 20 years of age, when married Nov. 17, 1889, to J. F. Edmonson, to which union three children were born, two sons and one daughter. The little daughter went away to be with God while very small. The sons and husband, two grandchild-

ren and their mother, two brothers and one sister are left to mourn her loss.
Heaven seems brighter and a little closer now that she has gone there, but our community has lost one of the best christian characters it possessed, and her memory lives on in the lives of her family and friends. She was a loyal and devoted christian, wife, mother and friend.
While yet a small girl she joined the Methodist church and devoted her life to the services of her Master and her family.
Jesus said, "If ye love not your brother, whom ye have seen how can ye love God, whom ye have not seen?" and our sister showed her love for God by her gentle ministrations to His needy ones, and He called her home. We miss her, but we know she has gone home to God.

Mr. and Mrs. Roy Allen, joined by Paris friends, visited friends in Dallas on Saturday, Sunday and Monday.

Pacific new air-cooled diner kitchen showing water heater, gas stove, and portion of steam table fired by Stargas carried in compartment beneath the car. N. S. Mathis, veteran colored chef, is seen at the controls.

Railroad Dining Car In World to Use Gas

First railroad dining car in world to use natural gas for purposes came through Texas and Pacific

train number one, which arrived at 4:40 p. m., Thursday. It is one of the new type air cooled diners to which the railroad company has added the improvement of gas equipment. Instead of coal, coke, or charcoal stoves, the diner is equipped with double oven automatic controlled and insulated gas range,

instantaneous and fully automatic water heater, gas fired griddle, coffee and hot water urns, and steam table. In short it is similar to the gas equipment in a modern hotel kitchen.

Gas is supplied to the appliances from two 100 pound stargas drums strapped to the undercarriage of the car. By special arrangement, no high pressure gas enters the car. The car attracted considerable attention among passengers and officials who remarked about the cleanliness and space saving features.

According to S. D. Johnson, superintendent of dining car service for T. & P. lines, the gas installation reduced kitchen heat very noticeably, which in turn saves ice, besides aiding in keeping the car at a lower, more comfortable temperature with less cost.

While stargas has been available to farmers and residents isolated from gas mains, it is being applied to railroad diners for the first time after three years of testing and experimentation on the part of Mr. Johnson and officials of the stargas division of the Lone Star Gas Company.

The new air-cooled diner has been placed on this run regularly, making it possible for Texans to enjoy the comfort and convenience of a home product, natural gas, wherever they may travel by train.

Howell are spending this week at Lometa with their sister. Mr. and Mrs. W. A. Hammett of De Leon were visiting old friends here Monday and also attending to business. Mrs. Marion Williams and little son, Bobbie of Midland, came Friday and will visit her parents-in-law, Mr. and Mrs. M. P. Williams, for a week or more. The third annual home-coming for former citizen of Desdemona was held Saturday at the community tabernacle and proved quite a success in every way. A. B. Henslee, who was elected vice president last year took the lead in making plans for the occasion, as N. D. Gallagher, president, was out of town most of the time. Mr. Henslee was ably assisted by T. J. Nabors, W. E. Barron and others. Quite a nice parade of horseback riders, and decorated cars and floats opened the program of the day. After the parade the crowd gathered at the tabernacle and joined in singing "America" and Rev. J. L. Howell then offered the opening prayer. W. E. Barron then gave the welcome address and as master of ceremonies, he introduced Rev. David Irvin of Fort Worth, who was just concluding a revival meeting at the Methodist church, and also the minister who was just beginning a revival at the Christian church. Both of them made short talks appropriate to the occasion. An address on the N. R. A., its purpose and workings, was given by H. C. (Andy) Anderson of Ranger. Throughout the day there was music rendered by the Abernathy String band and the Anderson String band and songs led by Dave Lewis. During the noon hour, the basket lunches were spread and all enjoyed the many good eats that had been brought. Soon after 1 o'clock

Mr. Barron introduced Earnest Walter Wilson, who spoke as the representative of the United Force for Prohibition. He spoke 40 minutes after which W. E. Martin spoke 40 minutes as representative of the Texas Liberal League. Both speakers were from Abilene and many points were brought out on both sides of the prohibition question. One feature of the afternoon was the introduction of "Uncle Tom" Henry who is 80 years old and settled in this county in 1872, the longest that any one in the audience had lived here, although Mrs. S. K. Shuler said she came in 1871, but had been living in Stephenville a number of years. At night there was a singing contest in which several singing classes took part but Desdemona won the prize, a dozen song books. The officers elected for the coming year were: A. B. Henslee, president; Tom J. Nabors, vice president; W. E. Barron, secretary and treasurer. The date for the home-coming was set again for the second Saturday in August. Dr. P. M. Kuykendall of Ranger was among the large number who attended the home-coming celebration. Mr. and Mrs. Jones of Alameda were here Friday, buying roosters from W. C. Bedford. D. C. Davis of Tahoka was here Friday looking after his property and on Saturday he attended the home-coming. Gerry Grace of Stephenville and family were here for the reunion Saturday. Millard Rushing and son, from near San Angelo came Friday and remained over until Saturday afternoon. Mrs. S. E. Browning had the following children with her Saturday: Charlie Browning and family

of Jake Hamon, Dewey Browning and wife and Mrs. W. R. Dunlap and two daughters of Breckenridge. Mrs. Mattie Elrod of Ranger was among the number of welcome visitors Saturday. Milt O'Rear of Strawn visited his brother, John, and his two sisters on Saturday. No. 1910 SHERIFF'S SALE THE STATE OF TEXAS County of Eastland. Chevrolets Are Being Built On The World Fair Grounds

CHICAGO, Aug. 16.—Assembly of new automobiles in the plant operated here on A Century of Progress grounds by the Chevrolet Motor Company will pass the 2,000 mark late this month, officials announced here today.

Since the line was set into motion by the light of a cosmic ray just prior to the opening of the Fair, output has held at a steady pace of 24 cars a day, six days a week.

In July exactly 600 new Chevrolet Master six coaches and coupes came off the line; in June 589 were built, and in May 165, bringing the total produced here from the time the line started through July 31, to 1354 units.

If present schedules are maintained, car number 2,000 will be completed during the last hour of the last day of this month, officials said.

They estimated that by the closing of the Fair upwards of 3,500 new Chevrolets will have been assembled here. This figure exceeds the total 1932 production of eleven different automobile companies then in business.

So insistent has been the demand for cars carrying the distinction of having been built at the World's Fair that every unit so far produced has been purchased at the end of the line and driven away by its new owner. Color options may be specified in advance and the purchaser is given the privilege of going into the assembly pit and helping to build his own car.

People have come here from more than a thousand miles distant with the primary object of purchasing a car built at the Fair and driving it home.

The huge assembly room, housed in the special General Motors exposition building, with a wide balcony a fifth of a mile long completely circling the assembly operations, is attracting nearly half of all the people who visit the Fair.

Accidents From Poor Tires Arise

Accidents in which defective tires are involved are on the increase in the United States, according to C. T. Lucas, Goodrich tire dealer at Lucas Service Station.

"One of the major insurance companies has recently completed a report covering automobile accidents occurring during the first four months of this year," Mr. Lucas said.

"It was found that 7500 deaths followed motor accidents in that period with poor tires causing an increase of one-third over corresponding figures of a year ago."

"At least 10 per cent more cars now have one or more dangerously poor tires than was the case two years ago."

"These facts represent one reason for the recent upturn in tire production and sales, according to the Goodrich management. "It is also true, however, that

many people are delaying the purchase of badly-needed new tires in the effort to secure the maximum number of miles possible from their old casings.

"This dangerous practice is certainly reflected in the accident report just released.

"Hot weather usually causes the most serious tire failures, which is one reason why Goodrich introduced the Golden Ply, processed to resist heat and eliminate much of the hazards of blowouts.

"Tires today represent one of the greatest values obtainable in addition to making possible safety at all speeds.

"In view of the insurance company statistics no thinking car driver can afford to gamble with worn out tires," declared Mr. Lucas.

Executive Board Meeting Held

The Cisco Baptist association executive board met this week in Eastland Baptist church, at the call of Mrs. G. W. Thomas of Ranger, wife of the pastor of the First Baptist church of that city.

The meeting was called to plan the program for "Woman's Day," in the associational meeting, to be held Tuesday, Sept. 5, in Eastland Baptist church.

Those attending the board meeting were Meses. Thomas and S. S. Ogg of Ranger, Meses. Ullam and Brunette of Cisco, and Meses. Frank Lovett and W. D. R. Owen of Eastland.

Officers Recently Elected Local Baptist Church

The Baptist church is going through its usual annual routine in the order of election of officers, superintendents and teachers, the process requiring three months in its completion.

All officers will take their places the first Sunday and Monday in October.

In July a general nominating committee was appointed by Rev. O. B. Darby, pastor of the church, the personnel being Mrs. Hannah Lindsey, Mr. Joe Neal, and Mrs. J. B. Bishop, who in turn nominated the Sunday school superintendent, the director for the Baptist training school, and the president of the Women's Missionary society.

At a later meeting the church elected these officers, presented by the nominating committee.

In this election the church board was enlarged to six members, who, in turn, chose the department superintendents, elected this month (August).

This committee will select the teachers for the Sunday school, at the business meeting to be held the last Wednesday night of this month.

The staff at present includes J. R. Carlisle, Sunday school superintendent; Mrs. Frank Lovett, president, W. M. S.; Terrell Coleman, Baptist training school.

The superintendents of the Sunday school departments, elected in August: Mrs. E. E. Layton, for cradle roll department; Mrs. Paul McFarland, beginners' department; Mrs. H. M. Hart, primary; Mrs. A. J. Campbell, superintendent, junior department; J. C. Allison, superintendent intermediate; F. V. Williams, superintendent young people's department, and Mrs. W. D. R. Owen, superintendent adult department.

Each circle of the W. M. S. elects its own officers at their meetings held between this date and Oct. 1.

Knights of Pythias Meet

The local lodge of the Knights of Pythias expressed disappointment that the Cisco lodge could not meet with them Tuesday night as was anticipated.

The committee that visited Cisco for the purpose of inducing the K. of P. lodge there to hold their sessions with the Eastland body, Tom Lovelace and Karl K. White, met with a situation in which some members of the Cisco lodge were willing to conform to this plan, and others unfavorable to it.

However, the Cisco lodge will be guest of the Eastland lodge at their meeting next Tuesday night.

The session was conducted by T. J. Powell, chancellor command, and others present were Artie Liles, R. L. Slaughter, P. L. Crossley, C. C. Richardson, H. C. Davis, R. H. Ferris, K. K. White, Arthur Wright, Tom Lovelace, C. F. Shepherd, T. J. Powell, and Dr. R. C. Ferguson.

Interesting Article Concerning Progress of Clubwomen

A backward glance inspired by the Century of Progress of clubwomen is the theme of an interesting article by Mrs. J. M. Perkins in the last issue of the Federation News.

She states that the women were fortunate who could attend the national council week at the World's fair and wonders how many re-

member the earlier Chicago celebration, when the women's congress was the much discussed meeting.

The story of the history of the organization of the Sorosis was sketched from its beginning in March, 1868, and brings to mind the famous Jennie June, really Mrs. Croly, and Fannie Kern, non de plume of Mrs. James Parton, almost the only women then doing club journalistic work, and whose requests for tickets to a banquet honoring Charles Dickens, at Delmonico's met with refusal from the majority of the committee in charge.

Horace Greeley insisted that the women must be admitted. A note was sent Mrs. Croly saying that if enough ladies could be found to prevent each other from being lonesome, and who were willing to pay \$15 apiece for tickets they would be allowed to purchase them.

Mrs. Croly replied that "the ladies feel they have not been treated like gentlemen," and refused to accept the reluctant invitation.

This incident gave rise to the organization of a women's club at the home of Mrs. Croly.

And thus the Sorosis was born. Alice Carey was the first president, and the first meeting after the final organization was April 20, 1868, at Delmonico's. In the same year the club was incorporated to make it possible for it to receive bequests.

The organization was discussed on both sides of the Atlantic, and before the end of the first year the Sorosis had almost a hundred members.

In 1890, Sorosis sent invitations to all the women's clubs of the world, inviting them to send delegates to New York for the purpose of forming an international federation of women's clubs. More than 60 clubs responded.

The following year a women's congress was held in Washington. Mrs. Perkins concludes her article, with: "May those who attend the fair this year give a thought to the great debt owed to the pioneer women of the club."

HOW TO HELP YOUR CHURCH

Chins up, chests out, smile and forward march Eastlanders—"Prosperity and happy days are here. Days of yesterday are inspirational—the future is greater achievement and a bigger, better and more prosperous Eastland.

In kaleidoscopic form we see the transition from depression to "prosperity."

Eastland has gone forward in the days of Yesterday, but has been just like other cities, halted by the sad hand of Depression. Eastland, as a cog in the business life of America, looks to our President and his mighty structure for business recovery. Prosperity, here we are.

Eastland merchants today inaugurate a campaign to boost for Eastland, boost for each other and to add a notable contribution to the churches of our city. To build a bigger, better and more prosperous community. To boost for our church, our civic organization, our Eastland, ourselves, our neighbors and for the bigger and better things for our community. Therefore the group of Eastland business firms have inaugurated the "Prosperity Club" campaign, whereby you can help your church with every nickel you spend the next five weeks. The Horn-O-Gold, "Prosperity Club" offers many good-will cash gifts to the churches of Eastland in a goodwill campaign in which the citizenship of this community will elect the winners. It does not cost you one cent nor one moment of trouble to help your church receive a generous share of these goodwill cash offerings. You simply do your normal shopping with the "Prosperity Club" merchants and cast the goodwill votes you receive on all cash sales or payment upon account, for your church.

The merchants listed in this advertisement are members of the Eastland "Prosperity Club," if you are interested in becoming a member, telephone 601.

Prosperity Club merchants will offer and give goodwill certificates with each five cent cash sale or payment upon account. These certi-

icates count one vote to the penny. You simply write the name of your church on the back of these certificates and drop them in the ballot box. For example 5c five votes—10c ten votes—\$1 one hundred votes, and so on.

Campaign opened Monday, August 14th and closes Saturday, September 16th. At close of the campaign the church receiving the largest number of votes will be presented with a \$75 cash goodwill offering, and a cash goodwill offering will also be presented to each participating church, in the order in which they finish. Therefore every cent you spend during the next five weeks may help your church receive a \$75 cash goodwill offering.

Church organizations are invited to participate by calling their friends on the telephone and asking them to vote their votes for your church.

Start today—you will do good—you will make a lot of new friends—you will renew acquaintances with a lot of old friends and aid a very worthy cause.

You individually are important in helping your church to share in these generous gifts.

To live even, you have to spend some money—every cent means just one more vote for your church.

Official nomination is not desired, as the first vote cast in favor of any church is considered a nomination and each church will be credited with 500 goodwill votes at the start. For the convenience of the public ballot boxes will be placed in convenient places around town, announcement made later. In case of tie prizes will be duplicated. Join the Army of Prosperity Boosters—Boost for your church—Boost for Eastland—Boost for each other.
