

OLDEN

LYRIC SATURDAY

Una Merkel and Lionel Barrymore in "This Side of Heaven"

"The College Hobo," four-act comedy which was presented at the Olden Methodist church Tuesday night, by members of the junior high school class, played to a full house and a highly appreciative audience which included many Eastland and Ranger citizens. There was scarcely any standing room left when the play started. It was a hilarious play and each member of the cast seemed especially suited to their part. They demonstrated histrionic ability much above the average amateur. The cast included Sydney Sapulpa as the college hobo; Elizabeth Everett as Sally Sims; Eloise Morrison as Patricia Rochester; Francis Edwards as Aunt Susy; Elmer Stanford as the college matron; M. Collins as "Red"; Earl Conwell as Johnnie Johnson; A. C. Gibson as a young minister; James Ward Robinson as an old farmer. Between the first and second act, Mildred Wynn, Eloise Morton, Ruby Curry and Jean Adams as the "Oldenettes," sang some popular songs. Between the second and third acts, Arlean Belcher and Catherine Stanton sang a duet. Between the third and fourth acts, M. Collins and Earl Conwell sang and D. M. played the guitar. Gary Ford at the piano accompanied the other numbers. The Olden children's orchestra played several numbers. Thompson Pickens, popular high school teacher, directed the play and was in charge of all rehearsals. Mrs. Carl Timmons was ill the latter part of last week but was able to be back in school Monday. Mr. Canafax, who formerly was agent for the T. & P. Railway company here but who has been away several months, is back at this time, taking the place of Mr. Tate, who has gone to Roscoe on business and expects to be gone about three months. Mr. and Mrs. Canafax have an apartment at the Olden hotel. They will be joined later by their two children, who are in school at Millsap. The county singing convention which met Saturday night and Sunday at the Olden Baptist church was well attended and a splendid meeting was held and enjoyed by all. Mr. Stamps and his protegee, a young boy who played the piano and the accordion, were the stars of the Saturday night singing. Mr. Fisher of Eastland, the puppeteer brothers and many other well known singers attended and

helped make this singing exceptionally enjoyable. The school trustee election, held Saturday at the schoolhouse, polled a court of honor in Ranger last week at which time Johnny Jarrett received his Eagle Scout badge and other scouts received various degrees and badges including tenderfoot, first and second class. Those holding the election were L. S. Hamilton, judge, and T. H. Stanton and Olive Stephens, clerks. Clyde Anderson won third place in the mile run in district track meet at Breckenridge last Saturday. Ranger ball team played Olden Sunday afternoon at the Magnolia ball diamond. It was a close game and witnessed by a large crowd of fans. Howell pitched for Olden and when in the last half of the ninth inning, the score was 4 to 1 in favor of Ranger. Ranger's pitcher walked Lois Groves, giving Olden's man on third a score and making the score 4 to 2 with the bases full. Howell stepped up to bat and knocked a hard ball through center field, scoring three men and winning the game for Olden by a score of 5 to 4 in what was one of the most exciting games witnessed on this diamond for several years. C. L. Ford and family visited relatives, the L. V. Ford family,

here Saturday, returning to their home at Graham Sunday morning. Olden Boy Scout troop attended a court of honor in Ranger last week at which time Johnny Jarrett received his Eagle Scout badge and other scouts received various degrees and badges including tenderfoot, first and second class. They were accompanied by their scoutmaster, Fred Warren, and some other Olden citizens. The Lions club perfected the organization of their soft ball team at their meeting Tuesday noon, presided over by Earl Woody, who appointed Horace Condeley, captain of the team. The entertainment feature brought a reading, by Dorris Lawrence, who won first place in declamation in league contest, and a speech by Joan Johnson, winner of first place in extemporaneous speech. The religious revival begun in the Oddfellow Hall in Eastland some time ago is still in progress, and according to the announcement made by those in charge, God's blessing are being poured out on those doing the work and their efforts are being rewarded.

Several have been healed, the announcements state. The public is cordially invited to attend these services.

New Photoplay Bares Problem Of Average Man

The sacredness of the American home and the loyalty of a family to all its members are lessons that are vividly illustrated in "This Side of Heaven," the new Metro-Goldwyn-Mayer picture that opens Saturday at the Lyric theatre. The story, based upon the novel by Marjorie Bartholomew Paradis, relates the climactic events in the lives of various members of a family, all of which take place concurrently. Lionel Barrymore plays the father who is threatened with imprisonment for embezzlement at the all-important time when the family reaches high hopes of financially reimbursing itself. Fay Bainter, stage star, appears in her first picture role as Barrymore's wife, and their children are Mae Clarke, Mary Carlisle and Tom Brown. Ample love interest is injected into the picture by the romances of Miss Carlisle and Henry Wadsworth, and by the triangle of Miss Clarke, Eddie Nugent and Onslow Stevens. Humor is sprayed throughout the story by Una Merkel, who plays one of her most delightful roles as "Birdie," the family housemaid. Others in the cast are C. Henry Gordon, as Barrymore's employer, and Dickie Moore, as a schoolboy. William K. Howard handled the direction with an eye for an entertaining combination of humor and pathos.

AT LYRIC SATURDAY NIGHT When the Paramount film, "Melody in Spring," comes to the Lyric Theatre for a midnight matinee, 11 p. m., on Saturday, fans of radio and the motion picture will have their first opportunity to see Lanny Ross, the young tenor who has risen to national popularity by his singing on a radio network. For, "Melody in Spring," with Charlie Ruggles, Mary Boland and Ann Sothern marks the screen debut of this handsome chap, recently brought to Hollywood under contract with the Paramount studios. Norman McLeod directed this picture from the screen play by Benn W. Levy. The original story was written by Frank Leon Smith. It concerns the hilarious adventures that befall an ambitious singer when he attempts to sell himself as a feature on the nation's most popular radio hour. Charlie Ruggles, married to Mary Boland of course, is a wealthy manufacturer of dog-biscuits, who owns the most popular radio hour. He has a penchant for collecting souvenirs and curios. Ann Sothern, his daughter, falls in love with Ross, but her father isn't so much in favor of the young fellow. When, however, he learns that Ross has a hobby of climbing mountains, things look brighter until, through an innocent action on the part of Ross, Ruggles is thrown into jail. Then amidst laughter and song romance blossoms.

ST. FRANCIS XAVIER CHURCH Sunday will be the second Sunday after Easter. The Epistle read is taken from the First Epistle of St. Peter II:21-25; and the Gospel is from St. John X:11-16. Here we are told that Christ is the good shepherd and that he laid down his life for his sheep—the human race. Mass will be at 10 a. m. BRITISH COLUMBIA EXTENDS ACT VICTORIA, B. C.—British Columbia's new far-reaching minimum wage act has been extended to domestic servants and gardeners in amendments before the present legislature. The amendments provide \$200,000 more for old age pensions. MAN BIT COW WEST TISBURY, Mass.—A cow moved forward and stepped on the foot of a milker at Herbert Mayhew's dairy here. The milker had to bite the cow's leg to free himself. CHARGED WITH 33 MURDERS ANGORA.—A message from Teheran states that the police of that city have arrested a man claimed to be responsible for 33 murders. SYDNEY, Mont.—William Hauger, 86, has been acclaimed as Montana's oldest cowboy. His friends doubt if there is any other active cowboy as old as Hauger in the nation. HARD WINTER FOR DEER BRATTLEBORO, Vt.—The deer throughout Windham county are thin and weak after the unusually severe winter, and sportsmen are pleading with dog owners to keep their dogs from harrying the deer. Dillinger has shot his way out of another trap. Either that, he seems to insist, or let the undertaker carry him out. DULL HEADACHES GONE SIMPLE REMEDY DOES IT Headaches caused by constipation are gone faster one dose of Ailcoke. This cleans poisons out of BOWEL, relieves and lowers bowels. Ends bad sleep, nervousness. Corner Drug Store.

The Weekly Chronicle

Established Nov. 1, 1887 Entered as second-class matter at the postoffice at Eastland Texas, under Act of March, 1879. Published Every Friday Office of Publication: 106 East Plummer Street. Phone 601 Frank Allen Jones, Owner and Publisher.

NOTICE TO THE PUBLIC Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this paper will be gladly corrected upon being brought to the attention of the publishers.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at regular advertising rates which will be furnished upon application.

BIRD FROZEN IN ICE CREE LAKE, Ind.—A red-winged blackbird, frantically fluttering its wings while perched on a tree limb, attracted the attention of Mrs. Don Sollenberger at her home here. Investigation revealed that the bird's feet were frozen fast in ice and sleet that covered the limb. One leg had been broken in the bird's efforts to free itself. After binding the leg in splints, Mrs. Sollenberger freed the prisoner.

CHILD HAS 37 MOTHERS AMHERST JUNCTION, Wis.—Miss Jean Carlson, four, has acquired 37 mothers as the result of her adoption by the Kenneth S. Wells Auxiliary of the American Legion. Jean's mother and father were killed in an automobile accident two years ago.

BREAD DEADLY WEAPON RONDO, Mont.—A loaf of French bread is a deadly weapon, in the opinion of a local justice of the peace. The judge fined Jacques Fountainbleau for beating a prospective customer over the head with a loaf of the hard-

crusted bread when the customer complained the loaf was stale.

RUPTURE SHIELD EXPERT HERE H. M. SHEVNAV, widely known expert of Chicago, will personally be at the Connellee Hotel, Eastland, Thursday and Friday only, April 19 and 20, from 9 a. m. to 5 p. m.

Mr. Shevnan says: The Zoetie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatment.

Mr. Shevnan will be glad to demonstrate without charge or fit them if desired. Add. 6742 N. ROCKWELL ST., CHICAGO For 15 years assistant to F. H. Seeley, famous rupture expert of Chicago.

He had asked congress for appropriation increased by one million dollars. It is my opinion the charges of fraud were made up as a smoke barrage to cover operations under the plot

VISIT OUR Spring Showing

SEE THE FRIGIDAIRE '34 THAT USES LESS CURRENT THAN ANY ORDINARY LAMP BULB

Visit our Spring Showing and see why everyone is talking about the Frigidaire '34.

Imagine! It has automatic defrosting—you don't have to remember to turn the thermostat on when defrosting is complete! It has automatic ice tray! Its big interior is of Lifetime Enamel and its outside finish is shining Dulux. It has extra room for all bottles and a frozen storage compartment.
Top of all that, this Frigidaire actually uses less current than one ordinary lamp bulb!
Come in, today, and see why thousands of women already are boasting, "It is a Frigidaire '34."

THE YEAR THE BEST OF THE YEAR FRIGIDAIRE '34 PRODUCT OF GENERAL MOTORS

KANSAS ELECTRIC SERVICE COMPANY

of the society referred to and certain members of the post office department.

On Feb. 9, 1934, all the contracts were cancelled effective as of Feb. 19.

Then followed the ill-considered use of the army to fly the mail with its ghastly loss of human life.

The president was misled into support of this policy by representations in writing made by the solicitor of the post office department and an attorney of the department of justice. These representations give the false impression that certain contracts were extended in time for six months without authority of law and without readvertising for bids. They allege that route certificates were granted without authority of law. A fragrant misrepresentation was made that "the entire system of the United Airways was built by the certificate or extension method." That fact is that it was built up by the competitive bid method.

These written representations did not inform the president that the transaction at the "spoils conferences" were done under provisions of the McNary-Watres act and a declared policy of the government which required such meetings.

Monday there was introduced a bill by Senators Davis of Pennsylvania and Barbour of New Jersey and myself which would compel the postmaster general to issue a route warrant to any carrier who held a route certificate which was cancelled unless upon fair trial by a three-judge court the applicant has been found disqualified under Section 3950 of the Revised Statutes.

This bill, if enacted into law, would restore a great institution. It would lend encouragement to industry generally by assuring industry that a contract still has value and a binding force in this country; that the old-fashioned American idea of trial by due process of law is a certain bulwark of our safety from sudden impetuosity of our government, that we really have rights as citizens whether as contractors with the government, or as beneficiaries of contracts with the government.

Let this chapter of the air mail tragedy strike down government by men and uphold government by laws.

Piggly Wiggly Installs a New Type Refrigerator

Pipkin Brothers, owners and operators of the Piggly Wiggly store, have just completed the installation of a new electric refrigerator, finished in green.

This refrigerator is modern in every respect and built according to plans and specifications of Piggly Wiggly stores. It has, among numerous other conveniences, special compartments for fish and poultry.

C. of C. Membership Drive Progresses

Seven teams of two members each are in the field soliciting members for the Eastland Chamber of Commerce and reports from these indicate the drive for new members, which began Wednesday, is meeting with signal success.

There is no time set for the drive to close.

Radiographers' Program Committee Meets in Dallas

Byrta Rose Maxey, president of Texas Society of Radiographers, of Eastland recently returned from Dallas where she met with the program committee concerning the program to be presented at the organizations' meet in Dallas, May 4 and 5th.

Numerous doctors and technicians will be presented as a portion of the scientific program.

Plans have also been made for various entertainments and sight trips to be extended to the members of the organization.

VISITORS INSPECT COURTHOUSE
Eight persons from California, visited the county courthouse at Eastland, Thursday. The party expressed admiration for the structure and its architecture.

COUNTY SANITARY SUPERVISOR MAKES DETAILED REPORT ON SANITARY WORK IN THE COUNTY

The following is a survey of the sanitary work carried on in Eastland county under the CWA program, which came to an end on the night of March 29, as reported to the state health department by Fleming Waters, county sanitary supervisor:

Mr. Vic Ehlers, State Health Department, Austin, Texas.
Dear Sir:
I hand you herewith an abstract, complete to date, of all sanitary work in this county under the recent CWA program which terminated the night of March 29, 1934, as follows:

1. Administrative—\$767.10.
 2. Engineering—\$2,640.70.
- This work consisted of the accurate surveying, and mapping of the drainage areas of the water sheds; planning and designing sanitary corrections; planning and designing and supervision of the water system of Desdemona, Texas; surveying, planning and designing the correction of other defects in water supplies, county-wide. Engineers were paid skilled wages of \$1 per hour.

3. Sanitary Survey—County-Wide—\$4,355.40.

This work consisted of contacting every home in the county, ascertaining the economic, health and sanitary conditions thereof, obtaining statistics thereon, disseminating health and sanitary education; compiling and tabulating this information. The surveyors were mostly women and were paid an average of \$15 per week.

4. Nurses—\$1,820.60.

This work was carried on under the direction of the county health officer and the county health nurse, and made possible the clinical examination of some 3,000 school children, obtaining their health records and the administering of prophylactic toxids and serums to more than 1,000 school children. Also other miscellaneous health work.

5. Water System, Desdemona, Texas—\$1,528.40.

This work consisted of the dismantling of and the re-erection of a 30,000-gallon steel tank at Desdemona; the laying of some 1,200 feet of water line, and other minor corrections. It not only assured the city of an abundance of drinking water at all times, but increased their fire protection and decreased their insurance rate.

6. Water System, Rising Star—\$397.60.

This work consisted of cleaning and painting the water tower in Rising Star, together with other minor corrections in their general water system. The city furnished the necessary materials.

7. Water Connections, County-Wide—\$510.00.

This work consisted of connecting homes and public buildings with water lines and curing other minor defects.

8. Drainage, County-Wide—\$580.00.

This work consisted of draining low places which constituted dangers to the communities as mosquito breeding points, and in and around dairies, to eliminate pollution. It was county-wide.

9. Sewer Connections, County-Wide—\$1,130.60.

This work consisted in connecting homes to sewer lines where practicable, and resulted in the expenditure of from private sources, \$3 spent for materials by the individuals where the government spent \$1 for labor.

10. Pit Privies, County-Wide—\$11,811.25.

This work consisted of the building of sanitary standard pit type

privies, county-wide, where sewer connections were not available and where individuals were unable to purchase the materials necessary for the construction of septic tanks. Five hundred fifty-one pit privies were constructed in the county, and at this time, approximately 20 are left in the process of construction. At this time, this office has on hand a record of some 631 additional individuals who have a desire to have these buildings constructed on their premises.

11. Septic Tanks, County-Wide—\$2,342.60.

Where the individuals were in a position to purchase plumbing fixtures and other materials necessary to operate a septic tank, installation was made. Twenty-four of these were completed and five were left in the process of construction. The relative high cost of labor for these installations resulted from encountering a great deal of solid rock.

12. General Clean-Up—\$2,496.10.

This work consisted of cleaning dump grounds, removing miscellaneous health hazards, etc. It was county-wide.

13. Miscellaneous Plant and Office Repairs—\$546.90.

Sum Total—\$30,927.25.

Skilled labor was employed where available, and others were paid in pursuance to the wage scale for the southern zone as set forth by the administrator as a result of an agreement with the trades unions of the United States. Every effort was made to expedite the work without sacrificing economy or sound business methods.

While the above report sets forth the accumulation of a great deal of work, we have, figuratively speaking, merely scratched the surface.

There is now being prepared in this office a proposal for the continuation of this work in the county, and it is anticipated that we will be able to carry on with the inauguration of the new work relief program.

Hoping that this report meets with your approval, and trusting that it is the harbinger of many others, I am,

Very truly yours,
FLEMING WATERS,
County Sanitary Supervisor.

Olden Scout Given His Eagle Badge at A Court of Honor

A court of honor was held at Masonic building Friday, April 6, with members of Troop 9 and 10 of Ranger and Troop 32 of Olden participating. There were 45 boys present and 10 visitors. J. E. Meroney was chairman of the court of honor.

Johnnie Jarrett of Troop 32, Olden, was presented with an Eagle badge, the highest honor that can be bestowed upon a scout. The Eagle badge was presented by the chairman to Fred Warren, scoutmaster of the troop, who in turn gave it to Mrs. Jarrett and she pinned it upon her son.

Seven tenderfoot badges, five second class badges and two first class badges in addition to 40 merit badges were presented at the court of honor.

Try a WANT-AD!

A. W. Dyar Dies of Injuries Received At Lease In Pecos

Word was received in Ranger Saturday of the death, in Pecos, of A. W. Dyar, formerly of Fort Worth. He died of blood poisoning following an injury received several days ago when he was moving tools to a new location.

The decedent was born in Marietta, Washington County, Ohio, Nov. 2, 1891. He had been engaged in the oil business since early manhood, first operating in Ohio and later in Kentucky before coming to Texas in 1919. He was well known over Eastland and adjoining counties, having lived in Ranger until four years ago when he moved to Fort Worth.

He is survived his his widow and two children, Misses Virginia and Patricia Dyar; his mother, Mrs. Elizabeth Dyar; five sisters, Mrs. Ben Fordreau, Marietta, Ohio; Mrs. Mary McDermott, Marietta, Ohio; Mrs. T. J. O'Reilly, Columbus, Ohio, and Sister Mary Electa, Louisville, Ky.; and two brothers, W. F. Dyar of Marietta and Charles Dyar of Ranger.

Funeral services were held in Fort Worth with arrangements to be made upon arrival of relatives.

Spring Wool Sale Will Be Held On Saturday, April 21

Announcement was made here that a wool and mohair sale would be conducted in Ranger on Saturday, April 21, at the A. J. Ratliff warehouse.

A number of growers have already stored their wool and mohair and those who have not done so are urged to have it hauled to the warehouse as soon as possible, as buyers will be here on that day to make purchases.

It was pointed out that from three to four cents a pound more could be obtained where the clips were pooled and the buyers could grade and price the wool and mohair at one time than when sold in job lots. For this reason everyone who is a grower has been notified to have their product at the warehouse in time for the sale.

It is reported that several buyers would be present on Saturday, April 21 and that the entire spring clip would be sold at that time.

Chevrolet Raises Its Factory Force Wages

Effective Monday the Chevrolet Motor company announced a 10 per cent increase to all factory employees. Prior to this increase, the average worker was paid 75 cents an hour or \$5.60 per day. This wage was one of the highest in the industry and now that the average has become \$6.30 per day, Chevrolet leads most manufacturers in the wage scale, says H. C. Howard, zone manager of the Dallas zone.

"Chevrolet's adherence to and fullest co-operation with NRA policies is indicated by the fact that in its own plants, exclusive of the General Motors units, who supply them with production parts, they now have 66,000 workers as compared with the peak production periods of 1928 and 1929," said Mr. Howard. "During 1930, through 1933, the average employment was only 30,000 men—better than a 120 per cent increase in

the number of employed in 1934 over 1933."
"And now with the hours worked reduced from 40 to 36 per week there will be a further expansion in the number employed."
"In the month of March, just closed, Chevrolet produced approximately 100,000 units and will produce in excess of 125,000 in April, the largest month's production since 1929."

A shortage of Chevrolets still exists, but it is due to the tremendous demand for its product. Proof of this lies in the fact that in February, Chevrolet produced 72,273 units as compared with the next largest manufacturer's 59,357 and the third largest 34,709.
Mr. Howard said the Dallas area of the northern half of Texas, his territory, sold in excess of 350 per cent in March, 1934, over the same period in 1933. March sales of approximately 3,000 cars was the largest month since May, 1929.

Failures In Texas Show Big Decrease

AUSTIN.—There were 21 commercial failures in Texas during March compared with 32 in February and the same number in March last year, a decline of 34 per cent in each case, according to the University of Texas Bureau of Business Research. During the first three months of the current year there were 79 failures, against 187 in the corresponding period last year, a drop of 58 per cent.

Liabilities of the firms that failed totaled \$435,000 in March against \$468,000 in February and \$569,000 in March last year, declines of 7 and 24 per cent respectively. For the first three months, liabilities totaling \$1,206,000 were 65 per cent less than the \$3,423,000 during the corresponding 1933 period.

Assets equaled 74 per cent of the liabilities in March, 57 per cent in February, and 50 per cent in March, 1933. Total assets of the bankrupt firms during the first quarter were equal to 57 per cent of the liabilities, compared with a ratio of assets to liabilities of 44 per cent during the comparable period last year.

Famous Palo Pinto Hermit Not Dead Despite Rumors

PALO PINTO, Texas.—Contrary to rumor, Palo Pinto's famous recluse, George the Hermit, is not dead, but has moved to a new secret cave.

The rumor of George the Hermit's death spread through the vicinity after Palo Pinto folk missed the gaunt, shuffling figure for an

"I WENT 51% FURTHER ON GULF-LUBE"

Says Mrs. Lee Ketner, Winston-Salem, N. C., Who Made The "Two Trip" Test

Drive a Chrysler? Read Mrs. Ketner's story...

"I made my 'two-trip' test," says Mrs. Lee Ketner, 705 Melrose St., Winston-Salem, N. C., "and to say I was surprised would be putting it mildly."

"Gulf-lube outlasted my regular 25c motor oil by 115 miles—it went 51% further before a quart was consumed!"

Thanks, Mrs. Ketner. You're one of thousands of motorists who have cut their oil costs with Gulf-lube—the oil that was tested by the American Automobile Association in 6 average cars—and outlasted every oil in every car!

Start saving! Switch to Gulf-lube now. You'll buy less oil between fillings. You'll get better, smoother lubrication. At 25c a

quart Gulf-lube is America's biggest motor oil value. At all Gulf stations.

NEW OIL TEST detects motor oil. Ask about it at any Gulf station.

Nerves

Do they torture you by day? Keep you awake at night?

What is it that keeps hospitals open and doctors busy? NERVES.
What is it that makes your face wrinkled and makes you feel old? NERVES.
Nine times out of ten it's NERVES that make you restless, worried, haggard.

Nerves

Do they make you Cranky, Blue--give you Nervous Indigestion, Nervous Headache?

When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache.
Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

Nerves

Do they interfere with your work; ruin your pleasure; drive away your friends?

You're cheating yourself and the man who pays you if you work when your NERVES are not normal.
You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

Quiet your nerves with

Cabinet Closeups

HAROLD L. ICKES Secretary of Interior

HAROLD L. ICKES

By WILLIS THORNTON
NEA Service Staff Correspondent

WASHINGTON.—Even in the pre-New Deal days, the secretary of the interior had more extra jobs than most cabinet officers. To. y, the incumbent, Harold L. Ickes, holds almost as many jobs as Mussolini.

He has all the jobs that previous secretaries have added to the regular portfolio: The Migratory Bird Conservation Commission, Patron of Howard University (colored), Smithsonian Institution, and National Forest Reservation Commission.

He is chairman of the Federal Oil Conservation Board, and a member of the District of Columbia Permanent System of Highways Commission and five other commissions relating to the roads and buildings in the capital.

He supervises the government of the Virgin Islands and all affairs of the Alaska Road Commission. His department has control over public lands, reclamation, Indian affairs, national parks, the Geological Survey, the Office of Education (with its Board for Vocational Education), and a long list of hospitals and similar institutions.

and federal emergency administration of public works. The first two of these meet infrequently, and probably are not much drain on the time of Cummings. He also holds the inevitable Smithsonian Institution membership.

Cummings, a kindly and paternal gentleman of 63, was born in Chicago, but rose to prominence in municipal politics in Stamford, Conn.

He is tall, loose-jointed, and long-armed, and speaks slowly, deliberately, and only after long consideration of just what he wants to say.

Magnolia Summerize Service Protection For Motorists' Cars

DALLAS, Tex., April 10.—With the near approach of hot weather, increasing numbers of motor vehicle owners are finding it profitable to safeguard their cars and assure care free operation with Magnolia "Summerize" service, J. H. Marnan, chief engineer for Magnolia's technical department, reports. "Summerize" is a coined word describing the 7-point protective service provided only by stations and dealers of the Magnolia Petroleum Company.

Both owners of new cars who want to insure them against early wear, and those less fortunate motorists who must keep their old cars running at least another year, are finding "Summerize" service their best protection," Mr. Marnan said. "The many car owners who have 'Summerized' in former years have learned the value of Magnolia's 7-point protection and are among the first driving in for the improved service this spring."

Just as merchants change their stocks in spring and housewives clean house and rearrange their furniture, automobile owners are rapidly coming to understand the need of preparing their cars for hot weather driving. Certain simple precautions are necessary to put any automobile or truck in condition for safe and economical summer driving. Lubricants which were suitable for winter operation cannot be expected to provide adequate protection under hot weather driving conditions.

JAMES A. FARLEY

By WILLIS THORNTON
NEA Service Staff Correspondent

WASHINGTON.—The Smithsonian Institution got its first gum-chewing member when Jim Farley joined as one of its prerogatives on becoming postmaster general.

Farley, of the ready but somewhat mirthless grin, has his extracabinet duties all cut out for him in his chairmanship of the Democratic national committee and the New York state central committee.

He is field general of the Democratic party first, and postmaster general second. So you have to count Farley out in the New Deal agencies that crowd on cabinet members these days, despite the fact that he is an ex-officio member of the Executive Council.

The permanent staff of the Post-office Department, which Farley hopes to make break even under his regime, is effective and it pretty much runs itself, including the postal savings and postal inspection departments. The latter is the one which runs down offenses against the mails, such as robberies and illegal shipments.

Farley, who affects green socks

to protect a motor vehicle against the high temperatures of summer driving."

Highway Delegates Will See Famous Texas Bluebonnets

DALLAS.—Delegates to the seventh annual convention of the Broadway of America Highway association, meeting in Dallas May 8-9, will be given an opportunity to see the world famous Bluebonnets in full bloom.

The bluebonnet is the state flower of Texas. During the convention of the Broadway of America the hill sides for miles around Dallas will be covered in a blanket of blue.

There is a saying current in Texas that the bluebonnet is a home loving flower and never crosses the state line. Many legends tell of the origin of the flower, all associated with Indian lore.

One story recalls that a little Indian girl offered her doll as a sacrifice to save her tribe, from starvation. The following spring the bluebonnets bloomed from the ashes of the burnt offering.

Another recalls an Aztec maiden who offered her life as an atonement for the sins of her people. As she was led to the altar, her blue headdress fell to the ground, and the Great Spirit, in compassion for her sacrifice, caused thousands of flowers to bloom in commemoration of her sacrifice.

Texans have found that blooming bluebonnets are a great tourist lure. During the season when the flower is in full bloom, thousands of tourists visit the state to see this unusual wild flower.

Unlimited Powers Given Commissioner

AUSTIN.—R. D. Parker, chief of the oil and gas division of the state railroad commission, who has now been made personal director of the campaign against hot oil, has been given unlimited authority by the railroad commissioners to hire and fire his assistants in the work. Parker is one of the state officials who does not let responsibility and power swell his head. That is one reason he is picked when the hard and responsible jobs come along.

Men will not be permitted to wear bathing suits without shirts or jerseys at Atlantic City, this summer. When it comes to that, let the women be first.

New Accounting System to Handle Future CWA Work

The complete termination of CWA activities on April 1st, will place the burden of supplying relief to indigent families of Texas on the shoulders of the following programs to be conducted by the Texas Relief, the Subsistence Homesteads and the Rural Rehabilitation Projects.

The successful carrying out of these programs in Eastland county has entailed the creation and installation, by the auditing department of the Texas Relief Commission, of a materially changed accounting system. The new system, known as the Donnell Installed System of Relief Accounting, was made under the supervision of George R. Donnell, Auditor of the Commission.

Of particular interest in the new set-up is the new "Work Relief" card which will enable the Administration to properly supervise the "Work Division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made definitely establishing their relief needs, will be given the opportunity to work and earn to their estimated relief need requirements. This work card is so designed as to limit the payrolls to the actual relief requirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, though simple in form, will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn from relief funds more than his relief budget requirements.

Staff Auditor H. W. Haney of the Texas Relief Commission announced today, after a conference with County Relief Chairman Earl Conner of the Eastland County Relief Board, that a thorough study had been made of Eastland County Relief Problems and the new system installed. Elsworth Mayer will take charge of the new set-up here effective April 1st, as Certifying Officers under H. E. Driscoll, Administrator.

The new Relief Set-up to be used in this County has the specific approval of Washington officials, and it is believed that Kansas and Oklahoma, who recently sent officials to Austin to confer with State Relief Officers and to study the Texas Relief Accounting Set-up, may install this system in the Relief Work in their own respective states.

Chief Auditor, Donnell, emphasizes that this is a relief program, not a project program. Under the CWA, group employment was provided which approximated current business wages, whereas the present relief program can only supply relief to the destitute. When the building of roads, school house construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitute an erroneous expenditure of funds according to the terms of the Relief Acts under which relief funds are made available.

Secretary of the Treasury Morgenthau says we ought to have cheaper whisky. We have, any bootlegger will tell you.

COME AND REST

Do you ever want to get away from the hurry-and-skurry of every-day life for a little while . . . for just a few weeks . . . or even a few days . . . to go to some place where you can relax and rest . . . and go back home with renewed vigor . . . feeling like a new person? There is such a place! . . . only a few hours away from you . . . by train or over paved highways . . . where you can find relaxation . . . where you can "find yourself" again! It's

When you add the fact that Ickes carries also the regular cabinet assignment to the Executive Council, the National Emergency Council, and the Council of National Defense, you begin to get the idea that there is no personal joyless problem for him.

Devoted to his home in Winnetka, Ill., where he and Mrs. Ickes reared four children, Ickes lives in a small suburban Maryland community just outside Washington while here. He's 60, and doesn't look it.

HOMER S. CUMMINGS
Attorney General

By WILLIS THORNTON
NEA Service Staff Correspondent

WASHINGTON.—The attorney general is able to attend pretty much to the regular duties implied by the title of the job. He has fewer extra activities than most cabinet members.

He is the chief lawyer for Uncle Sam, representing him in court or giving legal opinions when requested by the president or department heads.

He may appear before the supreme court in grave cases, and all U. S. district attorneys and marshals in the various districts are under his supervision. He is constantly consulted by the president and other cabinet officers as to legality of proposed actions.

He is chief prosecutor for Uncle Sam of violations of such laws as anti-trust, security, patent, claims, tax, and customs cases.

He directs the very efficient bureau of investigation, which is supposed to ferret out all kinds of violations of federal laws. All federal prisoners and their prisoners are under his supervision.

But he is also a member, since the New Deal, of the executive council, national emergency coun-

— what it means — to store

70 million dollars worth of tobacco

— 4½ miles of warehouses

Everything that Science knows about is used in making Chesterfields. One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines. It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this: We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

the cigarette that's MILDER

the cigarette that TASTES BETTER

Friday Assembly programs, West Ward school, 9 a. m. and 1 p. m. Patrons welcome. Busy Bee Sewing club, 2:30 p. m., Mrs. Ernest Daniels, hostess. Eastern Star, study club, 2:30 p. m., residence Mrs. Karl F. Page, hostess. Eastern Star Study Club The Eastern Star Study club will meet Friday at 2:30 o'clock, at the home of their hostess, Mrs. Karl F. Page.

Eastland Child Welfare Study Club The two groups of the Child Conservation league held meetings Tuesday afternoon. The Eastland Child Study club entertained by the president, Mrs. J. L. Collins, 406 South Daugherty avenue at her home.

Answer to roll call was either an original saying, or stunt, of a child. The secretary's report was presented by Mrs. W. B. Pickens and the constitution and by-laws read and adopted.

The librarian, Mrs. L. C. Anderson, presented the book rules, of the study course, "Finding One's Place in Life."

Mrs. Ray Lerner was announced as the next program leader on April 24, and Mrs. W. E. Brashier, hostess.

Mrs. Collins served a refreshing course of small cakes, with tea. Personnel, Mmes. C. O. Fredregill, Carl Johnson, Ray Lerner, Karl F. Page, Frank Hightower, W. E. Brashier, C. L. Anderson, W. B. Pickens, C. W. Price, Horace Conley, T. M. Collie, D. L. Kinnaird, Jack Muirhead, Ernest Hartrider, Joe C. Stephen, and Mrs. J. L. Collins, president.

Matrix Circle Child Conservation League The first planned program meeting of the Matrix circle of the Child Conservation league, conducted along regular study course lines, was held at the Connelley hotel Tuesday afternoon and hostesses by their president, Mrs. W. O. Butler.

Nursery rhymes formed the clever roll call. Mrs. Butler gave an interesting talk on the building of child character and the influence of the home in holding child life. Mrs. Guy Patterson, chairman, outlined the coming programs. The circle will meet each two weeks at the homes of members, with next session to be held with Mrs. E. M. Anderson on Tuesday, April 24, address Hillcrest on Oaklawn street.

Those present, Mmes. Francis M. Jones, Guy Patterson, E. M. Anderson, J. C. Creamer, Veon Howard, H. R. Breazeale, L. V. Simmonds, Chambers, D. G. Hunt, Dace Myers, Claud Crossley, Gerald Wingate, Garner Kinard, W. O. Butler.

Scale Runners Club Mrs. Frank Pierce opened her home to the members of the Scale Runners club, entertained by her daughters, Frankie Mae and Wilma Dean Pierce, assisted by co-hostesses, Virginia Dick, and young host, Marion Dick.

The session was opened with the junior club song, Marjorie Murphy, pianist. The program opened with a waltz (Wright), Elaine Crossley, The Cello Player (McEntyre), Pat-

Sparks. "In the Firelight," Indian dance, Lorene Starr. Reading, "If I Were Ten Years Old," Virginia Dick. "Taps" (Engelmann), piano, Marjorie Murphy. A and B piano; Merry Farmer (Schuman); The Cricket and the Bumble Bee (Chadwick), Wilma Dean Pierce. Article, instruments of the orchestra, was presented by Betty Jo Newman.

C Major on Parade, piano, Maxine O'Neal. Pixie's Goodnight, song (Brown) piano, Helen Lucas. Reading, Jocell Coffman. "In the Northland," piano (Holst) Mava Lou Crossley. The Cuckoo (Geibel), Gladys Hoffmann.

Reading, Marion Dick. Over the Top, piano, Frankie Mae Pierce. The Three Clocks (Williams), Patty Nell Hood. Piano duet, Johnnie Lou Hart and Enalee Hart.

The next numbers were by Ranger students; Daddy's Waltz (Rolf), Meta Ann Scott. Crisscross (Williams), Vida Wright.

The Guita, piano (Gunter), Cloe Anna Moore. Mrs. Pierce and Mrs. Dick served a dainty refreshment of sandwiches, pickles, cookies, candies and iced lemonade.

Present, in addition to those on program; Johnnie Mae Murphy, Marie Hart, Lois Jardin and Mrs. Y. A. Wright, of Ranger; their guest Mrs. J. W. Davis of Fort Worth; Mmes. Earl Dick, Frank Pierce, and the club director, Mrs. A. F. Taylor.

Church of God Auxiliary Meets The Ladies auxiliary of the Church of God of Eastland, met with Mrs. E. A. Parsons, 202 E. Olive St., Monday afternoon at 2 o'clock, with the following members present: Mmes. S. A. Harrell, H. A. Perry, E. W. Barnett, D. K. Williamson, E. F. Ganow and three visitors, Mrs. F. E. Fox of Lamesa; Mrs. J. J. Kendrick and Mrs. I. A. Woods.

Mrs. E. W. Barnett led the devotional service reading 1st Corinthians 14 chapter. Mrs. H. A. Perry led in prayer. Mrs. Williamson conducted the business session. Members discussed ways of making money, electing of officers in May and whether to continue the ladies work during the summer months.

The afternoon was spent trimming garden hats and making quilt blocks. Mrs. E. A. Parsons dismissed with prayer.

The next meeting will be with Mrs. J. E. Hunter of Olden next Monday afternoon. Those wishing to go are asked to meet at the church at 1:30 p. m.

Birth Announcement Mr. and Mrs. C. R. Sanford of Cisco announce the birth of an 8 pound baby girl Wednesday, April 11th. The little lady has been named Julia Ann.

Mrs. Sanford is the former Julia Elliott, daughter of A. J. Elliott of Eastland.

Former Eastland Girl Marries Thelma Pierce, sister of Frank Pierce, Eastland, who formerly attended Eastland high school, was married to C. B. Cockrell at McAlester, Okla., April 6.

The couple will make their home in Redden, Okla.

Eastland Personals

Mr. and Mrs. Cecil Hibbert have as their guest, Mr. Hibbert's sister-in-law and niece, Mrs. H. B. Hibbert and daughter of Los Angeles, California.

Jean Mitchell of Olden and her guest, Charlie Valliant of Pampa, visited in Breckenridge Tuesday.

Ward Mullings and Guy Quinn Jr., left Wednesday for Dallas. Miss Belle Wilson went to Abilene Saturday.

Miss Willie Wylie Beaty of Breckenridge was an Eastland visitor Friday.

W. H. McDonald was a business visitor in Cisco Friday. Joe Simmons was in Breckenridge Friday.

Jean Mitchell of Olden visited in Eastland Friday. Willard Vaughn of Ranger was an Eastland visitor Friday.

S. J. Petty, athletic director of Eastland high school, is confined to his home because of illness. Melvin Lobaugh, son of Mr. and Mrs. W. H. Lobaugh, is visiting in Eastland.

Miss Jean Mitchell of Olden was an Eastland visitor Monday. Aline Walker, teacher at junior high school, who has been ill for two months, is still unable to resume her teaching activities.

Mrs. W. S. Poe is ill at the Payne-Lovett hospital. Mrs. W. E. Coleman visited relatives in Graham this week. J. M. Perkins returned home

Monday night from Gleasondale, Mass., called there by the death of his father.

Mr. and Mrs. Harry J. Witt and 11-year-old son, Jack, of Los Angeles, spent Saturday afternoon with Mrs. O. C. Funderburk, en route to Oklahoma, called there by the illness of Mrs. Witt's mother.

The Witts formerly lived in Eastland, leaving here 12 years ago. Mrs. A. M. Cowles and daughter Betty Jane of Chicago, arrived Friday to visit her brother and family, Mr. and Mrs. Guy Quinn.

Mary Jo Collie, daughter of Mr. and Mrs. B. M. Collie, has an attack of measles.

Mrs. Matthews of Dallas is visiting Mr. and Mrs. Wilber Laney. Mr. and Mrs. Clyde Shelby, formerly residents of Eastland, now of Coleman, are visiting friends in Eastland.

Joe Collins visited in Breckenridge Sunday. Boris Belovsky of Ranger was in Eastland Saturday.
