World Finds All Its Eggs In One Basket

There is no harm in putting all your eggs in one basket, as some wise man once remarked, if you keep watching the basket carefully.

And that, according to Quincy Wright, professor of international law at the University of Chicago, is precisely the spot the world is in today. It has got all of its eggs in one basket, and if it fails to keep its eye on the basket it is going to find itself in the middle of one of the grandest omelets ever seen.

Prof. Wright says that whether we like it or not we must face the fact that the world has become one community. It may be split up into some dozens of separate nations, each one sustained by the most intense patriotism; nevertheless, the facts of world communication, trade and organization bind it together irrevocably.

"The world, which before 1500 was divided into many wholly distinct civilizations, is becoming a single civilization," he says. "The states remote from the center of Europe's refuse to realize this because they regard the world civilization as European.

"The growth of international communication is bound to go on, and is bound to increase cultural unity and uniformity of the world in spite of all efforts of states and nationalities to maintain individualism."

All of this simply amounts to another way of saying that we can no longer afford to be indifferent to the things that are happening in remote parts of the world. The Atlantic is broad and the Pacific is broader—but radio, submarine cables, steamship lines and the vast web of trade and finance have shrunk them to the size of inland lakes, as far as human relationships are concerned.

It would be hard, for instance, to find a quarrel which seemingly had as little power to affect the United States as the present one between Italy and Ethiopia. It is a long way off, and none of its issues touch us in the least.

Yet this pending war will upset European politics very profoundly. It will affect the plans of every state department on earth. It might very easily shatter the fragile peace which now rests upon Europe. And if it does, no man who remembers what happened to us the last time Europe went to war can say that we may escape untouched.

Prof. Wright has said it: our eggs are all in one basket. American and Japanese, Ethiopian and Italian, German and Russian—we must somehow find a way to get along together in this world. We must learn that disaster in one corner of the world is ultimately a disaster for all of us.

If we don't, we are in for trouble on a grand scale.

Director Lyndon Johnson and National Youth Movement

State Director Lyndon S. Johnson was not handed an easy job, national youth administration are outlined as follows: First, find employment in private industry for unemployed youths. Plans designed to accomplish this shall be set going in every state in order to work out with employers in industry, commerce and business ways and means of employing additional personnel from our employed young people. Second, train and re-train for industry, technical and professional employment opportunity. Third, provide for continuing attendance of high school and college. Fourth, provide work relief upon projects designed to meet the needs of youth.

The state director is authorized to organize local youth committees in counties or communities and where conditions warrant, county or community advisory committees and directors will be appointed. This program shall be designed to encompass all persons who are no longer in regular attendance upon full time schools, and who are not regularly engaged in remunerative employment between the ages of 16 and 25 years. New Deal administration has set aside an appropriation of \$50,000,000 for the work this year. Director Johnson will not be able to take many vacations or go on many hunting or fishing trips the coming fall and winter—or in the Centennial year of the celebrating of Texas independence.

Another Federal Judge Knocks Out Hog Processing Tax

Maryland is not a great agricultural state. Maryland is not a great livestock state. And Maryland is not a great producer of hogs. Federal District Judge W. Calvin Chestnut of Baltimore has ruled the hog processing tax unconstitutional and granted the first permanent injunction against its collection. That is, he has gone all the road and unless a higher court sets it aside it permanently enjoins the government from collecting the processing tax from Maryland packers. Judge Chestnut branded the processing tax unprecedented "in taking substance from one class of population to give it to another" and held it unconstitutional on two main constitutional grounds. Bear in mind that the Chestnut injunction is said to be the first judgment of its type against the levy of any court. The congress is said to be the law making body of the republic. Is it?

Much Interest Is Being Shown In Book By House

A representative of the Texas centennial exposition, to be held next year in Dallas, has expressed interest in the forthcoming book, "Were You in Ranger?", by Boyce House, it was learned today by R. V. Galloway, secretary of the Chamber of Commerce.

W. H. Kittrell, formerly of Cisco, who is a member of the staff of the centennial celebration, declared that he was looking forward with personal interest to the publication of the volume and that he was confident that several copies would be kept on hand in Dallas to enable visiting magazine writers to learn something about the glamor of an oil boom.

Public libraries are sending in their reservations. College libraries are also ordering copies.

"This means that thousands of persons will read about our city and will be interested in visiting it when the centennial year arrives," said Galloway.

Locally, the reservations have been coming in steadily, he reported.

'Spud' Reynolds Is Not To Leave Town

"Spud" Reynolds, proprietor of the Exide Battery company, denied Saturday that he was leaving Ranger and was moving his plant to another location. Reynolds most emphatically denied that he was leaving the city and said that his home was in Ranger, his family was established here, his children in school and that he had no idea of moving. He further stated that he was better equipped today to do all kinds of electrical work than ever before, that he employed two men besides himself and that the rumor was unfounded.

Reynolds has been in Ranger for the past fifteen years. Mrs. Reynolds is past president of the Child Welfare club and takes an active interest in the civic affairs of the community.

The Exide Battery company has

been at present location for the past 11 years and does all sorts of electric and generator work. Specializing in electric refrigeration work, handles the well known Exide Battery and also do repair work on radios and washing machines.

The friends of the Reynolds family are indeed glad that they do not intend to leave Ranger.

TERRITORIAL TREATIES TO BE TESTED

LONDON, Aug. 26. — Great Britain's diplomatic activities in the Ethiopian dispute are aimed at forcing a supreme test of treaties guaranteeing territorial integrity, it was indicated today.

The immediate diplomatic activity is to find out where France will take its stand as between Great Britain and Italy and to seek in the league of nations world support for inviolability of territorial treaties.

Militarily the immediate task is to strengthen defenses on the route to India on Australia and New Zealand by way of Gibraltar, the Suez Canal and the Red Sea.

To this end after ordering a "summer cruise" which will put the fighting ships of the Mediterranean force at points calculated to be of strategic importance. The war office is sending 2,500 soldiers to the Malta garrison and will increase the garrison at Aden, its protectorate to the southern entrance of the Red Sea.

Conservation Crew to Be Cut

TEMPLE, Texas.—The soil conservation service staff here, which directs activities of the Elm Creek watershed, is likely to be cut 50 per cent, officials said today.

Most of the men will be transferred to the ten other projects established in Texas.

Dr. H. V. Geib, regional director, is expected to return from Washington within the next few days. He was called to the national capital last week to discuss proposed changes in the set-up.

Retail Sales Fail To Show Regular Slump In July

AUSTIN—Retail dollar sales in Texas during July declined less than the normal seasonal amount from the previous month and were substantially larger than during the similar month last year, according to the University of Texas Bureau of Business Research.

"Reports from 89 representative Texas retail establishments show total sales 14.2 per cent greater than during July, 1934, the decline of 17.6 per cent from June comparing favorably with the average seasonal decline of 23.8 per cent," the bureau's report said. "Aggregate sales during the first seven months were 4.5 per cent above those of the corresponding period last year."

"Cities with sales records better than the average for the state in comparison with a year ago are: Tyler, Temple, San Antonio, Dallas, Beaumont, and Austin. As between types of stores, women's specialty shops made the best sales gains. Next in order were men's clothing stores, large department stores, dry goods and apparel stores, and small department stores.

"Collections of outstanding accounts during the month also compared favorably with July last year, with an increase of 2.4 per cent in collections over the corresponding month last year. This fact is the more significant since credit sales in relation to net sales were 1.5 per cent greater than a year ago."

Miami Checks On Florida Criminals

MIAMI, Fla. — Whenever a recognized criminal leaves his customary haunts next winter to follow the "easy money" trail to Miami, word of his departure will be speeded to Miami's police department.

Andrew J. Cavanaugh, new head of police, revealed today that police chiefs throughout the nation have promised their aid in keeping track of the hundreds of criminals who annually winter in Miami, attracted by the wealth and vacation money represented by winter visitors.

Cavanaugh's job during the peak of the tourist season is one of the largest law enforcement assignments in the country. Apartment houses and hotels scattered throughout the city must be guarded against jewel thieves, burglars and sneak thieves. Pickpockets frequent the race tracks. "Con men" find vacationers ready to talk over money-doubling schemes.

"Criminals follow the crowd and the money," Cavanaugh said, admitting his difficult job. But assistance from other cities, he believed, will minimize his troubles.

"When I was elected president of the International Association of Police Chiefs in Atlantic City, the chiefs in various towns promised they would report whenever a criminal left their locality for Miami. And they have ways of learning those things," said Cavanaugh.

This cooperation from other cities is the only change in methods the new safety director has in mind for the winter season.

Killed Her Child, Faces Chair

She drowned her baby, confessed Mrs. Dorothy Sherwood, "to save him from a life of poverty." And now she faces a first degree murder charge in Goshen, N. Y., with electrocution mandatory if she is convicted. The penniless widow, a former Broadway showgirl, carried the body of 3-year-old James (shown here with his mother during happier days) to a police station and made her confession.

Part Time Printer Inherits Fortune

EL PASO, Tex.—While Theo in Lumiere, El Paso printer, was working part time in newspaper composing rooms throughout the United States, he and his wife were unaware that a \$40,000 bequest awaited Mrs. Lumiere in Birmingham, Ala.

An attorney from Birmingham found the family in El Paso several days ago after a four years' search and notified them of the bequest made by Mrs. Lumiere's uncle, the late Zack T. Mosely, wealthy brick manufacturer.

Mrs. Lumiere was preparing to leave for Birmingham Sunday where she will settle up legal matters in connection with the inheritance.

"When I find out what is coming to me, I'm going to buy a zeppelin and a toy Boston bulldog," she declared today. "I have wanted both of them all my life."

Mrs. Lumiere said her uncle built his fortune from an original investment of twenty-five cents. The estate left by the brick man was believed to be about \$100,000 in which 30 or 40 heirs will share.

Two Men Killed In Lake Explosion

CHICAGO, Aug. 26.—Two men were killed and six others burned and injured today in an explosion at the William Dever waterworks crib, three miles out in Lake Michigan, off Navy Pier.

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than 3 pounds of waste matter.

When the passing of water is hampered, with smothering and burning the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste matter, your body may take up some of these poisons causing serious trouble. Don't wait! Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day. Insist on Doan's Pills.

PREMIUMS FOR FIRST BALE BEING RAISED

A premium for the first bale of cotton raised in this section of the state and ginned at the Ranger gin was being raised Thursday, with \$21 raised by the Chamber of Commerce before noon Thursday.

The bale, which was brought in and ginned on Wednesday, was raised by Dewitt Young and was raised about a mile and a half south of Ranger on the Eastland highway.

The cash donations received by Thursday morning were as follows:

PHIL-PE-CO WINNER OVER RANGER TEAM

The Phil-Pe-Co golfers, winners of the Heart of Texas Golf association title for 1935 defeated Ranger Country club golfers, winners in the Oil Belt Golf Association, Sunday afternoon at Cisco by a score of 9 to 6 in the bi-district match between the two clubs.

Several of Ranger's best golfers were not present at the bi-district match at Cisco, it was reported today, and Phil-Pe-Co had a slight edge over those who played for the Ranger club.

The individual scores of the matches were as follows:

Gid Faircloth lost to J. T. Hammett 4-3; James Phillips won from J. H. Gregg, 1-up; H. H. Vaughn won from Bill Turner 5-3; Jack Mooney won from R. Bucey, 6-5; H. G. Foy lost to Nick Nicholson 3-2; J. S. Brimberry won from J. S. Embrey 6-4; Ray Trower lost to W. C. Werner, 1-up, 19 holes; Elmer Norris

Masonic Picnic Draws Good Crowd

Ranger Masonic lodge and Eastern Star members enjoyed a joint picnic at the Country club Tuesday night at which 125 Masons and their families were present.

The two groups met at the grounds at 5:30 and spread the dinner on four large tables. The menu consisted of roast beef and brown gravy, salads, pickles, potatoes, cakes, pies, cookies, lemonade and ice cream.

Dr. L. B. Gray pronounced the invocation and the first number on the program was a quartet by the Rippitoe and Kay brothers of DeLeon and by special request young Kay sang one number, accompanied by guitar.

Mrs. Katherine Williams, associate matron of the Eastern Star, spoke briefly on the Eastern Star work and thanked the Masonic lodge for the invitation to attend the picnic.

Judge Clyde Garrett of Eastland was next introduced and in his usual jolly way told several stories and kept his audience laughing and at the same time told of the duty of Masons in regard to service and charity. He said that all might have lost all their money and possessions but that if they maintained their friends and had rendered service that no depression could

Service That Is COMPLETE

Even though the life of a dear one may be extinguished, yet its memory is like a light that shines forever. We, whose chosen duty it is to serve in the hour of sorrow, realize in a sympathetic manner, the desire of the family to perpetuate that memory with a final memory with a final ceremony that is dignified and beautiful. And it is the accomplishment of this organization to render that type of service—regardless of the sum expended.

POET'S CORNER

A TRIBUTE TO WILL ROGERS AND WILEY POST

They were flying the great northern spaces,
On a pleasure trip so rare,
They were not seeking fame or fortune,
Both of which they had their share.

They were rich in love of their country,
In the hearts of their fellow man,
They were famous in the halls of their nation
For the colorful characters they have been.

Will, with his unbounded wit and humor,
His benevolent heart and soul
With the welfare of all mankind
and a Nation at Peace, his goal.

Wiley, with his determination,
His endurance of hardships, cold and pain,
As he circled the globe in solitude
Rode the wings of air to fame.

When the curtain fell on the last scene
In the far and frozen North,
Who knows what passed between these friends
Who loved the world and life and mirth?

In his crumpled, lifeless fingers,
Will held a picture of Mary, his child,
While Wiley was still at the controls,
Broken and crushed—he'd tried to smile.

America mourns their passing,
Our own great nation will miss them most
Long will live in the hearts of American people,
The memory of Will Rogers and Wiley Post.

Notice

Several of my friends and customers have recently asked me if I was moving my plant from Ranger—and here is the answer: The Exide Battery Company is one of the oldest institutions in the City of Ranger, having been at our present location for the past eleven years, we have one of the best equipped electrical shops in this part of the state and handle Exide Batteries, having on hand at all times a large and fresh stock, any size and kind.

WE DO NOT INTEND TO LEAVE RANGER

And not only that, but we repair electric boxes, washing machines, radios; fix generators, charge batteries—in fact repair and fix anything electrical—no matter what is wrong we can "FIX IT."

We own our own home, we have a part in everything that is for the betterment of the community—we love Ranger, our all is here and we feel that we are a part of the city in which "there are no strangers."

We will appreciate any work that you might have—let us figure it out for you—our force consists of Lee Galley, B. J. Culwell, my wife and myself—four of us in all, and we appreciate your business.

ON TEXAS FARMS

About one out of every 12 cultivated acres was shifted from surplus basic crops this year in the United States.

Arel stated fact, as Joseph F. Cox, chief of the replacement crops section of the AAA, sees it, is the largest increase in legume acreage ever reported in this country.

Alfalfa acreage went up 11,482,000 acres in 1934 to 13,118,000 in 1935, a 14 per cent increase; soy bean acreage rose from 4,223,000 acres in 1934 to 5,463,000, an increase of over 29 per cent.

The significance of these figures will be felt by the children of the owners land. Soil erosion is checked and soil fertility built up by this type of crop.

More home raised meat will be served on the rural home makers' tables; more milk and butter and chickens and eggs will appear in the diet of rural families because of these crops.

Future generations will farm better land and enjoy better health because of today's agricultural program which conserves the soil and improves the food on the farm of today.

CHAINING—Terrace or contour lines have been run on 2210 acres for seven Hartley county farmers during the past two months, according to the report of E. R. Duke, county agricultural agent. Interest in this work has been stimulated by the need for an effective control of wind erosion. Most of the farmers have received heavy rain since completing their contour work, and the fact that the contoured rows held all the water that fell on the fields is interesting to other farmers in these demonstrations.

Two farmers have terraced their pasture land, and they have found that in this way they can hold water on their pasture that normally goes to shallow lakes.

CANTON—One hundred and six dollars profit on one-half acre of tomatoes and still making more, is the report of W. O. Finch of Van Zandt county, according to V. O. Teddlie, county agricultural agent. This is a net profit, and the crop is only 75 per cent harvested. Finch hired all the work done on his demonstration, and this amounted to \$55. His fertilizer bill was \$14. The gross receipts up

to the present have been \$175. Finch says that the following contributed to the success of the demonstration: tomatoes were planted on fresh, well drained land; being timber land and fresh bushes were allowed to grow up from root stocks and shade the tomatoes to keep them from sunburning; and the proper cold framing was used.

LAGRANGE—From an original seeding of alfalfa five years ago, Paul Teinert of Fayette county has just finished hauling in seven big loads of alfalfa on the second cutting, making a total of 14 loads harvested this year, reports J. C. Yeary, county agricultural agent. One cutting was lost on account of excessive rains.

Teinert is looking forward to harvesting at least two more cuttings this season. He plans to plow under the stubble this fall and follow with corn in 1936.

SAN AUGUSTINE—Six quarts of wild summer huckleberries have been canned by Mrs. Amanda Fox of San Augustine county for making pies in the winter or for serving with sugar and cream, according to Miss Esther Ross home demonstration agent. "Summer huckleberries taste very much like the ones which ripen in the late fall but are much larger and are on smaller bushes so that they are easier to gather," says Mrs. Fox. "I am going to can what I can get."

GRAHAM—Ten No. 1 cans of ground turkey were sold by Mrs. H. G. Millican of the Loving Home Demonstration Club at 35 cents per can on the first market day held in Young county by home demonstration women, according to Miss Norfleet Grimes, home demonstration agent. Mrs. Millican already has 20 orders for the next market day.

At the market, which was established early in June, the woman have sold all kinds of vegetables, fruits, poultry, cakes, and breads. For the past five Saturdays the total receipts have been \$137.32. The market is open only one-half day each week.

SIERRA BLANCA—At a cost of only \$19.75, the three room house of Mrs. V. Caulkins of Hudspeth county was almost entirely refinished, according to Miss Gladys Young, home demonstration agent. Mrs. Caulkins started with the living room which she calcimined and then refinished the floors and woodwork in light oak.

The kitchen was papered in light green with cream woodwork and ceiling to make it lighter, as it was a northwest room.

An old hall tree, table and chair were taken from storage, sandpapered and refinished with burnt umber and gasoline followed by a coat of varnish. Other furniture refinished included a steel cot, a day bed, and a chair. Shelves were also added to the closets and new shades and curtains bought.

Aged Man Finds Kin After 55 Years

By United Press
SMITH CENTER, Kan.—This Francis, missing for 55 years, has been found. Francis left home in 1878 and went to Colorado. He corresponded twice with his parents, and then all trace was lost. In settling the estate of his mother 29 years ago notices were printed in newspapers throughout the country, but Francis was not found. Francis, now 80 years old, recently communicated with his relatives, saying he wanted to see them before he died.

Immediately after crashing in one plane, Dr. Townsend asked for another. He evidently doesn't care whether he ever crashes in on his old age pension plan.

Wilhite and her mother, Mrs. J. R. Buchan and daughters. They had just returned from a vacation trip through Colorado and New Mexico. At Santa Fe they went through the oldest church in the United States.

Scouts Looking Forward to Fall Program
Since most Scouts are back home from vacation days they are now getting ready to make advancement in their Scout work—to be sure there are Scouts that have been making advancement in outdoor tests during the summer months however it is conceded by most Scouts and Scouters that Scouts make their most advancement during the winter or school months.

Breckenridge to Hold Court
Announcement has been received by the Scout office that the Stephens County District Committee will hold a large Court of Honor some time during the month of September, exact date to be announced later. Russell B. Jones, Commissioner asks that all Scouts in this District be ready for advancement at that time.

San Saba Troop Grows
A letter from Scoutmaster Thomas Hendrick makes the announcement that although he has been away from his troop for a month the troop has continued to progress under the leadership of Assistant Scoutmaster Baker to the extent that they have gained five new Scouts. They are also planning a Court of Honor in the near future.

Lampasas Scouts Do Good Turn
The Scouts of Lampasas recently aided the City Council in introducing new traffic rules for the city. Scouts were placed at various points over the city to acquaint the citizens with the new regulation.

Scouters of the Central District To Meet
The scouters of the Central District will meet the third Monday in September, at which time objectives for the fall program will be discussed and arrangements made to carry out these objectives in the most effective way.

Penry Would Feed Family All Summer
QUANAH, Tex.—A penny will feed a family for a whole summer. Mrs. R. D. Butts of the Spring Creek home demonstration club has proved this claim. However, she spent the penny for spinach seed, from which she raised enough for her family during the summer and had enough left to can 22 quarts.

Mr. and Mrs. J. P. Vaughn drove to Abilene Tuesday for a few days visit. Mr. and Mrs. Vaughn recently moved here from Graham and are rooming and boarding at the home of Mrs. J. R. Buchan. Mr. and Mrs. A. B. Henzle and children went up to Caddo Thursday to visit their daughter, Mrs. Robert Dawley, and family. Mrs. Henzle and children will remain there a few weeks. We are glad to report that the Henzle's baby daughter, who was seriously ill, has almost recovered.

G. N. Grice of Stephenville was here several days last week looking after the tearing down of the Uhl machine shop and the two-story building next to the Odd Fellows building. Mrs. Gifford Aerea was hostess Thursday afternoon for the monthly social meeting of the Methodist Missionary Society.

Mr. and Mrs. George Hicks and two daughters, accompanied by Mrs. Dewey Jones and daughter, Miss Margaret Jones, drove down to San Saba on business Thursday.

Rev. Hugh Blair of Cisco, who was conducting the Baptist here, had to go home Thursday on account of illness. His many friends hope he may soon recover. On Saturday night Rev. Shaw of Brownwood came and is continuing the revival and much interest is being manifested.

J. W. Harrison and family of Ranger were guests of W. E. Barron and family Sunday. Mrs. Roy Rushing and her sister, Mrs. E. B. Stewart, and children, of Cromwell, Okla., drove to Ranger on business Saturday.

W. C. Bedford drove up to Eastland Monday morning to take the election returns. He was accompanied by W. H. Whitworth and his daughter, Miss Mignon Whitworth, who went on business. Mr. and Mrs. Roy Ashburn drove to Dallas the first of last week and will likely remain two or three weeks as the doctors say Mr. Ashburn's bruised knee is in such a condition that it will be necessary to treat it for some time.

Mrs. J. E. Derrick and daughter, Mrs. Style McEntire, and baby, James Edward, drove to Moran on Tuesday of last week and visited Mrs. Waters (nee Viola Lucy), who formerly lived in Desdemona. After leaving there they went to Breckenridge and visited with Mr. McEntire, who is working there with a casing pulling crew.

Mrs. Dewey Jones and children left Sunday for their home at Kilgore after a two weeks visit with her parents, Mr. and Mrs. S. T. Stover. Mr. Jones came Saturday and took them back with him. Mrs. A. C. Moore's home was attractively decorated Friday afternoon when she and her daughters assisted by Mrs. Hugh Abel, entertained a large number of friends with a miscellaneous shower for Mrs. Raymond Crenshaw (nee Dorothy Arthur), who was to leave the next day with her husband for their home at Coahoma. The honoree was presented with the many beautiful and useful gifts which were unwrapped and inspected by the guests, after which the hostesses served punch and cookies.

STRAWN

Mr. and Mrs. L. D. Bontman and daughters, Mary Elizabeth and Johnnie Ruth of San Antonio visited here last Friday. Mr. and Mrs. M. A.
