Veterans' Unit to Add New Posts

NEW YORK.—Catholic War Veterans have launched their first active membership campaign since incorporation May 9 last in preparation for the National Eucharistic Congress at Cleveland Sept. 23.

Before the Congress, the veterans will hold a series of meetings,

make numerous national appointments, and broaden their activities in such fields as anti-communism, welfare, education, and the arts—especially music.

Nome, Alaska, thus far is the most distant place to get a C.W.V. Post. Jersey City, N. J., will be the scene of the first out-of-state meeting of the veterans on a national scale.

Col. Wesley S. Jones, a veteran army band leader, has been appointed director of music of the organization. He seeks qualified musicians for the military concert band which already is made up of army, navy and marine musicians. Within a short time Jones expects to form a second band for amateur musicians.

Meanwhile actors and actresses who entertained the A.E.F. are aiding the Catholic veterans and some members of the stage have indicated they would offer their services to further the social and welfare activities of the organization.

One Centennial Building Needs to Be Made Larger

DALLAS.—Because of the many exhibitors seeking space, the Food Products building of the Texas Centennial Central Exposition will have to be enlarged, Paul Massmann, exhibit director, said today.

If the recommendations of Massmann are adopted a wing duplicating the part of the structure set aside for agricultural products will have to be built.

According to preliminary plans, the addition will be of temporary construction, costing about \$30,000 and furnishing 16,000 square feet of additional floor space for exhibitors.

Already, Massmann said, the foods exhibit building is about two thirds filled, either under actual contract or through reservations by concerns now working on their plans for the exhibition.

The additional building probably will be used for agricultural displays, with food products concerns using the area originally set aside for agriculture. When the exposition ends, the permanent part of the structure will be used exclusively for an agricultural building for the state fair.

GARBO, CROSBY ON ARCADIA SCREEN

GARBO IN "ANNA KARENINA" AND BING CROSBY IN "TWO FOR TONIGHT" IN SPOTLIGHT

Starting tonight and ending Tuesday the Arcadia will offer three new pictures that will please the most critical theatregoers. B. E. Garner, local manager, said this morning. Tonight the Arcadia will offer Joan Blondell and Glenda Farrell in their newest comedy effort, "We're in the Money," and Saturday the much awaited Greta Garbo-Fredric March triumph, "Anna Karenina." This picture runs Saturday and Sunday and moves out Monday to make room for crooner Bing Crosby in "Two for Tonight."

Three facts stand out in "Anna Karenina." Greta Garbo's new picture which opens Saturday at the Arcadia Theatre. It is her 20th picture made in America. It is her tenth anniversary picture, for it was just 10 years ago that she came to America to become a film star. The greatest of all—it is her happiest picture. Masterfully Directed. Garbo's happiness over this picture, so ably produced by David O. Selznick and so masterfully directed by Clarence Brown, is evident in every scene—even when she appears saddest at the realization that her sublime happiness with the man she loves cannot continue forever.

Her performance as Anna Karenina places her at the very top of her long starring career. It reveals her as a greater actress than she has ever been before, and more beautiful than she has ever been in her former pictures. Apparently, Metro-Goldwyn-Mayer studios have spared no pains to make Garbo's tenth anniversary picture her greatest one. As her 15th lover of the screen, she has been given such an admirable romantic actor as Fredric March, who is co-starred with her. As her stern husband, the diplomat Karenin, they have given her Basil Rathbone, who so recently scored in the role of the mercurial, Marston in "David Copperfield." As her little son, they have given her Freddie Bartholomew, one of the greatest child actors of the

Greta Garbo, Fredric March, Score in Stirring Film Version of Tolstoy's "Anna Karenina"

Garbo gives an unforgettable characterization as heroine who has to choose between giving up her child and the man she loves—Clarence Brown's direction and photography are flawless. The Arcadia gets this film Saturday.

However, we must commend Maureen O'Sullivan for her role as Kitty; Mary Robson, as March's mother, Countess Vronsky; Giles Isham, a newcomer from England, as Levin; Reginald Owen, as Garbo's brother, Stiva; Reginald Denny, as Yashwin, and little Cora Sue Collins, as Tania. Too, among the members of the huge cast we recognized such former screen favorites as Betty Blythe, Robert Warwick, Jean Acker and Gertrude Astor.

The story, one of the great "immortals" of the past century, is Leo Tolstoy's "Anna Karenina," presented against a background of imperialistic Russia of fifty years ago—the story of a woman torn between a clandestine love for Count Vronsky, a romantic youth, and duty to her stern husband, Karenin.

Brings Book to Real Life On Screen

"The art of making good western entertainment is now new, but it demands hard work, long hours, patience and a complete understanding of the characters to be portrayed," says Howard Bhehretson, director of Clarence E. Mulford's "Hopalong Cassidy," Paramount release featuring William Boyd, Jimmy Ellison, and Paula Stone, coming to the Columbia Theatre Saturday.

Herbert Wants Woman For the Next Vice President

The news that a woman may be the next vice-president of the United States is good news to Hugh Herbert, Warner Bros. comedian who is to be at the Arcadia Friday in "We're in the Money."

At Columbia Theatre Saturday

William Boyd who appears in the title role of the Harry Sherman production of Clarence E. Mulford's "Hopalong Cassidy," featuring Jimmy Ellison and Paula Stone, a Paramount release coming Saturday to the Columbia Theatre.

Three in "Two for Tonight"

Mary Boland apparently approves the love light in the eyes of Bing Crosby and Joan Bennett in the crooner's new Paramount comedy "Two for Tonight," with five song hits, to open Monday and Tuesday at the Arcadia Theatre. Frank Tuttle directed. Lynne Overman and Thelma Todd are also in the cast.

and ex-theatrical producer, to go out and make things happen to get more material for his play. He starts an hilarious seltzer water-siphon-shooting battle in a night club which sends him to jail. By this time Miss Bennett has fallen in love with the romantic tenor, but runs away when she sees him in an embrace with Miss Todd, rehearsing a love scene. Overman, suddenly returning from Europe, also sees them, and fires Bing.

BLOMDELL, FARRELL COMING TO ARCADIA IN COMEDY HIT

Joan Blondell, Glenda Farrell and Hugh Herbert have been the source of riotous laughter in a number of pictures, including "Traveling Saleslady," "Kansas City Princess," and "Havana Widows."

Bright Fun, Love Songs Distinguish New Laugh Hit

Bright-spirited comedy, lilting love songs, and gay romance make Bing Crosby's "Two for Tonight," which shows at the Arcadia Theatre Monday and Tuesday, one grand hour of fun and entertainment, topped by a supporting cast of skillful, but none the less hilarious, comedians, headed by the buoyant banities of Mary Boland and the droll humor of Lynne Overman.

Crosby Film Great

Bing Crosby, who has entertained millions with his singing, has at last realized a secret ambition to be a tap dancer.

They're In The Money

The three young folks with all the money are Joan Blondell, Ross Alexander and Glenda Farrell, stars of the new Warner laugh-out, "We're in the Money," which comes to the Arcadia Theatre on Friday only.

session the year-book committee reported the year-books had been printed by the De Leon Free Press and had been given to all members present. The members were delighted with the books and especially praised the attractive covers and the perfect printing. Mrs. C. W. Maltby led the program which was as follows: Salute to the flag, "Reading of Club Collect," by the club; introduction of new officers by Mrs. W. E. Barron; reading, "A Model Clubwoman," by Mrs. S. E. The meeting adjourned for a social hour during which the hostesses served an attractive refreshment plate, carrying out the club colors of green and white in yo-yo salad or lettuce, sandwiches of green bread with peppermint spread, potato chips, olives and coffee. Favors were small pictures of Mrs. Joseph M. Perkins, sixth district president; Mrs. James Horton, sixth district secretary; Mrs. Volney Taylor, president of Texas Federation, and others prominent in state and general federations. The pictures were mounted on stiff white paper with tiny green ribbon bows at the top and something about each picture written at the bottom. On the back of each picture was the date and names of hostesses. The following five new members were welcomed into the club, Mrs. Tom Nabers, Mrs. Preston Sparks, Mrs. C. A. Skipping, Mrs. Charles Lee and Miss Edith Croighton. Besides the new members, others present were Mrs. Aaron Henslee of Longview, a former secretary of the club, Mrs. R. K. SISTER MARY'S KITCHEN

BY MARY E. DAGUE
NEA Service Star Writer

NOW'S the time to get the good of your root vegetables for they are at their best—beets, carrots, turnips, and the like, sweet and tender.

Also, until a killing frost comes, eggplant, cauliflower, sweet peppers, late spinach, tomatoes and lima beans are plentiful. Curly endive and celery will be good until hard frost. Late cabbage really needs a good nippy frost to improve its flavor and give it body for that frothy cole-slaw that is so surprisingly difficult to achieve. The hard-shelled, full-flavored squash comes into market to take its place in either main course or dessert. Squash pie, squash custard and squash pudding are delicious and nourishing desserts. Baked squash, squash and nut croquettes, squash souffle and cream of squash soup are appetizing ways of using the vegetable in the main course.

Watch for Late Fruits

And late friends—pears, grapes, peaches and quinces are plentiful and apples of course with cider and nuts to give variety to menus. Grapes are good as a breakfast fruit and for luncheon and dinner desserts. The juice makes fine sherbets and trappes, whips, sponges and gelatin concoctions. Game is added to the usual poultry and meat. Pork stages a comeback and oysters are with us again.

A good way to use up one-half cup of left-over cooked squash is in muffins. They are quite unusual and have a delightful flavor.

Squash Muffins
Two cups flour, 4 teaspoons

Tomorrow's Menu

BREAKFAST: Chilled sweet cider with lemon juice, cereal, cream, shirred eggs, squash muffins, milk, coffee.

LUNCHEON: Eggplant with cheese on toast, celery hearts, apple slump, milk, tea.

DINNER: Jelly omelet and toast, ten-minute Chinese cabbage, lima beans and corn in cream, green pepper and grape fruit salad, grape sherbet, sponge cake, milk, coffee.

baking powder, 1 teaspoon salt, 1 egg, 2 tablespoons sugar, 1-2 cup cooked squash forced through spoon, melted butter or other shortening.

Mix and sift flour, salt and baking powder. Add milk to squash and stir until smooth. Add with unbeaten egg and melted shortening to dry ingredients and stir until smooth. Fill muffin pans two-thirds full and bake in a hot oven (400 degrees to 425 degrees F.) for twenty minutes.

Grape Sherbet

One-half cup sugar, 1 cup water, 1 teaspoon granulated gelatin, 1 cup grape juice, 2 tablespoons lemon juice, 1-3 cup orange juice, 1 egg white, few grains salt.

Make a syrup of sugar and water and stir in gelatin which has been softened in 2 tablespoons cold water. Cool and add fruit juices. Turn into freezer or freezer tray of automatic refrigerator and freeze to a mush. Fold in white of egg beaten until stiff and continue freezing until firm.

fering a serious heart ailment, he was always out greeting friends and neighbors, and "Smilin' Thru." He will be missed by a host of friends here, in Valley Mills and many points in Texas. He was born in Valley Mills. He died at the age of 39. He was an ex-service man, and a member of the American Legion. He loved his country, his state, and fellow-men. A splendid citizen.

He is survived by his widow, Mrs. Stella Jarrett, two sons, John and Jimmy, his mother, Mrs. J. C. Jarrett, Sr., of Valley Mills, and several brothers and sisters, and other relatives. All of whom have the sympathy of this community in their grief and bereavement.

Mrs. Bertha Owens spent the week-end visiting Mrs. Pearl Bourland, near Ranger.

J. A. Anderson returned Saturday from a month's vacation trip to Minnesota and other northern points. He said he enjoyed his trip very much.

George Munn came in from Sen-ton, Texas, last Saturday and took his family back with him. He was recently transferred to Sen-ton by the Magnolia Petroleum company.

Olden football team played Strawn at Strawn last Friday afternoon. Score was 6 to 0 in favor of Strawn. Mr. Scruggs, Olden coach, has reason to be proud of the showing the team made Friday. They had a hard fight and knew it and went into the game with all they had. Several Olden fans attended the game.

Mrs. Ghent White has been on the sick list the past week.

Mr. Nalin made a business trip to Longview and other East Texas points this week.

Ruby Curry, who works for the Magnolia company in their office at Groggtown, visited her parents, Mr. and Mrs. George Curry here over the week-end.

Olden football boys will play Colony at Olden Friday afternoon. It is hoped a large crowd of Olden

Friends of the J. T. Pickett family, of Overton, formerly of Olden were sorry to learn of the death of Meryl Pickett at a hospital at Kilgore recently. Meryl died following a brief illness, there and was buried at the Henderson cemetery. She was well known here, where she spent most of her girlhood until the family moved to Rising Star and thence to Overton. She was married and leaves a little son as well as a husband and other relatives to mourn her passing. She was 23 years of age at the time of her death. The community extends sympathy to Mr. and Mrs. Pickett and Tommie and the others who survive her, in their bereavement.

Home Owners Can Improve Homes By Using Association

Sam Strauss, field representative of the Federal Home Loan Bank Board, of Washington, D. C., was in Ranger this week, when he met with the board of directors of the First Federal Savings and Loan Association of Ranger.

Strauss said that there was need for more loans to be made in Ranger, pointing out that money was available from local sources and from the federal fund, which can be drawn upon at the rate of \$3 for every \$1 invested locally, and that this federal money could not be drawn out of the association for five years. Only then can 10 per cent be drawn out by the government, he explained.

Some of the features of the association as pointed out by the field representative are that loans are made up to a reasonably high proportion of property value, not to exceed 75 per cent of appraised value of the home, or combination of home and business property, nor 50 per cent of appraised value of other improved real estate.

Interest rates and service charges are moderate. Convenient payments are made on a monthly basis, well fitted to repayment from the average home owner's regular wage or salary income.

Since the safety of every individual account in a Federal Savings and Loan Association will be fully insured up to \$5000 by the Federal Savings and Loan Insurance Corporation, the shares of such an association are inviting to private investors of large and small means as a combination of safety and income. A substantial volume of private capital should thus be available at all times as the main source of the association's loanable funds.

Abundant additional resources are available for loans through the association's membership in the Federal Home Loan Bank System and through participation of the United States Treasury in its shares.

BLANTON ASSURES RANGERITES THEY WILL GET A POST OFFICE IF THEY HAVE SOME PATIENCE

Congressman Thomas L. Blanton, in a letter to the Ranger Times, points out that Ranger is all set to get a post office building if the town does not "gum up the cards" by trying to go over my head and will allow me to handle the matter in my own way."

The letter from Congressman Blanton, who is busy on national defense matters, and who will not be back in Abilene until about mid-October, reads, in full, as follows: "San Francisco, Calif., Sept. 14, 1935. Ranger Times: For several weeks, at great personal sacrifice, expense and inconvenience to myself, I have been officially engaged on an important mission vitally affecting the welfare of our nation checking up our army projects needed for adequate national defense. I can't possibly get back home before Oct. 10.

"Before Mr. Ray Newham left Ranger, I advised citizens there that his coming to Washington would be a waste of money and time, and would accomplish nothing, as neither he nor the senators could do anything to change the situation.

"Congress authorized new post offices for Ranger and Eastland and appropriated the money for them, but authorized the President to designate which buildings should be built first.

"The President directed that respecting the buildings carried in our last bill, only one of same should be built this year in any congressional district, and the President also directed that the one at Eastland should be built first, because it is the county seat, and its increased receipts authorized it.

"The buildings at Abilene and Stephenville were released under the bill passed last year.

"My district has been given more buildings than any other district in the United States, and the new building at Ranger, already authorized and already appropriated for, will be next in line for the President's release next year.

"If Ranger will be patient, and not 'gum up the cards' by trying to go over my head, and will allow me to handle the matter in my own way, we will get work started on our new Ranger building many months sooner than otherwise.

"All government construction is slow, and after all the hard work I have done to have the building at Ranger authorized and appropriated for, it is rather unjust for Ranger citizens to threaten me with political opposition because the President direct that each district shall have released this year only one building authorized in the last bill passed, and his department select Eastland first, because of its receipts and it being the county seat.

"If doing my full duty at all times brings me political opposition, as has been threatened, I am ready to meet it with a clear conscience.

"Your friend,
(Signed):
"THOMAS L. BLANTON."

F. A. Wells, supervisor of district 13-A, with headquarters in Abilene, was a visitor in Eastland relief office.

Mail Boxes Must Be at Curbs New Ruling Provides

Some changes have been put into effect in the delivery of city mail, which is calculated to improve the service to those who receive their mail at their homes, it was announced by the post office department today.

In the future all who receive their mail at their homes must have mail boxes out on the curb, where it can be reached from an automobile, the announcement stated.

Since one man retired last January and no one has been put on to take his place, it has become necessary to have the city mail delivered in automobiles in order that the postmen can make their rounds.

If everyone will observe the regulations requiring that mail boxes be installed at the curbs in front of their homes, two deliveries daily will be possible and better service will be available, L. N. Bryan, city carrier, stated today.

"If anyone has a letter to mail, and will leave it in their box so it can be seen from a car," he stated, "I will be glad to stop and pick it up. I will also be able to deliver the route quickly twice a day, and thereby give everyone on my route better service."

It was pointed out that Bryan would have the Cooper and Young additions to cover twice a day, while John Eaves would cover the downtown section and Hodges Oak Park.

The outer ends of North Rusk, North Austin, North Marston and North Commerce will be put on Rural Route No. 3, it was stated, and these patrons of the post office living there will be served by the regular rural carrier.

CLAIM BRITISH PREPARED FOR ITALIAN WAR

ROME, Sept. 19.—Coincident with announcement of a government spokesman that the League of Nations peace proposals are unacceptable to Italy, the influential newspaper Girinale d'Italia charged today that Great Britain is preparing to fight Italy.

Girinale's editor, Virginio Gayda, usually regarded as representing the views of the regime, said recent utterances in the British press manifest "a determination to fight Italy."

Regarding alleged references in the British press to closing the Suez canal and Gibraltar, and Italy's inability to stand against the British fleet, the editorial contin-

It of the proposals make them absolutely unacceptable to Italy." He said the proposals supports Italy's thesis that Ethiopia is unable to govern itself. Little doubt remained that rejection of the proposals by Mussolini and the cabinet on Saturday would be a mere formality. The news put it up to the league to make a better offer. It came as tension gripped aroused country in preparation for a mass "test" mobilization. The call for this may come at any moment between 12,000,000 and 15,000,000 people.

Rare Beauty Even in Ditch Digging

Beauty as well as utility enters into Uncle Sam's great construction projects. Of rare loveliness is this scene, the long arm of an excavator etched against the sunrise sky as it swings its scoop filled with 12 cubic yards of sand to the bank of America's largest irrigation ditch, the All-American canal. This \$33,000,000 project has been launched to safeguard the water supply of the Imperial Valley in California and Arizona from diversion to Mexico, water to be turned into the ditch from Boulder Dam.

Mojud Movie Tieup

Featured In Syria
The following was taken from a magazine called "Cinema" published in Beirut, Syria. Here is a free translation from the French:
"Cover your limbs with a delicate film by wearing the clear American Mojud hosiery, whose sheerness, flawlessness, give your legs a delicate appearance. Mojud is the only stock worn by all the Hollywood stars and is also the choice of smart women in Paris as well as New York. A trial will prove its superiority to you."
Thus the influence of Hollywood tells Mojuds even in Syria!

"Take Me With You!"
Every son wants to do what his father does, go where he goes, talk as he talks. Can boys who hear foul language at home be blamed for adopting it?

What Is Your Influence?
Being the father of a son is a heavy responsibility. Sons may for a time go to Sunday school and church if their fathers stay home to read, or go to play golf—but not for long. "Why should I go to church when Dad doesn't?" Thus they reason. And the best of answers is unconvincing. Lead the children to adopt high ideals.
