

GORMAN GIRL POISON VICTIM REPORT SAYS

Wayne Dolberry, 16, died from poisoning by strychnine, Justice of the Peace John Chapman stated at Gorman Tuesday night, following receipt of word from Austin where the viscera of the Gorman school girl was sent for analysis.

Justice Chapman stated he would write a verdict on the death stating that the girl died from strychnine poisoning "either administered by herself or Louis Dolberry."

Louis Dolberry, also 16 and a double cousin of the Gorman girl, is under \$5,000 bond on a murder charge in connection with the case.

It was revealed during questioning of Dolberry, the Gorman justice of the peace said, that Dolberry bought strychnine from Chester Chapman, son of the justice, at a Gorman drug store.

At the time of the death of the girl, Judge Chapman said the youth, who is now charged with the murder of his cousin, lived in the same residence as his cousin, her mother and his mother. The youth spent part of his time at Gorman and at other times stayed with his grandfather, who lives near Gorman, Justice Chapman stated.

Justice Chapman stated he will ask for an investigation by the grand jury. The investigation has been promised by Criminal District Attorney Grady Owen, who early this week announced the body would convene Oct. 28.

Officials have been informed the Gorman school girl went to church Sunday, Sept. 22, returned home and after eating some bread became violently ill, dying before midnight.

Gorman residents state Miss Dolberry was of quite a reserved nature and good in her school work.

A note left by the girl, Justice Chapman stated, has been given to Criminal District Attorney Grady Owen. Contents of the note have not been divulged.

Oldest Texas Town Will Have Exhibit At the Centennial

DALLAS.—The oldest town in Texas will have an exhibit at the Texas Centennial Exposition next year.

Penitas, a village in the Rio Grande Valley, near McAllen, claims to have been established by 1523 and 1536 and to be the first community settled in the territory which now comprises Texas.

This little town will be represented in the extensive Rio Grande Valley exhibit which will be a feature of the exposition.

The town has made application to the Texas Centennial commission for a \$1,000 monument designating their town as the oldest settlement in the state.

Ranger Girl Is Student Assistant At Denton School

DENTON.—Miss Mary Jane Drienhoffer, daughter of Mr. and Mrs. J. F. Drienhoffer of Ranger, is serving as student assistant in the department of physical education at Texas State college for Women (C.I.A.).

Position of this type are open to approximately 65 girls in the student body of 2,200, and work is given in recognition of scholarship in a particular field.

Miss Drienhoffer, a senior student at the college, is majoring in physical education.

Eastland Boy Out For Grid Practice At Missouri School

BOONVILLE, Mo., Sept. 28.—Gridmen at Kemper Military school are rapidly swinging into line for the first game of the season when the Yellowjackets meet Missouri Valley College at Marshall the night of Oct. 4. The first home game will be played with Culver-Stockton Oct. 11.

The pre-season squad reporting for the annual football camp Sept. 28 has been cut, with some 35 remaining who will see service in the early games this season. Among the number is Cadet Horace E. Horkon, son of Mr. and Mrs. James E. Horkon of Eastland, who is showing up well at end.

Cotton Adjustment Payments Are Explained by Adjustment Assistant

Explanation of cotton price adjustment payments was given Wednesday by A. E. Arthur, assistant in cotton adjustment, when questioned by a representative of this paper.

Explanation given by Arthur which he obtained from A. L. Smith, chairman-state allotment board, was in answer to the following questions:

1. Q—Who is entitled to secure cotton price adjustment payments? A—Any cotton producer whose 1935 production is under a 1934 and 1935 cotton acreage adjustment contract and who sells cotton before Aug. 1, 1936, and who agrees to participate in the 1936 cotton adjustment program of the Agricultural Adjustment Administration formulated under the Agricultural Adjustment Act.

2. Q—Can a producer who does not have a cotton acreage adjustment contract with which he has complied secure cotton price adjustment payments? A—He may make application for such payment but cannot be certified to and receive payment until he has executed a 1936 cotton adjustment contract and complied therewith.

3. Q—Who makes the application for cotton price adjustment payments? A—The persons (s) who made the 1935 Bankhead application or his successor in interest will execute Form, No. C. A. P. 2.

4. Q—Can an application for cotton price adjustment payments be made if no cotton has been sold? A—No.

5. Q—How will cotton price adjustment payments be divided among individual producers on a farm who are entitled to share therein? A—One check covering each application will be made to the person making the application for the farm and this person as trustee will pay to those entitled to share in this payment their proper share thereof.

6. Q—What will be the rate of payment? A—The rate of payment will be the amount per pound by which the official average base price of cotton on the ten designated spot cotton markets is below 12 cents on the day the cotton was sold. This rate cannot exceed 2 cents per pound.

7. Q—Can a producer whose total production was less than his 1935 Bankhead allotment secure cotton price adjustment payments on the full amount of his Bankhead allotment? A—If the total production of a producer is less than his Bankhead allotment he will be entitled to receive the cotton price adjustment payment on his total production only.

8. Q—How will a producer furnish acceptable evidence to show the date upon which he sold cotton and the amount sold as a basis for securing cotton price adjustment payments? A—The seller will secure from the buyer a cotton sale certificate on Form No. C. A. P. 1, which certificate will show the date of sale, amount of cotton sold, seller's name, buyer's name, and the Bankhead application serial number for the farm on which the cotton was produced.

9. Q—Is a producer who secures a 1935 government 10-cent loan on his cotton eligible to participate in cotton price adjustment payments? A—Yes, provided this cotton is sold prior to Aug. 1, 1936.

10. Q—Can a producer, who prior to announcement of the government 10-cent loan sold cotton produced in 1935, secure cotton price adjustment payments on this cotton? A—Yes, provided he will secure acceptable certificates of sale for this cotton and makes his application not later than Aug. 15, 1936.

11. Q—What provision has been made to get cotton price adjustment payments into producers' hands at an early date? A—Arrangements have been made for handling and auditing applications in each state office and for issuing checks from field disbursing offices so producers may receive checks promptly.

12. Q—On what date will payment to a producer who delivers cotton to cooperative marketing association be based? A—If the cotton is delivered to the annual pool or valuation pool the payments will be based on the date of delivery. If the cotton is delivered to the call pool or immediate fixation pool the payment will be based on the date the price is fixed.

Big Spring Woman Injured As Auto Nears Kins' Home

Within 200 yards of the residence of the daughter whom she came to visit, Mrs. R. A. Jones of Big Spring, was thrown from an automobile as a result of a collision near Grapevine Saturday.

Mrs. Jones suffered internal injuries which are held semi-serious, Mrs. L. C. Owen, her daughter, reported Monday. Mrs. Jones is resting at the home of the daughter.

Driver of the Big Spring automobile was C. Haile. Doil Jones, the injured woman's son, was also an occupant.

The other car figuring in the accident is owned by an Eastland resident.

Strawn Secures a Loan and Grant for Big Dam Project

Word was received in Strawn today of approval of an application for a PWA loan and grant for the purpose of building a dam to impound water for the City of Strawn.

The amount of the grant is \$58,250 while the loan is for \$74,750, a total of \$133,000.

The project is for the purpose of building a 1,574 foot dam five miles west of Strawn. The work is to start on Nov. 12 and will require 18 months to complete. The project was turned in by Mayor J. M. Tucker of Strawn. It is estimated that the lake made by the dam will be about five miles in length.

Prepares Requests For Education Aid Of County Schools

Applications of 29 Eastland county schools for state aid are being prepared for transmission to the rural aid division of the State Department of Education, County Superintendent C. S. Eldridge announced Tuesday.

The requests ask for aid which approximate \$40,000, and will, if approved, provide money for tuition, transportation and salary aid for teachers.

Funeral Is Held For Eastland Man

Services were held from the Eastland cemetery Tuesday for S. W. Wilson, 57, who died at his residence in Eastland Sunday afternoon. Rev. Wilkins of Carbon officiated.

Death of Mr. Wilson, who lived at the Truly rooming house, was attributed to blood poisoning.

Mr. Wilson had lived in Eastland one year. He had engaged in farming before making Eastland his home. He came from Arkansas prior to moving to Eastland county, in which he had lived for 12 years.

Survivors are the widow, Eastland; five children, Roger Wilson, Charlie Wilson, Mrs. Lenora Alfred, Mrs. Roxie Theous and Mrs. Lola Simms, all of Eastland except the latter, who lives north of Eastland.

A sister, Mrs. Mattie Ruth, Eastland, and a brother, J. R. Wilson, Wortham, also survive.

Homer Undertaking Company of Eastland was in charge.

Illegal Oil Sales Bring In \$700,000

AUSTIN, Sept. 28.—Texas law for confiscation and sale of illegal oil is working, has earned the state more than \$700,000 at a cost of \$30,000 and hasn't hurt anyone, Attorney General William McCraw said today.

Except for 32,000 barrels to be sold Oct. 8, for which there is no claimant, he said, "no human being, officer, legislator, individual, negro boy or anyone has reported the presence of a single barrel of illegal oil since May 11 when the law took effect."

Body of Oil Man Sent By Train to Pennsylvania

The body of Daxe Hixon, 63, who died in Eastland Wednesday, was scheduled to be sent to Bentleyville, Pa., Thursday afternoon for burial. Reports stated Hixon, who had no relatives in Eastland, came to the Oil Belt as a rig builder when the boom started.

JERSEY CATTLE CLUB PERFECTS ORGANIZATION

Perfection of organization of the Eastland County Jersey Cattle Club was announced and officials listed Monday by Rev. Charles W. Estes, president.

The vice president is Rufus Cox, Rising Star, and secretary-treasurer, J. M. Bird, Cisco.

The board of directors is composed of W. L. Connell, Olden; J. T. Munn, Rising Star; G. C. Love, Ranger; A. Z. Myrick, Cisco; C. Metz Head, Eastland. Others are yet to be named.

Rev. Estes stated Monday many are planning to attend a Jersey cattle sale in Denton Oct. 11.

MAVS TO PLAY BROWNWOOD AT EIGHT TONIGHT

Probable starting lineup of the Eastland Mavericks who engage in their first conference game of the season tonight at 8 o'clock in Brownwood against the Lions was announced today by Coach Johnny Kitcher.

The Mavs, scoreless to date, have hopes of regaining prestige by a victory with the team they squared thoroughly last year.

Brownwood, meeting Class B opposition to date, have rung up victories over Comanche and Santa Anna.

The Lions Club is providing transportation for members of the band and pep squad.

The probable starters: Roy Taylor, center; L. A. Dolberry, left guard; Charles Van Geem, right guard; Evans Mitchell, left tackle; Gene Gage, right tackle; Jack Sikes, right end; Pete Garrison, left end; James Hill, half; Bob Sikes, fullback; Harry Taylor, left half; Cleo Key, quarterback.

Cisco Masons to Be Hosts to a Grand Lodge Meet

WACO.—The Committee on Masonic Education and Service for the Grand Lodge of Texas, with the approval of Grand Master John H. Crooker of Houston, has announced a series of twenty four area meetings in as many cities, beginning on Monday, Oct. 21 and continuing until Nov. 14. Each speaker will discuss the subject, "The Grand Lodge of Texas, Its Purposes and Activities."

The centers in which these meetings have been designated have been so arranged that any mason in Texas can attend at least one of them and not be forced to travel a distance greater than 100 miles. Reports received from the district deputy grand masters throughout the State indicate they will be the most largely attended of any similar meetings ever held in the Grand Jurisdiction.

The Grand Lodge of Texas will meet in its one hundredth communication at Waco on Dec. 4 and continue for three days. Some three thousand masons are expected to be present. Among the cities in which the meetings will be held, together with the name of the speaker and date of the meeting is Cisco, Thursday, Oct. 31, Judge S. P. Sadler.

1044 Enrolled in Eastland Schools

Enrollment at Eastland schools, 1,044 to date, is the same as that for a similar period last year, Supt. P. B. Bittle announced Thursday.

Increase is shown in the high school registration, junior high and the colored school, the superintendent stated.

Additional registrations are expected since many youths are at work in the fields and have been unable to enroll, Bittle said.

School census enrollment of Eastland placed 1,143 as of school age.

Registration figures for this and last year follows: High School, 282, 276; Junior High, 178, 168; South Ward, 277, 279; West Ward, 264, 190; Douglas Colored, 48, 51.

Criminal Cases Set In 88th Court

Eight criminal cases have been set for trial in 88th District Court for the week commencing Monday, Oct. 14.

Cases are:

Pat Patterson, driving while intoxicated; Roberto Gallardo alias Stevo Guyedo, robbery; Eugene Franklin, burglary; Stanley Had-dleston, driving while intoxicated; Bert Gilbert, theft and receiving; Bert Gilbert, burglary; Dorothy Matlock, theft from the person; Harry Matlock, theft from the person.

RAISES TALL GRASS

One of the tallest stalks of Colorado grass recorded this season is one belonging to J. A. Eudy, who lives some four miles east of Ranger on the Spring road. Eudy says the grass is six feet and eight inches long.

CLERK TO NEW JOB

Miss Ruth Hearn, clerk in district clerk's office, has resigned, and has accepted a stenographic job with First National Bank in Big Spring.

GORMAN OIL AREA ACTIVE WITH SEVEN WELLS BEING DRILLED

GORMAN, Sept. 30.—With seven wells being drilled and a like number in sight, prospects for a new oil era in this county are strengthening daily.

The equipment for the well of Gallagher and Lawson on the Moates has been put on the ground and the rig will be put up within a day or two.

The second Gorman well, being drilled by States Oil corporation, is now down to 2400 feet and barring hard luck should be ready for the acid within a few days.

Adjoining the Stone tract south of town the Woodie well is down to better than 2,500 feet. The six inch casing was cemented last week and they are now drilling the plug preparatory to giving it the acid test.

Further west from them on the Lusk tract the well of Martin and Case is now at 1340 with the eight inch casing set. They have had plenty of water in the hole and had to fight it all the way down. Unless they get a lot more water they will go down to the pay level with an open hole the remainder of the distance which will run about 1200 feet.

The old well on the Lusk tract which was given the acid test several weeks ago is still making seven barrels per hour.

On the Hampton well the boys got a flood of water at 15 feet when they started to spud and they worked for several days just bailing water in an effort to lower it in the hole. They finally had to set the surface casing to shut the water off and they are now shut down for a few days.

To the west of town on the Fleming tract Walton et al are down to 2500 feet and are making good time. They hope to have this well in operation within a short time if they have no trouble.

On the Bascom Johnson tract they are now engaged in a nice fishing job and have been at it for some time. The boys think they are about done with that job however.

As soon as Walton's men get off of one of these wells in the Jewell country they are moving north of Gorman to the vicinity of the Woods well and will start work there on a series of eight or ten wells.

Fuel and tools are now being stored on the Woods for use in that section.

With the Thompson well of Northrup and Campbell being cleaned out after a shot of nitro in a deeper pay, it begins to look good for it to be a real producer.

Several leases have been sold in the last few days in the area between the De Leon highway and the Duster road and there will likely be a number of tests drilled there if these other wells come in for almost any production.

Oil Belt Teachers Committee Meets

The executive committee of the Oil Belt Teachers Association met last night in the tea room of the Laguna Hotel at Cisco.

The meeting was called to lay plans for the fall meeting of this association which is to be held in Cisco Tuesday, Oct. 29. The theme of curriculum revision from the teachers' and administrators' side will be followed. Speakers of renown and of outstanding accomplishments in their fields will appear on the program.

Other items of business passed on were accepting the invitation of Abilene for the spring meeting of this association and the election of Superintendent Walton of Ranger to fill the vacancy on the committee occasioned by R. F. Holloway's resignation, and the re-election of O. G. Lanier as secretary-treasurer.

Those present at the meeting were Ross, principal of Mineral Wells High School and chairman of the committee; O. G. Lanier of Ranger, secretary-treasurer; Superintendent Cluck of Cisco; Principal Brandon of Cisco High School; Superintendent Williams of Cross Plains; Superintendent Green of Hamlin; Principal Woolridge of Sweetwater High School; Superintendent Walton of Ranger; Superintendent McGohay of Taylor county schools.

Woolridge was made chairman of the program committee, Williams was named chairman of the legislative committee, and McGohay was appointed chairman of the committee on resolutions for this fall meeting of the association.

Each teacher in the 13 counties of the Oil Belt territory is invited to this meeting in Cisco Oct. 29.

500 Teachers Are Expected at Meet In Cisco Oct. 29

CISCO, Oct. 2.—Possibility that between 500 and 700 teachers in schools of the Oil Belt will attend the fall meeting of the Oil Belt Teachers Association here this month is seen by local committeemen.

The organization was formed here five years ago and will meet Oct. 29.

Installation of New Clocks at Courthouse Is Now Completed

Final check of five recently installed Western Union clocks was made Wednesday at the courthouse. The clocks, located in four supported departments, are installed in the county agent's office, sheriff's office, two district courts and the commissioner's court.

Italo, Ethiopian Situation To Be Speaker's Topic

With the astute observation and wide experience of perhaps the 20th century's most noted military figure, General Smalley D. Butler will speak of the Italo-Ethiopian situation Wednesday night at 8 o'clock, Oct. 9, at the Comelice Theatre in Eastland.

OLNEY DEFEATS EASTLAND, 13 TO 0, FRIDAY

A twice defeated Eastland eleven went under for the third time this season against a defensively alert Olney Class B team at Olney Friday night by the score of 13 to 0.

Duane Simmons, Eastland quarterback, Saturday faced the prospect of a broken leg although many were prone to believe it only sprained. An X-ray of the limb was scheduled today.

Olney's first score came in the second quarter when the Cubs received a fumbled punt on Eastland's 89-yard stripe. Kelly took the ball over and Blackwell added the extra point.

At the opening of the last quarter, an Eastland punt went out of bounds, on the 10-yard line, and Buckalew went through right tackle for the second score. Blackwell missed the extra point.

A defensive Olney line held the Mavericks back in the third quarter. Raymond Hamilton punted out of bounds on the Cubs' seven-yard line. The Olney team was penalized, taking them to the one-yard line where they pointed out to their own 29-yard line. The Mavericks found efforts toward the goal futile.

Starting lineup: Eastland—J. Sikes and Garrison, ends; Greer and Trantham, tackles; Dulberry and A. Taylor, guards; H. Simmons, center; B. Simmons, quarter; H. Taylor and Hamilton, halfbacks; Key, fullback.

Olney—McKinney and Jackson, ends; McWhorter and Blackwell, tackles; Vaughn and Cox, guards; Williams, center; Kelly, quarter; Mercer and Patrick, halfbacks; Buckalew, fullback.

Rising Star Wins in Caddo Game, 13 to 0

RISING STAR, Sept. 28.—Scoring in the first quarter before losing possession of the ball, the Rising Star Wildcats coasted to a 13-0 victory over Caddo in a non-conference game here Friday.

A fine passing attack accounted for the first touchdown and the aerial placed the ball in scoring position for the second marker in the fourth period. The Wildcats open their conference scheduled against the Clyde Bulldogs next Friday.

Colony Will Have Cemetery Working

There will be a cemetery working at Colony on Saturday, Oct. 5, announcements received here state.

Everyone is invited to attend and take along a basket lunch and to enjoy the entire day. A large crowd is expected to attend.

Strawn Gridders Lose To Dublin, 19 to 0

DUBLIN, Sept. 28.—The Strawn Greyhounds were defeated here Friday afternoon by 19-0 by the Dublin Lions. Clifford Masters was the outstanding player for the Strawn team.

PROCEEDINGS 11TH COURT OF CIVIL APPEALS

The following proceedings were had in the Court of Civil Appeals, Eleventh Supreme Judicial District, as handed down Friday, Sept. 27:

Reversed and Remanded—Grand Lodge Free and Accepted Masons of Texas, a corporation, vs. Lizzie Walker, Grayson; N. L. Gilbert, guardian, vs. Moses Moring et al., Dallas.

Motions Submitted—Jack Harris vs. Thornton's Department Store, appellee's motion to dismiss appeal; B. I. Northcutt vs. Magnolia Petroleum Company, appellee's motion for permission to file supplemental transcript.

Motions Granted—B. L. Northcutt vs. Magnolia Petroleum Company, appellee's motion for permission to file supplemental transcript.

Motions Overruled—Jack Harris vs. Thornton's Department Store, appellee's motion to dismiss appeal.

Cases Submitted—Brooks S. Ramsey et al. vs. Day Case, Erath; R. S. McClaren, county judge, vs. D. C. Bailey et al., Comanche; First National Bank of Munday, Texas, vs. C. E. Elliott et al., Knox.

Cases to be Submitted Oct. 4, 1935—C. G. Foust vs. M. J. Jones et al.; Velma Breeding et al. vs. Farm & Home Savings & Loan Association of Missouri, Taylor.

Gun Club Scores Listed Tuesday

Scores at the Oil Belt Gun Club shoot held Sunday were announced Tuesday as follows:

Shooter	Score
Jim Horton	23x25
Mrs. Jim Horton	21x25
John W. Turner	21x25
Jas. H. Chenthan Jr.	20x25
Wm. Pardue	19x25
Tom Flack	18x25
M. L. Keasler	17x25
Leslie Gray	13x25
C. J. Rhodes	12x25
Mrs. John Turner	10x25

Regulation Trap

P. J. Knight	85x100
Gay Ewing	72x100
H. Shoemaker	49x50

Lee Brown	45x50

Bond Parley Date Is Now Set Oct. 8

Representatives of bondholders of the city of Eastland will meet and confer with city commission members Oct. 8, it was stated on Tuesday at the city hall.

Previously bondholders' representatives announced they would be in Eastland Oct. 2.

Commissioners have indicated they will endeavor to make arrangements to facilitate payment on Eastland's indebtedness which aggregates over one million dollars.

Given Permission to Connect Pipe Line

Brimberry and Yonker of Ranger have granted authority to Illinois Pipe Line Company of Pinley, Ohio, to gather oil from their Maggie L. Dulin lease, Section 42, Block 4, H. & T. C. Ry. Co. survey, well No. 3, according to railroad commission records at Eastland. Twenty barrels of oil per day will be taken from the lease, the records showed.

Colony Bronchos to Play Olden Hornets At Colony Friday

Colony Bronchos will meet the Olden Hornets for the second time this year at 3 o'clock Friday afternoon at Colony. The game is expected to be the best game played so far. The Colony team has shown much improvement lately and should put up a good fight. There will be no admission charge.

ON TEXAS FARMS

For the third year Victor Kunke of Olney, Young county, has filled his trench silo. Three other farmers are following his example and putting in trench silos this year.

A trench silo with cemented sides has been constructed in sandy soil on a ranch in Stonewall county. The filling of it will be made the attraction for a meeting of neighbors to observe the process.

Interest in trench silos in the South Plains section of the state is so great that a demonstration on filling such a silo given in Fisher county recently was attended by farmers and ranchmen from

near by counties. The big feed crop this year and the recurring drouths have combined to arouse this interest.

Swapping eight acres of red top cane for 16 acres of the same sounds like a poor bargain for somebody. But it isn't if the exchange is made by the increase in feed value between the feed stacks dry and that put up in trench silos. Mr. Horace Bryant of the Martin Ranch in King county accomplished the "swap" in August by filling a trench silo.

All King county is in earnest about conserving feed in trench silos. A barbecue followed the demonstration silo filling on the

Poland's First Liner Beats Schedule

Arriving five hours ahead of schedule, the motorship Piludski, first trans-Atlantic liner built by the infant Polish merchant marine, is pictured ploughing majestically past the New York skyline at the end of its maiden voyage from Gdynia. This is the ship which was built in Italy and paid for entirely in Polish coal.

Martin ranch and after that a farm-to-farm canvass of the county was planned to sell the idea.

North of Weimert Chester Jones put in a trench silo and southeast of Weimert B. T. Bridges planned to begin on one in September as a result of a trench silo demonstration given on the Pace farm southwest of Haskell late in August. More than 75 farmers watched the process on the Pace farm.

Frank Luig of Scotland in Archer county made the first trench silo in his county. John Herndon of the Back Flat section dug and filled the second one in August.

Thirty farmers and stockmen gathered on the J. C. Miller farm in the Deer Creek community in August to watch a trench silo being filled with bundles of corn and grain sorghum. The "shingling" method was used.

LOCKHART—The sale of 430 No. 2 cans of green cream peas for \$60.20 was reported by four members of the Caldwell county Better 4-H Products association at a recent meeting, according to Miss Leta H. Bennett, home demonstration agent. This amount was sold in a period covering not quite two months. The peas are sold by four of the leading grocers of Lockhart.

Of the 11 members of the association, seven have their green cream peas standardized for sale, and four have theirs standardized for home use. The seven who have theirs standardized for sale have produced 943 No. 2 cans for sale besides their requirements for home use.

DIMITT—"A ton of food has been taken 484 years from my garden plot of about 100 feet by 200 feet," Mrs. Edd Peacock of Castro county has reported to Miss Laura Clark, home demonstration agent. "Of this amount, half has been used to supply the family table and the other 1000 pounds canned," she said.

Mrs. Peacock lives in one of the driest areas of the Plains country, and she has been able to have this garden by use of an ample supply of water from two storage tanks.

"We have eaten from our garden since early May, and now with our first good showers of the entire year our garden is producing the heaviest yield," she said. "We

had had ripe tomatoes since the first of August, and have gathered two tubs of English peas. More than 200 pounds of cabbage have been made into kraut, and there is still more in the garden. We have 700 Bermuda plants and when all are harvested, we will have several bushels of sweet onions."

KOUNTZE—A new ventilated pantry which measures five feet square has been added in the home of Mrs. J. B. Whiteley of Hardin county at a cost of \$6 for materials, according to Miss Fannie Vannoy, home demonstration agent. The ventilation, Mrs. Whiteley says, is well worth the cost because it allows light and the circulation of air which is essential to food storage.

Mrs. Whiteley has a total of 495 containers with 26 varieties in her pantry, and also has 2 1/2 gallons of honey, 1000 pounds of Irish potatoes, and 100 pounds of dried peas and beans.

LIPSCOMB—Farmers in Lipscomb county have been saved the time and expense of reseeding a large amount of wheat this fall by germination tests of the wheat they had saved for fall seeding, according to C. M. Gay, county agricultural agent. Wheat harvested this year in the county was below the average in quality and germination tests made on various samples of the wheat ran from 10 to 50 per cent germination with a large proportion of the sprouts weak.

Farmers have been advised of the low germination test obtained from this year's wheat and many are making arrangements to plant wheat that has a high germination test.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE

NEA Service Staff Writer

HERE I am harping on breakfast again, but it's impossible for mothers and wives to put too much stress on beginning the day right. Children need a good meal in the morning even if grown-ups want to go without breakfast altogether.

A morning in school uses up a great amount of nervous energy as well as physical strength and food is the fuel that keeps both mind and body running smoothly. No child can work his mind who is not nourished. Listlessness, headache, irritability are often direct results of scanty breakfasts.

The reason some children don't want breakfast may be that the evening meal was too heavy and too rich. Too much food at bedtime keeps the stomach working over-time and prevents restful sleep.

Allow Time for Leisurely Eating
Sleeping conditions are another factor which may cause loss of appetite. Careless ventilation and the wrong bed covers the night before can make a child indifferent to his breakfast.

Or again, if a child feels he's going to be late for school, he can't eat even if he's really hungry.

That's why we ought to allow plenty of time for a child to eat his breakfast and have at least ten minutes between the time he finishes his meal and the time he must start to school.

The hearty type of breakfast which includes fruit, cereal, eggs or their equivalent, bread or toast, and beverage make a convenient family meal because it takes care of the children. These adults who are not active muscularly can pass by the extra dishes and limit themselves to their fruit and coffee.

As to breakfast menus, don't let yourself get into a rut. The same fruit, the same cereal and the inevitable egg roll after a few mornings.

Tomorrow's Menu

BREAKFAST: Sliced peaches or stewed dried peaches, ready-to-serve cereal, baked eggs with cream, graham and raisin muffins, milk, coffee.

LUNCHEON: Oyster curry in rice border, toasted muffins, Chinese cabbage and sweet pepper salad, filled cup cakes, milk, tea.

DINNER: Chicken and vegetables en casserole, head lettuce and cheese ball salad with quince honey sandwiches, peanut brittle ice cream, milk, coffee.

Vary the list by using fresh fruits alternately with stewed fruits. Let tomato juice pleasantly chilled and carefully seasoned with lemon juice take the place of orange juice occasionally. Baked apples and apple sauce will be available all winter, baked pears until after Thanksgiving.

Serve Different Cereal Daily

With cooked and ready-to-serve cereals made in all grains and in all fashions you can serve a different cereal every morning for two weeks—with plenty of rich milk or cream, of course.

When I have a cooked cereal I'm not particular about a hot drink, but if we are to eat a ready-to-serve cereal I like to have my twelve-year-old son drink a cup of cocoa or hot milk. Something hot aids digestion.

Eggs should be on the table at least three times a week. On other mornings try a creamed meat or a creamed vegetable on toast with a garnish of crisp bacon.

Crisp toast to make a child chew is good for his teeth as well as his general health. It's a good idea to allot toast to cooked cereal mornings and muffins or rolls to the ready-to-serve-cereal occasions.

DOUBLE BREASTEDS.

220 MAIN STREET

"That's MY Church"

There's a tingle of pride and justifiable pleasure when we take a visitor down the street and say, "That's where we worship." The old home church is an object of veneration on our visits to the town where we were raised.

Make Some Church Your Home—and Stick!

Christianity is a great anchor in time of moral stress. Regular attendance at some church and participation in its activities will strengthen your character. Nothing in life can take the place of the church. Your example of churchgoing will not be lost on your children or your neighbors.

First Presbyterian Church

L. B. GRAY, Pastor

THE ONE TIRE That Never Wears Smooth

Two Treads for Double Safety

OTHERS talk about safety—comfort—mileage—but we prove and demonstrate. For we have the only different tire—a tire with two treads, all anti-skid. . . . Double resistance to puncture and blowout. . . . Out-performs any other tire ever built. . . . Get the facts about Seiberling Air Cooled tires. You can't be satisfied with any others. . . . Prices are way down. Trade in your present tires. Ask us for a deal.

Mr. and Mrs. J. S. Brown and Mr. and Mrs. Robert Adams and Mr. and Mrs. Karl Forman were in Eastland Monday.

Slaves Rendered On Old Rolls

RU-K, Tex.—In the year 1855, 2,250 slaves were rendered for taxation in Cherokee county, according to early county assessment books, long forgotten, which were recently unearthed when repairs were being made in the courthouse basement.
In that year, 95 citizens in Cherokee county owned one slave, 242 owned from 2 to 10; 31 owned from 11 to 20, 13 owned from 21 to 30 and only six persons owned more than 30. The maximum number owned by one person was 66.
In that year the maximum value placed on a slave was \$1,000, while in 1863 single slaves were rendered for taxation for as much as \$1,500.
In 1855, the records show, only 25 oxen were rendered for taxation, but in 1876 212 were carried on the assessment rolls in only one precinct.
Not a single piano was listed in the rolls for 1855, but by 1876 13 families owned them in one precinct alone.
"Money at interest" is an item frequently appearing on renditions, the amount varying from \$10 to more than \$4,000. Books, silver plate, iron safes and other similar items are listed in the 1876 roll but not in 1855.
At that time the assessor also kept the scholastic record. For the year beginning Sept. 1877, the county's scholastic population was 2,915; 28 of the white children between 14 and 16 years of age could not read; 91 of the 147 colored children between the ages of 14 and 18 could not read.

STRAWN

Mr. and Mrs. Will Ready left Tuesday for Charleston, S. C., where they will visit their son, Cecil, who is in the U. S. Navy.
Mr. and Mrs. E. M. Harris, Miss Opal Hodgkins, Mr. and Mrs. Roy Baker and daughter, Billy Cozette, and Mrs. Annie Echols attended the Ringling Bros. circus in Fort Worth last week.
Mrs. George Andrews, Miss Elizabeth Dooley and Jena Beth Andrews were Weatherford visitors Sunday.
Mr. and Mrs. Robert Hinkson were called to Austin Saturday to the bedside of their son, Robert, who is quite ill with influenza. They returned Tuesday and reported Robert very much improved.
Lloyd Forrester of Big Spring spent the week-end in Strawn.
Mrs. J. D. Brothers returned Friday from Abilene, where she has been visiting Mr. and Mrs. J. J. Johnson.
Mrs. A. F. Disharoon and Mrs. J. T. Disharoon were Ranger shoppers Saturday.
Mr. and Mrs. J. A. Franz and Mr. and Mrs. Morris Franz attended the funeral of W. B. Worsham in Henrietta Tuesday.
Miss Lula Tidwell, who is employed in Palo Pinto, spent the week-end in Strawn.

Canning Record Set In Houston County

CROCKETT.—Mrs. L. E. Craven, 4-H club demonstrator of the friendship Women Home Demonstration club; has set a canning record for Houston county this season.
Mrs. Craven canned a total of 887 containers of food, including 210 cans of green vegetables. This was more than was canned by the entire club during 1934.
Goal of the Friendship club is to preserve sufficient foodstuffs this year to provide at least one green vegetable per family per day throughout the year.

UTICA, N. Y.—Introducing the quintets of Little Falls—five ripe tomatoes which grew together from a single stem. The tomato quins grow by accident in the garden of Mrs. E. Primmer.

"I've discovered Calumet's big, new 10¢ can!"
"No more 'by-guess-and-by-golly' baking in this house now!"
says Mrs. Owen H. Fleming, 1235 Judson Ave., Evanston, Ill.
Mrs. Fleming was one of the first women to get the big, new 10¢ can of Calumet, the Double-Acting Baking Powder.
"No need for any woman to take chances with her baking now," she says. "That new 10¢ can of Calumet certainly means that the very best can be bought at a bargain."
Ask your grocer to show you the new, bigger 10¢ Calumet can!
A SIMPLE TWIST... and the Easy-Off top lifts off. No setting, no broken finger-nails!
WHY DOES CALUMET give such astonishing "baking lift"? Why is Calumet different from other baking powders? Because Calumet combines two distinct leavening actions. A quick one for the mixing bowl. A slower one for the oven... And Calumet's famous double action is so perfectly balanced and controlled that it produces perfect leavening—every time.
All Calumet prices are lower! Calumet is now selling at the lowest prices in its history. The Full-Pound Can now sells regularly for only 25¢. And if you want a smaller size—get the big, new 10¢ can—a lot of good baking for a dime—with Calumet, the Double-Acting Baking Powder.

Announcement Extraordinary!

TEMCO GAS HEATERS
CIRCULATING PRINCIPLE for HEALTH and SAFETY!
Note the illustration showing the TEMCO circulating principle... healthful and efficient... embodied in ALL TEMCO HEATERS!
The burner flame is enclosed entirely, insuring complete combustion, free circulation and complete safety.
TEMCO Heaters bear the seal of approval of the laboratories of the American Gas Association, operated in the interest of users of gas appliances. Tests made at these laboratories are the last word in thoroughness.
By actual test, uses one-third less gas than space heaters on the market now. Has, per size, a larger heating capacity giving 25 per cent radiation with 75 per cent even distributed circulation. No broken radiants to replace. Through large heating capacity and fast circulation, TEMCO Stoves lowers, very materially, condensation in the home.
Finish, very best porcelain, two and three coats. Compact and does not take space. Is different and has eye appeal.
TEMCO DELUXE HEATERS are our new development as regards to design and color. Their striking beauty of line and rich maple porcelain finish, causes them to compare favorably with other furnishings in the home.
The Prices Range from **\$2.25 up to \$11.95**

MOBILIZATION OF ETHIOPIANS IS STARTED

ADDIS ABABA, Oct. 3.—Italian armies poured across Ethiopia's border today...

Government advisers were that heavy casualties, including women and children, occurred in the bombed town Aduwa and Adigrad...

Fighting was in progress on other fronts. A large Italian force was operating in the region of Mount Musa Ali near French Somaliland...

An entirely unconfirmed report said 800 Ethiopians had been mowed down by Italian machine gun fire.

Count Luigi Giglioli, Italian minister, was handed his passport, it was said. Such a step amounts to severance of diplomatic relations.

Ethiopia does not intend to declare war, accepting the fact a state of war exists. The Italian legation withdrew its funds from the bank and all Italians will leave tomorrow or Saturday...

The call of mobilization brought black warriors to the capital as the big war drum throbbed from the imperial palace.

Native runners ran to carry the word to the scattered tribes and the news spread by the grapevine telegraph and beating of drums in relays from village to village.

WASHINGTON, Oct. 3.—Fearing a possible Italian bombardment, Ethiopians mounted anti-aircraft guns at the palace, the railway station and the town square, advices here reported.

HAMILTON, Bermuda, Oct. 3. More than 800 soldiers sailed today for East Africa.

HONG KONG, Oct. 3.—The British submarine Proteus arrived at 4 p. m. today and sailed for Singapore three hours later under orders. The Proteus is one of Britain's most modern submarines.

ROME, Oct. 3.—An official announcement today that the Italian commander-in-chief in East Africa had been ordered into action and that Italian troops had occupied advanced positions "beyond our lines," was followed by a statement to adjust the Italian advance.

Deer Hunters May Expect Good Season

AUSTIN.—Texas deer hunters may look forward to excellent sport this fall, according to reports received by Will J. Tucker, secretary of the game, fish, and oyster commission.

The season is open between Nov. 16 and Dec. 31.

R. J. C. MEETS D.B.C. FROSH FRIDAY, 3 P. M.

All Ranger's football teams will swing into action this week, with the High School B team meeting the Olden Hornets Wednesday afternoon and losing by a score of 21 to 0.

Other high school teams in this section will play games that will be watched with much interest, one of which will have a bearing on the high school district standing.

Friday afternoon Coach Sealey's Ranger Junior College Rangers will play their first game of the season when they take on the strong Daniel Baker College freshmen in the first game for the Rangers and the first game to be played in Ranger this year.

The Hill Billy freshmen are reputed to be a strong team, while the Rangers have a heavy, but green line and a small and fast backfield that is expected to make the going tough for the Hillies.

The Rangers have been scrimmaging with the Bulldogs this week in an effort by Coaches Sealey and Moore to get their two teams ready for their games.

The Ranger Junior College Rangers, when they line up for their first game of the season Friday afternoon at 3 o'clock, will have a fairly heavy line to throw against the Daniel Baker College Freshmen, according to the weights furnished by Coach Sealey.

Campbell, a 173-pounder, will start the game at left end, while next to him in the line will be Love, who weighs around 165. At guard will be the main beef of the line with the 200-pound Adams holding down the position. At center will be the 170-pound Gooden.

On the right side of the line Bargailey, a 160-pound guard who has had considerable experience, will flank the center, with Sparks, a 180-pound tackle, next, and the 170-pound Walsh at the right end position.

The backfield will not have much weight, but will make up in speed what it lacks in weight. "Rabbit" Jones, who did not win his nickname for being slow, will be at the quarterback position as a triple-threatener, with Monk Agnew, who played the position on the Bulldog team last year, at left half. Agnew is also a fair punter and one of the fastest men on the team.

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION, REQUIRED BY THE ACT OF AUGUST 24, 1912, OF THE EASTLAND COUNTY NEWS, PUBLISHED AT RANGER, TEXAS, OCTOBER 4, 1935.

ESTATE OF TEXAS, County of Eastland. Before me, a notary public in and for the state and county aforesaid, personally appeared J. D. Hicks, who, having been duly sworn according to law, deposes and says that he is the manager of the Eastland County News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper), the circulation, and the financial condition for the date shown in the above caption, required by the Act of August 24, 1912, entitled "An Act to Regulate and Regulate, printed on the reverse of this form, to-wit:

1. That the names and addresses of publisher, editor, managing editor, and business manager are:

Publisher—Joe Dennis, Ranger, Texas. Managing Editor—W. H. Hayes Jr., Ranger, Texas.

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and address of its stockholders owning or holding 1 per cent or more of the total amount of stock.) Times Publishing Co. (Owner), Ranger, Texas. Stockholders: Walter Murray, Ranger, Texas; G. D. Dillingham, Abilene, Texas.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: (If there are none, so state.) None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any contain not only the list as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary capacity for whom such trustee is acting, are given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest, bond, or other securities than as so stated by him.

JOE DENNIS, Publisher. Sworn to and subscribed before me this 4th day of October, 1935. R. V. GALLOWAY, Notary Public. My commission expires June 1, 1936.

Love and Jones are co-captains of the team. Reserves, most of whom will see service so that Sealey can see them in action and tell what they can do, will be Anderson, Poyner, Rawls, Jim Thorpe, Milburn and Porter as backs and Kimbrough, Palmer, Rodgers, Barry, Collins, Adams, Hodges, Sargee, Thorpe Waggoner and Vick as linemen.

Coach Sealey said Thursday that numbered jerseys had been ordered, but had not arrived as yet, though he was hopeful that they would be on hand in time to issue before the game.

A good crowd is expected at the Junior College-Daniel Baker affair Friday afternoon as it will be the first game played this year anywhere in this section, the closest games heretofore being at Breckenridge and Cisco, all Eastland's games having been played away from home.

After the Ranger-Hill Billy clash here Friday the Ranger Bulldogs will go to Fort Worth where they will meet the Polytechnic Parrots in a game at La Grave field Saturday night under the lights.

The Ranger band and pep squad is to be taken to the game in cars furnished by the fans, and fully 100 cars are expected to make the trip to Fort Worth, the fans hoping that the Bulldogs will turn in their first win of the season after two overwhelming defeats.

The motoreads will assemble at Marine Park, west of the Trinity rived bridge on West Seventh street at Fort Worth at 6 o'clock Saturday evening, where a stop will be made for a lunch. They will be met there by motorcycle police from Fort Worth who will escort the delegation through the town to the football field, the parade starting at 6:30.

Fire Chief G. A. Murphy has been elected marshal of the parade through Fort Worth and will follow the motorcycle police who will be assigned to the Ranger delegation.

The Eastland Mavericks and the Brownwood Lions will open the district conflict for high school teams tonight when they meet at Howard Payne park in the first conference game of the district. The Lions have won two Class B games by easy margins, while Eastland has lost two Class A and one class B contests, Sweetwater, Mineral Wells and Olney being the victors.

Friday night the Breckenridge Buckaroos, who have won all their games this season, and against whom no team has scored as yet, will meet the San Angelo Bobcats in San Angelo. The Bobcats likewise have not had their goal line crossed, winning their first two starts from Ranger and Cisco by 10 to 0 and 44 to 0 scores. This is expected to be one of the outstanding games of the week-end in high school circles in this neighborhood.

Abilene will entertain Lubbock on Friday, the game originally being set for Saturday, but later changed, as has become a custom in Abilene this year. Cisco will invade Sweetwater, conquerors of Eastland by a score of 13 to 0, to complete the Oil Belt activities of the week-end.

On Friday afternoon, however, there will be a Class B game near-by when the Olden Hornets invade Colony to take on the Colony Broncos in the third meeting of the two teams this season. This is Colony's first football year and though the team has not won it has shown promise of developing into a Class B threat in the district.

Hawaii Leads 17 States' Income Taxes

HONOLULU.—Hawaii may be far away from the other states and territories, but it is "close" to the U. S. Treasury.

For the fiscal year ended June 30, Hawaii paid into the U. S. Treasury more corporation and individual income taxes than the following 17 states:

Alabama, Arizona, Arkansas, Idaho, Maine, New Hampshire, New Mexico, North Dakota, South Carolina, Oregon, Utah, Vermont, Wyoming and South Dakota.

All of these states have a larger population than Hawaii except Nevada, Vermont and Wyoming.

SALEM NEWS

Several from Desdemona attended the conference here Sunday.

Mr. and Mrs. Oren Sparger, Mr. and Mrs. Marvin Sparger, Mr. and Mrs. Olen Sparger and Mr. and Mrs. John Ivy surprised their parents with a big birthday dinner Sunday, as Monday was Mr. Sparger's 69th birthday. All enjoyed the day.

Mr. and Mrs. Ila Redwine visited her sister, Mrs. Katy Bowles, Tuesday.

Elmon Wayland of Jake Hamon visited his aunt, Mrs. Katy Bowles Saturday night and Sunday.

Mr. and Mrs. Zelvin Fonville visited her parents, Mr. and Mrs. Tom Rainey, Sunday.

Jessie and J. T. Bowles left Monday to go out west to pick cotton.

John Fonville has work at Abilene at this writing.

Mr. Bunton and children are visiting Grannie Lee this week.

Mrs. Ellen Williams visited her daughter at Desdemona Saturday night and Sunday.

Miss Eva Northe of near Des-

demona is staying with Mrs. Ellen Williams this week.

Edith Weeks visited our Sunday School Sunday. We were glad to have her.

Mrs. Charlie Rodgers' daughter from East Texas has been here visiting.

O. B. Ables, who has been out west at work has come in.

Mr. Cameron and children have been working for Mr. McGaha this week.

Earl Redwine entertained his class with an ice cream supper Sunday. There was 34 present.

Mr. Ables, who has been out west hunting work, returned Saturday.

WHEAT YIELD ESTIMATED
WINNIEG, Mo.—An average yield of 12 to 13 bushels to the acre is estimated for the Western Canada wheat crop in a report issued by Sanford Evans, market news agency.

A pleasant warning, issued by a smiling traffic policeman, would help prevent accidents, says Detroit commissioner. We'd imagine the dazed driver would collide with the first thing that passed.

GRANDVIEW

We were visited by our first real Norther Friday night.

Farmers are very busy gathering corn and row feed. A few are picking cotton.

Mrs. C. M. Prestidge is on the sick list.

W. A. Moseley and Charlie Cross of Alameda were in our community Wednesday.

On Friday night, Sept. 27, Mrs. Brewer presented her expression class in a 20 minute play at the county fair. The cast included N. J. Goodnough, LeRoy Denton, Bobbie Warren Westmoreland, George Stanley and Sanford Devall, Charles Walker, Edna Earle Prestidge and Ruby Dale Brown. Everyone is congratulating these youngsters on the highly entertaining play which they presented, as the young first place and got a prize of \$7.50, which will be used to buy school ground equipment.

On Wednesday evening of last week Mrs. W. A. Bagwell honored Mrs. Bill Logan with a shower. Refreshments were served to 23 ladies.

Bro. Cole Jackson of Moran will preach here Saturday night, Sunday and Sunday night. Everyone is invited to come.

Employment And Payrolls Still Hold Gains Over State

AUSTIN, Tex.—Employment and payrolls in Texas changed but little during September in comparison with the preceding month and the similar month last year, according to the University of Texas Bureau of Business Research.

Reports from 1,418 representative Texas establishments covering the week ended September 14 showed a total of 66,801 workers were employed, 1.9 per cent from the similar week in September last year and a gain of eight-tenths of 1 per cent over the corresponding week of the previous month.

Total payrolls amounting to \$1,48,000 represented a gain of 1.5 per cent over a year ago and one-tenth of 1 per cent over the previous month.

An increase in the number of employees occurred during September as compared with September a year ago and with August in the following cities: Amarillo, San Angelo, Denison, Port Arthur, and

Mr. Mitchell of Ranger was here on business Tuesday.

\$5 Overpaid Man 35 Years Ago Repaid

CUERO, Texas.—A letter, enclosing a five dollar bill, was received by Freedom Brothers, a cotton firm. It read:

"Enclosed you will find five dollars that I owe you. About 35 years ago when I was a boy, I sold you a bale of cotton, and I was paid five dollars more than I was justly due. That thing has been nagging my conscience for some time. Will you please accept it in good faith and forgive me?"

The letter was mailed in Fort Worth.

WILL VOTE ON BONDS
LIBERTY, Tex.—An election has been called for Oct. 19 to decide a proposed \$25,000 bond issue to match WPA funds for city street and road improvements.

Old-Time Whisky Baron Says U.S. Is Cocktail-Minded

HOUSTON, Tex.—America is cocktail-minded. Julius Kessler, 80, old-time whisky baron, is the authority for the observation.

"In the old days," he said, "people drank whisky, mixed with a little sugar or a little water, some lemon juice or mint.

"I think the reason they go in for cocktails is that the young whisky now on the market smells and tastes so bad that they prefer anostura and vermouth.

Kessler, head of a huge distillery corporation, who got his start packing liquor over mountain passes on mules during the Colorado gold rush, has his own idea of thwarting evil-tasting young whisky.

He blends drinks, taking whiskeys from one to four years old, adding a little heavy-bodied imported sherry, some old malt whisky and a tasteless, neutral spirit.

"This produces a palatable, smooth and drinkable whisky with a fine bouquet," he said.

He believes drunkenness is criminal and without justification. "It is a crime to eat too much; and just so, it is a crime to drink too much."

A little alcoholic stimulation is good for aged people, he believes and hopes he lives to be 200. "When I was 20," he said smiling "my chief ambition was to reach the ripe age of 35 without dying in my boots."

Mark Twain was one of his closest friends, he said. The humorist used to visit him every summer.

"He drank a good deal of whisky, but more wine."

Born in Budapest in 1855, Kessler came to America at the age of 17. He tried to join Custer, but was rejected because of his youth—thus being saved from massacre by the Indians.

At 20, he went to Denver and became a whisky salesman. He has sold whisky ever since, except during prohibition. During the silver boom, he sold his whisky at \$6 a gallon, which in turn was retailed at \$2 for "three fingers."

A Colorado bank took over several whisky firms and engaged Kessler to operate them. This led to establishment of liquor houses in St. Paul, Minneapolis and Duluth and Kessler prospered. In 1913 he became president of the Distillers Securities Corporation.

In the pre-prohibition years, he bought from 50,000,000 to 100,000,000 gallons of blackstrap molasses in Cuba annually. He bought cigars, 10,000 at a time, for himself and when prohibition came, he had a personal stock of 38,000.

"I still have a few cigars," he said. "I drink very little, but I don't claim to be a reformer or a prohibitionist."

A Modern Troubadour Comes to Screen

Ted Lewis, famed stage and radio comedian and songster, brings his celebrated band to the Arcadia today in "Here Comes the Band," a new Metro-Goldwyn-Mayer romance set to music. Others featured in the lilt picture are Virginia Bruce, Ted Healy, Nat Pendleton, Harry Stockwell, Donald Cook and the little "Our Gang" star, Spanky McFarland.

Rice Will Open Its National Bid For Grid Fame

HOUSTON.—Rice Institute, making its second serious bid for national football honors will invade the country's capital on Saturday, Nov. 2, to meet the George Washington University eleven.

The Rice football team, 1934 champion and again representing the top flight in the Southwest conference, will board a special train on Oct. 30, accompanied by hundreds of home town fans.

A three-hour stop at Terre Haute, Ind., has been scheduled by school officials to allow the team a preliminary workout on route. The train will arrive in Washington at 12:40 p. m., Friday, Nov. 1.

The George Washington game comes in the middle of Rice's 11-game schedule, previous opponents being St. Mary's of San Antonio, Louisiana State, Duquesne, Creighton and Southern Methodist university and the University of Texas, conference eleven.

Included in the squad Coach Jimmie Kitts and Lou Hertenberger will take to Washington will be John McCauley, quarterback, and Bill Wallace halfback, who as juniors drew nominations for the All-American honors.

Coach Kitts began the season with a squad of veterans who blazed through the 1934 schedule with only a single loss to mar the season. Reserve material at Rice is conceded to best in the school's history.

At the wing positions are Byron Williams and Robert Forbes, a rangy pass catcher who are respected highly both on offense and defense.

Capt. Rayburn Mays keeps check on his team's progress and started every game in 1934. Howard Nichols, center, completes the line.

which averages 190 pounds.

There are no under-weight performers on the Rice eleven. The power of weight extends through the backfield. All players scale 190 pounds or more. Harry Witt, full-back, weighs, 200. J. W. Friedman, Roy Royall and Ray Smith, halfbacks, represent the avoidance behind the championship machine.

With Coach Kitt's Rockne style of football, fans have learned to expect anything from the Rice eleven.

Townpeople Accept Fingerprint System

ARLINGTON, Miss.—More than 300 residents of Arlington have had their fingerprints taken voluntarily by police under an identification service approved by J. Edgar Hoover, head of the U. S. Department of Justice.

Chief Archie F. Bullock initiated the system to prevent burial of unidentified persons and to speed the identity of amnesia and automobile victims.

FORTUNE TOLD AND TAKEN WEBSTER, Mass.—Louis Menderville, 91, had his "fortune" told—and taken. A woman "blessed" his money and told him not to look at for several hours. When he counted it, he found \$2.30 missing.

HEADS ETHIOPIAN BANK SAINT JOHN, N. B.—The governor of the Bank of Ethiopia is a Canadian. He is Charles Saint John Collier, who was born in Saint John in 1880, the eldest son of the late William Edward Collier and Emily Waters.

At The Arcadia Sunday

Rice Prices Lower Than Since 1910

AUSTIN.—Prices offered farmers for their 1935 rice crop are the lowest since 1910, and those who hold their crop stand a good chance of profiting, according to J. E. McDonald, state commissioner of agriculture.

The price now is \$1.60 to \$1.98 a barrel compared to \$3.35 in 1912, \$6.90 in 1918, and \$3.58 in 1929, McDonald said.

There is practically no carry over and a heavy export demand, McDonald said.

First Baptist Has Good Attendance On Promotion Day

Promotion Day was observed at the First Baptist Church Sunday, with a good attendance present.

Those who were promoted from one department to another were greeted with fitting programs, it was reported today.

The attendance was unusually good, with 220 being on hand, several of whom had been away for a year or more, and several being new members.

County Judge Clyde L. Garrett Monday authorized the county tax collector to issue a license to Jax Beer Company to distribute beer at Cisco.

ITCHING

Don't endure this torment another day. Apply Resinol to the itching skin anywhere on your body, and prove how quickly it gives relief. In daily use nearly 40 years.

Mohamedans Rush to Aid Christian Ethiopia

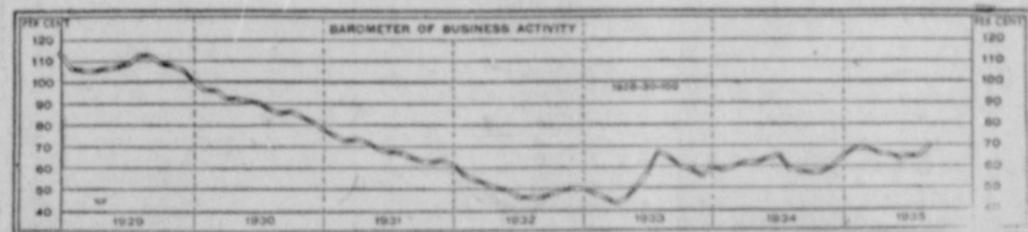

Casting aside the prejudices that cause such distinct cleavage among the races of Africa, Mohammedan warriors have rallied their full strength to fight for the independence of Ethiopia, which is a Christian nation. Here you see some of the Mohammedan fighters hurrying toward the Ogaden front.

BUSINESS CONDITIONS AS OF SEPT 1st

This map represents business conditions in every state of the Union as shown in October, 1935, issue of "Nation's Business," official publication of the United States Chamber of Commerce.

August saw notable gains over a year ago in distributive trade and manufacturing. Steel output bettered the pace set in July, more than doubling the August, 1934,

percentage of capacity at work. Machine tool and agricultural implement factories were active. Automobile manufacturing slackened while model changes were considered. Furniture production exceeded last year. Building activity helped the lumber industry. Carloadings gained over a year ago. Electric power output exceeded all but two peak records.

Grain prospects faded slightly. Scarcity of hard wheat caused a rise in northwestern markets and induced some shipments from Canada. Soft wheat, corn and oats went lower. One estimate of combined crops of wheat, corn, and barley was one-sixth below the five-year average 1928-1932, but 60 per cent above 1934. Corn and oats promise 12 per cent less than the five-year average but 40 per cent more than last year.

Cotton declined sharply on price fixing uncertainties.

The Map
The exceptional activity in the summer of 1935 has brightened the map considerably.

The Barometer
Led by steel, every factor in the business barometer moved upward in August. The chart line is at the highest level since May, 1931.

Dr. G. E. Haslam Is Moving Back To Home In Alabama

Dr. G. E. Haslam has announced that he will leave Tuesday for Gadsden, Ala., where he will take up the practice of medicine, specializing in eye, ear, nose and throat practice.

In making the announcement, Dr. Haslam said that his practice had been good in Ranger recently, but that he had an opportunity at Gadsden that he could not overlook. Gadsden is a town of 35,000 within 20 miles of where Dr. Haslam was born and raised.

Since coming to Ranger in June, 1930, he has been actively engaged in the medical profession, and has taken an active interest in civic matters. He was a member of the Rotary club, serving for a year as secretary of the organization.

Dr. Haslam said that he hated to leave Ranger, as he liked the town, but that an opportunity had arisen at his old home which he could not afford to overlook, so he had made the decision to move back to Alabama.

Father of Ranger Woman Dies Tues.

Funeral services for William Felix Gregory, father of Mrs. F. G. Williams of Ranger, are to be conducted at Bonita Wednesday afternoon at 2 o'clock.

The decedent was born in Mississippi June 12, 1865, and until 1929 was a farmer at Bonita. He died at 2:30 Tuesday morning at the Sinclair-Prairie camp in Ranger, at the home of his daughter. The services are to be conducted at the Starkey Chapel at Bonita, the body being taken overland in a Ruffenworth, Cox hearse.

Louisiana Sulphur Mine Closed Down

SHREVEPORT, Oct. 1.—The state's first sulphur mine near here was shut down today throwing 325 men out of employment. The mine was operated 23 years by the Texas Gulf Sulphur Co.

E. H. McFarland, company superintendent, said the mine was shut down because it was no longer of commercial value. Payroll loss caused by the abandonment was about \$500,000 annually.

Four From Eastland Enroll at N.T.S.T.C.

DENTON, Texas, Oct. 1.—Four Eastland students are enrolled for the first semester at North Texas State Teachers College, according to a report from the registrar's office. They include the Brown

Pesky Cubs Ruin All-Winter Nap

Arthur "Turkey" Gehrke had his 215 pounds all tucked away for his winter hibernation, a habit of his for 20 years, when those Chicago Cubs and a \$60 long distance call from London, asking about his quaint custom, spoiled everything. So here "Turkey" is shown as he mournfully arose at his Watertown, Wis., tavern and he may decide to stay up until after the world series.

twins, Elmer and Delmer, both outstanding track men; Hazel Harrell, and Willie Taylor.

Central Baptist Reaches Milestone In Church History

Yesterday morning when Central Baptist installed new officers for the coming year, she reached another milestone in her history, recording the achievements of the past year and entered another year of spiritual service to Ranger and adjoining communities. The promotion program rendered by the graduation classes of the elementary departments of the Sunday school, was one of the best ever given in Central. It was composed of memory work, songs and prayers. The junior department had the distinction of having the largest graduation class with every member of the class a member of the church.

During the past year Central Baptist Sunday school, L. L. Bruce, superintendent, has made faithful efforts to promote spiritual study of the Bible, led her pupils to memorize much of God's word, trained in church member-

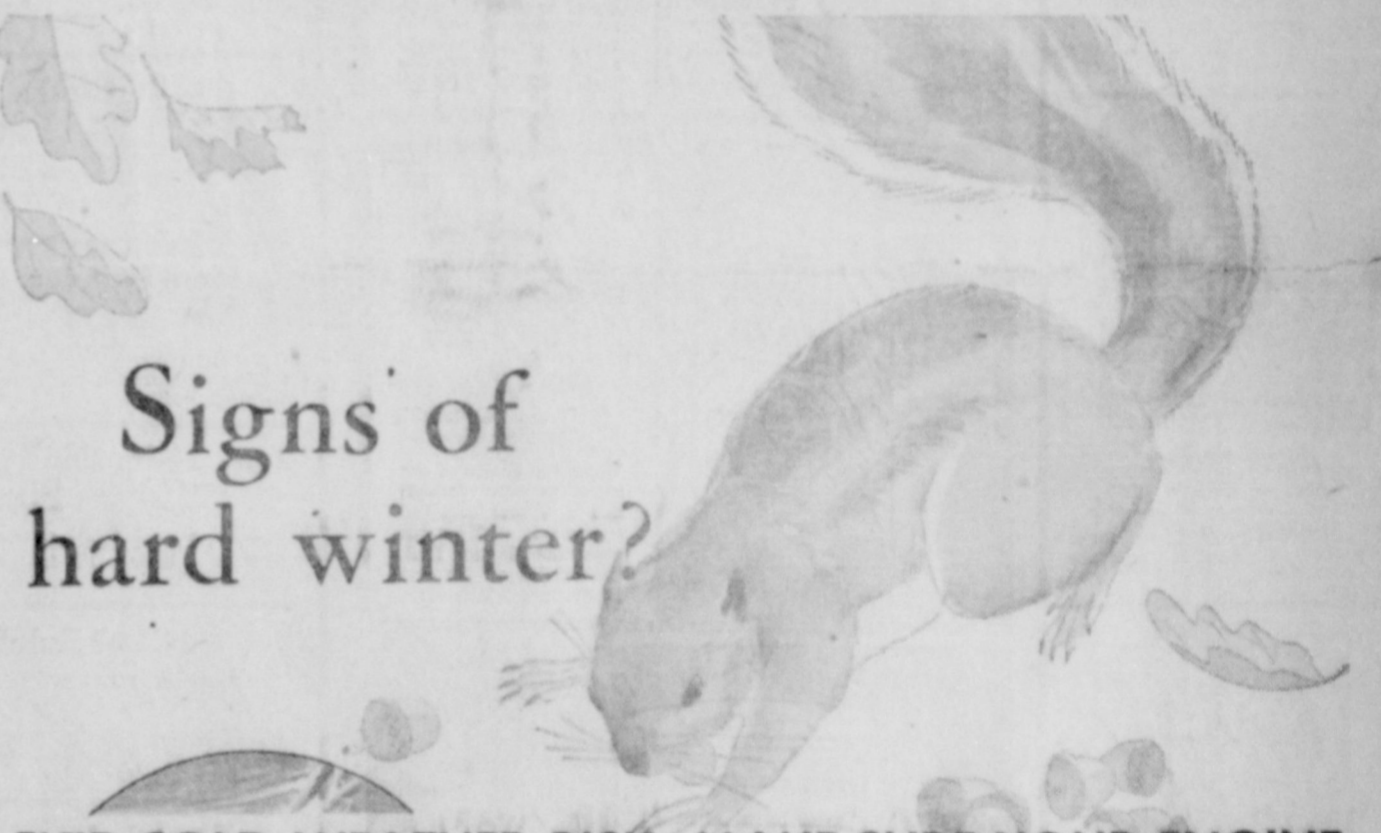

ship and placed much emphasis upon soul-winning in every department. She had been bountifully rewarded for all efforts put forth as was displayed in yesterday's program, which brought to a close one of the best year's work in the history of her Bible school.

At the close of the program the new church officers for the coming year were installed, followed by a short charge of the pastor on "Leadership," after which a dedicatory song was given by the ladies' quartette, composed of Mrs. C. D. Coe, George Rogers, F. S. King and Frank Hicklin, with Mrs. Weldon Webb at the piano. Officers for the new year are:

Sunday school superintendent, L. H. Taylor; director of B. Y. P. U., J. D. Nichols; president of Women's Missionary Society, Mrs. H. S. Packwood; choir director, Roy Moore; assistant choir director, Mrs. Frank Hicklin; pianist, Mrs. C. D. Coe; assistant pianist, Mrs. Weldon Webb; chairman of board of deacons, Dr. A. K. Wier; treasurer, A. L. Stiles; recording secretary, W. P. Powell; clerk, Frank Hicklin; head usher, Joe Dennis; president of Brotherhood, F. D. Hicks; trustees, J. W. McKinney, A. L. Stiles, Dr. A. K. Wier; relief, Mrs. Roy Baker.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators thus cleansing the intestinal tract of the germ-laden mucus and toxins. Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Signs of hard winter?

SKIP COLD-WEATHER RISK...MAKE SURE YOUR ENGINE

stays oiled

Conoco is not the only oil refined by modern methods. But notice what all the usual processes are said to take out. Then notice what the exclusive Germ Process—fully patented—PUTS IN. Nothing vague about this process.

It tops off everything else known to Refinery Science, by putting in the Hidden Quart which makes your engine stay oiled.

You can park your car for hours in blizzards; stand for days in a cold garage. But you cannot make a dragging, expensive, engine-eating start.

Unlike other oil, no matter how free-flowing, Conoco Germ Processed Oil needn't wait for your starter or oil pump. The Hidden Quart is up on guard in advance. It hasn't drained down because it can't. The Germ Process has let it "marry" into the inner surfaces of your engine for good... a strange though natural "affinity" well known to scientists.

Even the new copper-lead, high-lead and cadmium-alloy bearings, as well as conventional babbit bearings, are far better protected by Conoco Germ Processed Oil than by plain mineral oils. Scientific tests have proved this.

But millions whose only laboratory is under the hood, can tell you a lot about the Hidden Quart and Germ Processing. They'll tell you the battery stays up, the oil level stays up, the old winter worry and expense stay away.

All you need to tell your nearest Conoco man is "Change mine right now!" Continental Oil Co., Established 1875.

Some Cannot Provide For That Rainy Day

Emergency relief authorities in New Jersey set out a short time ago to learn just exactly what the average family on the relief rolls is like.

To do this they made an extensive survey of 10,000 of the 165,000 families that were on relief last winter.

The average family on relief has native white parents, two children less than 16 years old, and a record of from two to three years of continuous unemployment.

Before the depression, he was an unskilled laborer, regularly employed, making an annual wage of from \$1,000 to \$1,200.

The picture that this survey presents is worth keeping in mind in any discussion of the depression.

It shows clearly enough that the average depression-wrecked home was one in which there simply was no human possibility of making adequate preparation for a long spell of unemployment.

A workman who has never been beyond the eighth grade in school, who is strictly an unskilled laborer, and who has to support three other people besides himself on an income that never rises above \$100 a month cannot, with the best will in the world, prepare himself to resist a depression.

The thing simply is not possible. He is at the mercy of the trade cycle as completely as a camper on the Florida keys is at the mercy of the hurricane.

Such men are a small minority of our total population. But they are the great majority of the population on relief, as this survey shows.

It is for this class that such features of the social security program as unemployment and old age insurance are most vitally needed.

He can stand on his own feet as long as his job lasts, but not much longer.

The skilled worker, the white-collar man, the small business man—their situation is different. They can lay aside something for the rainy day.

It is the fellow at the bottom of the heap who is the depression's first and last victim.

Arm and the Man!

One of the eeriest and strangest murder cases in modern criminal history blew up the other day when a court at Sydney, Australia, ruled that the arm of a dead man does not constitute a corpus delicti.

A man named Smith went fishing in the ocean with a man named Brady, and was not seen afterward.

Then someone caught a shark. The shark disgorged a human arm. On the arm were certain tattoo marks.

All this makes up one of those far-fetched and rather creepy plots that detective story writers are so fond of.

Faster, Still Faster

After sitting by meekly for years and watching other forms of transportation take their passengers away from them, the railroads at last seem to be devoting their best brains and money to the job of fighting back.

The latest move comes from the New York Central and Pennsylvania roads, which announce that their crack New York-Chicago trains will make the run in 16 1/2 hours.

Until comparatively recently, that trip was a 20-hour run. With the airplanes making the trip in something like a fifth of that time, the crack trains did not look quite so speedy.

On the new basis, they will be much better able to compete with planes; and the reduction is simply one more indication of the new energy and ingenuity which the railroads are at last injecting into the competition.

Hollywood actress has room with all-mirror walls. Must be a replica of the one in which Benito Mussolini, the Italian cabinet, meets.

After swallowing a silver dollar, a Montana man reportedly is under observation. Another act that smacks of hoodoo, and they'll have him.

COUNTY FAIR CLOSES SATURDAY NIGHT AFTER FOUR DAY EXHIBIT

Pronounced one of the most successful fairs in the history of the Eastland County Fair association, the ninth annual event closed Saturday after four days' entertainments and exhibitions.

Exhibits in the women's department this year were 50 to 75 per cent higher in quality than last year's, Miss Ruth Ramey, county home demonstration agent, observed.

J. D. Moreno, former county relief officer, climaxed four days of "sensational acts" when he was "hanged" on a scaffold Saturday night.

Rising Star won first in the community exhibits with the following trailing in the order named: Pleasant Hill-Shadow Grove, Morton Valley and Seranton.

Rising Star furnished the program Friday night and were greeted by an appreciative audience, applause indicated.

Saturday night, boxing arranged by a committee headed by Delbert Myers was presented. The card was fast, officials state.

Winners in the Eastland county rabbit show: Standard Chinchilla Senior Buck—L. V. Simmonds, Eastland, first; J. A. Garrett, Cisco, second.

Six to Eight-Month Chinchilla Buck—J. A. Garrett of Cisco, first and second.

Standard Chinchilla Senior Doe—L. V. Simmonds, J. A. Garrett, first and second, respectively.

Heavyweight Chinchilla Senior Buck—Garrett, first.

Three to Five-Months Chinchilla Heavyweight Buck—Garrett, first; Heavyweight Chinchilla Doe—Garrett, first and second.

Six to Eight-Months Chinchilla Heavyweight Doe—Garrett.

Sorghum—First, A. W. Schoer; second, A. E. Schoer.

Darse—First, Dr. Bob Hodges.

Millet—First, T. S. Rainey.

Baled Hay Alfalfa—First, Charlie Wende.

Clover—First, Charlie Wende.

Peas—First, Willie Wende; second, Charlie Wende.

Dallas Grass—First, Charlie Wende; second, Charlie Wende.

Millet—First, Charlie Wende.

Vegetables Green Peppers—First, S. B. Horton; second, Bill McLester.

Okra—First, Garland Kinard; second, Marvin Hood.

Irish Potatoes—First, Charlie Wende; second, F. J. Ziehr.

Sweet Potatoes—First, J. W. McKinney; second, J. R. Niver.

BUYING POWER IS SUPPLIED F.D.R. STATES

BOULDER DAM, Sept. 30.—Government spending has created the purchasing power—now it is up to private industry to maintain the recovery pace set by the New Deal, President Roosevelt told the nation today.

The \$108,000,000 Boulder Dam, completed with PWA funds and America's greatest engineering achievement since the Panama canal, served as a backdrop to Mr. Roosevelt's speech, which clearly indicated the administration also had completed its major financing program in putting the idle back to work.

"It is a simple fact," the chief executive said, "that the government spending is beginning to show signs on consumer spending, that the putting of people to work by the government has put others to work in private employment and in two and a half years we have come to the point where industry must bear the responsibility of keeping the processes of employment moving forward, with accelerated speed."

His remarks were interpreted as a vigorous defense of the recovery methods and a blanket reply to critics who have been attacking federal spending as creating a debt structure not justified by results.

Pointing to projects, large and small, as laudable means of meeting the economic crisis, he observed:

"In a little over two years this work has accomplished much. We have helped mankind by the work itself and at the same time created the necessary purchasing power to throw in the clutch to start the wheels of industry."

Mineral Wells To Hold Its Tenth Golf Tournament

MINERAL WELLS, Sept. 30.—The largest and fastest field of golfers in the history of local tournament play is expected at the Mineral Wells 10th annual invitation golf tournament, Mineral Wells Golf and Country Club, Oct. 3-6, according to C. E. Hunt, sports chairman.

Many well known golfers from North and West Texas will participate, including: Gordon Young, defending champion, Dallas; Morris Norton, runner-up, Wichita Falls; Jimmy Walkup, Rowe Hart and Derral Lehman, Fort Worth; Shanty Hogan and Karnes Wilson, Abilene; Jimmy Phillips, Ranger; J. F. Hammett, Pioneer.

Qualifying rounds are scheduled to begin Thursday morning, Oct. 3; match play, Friday and Saturday, Oct. 4-5; finals, Sunday, Oct. 6.

Calcutta Pool and a chicken barbecue will take place Thursday night, Oct. 3, at the Country Club. There will be a dance on the Baker hotel roof Saturday evening, Oct. 5.

"Mineral Wells is developing

several outstanding grass-green golf players, who are expected to make an excellent showing in the tournament," Hunt stated. Among the local players are: Tommy Murphy, city champion; Logan Creager, Newton (New) Maddox, and Frank Mahurin.

The fee for participants will be \$2.50.

Prizes will be awarded to winners of all flights and their runners-up. Consolation awards will also be given.

This will be the first tournament staged on the local course since the grass-greens were installed last January. Par has been increased from 71 to 72, because of additional yardage.

Champions of the last five tournaments are: Gordon Young, Fort Worth, 1933-1934; Byron Nelson, Fort Worth, 1932; Gus Morland, Dallas, 1930-1931.

JUNEAU, Alaska.—A hat visited here sans tourists. It bore 50 express tags on its soiled crown and brim. Eventually its sender hopes it will go around the world.

Jurisdiction Of Patman Quizzed

AUSTIN, Sept. 30.—Auth of Congressman Wright Patman, Texas, to conduct a congressional chain store investigation here was questioned today by former Gov. Dan Moody, counsel for George Purl, Dallas.

Patman refused to be quizzed about his authority, finally gave Moody until 2 p. m. to make investigation of his authority. Indications were Purl would at 2 p. m. submit to jurisdiction of Patman as a subcommittee member or refuse to do so.

Find Out Before You Buy Any Washer See the 6 Great Features of the "Autobuilt" NORGE! From Your Doctor if the "Pain" Remedy You Take Is Safe. Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations. BEFORE YOU take any preparation you don't know all about, for the relief of headaches or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin. We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach, or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice. Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct. Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly. You can get real Bayer Aspirin at any drug store—simply by seeing asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy. Bayer Aspirin.
