### 15,000 FAMILIES IN TWO STATES REGAIN FINANCIAL POSITIONS

By United Press  
STILLWATER, Ok., Oct. 9.—Fifteen thousand rehabilitation families in Texas and Oklahoma have worked themselves into an independent position, and are now repaying the loans made them, it was announced today by D. P. Trent, director of Rural Resettlement in this region. "Families which will no longer need financial aid number almost half of the 38,000 listed as 'under care,' Trent said.

heads of the Resettlement Administration, the director said procedure is now being worked out, and allocation of funds made, under which the pick of rehabilitation families will be accepted for the new and permanent phase of Resettlement, under which they will be given opportunity to purchase small farms.

One hundred and twelve thousand farm families in Texas and Oklahoma had a cash income of less than \$150 a year, even before the depression, he said, and were able to spend only \$5 a month for groceries and \$2.50 a month for clothing. "From a purely selfish standpoint, we must develop the spending power of such families," he said, "in order to build a market for the goods and services with which the rest of us want to supply them."

Half the share-croppers of Oklahoma, he pointed out, went out of business in the past five years, partly because landowners could no longer furnish them with teams and equipment. Other thousands were set adrift because of increased use of large-scale machinery. "Many of these have been enabled through our organization to set themselves up on a more independent basis than ever before," he said. "Many are still on unprofitable land, to which they were driven by consolidation of better land into large, mechanized units. One of the objectives of Resettlement is to give an opportunity of

moving away from these makeshift farms on which they will never be able to make a satisfactory living."

### BULLDOGS, YELLOW JACKETS ARE BOTH CRIPPLED FOR GRID BATTLE SATURDAY

Brownwood will again start the week-end activities in a football way tonight when they take on the Cisco Lobos in a conference game at Brownwood. All Brownwood home games are being changed to Thursday because of conflicts with college games.

Next on the football calendar will be the Eastland-Breckenridge clash at Eastland Friday afternoon, which was originally scheduled for Saturday but switched to Friday. No reason for the change in playing dates was announced.

The Buckaroos are reported somewhat crippled for the Eastland game, since Eastland has the reputation of playing her best brand of football against the Buckaroos, a fairly close game is anticipated by many. Both Spud Taylor and Earl Clark, spark plugs of the Breckenridge offense will be out with injured legs.

The Bulldogs will swing into action on the home field for the first time this season on Saturday afternoon when they take on the highly-rated Cleburne Yellow Jackets. The game is called at 3 o'clock.

Both teams will go into the fray slightly crippled, with Rhodes reported definitely out of the Ranger lineup and Jacoby still somewhat handicapped by a bum knee, though he is expected to play the entire game unless he sustains another injury to the knee.

Reports from Cleburne are that the Yellow Jackets are also slightly crippled for the game. According to the Cleburne Times-Review, the injured list is growing. Harold Ratliff, writing of the injuries says:

"Primarily the boys are not in the mental attitude to play a tough team. Ranger hasn't shown any particular brilliance to date but the Bulldogs have been on the road all season, engaging strong outfits. It is a heavy outfit with considerable experience and the Bulldogs are due to hit their stride any day now.

"They could have no more incentive than to make a good showing before the home folks.

"The Jacket squad is riddled with injuries. Norris Smith and Bill Nunn will hardly be in shape to play. The others are of minor consequence and the boys can go into the game but they have prevented the youngsters getting in a good week's practice. While they will play at Ranger they will not be in the condition they were last week against Waxahachie.

"Then this morning there came more bad news.

"Loy McKenzie, who we consider the best all-around back on the team, will not get to play because of scholastic ineligibility.

"Loy took an exam this morning in an effort to make up his grades but didn't do it. He will be out until he does make them up.

"However the rule is that you are rated weekly and McKenzie can get back into the line-up next week if he works hard and makes up his courses. He told the writer he could do it and would do it. We sincerely hope so. His loss would be felt greatly in the Bryan and Temple games.

"Another scholastic casualty is Jack Smith, sterling guard who has pushed his way to the first team. He will also have to make up his courses and will not be eligible this week, we are informed."

### Bank to Be Closed All Day Saturday

Attention was called again today to the fact that the Commercial State Bank would be closed all day Saturday, Oct. 12, in commemoration of Columbus Day.

### Dr. and Mrs. Gray Attending Synod

The Synod of Texas meets tonight in the city of Austin, First Presbyterian church. This court is composed of an equal number of ministers and ruling elders from the twelve Presbyteries in Texas and Louisiana. Usually about 100 are in attendance. An equal number of ladies meet at the same time in the "Synodical." The business transacted pertains to the

spiritual welfare of the church, relating to missionary activities, educational and benevolent institutions, etc. Large emphasis is placed upon evangelism. The trustees of Trinity University, Reynolds Orphanage, the Amarillo Orphanage, summer conferences, etc., all make reports to the Synod.

Dr. and Mrs. L. B. Gray and H. D. Smith left this morning for Austin, where they will remain over Sunday, attending the Synod. They expect to meet many friends there, where Dr. Gray was pastor

for more than three years in his early ministry. He and Mrs. Gray have a son buried in Austin. At the close of this pastorate, the former Cumberland Presbyterian church was merged into the First Presbyterian, where the sessions of the Synod will be held.

### Farm Dollar Buys 81 Percent of the 1909-1914 Average

CUERO, Texas.—The 1935 farm dollar buys only 81 per cent as much merchandise as could be purchased for the same amount of money in the period from 1909 to 1914, according to E. R. Alexander, member of the Texas A. and M. College vocational department.

"Until such a condition is remedied," he said in a talk here, "there can never be a sound national farm program."

Alexander said that industry advocates production of farm products on a normal scale, regardless of demand for such products. "Industry is preaching, but not practicing," he commented.

"Industry is increasing employment, but decreasing salaries. In 1929, employment showed a 6 per cent increase over the average established between 1923 and 1925, and payrolls an 11 per cent increase over the average.

"The figures have gradually dwindled until in 1933 employment was 67 per cent of the 1923-25 average and payrolls only 47 per cent," he said. "In 1935, 80 per cent of the men holding jobs during 1923-25 still had employment, but were receiving only 47 per cent as much pay as they did during the 1923-25 period.

"Buying power has been stifled, and the farmer who produces the raw materials suffers. Until the dollar the farmer receives for his products is on a par with the dollar he must spend for products he cannot produce, we will see no sound national farm program."

Alexander's observations were based on figures compiled by the Federal Bureau of Census.

### Colony Will Play At Moran Friday

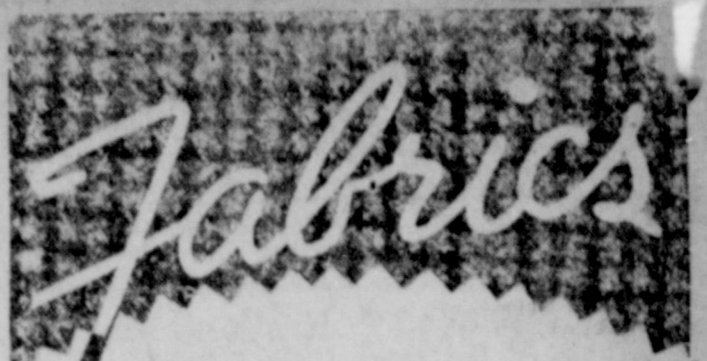

The Colony Broncos will play Moran's squad Friday, Oct. 11, at Moran. Much improvement has been shown in the Colony team in recent games. A close game is expected Friday.

A buy might possibly be taken for students who wish to attend the game, it was announced today.

### Wife of Gangster Denies Kidnaping

CHICAGO, Oct. 10.—Mrs. Bonnie Burke, wife of the notorious Killer Burke, said today her reported kidnaping near Walsenburg Colo., was "all news to me."

Sheriff Claude Swift of Walsenburg led searching parties into Colorado coal hills after a note with dim fingerprints was found signed by a "Mrs. Bonnie Burke" saying she was kidnaped by six men.

# Will Rogers Triumphs In a Glorious Romance of River

## TEARS CHOKE STAR IN GREAT MOVIE SCENE

Volcanoes explode, nations declare war, quintuplets are born and accidents come and go—and Will Rogers never fails to issue the crowning comment on whatever has just come to pass.

Then, in a motion picture scene, a sweet little girl and a nice boy are married in a prison and Will Rogers—the shrewd, garrulous, imperturbable Rogers—chokes up, sheds tears and can't think of a thing to say!

It all occurred during the filming of Will Rogers' new starring vehicle, "Steamboat Round the Bend," which comes Saturday to the Arcadia Theatre.

The scene was the wedding of Anne Shirley and John McGuire, Eugene Pallette, the sheriff, was performing the ceremony. Pallette called for the ring, Rogers standing nearby was supposed to hand it to McGuire and say, "It belonged to your mother."

In the background a negro chorus was humming a dolorous chant, the spiritual "The Eagle's Nest." Suddenly the thing became

### This Week in The Theatres

**AT THE ARCADIA**  
Friday: "A Night At the Ritz," starring William Gargan, Patricia Ellis and Allen Jenkins.  
Saturday and Sunday: "Steamboat Round the Bend," with the lovable Will Rogers and Irvin S. Cobb in the leading roles.  
Monday and Tuesday: "Special Agent," with Bette Davis and George Brent.  
Wednesday: "Two Fisted," with Lee Tracy and Gail Patrick.

**AT THE COLUMBIA**  
Saturday: "Thunder Mountain," a Zane Gray western featuring George O'Brian.

### Drama of U. S. War On Racket Chiefs Coming to Arcadia

Another phase of the U. S. Government's efforts to rid the nation of its arch criminals, is shown for the first time on the screen in the Cosmopolitan production, "Special Agent," a Warner Bros. picture which comes to the Arcadia Theatre on Monday and Tuesday with Bette Davis and George Brent in the featured roles.

"Special Agent" is a powerful drama with a glowing romance, based on the daring exploits and thrilling adventures of the undercover men of the Treasury Department.

These sinners relentlessly follow the trail of gamblers, extortionists and racketeers of every sort, until they get their men and land them behind the bars of federal prisons for violation of the income tax. In "Special Agent" the inner workings of these operatives are re-

vealed. Bette Davis has the role of personal secretary to the ruthless head of a powerful band of racketeers. She gets her job without realizing what it is, but after learning the secrets of the gang, she cannot step out, because she will immediately be put on the spot.

She is in love with George Brent, a reporter, who is determined to bring the criminals to justice and at the same time save

### —And Ready for Love!

What's Bill Gargan doing about? For that matter, how about Patricia Ellis? Well, besides being in love, they are in somewhat of a jam because Bill, a high-geared publicity expert, deserted his typewriter keys for crepe Suzettes in "A Night at the Ritz," the Warner Bros. comedy about life in a swanky hotel. The Arcadia gets the film Friday for one day only.

Others who play the parts of Ricardo Cortez is the shrewd band of crooks, a ruthless killer against whom it seems impossible to get evidence until the young reporter uncovers it.

Both Brent and Bette go through some harrowing experiences in their battle with the gang before they land the crooks in the government net in a most surprising and smashing climax.

### Lee Tracy in Fight Comedy

Gail Patrick and Billy Lee have no sales resistance when Lee Tracy enters the picture. Here is Tracy in a characteristic pose as he appears in the Paramount comedy, "Two Fisted," playing Wednesday at the Arcadia Theatre. The fun film is an uproarious tale of the adventures of a dull witted pug and his smart cracking manager when they break into swanky 400, not only acting as butlers in a ritzy Park Avenue home but solving the family's troubles as well. James Cruze directed.

important members of the band include Robert Strange as head of a gambling palace, Jack LaRue, his assistant; J. Carroll Nash and Joseph Sauer. Henry O'Neill is the district attorney in the case; Joseph Brennan, chief of police; Robert Barran, head of the internal revenue department and Paul Guilfoyle, a crooked secretary of the district attorney.

William Keighley directed the production from the screen play by Laird Doyle and Abem Finkel, based on the story idea of Martin Mooney.

### Star Plays Film Scene Minus Shoes

A pair of too tight sandals became so uncomfortable that Gail Patrick, Paramount actress, removed them and went through an entire scene in her latest picture completely shoeless, making sure of course, that the camera registered only the upper part of her during the filming of the sequence.

Miss Patrick is featured opposite Lee Tracy and Roscoe Karns in Paramount's "Two Fisted" coming Wednesday to the Arcadia Theatre, a romantic comedy depicting the merry, mirthful adventures of a fight manager and his ill-witted boxer who crash Park Avenue society via the butler route.

Tracy and Karns accidentally meet up with a wealthy young playboy, Kent Taylor, who hires them to act as butlers, and at the same time to protect him and his sister, Gail Patrick, from her husband, Gordon Westcott. Many embarrassing but screamingly funny circumstances result when the two boys try to learn the proper society etiquette. The climax of the picture arrives when they stage a real exhibition boxing match for the benefit of their employer's swanky friends, during which Miss Patrick's small son, Billy Lee, disappears, supposedly kidnaped by her husband's gang. Many laugh provoking events follow before an exciting climax clears everything up, including the romantic affairs of everyone concerned.

Directed by James Cruze, the supporting cast includes Grace Bradley, Samuel Hinds, and Florence Lake.

### COLONY

Citizens of the community met Saturday at the Colony cemetery for the purpose of cleaning and repairing the grounds. Such undertakings are always appreciated and responded to in good spirit by the community.

The usual Sunday evening singing drew an exceptionally large crowd. All are invited to attend these meetings each Sunday evening in the high school auditorium. Mr. Danley recently succeeded Mr. Anderson as able president of this body.

Little Jean Barrett is confined to his home with pneumonia. Friends and school-mates will be glad to hear that his condition is not serious and that he is well on the road to recovery.

Miss Cassie Williams visited her home in Abilene over the week end.

Miss Corzette Wolfman visited in Denton the past week-end.

Our pep squad has been fully organized, and expects to accomplish much toward aiding the Bronchos in winning this season. The girls have all their uniforms now, and are hard at work under the direction of their leaders, Johnnie Harrell, Mary Belle Anderson and Dora Mae Cooper.

Tuesday afternoon the Bronchos won a 59 to 0 victory over Ranger's Class B team. This victory shows marked improvement in our football team.

**SURVEYS TRUNK**

MOSCOW.—A trunk automobile highway extending from Leningrad on the north to Tiflis on the south, a distance of 2,000 miles, soon will be begun. Technical and economic surveys of the work now are under way. A line of trees planted along either side will protect the road from dust in the summer and snow-drifts in winter.

**ARCADIA FRIDAY**

Mutilation Murder  
Jury Is Completed

CHICAGO, Oct. 10.—A jury was completed today to try the case of Mandeville Zenge, on charges of committing the emasculation murder of Dr. Walter Bauer.

The state plans to begin its circumstantial case with the testimony of William Leinert, taxi-cab driver, who allegedly was employed by Zenge to elude pursuers after the crude pen-knife operation was performed on Zenge's rival for the affections of a pretty nurse.

King of Greece Is

ATHENS, Greece, Oct. 10.—A monarchical government formed under martial law, today telegraphed King George II to fly back to Athens and resume the throne from which he fled 11 years ago.

Alexander Zamis of the Greek Republic resigned, as Gen. George Kondylis, former war minister and leader of the royalists, formed a cabinet and convoked the assembly to decree restoration of the monarchy.

Highway Commission  
Conducts a Hearing

DALLAS, Oct. 10.—Delegations from more than 15 counties attending a hearing today at which the highway commission began shaping its lateral road program to be financed by WPA funds.

After a plea from Cisco citizens the proposed routing of Highways from the city be dropped and the present route, with curves be eliminated, the commission agreed to refer the matter to engineers.

The commission informed delegations from several counties their proposed roads could not be qualified as lateral roads for WPA funds because there is not sufficient unemployment in their sections.

MANY NEVER  
SUSPECT CAUSE  
OF BACKACHES

This Old Treatment Often Brings Happy Relief Of Pain. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are one of Nature's chief ways of taking the acids and waste out of the blood. If they don't pass 1 pints a day and so get rid of more than 1 pounds of waste matter, your 15 miles of kidney tubes may need flushing.

If you have trouble with frequent bladder passages with scanty amount which often smart and burn, the 11 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

Don't wait for serious trouble. Ask your druggist for DOAN'S PILLS—which have been used successfully for over 40 years by millions of people. They give happy relief and will help flush out the 15 miles of kidney tubes. Get DOAN'S PILLS.

The  
Man Who

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuralgia or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is noted among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

EXPORTERS TO  
TAKE RISKS OF  
FOREIGN TRADE

WASHINGTON, Oct. 10.—American exporters were warned by Secretary of State Cordell Hull again today that if they trade with Italy or Ethiopia they do so at their own risk.

In answer to statements by exporters they intend to carry on their trade with Italy despite President Roosevelt's orders, Hull said Americans are free to follow their own inclination and consciences in this matter. If they get into trouble, however, as a result of their actions, they cannot look to the American government for aid, comfort or support.

Texas University  
Students Object  
To Military Drills

AUSTIN, Oct. 10.—Opposition to appointment of a Reserve Officers' Training Corps unit at the University of Texas flared today. Students' religious groups and others adopted resolutions condemning "militarism" at the school. Joining in the protest were the Y. M. C. A., Y. W. C. A., university religious groups, student associations, and the Young Democrats' Club.

Protests followed the appointment, Tuesday, of a five-member faculty committee to study "feasibility and method of obtaining military training on the campus."

**Five Taylors Get Fans and Players Slightly Confused**

Offer sympathy for the grider playing against Eastland when his unknowing coach directs him to "Get Taylor."

Chances are five to one, even if he goes "get Taylor" it'll be the wrong one.

Five gridders answering to the name of Taylor are found on the Eastland Maverick roster.

To unsuspecting writers covering the Brownwood-Eastland game last week, Coach Johnny Kitchen put five Taylors in, adding a perplexing problem for fans and a sports broadcaster.

Like Mike and Ike in similarity of names, Roy and Troy are brothers. Sons of Mr. and Mrs. R. L. Taylor, the boys have found plenty of action this year. Troy, co-captain of the May team, is 18, classified as a Junior and expects to earn his second letter this season. Troy plays right end. Roy, 16, a Freshman, plays guard. This year marks his first season.

Harry and Jim, who were graduated from Junior High this year, are the sons of Mr. and Mrs. W. E. Taylor. Harry, 17, plays left half while Jim, 16, plays guard.

Andy, son of Mr. and Mrs. J. N. Taylor, is 17, plays guard and is classified as a Senior. He hopes to earn his first letter.

Funeral services for Mrs. Mary Gertrude Fancher, 68, who died at her home in Strawn Wednesday morning at 8:15, were conducted from the family residence in Strawn Thursday afternoon at 2:00. Rev. W. E. Anderson, pastor of the First Methodist Church of Strawn, conducted the services. Interment was in the Mt. Zion cemetery, Lacasa, following the services at the church.

The decedent, who was a member of the First Methodist Church of Strawn, is survived by one brother, Drury Veale of Lacasa; one sister, Mrs. J. L. Williamson of Strawn; one daughter, Mrs. Mildred Etzel of Grier, N. M., and three sons, Elbert Fancher, Seminole, Texas, and Hubert and Fred Fancher of Strawn.

Pallbearers were Ray Pollard, Jim Pollard, C. E. Maxwell, Nat Bradford, Bud Jones and Milt O'Rear.

Funeral arrangements were made by the Strawn Merchandise Company.

**Auto Travel From U.S. to Mexico City Is Growing Fast**

MEXICO CITY.—Automobile travel from the United States to Mexico City has become a commonplace occurrence.

Motorists from various parts of the United States are now driving all the way in increasing numbers. This flow is expected to increase now that the dry season is at hand, and will reach a grand climax when an expected 1,500 automobiles will drive from Dallas, Texas, when the Laredo-Mexico City highway is officially inaugurated in December.

A considerable portion of the road—which is 770 miles long—is over mountains. These roads have been carefully graded and "terraced" to make them safe for automobile travel.

For all practical purposes, the road already has been completed. Considerable work of paving, oiling and bridge building, however, will continue well into 1936.

At various places, motorists now are forced to use ferries. Four bridges are being built to eliminate this, and according to the Department of Communications and public works, they will be completed as follows:

- Bridges over the Axtla and Montezuma rivers, October, 1935.
- Bridge over the Tasquillo river, February, 1936.
- Bridge over the Tampam river, April, 1936.

Approximately 3,500 men have been kept at work on the highway in recent months, most of them in the mountainous region around Jacala and Matlapa.

The highway, which will eventually be a link in the proposed Argentine-Alaska motor road, was originally scheduled to be opened in June, 1933. Last year it was hoped it could be officially opened before the year came to an end. However, various delays have prolonged the work. It has cost more in the number of lives lost and in money than was originally estimated.

Now, however, the road is a

CHICAGO.—The lateral will pass itself into disuse. In not so few words, but just as definitely, Jock Sutherland, famous coach of the University of Pittsburgh, predicts the future of this play, now the most popular. With hundreds of football teams from coast to coast developing the lateral for all it is worth, why should the veteran Panther mentor see such a dark outlook for it?

Certainly it is not because Sutherland does not have a squad which can execute the lateral. No team in the country used it to better advantage than did his last fall. Moreover, the Panthers this year will take every advantage this play offers. Thus, his gloomy prediction is not based on personal feelings.

"These cries of distress," asserts Sutherland, "will bring legislation against the lateral before many more seasons. The requests will be so widespread that the rules committee will place limits on the number of laterals that may be used, and the players eligible to receive them."

**Only a Passing Fancy**

THE lateral, while it is popular with crowds seeking new thrills, will take too much contact of the game to hold interest. The love of seeing contact draws thousands into stadiums. Any change from that basic principle of football will result in nothing more than a temporary interest. Spectators may enjoy the open game for one, two—maybe three—years, but soon you will hear them

realize, and affords all sort of spectacles and scenic wonders to the motorist. From Laredo to Monterrey, it is as good as any paved highway anywhere. This stretch of 151 miles includes a 45-mile straightaway in the desert, which is devoid of any curves.

From the industrial city of Monterrey, often called the "Pittsburgh of Mexico," the road leads over mountains to Saltillo, capital of the State of Coahuila, through a region where long-horned cattle abound.

Leaving Coahuila, the drive continues through fruit-growing regions to Ciudad Victoria, the capital of Tamaulipas state. Then it goes to Valles, in the State of San Luis Potosi, and thereafter comes the mountain-climb to the Mexico plateau. It was in this section where the work has been considerably delayed.

Between Valles and Jacala, in bond, is required

the State of Hidalgo, the road winds around, leaving the tropical part of Mexico's gulf region, and approaching the tableland. After Jacala the motorist comes to the big mining center of Pachuca, and from then on it is a relatively short ride into the capital.

Already, it is reported, experienced tourists have made the motor trip from the border to Mexico City in two days. Still, the road has not been declared officially open. Some drivers, who do not care to make the mountain climb in the automobiles, drive as far as Monterrey, and then ship their motorgs to Mexico City.

Every facility is offered motorists, but strict compliance with all regulations, including posting of

English Diver Is Braving Many Perils To Survey Seals

PLYMOUTH, Eng.—Diving through surf from a small dinghy, a young research officer of the Marine Biological Station here is making a census of the seals which live in the inaccessible caves of North Cornwall.

His survey, undertaken at considerable risk, will provide the ministry of agriculture and fisheries with vital information from the point of view of fisheries protection.

Seals which live along the coast are said to be responsible for the serious damage to fishermen's nets. The seal census will tell the ministry's experts how many seals there are; whether grey seals, which are larger and do more damage, predominate over the common variety, and in which caves they breed.

**STEP UP, MEN, AND HEAR ABOUT THE BIGGEST OFFER EVER MADE TO THE ROLL-YOUR-OWN SMOKERS OF PRINCE ALBERT**

**UNUSUAL YOU-MUST-BE-PLEASED PLAN EARNS INSTANT ACCEPTANCE HERE!**

**THE PLAN:** Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the tin with the rest of the tobacco in it, and we will refund full purchase price, plus postage.

(Signed) R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, North Carolina

- 5 REASONS WHY PRINCE ALBERT CAN MAKE THIS OFFER:**
- 1 Choice of the quality tobacco is used in Prince Albert.
  - 2 Prince Albert is "crimp cut" for easy rolling and slow, and burning.
  - 3 Mild, mellow flavor achieved by special "100-percentage" process.
  - 4 Packed tight—in tin. No leakage—no waste. Tobacco keeps in prime condition.
  - 5 Two ounces in every tin.
- "You Must Be Pleased"

Above is printed the most attractive offer, we believe, that has ever been made to roll-your-own smokers.

It is made to show the true satisfaction of smoking the best. And to show the added enjoyment of rolling a tobacco that admittedly is at the top in mildness—coolness—and fragrance.

Already, changing to Prince Albert has become a state-wide movement!

**What you do**—Simply go to your dealer and get Prince Albert. Roll and smoke 30 cigarettes. If you don't say they are the best roll-your-own cigarettes you ever had, the makers of Prince Albert will return your full purchase price, plus postage, just like it says above.

**What to expect**—Here's the reason such a straight-from-the-shoulder no-risk offer can be made. We know that in Prince Albert we've got the quality—the taste and aroma—the top-of-the-morning flavor that men are looking for. Men who have once tried Prince Albert are satisfied with no other brand.

So now we ask that you, too, try Prince Albert. Test Prince Albert under our positive you-must-be-pleased guarantee. Note the special "crimp cut." That makes Prince Albert so easy to roll—assures you a fine firm cigarette. And, thanks again to the "crimp cut," Prince Albert burns slower and gives a cooler smoke.

**The big 2-ounce economy tin**—Prince Albert is packed right—in tin. No fuss or bother. No untidiness or waste. Your tobacco always in prime condition. And you are assured of your full money's worth in the big red economy tin of Prince Albert... around 70 of the finest roll-your-own cigarettes you ever made.

So start today to roll Prince Albert. And remember, Prince Albert is a mighty fine, mellow smoke in a pipe too.

**Troop No. 29 Wins Rally**  
Troop No. 29 of Carbon won the North Section quarterly rally held at Breckenridge last Saturday night with a total of 87 points. Troop No. 31 of Breckenridge took second place with 64 1/2 points while Troop No. 6 of Eastland gained third place having a total of 42 points which was only one point ahead of Troop No. 103 of Eastland. The rally was held on the courthouse lawn under flood lights. The Scouts entered into the contests in a very enthusiastic manner, and declared that they had had a good time when the rally came to a close. Due to the weather being warm instead of the Milligan stew supper being served as was planned, ice cream was served to all. The scoutmasters present voted to hold the next North Section rally at Carbon on Jan. 11.

**Business Recovery Is Becoming More and More Apparent Each Day**

AUSTIN, Tex.—It is becoming increasingly clear that the forces which were noted at the beginning of the summer as making for sustained business recovery are becoming more and more effective, and new constructive factors not discernible a few months ago are making their appearance. In the opinion of Dr. F. A. Buschel, assistant director of the University of Texas Bureau of Business Research, late in June Dr. Buschel predicted that "the period of normal summer dullness will be shorter and milder this summer than a year ago." A number of factors were cited in support of this opinion, and events during the summer have fully vindicated the survey presented at the time, he now points out.

"Despite the undoubted improvement which has taken place in business 'visibility' and sentiment during the past three months the outlook for the intermediate and longer-term is by no means altogether 'crystal clear,'" he explained. "The foreign political situation is just now casting an ominous shadow over the business horizon. Although for the moment attention is being focused upon the Italo-Ethiopian situation, equally menacing possibilities are latent in the aspirations of Germany and Japan. Statesmanship of the highest order is needed among all the industrial nations of the world if another world catastrophe is to be avoided."

"Behind these political and military disturbances which are so prominent at present are silent economic forces which must be more accurately appraised and directed in the future than they have been in the past two decades. Economic war which has existed among the commercial nations of the world since the treaty of Versailles must be replaced by friendly international trade relations if lasting prosperity is to be restored in the world and military conflict averted. In a word, fundamental causes of world distress must be discovered and acted upon with greater wisdom than has prevailed during the past fifteen years or more."

"Barring a major war, the various individual indexes combine to give a favorable general picture. During the months immediately ahead the consumer's goods industries may be expected to in-

crease their contributions to aggregate production. For the longer term, the capital goods industries are likely to continue with growing momentum the improvement which began early in July. This situation is already being reflected in car loadings, electric power production, and steel production.

"The agricultural situation, particularly the animal industries, including meat, dairy, poultry, wool and mohair production, is especially promising. During the next year or more these industries are likely to witness increasing output at lower unit cost of production with widening margins of profit to farmers. Prospective returns from cash crops such as cotton and wheat also promise to be well above the depression low. Allied industries including food processing plants, manufacturers of building materials, farm implement manufacturers, and transportation agencies already are reflecting the improved farm income and outlook.

"It is to be hoped that out of the critical international situation there may emerge an order of statesmanship capable of appraising the causes underlying world economic maladjustments and of adopting policies which will gradually make for more harmonious international relations and the restoration of trade based on sound economic principles. And within our country there remains to be accomplished the solution of the unemployment problem on the basis of sound economics and not upon temporary and superficial expedients. This problem requires statesmen which not only are capable of analyzing the problem but which are willing to subordinate partisanship to human welfare. The longer-time economic outlook in this country and throughout the world is dependent upon how successful the people of industrial nations are in securing this type of statesmanship."

Naturally! Princess Knockabouts are twin sisters to the topcoats you've always admired in the wardrobes of well-dressed men. Man-tailored from exclusive men's wear wools... made shower-proof by the Neva Wet-process... lined with East Glo, the aristocrat of linings. They never wrinkle, so they don't get "age lines". In rain or shine your Knockabout will always be your favorite coat.

Hand washing is a waste of energy

EVERY Farm Woman DESERVES A MAYTAG

The Gasoline Multi-Motor starts with a foot pedal, operates smoothly and quietly.

You will never realize what a lot of needless work you are doing each washday until you own a Maytag. It will do an average farm washing in less than two hours—wash everything clean, everything carefully and with no hard work for the operator.

The Maytag's roomy, cast-aluminum tub keeps the water hot for an entire washing. The Roller Water Remover has an enclosed drain that reverses itself. The auto-type shift lever, the handy hinged lid, adjustable legs, and a score of other Maytag features, are a joy every washday. There is a model to suit your idea of price. Ask about the easy payment plan.

Elaborate models for homes with electricity. Free demonstrations in city or country. M-1045-15-1

## INJURIES WILL KEEP RHODES FROM CLEBURNE GAME, OTHERS REPORTED IN GOOD CONDITION

In spite of the fact that the Bulldogs will go into the game with some injuries that will keep players on the bench, an entirely different brand of football and a decided change in the spirit of the team has been promised by everyone who will break into the lineup here Saturday, when the local team meets the strong Cleburne Yellow Jackets at Lillard Field at 3 p. m.

Joe Rhodes, end, will be out of the game, it was announced today by Dr. Harry A. Logsdon, team physician, as he suffered a knee injury in the Polytex game last Saturday.

Although Rhodes will be out of the lineup Saturday his injury is not considered serious and he will be in shape to play by the first conference game with Eastland on Friday, Oct. 18, it was stated today.

Mellinger Jacoby, 200-pound end, who was out of the Amarillo game with a knee injury, is receiving treatment daily and will be in good shape by the Cleburne game, it was stated today. Jacoby played the entire game against Poly last week and his knee was reported today to be in better shape than it was last week. With the use of a brace he is not expected to have any further trouble.

The remainder of the team will be in good shape, barring practice session injuries between now and Saturday, and will be all primed for their first win of the season.

The Yellow Jacket line averages exactly 171 pounds, with the weight evenly distributed, while the backfield boasts speedy players whose average is 164 pounds, making the team a well balanced unit that has shown much promise in scoring 116 points in three games against 20 by its opponents. The Bulldogs line will average about on a par with that of the Yellow Jackets, though the Bulldogs opponents have scored 122 points while the Bulldogs have while the Bulldogs have been held scoreless.

Cleburne's two big linemen play on opposite sides of the center, white, a 196-pounder, playing at right end, while Baker, a 198-pound tackle playing on the left side of the line. The right guard, who plays next to a 159-pound tackle, tips the scales at 188, making the left side of the line fairly heavy, while the 198-pound tackle is flanked on either side by a 149-pound end and a 146-pound guard, with the center weighing in at 151.

In the backfield the heaviest starter will be Davis at quarter, weighing 163, the two halves weigh 144 and 152, while the full-back weighs 157. All are reputed to be exceptionally fast and to have more driving power on plunges through the line than their weights would indicate.

All-in-all Cleburne boasts of the best team in years, with expectations of going places and doing things in a football way, not only against the Bulldogs, but throughout her conference season this year.

## Bulldogs Given Banquet By Fans On Tuesday Night

The members of the Ranger Bulldog squad and the coaches were given a banquet at the Gholson hotel Tuesday night, at which about 60 were present.

The banquet was planned by the fans to encourage the Bulldogs and to let them know that the fans were still supporting them in a big way despite the overwhelming defeats they have met in their first three non-conference games. Dr. Harry A. Logsdon presided as toastmaster at the banquet and called upon everyone present for a short talk, none of which took more than a few minutes. The members of the squad were called upon to give their names and positions, while a number made short talks.

The banquet was declared by all to be one that would tend to lend encouragement to the team and those on the squad who talked stated that the fans could expect an entirely different brand of football in the future.

## Striking Farmers Burn Rail Bridges

CHICAGO, Oct. 8.—Striking farmers burned two railroad bridges and blew up track in an effort to cut off Chicago's dwindling milk supply today.

The latest outbreak of violence came after Governor Henry Horner attempted to break the strike by proposing a 30-day truce to carry out arbitration negotiations.

Members of the United Farmers of Illinois voted to continue withholding milk until dealers increased the price paid to farmers.

## Centennial Buttons Will Go On Sale

M'ALLEN.—Sale of 10,000 Centennial buttons for one dollar each was started in the Valley this week under the direction of J. C. Paxton, McAllen, chairman of the sales campaign.

The sale is expected to bring in a substantial part of the \$25,000 needed to finance the Valley's exhibit at the Centennial exposition. Living citrus and palm trees together with other tropical vegetation, will be featured in the exhibit.

## Milk Producers In Chicago Area Are Continuing Fight

CHICAGO, Oct. 9.—Pitched battles waged with clubs and firearms flared in the Chicago milk strike area today.

The situation became more tense hourly and the possibility developed it will be necessary to send national guards out on the highways to restore peace.

Governor Horner sent a military advisor into the section to keep him posted on the situation.

Forty-five thousand pounds of milk were dumped at McHenry, Ill.

## Carl Cooper Not In Serious Condition Following Accident

A telegram was received in Ranger Wednesday by P. E. Moore, stating that Carl Cooper, who was injured in an automobile accident near Livingston early this week, had an infection in his left arm, a slight fracture at the base of his skull and severe nervous shock, though it was hoped that his injuries would not prove serious.

The telegram was sent after Moore had telegraphed Mrs. Cooper, who was with her husband at the time of the accident.

## Exporters to Ignore U. S. Neutrality

NEW YORK, Oct. 9.—American exporters will ignore the presidential decree of neutrality in the Italian-Ethiopian war, leaders have agreed privately, and will accept orders from either nations.

The only difference will be the purchaser must arrange his own transportation.

The exporters who flaunted the presidential orders asked that their names not be revealed to prevent any embarrassment to their firms.

## SALTED WATER IS HINDERING THE ITALIANS

DJIBOUTI, Oct. 9.—Ethiopians are putting salt in wells and underground springs as the Italians advance from the Mount Mussa Ali section of the eastern front, it was reported today and the Italians are already suffering from thirst.

The reports said the Italians had advanced 25 miles into the desert, heading for the Aussa regions, behind French Somaliland.

Italians were reported advancing rapidly from Italian Somaliland, in a drive to capture Harar, the important center in the east.

One report was that the advance lines were within 60 miles of Harar, but this was doubted, as the Italians would have had to march more than 200 miles through the Ogaden desert from the Ualual section.

## D. Joseph Speaker At Rotary Meeting

D. Joseph had charge of the Rotary program today and gave a very interesting account of his experiences as a merchant from the time he landed in the United States up to the present time.

He told of his experiences in the oil boom days, saying that he had several fires and robberies, but that he did not have insurance on his stocks when they burned.

Mrs. Weldon Webb was elected pianist for the remainder of the year, Morris Bendix was elected secretary to replace Dr. G. E. Haslam and W. T. Walton was elected as song leader. A 100-per cent attendance was noted at meeting.

A. Neill, Eastland and J. C. McAfee, B. A. Butler, Forest Weight and Don Traynor of Cisco were visitors.

Joe Louis says his hands are all right, having soaked them in hot water. Even a fighter, it seems, gives in to his bride on the matter of dishwashing.

## Rites Are Held For Mrs. A. H. Downing

BRECKENRIDGE, Oct. 8.—Funeral services for Mrs. A. H. Downing, sister of Ed Riley of Sweetwater on Monday were held here today from the First Methodist church.

Mrs. Downing had lived in Breckenridge a number of years, during which time her husband was tax collector of Stephens county.

Other survivors include the husband, four sisters and two daughters.

## JUDGMENT RENDERED

Ninety-first district court has ordered that receivers of the J. R. Stubblefield estate, J. A. Board, L. A. Hightower and F. D. Wright, allow \$500 to Robert E. Bowers and Floyd Jones as attorney's fees for work in the Stephens county courts.

Confidence in U. S. Comes From Europe

If the return of the million-dollar gate to the prize-fighting racket made it seem as if happy days were here again, with the voice of the turtle being heard in the land once more, the latest news about gold shipments has a similar sound.

Transatlantic liners are bringing the metal to America once more, even as in the good old days before the crash. Latest estimates are that fully a billion dollars' worth will be brought in before the trend changes.

What the effect of all this may be is something for the economists to worry over. It is what has caused this movement that is interesting.

Europe is sending over gold simply because foreign investors have a relatively greater confidence in the future of this country than they have in their own.

The threat of war never very far removed from Europe, is right down around the housetops these days. The rhythmic crash of the feet of marching men on the pavement may have a sweet sound to the militarists and the dictators, but it is the sort of thing that scares an investor out of his wits.

In addition, Europe's various dictators have yet to prove that they know just what to put in baby's bottle to promote growth and health. Such men as Hitler and Mussolini came to power as a result of agonizing economic crises, but they are not miracle workers.

Putting Parliament in jail and ruling the nation through the voice of one man may save a lot of lost motion, but it does not automatically end unemployment and balance budgets.

By way of contrast, over on this side of the Atlantic there is a great nation which seems as little likely to go to war as any country on earth—and which stands the best chance of all of coming out of it comparatively unscathed if war does develop.

It is also a democracy, with a form of government firmly established in the affections of the people; and whatever may be said about the faults of democracy these days, a blind man could see that the American government has a greater stability than the jerry-built dictatorships of Europe.

Added up, this simply means that European investors see in America the one nation that can look to the future with some measure of confidence.

In the face of that, some of our own frantic fears look rather silly. Can't we at least have as much confidence in our own future as Europe has?

An Alabama Negro on His Way to Ring Championship

Joe Louis, a native of Alabama, of negro and Indian blood, is on his way to the ring championship of the world. He made a chopping block of Playboy Baer and knocked the Californian out in four rounds. Joe had it all his own way. He made a monkey out of the White Bruiser and he retired on his laurels with a new wife and winnings that run into the thousands.

There must be a lot of money in America, when those who have the coin in their purses can afford to pay fancy prices for tickets to witness a gory battle between the idols of the fistic ring of today—and the promoters of the brutal game in the greatest city of the western world.

County Boards of Parole in Texas

Gov. James V. Allred has announced that parole boards have been approved in eight counties in Texas through the cooperation of district governors and presidents of local service clubs. Bexar county is the eighth organized. County parole boards are to be charged with the community service responsibility of rehabilitating paroled or pardoned criminals and making periodical reports to the governor.

School Youths of Eastland County Can Secure Aid

AUSTIN.—Lyndon B. Johnson, state director of the National Youth Administration of Texas, Sunday evening issued a warning to county superintendents of schools to allocate high school aid jobs to high school principals at once in order to prevent the possibility of their allotments being lost to them and transferred to other counties.

The National Youth Administration on Sept. 14 mailed to 248 county superintendents of the 254 counties in Texas, allotments of the students eligible in each county to participate in the \$6 per month high school aid program.

The National Youth Administration has made preparations to give this assistance to 8,547 high school students in Texas. County superintendents of schools and principals of individual schools, working in cooperation with caseworkers of the Texas Relief commission, make the final selection and assignments. However, if a county does not avail itself of the opportunity and place the full number of students in part-time jobs the allotment will be transferred to another county where the demand exceeds the supply.

"It is unfortunate that there are more applications than jobs available under the federal allotment of funds for Texas," Johnson said. "But we are eager to see that the allotment is used 100 per cent. Inasmuch as it is incumbent upon the school officials to initiate the movement and to see that it is put through, the need for immediate action is urgent. School has started already in many places and will start in others in the very near future. In order that there may be no waste whenever a county fails to avail of its funds, they will be transferred and given to other counties."

"It is doubtful that a county which fails to act this week and distribute its quota of funds to high school principals will have the opportunity to do so next week."

The NYA student aid program will provide jobs for 60 high school students in Eastland county, at the rate of \$6 per month, or a total of \$360.00.

Famous Old Horse Dies at Age of 29

BORGER, Texas.—"Nigger" a 29-year-old horse known as the "Old Faithful of the Hutchinson County Range," is dead.

The animal, owned by Walter Christian of Stinnett, was found dead in a garage. Cowboys said that the horse had been ridden further and by more cowboys than any other horse on the range.

Panhandle Sees Better Conditions For Farm Crops

AMARILLO.—Marked improvement in farming conditions in the Texas Panhandle is reflected by the exhibits at the Tri-State Exposition which opened here Saturday.

Rains have brought relief to a country that only a year ago was severely drought ridden, and already a late crop that will approach normal proportions, is ready to harvest.

An unprecedented number of entries in the livestock exhibit was reported, due to the improved grazing this year and the lower expense of feeding.

Gov. Clyde Tingley of New Mexico is expected to visit the exposition on Sept. 20.

Carnival attractions, a circus, horse racing and numerous events have been planned.

Hot Oil Drive to Be Renewed In East Texas Field

AUSTIN, Oct. 8.—Railroad Commission Chairman E. O. Thompson and Attorney General William McCraw had gone to Kilgore today for a conference on oil regulation and oil law enforcement.

The meeting was part of a double drive for oil law enforcement, Thompson said.

Co-incidentally McCraw announced W. J. Holt, assistant attorney general in East Texas, will be in charge of all oil and gas enforcement in the state. It was announced six men selected by McCraw and paid by the railroad commission will be used in the work.

J. C. Koen was authorized by 91st district court Monday to adopt Billy Kirby Ribonsin.

Farmers Can Be Sued For Taxes On Surplus Cotton

ALBANY, Ga., Oct. 8.—U. S. district attorneys cannot be enjoined from prosecuting farmers for failing to pay the 6 cents a pound for cotton produced in excess of the Bankhead allotment, Judge Bascom Deaver ruled today.

He ruled on a petition submitted by attorneys for Gov. Eugene Talmadge, who is acting as a cotton farmer in restraining the Georgia Internal Revenue collector from collecting the 6 cent gin tax.

Suit of W. E. Spencer vs. J. E. Spencer was dismissed in 91st district court Monday because of physical disability of the plaintiff to prosecute the cause, a court order on file in district clerk's office showed Tuesday.

Former Rangerites Injured In Accident

Reports have been received in Ranger that both Mr. and Mrs. Carl Cooper, formerly of Ranger, had been injured in an automobile accident between Houston and Kilgore.

Although the reports were meager it was stated that Cooper had been fishing at Houston and Galveston and was en route home at the time of the accident, which was said to have occurred when he tried to pass a cotton truck.

Mrs. Cooper was reported to be not seriously hurt, while her husband's injuries were said to be more severe.

# SCHOOLEY'S 1st. ANNIVERSARY

## OPEN HOUSE CELEBRATION OCTOBER 17, 1935

*"THE PUBLIC IS CORDIALLY INVITED TO INSPECT OUR BAKERY"*

We take this opportunity of thanking the people of Ranger and the Ranger trade territory for making it possible for us to stay in business in Ranger. One year ago this month we opened our bakery with only one baker, now we are working six people. A full crew for our new shop would require nine men and women. The ladies are specially invited from 2:30 till 3:30, to see the very latest cakes on the market made. We want you to see that the very best ingredients that money can buy are used in our cakes. The football boys and pep squad girls and band are especially invited after school on Thursday evening for a treat at Schooley's.

**CONGRATULATING**  
 Our Progressive Townsman  
**H. T. SCHOOLEY**

on the confidence he has shown in the future of Ranger, by the expending of a large amount of money in the purchase of new machinery and equipment for his bakery.
