HOUSTON, Nov. 7.—Vacancies in three missionary districts of the Protestant Episcopal church were filled today by the house of bishops in annual session here.

WAR IS HALTED OVER ETHIOPIA BY HEAVY RAIN

With the Italian armies in Ethiopia temporarily halted by rain, interest in the war crisis centered in Europe where Great Britain showed signs of preparing for trouble in the Mediterranean.

Patrolmen Ordered To Enforce State Laws On Speeding

State patrolmen Morgan Myers and Ernest Daniel stated today that they were in receipt of orders from headquarters that they concentrate on enforcing the speed law, which gives passenger cars a speed on highways of 45 miles an hour, and through towns and villages of 20 miles an hour.

Cases Assigned In 88th Court

Assignment of nine cases for trial this month and in December has been announced by 88th district court.

DESDEMONA

The Methodist Missionary Society met at the church Wednesday at the completion of the study of "That Other America," under the leadership of Mrs. H. H. Nance. During the course of study, much outside reading has been done by members of the society. Three other books on Latin America were read in connection with the main text book and several articles from National Geographic magazine gave much information about the countries of South America. The attendance of members

and visitors was good. On Tuesday afternoon Mrs. W. E. Barron accompanied by Mrs. Gifford Acres, drove to Stephenville and visited friends and relatives. Mrs. R. K. Glanton, mother of Mrs. Barron, who had been visiting there, came home with them.

Wiley Powers returned Tuesday night of last week from a business trip to West Texas. On Tuesday night the Desdemona High School carnival was held at the ball park. The weather was cold but a large crowd attended and enjoyed the various features. Miss Inez Northcutt, attractive daughter of Mr. and Mrs. Roy Northcutt, won in the popularity contest and was crowned queen. All who took part in the ceremony wore beautiful costumes.

Miss Edith Creighton spent the week-end at her home in Strawn. Mrs. Bill Parks drove to Stephenville Monday to have some dental work done. Mr. and Mrs. R. D. Wright and their sister, Miss Johnnie Buchan, and Mr. and Mrs. Bailey Stark attended the picture show at Gorman Friday night.

Mr. and Mrs. H. H. Pullig and daughter, Virginia, and Ruth Cooper of Gorman, visited Mrs. Pullig's sister, Mrs. Wiley Powers

and family Sunday afternoon. Mrs. Grace Bray and daughter-in-law, Mrs. J. H. Rushing, Jr., and children were shopping in Ranger Saturday.

Frank Gee of Van came in several days ago for a visit with his wife and children who have been here visiting her parents, Mr. and Mrs. E. J. Morrow, for a few weeks.

The many friends of Guy Bruce will be interested in knowing that he is now a worker on an oil tanker from Beaumont to Norfolk, Virginia, and other Atlantic ports. Mrs. O. T. Arthur of Coahoma is visiting friends and relatives here.

Mrs. C. A. Skipping returned Sunday from an extended visit with relatives at Kilgore and Longview and in the Ozark Mountains of Arkansas. Mr. Skipping met her at Dallas.

Mrs. John Nabors went to Kilgore several days ago to attend the funeral of her brother. Her many friends are extending sympathy to her.

Rev. and Mrs. G. L. Brown of Trinity, Texas, were guests of Mr. and Mrs. W. H. Davis Thursday. Rev. Brown was pastor of the Presbyterian church at Gorman several years ago and they were very popular with the people of

Gorman and also Desdemona. R. D. Wright drove over to Stephenville Saturday and brought his sister, Miss Romalee Wright, home for the week-end. Mr. and Mrs. Carroll Stover of Conroe, visited his parents, Mr. and Mrs. S. T. Stover Sunday. The Stovers had with them, also, their oldest son, Elmer Stover of Dallas.

Mr. and Mrs. Harry Gallagher of Hobbs, N. M., came in Thursday for a visit with her parents, Mr. and Mrs. Tom Nabors. We are glad to report that N. Rudman has sufficiently recovered from his auto accident injuries to be able to come down from Breckenridge and look after the business of the Rudco Gasoline business.

Mr. and Mrs. C. O. Bragg and son, Charles, returned Sunday from Santa Anna where Mrs. Bragg and Charles had spent the week with her parents.

Will Munn and family of Olden have moved back to their farm west of town. The children will start to school Monday.

We are sorry to report that Mrs. Wayland Seal is seriously ill at the Gorman Hospital. Her many friends hope there may be a change for the better soon.

In last week's issue we failed to report that Mrs. Clarence Ragland and Mrs. R. J. Krapf went to San Antonio the week before and attended the meeting of the Grand chapter of the Order of the Eastern Star. Mrs. Ragland went as Worthy Matron and as proxy for Mr. Krapf, who has served efficiently as Worthy Patron 10 years.

Mr. and Mrs. A. C. Moore were visitors at Eastland Sunday. Mrs. Wofford Jones of Breckenridge, spent the week-end here with her sister, Mrs. Henry Gentry and her mother-in-law, Mrs. Eula Jones.

Mrs. Earl Lane of Oklahoma, and her sister, Mrs. Leland Lane from Electra, visited Mr. and Mrs. Horace Lane and other relatives and friends here last week. Mrs. Earl Lane's mother, Mrs. Ash, returned to Oklahoma with her.

San Powers was a business visitor in Gorman Monday. Mr. and Mrs. Y. L. Dabney of De Leon and Jean Smith, were visiting Lee Dabney and family Sunday.

Mr. and Mrs. S. T. Stover went to De Leon on business Saturday. Mrs. Sam Roberts and son, Herbert, were shopping in Ranger Saturday.

Mrs. Lee Dabney and children and Mrs. Alice Ferrell were visitors in Ranger Saturday. Mrs. Style McEntire and baby, James Edward, went to Breckenridge Sunday with Mr. McEntire, who had made a short visit with them here.

Mr. and Mrs. Ray Johnson and family of Graham, and Mr. and Mrs. Johnson and daughter of Frankell were week-end guests in the home of Mr. and Mrs. Daniel Ash.

Misses Jane and Dude Hammond entertained with a party in honor of the football boys Friday night at the home of Mr. and Mrs. Lee Dabney. Being a cool night they built a bonfire and toasted marsh-

malloes, played various games and at 10 o'clock departed for their homes. There were between 25 and 30 present.

Mr. and Mrs. Dave Key and Tom Key drove over to Lingleville on business Monday.

Miss Peggy Joan Gallagher and her brother, Norvel D., were visiting in Gorman and Desdemona, Saturday.

O. G. Lawson of Cisco was here Monday on business and also visiting with his many friends.

Mrs. Eula Clark gave a Halloween party at her home Wednesday night for the pupils of the Grammar school.

Mrs. Bill Parks gave a Halloween party at her home Thursday night, the guests being boys and girls of her department of the B.Y.P.U. A large crowd attended and had a delightful time.

Mrs. Ford Reid gave a party on Wednesday afternoon, Oct. 30, in honor of the 10th birthday of her daughter, Iris June Reid. Games were played and the many presents inspected and delicious refreshments were served. Those present were: Gaynell Parks, Yvonne Dabney, Geraldine Moore, Robbie Jean Lane, Evelyn Walker, Willa Dean Brightwell, Florence Kemp, Helen Moon, Evelyn Joiner, Marjory Brown, Zella Mae Brightwell, Lee Dabney, Dorothy Jean Northcutt, Harry Rouse, J. P. Quinn, Paul Stanley Arnold, Calvin Williams, Blaywer Gentry, Dorothy Huffman, Jim Hal Parks.

Mr. and Mrs. Herchel Ewing of Proctor are visiting his sister, Mrs. J. S. Brown.

Mrs. J. T. Wilson and little daughter and Mrs. Easter Pilgrim from Breckenridge have been visiting her parents, Mr. and Mrs. G. C. Pilgrim. They returned home Sunday.

Mrs. Shelley Tucker, Mrs. L. B. Cozart, Misses Rosa Love and Betty Tucker and Mrs. Aaron Cozart and son visited in the J. J. Tucker home Monday.

We regret to hear of the death of Mrs. J. D. Garner of Breckenridge, who was buried Sunday. She lived here before moving to Breckenridge.

FAST-FLYING FISTS

Tim McCoy and Ward Bond in "Fighting Shadows," showing Saturday at the Columbia Theatre.

NIMROD

A cold norther is blowing which reminds us that spar-ribs and sausage will soon be gracing our tables.

There is quite a bit of sickness here at present. Mrs. A. B. Hall is quite sick with lumbago. Her daughter, Mrs. Dottie Marshall of Loraine, is visiting her. Mrs. W. H. Hall is suffering from a sprained wrist. Junie Brown stuck a pitchfork in his foot Saturday and has been suffering considerably. Miss Vena McBeth is still confined to her bed in Cisco following an appendix operation five weeks ago.

A. J. Thomas has been in a Ranger hospital about two months with blood poisoning in his foot. Mr. and Mrs. Floyd Harrelson and son, Teddy Mae, of Romney, visited his mother, Mrs. A. E. Harrelson, Sunday.

Mr. and Mrs. Doss Cozart were dinner guests Sunday of Mr. and Mrs. George Brown.

Mr. and Mrs. Pritchard of Taylor county are visiting her parents, Mr. and Mrs. Bill Burkett.

We extend to Mr. and Mrs. Roy Townsend and family our deepest sympathy in the death of their twin babies, a boy and a girl. A large crowd was present Sunday afternoon at their funeral. They were buried in Pisgah cemetery.

Our school is progressing nicely under the leadership of Misses Elsie Sharp and Lucille Stansell. A supper was given last Wednesday night and \$23.82 was cleared, which is to be used in buying school equipment. The first six weeks has just closed and following is a list of the highest averages in each grade.

Seventh Grade—Almus Fannin, average 85.3 per cent. Sixth Grade—Lois June Allen, average 85.4 per cent.

Fifth Grade—Geneva Thomas, average 87.9 per cent. Fourth Grade—Doris Jean Harrelson, average 91 per cent.

Third Grade—Billie Jean Hall, average 92.8 per cent. Second Grade—Viola Threeth, average 92.4 per cent.

First Grade—Billie Loyd Compton, average 89.8 per cent.

ALAMEDA

The farmers here have been busy taking up their peanuts. Some have thrashed but the rainy weather is causing some delay.

Harry Deal and L. B. Cozart and Shelley Tucker and G. W. Pilgrim and son, Grover, and Claude Belue were in Eastland Friday.

Mr. and Mrs. W. J. James, Mrs. J. H. Wheat, Mrs. L. B. Cozart and Mrs. J. L. and J. S. Brown and children visited in the Harry Deal home Thursday.

Mr. and Mrs. Herchel Ewing of Proctor are visiting his sister, Mrs. J. S. Brown.

Mrs. J. T. Wilson and little daughter and Mrs. Easter Pilgrim from Breckenridge have been visiting her parents, Mr. and Mrs. G. C. Pilgrim. They returned home Sunday.

Mrs. Shelley Tucker, Mrs. L. B. Cozart, Misses Rosa Love and Betty Tucker and Mrs. Aaron Cozart and son visited in the J. J. Tucker home Monday.

We regret to hear of the death of Mrs. J. D. Garner of Breckenridge, who was buried Sunday. She lived here before moving to Breckenridge.

FRIDAY'S LUCKY DAY FOR WEE JANE WITHERS Friday is always Jane Withers' lucky day. She made her stage debut as the star of Atlanta, Georgia's Toyland Revue, at the age of 3 on a Friday; her first radio appearance was made on a Friday night. Probably the most important event of Jane Withers' life occurred on Friday, Sept. 21, 1934, when she was signed for the role of the little meanie in "Bright Eyes," starring Shirley Temple. She started work on "Bright Eyes" on Friday, Oct. 5, and as a result of her performance, was signed to a long term contract by Fox Film on Friday, Dec. 7, 1934. "Ginger" was produced by Sol M. Wurtzel, directed by Lewis Seiler and features O. P. Heggie and Katherine Alexander in the cast. **You'll Appreciate THE SPEEDY SANITARY BARBER SERVICE AT LOVE BROS. Method of Stopping Highway Accidents Is Being Discussed

WESLACO, Tex.—R. H. Sawyer, president of the McAllen Chamber of Commerce and chairman of a Valley-wide committee now planning a method of organi-

zation for a four-county campaign against highway traffic accidents, predicted at a meeting held last week that the campaign would receive a heretofore unknown public support for a civic enterprise. Sawyer presided over a committee which completed plans for a Valley-wide gathering at Mercedes at which the organization is expected to be formally set up. Several speakers will address the meeting after which the committee's report will be heard.

Fire Chief C. H. Britton of McAllen, "father" of the Valley safety drive which was brought to attention at a dinner given by the McAllen Chamber of Commerce, reported that he had received resolutions from eight Valley civic groups favoring the campaign. The resolutions came from San Benito American Legion post; Pharr Kiwanis Club, McAllen Rotary Club; Harlingen Lions Club, McAllen Lions Club, Edinburg Rotary Club, and McAllen Chamber of Commerce. Alamo Chamber of Commerce and the Valley Council, Boy Scouts of America, have mailed Britton written endorsements.

D. P. Gay of Brownsville, president of the Valley Peace Officers' Association, has issued a request for the attendance of all Valley officers and association members at the Mercedes meeting.

City Completes \$6,500,000 Hall

KANSAS CITY, Mo. — This city's new \$6,500,000 municipal auditorium, in process of construction four years, has been completed.

The auditorium is the second largest in the country with a seating capacity of 15,000. It contains all modern apparatus and comforts. The main auditorium with its huge seating capacity is only a small part of the gigantic structure which occupies more than a city block.

In addition to the auditorium arena, there is a theater that will seat 2,000, a little theater capable of seating 1,500, an exhibition hall that covers three acres of floor space and 40 committee rooms.

Designed for Every Need The structure has been so designed that a national political convention, a grand opera, a symphony concert or play, a dozen lectures in the individual rooms, and an exposition can all be done at the same time without interruption and crowd interference.

The auditorium has been constructed with an ear to acoustics and an eye to floor level so the person occupying the lowest priced seat can enjoy whatever proceedings are in session just as well as the person in the "ringside" seat. A public speaking system, costing \$50,000, has been installed.

In the lighting control rooms the switchboard is foolproof and if all the fuses blow out simultaneously an automatic device ensures continued lighting. The hall is air conditioned.

Hall Has "Smoke Skimmer" There is even a "smoke skimmer" installed, a device built above the arena which will take the smoke from cigars and cigarettes sucking it upward and discharging it to the outside thus making wrestling and boxing matches more comfortable.

The arena floor is built of wood carved from yellow pine vertical grained blocks and set in asphalt. The grand foyer is a veritable forest of massive marble columns faintly reminiscent of the great

temples built in ancient times. Drinking water fountains have been installed throughout the gigantic structure. There are dressing rooms and shower baths capable of caring for 600 athletes.

HISTORIC TAVERN SOLD FOR \$1.00

UPPER SANDUSKY, O. — Garrett's Tavern, historical landmark here, one visited by the noted English author, Charles Dickens in his American travels has been purchased by the Wyandot National Museum for \$1.

Plains Farmer Has Luck Planting Trees

DALHART, Texas.—E. S. Collins is having exceptional success with tree planting on his Rita Blanca ranch near Channing as a result of transplanting seedlings, reports County Agent J. S. Coleman. Collins plants seedlings closely together to facilitate care and after a year removes every other one for transplanting. Under this method 98 per cent of the trees have lived, Coleman said. Importance of successful tree planting is being emphasized by the soil conservation service which is using trees to protect plowed fields from eroding winds.

portance of successful tree planting is being emphasized by the soil conservation service which is using trees to protect plowed fields from eroding winds.

Do You Ever Wonder

Whether the "Pain" Remedy You Use is SAFE? Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about GENUINE BAYER ASPIRIN. He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief. Scientists rate Bayer Aspirin among the safest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this. You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

ANNOUNCING GLEN LEE AND HIS ORCHESTRA

Will Play for ARMISTICE DAY DANCE

November 11th at LAKE CISCO

Glen Lee and his orchestra are under management of the Music Corporation of America. They played seven months engagement at Terrace Gardens, Morrison Hotel, Chicago. Now playing at Adolphus Hotel, Dallas.

T. C. U. Planning Big Homecoming

FORT WORTH.—Plans for the biggest homecoming Texas Christian University ever held are now being planned by the committee in charge for the 1935 Horned Frog Homecoming, scheduled for Nov. 29 and 30, on the occasion of the Southern Methodist University-T. C. U. football game.

Already, more than a month before the event, more interest has been displayed than at any time since 1929. Stewart Hollman, Fort Worth attorney said. Hollman is in charge of local arrangements.

Dan Rogers, Frog supporter of Dallas, has announced that the Dallas alumni will all be in Fort Worth for the reunion activities and game.

Mack Clark, assistant business manager of athletics in charge of ticket sales, reports that advance sales are already running heavy and that the stadium on the day of the game will probably hold a record crowd for football in Fort Worth.

Weslaco Planning Birthday Party

WESLACO, TEXAS.—A total of 17 committees are now actively at work on the annual Weslaco Birthday Party Dec. 11 and 12, according to announcement of Gus Kaufman, general chairman. The events will celebrate the fifteenth anniversary of the city's founding.

The local committee chairman to be appointed was Mrs. R. M. Gilmore, who will head the group arranging for the citrus-vegetable style show, in which girls and young women fashion dresses from

Central West Texas Oil Field

BRECKENRIDGE, Texas.—It was reported this week that Hannon Gasoline Company's No. 1 C. E. Sikes test, located eight miles southeast of Breckenridge, would be abandoned. Top of the Ellenberger lime in this test was 4,200 feet and at 4,280 feet a pay was topped which was estimated around 50 barrels or better. Difficulty was encountered in plugging back with cement, tubing was dropped and the well could not be properly completed or tested.

H. J. Cox et al's test on the Corbett ranch north of Ivan is running 3 1/2-inch tubing and hope to shut off the cave which they have been fighting the past several weeks; no accurate test has ever been given on this well yet so no estimate can be put on its possibilities but the operators still think they have a nice producer.

In the Hawley pool of Jones county, Ungren & Frazer's No. 2-A King was completed for a 700-barrel well from the sand at 1,980 feet to 1,990 feet.

Pitzer & West's No. 1 J. N. Booner at South Bend was drilling at 1,800 feet early this week and they were moving in on their test with the Humble Oil & Refining Company, on the George DeLafoase ranch between Breckenridge and Albany.

Those Montana earth tremors suggest that Stepin Fetchit could find an ideal job in a Helena tavern, mixing cocktails.

8 1/2 chilly hours since he parked BUT NO CHANCE OF DAMAGE... HIS ENGINE stays oiled

Today you can use a winter oil which builds itself right into the "innards" of your engine. That is, a certain portion of Conoco Germ Processed Oil really forms a BOND with metals, and stays on continuous duty where all the worst friction used to come.

This uncanny action, created by the patented Conoco Germ Process, automatically wipes out the costliest winter wear...

"Dry," unlubricated, wracking starts? ... Not with the oil that's Germ Processed to stay up on the job every minute, every hour, every day that you park—"whatever the weather"... Not when Germ Processed Oil has become a part of all metal surfaces... Not with the Hidden Quart, which has enabled many an engine to run with the crankcase absolutely empty—in verified show-down tests.

And this same patented Germ Process means extra protection not only for the conventional babbitt bearings, but for the newest bearings—whether copper-lead, high-lead or cadmium-alloy. Germ Processing also creates the high durability oil film... hence a light, free-flowing winter oil that's tougher too, for the toughest going of all the year. You and your Conoco man can make this whole Winter "act gentle" to your motor, beginning today. Drive in.

Miss Elizabeth Visintine left on Thursday for Detroit, Mich., where she will spend the winter.

"Calumet sure gives you your money's worth, with that Big New 10¢ Can!"

SAYS MRS. W. W. HICKY, OF CHICAGO, ILL.

"THERE'S a lot of good baking in that 10¢ can of Calumet," observes Mrs. Hicky. "It's worth more than a dime any day!"

"Of course, with my big family I get the full-pound can—and it's only 25¢ now. As long as I bake, Calumet will be in my pantry!"

Grandfather Rommel, who was a baker for 40 years, says: "Calumet takes the guesswork out of the job nowadays."

LOOK AT THE NEW CALUMET CAN! A simple twist... and the Easy-Opening Top lifts off. No delay, no spilling, no broken ingredients!

WHAT makes Calumet so dependable? Why is it different from other baking powders? Calumet combines two distinct leavening actions. A quick action for the mixing bowl—set free by liquid. A slower action for the oven—set free by heat. This Double-Action produces perfect leavening.

All Calumet prices are lower! Calumet is now selling at the lowest prices in its history... The regular price of the Full-Pound Can is now only 25¢! And ask to see the new 10¢ can—a lot of good baking for a dime—with Calumet, the Double-Acting Baking Powder. A product of General Foods.

Lawson Hopeful Of Going Free In Third Murder Trial

By JACK WELTER SAN JOSE, Cal.—The man who wrote "We Who Are About to Die," in a cell in San Quentin's death row regards the future complacently as he awaits his third trial on murder charges.

David A. Lawson, poet, playwright and author, who wrote the impressions of a man awaiting death on the gallows, is anticipating freedom after two and a half years' imprisonment, despite his attorneys' impassioned insistence that he cannot obtain a "fair and unbiased trial" in Santa Clara County.

On May 30, 1933, the tragic first chapter of the Lawson case was written with the violent death of Allene Thorpe Lawson.

Lawson, the state charged, killed his wife with a pipe in their Stanford University campus home because of marital discord and cooling affection. The defense contended she died accidentally when she fell in her bathtub and fractured her skull on a wash basin.

He was tried, convicted and sentenced to hang. The state supreme court reversed the decision and ordered a new trial, which resulted in a jury deadlock—nine to three for conviction.

Third Trial Starts Soon Clinging to a philosophy his mother taught him, Lawson is pleasant, genial and apparently untroubled. His third trial, frequently delayed, is scheduled to begin Oct. 28.

His wife is dead. His mother died while he has been in prison. Fate has dealt harshly with David Lawson, but he doesn't lament.

"There's no use crying over things that can't be helped," he said. "One becomes accustomed to confinement."

"My mother for years taught me not to cry over things which are done. I've always, long before I was ever brought to jail here, tried to look ahead after any misfortune."

He keeps busy, trying to divorce his mind from his troubles.

"I arise about 7:30. I have breakfast and spend most of my mornings typing, helping my attorneys in making copies of the records of the first two trials. I eat lunch and read considerably in the afternoon. Then there's dinner, perhaps a chess game and later bed."

Venue Change Denied This routine has been altered somewhat recently as Lawson appeared in court while his attorneys fought for a change of venue, which was denied.

Lawson's sisters, Mrs. Willis Thoits and Dr. Margaret Lawson, visit him often.

"Since publication of my book" he said, "I have done no further literary work, although I have plans for the future. I don't think much about myself. I look to the future. I've always had this attitude, even while in San Quentin. There's always something to look forward to. My attitude naturally is different from that of one who is serving time and has only years of imprisonment before him."

"I am neither hardened to trials nor dread my third trial. There's a different feeling, however, among those who were present at my recent court hearings from those at the first trial."

Accusing Faces Disappear "I don't see those cold, accusing faces on all sides, which was the case two years ago," he explained.

In all the two and a half years of his ordeal, Lawson has remained unshaken in his insistence that he is innocent. He was asked why he had remained silent immediately after his arrest. Many, it was recalled, interpreted his silence as an indication of guilt.

"There are different ways of looking at that," he said. "When the tree falls in the forest, unless

someone is around to hear it, "Had I stormed and torn at the bars of my cell, it would have been said I had threatened violence to my keepers. Had I pleaded, it would have been said I was breaking and ready to confess. As a result, the best thing to do, I soon found, was to keep silent. Anything you say, you know, can be used against you, and that is literally true."

NEW CARD SHUFFLER APPEARS

CHICAGO.—After a lull of a couple of years in the production of automatic card-dealing devices, a new type, top-of-the-table gadget which shuffles and deals at the same time has made its appearance in the Merchandise Mart here.

FORT ERIE, Ont.—It rained for one hour here one night while the stars and moon shone brightly and not a cloud was in sight. No explanation for the phenomenon has been advanced by scientists.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE

FAMOUS chefs stake their reputations on meat and vegetable sauces to make their dishes specially delicious, and I vow it has repaid me well to perfect this phase of my cookery.

The following dinner menu gains much from the tomato sauce used with the veal cutlets and the butterscotch sauce served with the cup cakes. The dinner would be quite dry without the sauce over the meat, while the butterscotch sauce lifts the cup cakes to the dignity of a real dessert.

The three menus for the day are simple but planned with the necessary calories, mineral content and vitamins carefully calculated. A crisp food is included in each meal and milk is used in adequate amount.

Breakfast: Sliced oranges, cereal, cream, coddled eggs, crisp toast, cocoa or milk, coffee.

Luncheon: Cream of onion soup, toast sticks, jellied carrot and pineapple salad, chocolate bread pudding, milk, tea.

Dinner: Veal cutlets with tomato sauce, twice baked potatoes, buttered green beans, stuffed prune salad, cup cakes with butterscotch sauce, milk, coffee.

Tomato Sauce Four cups sliced tomatoes, 2 teaspoons sugar, 1 teaspoon salt, 1 onion, 6 cloves, parsley, celery leaves, 2 tablespoons butter, 2 tablespoons flour, 1-4 teaspoon pepper.

Canned tomatoes can be used with equally good results, although less salt may be needed. Melt 1 tablespoon butter in sauce pan. Add onion peeled and sliced and cook slowly until lightly browned. Add tomatoes, sugar,

Tomorrow's Menu

BREAKFAST: Baked pears, cereal, cream, salt pork with cream gravy, waffles, milk, coffee.

LUNCHEON: Oyster stew, toasted crackers, cabbage and celery salad, pumpernickle, hermits, lemonade.

DINNER: Cream of mushroom soup, broiled lamb chops, Bearnaise sauce, browned potatoes, new peas in cream, fruit salad, steamed graham pudding with liquid sauce, milk, coffee.

salt, cloves, parsley, celery leaves and stew twenty minutes. Rub through a colander. Melt remaining butter and when bubbling stir in flour. Cook until foamy and add tomato puree. Bring to the boiling point, stirring constantly, and season with pepper. Serve with veal cutlets or fish.

Bearnaise Sauce This is one of the best sauces for broiled meats and fish I know. Three tablespoons water, 3 tablespoons tarragon vinegar, 1-2 onion, 4 egg yolks, 1-2 teaspoon salt, 1-4 teaspoon white pepper, 1 teaspoon finely chopped parsley, 4 tablespoons butter.

Slice onion and cook in water and vinegar until liquid is reduced one-half. Strain into a small sauce pan and add egg yolks, one at a time, stirring constantly. Cook over hot water, stirring steadily, adding butter, one tablespoonful at a time as the mixture thickens. When smooth, thick and glossy, remove from heat and add salt, pepper and parsley. Serve hot.

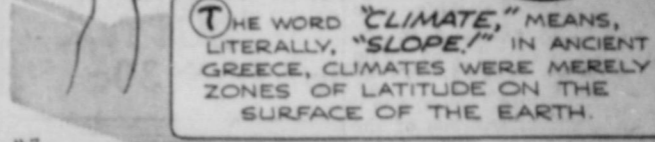

THIS CURIOUS WORLD By William Ferguson

CONDORS CANNOT FLY UNTIL THEY ARE SIX MONTHS OLD. SOME BIRDS FLY WHEN OUT OF THE EGG BUT LITTLE MORE THAN A WEEK.

HOUSE CENTIPEDES, SOMETIMES CALLED "THOUSAND-LEGS," ACTUALLY HAVE ONLY THIRTY LEGS.

THE WORD "CLIMATE," MEANS, LITERALLY, "SLOPE" IN ANCIENT GREECE. CLIMATES WERE MERELY ZONES OF LATITUDE ON THE SURFACE OF THE EARTH.

CLIMATE, to the ancient Greek, represented latitude zones corresponding to successive increases of half an hour in the length of the longest day, beginning at the equator, where the day is never more than 12 hours long.

New Interest Is Gripping Voters Over Louisiana

BATON ROUGE, La.—The political battle in Louisiana, to be fought at the polls Jan. 21, 1936, has aroused such interest that even at this date it is predicted that 100,000 more citizens will vote than in the presidential election of 1932.

Prospects are for the longest ballot since 1812 when W. C. C. Claiborne became the state's first governor. Approximately 3,000 elective offices will be filled in the Democratic primary. As Democratic nomination is tantamount to election in Louisiana, the January primary will mark the high water mark in the state's political year.

Poll Tax Law Repealed Repeal of the poll tax law and sharp increases in registration account for the expected increase in voting. A total vote of around 465,000 is anticipated.

The name of the late Huey P. Long will be missed. Long was to have stood for re-election to the United States Senate. Instead, Allen J. Ellender of Houma, speaker of the Louisiana House of Representatives, has been named by the Long machine to succeed the leader. Thus far, U. S. Rep. John N. Sandlin is Ellender's only opponent. Sandlin is an anti-Long man.

Among the offices to be filled are those of approximately 422 police jurors (who perform duties similar to those of county commissioners in other states) 611 school board members, 520 justices of the peace, 510 constables and 104 state committeemen.

Judges to Be Nominated

Also up for decision are offices of district judges, district attorneys, sheriffs, coroners, clerks of courts and assessors.

State offices to be filled include governor, lieutenant-governor, secretary of state, attorney-general, treasurer, superintendent of education, commissioner of agriculture, one public service commissioner, auditor and register of land office.

There also will be elected 10 United States representatives and an associate justice of the State Supreme Court.

Principal contestants for the honor of becoming Louisiana's 47th governor thus far are Judge Richard Leche, on the Long ticket, and U. S. Rep. Cleveland Dear, on the anti-Long slate. When Louisiana was under French and Spanish rule, there were 20 territorial governors.

Allen to Retire

The winner in the gubernatorial fight will succeed Oscar Kelly Allen, long-time friend of Long, who desires to relinquish his post. Allen recently was elected Democratic national committeeman and chairman of the state committee, succeeding Long in both instances.

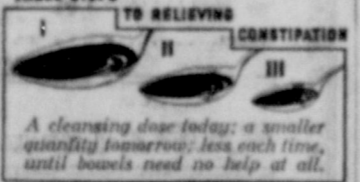

Louisiana's governors since the turn of the century: William Wright Heard, 1900-04; Newton Cain Blanchard, 1904-09; Pared Young Sanders, Sr., 1908-12; Luther E. Hall, 1912-16; Rufin G. Pleasant, 1916-20; John M. Parker, 1920-24; Henry L. Fuqua, 1924-18 (died in office); O. H. Simpson, lieutenant-governor, filling Fuqua's unexpired term, 1926-28; Huey P. Long, 1928-32 (resigned to enter United States senate term); Alvin O. King, president pro tem of the state senate, succeeded Long, 1932; Oscar Kelly Allen, incumbent.

DOCTORS KNOW

Mothers read this:

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use liquid laxatives.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced doses is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

OFFICERS SEEK TWO ESCAPED TEX. CONVICTS

HUNTSVILLE, Nov. 4.—State prison officials were on a man-hunt today for two convicts who were freed late yesterday by unsuspecting guards in the cleverest escape in the history of the 80-year-old institution here.

State Prison Manager Dave Nelson, who took office only four days ago, revealed the break. The prisoners were Ullis Hall, 29, a lifer, and Ed Starr, 21. The men, both dressed in civilian clothes, walked into the warden's office and were turned to freedom.

Nelson said the men, both small, scaled the wall of a two-story building, crawled along the prison roof, half around the quadrangle and sawed the bars from a window in the clock tower over the administration offices.

They changed clothing and walked into the office of W. W. Waid. They asked if they could visit a prisoner.

"It's after visiting hours, you'll have to return later," one of the men in the office told them.

Hall and Starr walked through a hall to an outside porch and strolled down the street toward Huntsville.

LIQUOR BILLS ARE TAKEN UP BY LEGISLATORS

AUSTIN, Nov. 4.—Texas legislators today took up the liquor problem again as both houses voted to begin arguments on the troublesome question.

The house voted 100 to 14 to take up a license control bill by Rep. Alfred Petch, Fredericksburg, similar to that it passed at the first called session. It is classified as a "dry" measure in that it excludes entirely provisions for sale except in unbroken packages.

Senators took up a "wet" bill by Sen. Weaver Moore, Houston, providing for local option election on mixed drinks sales in hotels and cafes.

The bills first called up faced attempts at displacement by other plans. House members refused to limit discussion without a chance at amendments.

The senate's first decisive vote prohibits women selling liquor. Under it a woman clerk in a grocery or drug store could not sell even in unbroken packages. The vote was 17 to 11 against such sales.

Varsity Guard Is Almost a Soldier

MANHATTAN, Kan.—Augustus Caesar Cardarelli is still playing guard for Kansas State college, but he will have been lost to the team for war service. Cardarelli was born in Italy, and although he has lived 19 of his 21 years in Republic, Pa., it was not until a few months ago that he was naturalized. Wes Fry, his coach, is glad Cardarelli will do his fighting for Kansas State and not for the U. S. Army.

Gonzales Ready For A Big Celebration

GONZALES, Nov. 4.—Gay colors, flags and carnival trappings bedecked the city today as citizens hurried final preparations for the Gonzales Centennial exposition which opens tomorrow. The event will commemorate the first shot of the Texas revolution for independence fired here Oct. 2, 1835, and will be the biggest celebration in Gonzales' history.

NEWSMEN ARE UPHELD IN A COURT TEST

AUSTIN, Nov. 6.—Newspapers have a right to publish court proceedings, the court of appeals held today, discharging from contempt six Houston newspapermen who violated an order against publication by District Judge W. S. Munson of Angleton.

The six news men were Harry McCormick and E. M. Pooley of the Houston Press, Ed Rider and George Cottingham of the Houston Chronicle, Frank White and Max Jacobs of the Houston Post.

McCormick, Rider and White were reporters attending the trial of a prison farm convict charged with murder. Two other convicts were also charged in the killing. Judge Munson ordered newspapers not to publish stories of the first trial, saying it might be hard to get juries for the other trial.

The opinion of the court said in part: "It appears to us Judge Munson unduly stressed the tendency of newspaper reports of trials to embarrass the courts."

"The law throws adequate safeguard around the accused. The trial court is empowered to order a change of venue on his own motion. The accused may have a change of venue on making the showing required by the statute. Great latitude is accorded for determining on direct examination whether jurors entertained such an opinion touching the merits of the case in finding a verdict."

Hidalgo County to Get Four Markers

EDINBURG, Texas.—Four historical markers designating points of importance in Texas history in what is now Hidalgo county will be placed by the Texas Centennial Commission, according to information received Monday by Judge J. F. Carl, president of the Rio Grande Valley Centennial Exhibit Corporation, from Lt. Gov. Walter F. Woodul, Centennial commission chairman.

The Texas highway department will place one marker in Edinburg which will include a brief history of the county and a sketch of the life of Miguel Hidalgo, Mexican patriot for whom the county was named.

The other three markers will be placed at the town of Hidalgo, at the site of the Mission San Joaquin del Monte and at the site of Camp Ricketts. Each will cost about \$200 and will be of granite. Bronze plaques will be fitted to each of the granite markers. Inscriptions for the plaques are being prepared by the Centennial advisory board, composed of L. W. Kemp of Houston, J. Frank Dobie of Austin, and Paul J. Folk of Austin.

Lots of Figuring and Considerable Work Saves City \$623.66 for Fifty Needed Street Intersection Signs

Ranger was badly in need of about 50 street signs, but street signs cost \$12.50 each, which would mean an expenditure of something like \$625. But \$625 is \$625, even if it is the city's money that is being spent, according to the way Col. Brashier, street commissioner, figured it.

So he pressed Fire Chief G. A. Murphy into service. Not that Murphy needed much pressing, because he is always figuring out ways in which the fire and street departments, which are under his supervision, can be put to work and save part of the city funds.

The street commissioner did a lot of figuring, and the fire and street department employees did a lot of work. The result was they produced 50 standard size street markers at a cost of slightly less than 3 cents each. In fact Murphy figured that the total of materials was only \$1.34, which would make a cost of \$0.268 each for the sign standards, not counting the cost of painting them, or a saving of \$623.66.

The way they did it was by getting old two-inch pipe that was no longer serviceable for pipe line use, but which could be utilized. Murphy borrowed tools from sev-

RANGERS RAID NIGHT CLUB ON DALLAS ROAD

FORT WORTH, Nov. 6.—Using tactics reminiscent of the World War, two state rangers today raided a night club on the Dallas pike, the Top of Hill Terrace. They arrested five men, charged them with operating a gambling house, and seized \$8,000 in equipment.

Captain McCormick and Sergeant Kelso crawled a mile on their stomachs at the rear of the place after they found the front entrance protected by a guard and a buzzer system.

About 30 persons, including the five arrested, were found in the gambling rooms as the officers entered.

Equipment seized included three roulette wheels and several gaming tables. Captain McCormick said the raid was part of a cleanup of well known resorts over the state.

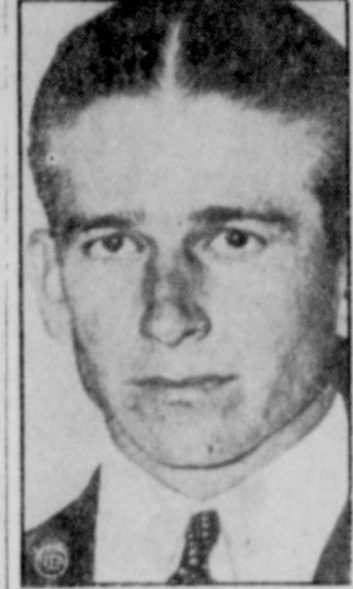

Further Progress Toward National Recovery is Noted

By Dr. F. A. BUECHEL, Assistant Director University of Texas Bureau of Business Research

Further progress toward recovery has been registered during the past month in particularly all phases of business activity, and there are good grounds for expecting that the present trend will continue, at least during the remainder of the year and the early months of the next year.

Marked expansion during recent weeks in retail trade, checks cashed, and the movement of miscellaneous freight indicate that the rate of consumption is rising. On the industrial production side of the picture, the outstanding features are the all-time high which was reached during the week end-

Ready for Trial in 'Auto Killing'

Charged with the brutal slaying of Mrs. Evelyn Silivinski, 26, by driving an auto over her body on a wild roadhouse party in Louisville, Ky., Walter Schaeffer, 25, exercise boy, is shown here after his return to Louisville to face trial for murder on Dec. 9. Indicted with him on an accessory charge is Jockey Willie "smokey" Saunders.

present economic structure.

Although much of the distress of the railroads may be accounted for the general business depression and the aggressiveness of competing agencies, this explanation will not account for the current low operating returns of public utilities, for the output of these organizations declined relatively little during the depression, and, at present the output is the highest on record. Political rather than economic factors, therefore appear to be responsible for the current unfavorable net operating results of public utilities. Should the Supreme Court invalidate or ameliorate the influence of recent Federal legislation pertaining to public utilities, an important stimulus to the heavy industries would double result, with corresponding benefits to the employment situation.

Considerable apprehension is being expressed in certain quarters concerning the effect on agricul-

ture of the possible invalidation of the AAA by the Supreme Court. So far, at least as Texas is concerned, these fears seem to be without foundation. The animal industries of the State—beef, dairy, poultry, wool and mohair—which have come under the AAA program now have comparatively bright prospects; whereas the prospects for the cotton industry, which has supposedly received special government favors in the form of rental and benefit payments and pegged prices, are far less favorable.

If subsidies for agriculture are

needed as a permanent policy to compensate for the natural hazards agriculture constantly faces and the weak bargaining position which the industry holds because of its six million widely scattered operating units and diverse interests, these subsidies, it would seem, should be associated with a program for promoting efficiency in production and not in the reverse. With such a program, the additional tax burdens which direct subsidies would involve might be at least partially offset by lower costs of food and the maintenance

of our foreign markets for agricultural products. The statistical position of agriculture is now the strongest it has been in years as a result of the devastating drought of 1934 and the growing demand for farm products. This is the time, therefore, to consider carefully to what extent the Federal Government itself may have been responsible for the building up of burdensome surpluses through the 20's by its production loan policies, the activities of the Federal Farm Board and the recent price pegging operations of the AAA.

Star-Studded Film at the Arcadia Saturday

IMPOSING ARRAY OF STARS PERFORM IN RADIO COMEDY

Rarely has such a diversified and imposing array of stars from the radio, stage and screen been assembled in one picture as in Paramount's "The Big Broadcast of 1936," which opens Saturday and Sunday at the Arcadia Theatre, with Jack Oakie, Burns and Allen and Lyda Roberti in the leading roles.

In addition to the regular cast that appears in the fun-provoking comedy are famous personalities who contribute specialty numbers which form a background to the main theme. Bing Crosby, film and radio star, Amos 'n' Andy, world famous for their daily comic black-face sketch on the air waves, Ethel Merman, star of radio and musical comedy hits, Bill Robinson, internationally known negro tap dancer, Mary Boland and Charles Ruggles, noted stage

inventor, with his wife, Gracie Allen, brings the boys his latest invention, the Radio Eye, a television instrument. Suddenly Lyda Roberti, in the role of the countess, enters their lives and whisks both of them to her Cuban estate on her private yacht, to determine which one she wants to marry.

Directed by Norman Taurog, with dance ensembles staged by LeRoy Prinz, dance expert, "The Big Broadcast" is a hilarious romantic comedy, with most of the action laid against the colorful background of an Havana hacienda, and centers around the amusing experiences of two radio entertainers when a rich young countess enters their lives. Jack Oakie and Henry Wadsworth, who operate and perform their own radio station are faced with bankruptcy. Their only hope is to win an international broadcasting contest. George Burns, as a radio

TIM M'COY PORTRAYS "MOUNTIE" ROLE IN "FIGHTING SHADOWS"

"Get your man!" These are orders that might mean death, but they're orders that the members of the Royal Northwest Mounted Police have been carrying out for years. The danger these scarlet-coated troopers encounter in the performance of their duties is dramatized in Tim M'Coys' latest Columbia picture, "Fighting Shadows," which is due at the Columbia Theatre on Saturday.

As Tim O'Hara, a brawny "Mountie," M'Coys is assigned to investigate the machinations of a ruthless band of fur-raisers who are terrorizing trappers of the Indian River country. The last time Tim was in that territory he had run into difficulties with Brad Harrison, the brother of Martha, the girl he loves. Brad still believes the trooper stole a certain silver fox, and is his worst enemy.

When Tim arrives on the scene to see justice done, he is hampered by Harrison. Determinedly overcoming the obstacles presented by the dangerous mission, the "Mountie" follows the culprits until he apprehends them and solves the mystery that has surrounded the case.

Geneva Mitchell, Ward Bond, Robert Ellen, St. Jenks, Otto Hoffman and Edward Le Saint play supporting roles. David Selman directed from a story and screenplay by Ford Beebe.

NEGRO DANCER DOES FAMOUS TAP ROUTINE

Bill Robinson, famous negro tap dancer, won a new hat as a result of a bet with Jack Oakie during the filming of the Paramount comedy, "The Big Broadcast of 1936," Saturday and Sunday at the Arcadia Theatre.

The comedian bet Robinson he couldn't dance for one hour straight without repeating a routine. Robinson, who gets several thousand dollars for a single performance, danced for one hour with Oakie as his one man audience. After he won the bet, Oakie discovered that Robinson had danced an hour and 15 minutes with Harriet Doctor without repeating a step at a Dancing Masters' Convention in New York.

Oakie is featured in "The Big Broadcast" along with Burns and Allen, Lyda Roberti, Wendy Barrie, Henry Wadsworth and the Nicholas Brothers. Robinson does a specialty number in the film as do many other stage, screen and radio stars, including Bing Crosby, Amos 'n' Andy, Ethel Merman, Ray Noble and his band, Willie West and McGinty, Mary Boland

the desert. To eliminate this interference, the generating plant had to be set up out of earshot and cables strung for hundreds of feet across the desert to the location. Booster batteries had to be brought from Hollywood when it was discovered that their equipment was not sufficiently powerful to operate from so great a distance.

Caterpillar tractors were used to haul equipment from highway to location because the studio trucks were unable to negotiate the sand. For moving shots, wooden tracks were built across the dunes and a specially constructed wheeled platform carrying camera and mike-boom was pulled along the track by sheer manpower. When the track ascended a dune, as many as 30 or 40 men were sometimes used to drag the ton and half of equipment up the gradient. Snakes, scorpions and poisonous insects also added to the difficulties of the troupe, but fortunately no one was bitten.

"The Last Outpost" is a dramatic yarn of a couple of British officers who go through desert and jungle hells to avenge the memory of the girl they both love.

RANGER, TEXAS, FRIDAY, NOVEMBER 8, 1935

NUMBER 23

STORES WILL BE CLOSED ON ARMISTICE DAY

Mrs. Eva George, secretary of the Ranger Retail Merchants association, announced today that the merchants of the city have voted unanimously to follow the annual custom of closing all stores in the city on Armistice Day.

Closing on Armistice Day has become such a tradition in Ranger that it is always almost a foregone conclusion, and the merchants have, for many years, kept their stores closed on that day.

Those who do their shopping in Ranger have been urged to make purchases on Friday or Saturday to last them through the long week-end.

No elaborate celebration of Armistice Day is planned, though the Carl Barnes Post plans a barbecue at noon and a smoker that night for all ex-service men, and former members of the army, navy and marine corps are cordially invited to attend either or both.

The schools, too, will remain closed all day Monday, and the annual football game between the Cisco Lobos and the Ranger Bulldogs, to be played at Chesley Field, Cisco, Monday afternoon will be one of the chief attractions of the day for football fans of the two cities. Though both teams have been having an off season this year, the two teams appear to be so evenly matched that a good con-

NEW SERIES OF QUAKES ADDS TO STRICKEN HELENA'S DEVASTATION

Size of the reconstruction task facing Helena is indicated by this picture, a scene of ruin along one of the capital's main streets, damaged heavily by the recurrent quakes. An automobile parked near the stores is seen after an avalanche of bricks had plunged down on it from business structures in the latest series of shocks that made thousands flee the city.

Production Control Announced For Syrup Industry

COLLEGE STATION.—A production control program for commercial producers of sugar cane syrup is the latest program launched by the AAA, according to E. N. Holmgreen, extension administrative assistant. "This program does not apply to sweet sorghums or seeded ribbon cane ordinarily used in Texas for making syrup," he explained.

Eligibility to participate in the program is based on four points. The producer must agree not to have more acres of sugar cane in 1935 than he had in 1934. He must not manufacture more syrup for any purpose in 1935 than in 1934. He must not sell more in 1935 than in 1934. He must have sold 200 gallons or more in 1934 to be eligible, or if he sold less than that he must show that he paid a processing tax on at least 100 gallons prior to June 1, 1935.

The contract, when written, will cover the 1934 producing year and the 1935 producing year. The payments for 1934 will be 70 cents per gallon, providing the sales exceed 200 gallons or the processing tax was paid on at least 100 gallons.

The 1935 payment will be made after proof of compliance of the current year. The exact amount has not yet been set, as it will be based on the parity price of syrup as determined by the secretary. Whatever the price, however, the parity price will be paid on 88 per cent of the 1935 production provided actual production does not run under 88 per cent of the base.

West of the Pecos Country Plans a Big Celebration

FORT STOCKTON, Texas.—Texas West of the Pecos has announced a section-wide Centennial celebration, each of the towns presenting its local program, with the central exposition to be at Fort Davis.

Fort Stockton, under leadership of the Lions Club, is arranging a water carnival, an anomaly in the country that is known throughout the world as an arid area.

In the midst of this section where water is valued more than gold, there is a series of springs producing water so clear, that in the swimming pool a newspaper can be read under seven feet of water.

The spring that feeds the pool produces 35 million gallons daily, clearing the water out of the pool and re-supplying it every few minutes.

In the entire United States, only one Florida spring produces more water than this Fort Stockton spring.

Not only are the springs a natural attraction to Fort Stockton, but around this water supply much of the early history of West Texas centers.

Indians, long before the white men heard of this continent, camped at this spring. It was known to all the wandering tribes to whom a water hole was a bonanza.

Tradition goes that as early as 1536, only 41 years after Columbus discovered America, Cabeza De Vaca, with his two Spanish and one negro companions, in his seven-year tour across Texas to the west coast of Mexico, found the spring just in time to save the little band of men from death by thirst.

More than 100 years later, another expedition, this time under the leadership of Juan Dominguez de Mendoza, pitched camp at the springs. Mendoza's expedition was the first to cross over what was later known as the Chihuahuahua Trail, which passes through Fort Stockton.

An official announcement issued in Paris states that gold-bearing deposits in French West Africa, especially in the Upper Niger basin, have proved so large and rich that there is no reason why they should not be exploited technically in the same way as the South African fields. They are in many cases up to and above the Rand level.

M. Louis Rollin, Minister of Colonies, has sent the colonies of West Africa instructions to get on with the full and proper prospecting of the new gold fields.

Annual Football Sermon Planned For Sunday Night

Rev. H. B. Johnson, pastor of the First Christian Church of Ranger, who has preached an annual sermon especially for the Ranger football team each year for the past several years, has extended an invitation, again this year, for the team to attend the service next Sunday evening at 7:30. The team has eagerly accepted the invitation.

The annual sermon for the members of the football squad has been preached each year on the Sunday before the Cisco-Ranger game, and each year since the custom was started by Rev. Johnson, the Lobos have failed to win from the Bulldogs.

Rev. Johnson stated today, in announcing his sermon for Sunday evening, said that he hoped the service would prove an inspiration to the team this year and the team

would end its long losing streak in the annual Oil Belt classic.

Miss Emilie Bendix Secures Position In Interior Dept.

Miss Emilie Bendix, who has been employed in the Ranger Chamber of Commerce office for the past few months, was notified Monday afternoon of her appointment to a position in the department of the interior at Austin.

Miss Bendix, who is well known in Ranger and who graduated from the Ranger High school and the Ranger Junior college, will leave Wednesday for Austin, where she will take up her new duties.

New Hunt Is Due For Buried Treasure

AMHERST, N. S.—Another attempt to locate Captain Kidd's \$10,000,000 treasure chest, reputedly buried on Oak Island, Nova Scotia's famous "treasure island," may be made soon.

It is reported that an American syndicate is being formed to purchase mining rights of the island from Fred Blair, who has held them since 1909, and spent about \$100,000 searching for the famous pirate's treasure, supposedly buried deep in the soil of the oak-fringed island in Mahone Bay.

Scores of expeditions have attempted to find the legendary treasure during the last half-century. One expedition actually brought up flakes of gold and a piece of gold chain on the end of a drill, but water flooded the shaft before they could go deeper, and they gave up the attempt.

Engineers who have surveyed the island believe the treasure, if it exists, is buried in a cunningly contrived tunnel below the water level which the pirates built to flood the "money hole." They have found several subterranean passages on the island, but no trace of treasure.

Drys Gain Ground In Both Houses

AUSTIN, Nov. 5.—Drys gained the advantage over wets today in both house and senate as a final vote on liquor control approached in each.

Votes today left the package system without drinks sales in apparent control. The house was to resume its liquor discussion in the afternoon. The senate will meet tonight for a possible final vote.

Leather Heel Pump 1.98

Leaf tobacco being sold at highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from
13,084,037 lbs. to
326,093,357 lbs.;
an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442
an increase of 8725%
—a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.

Interests Threatened, Britain Protests

If your memory is good enough to reach back three years, you can get a pretty fair idea why Mussolini is going ahead in Ethiopia in defiance of the League of Nations. You can also get a good line on the sincerity, or otherwise, of the great powers which are holding their hands aloft in pious horror over his actions.

Three years ago the Japanese set out to help themselves to Manchuria. Like Ethiopia, Manchuria was a potentially rich land held by an extremely weak people. According to all the old rules of the game, it would belong to the first nation that had the nerve and the strength to walk in and take possession of it. The Japanese elected to be that nation.

It is instructive to note what happened thereafter.

The American government launched a series of sharp protest. The seizure of Manchuria (afterward renamed Manchoukuo) was in violation of sundry treaties. It was also a palpable case of aggression by a strong nation upon a weak one; and since Japan had been a member of the League of Nations since the league's foundation, the case was promptly referred to Geneva.

Where, in those far-off days, were those English statesmen who have been talking so loudly of late about the need of collective resistance to unprovoked acts of aggression? Did they move heaven and earth to obtain a league boycott of Japan? Did they advance right to the edge of war to put pressure on Tokio to give up its undertaking?

If your memory of those days is any good at all, you do not need to be told that they did not. The one nation to make a forceful protest was the United States, which was not even a league member; and the altruistic English, far from backing us up, left us 'way out on a limb with our protests, so that the Japanese concentrated upon us all the resentment they felt at foreign disapproval of their program.

The thing to remember is that the Japanese adventure in Manchuria was almost an exact parallel to the Italian adventure in Ethiopia. If Italy merits a rebuke and collective resistance by the league, so did Japan. Why should the British be so conscientious about league obligations in the present case when they cared not a fig for them in the former one?

The answer to that one is easy. Japan's act was not a threat to the interests of the British empire; Italy's is. Manchuria is surrounded by China, Siberia and the dim regions of Mongolia; Ethiopia, by Egypt, the Sudan and Kenya colony. England loses nothing by Japan's conquest; she may lose much by Mussolini's.

City Completes \$6,500,000 Hall

KANSAS CITY, Mo. — This city's new \$6,500,000 municipal auditorium, in process of construction four years, has been completed.

The auditorium is the second largest in the country with a seating capacity of 15,000. It contains all modern apparatus and comforts. The main auditorium with its huge seating capacity is only a small part of the gigantic structure which occupies more than a city block.

In addition to the auditorium arena, there is a theater that will seat 3,000, a little theater capable of seating 1,500, an exhibition hall that covers three acres of floor space and 40 committee rooms.

Designed for Every Need The structure has been so designed that a national political convention, a grand opera, a symphony concert or play, a dozen lectures in the individual rooms, and an exposition can all be doing at the same time without interruption and crowd interference.

The auditorium has been constructed with an ear to acoustics and an eye to floor level so the person occupying the lowest priced seat can enjoy whatever proceedings are in session just as well as the person in the "ringside" seat. A public speaking system, costing \$50,000, has been installed.

In the lighting control rooms

War Drums Beat Out Call to Arms

While nattily uniformed and equipped buglers sound the call to arms for the regular soldiers of the Ethiopian army, in the camps of the volunteers, turbaned drummers squatting before the booming kettle drums of their ancestors, beat out a martial rhythm that moves their primitive comrades to fighting frenzy as they mass on the southern front.

the switchboard is foolproof and if all the fuses blow out simultaneously an automatic device ensures continued lighting. The hall is air conditioned.

Hall Has "Smoke Skimmer" There is even a "smoke skimmer" installed, a device built above the arena which will take the smoke from cigars and cigarettes sucking it upward and discharging it to the outside thus making wrestling and boxing matches more comfortable.

The arena floor is built of wood carved from yellow pine vertical grained blocks and set in asphalt.

The grand foyer is a veritable forest of massive marble columns faintly reminiscent of the great temples built in ancient times. Drinking water fountains have been installed throughout the gigantic structure. There are dressing rooms and shower baths capable of caring for 600 athletes.

Poker Murder Trial To Start Nov. 25th

DALLAS, Nov. 5.—Trial of Jack Terry of Fort Worth and Fred Batson on charges of murder in connection with the poker game slaying of Robert Williams in Dallas county on Aug. 11, was continued in Dallas yesterday due to absence of witnesses. The continuation until Nov. 25 was granted after the defense moved to sever the case against Buck Ter also of Fort Worth, was thwarted when the state dismissed the charge against Buck.

1935 Red Cross Poster

THE compelling appeal of the most famous of Red Cross world war posters has been adapted by the distinguished artist Lawrence Wilbur in the 1935 Red Cross roll call poster.

"The Greatest Mother in the World" was the title given to the original creation of Alonso Earl Foringer, eminent mural artist and illustrator of New York. The poster gave the keynote of the Second war fund drive of the Red Cross, and millions of copies were distributed throughout the nation.

In submitting a design for the 1935 poster, Wilbur, who has painted a number of posters for the Red Cross, placed the shadowy, heroic figure of mercy in the background, with the practical Red Cross nurse encircling a sick and wounded child in the foreground. "Still the Greatest Mother" is his title.

The posters are distributed through 3,700 Red Cross chapters and 9,000 branches in an appeal to every man and woman to join as a member during the annual roll call.

Cruiser Is Named For Nashville

WASHINGTON.—The gunboat Nashville, sold out of the navy 14 years ago, will be replaced by a light cruiser which is now more than a quarter completed, the navy department has announced.

The new Nashville, scheduled for launching on May 1, 1936, will be a 10,000-ton vessel with six-

inch guns. It is being constructed by the New York Shipbuilding Corp., at Camden, N. J.

Cost for hull and machinery will be \$11,677,000, whereas the older boat, with a displacement of 1,371 tons, cost \$260,000.

The vessel now building will be sponsored by Ann and Mildred Stahlman, daughters of James G. Stahlman, president of the Nashville Banner, Nashville, Tenn.

The first navy boat to be called the Nashville was a sidewheel steamer built by the Confederacy. It was surrendered to the Federals on the Tombigbee River, Ala., May 10, 1865.

The second Nashville, which was taken out of commission in 1918 and sold in 1921, is accorded an honorable place in naval histories.

It was launched in 1895 under the sponsorship of Maria Guild (Mrs. John D. Westbrook), daughter of Mayor Guild of Nashville. Commissioned in 1897, it was immediately used in the Spanish-American War in which it fired the first shot and captured the first prize vessel.

During the World War the Nashville served in the Mediterranean, basing at Gibraltar, with the principal duty that of escorting convoys and protecting them from submarine attacks.

"LEXINGTON OF TEXAS" HAS A CELEBRATION

GONZALES, Texas, Nov. 5.—The "Lexington of the Texas Revolution," Gonzales, was joined today by many cities in this territory to celebrate the firing of the first shot in the fight for inde-

pendence a century ago.

Chilly winds which bit down from the Panhandle failed to freeze the spirit of the thousands who gathered for the biggest carnival in the 110 years of Gonzales' history.

The event was the first celebration of the Texas Centennial. It was here that 100 years ago a six-pound cannon boomed defiance to the Mexican general, Santa Ana. The small weapon rests on the Gonzales public square and was the object of patriotic reverence today.

According to an English lecturer, American do not know how to enjoy leisure. For instance, they go to English lectures.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

NORGE Washer

NORGE Ironer

CUTS WASHING HOURS . . SAVES CLOTHES

A MODERN LABOR SAVER

The NORGE will wash from six to nine pounds in as many minutes. Its gentle (yet speedy) agitator motion maintains a constant flow of water. There is no bunching or tangling in NORGE WASHER; no danger of injury to the finest fabrics. Clothes washed in a NORGE wear much longer. The attractive white tub of refrigerator porcelain is easily kept clean and glistening white throughout the years with no more than ordinary care.

Think of the precious hours you will save in doing all your ironing in half the time while seated at your own NORGE IRONER. It has automatic heat control with fingertip regulation. It has two speeds—a slow one for beginners and for heavy, damp articles—faster speed for ordinary and flat pieces—and with limited practice you can iron everything; even press baby's coat or dad's trousers. Its really fun to iron with a NORGE.

WHAT THE MILDNESS OF CAMELS MEANS TO FAMOUS AVIATORS

Lieutenant Commander Frank Hawks, U.S.N.R., famous holder of 214 speed records and the Harmon Trophy, says: "I've been flying for 19 years and smoking Camels almost as long. Making speed records tests the pilot as well as his plane. Camels never make me jumpy or bother my physical 'condition' in any way. As the athletes say, Camels are so mild they don't get the wind. And I've found they never upset my nerves. Camel must use choicer tobaccos."

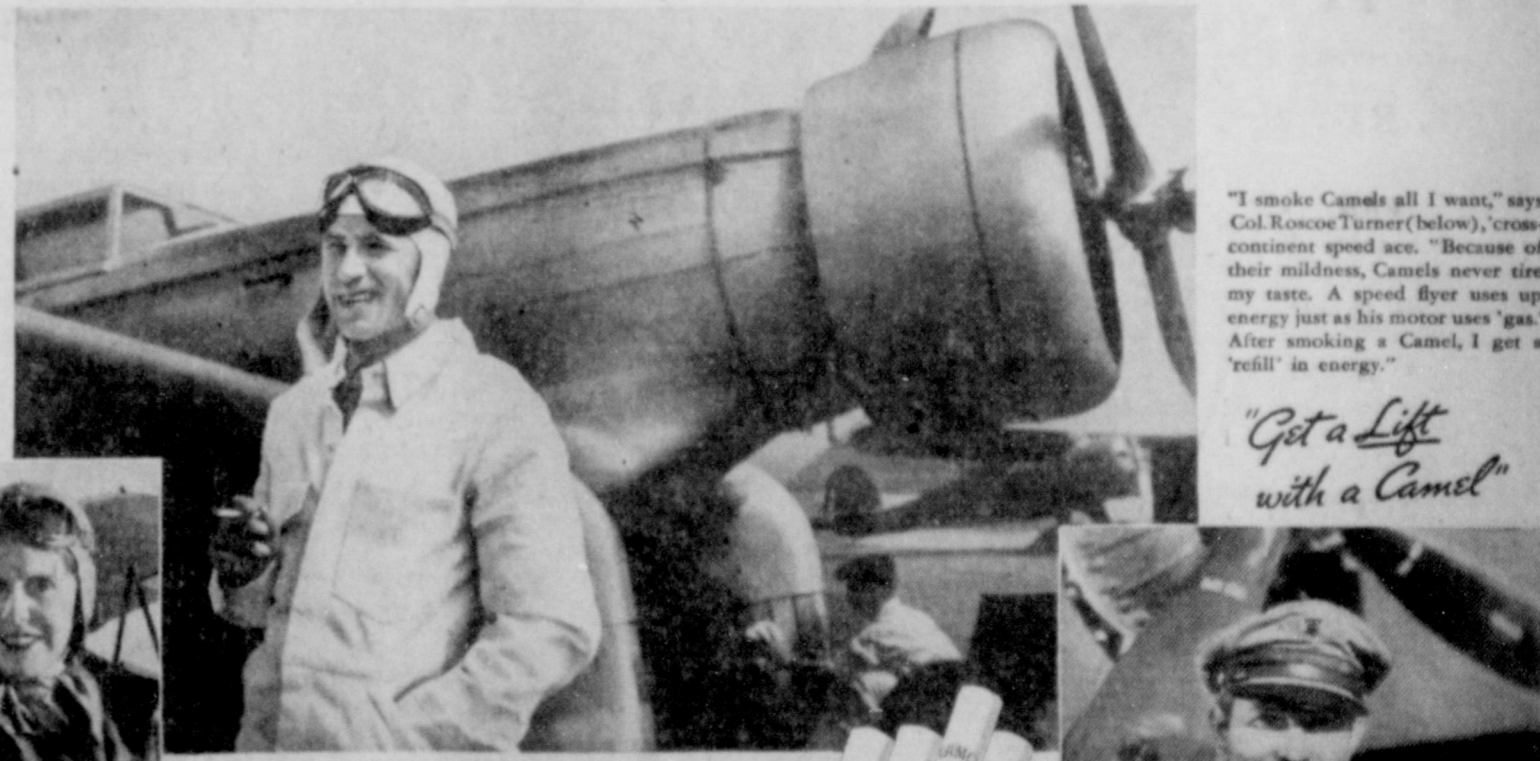

"Camels don't get your Wind" Athletes say

"Speaking of cigarettes, I make it a rule to smoke Camels," says Mrs. T. W. Kenyon, sportsman pilot. "They are the mildest cigarette I know. Morning, noon, and night, I can smoke Camels steadily. They never upset my nerves. And each Camel renews the zest and enjoyment of the last one!"

"They Never Get on Your Nerves"

"I appreciate the mellow flavor of Camels," says Sir Charles Kingsford-Smith, the transpacific flyer, in a recent interview. "Camels refresh me when I'm fatigued," he continues, "and they are so mild that I can smoke any number without throwing my nerves off key."

"They Never Tire Your Taste"

"I smoke Camels all I want," says Col. Roscoe Turner (below), "cross-continent speed ace. "Because of their mildness, Camels never tire my taste. A speed flyer uses up energy just as his motor uses 'gas.' After smoking a Camel, I get a 'refill' in energy."

"Get a Lift with a Camel"

YOU'LL FIND THAT CAMELS ARE MILD, TOO—BETTER FOR STEADY SMOKING

TUNE IN! CAMEL CARAVAN with WALTER O'KEEFE • DEANE JAMES TED HUSING • GLEN GRAY and the CASA LOMA ORCHESTRA • Tuesday and Thursday—9 p.m. E.S.T., 8 p.m. C.S.T., 9:30 p.m. M.S.T., and 8:30 p.m. P.S.T. —over WABC-Columbia Network.

COSTLIER TOBACCOS!

• Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
