FOREIGN FUNDS FLOWING INTO UNITED STATES

WASHINGTON, Nov. 14.—Joseph Kennedy, former chairman of the securities and exchange commission, today discussed with President Roosevelt the "nervous" money situation in Europe which Kennedy said was sending much European capital to America. Kennedy observed that a hypothetical situation might arise whereby withdrawal of these foreign funds could lead to a sharp break in the markets. "That is purely a hypothetical situation. We don't sell because the bringing back of that gold might create a situation where withdrawals caused a severe break," he said. Kennedy pointed out that such a break could have no relation to the intrinsic economic position of the market or the country.

Mae King Given A New Trial By Court of Appeals

AUSTIN, Nov. 13.—Mae King, given a two-year sentence in Eastland county on a charge of killing Leon Robinson, today was granted a new trial by the court of criminal appeals. The trial was her second and the appeals held a juror who sat in the second trial had remarked during the first trial: "It looks like any jury would find her guilty on general principles."

Seeks Award From Insurance Company

Appealing from the industrial accident board, Sam W. Garrett has filed suit in district court against Hartford Accident & Indemnity Company. The plaintiff seeks \$2,750 for lung injuries allegedly received while unloading lime two and one-half miles west of Ranger when in employ of the Lone Star Gas Company, Aug. 14, 1934.

Car to Be Loaded For Orphan's Home At Cisco Tuesday

A car of provisions for Buckner Orphan's Home at Dallas will be loaded at Cisco next Tuesday, Nov. 19. Heretofore the car has been stopped at both Cisco and Ranger, but it has been decided best to have only one loading place this year. Cisco has been chosen because it is more centrally located in the territory of Cisco Association, which consists of Stephen, Shackelford and Eastland counties.

Aid In Purchase Of Farms Offered To Some Veterans

Announcement of a plan whereby veterans receiving compensation or a pension will be aided in purchase of a farm by the rural resettlement and veterans administration has been received by Crigler Paschall, veterans representative for Eastland county. David H. Orand, veterans placement representative for Texas, informed Paschall that only compensated or pensioned veterans in financial difficulties who are experienced in agriculture are eligible for the aid.

October Rainfall In Eastland Is Higher Than Usual Amount

Although October rainfall over the state was below normal, Eastland received .69 of an inch more than its average, according to a meteorological summary of the U. S. Department of Agriculture. Rainfall in Eastland for the month of October was 2.69 inches.

WPA Workers Are Pleasing Bosses, Sponsors—NRS

Spiking rumors that workers assigned to works progress administration projects are proving unsatisfactory, Crigler Paschall, National Reemployment Service director at Eastland, stated Wednesday that project managers and sponsors have registered no complaint. Eastland county has four projects in progress, Paschall stated, which afford employment to 250 men.

Bank Conditions Show a Decided Recovery Trend

NEW ORLEANS, La., Nov. 12. Bank deposits and portfolios reflect evidence of port recovery, President Roosevelt told members of the American Bankers Association today in a letter read by Jesse Jones, chairman of the RFC. "I have watched with great interest the continued improvement in banks throughout the country in the past two years. I am gratified as I am sure every member of the American Bankers Association is gratified, to know that all banks are now in a strong position and I hope they will take full advantage of the new banking act and provide credit when it can be done on a sound basis, to business and industry and to real estate," he wrote in his letter.

Sanitation Project Approved In County

SAN ANTONIO, Nov. 13.—State Work Progress Administration officials today made available \$782,034 for various district directors in Texas for the operation of 58 projects. Jobs were authorized for 2,984 Texans on relief. Included in the projects granted were: Eastland County—Sanitation improvement, federal funds, \$4,614, sponsors \$1,476; workers 21.

South Texas Has a Candidate For the Teachers' President

MALLEN, Texas—South Texas high school officials and instructors are seeking support for Supt. John H. Gregory of the McAllen public schools for the presidency of the Texas State Teachers Association, in an effort to place a South Texan in that position for the first time.

The annual convention of the association will be held in San Antonio during the Thanksgiving holidays. Gregory's name will be on the ballot for teachers, limitation preventing a per capita apportionment of more than \$17.50 per scholastic as the state's contribution to support of high

schools. He believes the state should bear a larger portion of school expenses, with revenue derived from sources other than ad valorem taxes. He proposes a similar training and service. He is an advocate of a teachers' retirement system, organized and administered on a state-wide basis with adequate safeguards for protection of teachers' investments.

Gregory is superintendent of one of the Valley's largest school systems. He is a president of the South Texas division of the State Teachers Association and is president of the Valley Superintendents' and Principals' Association.

He has served as superintendent at McAllen for the past seven years and has been a leader in Valley school affairs.

A native Texan, Gregory holds a Bachelor of Arts degree from Southwest Texas State Teachers' College at San Marcos and a Master of Arts degree from the University of Missouri. He has been in school work in Texas for the last 22 years, except for a year's service during the World War.

At the close of the season, he finished 50 consecutive threshings in Richardson county, Nebraska. In that time he has purchased 35 machines.

During the World War he had six threshing machines working. Then he received 10 cents a bushel for wheat and 6 cents for oats. It went as low as 5 cents for wheat and 3 cents for oats but this year it was 6 cents for wheat and 4 for oats.

Good Wrestling to Be Seen Under a New Arrangement

Two good fast bouts are booked for Monday night, Nov. 18, at the Elks arena. The Elk matchmaker has succeeded in making arrangements with booking agencies whereby the pick of wrestlers who have been wrestling in Old Mexico, Amarillo, El Paso, Tulsa and the west coast can be secured.

All the wrestlers to come to Ranger in the future come recommended as A No. 1 wrestlers. The Elks management is making every effort to give the wrestling fans just what they are looking for in the way of good and fast matches.

In the preliminary Blondy Chrane who is a much improved wrestler and of championship calibre, will meet Albert Szasz (pronounced "Sass"), the Hungarian flash. Szasz is one of the fastest men in the ring and will keep his

opponent busy all the time.

The main event two-hour time limit bout, is between Eddie O'Shea, the tough Irishman from New York, and Ace Abbott. Eddie needs no introduction to the wrestling fans. Eddie takes on Abbott, former Texas amateur champion, who turned professional 18 months ago. Abbott has been chalking up his share of wins since meeting the real tough boys.

The show starts at 8:30 p. m. rain or shine, hot or cold.

Collector Secured By Retail Merchants

The directors of the Ranger Retail Merchants Association announce that they have secured the services of H. G. Burch, formerly with the Texas Pacific Coal & Oil Company, to act as collector for members of the association.

Burch will give his entire attention to the collection of past due accounts.

His office will be in the Retail Merchants Association office, over Killingsworth, Cox & Co., 210 State Bank Building.

Editorial Group to Meet at Edinburg

EDINBURG, Tex.—The 24th annual meeting of the Texas Editorial Association will be held here Nov. 21, 22 and 23, with the opening day's session dedicated to the late Will Rogers.

Advance notice of the session stated: "In deep appreciation of the true worth of Will Rogers as an outstanding American, we dedicate this opening day to his memory."

President J. L. Talley will preside over the session. Lt. Gov. Walter P. Woodall will speak before the meeting on Nov. 22, as will Hugh G. Mitchell, Statesville, N. C., national president of the Patriotic Sons of America.

Entertainment features include luncheons at Edinburg and Weslaco; game dinners at Reynosa and Matamoros, Mexico, and sight seeing tours at the Samfordyce oil field, Port Isabel and the Brownsville turning basin.

Processing Taxes Bring Little Money WASHINGTON, Nov. 12.—Failure of the treasury to collect more than \$150,000,000 in processing taxes since the start of the current fiscal year on July 1, today offered serious threat to the federal government budget plans.

Because of the loss in revenue the treasury reported total revenue in the first 120 days of the fiscal year to Nov. 9 were slightly under the same period of last year, although the budget calls for a \$670,000,000 gain for the full fiscal year.

England Sees Hot Election Campaign Brought to a Close

LONDON, Nov. 13. — Some 1,300 candidates for the House of Commons wound up their campaigns today, seeking mandates to participate in government through five years which may prove the most troublesome in parliament's 300 years of history.

Tomorrow most of the 31,335,000 voters will go to the polls in England, Scotland, Wales and Northern Ireland to elect the candidates.

For the 375 that are not already elected there are candidates of 10 parties in addition to independent.

DEVELOPMENTS ARE FEW OVER WAR SECTIONS

Latest war developments: ROME—Italy may suspend all trade and financial relations with nations which apply sanctions.

PARIS—Italy's attitude may cause the league to apply more severe penalties.

MAKALE—Italians start building powerful air base for bombers and pursuit planes.

ADDIS ABABA—Swift Italian scouting drives in the south is to be followed soon by a major push, Ethiopia believes.

CAIRO—Serious rioting against England broke out in Cairo and Tanaka, 54 miles northwest, today, resulting in the death of two students and wounding of 175 students and police.

Georgia Relief Is Being Investigated

WASHINGTON, Nov. 13.—An undercover investigation by the Federal Emergency Relief Administration into Georgia's refusal to care for its own unemployed, brought a new flareup today in the quarrel between the new deal and Gov. Eugene Talmadge.

Talmadge is one of the bitterest enemies of the new deal in the democratic party. He plans to oppose president Roosevelt's re-nomination at the 1936 party convention.

The new deal took the offensive in reopening the survey. The FERA reported two thirds of the relief cases were in serious need.

Passenger Car Registrations Are Above Last Year AUSTIN, Nov. 13.—Sales of new passenger cars in Texas during October showed moderate gains over both the previous month and the like month last year, according to the University of Texas Bureau of Business Research.

WARNING: FIREARMS STUNTS GENERALLY BRING DISASTER

The grim list showing death's toll during the last year reveals an astonishing number of casualties attributable to pranks executed by practical jokesmiths with guns which they never surmised were loaded. These would-be Annie Oakleys possibly added to the hospital rolls via the above exhibition—Preston Foster pretending to shoot a cigar out of Ray Mayer's mouth in a special pose between scenes of Richard Dix's "The Arizonian." Children and even adults are wont to emulate such traditional stunts, aiming firearms in a show-off mood as amateur William Tells or Buffalo Bills. Then—"bang!"—the revolver goes off. And a friend lies motionless on the ground. "The Arizonian" shows Saturday only at the Columbia Theatre.

The program was led by the president, Mrs. Charles Lee. The devotional consisted of songs with comments about the authors, several prayers and many Scripture readings. The Missionary Council of the Southern Methodist Churches in their annual meeting each spring decides on two objects for which the week of prayer offerings will be used. One object is always in the home field and the other in the foreign field. This year the home object is the community center at Ensey, Ala., and the needs of articles from the "World Outlook," with many pictures showing various activities there. The objects in the foreign field are the Laura Haygood School in Soochow, China, and the Evangelistic Center in Seoul, Korea. At noon a covered dish lunch was served, after which various playlets and articles were presented. Those present were Misses Charles Lee, S. E. Snodgrass, H. H. Nance, W. H. Whitworth, Ed Parks, W. C. Bedford, Preston Sparks, C. O. Bragg, and son, Charles, Misses Mollie O'Rear, Agatha Genoway, Edda Parks, Valla Whitworth, C. C. Walker attended the American Legion celebration at Dublin Monday.

Miss Edith Creighton spent the week-end and Armistice Day at her home in Strawn. Mr. and Mrs. I. N. Williams

drove to Ranger Monday. Mr. and Mrs. Charlie Lindley and children, formerly of Desdemona but now of Coahoma, visited friends here Saturday.

Mrs. J. E. Buchanan and daughters, Misses Lillie and Johnnie, accompanied by Miss Della Walls, spent the week-end and Armistice Day at Morabang with another daughter, Mrs. A. T. Wilhite, and her family.

Mr. and Mrs. G. S. Bruce and daughter, Virginia, drove to De Leon and attended the ball game Monday.

Mrs. Wiley Powers and son, Jack, visited her mother at Ensey Saturday.

Mr. and Mrs. Moore and family of Breckenridge were Sunday visitors in the home of Mr. and Mrs. A. C. Moore.

Mr. and Mrs. Dan Johnson and son of Rising Star visited her relatives, Mr. and Mrs. L. J. Northcutt, Sunday.

DESDEMONA

Mrs. Roy Ashburn and children drove up to Ranger on business Saturday.

Mr. and Mrs. George Key of Hemet, Calif., arrived Thursday for a visit with his parents, Mr. and Mrs. Jim Key, who live about five miles north of town. They had been visiting relatives in Jack county for about two weeks before coming here. They stopped in town Thursday for a short time and visited his uncle and aunt, Mr. and Mrs. T. H. Key, and family.

Mrs. Mattie Henry and her father, John Mendenhall, visited relatives at Cisco Saturday afternoon.

J. E. Heeter and his mother-in-law, Mrs. S. E. Snodgrass, returned Friday night from a two-day visit with relatives in Fort Worth.

Mr. and Mrs. Arnold Anderson and daughter, Beatrice, drove up to Breckenridge Saturday.

Mrs. J. H. Rushing Jr. and children, accompanied by Mrs. J. H. Jackson, drove over to Gorman Friday afternoon. Mrs. Rushing went shopping and Mrs. Jackson went to see the little daughter of Mr. and Mrs. Frank Ballard, of Blanket, who was at the Blackwell Sanitarium. Mr. Ballard was also at the sanitarium being treated for injuries received in an auto and truck collision on the highway near Carbon. Mr. and Mrs. Ballard were formerly residents of Desdemona. Mrs. Jackson is an aunt of Mrs. Ballard.

Mr. and Mrs. Roy Ashburn and little son and daughter drove to Dallas on business Thursday.

Mr. and Mrs. L. F. Davis of Valley Mills came Sunday and visited their daughter, Mrs. Hugh Abel, and family, until Tuesday when they went to Sweetwater to visit their son. Miss Ruth Abel, who has been visiting friends in Coahoma for several weeks, will come home with them.

Mr. and Mrs. Carl Baker and Mr. and Mrs. Roy Ashburn drove to Arlington Downs Monday to attend the races.

Clarence Ragland went to Dublin Monday to take part in the American Legion celebration of Armistice Day.

Mrs. J. M. Reid and brother, Bun Haynes, of Anson, visited Mrs. Henry Gentry and family Thursday.

Mr. and Mrs. S. T. Stover drove to De Leon Sunday to attend the funeral of their friend, Mr. White, who died Friday.

Mrs. Mattie Henry drove to De Leon Sunday afternoon.

Rev. and Mrs. H. H. Nance attended the session of the Central Texas Methodist Conference at Brownwood from Wednesday until Sunday night. Rev. Nance was given the appointment to the church at Carbon for the coming year. He had served that church several years ago and during the time a splendid new church was built there. Rev. Nance and his family have lived here the past year and have made hosts of friends who regret to see them leave but congratulate him on getting an appointment to a larger church.

The Home Makers Class of the First Baptist Church met at the home of Mrs. H. N. Balderee on Tuesday afternoon, Nov. 5, for their class social. Devotional was led by Mrs. C. E. Jones. Prayer was offered by Mrs. R. A. Brown. An interesting game of "Rosebuds" was led by Mrs. Wiley Powers and Mrs. Hugh Abel. Much merriment was created by each one revealing her "Rosebud friend." New names were drawn for "Rosebud friends" for the next social. Honored guest for the day was Mrs. Richardson of Cisco, mother of Mrs. Balderee. Those present were Misses R. N. Watts, Gordon Tate, David Parks, Hugh Abel, Wiley Powers, R. D. Weight, Herman Rushing Jr., H. E. Gentry, H. H. Williams, C. E. Jones, R. A. Brown, Sam Roberts, C. A. Skipping, Willis Mathis, H. N. Balderee, and Misses Johnnie Buchanan, Ruby Mae Harbin, Jettie Walls, and Estelle Balderee. Several members were absent on account of sickness.

We are glad to report that Arch Brown has improved.

The Methodist Missionary Society met Tuesday at the church for an all-day meeting in observance of the annual week of prayer.

Eddie O'Shea, who is popular with the Ranger fans because of his aggressiveness on the mat, who will meet Ace Abbott, ex-Texas amateur champion, in the main event of the Elks wrestling program Monday night.

Cisco and Ranger
Are Ready For
Their Annual Game

Only one game will be played in the Oil Belt this week-end, the district leading Breckenridge Buckaroos going to Sweetwater for an inter-sectional clash, while the Bulldogs will be playing at Chesley Field Friday afternoon at 3:30. Reports state that the Brownwood-Big Spring game, which was scheduled for the week-end, has been cancelled because of the tie game between Big Spring and San Angelo, which resulted in a protest over San Angelo claiming the game on penetrations.

The Bulldogs have been primed up for the Cisco game for more than a week and the short delay in playing has not been enough to cause a let down in their spirit, which is probably at the highest peak since the opening of the season and the much-defeated team

has a will to win that has been so lacking in the season so far. Several changes in the lineup during the game are anticipated, according to Coach Moore, who, in the Cisco game, will make repeated changes in the backfield, according to his early plans.

Moore has indicated that he will likely start Walsh, Jacoby, Hartin and Cox in the backfield, with Kribbs and Ainsworth being worked into the combination from time to time throughout the game, while Jacoby, who has been playing from the short position in the backfield in most of the games in which he has been used, will go to the "tailback" position on most plays, giving him more territory in which to get up speed before plowing into the Cisco line.

The Bulldogs are particularly anxious for a win from Cisco, not only because the game would aptly be called "the fight on the cellar stairs," but because of the anxious and keen rivalry that has prevailed between the two teams. The Bulldogs, too, will be after a win at Cisco because of the fact that a Cisco High school team has not defeated a Ranger team since the 3 to 0 win in 1930, though the Lobos tied 13 to 13 with the Bull-

dogs in 1931, no game was played in 1932 because of ineligibility of the Cisco team that year, and another close game was played in 1933 when the Bulldogs won by a score of 7 to 6, only to lose it because of an ineligibility.

In 1934, the end of the unprecedented reign of the Bulldogs, the Lobos were completely outclassed in a one-sided contest that ended in a 42 to 0 victory for the Bulldogs.

The complete history of the rivalry between the two teams, which really began in 1923, shows the following results:

- 1923—Cisco 6, Ranger 0.
- 1924—Cisco 7, Ranger 0.
- 1925—Cisco 25, Ranger 0.
- 1926—Ranger 13, Cisco 6.
- 1926—Ranger 3, Cisco 0.
- 1927—Cisco 22, Ranger 0.
- 1928—Ranger 13, Cisco 0.
- 1929—Ranger 14, Cisco 12.
- 1930—Cisco 3, Ranger 0.
- 1931—Cisco 13, Ranger 13.
- 1932—No game.
- 1933—Ranger 7, Cisco 6.
- 1934—Ranger 42, Cisco 0.

The Lobos have probably been strengthened somewhat by their recent earned through the postponement of the Armistice Day game, as several of the players injured in the Eastland game of Friday, Nov. 1, have had a chance to get back into the lineup, with Ivie, speedy backfield star, and Ivie recovering from leg injuries so that they will be ready to go the full route, if necessary, against the Bulldogs.

The game is important to both teams, not only because of the rivalry between the two schools, but because a loss by either will definitely place that team in the last position in the ratings of the two teams at the end of the season as Cisco has only the strong Abilene team to play and the Bulldogs have only the Brownwood Lions and the district leading Buckaroos to play. Should Ranger lose to Cisco there is small possibility that they will be able to conquer either Brownwood or Breckenridge.

A larger turnout for the game is anticipated by school officials of both towns, especially if the weather is agreeable, because there are no other games in this section of the state and fans from many towns are expected to be present.

Moral Test Shows
That Youth Applies
A Sliding Scale

EVANSTON, Ill. — Youngsters consider it a more serious offense to "swipe" flowers from a public park than to steal movie tickets from a cashier, according to a "morals" test made by Dr. John C. Eberhart of Northwestern University's psychology department.

Dr. Eberhart discovered in the answers to a questionnaire that offenses against corporate property hurt the conscience of young boys worse than those of their older playmates.

Results of the study showed that before the age of 6, boys start with a tendency to seize whatever catches their fancy, Dr. Eberhart said. Boys in grammar school decide between the seriousness of offenses more quickly than do high school pupils.

Younger boys, he explained, are impulsive in judgment. Older boys make their "conscience" an intellectual task.

"It becomes less serious for the growing boy to ride on the street-car for half-fare when he should pay full; to steal candy and cigars from a box-car; and to sneak past the 'L' cashier without paying," Dr. Eberhart said.

The gravity of offenses listed in the psychologist's 20 questions varied from "swiping your mother's wrist watch and pawning it" to "borrowing your brother's baseball bat without asking."

Young boys and delinquents give fear of punishment as the reason for not being bad but those further developed realize the evil of their acts and give varied reasons for their judgments, Dr. Eberhart said.

In summary, the inquiry showed the seriousness of property offenses seems to be based on the value of the property involved, the nature of social obligations to the owner of the property, social disapproval for the type of offense, and danger of punishment.

DETROIT CLUB
PRESIDENT IS
HEART VICTIM

DETROIT, Nov. 13.— Frank Navin, president of the world champion Detroit baseball club, died today after a heart attack suffered while riding with Mrs. Navin.

Navin, 64, died a few minutes after his chauffeur had taken him to a hospital and less than an hour after he had fallen from his favorite mount.

Hospital attendants said the white-haired club owner had sustained no injuries in his fall. When club employes reached him he was unconscious, his right hand over his heart.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Of Pain

Many sufferers relieve nagging backaches quickly, since they discover that the real cause of their trouble may be tired kidneys.

The kidneys are one of Nature's chief ways of taking the acids and waste out of the blood. If they don't pass 1 pint a day and so get rid of more than 1 pound of waste matter, your 15 miles of kidney tubes may need flushing.

If you have trouble with frequent bladder passages with scanty amount which often smart and burn, the 12 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

Don't wait for serious trouble. Ask your druggist for DOAN'S PILLS— which have been used successfully for over 40 years by millions of people. They give happy relief and will help flush out the 15 miles of kidney tubes. GET DOAN'S PILLS.

McAllen Schools to Sue For Back Taxes

M'ALLEN, Texas.—McAllen Independent School District has ordered its attorneys to file suit for collection of delinquent taxes against nine property owners in the district who failed to answer the district's request for conferences concerning payment of the taxes past due.

The board is in the midst of a campaign to partially finance a new \$45,000 Latin-American elementary school building and has been attempting to obtain payment of delinquent taxes to provide the needed funds.

One property-owner voluntarily agreed to pay \$5,000 in delinquent taxes to assist in the new building project.

20,000 Students Are Given Opportunity To Receive Jobs

AUSTIN.—Twenty thousand Texas boys and girls have been placed in schools or given an opportunity to go to work, in two months by the National Youth Administration, Lyndon B. Johnson, state director, said Tuesday night in a radio address at Austin.

Of this number, 5,700 were given part-time jobs in all the eligible colleges and universities of Texas. Approximately 9,000 have been given jobs to help defray incidental expenses in high school. Freshman colleges centers are being opened to care for 750 high school graduates who did not enter college this fall. Two thousand young men and women from 16 to 25 have been called for work on WPA projects, in addition to the adult workers requisitioned, and NYA projects, designated exclusively for youth, are to be started soon.

"The NYA is investing this money in actual, productive work," Johnson said. "It is work which is good for the young people who are doing it, and is of real permanent value to your city, your town, your county, the whole commonwealth of Texas."

"No one gets anything for nothing under any of the NYA programs. The NYA has no duty to give out to young people. Any assistance they receive springs from

Supreme Court Veteran Is 79

Reaching his 79th birthday Nov. 12, Associate Justice Louis D. Brandeis, of the U. S. Supreme Court, shown here in an interesting character study, is nearing 20 years of service on the nation's highest tribunal. His lucid reasoning and liberal attitude have been a shining mark in the court's deliberations. He is today the oldest member of the body. Brandeis' influence, through his writings and contacts with younger men, has spread far beyond the court chamber.

MUSSOLINI IS SCORNFUL OF ALL SANCTIONS

Mussolini in his latest defiance of the League and its sanctions, has offered to take on all comers among the nations in economic warfare.

The belligerent Italian dictator has notified some 50 nations that if they adopt the League program of penalties Italy will retaliate with penalties designed to hurt them more than they hurt Italy. There is an implied threat the economic balance of the world will be upset and recovery retarded.

Probably as a sample of what he can do he has decreed that Italy cannot sell goods to France, her economic ally, except for cash. There is a boycott in effect in Italy against buying foreign goods, especially English, in Italian shops. The situation, therefore, is due to get worse instead of better after Monday when League penalties go into effect. The tension in Europe is likely to increase.

The atmosphere is one of hostility in which some incident might occur to precipitate a conflict.

ALLRED WILL VETO A SALES TAX HE SAYS

AUSTIN, Nov. 12.—No sales tax will get by Governor Allred's veto under the disguise of being a "selective" tax, he said today. In previous discussions Allred had limited his statements to opposition to a "general" sales tax. Today he omitted the word "gen-

eral." When a selective tax with the exemptions was outlined the governor said he was against it.

"I do not know just what would be called a 'selective' tax," he said. "I would not approve one that merely omits the tax on food and clothing costing less than 25."

Possibility of failure of taxation at the present session was discussed by the governor. Such failure will not cause calling of an immediate third session, he indicated.

8,780 Killed By Automobiles In State In 10 Years

AUSTIN.—More than 8,780 deaths due to automobile accidents have been reported to the State Bureau of Vital Statistics during the past 10 years.

The passage of a more stringent law relative to birth and death registration in 1927 resulted in a marked increase in the number of births and deaths reported. The yearly total increased from 433 in 1925 to 914 automobile deaths in 1929, an increase of 481, or more than 100 per cent. During the next five years the annual total increased from 914 to 1,533, as reported last year, an increase of 619.

During this 10-year period the deaths reported from all causes increased from 41,887 to 59,564 per year, showing an increase in 1934 of 42.2 per cent over the report of 1925; as compared with an increase in automobile fatalities of 433 in 1925 to 1,533 in 1934, an increase during the same period of 254 per cent.

A tabulation of deaths by months show that the greatest number during each year occurred during October, November and December. In those three months of 1934, 31 per cent of the year's total automobile deaths occurred.

The total for September, October, November and December, 1935, are not yet available. The records for the first eight months of 1935 indicate a marked increase during the past year. During the first eight months of 1934 were 993 deaths reported as due to automobile accidents as compared with 1,094 reported as due to the same cause during the same months for 1935.

During the first eight months of this year 71 counties made no report of fatal automobile accidents, but those counties include only 484,870 people, or slightly more than 8 per cent of the state's total population. Among those counties reporting automobile fatalities Gregg county led the list with 32 deaths. Among the cities of more than 10,000 population Dallas reported 71 deaths, Houston 70, Fort Worth 51 and San Antonio 36. Cleburne, Corsicana, San Benito and Sweetwater reported only one death each during these eight months.

Of the 1,094 automobile deaths this year 42 of the victims were children under five years of age.

76 between 5 and 14, making a total of 118, or 10 per cent of all deaths due to this cause. One hundred twenty-four of the victims were over 65 years of age, with 464 between 15 and 35, and 378 between 35 and 64 years of age.

The state's population is composed of 78.5 per cent whites; 14.7 per cent negroes, and 11.7 per cent Mexicans. The automobile fatalities for 1935 were distributed as follows: 83 per cent whites, 11.4 per cent negroes, and 5.3 per cent Mexicans, but since many Mexicans are registered as

whites, the last percentage may not be correct.

"GREATEST 'MAKIN'S' EVER" — Roll-your-owners are saying

Jack Van Ryder rolls a nice Prince Albert "makin'" cigarette in 11.5 seconds—with one hand!

A.B. Richardson, 9 sec. But remember, he didn't do it with just any old "makin'." He rolls P. A.

A smoker who revels in P.A.'s quick rolling and fine flavor is James O'Connor (19 seconds)

PRINCE ALBERT IS MILD AND MELLOW — HAS NO 'BITE' DUE TO ITS SPECIAL PROCESS OF MANUFACTURE

These men who turn out a perfect "makin'" smoke in quick time have the right slant on roll-your-own tobaccos.

Jack Van Ryder says: "I want to say that for sheer smoke joy I've never met up with 'makin's' that compare with good old Prince Albert. There's a rich, full taste and a mild aroma about cigarettes rolled with P. A. that suit me right down to the ground. I get about 70 cigarettes

out of every big red tin. That's a lot of cigarettes."

A. B. Richardson checks in with this: "When the boys start talking smokes, I always give a boost for Prince Albert. P. A. goes into the paperright and stays put." And James O'Connor says: "P. A. stays put in a cigarette—makes rolling-your-own quick and easy."

We have worked out an unusual "you-must-be-pleased" plan to attract other "makin'" smokers to P. A. It is open to all. Read it.

Reason for No-Risk Offer. Here's the reason such a straight-from-the-shoulder no-risk offer can be made. We know that in Prince Albert we've got the quality—the taste and aroma—the top-of-the-morning flavor that men are looking for. P. A. has got the goods!

For it's made from the choicest, top-quality tobacco, with mild and enticing flavor. "Crimp cut" for easy rolling and slow, cool burning. Packed the common-sense way—in big 2-ounce economy tins. That's about 70 rollin' cigarettes in every tin.

So start today to roll Prince Albert. And remember, P. A. is mighty fine in a pipe, too.

Lax Society Fosters Warring Gangsters

Someone seems to have been turning the clock back on us. All this business from New York about gang murders, underworld syndicates, protection, and the like sounds as if it ought to have come out of Chicago in the pre-repeal era. It was the sort of thing that was going to fall apart of its own weight when prohibition was ended.

Well, it didn't fall apart. Annual turnover of underworld rackets in the nation's biggest city is close to half a billion dollars, according to Thomas E. Dewey, special prosecutor of the governor's anti-rackets investigation.

The New York police say there are 500,000 guns at the disposal of the Gotham underworld. Since August, 12 gangsters have been murdered, 20 have been wounded, three have been kidnaped, and four simply have vanished.

Here we have a struggle which, from the point of view of sheer size, is worthy of comparison with the Italo-Ethiopian War. The cash income at stake is larger than any return Mussolini can hope to milk out of the natural resources of Ethiopia. The number of firearms available seems to be quite as great as the number now being discharged on Ethiopian soil, and the casualty list is almost as impressive as that of Mussolini's armies.

All of this might have been foreseen. It should have been perfectly obvious that those well-organized, well-financed and utterly ruthless illegal organizations that waxed fat under the prohibition law were not simply going to lay away their guns and go back to honest toil when the prohibition law ended.

If one racket failed, they would inevitably turn to another; they did so, and the warfare which culminated in the murder of Dutch Schultz is the natural result.

But to say that does not help much. The American people, who supposed that gangsterism was at last on the run, are shocked to learn that in New York, at least, it is as lawless and defiant as ever; and what they chiefly want to know is: What can be done about it?

The worst of it is that there is no simple, easy answer. In the last analysis, we have vicious gangs and gang wars because we have built up the kind of society in which such things can grow.

That is, we have tolerated corrupt politics, we have made "Does it pay?" the chief criterion of success, we have developed a fondness for the "open town" in which law-abiding citizens demand the right to buy the things which only the gangsters will sell to them, and we have let the doctrine that might makes right govern all too many of the activities of our economic life.

With such a background, big city gangs are inevitable. Until we change the background—until, in short, we reform our whole social setup—we can't hope to clean up our metropolitan underworlds.

Rep. Blanton Gives Advice to High School Boys of Abilene

Cong. Thomas L. Blanton of Abilene, in an address to the Abilene High school student body, declared the "United States learned its lesson in the World War and will not be drawn into the present maelstrom." Representative Blanton is not a pacifist although a strong advocate of peace. He is for war should war become necessary. For instance: "Our safest and surest way to keep out of war is for us to be able to whip the very devil out of any nation having a desire to attack us, and no nation is going to attack us if they know we are amply prepared to defend ourselves and repel all invasions. In precious eras, under the false doctrine that 'might makes right' when a large nation coveted the land of a weak nation, and subjugated its people and land of the weak and piracy prevailed on the high seas, but in this modern era of Christian civilization that kind of banditry has been outlawed and the society of nations has decreed that no country has a right to war on another—either with or without declaration—unless there is just cause."

To that end—as described by the congressman from Abilene—the nation's military forces are being steadily strengthened with particular attention being paid to the outlying possessions of Hawaii and the Panama Canal, which Blanton has lately inspected as a member of the congressional sub-committee which prepared the annual supply bill of the war department carrying all appropriations for military purposes and national defenses. This is the national slogan of the Abilene law-maker: "Our safest and surest way to keep out of war is for us to be able to whip the very devil out of any nation having a desire to attack us, and no nation is going to attack us if they know we are amply able to defend ourselves and repel all invasions." Hence, "preparedness is the thing."

French taxpayers are allowed to send free, every day, a 20-word telegram to the president. Still, one can't do much cursing in 20 words.

It's a shame. After New York went to all that trouble to plan a great World Fair for 1939-40, Sally Rand decides she'll wear clothes.

In his fight for neutrality legislation, we're all for Senator Homer T. Bone, if he's the one responsible for those splendid steak.

Soviet husband with 168 wives given 10 years in jail. Authorities undoubtedly reject his plea to make it longer.

Odds Always Opposed Marital Happiness

Comes now a college professor who has been looking into the state of holy wedlock, and announces that the chances are two to one against a life-long happy marriage for any given set of newlyweds.

The professor—Dr. Lewis M. Terman of Stanford University's psychology department—has studied 300 marriages. Of these, he found that 100 developed into the "happy ever after" stage, another 100 brought definite unhappiness to one or both parties, and the third hundred resulted in divorces.

It is typical of the present age, perhaps, to believe that there is something new in a set of figures like these.

Whether we did it through over-much reading of sappy novels, through too much staring at saccharine moving pictures, or simply through a process of wishful thinking, we do seem to have persuaded ourselves that a marriage ought to glide along with the utmost smoothness.

If it doesn't, we pity ourselves intensely and audibly; and if that gets us nowhere we decide that the other party to the domestic equation is an impossible person and a no-good, and we go hiking off for the nearest divorce court.

By looking on marriage through the eyes of romantic 16-year-olds, we leave ourselves utterly unable to meet the inevitable disillusionment; and so we roll up one of the most remarkable divorce records in all history, and when some professor soberly announces that the chances for a happy marriage are only one in three we are shocked and saddened.

What we need to understand is that, while these chances may be slim, they are probably as good now as they ever were or ever will be, and that no one who deserves to be called an adult ought to let such odds worry him.

The reason our divorce rate is so scandalously high is that too many people enter into marriage in the spirit of spoiled children, ready to pick up their toys and quit at the first sign of trouble.

Good Turkeys More In Demand Than The Regular Scrubs

COLLEGE STATION. — With Thanksgiving and Christmas drawing near, the spotlight is again turned on turkeys.

"Texas turkey growers have paid closer attention than ever this year to selection of breeding stock and finished dressing in order to produce birds of prime quality for the market," George P. McCarthy, Extension poultry husbandman, announced.

He pointed out that, although the turkey crop would be shorter in numbers this year, it would nearly balance in tonnage. Last year, 1,600 carloads of dressed turkeys were shipped out of Texas. This year, trade estimates place the carload shipments between 1,300 and 1,400.

McCarthy said that the Luling Foundation has one of the outstanding flocks this year, comprised of 1,800 birds from this year's hatch. Most of these birds will be sold as breeders.

Another good flock is owned by Levi Churchill, turkey demonstrator in Bailey county. Last year, almost his entire flock was graded prime. He will have around 500 birds this year.

"Breeding for quality pays," McCarthy said. He gave as an example the flock owned by the J. T. Owen family in Lynn county. Last year this family stressed quality in their turkeys. As a result of proper management, balanced rations, and good breeding stock, the family made a net profit of \$153 on 85 birds sold.

"Last year," McCarthy emphasized, "prime toms and hens brought from 7 to 8 cents more per pound than ordinary commercial turkeys. There is every indication that the same price condition will be true this year."

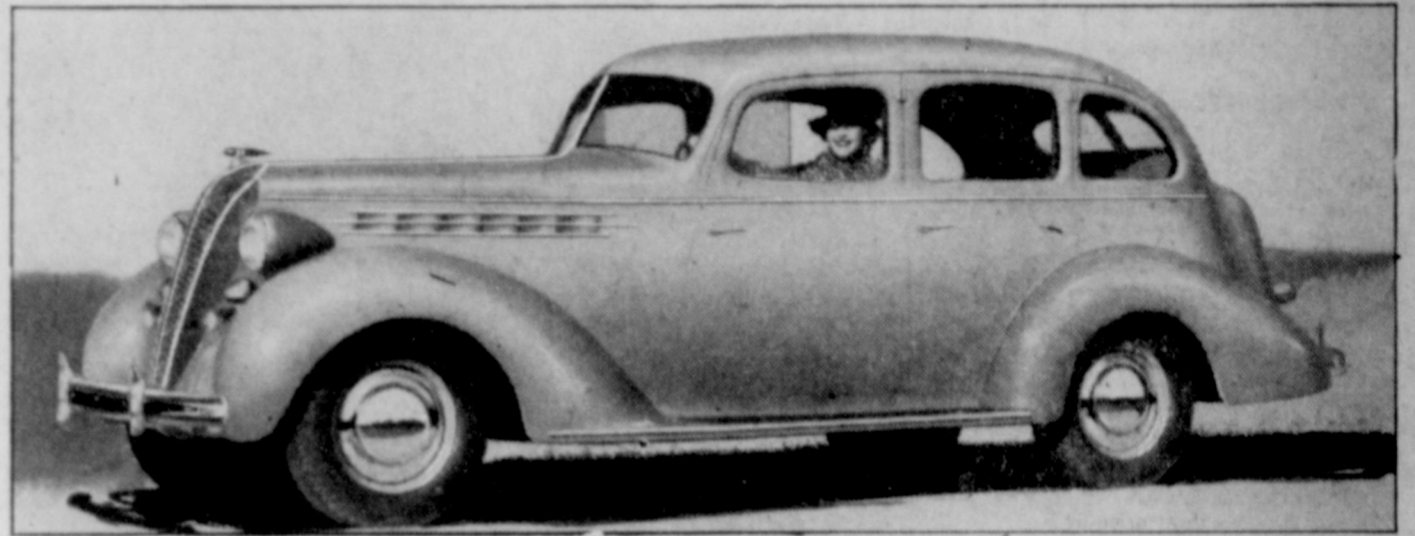

As a result of turkey grading schools held the last two years, the first dressed turkey show in the southwest was opened last Decem-

ber at Plainview. This year the show will again be held during the first week in December at Plainview.

HOLLYWOOD. — So many American movie stars have been to England recently, either to work on the lots there or to vacation, that Hollywood has taken to a number of English habits. The climax of these is the pause in the day's occupation for a cup of tea at 5 o'clock.

The present tea idea is credited to Richard Dix. This actor, returned to the states after making a picture for Gaumont at Elstree, near London, took to England's black tea while working there.

"Camels never get on your Nerves" STEADY SMOKERS SAY

Recently returned from the Upper Surinam River, Dutch Guiana, Mrs. William LaVare, girl explorer, says: "My husband and I are devoted to Camels—took them with us on our expedition. Smoking Camels steadily, I find, does not affect one's nerves."

Lt. Commander Frank Hawks, U. S. N. R., holder of 214 speed records, says: "I've been flying for 19 years and smoking Camels almost as long. Breaking speed records tests the pilot's nerves as well as his plane. Camels are so mild they never upset my nerves."

WILLIE HOPPE, champion of champions, and most famous personality of the billiard world! Mr. Hoppe has learned that cigarette mildness is essential to one who prizes healthy nerves. He says: "Championship billiards call for healthy nerves. It was a happy day for me when I turned to Camels. I can smoke them all I wish and never have 'edgy' nerves. I have smoked Camels for a long time, and I want to compliment them on their mildness. It must take more expensive tobaccos to give that special Camel flavor I like." You, too, will find a new delight once you turn to Camels. They never get on your nerves... never tire your taste.

This is Margaret Ellen Nichols, expert newspaper woman. She says: "Newspaper work involves lots of strain. I smoke all I want, because Camels never bother my nerves. Camels have a mild, pleasant flavor—entirely different from any other cigarette."

Darrow Pleads for Boy Lifer

Hope that he may not have to spend the rest of his life behind bars came to Lyle Messner above, 22, sentenced at 14 to life imprisonment for the alleged murder of a 6-year-old Cedar Rapids girl when Clarence Darrow (named criminal lawyer) emerged from retirement and won a promise that the Iowa parole board would consider Messner's case. The lad's mother had begged Darrow to save her son.

ON TEXAS FARMS

In Randall county, 22,255 quarts of canned foods valued at \$4,740 have been added to the pantries of 120 home demonstration club women during the last canning season. \$2,072.69 worth of dried or cured products, cheese and lard have been added.

Mrs. W. T. Spiers, a Kleberg county home demonstration club member, finds that asparagus is a practical vegetable to grow in the South Texas home garden. It produces with little attention, and is a valuable green vegetable at seasons when there is not much else in the garden. Mrs. Spiers' plans came from seed and are now four years old; she cuts sprouts in the fall after rains as well as in the spring.

Following the trench silo demonstration arranged and given by A. R. Bateman and E. R. Eudaly, there is an unusual interest among the farmers of Parmer county. Ten silos have been dug and filled. That many more are now under construction.

One hundred and forty-three rural yards have been sodded to Bermuda grass in Hill county this year as a result of the extension landscaping program.

A production of 60 bushels of corn per acre and 200 bushels of potatoes per acre is the result of crop rotation in which cowpeas and alfalfa have played an important part on the farm of L. G. Gossett, who lives in the Burr community in Wharton county. In discussing his farm operations with the county agricultural agent, Mr. Gossett stated that he had never raised any cotton and that he had not known that there was a depression on.

SIERRA BLANCA—More than 100 No. 2 cans of string beans have been canned by Mrs. Gordon McAdoo, who is food supply demonstrator for the Allamore home demonstration club of Hudspeth county which was started in May, according to Miss Gladys Young, home demonstration agent.

Mr. and Mrs. McAdoo have worked together and have irrigated a small garden spot from their stock tank, and have had fresh beans, squash, corn, pepper, onions, turnip greens, and spinach. They also canned a few each day for their winter pantry. There are four children in the McAdoo family.

GEORGETOWN—From surplus milk, Mrs. R. S. Caskey, farm food supply demonstrator for the Center Point Home Demonstration Club in Williamson county, and her daughter, Merle Caskey, have made more than 100 pounds of American cheese, according to Miss Bessie L. Vogt, home demonstration agent.

Mrs. Caskey says that the home-made cheese helps out with the protein requirements in her food budget, as cheese takes the place of meat and can be easily prepared at home. She has her own cheese press and prepares a good product. Five gallons of whole sweet milk make about four and one-fourth pounds of American cheese, she

GAINESVILLE—The hotbed made last February by Pauline Landman, garden demonstrator of the Callisburg girls' 4-H club in Cooke county, for growing tomato

plants is being used now to grow winter salad greens for the family, according to Miss Nette Shultz, home demonstration agent. Pauline is planting lettuce and parsley now. She plans to re-plant lettuce as fast as it matures and is

used. The parasy bed will supply a sufficient amount without re-planting. Approximately 600 tomato plants were set out from the bed in the spring. CANYON—Silage in a "ditch"

is cheap cow feed according to R. O. Allison, a dairy farmer who lives west of Canyon in Randall county. Mr. Allison has just finished filling a 100-ton ditch with grain sorghum at a total cost of \$2 per

ton. This included 49 cents a ton paid for the operation of a cutter. He estimates the cost of filling the ditch at about the same as the cost of cutting, shocking and stacking the same acreage of food in the dry state.

Last winter, Allison paid \$17 a ton for poor quality roughage to feed his cows. He says this silage will be better as well as cheaper. AMHERST—Crooked rows have nettled Bill Langford, Amherst farmer in Lamb county, \$5.12

more per acre. Cotton planted on his contoured land has yielded 50 pounds more lint per acre than cotton planted on uncountered rows. "My entire farm will be contoured next year," states Langford.

South Texas Has a Candidate For the Teachers' President

M'ALLEN, Texas.—South Texas high school officials and instructors are seeking support for Supt. John H. Gregory of the McAllen public schools for the presidency of the Texas State Teachers Association.

The annual convention of the association will be held in San Antonio during the Thanksgiving holidays. Gregory's name will be placed on the official ballot of the association.

A native Texan, Gregory holds a Bachelor of Arts degree from Southwest Texas State Teachers' College at San Marcos and a Master of Arts degree from the University of Missouri.

In pressing his campaign Gregory's supporters have pointed to his proposed policies if elected president of the association. He favors removal of the statutory

limitation preventing a per capita apportionment of more than \$17.50 per scholastic as the state's contribution to support of high schools. He believes the state should bear a larger portion of school expenses, with revenue derived from sources other than ad valorem taxes.

Blue Ridge Girl to Face Murder Trial In Moral Revolt

WISE, W. Va., Nov. 12.—Dogmas of the Virginia Blue Ridge mountaineers will be brought into court here when a 21-year-old girl goes on trial charged with murdering her father in a bitter quarrel which developed after the law of the hill folk—that an unmarried woman shall not be outside the home after sunset—had been broken.

The defendant is pretty Edith Maxwell, school teacher whose trial opens in this little backwood county seat Nov. 18. It will be a story of the struggle between the family code of the mountaineers and the infringing freedom of modern youth.

Miss Maxwell has been held in the Wise county jail since the slaying last July 21. The mountain girl learned the soft feel of "store clothes" while she attended normal school in the "outside world." She experienced life that was directly opposite to the code of "the Pound"—tawdry spattering of mountain shacks where she resided.

She is charged with beating her father, Trigg Maxwell, 52, to death with a shoe, at their cabin near the "Trail of the Lonesome Pine," when he attempted to spank her for staying out until nearly midnight.

Find Out From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the safest methods yet discovered for the relief of headaches and all common pains—and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Bayer Aspirin

points in the case.

The true battle when Edith goes on trial before H. A. W. Skeen, the respected mountain judge, is between the 9 o'clock curfew of "the Pound" and the right of modern youth to come and go as it pleases. Miss Maxwell says she killed in self-defense. Her attorneys, W. W. Dotson and A. A. Skeen, will base her case on doctrines of the modern world. It will be a stubborn last stand of the Blue Ridge Mountains against the invading dogmas of the outside world.

Miss Maxwell will take the stand with hopes of freeing herself and her 43-year-old mother, who also is accused in the death of the village "smithy."

The country school teacher said she will tell how on Saturday night, July 29, she came into Wise and met young, strapping Raymond Mead, her 22-year-old neighbor. She asked for a ride home in his automobile.

Miss Maxwell reached home shortly before midnight. Her father, she said, was angry with her for keeping late hours. The creed of the mountains and modern youth were thrown together in open conflict.

The father believed in the curfew tradition of his forefathers—that unmarried girls and women of whatever age, even those of 21 who earn their living by teaching school, must be in the home by sundown. To ignore it is admission of indecency and a disgrace of conduct.

The teacher said her father had resented every mode of new living brought to "the Pound." He was displeased with her going away to school at East Radford Teachers College, East Radford, Va. He condemned even the highways which are invading the hill country, his daughter said.

Miss Maxwell said her father lectured her and attempted to beat her. There was a furious argument. Miss Maxwell resisted, and to protect herself, seized the nearest object.

By strange irony, she grabbed up a high-heeled slipper bought while attending normal school. She allegedly beat her father on the head with it. During the night, he died.

State attorneys say the girl, her mother, and her 11-year-old sister, Mary Catherine, tried to deny the quarrel. They said Maxwell fell, striking his head on a meat block. Physicians who examined Maxwell found he was struck four times on the head.

Miss Maxwell and her mother were arrested. The mother later was released on bond. The girl was held without bond and later, according to officers, confessed striking her father.

Thad D. Greaser, the middle-aged, kindly-looking prosecuting attorney, said the state will attempt to prove the girl had threatened the life of her father numerous times.

A jury will be selected from the hill folk along the "Trail of the Lonesome Pine," where resided, in days past, Devil John Wright, the

"Jud Tolliver" of fiction, made famous by John Fox Jr.

Theories Shift In Death of Young Maryland Woman

MOUNT RAINIER, Md., Nov. 12.—Theories shifted rapidly in the Corinna Loring slaying today and police announced a belief that a "large and powerful" woman might have strangled and beaten the 26-year-old Sunday school teacher and bride-to-be.

Police Chief Plummer said he wanted to question a woman who is said to have opposed Corinna's wedding to Richard Tear, 29, hospital attendant. "She was very intimate with the girl, at least, and I know right where she is," Plummer said.

Central West Texas Oil Field

ACTIVITY UP IN SOUTH BEND AREA BRECKENRIDGE.—Activity has picked up in the South Bend area and there are now five wells going down as follows: H. J. Cox No. 1 Corbett which is 4340 feet deep and cleaning out to test; Neff & Singleton on the Dennis which is a rig; Fitzer & West, on the Booser down to 3000 feet; Rathko Oil Company's No. 1 Rodgers which is 2800 feet drilling, and Roberts Oil Company (formerly J. E. Winans Oil Company) on the McCarrell.

This last well was originally started by the Winans Oil Company, but has been shut down around 1200 feet for some time and recently taken over by the Robert Oil Company.

Christie Bros. No. 4 Jeffery, located five miles north of Graham, went to 4150 feet, getting only a small show of oil and gas in a gray lime at 3870 feet, so will abandon.

In the Throckmorton county area, Falls Production Company's No. 9 M. K. Graham is the only deep well now drilling; located several miles north of Koodon, it is now down to 2800 feet. However, Robinson, Hawkins and others are drilling at 1600 feet on a test in the northeast corner of the county near the Baylor county line.
