

### Pastor Is Glad of Call to Church

A letter to H. C. Davis, Chamber of Commerce secretary, from Dr. Charles W. Estes, soon to be Presbyterian church pastor, reveals he is enthusiastic at the opportunity of coming to Eastland.

The letter, which is self-explanatory, follows: Denton, Texas, Jan. 21, 1935. Mr. H. C. Davis, Secretary Chamber of Commerce, Eastland, Texas. Dear Mr. Davis: I remember meeting you at the Lions club, one week ago tomorrow, and your special concern in the unlimited field you are now serving, and your cordial greeting to me while in your city.

As I stated to you and others, my plans are all about completed and I think my moving to Eastland is an assured fact, because I had a conference with our state board in Fort Worth, last Thursday, and it is now agreed that the move shall be made as soon as I am able to be released from my several obligations in Denton, and am working along the plan of moving to Eastland March 1, 1935.

As I read the Eastland Telegram today, I note the proposed joint luncheon including the various clubs and the Chamber of Commerce in the very near future.

Mr. Davis, I note with much personal interest the outline of activities proposed in your program, all of which concerns me very much.

Naturally I am concerned in the trade extension, larger business for

the city where I reside as a Presbyterian minister, willing to give every interest possible to create a larger trade territory.

Yes, the observance of the Fourth of July, an opportunity for the city and community to create and build a better idea of citizenship, so much needed at this time. And, relative to the Eastland county annual fair, will say that this is a special concern of mine and I have had much happiness in the advancement of this line of county organization, closely associated with one of the best county fairs in the state, active in the growing of pure-bred Jerseys, and showing a number each year in the fair, and chairman of the county 4-H club activities, and with this have served four years as president of the Denton County Jersey Cattle club, with a number of the largest herds in the state and now I suppose the largest imported herd in the southwest.

In all other activities, and now in the most recent undertaking—"the federal housing campaign"—certainly a great task, and with this the damming and controlling of the water project in the Brazos river, will certainly make a veritable paradise out of the western country.

And the last project I note in your recently announced program to be discussed at the luncheon, "Eastland and Rural Community Life," as this is in reality a hobby of mine for years, and I am very happy to learn of this wonderful program, and certainly I wish I could be present on this occasion and meet personally the people with whom I expect to live and serve perhaps the rest of my active life. I am coming to your city to reside and shall hope to give of my life-experience in helping to make that a still greater country, and to every assistance in my power.

Very truly yours, CHARLES W. ESTES. Central Presbyterian Church.

If the Townsend plan were adopted, the fast life we're living today wouldn't be half fast enough.

### Cisco, Olden School Students Transfer To Eastland High

A student from Olden and Cisco transferred to Eastland High school for the semester that began Monday.

The transfers were Bob White of Olden, a junior, and Elizabeth Cameron of Cisco.

### Game Scheduled With Cisco For Monday Postponed

Cisco school officials Monday afternoon in telephone conversa-

tion with those of Eastland postponed the game scheduled for that evening. Inclement weather was the reason, it was explained. No date has been set for the non-conference game.

### 'Marked Increase' In Registration Says Hi School Principal

Though figures were not immediately available, W. P. Palm, principal of Eastland High School declared Tuesday that registration for the new semester that began Monday was "a marked increase." Many students, the principal said, were graduated from Junior High to the school.

### TO GIVE TWO RECITALS

Pupils of Miss Wilda Drago are scheduled to be presented in mid-term recital Thursday, Jan. 24 and Friday, Jan. 25.

The Methodist church will be the scene for the recital, 7:30 p. m. for the Thursday and Friday event.

Selection, composer and the Drago student rendering are as follows:

### THURSDAY NIGHT

In Luxemburg Gardens	Harmony Girls	Manning-Deis

John Allan Mouser	
a.—Lento	Cyril Scott
b.—Rhapsody in G Minor	Brahms
Clara June Kimble	
Hejtre Kati	Huby
Ora Fay Hefley	

### Lyric Friday and Saturday

Richard Arlen and Madge Evans, hitch-hiker and heiress, play the two leading roles in the thrilling new Fox picture, "Helladorado," produced by Jesse L. Lasky. The haunting whispers of their ghost-town refuge speak of the past—but the voice of the present speaks of love.

### Lyric Sunday Only

Irene Dunne and John Boles, who scored heavily in "Back Street," are again teamed as co-stars in "The Age of Innocence," RKO Radio's adaptation of Edith Wharton's colorful romance of the Seventies and poignant drama of the social code's obstacles to an enduring love.

### Theft and Light Don't Mix, Says Dallas Officer

DALLAS, Jan. 24.—As a means of crime prevention, citizens are warned they should leave a light burning inside their home when they leave for a few hours at night rather than leave only the porch light burning, Police Captain Norman D. Bailey, Dallas, newly appointed public relations officer of the department said.

"Turning out all lights, except the porch light is almost as good as telling the burglar that the occupants are absent," Captain Bailey said. "It's all right to leave the porch light on, but at least one small globe should be left lighted inside. Then the burglar can't tell from the outside whether someone is up in the house or not. Usually he plays safe on the presumption there is some one in the house and up and go on to a house where all inside lights are dark."

### WILD LIFE BY SCHOOLHOUSE

ALPINE, Tex.—School children on the Kokernot ranch, 15 miles north of here, do not have to leave their books to study wild life—they simply gaze out the school-room window. The ranch is located in the heart of the Davis Mountains and is ideally situated for wild animals. Deer in herds stroll by the school house. Squirrels play in an orchard nearby. Panthers have been seen on the ranch. Martha Anderson is the teacher, and conducts classes for Mary Ann Kokernot and two Mexican girls.

Store seeds in a cool place if you order them early. They are kept in better condition than in a warm room.

### GAME A TOSS UP TO FINALE AT EASTLAND

In a five minute period with outcome as problematical as last week's weather, Eastland has the Ranger Bulldogs 22-10 the past Eastland.

Both groups were a little in their free throwing. East five missed 10 of the chances while Ranger let slip through Center Tully of Eastland fouled out of the game.

The box score:

Eastland (22)	
T. Hart, f.	3 0 1
V. Craft, f.	0 0 2
Tully, c.	2 1 3
J. Hart, g.	1 0 0
Shoopman, g.	3 1 2
Taylor, f.	0 0 0
Dulin, c.	1 0 2
Total	10 2 10
Ranger (19)	
Poynor, f.	1 1 1
Walsh, f.	2 0 0
Rhodes, c.	1 3 3
Jacoby, g.	0 0 0
Agnew, g.	1 0 2
Kennedy, f.	2 1 2
Total	7 5 8

Officials: referee, S. D. Perkins; time keeper, R. L. Perkins; scorer, Bailey Hinton; center, Eastland, H. L. Hart, Ranger, M. Moore.

### HOT WATER

Prevents Waste... Increases household efficiency!

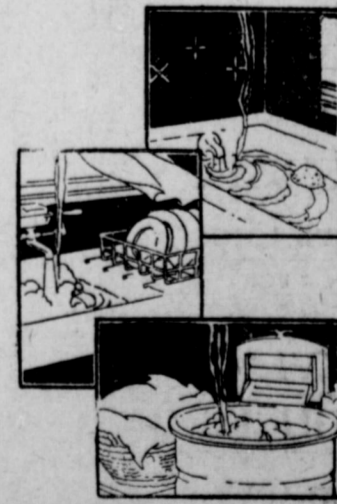

You aren't really living in this modern age if you still have to hand-light your water heater. The most up-to-date and thoroughly care-free way to insure abundant, clean hot water at any minute is a Gas Automatic Water Heater. No waiting then for water to heat if you want a quick bath or have dishwashing or laundry work to do!

A gas heater is the most efficient automatic hot water system you can own. Thermostat control prevents fuel waste. It uses only enough fuel to keep your hot water supply at just the temperature you prefer. Before spring cleaning gets under way, have installed this efficient helper.

### Your Cheapest Method of Water Heating

Because of the low cost of your natural gas service, one of these modern automatic heaters is economical to operate. For instance, one will heat enough water for two hot baths at a cost of only 1 cent!

Your gas appliance dealer or your gas company has wide selections of modern gas appliances. See them. Remember, National Hot Water Automatic Water Heaters are the best appliances.

Community Natural Gas Co.

### OLDEN

left Monday for Tulsa where his brother-in-law, Ernest Kitchen, is seriously ill. Mr. Kitchen is a prominent Oklahoman, and one of the early Terrell school superintendents here. He is a 33rd degree Mason and has been a resident of Olden for the past 20 years. Ernest Kitchen was ill with the flu but is back in school. Earnest Kitchen spent the weekend with his sister, Mrs. Willie Johnson of Alameda. Bertha Yardley and Cora Campbell visited Elaine Hale Tuesday. Earl Lee spent Saturday night and Sunday with Terrell Hale. Jim Stiffler and wife and son visited E. M. Campbell and family Tuesday. Hutch Hale was in Ranger Tuesday. Mozell Hale spent Friday night with Frances Ferrell. H. A. Neger was in Ranger Tuesday. Mrs. H. D. Browning and daughter were in Ranger this week. Mrs. Jim Segars and Mrs. Moos of Dublin visited Mrs. F. E. Ferrell.

### CROSS ROADS

Stanton Jr., who is employed at the Magnolia Petroleum Co., was injured in a tank early Wednesday. He was in a Gorman hospital and it was just how serious his injury was, but it is hoped they will be able to get him out of the hospital. He is the son of Mr. H. Stanton of Olden. Ambrose moved his family to Dallas Sunday. Mrs. C. L. Ford and Graham spent Friday Saturday with their relatives. L. V. Ford family here. Mrs. Claude Leclair spent Saturday night with the Sam Newby south of Olden. A party honoring Dick was enjoyed by a group of children at his home in Ranger from 5 to 6 p. m. attending reported a schoolhouse of Austin to take the position of school left vacant by Henderson's resignation. Simer, who has been in Archer City for several weeks, came to Olden to take over the school. Extra teacher was needed because of the crowded conditions in various classes. Mrs. Simer is well known here for several years and everyone is glad she has come to teach here.

### OAK GROVE

Light rains fell here last Friday, Saturday and Sunday, furnishing sufficient moisture for plowing, but very little stock water stored in the pools and tanks as most of the rain soaked into the ground. This is the first rain to fall here since November, 1934. A severe norther blew Sunday and continued through Monday. The temperature here was 10 degrees above zero Monday morning which makes our wood pile look very much like the proverbial "three poles." Morris and Osborne Millford, sons of Mr. and Mrs. Fred Millford are ill with tonsillitis. A doctor was called in to see them Sunday morning. Mrs. J. E. Cannaday has been at the bedside of her son, Troy B. Cannaday in the Pleasant Hill community, who has been sick with the flu since Jan. 2. The Federal Housing Work that was started here last week was held up by the rain and cold weather, but will be resumed again as soon as weather will permit. Since our last letter Mr. Henry Rice has moved into our community and occupies a place on the Mrs. J. E. Parker farm. Also Mr. Williams, who is recently from Louisiana. He is domiciled on the Eugene Finley farm. We extend a welcome hand to both families.

### Mountain School News

The cold weather of this week has been the most severe of any this year but no serious injury was done the grain. The excellent rains coming before the freeze have been a great help to grain and will insure a season for early planting of corn. Mrs. Lizzie Askew has improved some from her prolonged illness. Frank Fonville of this community was called to Eastland Monday for jury service. A large number of people from this community attended the funeral of John Payne last Thursday at the Howard cemetery. The deceased was the youngest son of Mr. and Mrs. Lewis Payne and was 15 years of age. He suffered an attack of acute appendicitis and although everything was done that could be done he could not be saved. His brother, being in the western part of the state, the burial was postponed until 7:30 p. m. so his brother could reach his home. The school at this place has provided a well selected library and state aid for this was secured. In connection with the library a number of papers were paid for by the school board, such papers as the Fort Worth Star-Telegram, Literary Digest, The Texas Weekly and Ranger Weekly Times are read by the student body, which gives them an opportunity to keep up with local as well as world news.

### DESDEMONA

Recently at the Methodist church funeral services were conducted for T. J. Henry, known to all his friends as "Uncle Tom," who passed away early December 31 at his home after a long illness. Services were conducted by pastor, Rev. H. H. Nance, who was assisted by Rev. Z. C. Chambliss, pastor of the Baptist church and Rev. Walker, pastor of the Methodist church at Dublin. "Uncle Tom" would have been 82 years of age if he had lived until Jan. 25, having been born in Rusk county in 1853. He came to this county more than 30 years ago, being one of the oldest citizens of this community. He married Miss Mary Wynn soon after coming here and to them were born nine children, two of whom died in infancy, and the seven others survive him. They are Joe Henry of Odell, W. M. (Tip) Henry of Desdemona; Tom Henry of Dublin; Dolph Henry of Littlefield; Mrs. Eula Jones of Odell, and Mrs. Lizzie Carruth of Brownfield. Besides the children he is survived by 23 grand-children and six great-grandchildren. His wife preceded him in death a few years ago. The church was crowded with sorrowing friends and relatives and the floral offerings were beautiful and numerous, bearing witness to the love and esteem in which he was held. Interment was in the Desdemona cemetery. Schools and places of business were closed during the funeral. Mr. and Mrs. W. H. Davis drove to Gorman on business Friday. Mr. and Mrs. Robert Snead were in De Leon Thursday. Mrs. J. H. Rushing, Jr., Weldon Rushing and his mother, Mrs. J. H. Rushing Sr., were in De Leon Thursday night. Mr. and Mrs. W. E. Barron, Mrs. Charles Lee, Mrs. H. H. Nance and Mrs. W. C. Bedford went to Eastland Wednesday and attended an officers training for the Methodist Missionary Societies of the Cisco district. The meeting was called to order at 10 o'clock by Mrs. Barron who, as District Secretary, presided over the meeting. Several conference officers were present and took charge of the various groups of officers for the period of instruction. At noon a lovely luncheon was served in the basement of the church. Over 100 officers were present from almost all towns of the Cisco district. In the afternoon Mrs. C. A. Boaz of Fort Worth conducted a devotional hour. Ed Parks and family drove over to De Leon Thursday night. At the annual business meeting of the "21" Study club on January 24th, the following officers were elected to serve the next club year, which begins in September: Mrs. Mattie Henry, president; Mrs. W. E. Barron, first vice president; Mrs. Arnold Anderson, second vice president; Mrs. A. C. Moore, recording secretary; Mrs. W. H. Davis, corresponding secretary; Mrs. Dave Parks, treasurer; Mrs. J. E. Heeter, critic and parliamentarian; Mrs. W. C. Bedford, press reporter; Mrs. A. C. Robert, Federation counselor; Mrs. S. E. Snodgrass, better homes chairman. Mr. and Mrs. Arnold Anderson and daughter, Beatrice, drove to Breckenridge Sunday and spent the day with her parents. Rev. H. H. Nance drove to Dublin on business Wednesday. Mrs. J. E. Derrick and daughter, Mrs. Style McEntire and baby, drove to Moran Wednesday and visited friends. Ford Reid and family were in De Leon Thursday night. Deway Jones of Gladewater came in Thursday afternoon and took his family back with him that night. J. H. Adams had the misfortune of getting the middle finger of his right hand badly crushed Monday.

### Alameda School News

Our boys were beaten in a basket ball game Saturday night by Morton Valley boys. A team composed of Alameda girls and boys and Morton Valley girls defeated the Morton Valley girls. We will have our play, "Happy Valley," this coming Friday night, Jan. 25. Everyone is invited to come and bring 10c for children and 15c for adults. Our superintendent, R. B. Hodge is in bed with the flu. We hope him a speedy recovery.

### SALEM

Rev. Z. C. Chambliss conducted the funeral. Mr. and Mrs. Walter Henry were in Gorman Friday. Mrs. Bailey Stark visited her parents at Olden Wednesday. A. C. Schuman of De Leon was here on business Friday. W. C. Bedford drove to Eastland and Ranger on business Tuesday. O. A. Kuntze was serving on the grand jury at Eastland Monday. We didn't have any Sunday school Sunday on account of the bad weather. Mr. and Mrs. Ila Redwine spent Saturday night and Sunday with her brother and wife, Mr. and Mrs. Taylor Varner, of the Howard community. Jessie Bowles spent Sunday night with his aunt, Mrs. Ila Redwine. Roy Dunlap and Mr. Cameron visited Earl Redwine Sunday evening. There was a party at Mr. Highsmith's Saturday night. W. H. Sparger was in Gorman on business Saturday. Mrs. Katie Bowles, Mrs. Ila Redwine and Mrs. Iva Redwine were in Gorman on business Wednesday. Will Wisdom is ill with pneumonia. Rev. Nance of Desdemona will fill his regular appointment here next Sunday. Doyle Johnson is spending a few days with his mother, Mrs. Johnson, at Ranger. Edith Cameron visited Inez Highsmith Sunday evening. Next Sunday is regular singing night at this place. B. A. Highsmith was in Eastland Tuesday on business. Arvilla Bowles is on the sick list this week. Roy Dunlap has been on the sick list this week.

### Well Drilled In At Cisco and One Prepared at R. S.

A well was drilled in near Cisco and one at Rising Star was prepared to be drilled in near Rising Star last week—two of the important activities of the week's oil developments.

Striking oil in the shallow field west of Cisco at 425 feet, three Ciscons have drilled in a well on the G. S. Pruett place. The well was estimated to be making from 10 to 15 barrels of oil daily.

Those bringing in the well were L. R. Terry, L. A. Harrison and L. H. Qualls. It was planned to have installed a 100-barrel storage tank.

A flow of gas, checked as 350,000 feet was struck in the Watkins No. 1 drilled by Charles Cox and others near Rising Star recently.

The gas came unexpectedly as the crew were drilling at 2824, not expecting to strike the gas until about 2900. When the gas was struck operations were immediately suspended until casing could be set and the hole gotten into shape for the drilling in of the well. Mr. Cox stated that the casing had been set in good shape and that the well would be drilled in soon, awaiting the arrival of interested parties from other states.

In speaking of the well Mr. Cox stated that the hole was logging exactly with that of the Goss field a few miles northeast, and seemed to be on the southwest extremity of that structure. He pointed out that the Lee well sand, might still be touched at around 2950.

### Says Poison Gases Are Making Wars Much Less Deadly

BRISTOL, England. — Poison gas is the least destructive weapon in modern warfare, but also one of the most effective, according to Dr. Herbert Levinstein, who became recognized during the Great War as one of the leading poison-gas experts on the Allied side.

Dr. Levinstein told the Institute of Chemists here that out of 75,000 poison gas casualties among United States troops in the Great War only 1 1/2 per cent proved fatal.

"This is one instance," he said, "of what has proved to be generally true—that toxic substances cause far fewer deaths than high explosives, but are more effective in military results."

**No More Danger**

Dr. Levinstein declared that the application of chemical science to war has not made war more dangerous either to soldiers or civilians.

"It has introduced fresh possibilities of effecting a strategic surprise," he said, "which is quite different. Far more destruction of property, greater mortality and suffering are caused by dropping high explosive or incendiary bombs from aircraft than by using gas-filled bombs or shells."

Gas, Dr. Levinstein added, though less destructive might be more effective, because it causes panic to untrained, unprotected civilians, just as it terrified untrained and unprotected troops.

**Elder Men at Front**

The "over-forties" may be the frontline shock troops of a future war, while the young men will take control of the home front, according to Dr. Levinstein.

"If all men were called to the colors for military training at 40 it would do them a great deal of good," he said. "Recent progress has made war a less unsuitable occupation for middle-aged people than it was in 1914. War has been largely mechanized. Trenches are now dug by powerful machines. If engineers set their minds to it they could further alleviate the discomforts of war. Middle-aged men can drive a tank as well as anybody."

### Cleaner Finds \$5,000 In Suit of Clothes

HOUSTON, Jan. 18.—E. F. Woodward, Houston capitalist, sent a suit to the cleaners. It was thrown in the back of the delivery truck and taken to the cleaning plant.

There A. J. Jones, whose job is to search clothing sent in for articles left in pockets, felt something. It was five \$1,000 bills.

Walter Talley, plant owner, took the money to Mr. Woodward's office. Mr. Woodward, a secretary said, hadn't even missed the money.

### Grand Jurors Return Three True Bills Friday; No Action Taken In McBee Case Announced Today

Three indictments were returned against yet unarrested persons by 91st court grand jurors when they recessed subject to call Friday afternoon in Eastland.

There was no connection of the persons indicted with the McBee case, Sheriff Virge Foster said Saturday.

The jurors had reconvened Wednesday after returning nine indictments the previous Friday. Two of the bills—one against Jimmy Curtis for an alleged assault upon an Eastland cafe operator and one against a Ranger man charged with theft by bailee, were announced.

As far as is known no action has been taken in the McBee "hanging skeleton" case, the topic which is said to have taken the jurors attention.

Meanwhile, three are charged with murder in connection with the case. Mrs. Raymond Henry made bond at Baird, where she was held for several days. Raymond Henry, her husband, and M. E. Tyler of Rising Star, also charged in the case, are in Stephens county jail at Breckenridge. They were recently transferred from the Eastland city jail as the county bastille is under repairs.

### Plans Made For Oil Belt School Teachers' Meet

Plans were perfected for the Oil Belt Educational association's annual convention in Mineral Wells in that city Saturday by executive committee.

Approximately 2,500 are expected for the meeting to be held March 15 and 16.

Executive committeemen who met with Supt. H. H. Hutto and W. A. Ross of Mineral Wells were R. F. Holloway, president; O. G. Lanier, secretary-treasurer; executive Supt. B. E. McGlamery of Eastland; R. H. Brandon, Cisco, and Supt. J. F. Bailey of Breckenridge.

Sub-committeemen were named to return to Mineral Wells soon to make final arrangements for the meeting. They were R. F. Holloway and O. G. Lanier.

### Smallpox Can Be Eliminated State Health Officer Says

AUSTIN.—Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. John W. Brown, state health officer. There were almost 800 cases reported to the state department of health in 1934.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of three or four days of these preliminary symptoms, an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradistinction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

At present there is an increasing lack of vaccination among the school children, and they contribute a menace to our state. It is right to sit complacently by and allow this disease to gain a foothold, when a very simple weapon is in a position which would make the occurrence impossible? Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination is an economical measure easily within the reach of all and brings protection. The disease is within human control and our advice to the people of Texas is to get vaccinated if you have not been within the last five years.

### Delinquent Tax Bill Passes Legislature

AUSTIN, Jan. 21.—Delinquent tax owners in Texas can begin paying back taxes without interest or penalties tomorrow.

By vote of 29 to 0 the senate today made effective a house resolution giving immediate effect to the so-called "Pope Bill" of the last session, remitting tax penalties and interest. Without the resolution finally passed today, the act would not have taken effect until Feb. 9th.

### Record Rains In Utah

PROVO, Utah.—Precipitation in central Utah during October, November and December of 1934 was greater than during any like period for eight years. Figures released by the Provo Water Commissioner show the average precipitation during those months on five measuring stations in central Utah to be 5.76 inches, 121 per cent of the normal.

### GOLD CROP VANCOUVER, B. C. — J. H. Bennett bought a turkey but it didn't cost him a cent. When he cut the bird open, he found a gold nugget, valued at \$5, in its crop.

### Court Procedure Changes Are Urged

BEAUMONT, Texas, Jan. 21.—Judge W. C. Davis, Bryan, presiding judge of the state's second administrative district, announced following a meeting of the organization here that it would ask the Texas legislature to revive the state's "antiquated and clumsy" system of criminal procedure.

The move also has been recommended by the state bar association. The proposal was designed to speed up and make more effective the administration of justice, Davis said.

### Issue Order to Restrain Taking Possession Lease

An order restraining J. E. Johnson of Abilene, receiver on an oil lease, involved in litigation styled E. E. West vs. C. Y. Partain, from taking possession of the lease has been issued in the 11th court of civil appeals at Eastland, pending outcome of the appeal of an order of the reverse effect entered in the case in Abilene recently in Abilene district court.

The Eastland court injunction was granted to V. S. Cassell, owner of the lease, to be effective while the appeal is pending.

Judge Milburn Long's order in Abilene was to restrain Cassell, landowner, and his tenant, W. A. Purcer, from interfering with activities of Johnson, who had been appointed receiver for the property in former proceedings. Contempt of court proceedings were brought by Johnson against the two at the same time.

He asked for injunction to go ahead with his duties were dismissed last week by Judge Long.

### Gorman Woman Heads County Group

Mrs. Andrew Mehaffey of Gorman was elected president of the Eastland County Federation of Women's Clubs at their meeting in Eastland Saturday.

Mrs. H. G. Bailey of Cisco was elected vice president; Mrs. Louis Pitecock of Ranger, recording secretary; Mrs. E. C. Satterwhite of Eastland, treasurer; Mrs. M. H. Hagaman of Ranger, parliamentarian.

The speaker of the afternoon was Miss Edwin Gore, state library organizer of Austin. Miss Gore discussed the advantages of a county library. County Judge Clyde Garrett spoke on the move.

Nine clubs of Eastland county were represented. DeLeon had four members present from Comanche county.

Delegates representing the Eastland club were Mmes. J. E. Hickman, Thursday Afternoon club; Mrs. Bert McGlamery, Civic league; Mrs. E. C. Satterwhite, Music Study club; Mrs. Frank A. Jones, Alpha Delphin chapter, and Miss Maurine Davenport, Junior Thursday club.

### Thief Steals Pies From Parked Truck

HOUSTON.—Simple Simon, the nursery rhyme hero who like his pies big and numerous, has a counterpart here. When a pie company man left his truck to take an order from Mrs. Jim Brown, a thief stole 72 luscious dishes.

With the aged getting \$200 a month, the insurance companies would have to insure us for security in our youth.

### Estimate Made On Receipts of Cattle Sale to Producers

Money received by cattle producers to the government during the recent buying program was offhand estimated as being \$135,000 by J. C. Patterson, county agent, Saturday.

When all cattle checks are in, he estimated, the total will be around \$138,000. Previously the total to be derived from the cattle sales was put at \$142,000, he said.

### Railway at Rising Star to Curtail Service Feb. 1st

RISING STAR, Jan. 19.—Announcement has been received by C. S. McNeely, agent for the Katy railroad, that beginning Feb. 1, three trains would be run each week. The new schedule is a curtailment of the present.

### Justice of Peace Mixes Pleasure With Official Business

DALHART, Texas, Jan. 18.—Justice of the Peace Hugh Edwards is not a man to let pleasure interfere with his duty.

When Robert Drew, 19, negro, charged with burglary in connection with the robbing of a Rock Island depot at Romero, appeared before the judge he offered to tap dance.

The judge watched the performance and then ordered the prisoner held under \$500 bail for action of the grand jury.

So impressed was his honor with the dance, however, that he held court over a while longer for a second demonstration.

### Approval Seven Work Relief Projects For Immediate Start Is Announced

Approval of seven work relief projects that will provide employment of 258 men and expenditure of \$16,857 were announced Monday by Administrator H. E. Driscoll. Work was to start immediately.

The projects:

- Stenciling of street names and numbers on curbs, utility poles in city of Eastland. Employment of eight men; cost of \$255.
- Grading, draining, clearing, widening and fencing 2 1/2 miles of lateral road from Kokomo-Eastland road; 65 men, \$2,540.10.
- Building flue, leveling and draining school grounds, landscaping, setting flag pole and rebuilding rock wall around school grounds of Grandview institution; seven men, \$202.37.
- Remodeling and rebuilding three miles of fence, grubbing and grading right of way, erecting 50-foot span bridge on Eastland-Bedford Chapel road and making a 600-foot fill using 1,600 cubic yards of earth; 59 men, \$5,983.50.
- Cleaning of dump grounds and disposal plants and removing garbage from top of hill into canyon near city limits of Cisco; 52 men, \$2,797.60.
- Improving lateral road north and west of Ranger; 49 men, \$3,654.80.
- Setting back fence and grubbing right of way 1 1/2 miles; building and setting three culverts near Cisco, 25 men, \$1,424.60.

### Relief Projects In Texas During Year 1934 Totalled \$29,000,000

AUSTIN.—Work relief projects for expenditure of more than \$29,000,000 were authorized by the Texas relief commission during 1934, it has been announced by Adam R. Johnson, state relief administrator.

The FERA work program, instituted by the engineering department of the commission after abandonment of CWA last April, at the end of the year included 6,229 projects in active operation.

"We are proud of the growth of our work program because it has enabled us largely to provide our employable relief people with work and avoid the outright dole," Mr. Johnson said. "I believe it has been a determining factor in maintaining the morale of the state's destitute."

The director pointed out how the number of direct relief cases has decreased in percentage in comparison with the number of work relief cases.

Although the case load had increased from 200,460 cases in May to 254,282 cases in December, or by 26.85 per cent, the increase in direct cases was only from 160,442 to 192 or 1.93 per cent.

Direct relief cases in May were 76.05 per cent of the total case load, work relief only 23.95 per cent. The steady increase in numbers of work projects each month continued until in November direct cases were but 53.11 per cent of the total, work cases had climbed to 46.89 per cent.

"Although we haven't completed our report for December, preliminary estimates place the work relief load at 52 per cent of the total. If these estimates are correct, our work relief load now exceeds the load receiving the direct relief grant," Mr. Johnson continued.

Duplicated cases are those receiving both work and direct relief. These cases occur when it becomes necessary to supplement work re-

### Young Justice Is Nervous at Wedding

KERRVILLE, Texas, Jan. 18.—First official act of Joe Burkett Jr., 25, newly installed justice of the peace in the Kerrville precinct and one of the youngest political officers Kerr county has had in years, was to perform a marriage ceremony.

"If the couple felt as unnatural about it as I did," Judge Burkett said, "they won't feel officially married at all."

CLEVELAND, O.—With the birth of twins, Mrs. Inez Anderson, 39, became the mother of 22 children, 17 living.

### Eastland Debaters To Brownwood Next Saturday

Two debate teams of Eastland High school will enter the invitation tournament sponsored by Brownwood high in that city Saturday.

Members of the boys team to participate are Edmund Herring, Edward Stanford, Colin Satterwhite and Frank Hatten. Girl debaters to make the trip and enter the event in their division are Carolyn Doss, Mary Frances Hunter, Madge Hearn and June Hyer.

Topic for discussion will be on government ownership of public utilities.

### Suspenders, Spats And Caps Denounced By Students of C.I.A.

DENTON.—Staunchly denouncing "patent leather" hair, and condemning any "Greek God" who even so much as suggested "spots" (CIA) girls proudly proclaim their "don'ts" for young men who wish to stay in their favor.

With caps first on a rigid restricted list and suspenders running a close second, how ties and unrolled shirt sleeves without coats are laughed to scorn. Some girls insist that their friends can smoke anything but pipes, while others draw the line at cigars. Her girl particularly wishes that her dates wouldn't buy her chewing gum—perhaps she suspects it is a means of reducing her conversational line.

Nevertheless these don'ts are what the young ladies forbid and they certainly give a sure reason for so many "forgotten men."

### Prorate Allowable For This District

Railroad commission deputies at Eastland last week were occupied in prorating the district oil allowable for February.

The allowable set by the state commission for the month is 31,000 barrels. The district is composed of 16 counties.

CORPUS CHRISTI.—33 per cent drop in oil payments, the Nueces County district in 1934 has second best year in its history according to a report issued by Adams, port director.

### Don't Trifle With Coughs

Don't let them get a hold. Fight them quick! Mulsion combines 7 helpful but harmless, to take. No narcotics. Your druggist is authorized to your money on the spot cough or cold is not Creomulsion.

CCC Workers Plant 20 Miles of Vines

WASHINGTON.—Civilian conservation corps workers in the Acadia National park, Maine, area have planted over 4,000 vines along 20 miles of the Ellsworth-Bar Harbor highway in a joint landscaping and soil preservation program.

The vines are being planted not only to add to the highway's landscape beauty but also to prevent erosion. Many have been placed on banks too steep for ordinary planting.

Vines planted included Virginia creeper, bitter sweet and wild grape, which are regarded as particularly valuable in covering rock-fall slopes. One vine will cover a 10-foot circle in a few years.

The man who has just become the father of his fifth set of twins says he'd rather have twins than quintuplets. Two are enough of a blow at one time.

Star Studded Films On Lyric Schedule

The list of attractions that will play the Lyric the coming week starting today will bring to the local screen as many notable screen favorites as has ever been presented in a single week. On Friday and Saturday the Lyric will present "Helldorado," starring Richard Arlen and Madge Evans. This is a story of a modern band of tourists marooned in an abandoned California ghost-like town and is produced in epic proportions by the producer-director combination of Jesse L. Lasky and James Cruze, who are noted for the early screen successes, "The Covered Wagon" and "Old Ironsides." The supporting cast for "Helldorado" includes Ralph Bellamy, James Gleason, Henry B. Walthall and Stepin Fetchit.

On Sunday the attraction at the Lyric will be "Age of Innocence," co-starring Irene Dunne and John Boles. Since their outstanding success as a co-starring team in "Back Street," there has been an avalanche of requests from all over the country that they be costarred again. In selecting Edith Wharton's "Age of Innocence" as their second co-starring vehicle the producers, directors and the stars feel that they have a story that affords excellent opportunities for them to overshadow their success in "Back Street."

Monday and Tuesday "Imitation of Life," starring Claudette Colbert, will be presented. This magnificent story from the pen of Fannie Hurst has been produced for the screen by Universal Film corporation who are noted for such outstanding productions as "All Quiet on the Western Front," "King of Jazz," "Back Street," and many others. In selecting Miss Colbert for the leading role in this story, Director John M. Stahl insisted that Warren Williams be secured for the leading male role in this story. The supporting cast includes Ned Sparks, Rochelle Hudson, and Baby Jane. This production bears the indorsement of its producers as one of the finest ever produced in its studios.

The Wednesday and Thursday attraction at the Lyric will be "Lady Be Good," co-featuring Carole Lombard and May Robson. This story is especially adapted to the talents of May Robson, who gained much screen recognition in "Lady for a Day," in which she portrayed the role of "Apple Annie." In this picture her role is of similar nature and from advance reports she scores heavily with it. Miss Lombard, in the role of a gorgeous young dancer, has a part well suited to her natural talent. Roger Pryor has the leading male role and Walter Connolly is also prominent in the cast.

35 On West Ward Honor Roll Group

Thirty-five students attained averages in subjects entitling them placement on the West Ward honor roll for the last six weeks of the past semester, according to announcement of school officials.

- The honor students in grade divisions are as follows: 1B—Joe Bob Davenport, Betty Glenn Cox, Mary Jo Collie, Martha Jean Cook, Jerry McFarland, Marcille Shenberg, Joyce Bagley, Harold Gene Harkrider, Reba Jane Fox, Billy Fay Mitchell. 1A—Vanette Van Geem. 2B—Bettie Mae Jones, James Swirdall, Pansy Locklear, Ray Roper, Charles Beskow, Martha Lue McDonald. 2A—Jean Allen Pegler. 3B—Estelle Williams, Doris Hennessee, Madge Hatcher, Jean Hurst, Jamesetta Little, Wyndie Armstrong, Bobby Howell, Jo Whitson Tucker, Cone Johnson. 3A—Le Roy Speed. 4B—Mary Page, Homer Meek, Marjorie Harper, Laura Lee Herring. 4A—John Swindell. 5B—Louise Davis.

27 Junior High Students Go To The High School

Twenty-seven students of Eastland Junior High school who have been graduated to high school are as follows: Willie Jane Amis, Beth Gilbreath, Lois Bennett, Betty Mae Harris, Mary Nell Crowell, Rae Mildred Hearn, Evelyn Smith, Nora Frances Mahon, Inez Smith, Thelma Stokes, Melba Beth Wood, Betty Mae Pearson, Anna Jo Tabetman, Jack Bagley, Robert Childress, Bobby Perkins, Ernest Jones, Harry Taylor, Tom Davenport, John Bida, Wendell Hunter, Jack Johnson, Roy Earl Lawson, Rudolph Little, Mitton Harbin, Pat Owen and Russell Perine.

150 CANARIES DIE IN FIRE CINCINNATI, O.—One hundred and fifty canaries were suffocated on the second floor of a two-story frame building occupied by William Waldman, canary breeder.

WHITE DEER SEEN IN OHIO KINGSVILLE, O.—An albino deer, one of nature's oddities, seldom reported even where deer are numerous, was sighted here by Herman Bowdler.

Lyric Monday and Tuesday

Warren William, Rochelle Hudson and Claudette Colbert in "Imitation of Life."—Universal.

Junior High Has High Promotion Semester Record

Eastland Junior High's promotion percentage and daily attendance average for the first semester was high, figures given Saturday by E. E. Layton, principal, disclose.

The average daily attendance was 95 per cent and the percentage of promotions was 94 per cent. The honor roll for the last six weeks of the period follows:

- 7-A—Willie Jane Amis, Lois Bennett, Tom Davenport, Jack Johnson, Nora Frances Mahon. 7-B—Ancil Owen, Julia Parker.

Thieves Turn Out To Be Inspectors Policemen Find

Armed with a machine gun, a sawed-off shotgun and rifle, Eastland nightwatchmen this week came to the Eastland American Legion airport in answer to the keeper's call that some one was endeavoring to steal gasoline from a tank.

An explanation by two "unknown" persons revealed that the intruder was a government inspector of airports of this district and was endeavoring to test the vigilance of the Eastland keeper.

A burglar alarm attached to the door of a small house where the gas was stored warned the keeper of the entrance.

The Eastland police made the trip to the airport in less than five minutes after the report was

Brazos River Group Named By McRae, President C. of C.

Names of committeemen of the Eastland Chamber of Commerce on stimulation of interest in the Brazos River project as named by President Hamilton McRae, are as follows: Milburn McCarty, J. E. Lewis, George Harper, Earl Woody and Albert Taylor.

Names of the group have been sent to George Barker, manager of the Mineral Wells Chamber of Commerce, who spoke in Eastland recently, asking for support of the proposed project.

The Mineral Wells man urged that all in Eastland take measures whereby it would be given legislative consideration in Washington. Letter writing to congressional representative Blanton at Washington was suggested.

NO WEDDINGS BELLS

FLORENCE, Colo.—Because he will neither swear nor affirm, wedding bells shall not ring out for R. C. Crosta, 31. Crosta recently went to the county clerk's office in Pueblo to apply for a license to marry Miss Virginia Williamson, 19, of that city. When he would not swear to the truth of the statements he had made in the application, the clerk reminded him that the law allows a simple affirmation in cases of religious scruples against taking oaths. Crosta refused to affirm and the clerk refused the license.

HIT BY BEER MUG, DIES

FAIRPOINT, O.—George Blacker, 37, father of four children, died here from injuries suffered when he was struck by a beer mug. Another man, father of nine, was jailed in connection with the death.

Lions Hear Jim Horton at Meet Held On Tuesday

Projects the chamber of commerce might profitably undertake the current year were discussed Tuesday by Jim Horton before the Eastland Lions club.

Horton made mention of the desirability of attracting tourists to travel the Broadway of America route through the county. Its importance, steps to undertake and the desirability were brought out by him.

J. O. Earnest was program chairman for the meet. John Burke will serve as program chairman for the next week's meet.

Horton was the only visitor. Nineteen Lions were present.

34 On South Ward School Honor Roll

Thirty-four students of South Ward had an average of 90 per cent or more during the last six weeks of the past semester, it was announced Wednesday.

Virgil Seaberry, Jr., with an average of 90.6-8 per cent was Valedictorian of the 5A class that was graduated to Junior High. Maxine O'Neal, with an average of 90.5-8 per cent trailed as Salutatorian.

Students on the honor roll: 1B—Modcan Donaldson, Ella Mae Geue, Grady Allison, Carol Donaldson, James Sherrill, Jimmie Pratlley. 2B—Julia Brown, Catherine Cornelius, Dick Brogdon, Estes Halkias, Dorothy Lou Johnson. 2A—Edith Allison. 3B—Harold Wellman, Joe Mayo. 3A—Elouise Sherrill, John Halkias, Louise Brunette. 4B—Joelle Coffman, Elaine Crossley, Helen Lucas, Mary Wright, Dorothy McGlamery, Dan Hightower, Reuben Smith. 4A—Pete Andrews, Helen Virginia Pratlley. 5B—Glenna Johnson, Nancy Jean Nabors, Gloria Reed, Nancy Seaberry, Barney Ruffner. 5A—Maxine O'Neal, Dorothy Perkins, Virgil Seaberry, Jr.

"Honor Roll" Tax Payers Announced By C. A. Hertig

School tax payers who paid their assessments during Jan. 3 to 23 and entitled to placement for the "honor roll," are as follows, C. A. Hertig, collector, announces:

- W. H. Taylor, Lon Horn, G. P. Lyon, E. P. Kilbourne, A. J. Evans, J. W. Jones, E. L. Reid, Ed T. Cox, W. W. Kelly, Texas Pipe Line Co., George Brogdon, Mrs. Mattie E. Moon, Mrs. W. J. Wood, Mrs. Beulah Harrison, Exchange Bank Building, J. A. Jarboe, E. D. Hurley, W. F. Seabright, F. V. Williams, Jess W. Williams, Robert L. Jones, W. C. Vickers, Roy Young, A. C. Simmons, C. E. Patterson, Lizzie Bazille, Consolated-Gasoline Co., Arkansas Fuel Oil Co., Root & Rhodes Oil Co., Andy H. Rhodes, Cecilia Haas, Catherine Hallaran.

Revival Start Is Announced at the Nazarene Church

Start of a revival Thursday at the Nazarene church was announced by R. T. Smith, pastor.

The meeting, said the pastor, will continue at least through Feb. 3rd.

Services begin each evening at 7 o'clock, Rev. Smith said. The church is located on South Lamar and Sadosa streets.

Post Office Bill Is Reported Favorably

WASHINGTON, Jan. 22.—The treasury post office departmental supply bill, carrying \$900,000,000 and providing an increase in internal revenue personnel to stop "tax dodging" was reported favorably to the house today by the appropriations committee.

The amount asked by the two departments during the next fiscal year is \$1,400,000 under budget estimates and \$227,500,000 under the 1935 bill. The latter reduction is mainly due to elimination of special items and public building funds.

The dwarf bedding dahlias will be worth adding to your list of annuals. Sow them in the house in March for July bloom.

**Losers in \$5,000 Damage Suit Give Notice of Appeal**

Notice of appeal to the 11th court of civil appeals has been given by plaintiff, Robert Teston, by next best friend, who last week in 91st district court lost a suit in which was asked for \$5,000.  
 The suit, originally filed in Brown county, was transferred to Eastland. Styled Robert Teston by next best friend vs. C. M. Root et al, the case was decided by jurors that an accident in which the plaintiff was assertedly injured was not one caused by negligence of defendants.  
 The asserted accident for which plaintiff endeavored to obtain the \$5,000 for injury to his right hand and fingers occurred on a lease of the defendants in Brown county.  
 Named as defendants were C. M. Root, A. H. Rhodes and P. P. Warwick, executor of the last will and testament of the late Cisco oil operator, J. L. McMurray.  
 The plaintiff was a young boy who had the suit entered by his father, R. T. Teston. Milburn McCarty of Eastland and F. D. Wright of Cisco represented, chief plaintiff and defendant council, respectively.

**ST. FRANCIS XAVIER CHURCH**  
 Mass on Sunday will be at 8 a. m., by Rev. Joseph Fernandez.  
 Sunday will be the third Sunday after the Epiphany. The Epistle is from the Romans 12:16-21; the Gospel is from St. Matthew 8:1-13. In this Gospel we are told how Christ cleansed a leper, and also how he cured the servant of a centurion. This servant had palsy and Christ did not even see him. Evidently the centurion believed that Christ was God for he said: "Lord, I am not worthy that thou shouldst enter under my roof; but only say the word and my servant shall be healed." "And the servant was healed immediately and completely. Hence Christ was and is God. Let us believe in Him.

**A Doctor Knows!**  
 And doctors use a liquid laxative  
 There's a very good reason why doctors and hospitals have always used liquid laxatives! You'd use a liquid, too, if you know how much better it makes you feel.  
 A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. Retained dosage is the secret of real and safe relief from constipation.  
 Just ask your own doctor about this. Ask your druggist how popular liquid laxatives have become. The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less. Until the bowels are moving regularly and thoroughly without any help at all.  
 People who have experienced this comfort, never return to any form of help that can't be regulated!  
 liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit—even in children. Its action is gentle, but sure. It will relieve a condition of biliousness or sluggishness without upset. It's the ideal family laxative because it's a family doctor's prescription, and perfectly safe and effective for family use.  
 If you are seeking something that will relieve your occasional upsets safely and comfortably, try Syrup Pepsin. Give regulated doses until Nature restores regularity.  
 At all drug stores

**PROCEEDINGS IN COURT OF CIVIL APPEALS**

The following proceedings were had in the court of civil appeals in and for the 11th supreme judicial district of Texas.  
 Affirmed—Lloyds America vs. J. B. Brooks, Eastland.  
 Reversed and Remanded—L. M. Lindsey vs. Silas W. Ferguson, et al. Young; W. C. Moore, et al vs. Jessie W. Rice, Comanche.  
 Reversed and Rendered—Farmers National Bank of Seymour vs. W. W. Coffman, Knox.  
 Temporary Restraining Orders Granted—V. S. Cassel vs. J. E. Johnson, et al. Taylor.  
 Motions Submitted—Western Union Telegraph Co. vs. H. B. Sweeney, appellant's motion for rehearing; City of Sweetwater, et al vs. Mrs. Charles L. Boryle, et al, appellee's motion to advance; Texas Employers Insurance association vs. Buford Whiteside, motion to return mandate without payment of costs; Texas & Pacific Railway company vs. A. E. Ramsey, motion to return mandate without payment of costs; Mrs. J. W. Adams, et al vs. Magnolia Petroleum company, motion to affirm on certificate; Camden Fire Insurance association vs. Clay Lumber company, motion for writ of certiorari; Western Union Telegraph Co. vs. H. B. Sweeney, second motion for permission to present oral argument on motion for rehearing; J. M. Cate vs. Orffie Gasoline Production Co., et al, appellant's motion for rehearing.  
 Motions Granted—Camden Fire Insurance association vs. Clay Lumber Company, motion for writ of certiorari.  
 Motions Overruled—R. L. McMullan, et al vs. San Antonio Joint Stock Land Bank, plaintiff in error's motion for rehearing; City of Sweetwater, et al vs. Mrs. Charles L. Boryle, et al, appellee's motion to advance; Western Union Telegraph Company vs. W. B. Sweeney, second motion for permission to present oral argument on motion for rehearing; H. R. Lacy vs. John Bartlett, appellee's motion for rehearing.  
 Cases Submitted—C. G. Fount, et al vs. Opal Mae Franks, et al, Comanche; Goodyear Tire & Rubber Co. vs. A. R. Pearcy, Erath; W. M. Hunter, et al vs. National Aid Life Association, Jones; Lee C. Moore Company vs. Jarecki Manufacturing Co., Eastland; S. M. Shelton, et al vs. City of Abilene, et al, Taylor.  
 Cases to be Submitted Friday, Jan. 25—Lona T. Shawver vs. T. B. Masterson, Knox; J. H. Standridge vs. E. C. Vines, et al, Comanche; Camden Fire Insurance Company vs. Clay Lumber Company, Taylor; Mrs. Emily Sanderson vs. J. J. Sanderson, Knox.

**How Texas Cities Got Their Names**

In 1886 the Fort Worth and Denver City railroad was being built diagonally across the Panhandle of Texas, from southeast to northwest; the Atchison, Topeka and Santa Fe was being built from northeast to southwest.  
 At the intersection of these two railroads, somewhere south of the Canadian river, it was inevitable that a great cattle-shipping market would be established. The old trail-driving days were over.  
 By preliminary understanding, the intersection was to be near the town of Panhandle. That plan miscarried, however, and Amarillo grew up at the intersection.  
 The name was taken from Amarillo creek which was named in early Spanish days. Its meaning is yellow, the creek being named for the color of the sub-soil in its channel. In the early days most of the houses of the town were painted yellow to commemorate the name.  
**NEGRO SLAVE BILL FOUND**  
 LAKE GENEVA, Wis.—A bill recording the sale of a Negro slave named Jacob, 23, by John M. Cowen, Wheeling, Va., to Henry J. Moore, Louisville, Ky., for \$800 was found here recently among family papers of Mrs. C. J. Kull. It was dated 1837 in "the state of Louisiana, city and parish of New Orleans." It was believed to be a duplicate of an original document retained by one of the parties to the deal.

**Have You STOMACH TROUBLE?**  
 If you're troubled with stomach distress, gas, and you need redder blood, Dr. Pierce's Golden Medical Discovery is a dependable vegetable tonic. Read what R. L. Kendricks of 807 W. 22nd St., Tulsa (West) Okla., said: "I used to be troubled quite a bit with indigestion. After eating, I would have gas and at times heartburn. My appetite was bad and I felt generally out of sorts. Dr. Pierce's Golden Medical Discovery gave me mighty good relief from the stomach trouble. After taking a six-cent box I was cured. I feel fine. New size, tablets 50 cts., liquid \$1.00. Large size, tablets or liquid, \$1.50. All druggists. Write to Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice."

**Self Sale of Town Essential To Progress Commerce Head Declares In Address To Rotarians Monday**

"If we're not sold on our town we'll not get to first base," Hamilton McRae, president of the Eastland Chamber of Commerce declared in an address Monday before the Rotary club.  
 Speaking of cooperation on community work between all groups forecasting a possible result he said, "We can build a town we'll be proud of."  
 McRae's address, one of the features of the program arranged by program chairmen J. B. Johnson and A. Neill was an informal outline of possible work to undertake for the current year of the chamber of commerce.  
 Cited by McRae as work to undertake for the year was highway improvement, attraction of tourists to travel the Broadway of America through Eastland county, trade extension and tying in with the Federal Housing Campaign.  
 McRae advocated the organization of a group of young associates to work with the chamber of

commerce directors. The organization would be along the line of a junior chamber of commerce, he indicated.  
 The commerce president's talk was prefaced by one of Jim Horton who declared that the commerce was missing one of its best bets if it did not undertake to attract tourists to travel the Broadway of America route through the county.  
 Horton urged tourists be impressed with the desirability of traveling the roadway route through the county by pointing out (1) the shorter route; (2) the opportunity of viewing gas and oil fields; (3) the opportunity of seeing populated sections in the county and (4) Lake Cisco, a place, he stated, bounding with good bass fish.  
 The erection of a sign outside of Weatherford after the cut-off is completed was suggested as one method whereby tourists be induced to travel the route.  
 "It's cash in our pockets," Horton said, in pointing out what it meant to Eastland and the county. "Tourists spend money, they pay cash—and ask for no credit," he added.  
 Albert Taylor was a new member.  
 The International Rotary convention committee for the club in Old Mexico to be held this year was appointed by President B. M. Collie in Jim Horton, chairman, and Carl Springer and C. A. Herzig.  
 Visitors were Hamilton McRae, Dr. C. H. Carter and Rotarian W. F. Hamner of Dallas, brother of Ben Hamner of Eastland.  
**HAMNER HAS OPERATION**  
 Ben Hamner, who underwent an appendicitis operation today was doing fine, hospital attendants stated.  
 INDEPENDENCE, Mo.—January weather became so warm here it caused a rattlesnake to come out to bask in the sun. Dr. J. S. Strother saw it on a rock and killed it. It measured 3½ feet and had six rattles.

**Break the Tyranny of UNCONTROLLED COUGHS**  
 When Colds THREATEN . . . VICKS VA-TRO-NOL  
 At the first sneeze or nasal irritation, quick!—a few drops of Vicks Va-tro-nol. Its timely use helps to prevent many colds, and to throw off colds in their early stages.  
 BUILD RESISTANCE TO COLDS—by following the simple health plan that is part of Vicks Plan for Better Control of Colds. The Plan is clinically tested by physicians and proved in home use by thousands of people.  
 (Full details of this unique Plan in each Vicks package)  
 If a Cold STRIKES . . . VICKS VapoRub  
 At bedtime, massage your chest with VapoRub. It stands by in treating colds. At the night, its famo vapor action gives you relief.  
**VICKS PLAN FOR BETTER CONTROL OF COUGHS**  
 TRY A WANT AD—IT ALWAYS WORKS

**AEROTYPE ESSO — a New Product that Marks a Major Improvement in Motor Fuels**  
 Fast, powerful, modern motor cars bring airplane performance to the highways. Now Humble brings you a new motor fuel—Aerotype Esso—that enables you to get full performance from your car. We have satisfied ourselves that Aerotype Esso far surpasses even the best of the premium fuels of the past—in power, in acceleration, in anti-knock qualities, in quick starting; and we believe that you will agree with us after you have used it in your car. So we ask you to test it—to give Aerotype Esso a thorough trial in traffic and on the open road. The cost is only two cents per gallon above the cost of regular fuels, and the performance you get is easily worth the difference. We recommend Aerotype Esso to the motorists of Texas with confidence that it will please them.

# News of Interest to the Farmers of This Section

## Com to Meet in Jan. 30 New Laws

Jan. 30, a meeting in Austin by conservationists of fish and game lovers. The day session will be devoted to the conservation of fish and game. Stephen F. Austin, state game warden, will address the conference and at 6 o'clock dinner will be served in the home use hotel, at which time the legislature will be in session. An address from Dr. Preston Bradburn, president of the Texas Game and Fish Commission, and C. A. Wheat, state game warden, will be conducted.

## Pays His Alimony With Vegetables

DALLAS.—If once a week Judge Noland G. Williams' district court room looks more like a produce house than anything else, it's all in the interest of justice.

A vegetable hauler, hauled into court for failure to pay his alimony, complained to Judge Williams that he was unable to pay weekly installment because he had no money.

"How do you support your present wife?" Judge Williams asked.

"I haul vegetables," was the reply.

"Then you had better haul enough in here every week to pay your alimony," Judge Williams said—and the defendant does.

## Mules Are Scarce In Southwest Texas

GONZALES, Texas, Jan. 18.—Mules are very scarce in this district. Farmers have a hard time finding any mules for sale at all and prices range from \$300 upwards, it was reported.

Many farmers are using more mules for farm work now than at any time in the past few years, it was said.

## Balanced Program Urged For Farmers

SAN ANTONIO, Jan. 18.—Texas farmers should have more dairy cows, hogs and sheep, providing a more balanced farm program, members of the Texas Agricultural Workers association declared at their annual session here.

W. L. Stangel, head of the department of animal husbandry at Texas Technological college, Lubbock, said that such a balanced farm program could readily be worked in with the government's program of control of crop surpluses.

D. W. Williams, head of the Texas A. & M. department of animal husbandry, said Texas undoubtedly offered unlimited possibilities in the field of raising good farm horses and mules and declared that it was the farmers' advantage to use more work animals on their farms.

## Suit Asking For \$5,500 Is Moved To Abilene Court

Suit of A. C. West of Cisco against the American Mutual Liability Insurance company to recover judgment for approximately \$5,500 on a workmen's compensation policy assertedly carried by the National Supply Construction corporation has been removed from the 88th district court at Eastland to Abilene federal district court.

West assertedly received permanent injuries to the spine and muscles in his back on Aug. 21, 1934, while in the employ of the construction company at Cisco. The petition alleges the company was holder at that time of a policy issued by the American Mutual, conditioned according to provisions of the workmen's compensation law of Texas.

## Licenses Issued To Sell Beer Up To Saturday 18

Eighteen persons had obtained retail licenses for the sale of 3.2 beer up to Saturday, records shown by C. J. O'Brien, deputy tax assessor-collector, revealed.

Persons who desire licenses to retail beer must pay \$150-\$100 for the state and \$50 for the county. Last year the deputy estimated, there were between 30 and 40 who procured beer licenses.

## Help Kidneys

If poorly functioning kidneys are bladder make you suffer from Getting Up Nights, Nervousness, Rheumatic Pains, Stiffness, Burning, Smarting, Itching, or Acidity try the guaranteed Doctor's Prescription Cystex (Sims-text) —Must fix you up or money back. Only \$1 at drugists.

NOTICE  
Interest earned to December 31st, 1934, will be paid on consumers' deposits. Customers desiring payment at this time may receive same if they will bring deposit receipts to our office.

COMMUNITY Natural Gas Co.

## Light Colored Roads Cut Deaths

CHICAGO, Jan. 22.—Motorists should be afraid of the dark, for though night traffic is only one-fifth that of daylight, more than half the fatal accidents occur between dusk and dawn.

When a motorist travels at night his chance for a fatal accident is five times greater than in the daytime. However, careful driving and light colored pavements greatly reduce the likelihood of accident.

The direct connection between visibility conditions and motor accidents is well illustrated in studies made on street or highway lights are on and off. After the lights were taken out of service on the Mt. Vernon Memorial highway, accidents were at a rate nearly two and one-half times greater than when the lights were used.

Likewise, a marked increase in the accident rate was shown on two busy thoroughfares in Westchester county, New York, when highway lights were shut off. There, the accident rate became one and one-third times greater.

These cases demonstrate not only the importance of lighting main highways and streets, but also the extreme desirability of paving with road surfaces that have a high light reflecting value, according to illuminating engineers. The Illuminating Engineering society recently reported to the International Illumination congress that "the street surfaces should be of as favorable light reflecting qualities as practicable. From the illumination standpoint light colored pavements are preferable."

A resolution adopted by the Illuminating Engineering society at its last meeting for the "conservation of life, limb and property" has as its first point "the use of light pavement surfaces."

## MOTHER, AGED 94, RECOMMENDS PIPE

CLEVELAND. — "I'm surprised," says Mrs. Catherin Graves, 94, "that the young girls don't lose all their hair, smoking these cigarettes. A corn cob is the only fit thing for a woman to smoke. I've been smoking one since my girl (now 70) was in rompers."

## KEPT FAMILY TRADITION

WENATCHEE, Wash.—Shirley Claire, born Christmas Day, fulfilled a family tradition of holiday birthdays. Her grandmother was born on Decoration Day, a great aunt on St. Patrick's Day, an uncle on Columbus Day, a cousin on New Year's.

## Texas Agriculture Has Benefitted By Farm Credit Loans

HOUSTON.—Texas agriculture has benefitted to the extent of millions of dollars during the year 1934 as a result of the program of the Farm Credit Administration of Houston it was shown in reports submitted to the board of directors which held its annual meeting in Houston Tuesday. Figures made public by A. C. Williams, general agent of the Farm Credit Administration, show that, including farm mortgage loans and production and marketing credit, the total amount loaned to Texas farmers and stockmen during the past year aggregated more than \$161,000,000.

During 1934 the Federal Land Bank of Houston acting for itself and as Agent for the Land Bank Commissioner closed 31,361 loans totaling \$94,551,200. There were 11,330 Land Bank loans amounting to \$56,848,300 and 20,031 Land Bank Commissioner loans aggregating \$37,702,900. As of December 31, 1934 there were outstanding in Texas 94,393 Federal Land Bank and Land Bank Commissioner loans totaling \$262,986,845.10. A survey indicates that borrowers have used about 95c of every dollar loaned in Texas by the bank and the commissioner during the past year to refinance existing indebtedness and pay delinquent taxes. Thousands of foreclosures have been averted and the farmers and ranchmen have had their loans refinanced at an interest rate which will save them several million dollars annually.

The Federal Intermediate Credit Bank does not make loans directly in individual farmers and stockmen but extends credit to financing institutions, such as production credit associations, livestock loan companies, agricultural credit corporations and banks, on notes representing loans to farmers and stockmen for agricultural and livestock production purposes. During the year 1934, farmers' and stockmen's notes, amounting to more than \$66,000,000.00 were discounted, and at the close of business on October 31, 1934, the bank held loans and discounts totaling more than \$23,700,000.

In 1934 Production Credit Associations, which operate under the supervision of the Production Credit Corporation of Houston, made loans to farmers and stockmen aggregating more than \$6,000,000. The business of the associations has been increasing rapidly and there is every indication that these cooperative credit units

will have an important part in furnishing production credit to the farmers of Texas in 1935.

The Associations are designed to be permanent credit institutions and gradually will take over the business formerly handled by the Regional Agricultural Credit Corporation.

In the year just closed the Houston Bank for Cooperatives made loans and commitments amounting to \$1,030,115.86. As an indication of the interest being manifested in cooperative effort and of the field to be served by the Bank for Cooperatives, more than twice as many farmers' cooperatives were chartered under the State Laws of Texas in 1934 than in any two previous years of record. There now are more than 350 such associations which are reported to be doing an annual business of around \$27,000,000.

Officers for all of the units of the Farm Credit Administration were elected at the annual meeting of the directors in Houston.

## Vegetable Growth Cure For Gullies

WASHINGTON.—Farmers cannot expect to check the spread of gullies by filling them with old automobile bodies, advises W. R. Mattoon of the agriculture department's forest service.

Mattoon said many farmers have worked hard cutting trees, or brush, or throwing wire, or even old automobile bodies into gullies in fruitless efforts to control them. He said much time, labor and money have been wasted in attempts to keep more of the farm from washing away.

There is, however, Mattoon explained, a way to really heal or stop gullies. He said they can be healed successfully by restoring a vegetable cover. He believes the secret lies in either giving nature a chance to re-establish some vegetable growth, or in helping nature by planting trees, vines, grasses, legumes or other plants which in turn, must be protected from fire, overcutting and over-grazing.

## COLONY

Miss Ruth Ramey, county home demonstration agent, will meet with her 4-H club girls Friday, Jan. 25th.

Misses Audrey Carey and Viva Briscoe visited in Caddo over the week-end.

The cold spell surely hit hard around here. No school was had Monday, due to this fact.

Colony basket ball boys won their game last week with Scranton, but our girls lost. The rain

## Asphalt Solves River Problems

WASHINGTON.—More than nine-tenths of the asphalt used in the United States is manufactured in this country, recent bureau of mines' statistics show.

Formerly the United States was dependent upon the natural pitch lakes in Trinidad and Venezuela for its supply of the material but with recent developments in artificial refining their imports of this product has been reduced to less than 10 per cent of the total used.

Asphalt is used as a binder, preservative and waterproofing material. Seventy-five per cent of the American streets and highways, macadam are of asphalt or their binding material is asphalt.

Waterproof mats, impregnated with asphalt, are now being used along the banks of the Mississippi river. United States army engineers believe they have "solved the century old problem of riveting the banks to keep the stream in its channel" by the use of these "asphalt river beds."

Refineries in the United States recover the crude black oils from the fields of Mexico and California and by a distillation process produce a finished asphalt cement in varying degrees of hardness.

## Dried Milk to Be Given Relief Clients

AUSTIN.—Large quantities of dried milk will be made available to Texas relief clients early in February as a federal surplus commodity, it has been announced by C. Z. Crain, head of the commodities distribution department of the Texas relief commission.

Setting forth some of the benefits to be derived from the use of milk, Mrs. Helen S. Swenson, consultant dietitian of the commission, stated, "This commodity will do more toward supplying some of the food factors which are deficient, or even lacking in the diets of many of our relief clients, than any food other than fresh or evaporated milk. Dried skim milk contains all the food factors present in fresh skimmed milk except water. It also contains 6 per cent more protein per pound than cheese, and is a rich source of minerals, especially calcium and phosphorus, and vitamins B and G. One-fifth of a pound of dried skim milk plus one-tenth of a pound of butter is approximately equivalent to one-quart of whole milk."

Mrs. Swenson said plans are being made to institute a campaign whereby relief clients can be educated to the use of the commodity.

The milk is bought in 200-pound drums and put up in two-pound packages. It is necessary to maintain about a 70-degree temperature in the plants, and packers are required to wear white sanitary uniforms. The small packages are sent to county administrators, who in turn, distribute them to relief clients.

## Expert Can Now Explain Phobias

AUSTIN.—If you have a phobia, a morbid fear of something, send word to W. F. Gidley, dean of the University of Texas college of pharmacy, and let him classify it for you.

Dean Gidley has collected a list of 176 phobias, ranging from the everyday "hydrophobia" or rabies (actually meaning fear of water) to "ergophobia" or dread of work. The whole range of fears has been transcribed by minneograph for distribution.

Don't take your "phobias" too literally, warns Dean Gidley. "Crystalphobia" is an easy one. It means fear of glass objects. "Metalphobia" and "microphobia" mean dread of metal and microbes respectively. "Anemophobia," however, describes those afraid of winds or drafts.

For the benefit of college students were included high-sounding "hylephobia," fear of material things, "monophobia," fear of being left alone, and "orphidiophobia," dread of snakes.

Other fears classified include those of high altitude, cats, pain, blood, lights, crowds, children, negroes, fire, filth, railroads, and—you'd never guess this one—flowers.

## Operator of Cisco Makes Tentative Location For Test

Sarah A. McBride of Cisco has made tentative location for drilling test on Martin farm in Barnhill survey 5 1-2 miles south of Carbon.

## BOSTON HAS VILLAGE SMITHY

BOSTON.—Boston still has its village blacksmith. In the center of the downtown business district, Cornelius Cronin has his shop "where the children coming home from school look in at the open door."

## LORDSBURG, N. M.—A MOUNTAIN LION, MEASURING 7 FEET AND 6 INCHES FROM TIP TO TIP, THE LARGEST EVER BAGGED HERE, WAS TAKEN IN THE MOGOLLON MOUNTAINS BY ASSISTANT DISTRICT ATTORNEY L. P. McHALFEE AND HIS RANCH FOREMAN, MAC ELMS. THEY TRAILED THE LION FROM 10 A. M. TO 3 P. M. BEFORE HOUNDS FINALLY TREAD IT.

Order seed liberally. It is the cheapest commodity on the market. It is better to have too much than not enough.

## Professor Has Bible Over 450 Years Old

DETROIT.—Considered as possessor of one of the best Bible collections in the country, Rev. Father Paul D. Sullivan, S.J., of the University of Detroit, boasts ownership of a Bible more than 450 years old and weighing 80 pounds.

The huge book, printed in 1479-1481 by Adolph Rusch, at Strassburg, Germany, bears the commentaries of Walafrid Strabo. It carries its years lightly, except for a yellowing of the parchment through the passage of time.

Included in Fr. Sullivan's collection is a first edition of the Rheims Testament of 1582, the noted Bible of William Fulke, brought out in 1589, as well as a third edition of the Fulke Bible, printed in England by John Bill in 1617.

## PAYS \$500 FOR KRAUT MEAL

NEW PHILADELPHIA, O.—C. W. Burry, philanthropist, was invited to the First Reformed church for a sauerkraut dinner. Under Burry's plate, a waitress, clearing the table, found a \$500 check, left by Burry, payable to church.
