EASTLAND, TEXAS, FRIDAY, MARCH 8, 1935

NUMBER 18

1935 County Cotton Program to Open Monday

STARTS WITH MEETS OVER THE COUNTY

Procedure of Program Will Be Explained To Growers.

Arrangements were made Thursday morning to have one of the men out of the county agent's office to be in Ranger five days for fill out their applications. The men will be stationed at the Chamber of Commerce on March 15, 16, 18, 19 and 23.

The 1935 AAA cotton program for Eastland county will start Monday, March 11, with a series of community meetings to be held Monday, Tuesday and Wednesday. There will be three meetings a day per the following schedule:

Monday, March 11—9 a. m., Scranton schoolhouse; 2 p. m., Pioneer, place to be set; 7 p. m., Rising Star school gymnasium.

Tuesday, March 12—9 a. m., Pleasant Hill church house; 2 p. m., Carbon Baptist church; 7 p. m., Eastland, county courtroom.

Wednesday, March 13—9 a. m., Colony schoolhouse; 2 p. m., Alameda schoolhouse; 7 p. m., Gorman.

The intention of these meetings is to explain the procedure of the 1935 sign-up; the intention of the administration, the reasons for continuing the program this year; the 1935 quota and why it was set at 10,500,000 (500-pound) bales instead of 12,000,000 or 13,000,000 bales, as had been expected. Also to allow any who are interested to ask any questions they may be in doubt about. In other words, to give the people of this county, as nearly as we can, the benefit of all the information available about the AAA program.

Although these meetings are primarily for the purpose of discussing the cotton program, there will be some time devoted to the peanut and corn-hog program. If you have any questions on these subjects, someone will be there to answer them.

Farmers of this county should be impressed with the fact that the whole agricultural adjustment administration program is a farmers' program. It is for the farmers and is handled, as far as possible, by the farmers. For that reason, it is important that farmers go to the trouble to find out and know as much as possible about the purposes, intentions, and workings of the program. Make it a point to be present at one or more of these meetings.

Actual signing of contracts will begin Friday, March 15. There will be only five days for making applications for contracts. If you intend to make a contract, you should see your local cotton committee on one of the following days (cut this out of the paper, so you won't forget): Friday, March 15; Saturday, March 16; Monday, March 18; Tuesday, March 19, or Saturday, March 23.

Committeemen and places where they will work are listed as follows: Eastland, county agent's office, T. E. Castleberry and S. E. Hazard; Cisco, Chamber of Commerce, Joe Donaway and R. E. Bradshaw; Carbon, Carbon Trading company, J. D. Guy and H. G. Hines; Gorman, Higginbotham Bros. & Co., George F. Nunley and George Cooper; Rising Star, Higginbotham Bros. & Co., Ira L. Swift and O. D. Carver.

Your county committee is W. E. Ussery, chairman, route 2, Carbon; J. A. McNeely, route 3, Gorman; and Felix S. Boland, Scranton.

These men were elected by a vote of contract signers in the county. They are all cotton farmers and it is their desire and intention to serve every cotton farmer in the county fairly, impartially and to the very best of their ability. You should confer with them freely about your cotton control problems.

O. W. EWING,
Assistant in Cotton Adjustment.

Another Is Held In Post Narcotic Case at Dallas

DALLAS, Mar. 7.—Edgar Frasier of Borger, who allegedly was employed by Dr. L. W. Kitchens, Post veterinarian, was under charges of narcotic law violation today. He was arrested late yesterday as he left the federal grand jury room.

He was placed under \$5,000 bond and hearing on the charges was set for 2 p. m. Tuesday. Previous to his arrest Frasier had testified before the grand jury, which is investigating the activities of an alleged narcotic ring in Garza county.

Part Payment on Exemption Papers In Checks Arrive

Over two hundred checks for cotton tax exemption certificates representing the first partial payment, placed in the national pool by Eastland county growers have been received by O. W. Ewing, assistant in cotton adjustment, at Eastland.

When the pool sales and expenses coverign operation and all calculations necessary in closing the pool have been completed, there will be a final payment on the balance due, Ewing stated.

Growers will get new certificates for their pro-rata part of all unsold certificates remaining in the pool.

The checks may be obtained by calling at the county agent's office. Those who do not care to make a trip to Eastland may obtain them at one or the other of the meetings to be held next week.

All checks not called for before Monday will be taken to the meetings.

The assistant in cotton adjustment told growers, "don't go to Eastland after it before Thursday unless you go to the meeting at Eastland Tuesday night. They won't be in Eastland Monday, Tuesday or Wednesday."

With other assets, the surplus in the town treasury is \$101,000, compared with \$88,000 a year ago. The tax rate last year was approximately \$19.

JUSTICE DIES

Oliver Wendell Holmes, who would have been 94 years old next Friday, who died Wednesday after a long illness of pneumonia. President Roosevelt today led the nation in mourning for one of her most prominent citizens.

Holmes Dies After A Long Illness

WASHINGTON, Mar. 6.—President Roosevelt led the nation in mourning for Oliver Wendell Holmes, retired justice of the supreme court, who died today after a long life of service to the state. "Mr. Justice Holmes" of notable social doctrines, expressed in a series of court opinions that had no parallel in American history, died at 2:15 a. m.

His death was a signal for outpouring of tributes and eulogies such as ordinarily are reserved for presidents, kings and emperors.

The president said: "Oliver Wendell Holmes, associate justice of the supreme court, retired has left us. The nation has lost one of its first citizens. We cannot minimize the grief of his passing, but we can find solace in the thought that he was with us for so long. His was a life of rare distinction. Soldier, scholar, author, teacher, jurist, and gallant gentleman, he personified through this long career the finest American traditions."

Approximately 23 teams have entered from various parts of Central Northwest Texas.

Nominating Slate For Bible Class Is Appointed Sunday

Replacement of letter units can be made at a low cost, Walter Gray, city manager, has pointed out.

Report of Papers 'Hit' Misleading, Says B.M. Collie

Report of B. M. Collie hitting at Eastland newspapers at the Eastland Chamber of Commerce smoker Friday night is entirely misleading, the publicity committee-man stated today.

In a statement Collie said he did not "hit" at papers either in word or inference. "No thought was ever entertained of 'hitting' any local newspaper," he said.

"I agree with the president and secretary of the Chamber of Commerce that the field is very well covered locally, but I think Eastland does not get the publicity in the larger dailies to which she is entitled," he opined.

Legionnaires Will Meet This Evening

The American Legion will meet at 7:30 o'clock tonight in the Harrison building, Ernest Jones, member, announced today.

Business matters are coming up for consideration, Jones said.

Directors present were Carl Angstadt, John Mouser, Grady Pipkin, W. E. Storey, H. S. Howard, J. E. Lewis and Joe Blankenship.

ROADS TO GET ATTENTION BY CLEAN-UPPERS

Highways through Eastland are undergoing a process of being raked and scraped for beautification during Eastland's clean-up week. The work is under the direction of Mrs. James Horton, Eastland county chairman of highway beautification. Assisting her are Mrs. W. P. Leslie and others.

Three Incumbents of School Board For Re-election

At a regular meeting of the board of trustees of the Eastland independent school district at which all members were present, held Monday night, March 4, the past year's work of the schools was reviewed and found to be satisfactory in all its phases.

The financial problems of the schools have been many, but with the co-operation of the public-spirited patrons and taxpayers, the board has found a solution in each instance.

The secretary of the board stated the election was ordered to fill the expiring terms of three trustees. Those whose terms expire are K. B. Tanner, F. T. Crowell and John M. Mouser.

Whereupon the remaining four trustees earnestly urged that the retiring members permit their names to be submitted for re-election, it was pointed out that the three retiring members have given unstintingly of their time and thought of the business of the school and are probably better acquainted with the detailed problems and conditions confronting the schools than any other members of the board.

After some levity as well as serious discussion among the members, Messrs. Tanner, Crowell and Mouser agreed to file their names for re-election and they will appear on the official ballot.

The committee appointed to submit the project of a new school for colored students reported the project had been submitted to the Texas relief commission and is in now in the course of being approved. Approval is expected this week on the project for grading, sodding and beautifying the athletic field.

H. C. Davis Is Program Chairman For RMA Meeting

H. C. Davis, vice president of the West Texas district of the Retail Merchants association, will deliver an address on "Ideas and the Value of Bulletin Service" at the association's semi-annual meeting in Sweetwater Monday.

Davis is program chairman for the meeting, which will be in session all day Monday.

The association will be asked to choose Eastland for their next meeting in the fall. President Hamilton McRae of the chamber has written a letter urging Eastland's selection. Ben S. Scott of the Connellee hotel is also urging the selection.

The president of the state association, C. C. Wittchell, of San Antonio will be present.

Secretaries will likely be present from Abilene, Anson, Ballinger, Breckenridge, Brownwood, Big Spring, Cisco, Coleman, Colorado, Eastland, El Paso, Fort Worth, Graham, Hamlin, McCamey, Munday, Mineral Wells, Pecos, Idessa, Stamford, Ranger, Wink, Weatherford and Winters.

Members of the recent organized Eastland Civilian Gun club and others interested have been called to meet Thursday night at 7:30 in the Chamber of Commerce by Steve Gilbert, executive officer.

Thirty persons to date have joined the organization.

It was made clear today that the club is in no way connected with former gun clubs.

Trucks and Teams Back On Relief In New Order Issued

Word was received in Eastland today by H. E. Driscoll, county relief administrator, from the state relief offices in Austin, that the old orders pertaining to teams and trucks for relief work had been reinstated.

The order, which was contained in a telegram, stated that projects would now be considered by the relief offices under the old regulations, permitting allowances for trucks and teams.

Dr. Poe Lovett Moves to Olney

Dr. Poe Lovett, physician and surgeon in Eastland for 19 months, left Thursday morning with Mrs. Lovett for Olney, where they will make their future home.

While in the practice of his profession in Eastland, Dr. Lovett, son of Mr. and Mrs. Frank Lovett, was associated with Dr. T. E. Payne. No announcement of the successor to Dr. Lovett in the operation of the Payne hospital has been made.

In Olney he will devote his practice largely to surgery.

Dr. Lovett graduated with an A. B. degree from Baylor university in 1927 and finished his medical work in the University of Chicago in 1931.

While in Chicago he had three years' work with the Woodlawn hospital. He spent one year as interne in Charity hospital at New Orleans, followed by six months' post-graduate work in Woodlawn hospital.

"Citizens Ticket" Is Announced

The "Citizens" ticket was announced Thursday by three Eastland residents, T. M. (Uncle Tom) Johnson, H. O. Satterwhite, and C. W. Hoffmann, who are seeking commission berths in the city election April 2.

Donald Kinnaird, chairman of the commission; J. M. Sherrill, whose term expires with T. M. Johnson, have filed for re-election.

The announcement of the "Citizens" ticket was as follows: "We, the undersigned, at the request of our friends have agreed to have our names appear on the city election ballots which election will be held April 5, 1935, at which time three city commissioners will be elected to fill the vacancies which occur at that time.

"We, the undersigned three candidates running on the Citizens ticket, are desirous of doing everything possible for the good of the city of Eastland, its taxpayers and citizens as a whole.

"Should the voters of the city of Eastland elect us (Citizens ticket) they may rest assured that any and all problems that may come before the commission will be given serious and the fairest of consideration at all times, deciding for the best interest of the citizens as a whole. We hold no ill feeling toward anyone and our only desire being to do the most possible good for Eastland at all times.

"Your earnest consideration and support will be appreciated.

"Signed: "T. M. (Uncle Tom) Johnson, "H. O. Satterwhite, "C. W. Hoffmann, "The Citizens Ticket."

JUST BETWEEN US

We often speak of courage and try to cheer others up so that they will have courage to go on; but do we really stop to think of the true meaning of this little word that means so much?

Our dictionary gives us these definitions: "bravery," "resolution," "firmness in danger," or "that strength of mind which enables one to endure pain with calmness."

How great then is this thing called courage. With it we can face all odds and win our goal. We are never defeated until we admit defeat and we never admit defeat so long as we have courage to go on. We learn to be firm and calm in any position, through any trial; to bear pain of mind or body unflinchingly; to smile and help some one else along in spite of our own troubles. We learn not to whine, regardless of what our lot may be.

We can plainly see that gaining courage, if we do not have it, makes better, finer, men and women of us; gives us greater strength of character. We realize that courage does not always come easily to us, for often we have to gain it by hard struggle and patient waiting. It may be gained little by little as we progress along the path of time toward the wider horizon of a dull life well spent.

Each time that we lift ourselves from a pit into which we have fallen we add a little to our store of courage; we gain a little more to help us up the next time we stumble.

SENIOR NEWS

We are eagerly awaiting the arrival of our personal cards. They are to be here the latter part of the week.

We certainly enjoyed the address by Mr. Clayton Eldridge, county superintendent, Monday morning on prohibition. We invite you to return and give more of your splendid addresses.

JUNIOR NEWS

The junior play practice has been postponed until next week because it interferes with basketball practice.

All six weeks examinations are over and everyone is anxiously waiting to learn the grades. Re-

port cards will probably be given out Thursday.

The Girls played Colony last Wednesday night at Eastland in one of their best games. They were defeated by a score of 23-19, but they were leading at half, 8 to 10. The starting lineup for Olden was: Forwards, Edwards, F. Young, Norton; guards, B. Young, O. Owens, Oglesby. Subs were: Wynne, D. Owens, Adams.

The girls have been working out every afternoon and are in good condition and we expect to give Colony plenty of competition Friday afternoon. We urge everyone to attend the tournament and root for us, for we need plenty of encouragement.

Coach H. C. Seruggs took three members of the track team, A. C. Gibson, Elzo Gullett, and G. W. Curry and participated in a trial track meet Saturday, March 2. These boys made a good showing and the track team, with these boys, is well balanced. We are very optimistic toward winning the county championship this year. We urge everyone to help us in winning the all-round championship again this year.

DOPE

I do wish Charles Magill would be a little more explicit as to how he got that beautiful red lip-stick on his collar the other night. He didn't know I was listenin' in when

he mentioned it and when I politely inquired about it he tried to tell me he had been hugging a telephone post. P-s-s-t, Charles, send her to me and I will tell her a brand of lipstick that won't come off, no matter how quickly she ducks her head.

Lena, was a certain young man angry the other night when you just couldn't get away from your other boy friend?

I hear that Arlean and Catherine are going ga-ga over a certain giant from Cross Plains—

It seems as though Joe Barney fell for a certain little girl from Strawn Saturday night. What about it Joe Barney?

About the beginning of the week Max and Ruth seemed to be pretty chummy. I wonder if this means anything—

Hey, Red, do you want a job?

This skating rink seems to be a bad influence on our students. I, personally, know of three couples who have become engaged there, but being the kind-hearted person that I am, I won't tell—yet!

Charles Magill seems to need some help with his letter writing. Won't some nice little girl help him a bit?

It seems that one Fred Gray of Ranger, doesn't care to have his name in print. Better watch, Freddie, or I'll get something on you yet. Lena has told me the most amusing joke about you that happened one time when she thought it was raining—

Some young people of my acquaintance seemed to have had a nice time at the Power Plant Sunday afternoon climbing cliffs.

It seems as if our own "Brainless Betty" Everett is terribly afraid of getting her name in our column this week. Wonder what she's been up to now?

We wonder what dignified senior girl got childish enough to go barefooted last Sunday morning? Do you suppose Frances Edwards would know anything about it?

Are we down on El Merle? She really thinks that the boys deserve sweaters more than the girls. Wonder why?

Tom Rainey was in Desdemona Wednesday.

Mr. Hobson of this community was laid to rest in Desdemona cemetery Tuesday afternoon at 3 o'clock. Funeral services were

conducted at the Christian church at 2:30, by Bro. Echles of Gorman. Mr. Hobson was 37 years of age. He was a good citizen and a good neighbor and will be greatly missed in this community. He left a wife and four children, a mother, and other relatives who survive him. We extend our sympathy and love to this bereaved family. May God's richest blessing rest and abide with them. Several from this community attended the funeral.

NEW M-G-M DRAMA BOASTS TYPICAL BROADWAY CAST

A "typical Broadway cast" which also is an all-star motion picture cast is coming to the screen of the Lyric theatre Sunday in "Vanessa: Her Love Story," new Metro-Goldwyn-Mayer feature produced by David O. Selznick and directed by William K. Howard.

Stars and featured players in the cast who originally came from the New York stage include Helen Hayes, Robert Montgomery, Otto Kruger, May Robson and Lewis Stone.

Their presence in one motion picture is cited as a further indi-

cation of the importance of the current pictures.

EDWARD ROBINSON HIS FIRST SERIO

Edward G. Robinson's outstanding role, will be seen in the comic role in Columbia's "The Whole Town's Talking" be the feature attraction of the Lyric theatre starting Monday.

Based on a story by Bennett, author of Robinson's first film success, "The Sign of the Cross," and adapted to the screen by two ace scenarists at studio, Robert Riskin and Norman Panama, "The Whole Town's Talking" presents the exciting adventures of a poetic office clerk who is thrown into the headlines by a remarkable resemblance to the country's most dangerous criminal.

To prevent police from catching him, the district attorney, which is to identify the spectacular citizen and his enemy whom he resembles. Killer possible, obtains possession of the picture and thus goes on his hard-boiled crashes through to climax.

The Weekly Chronicle

Established Nov. 1, 1887

Entered as second-class matter at the postoffice at Eastland, Texas, under Act of March, 1879.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this paper will be gladly corrected upon being brought to the attention of the publishers.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at regular advertising rates which will be furnished upon application.

A Department of Public Safety to Combat Crime

A department of public safety to combat crime in Texas is on the way. Twenty-seven senators voted for the passage of the act and Senator L. J. Sulak voted against it. A reminder that the bill is the first step in a war on criminals. It provides for a department which will have three divisions—rangers, highway patrol and headquarters. Highway patrolmen under the bill will be given all the power now exercised by rangers. It will be a department of public safety which has made criminals wary of invading four or five of equipment. The governor will appoint a public safety committee of three members to administer the act. They will name a public safety director and division and bureau chiefs. Ranger and patrol field forces will remain at present numbers and new places created in other parts of the act will make places for 30 additional guardians of the people.

Public Enemy No. 1, known to fame as Raymond Hamilton, is one of the criminal scourges of Texas. He has been a terror in recent years. He has his companions in evil everywhere. He has hideouts in many sections of the commonwealth. He has been protected time and again. Now why should any public enemy of the people be permitted to run at large in Texas? Crime should be eradicated and criminals put away. And the board of pardons should be held responsible for the release of criminals confined in the pens of Texas unless they are entitled to mercy—which means good behavior while behind the walls and a promise to mark time after they have been released by the powers that be.

Stonewall Jackson's Last Fight

If there are ghosts about, a great collection of them should be in evidence in the famous old "wilderness" portion of Virginia one day this spring.

On May 2 cadets of the Virginia Military Institute and U. S. marines from the Quantico base will unite to commemorate one of the most famous military maneuvers ever accomplished—the flank march by which Stonewall Jackson crumpled the right wing of the Union army at the battle of Chancellorsville in 1862.

Cadets and marines will fight a sham battle; and an obscure wilderness road—remade recently by CCC workers, and named "Jackson Trail"—will feel once more the thud of tramping feet as the young men duplicate the march which climaxed the great Stonewall's military career.

We are a long way from the Civil War, now, and events with which every schoolboy used to be familiar have become more or less obscure. This maneuver at Chancellorsville is one of them, and it is worth looking at for a moment or two.

The northern army was beginning another "On to Richmond" push that spring of 1862. Hooker, the Union general, had a large, battle-tested army, and he was sliding it around to the left of Lee's army, trying to get between the southern general and the Confederate capital. Lee was prodigiously outnumbered, and the maneuver put him in a perilous spot.

Winding back through the forests was an old, little-used road not shown on most maps—the Plank road, as it was called, leading toward the Confederate left and rear.

Lee and Jackson, seated on cracker boxes by a camp fire—that was before generals lived in secluded state, attended by innumerable staff officers—saw in that road the key to the battle.

So they divided the army, outnumbered as it was. Lee with a ridiculously inadequate segment of it, remained in front of Hooker and persuaded that officer that the whole Confederate army was facing him; Jackson, with the pick of the army, followed the Plank road silently, emerged on Hooker's rear at dusk, and launched a smashing attack which crumpled up the northern army and sent it back in full retreat.

It was Jackson's last fight. In the dark and confusion his own men fired on him, giving him the wounds that caused his death.

Now it is this event which this spring's sham battle will commemorate, and it is this old Plank road which the CCC boys have put into shape.

President Roosevelt has been invited to attend, and the affair ought to be well worth watching. It marks one of the great moments in American history.

The day of drawing new industries to a city that does not present its advantages to the world is past.

CLEVELAND. — Paul White-man's bandmen joshed Harry Goldfield, a trumpet player in the band, about carrying an extra horn. An emergency might come some time, he kept telling his fellow troupers. When the band appeared here, Goldfield's \$50 trumpet was stolen back stage, sure enough. Goldfield produced his "snare" and played on without difficulties.

Legal permission for Nathan Rudman to change his name to Norman William Rudman has been granted by 88th district court at Eastland.

The supreme court at least had more regard for the public's feelings than the Hauptmann jury did. There wasn't even a whisper about going into vaudeville after the gold case ruling.

Huey and Farley—A Pair of Pals

Just a couple of close pals, sturdy wheelhorses pulling together for the chief and party, and where do they get this feud stuff about Jim Farley, left, and Huey Long? Just a look at the pair here, chumming on the links at Warm Springs, Ga., would put that notion to rest. But—said to say, this picture was snapped two years ago, when they were guests of Roosevelt during his vacation at the Georgia resort, and what a change just a few months make! Now Huey's clamoring for Farley's scalp, demanding a Senate probe of Jim's maskfold activities.

40,000 Persons of 65 Years or More On Relief Rolls

AUSTIN.—There are more than 40,000 persons 65 years old or older on the relief rolls of the state, results of a survey conducted by relief authorities have revealed. A study of relief cases for the month of December, 1934, showed 41,787 persons in that age classification receiving public aid. More than half, or 24,697, were white persons; 12,303 were negroes, and 4,787 were Mexicans. Of the total, 23,856 were men, 17,931 were women. There were 9,499 single men and 9,879 single women reported. Married couples, both 65 years old or older, on the

relief rolls totaled 6,358, while there were 9,693 married couples recorded in which either the man or woman had reached the age of 65.

Similar statistics were compiled on relief clients 70 years old and older. There were 24,832 such clients in December.

Bexar county had the greatest number of clients in the 65-year-old classification, 2,357. Harris county had 2,348, but Dallas county had the surprisingly low total of 813.

Relief funds required to care for these more than 40,000 relief clients in December amounted to \$328,078.50, administrators reported.

Results of the survey will be presented to the state board of control and will be available to legislators interested in drafting social security legislation, Adam R. Johnson, state relief director, said.

Malcolm Campbell Shattered Records With Stock Car

Sir Malcolm Campbell pressed the accelerator of the Hudson "8" to the floor and the records fell like nine-pins. Here is the official tabulation of the new records set and unequalled by any stock car of this class, regardless of price:

1. One mile, 88.2028 m.p.h.
2. Five miles, 88.207 m.p.h.
3. Five miles, 88.051 m.p.h.
4. Five kilometers, 88.105 m.p.h.

Standing start record: 5. One mile, 68.18 m.p.h. Second-gear record: 6. One mile, second gear, 68.252 m.p.h. One kilometer, second gear, 70.319 m.p.h.

These records were all made with the same instruments that timed the record of the Bluebird. Sir Malcolm will use and was under the direction of the officials of the American Automobile association.

These tests, Sir Malcolm said, showed the ruggedness and stamina built into the Hudson.

Jailbird Has a Hard Luck Streak

TEMPLE, Tex.—A man locked up in the city jail believes he is a candidate for some sort of hard luck record.

After sawing through three bars in the jail window, he accidentally dropped the saw through the window. He had almost saved through the last bar and, if he had not dropped the saw he would have been free in a few minutes.

Bank Bandit Is Killed By Police

STURGIN, N. D., March 4.—An unidentified bandit was slain and an officer and a bandit wounded in front of the Bear Butte Valley Savings bank.

A third bandit escaped in a taxicab, reported stolen in Topeka, Kan.

The shooting occurred when an attempt was made to rob the bank at its opening. Police rushed the robbers and opened fire.

Electric Workers Deny a Strike Is Contemplated

Machinery of Texas Electric company at Leon lake today created the usual hum of industry and plant personnel were busy with activity, in contrast to an out-of-town rumor a strike was being planned.

Arthur Vaughn, president of the local union, No. 908 of the International Brotherhood of Electrical Workers, of which some employees are members, this morning denied knowledge of any reported strike plan and asked where it originated.

The plan—one of the largest between Fort Worth and El Paso—employs approximately 50 men on day and night shifts.

WE ASKED OUTDOOR PEOPLE

"Is this fact important to You?"

"Camels are made from finer, more expensive tobaccos... Turkish and Domestic... than any other popular brand." (SIGNED) R. J. Reynolds Tobacco Company WINSTON-SALEM, NORTH CAROLINA

VALUE! "I've seen how Camels are manufactured," says Charley Beiden, who runs the big Pitchfork ranch in Wyoming. "They are made from costlier tobaccos. No wonder Camels have such a rich, cool, flavor!"

ENERGY! "As a master builder, I have learned that any work requiring 'push' just naturally calls for Camels," comments Frazer Forman Peters. "Camels always give me new energy when I'm feeling listless."

FLAVOR! "It's been thrilling to have a part in the vast enterprise of building Boulder Dam," says Erwin Jones, Boulder Dam engineer. "Plenty of strain. Many long hours of exhausting work—that's the lot of an engineer on this job! Most of us here at Boulder smoke Camels. Man, what a swell taste Camels have! Mild, cool, mellow! Camels have a flavor that can't be beat. You can tell they are made from choice tobaccos, too, because they don't get 'flat' or tiresome in taste when you smoke a lot."

HEALTHY NERVE! "I've smoked Camels for 14 years without a sign of upset nerves," says Bill Horn, Gold Cup winner and standing figure in motorboat racing. "I like Camels and they like me!"

MILDNESS! "Every woman prefers a milder cigarette," says Helene Bradshaw, an enthusiastic horsewoman. "Camels are the cigarette I've ever found that is mild—and pleasing to your throat!"

MONA

At the close the judges awarded first prize, a beautiful picture, to the freshman class. Honorable mention was given to the P-T-A's and the Methodist Missionary society. One feature that was especially enjoyed was two songs by Jack Enoch, with Carl Brumbelow as pianist. These talented musicians are members of the music faculty of Decatur college. While here Mr. Brumbelow was the guest of his sister, Miss Pollie Brumbelow, one of our popular grade teachers.

Rev. Roy Shahan of Moran came down Friday and began a revival meeting at the Baptist church. Good crowds are attending the services and much interest is being manifested. Rev. Chambless, the pastor, remained for the week instead of going back to the seminary at Fort Worth.

How One Woman Lost 20 Pounds of Fat

Lost Her Prominent Hips, Double Chin, Sluggishness
Gained Physical Vigor—A Shapely Figure
If you're fat—first remove the cause.
Take one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Vim
Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.
If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness.

for their first game here on Tuesday. Morton Valley won with a score of 9-2.
Two very interesting and entertaining plays are to be given in the very near future. "Winning Schemers", a royalty play is to be presented by the faculty consisting of Misses Carey, Brocose, Walters and Griffith and Messrs Smith, Thomas, Cooksey and Otis Anderson. The senior class will also present a royalty play known as "Huckleberry Finn." Watch for further notice as to when these plays will be given.

A tennis court is being constructed on our campus. The girls are very anxious to get to playing tennis. All of the desks in the school building have been refinished and have the appearance of being new.

Home economics work, under the supervision of Miss Carey, is doing nicely and the girls are quite interested in working. They are painting the built-in cabinet now and will resume their study of foods and food preparation when the painting is completed.

The sixth grade geography class has as their project the study of Africa. They are writing illustrative themes and making a large salt map to represent that country. Our next study will be that of Asia.

During the industrial revolution there were some of the greatest inventions of time.

The ninth grade history students are doing research work on this subject and reporting in the form of themes.

Projects For Relief Under Full Swing During January
CLEVELAND. — Publicizing of the Dionne quintuplets' dental developments brought a storm of comparisons from Cleveland mothers.

One couple flaunted the fact that their twins, born on May 28, the "quins" birthday, had four teeth already. Then came Mrs. Edward Charney to tell of her seven-months old boy with a tooth for every month.

But that wasn't all. Mrs. Chas. Janacek had to tell the world that her Charlotte, also born on the quins' natal date now has six tiny teeth.

AUSTIN, Tex.—Production projects of the Texas Relief Commission operated at full speed during January, according to a report issued by A. C. Allen, production director.

During January 917,530 cans of vegetables, 254,462 garments, 6,000 mattresses and 2,972 cords of wood were produced. Producers received 503,631 cans of vegetables and the rest were distributed to relief clients. Garments manufactured included almost everything from pillow cases to overalls.

During the month, 215 canning plants operated in 113 counties. There were 13 mattress factories.

Mr. and Mrs. J. W. Campbell and daughter, Tammie Ann of Liberty spent Saturday here in the home of her sister, Mrs. J. W. Minnick and family.

ADVICE TO WOMEN

ALL women at some period of their lives need a strengthening tonic like Dr. Pierre's Favorite Prescription. The young woman who suffers from monthly pains, the expectant mother who has nausea and other disagreeable symptoms, or the middle aged woman who experiences "heat flashes" should try this "Prescription." Mrs. J. W. Wythe of 92 Red River St., Austin, Texas, said: "A relative was in such a rundown condition she couldn't do a thing. She lost many pounds in weight and suffered from feminine weakness. Finally she used Dr. Pierre's Favorite Prescription and gained weight and had no further trouble." New size, tablets 50 cts., liquid \$1.00.

CHANGES MADE IN ALL RELIEF IN THE COUNTY

Upon instructions received from Austin headquarters, effective immediately, the following regulations will prevail with regard to all relief projects, excepting rural rehabilitation and education:

1. No further projects of any character will be approved excepting: Supplements to commodity distribution projects, to handle such distribution; supplement to garden projects, or new garden projects, where seed has already been contracted for.
2. Effective Monday, March 4, no requisitions for material, trucks, teams, or any non-personal service items will be approved for any project, and this includes sewing room and administrative projects.
3. Administrators shall immediately discontinue all expenditures for owner-driven trucks and teams.
4. The Austin office will make no payments on any purchase orders dated later than March 2, 1935.
5. Where it is necessary to close down projects by virtue of these instructions, any non-relief personal assigned to such projects will be immediately removed from the payroll.
6. Rural rehabilitation projects are to be given preference in any continuation of the work program.
7. These instructions do not affect the emergency education program, which is financed through special funds, as is the rural rehabilitation program.
8. These instructions are necessary on account of shortage of funds; at this time no assurance can be given concerning allocations for the month of March, and each county administrator must give serious consideration to the proper and economic use of funds he now has, to carry him through the temporary emergency.

The unobligated funds remaining are such that it was necessary to institute, as of this morning, the issuance of but 20 per cent of the standard budget of the clients.

Fifty thousand (50,000) pounds of potatoes are en route for relief clients in this county, but up to the present date have not been received.

"We are quite hopeful that the present emergency will be but of short duration," H. E. Driscoll said Saturday. "It was found necessary to close down all projects, with the exception of rural rehabilitation and teacher projects, as of Thursday, Feb. 28, because of lack of funds, but I am optimistic to the point where I feel the existing situation will have been overcome the latter part of the coming week, and both work and direct relief will again be at normal."

Funeral services were held from the Methodist church in Eastland Saturday morning for G. A. Taylor, who died Friday morning, after a several days' illness with pneumonia. Rev. E. R. Stanford, pastor of the church, was in charge.

Interment was at De Leon. He had lived in Eastland several years.

For a portion of the time he was employed in the Eastland Piggly Wiggly store.

Former residences include Cleburne and Santa Anna.

Survivors are his widow and two small children of Eastland; brothers, A. D. Taylor, Golden, Miss., and sisters, Mrs. M. H. Smith, Golden, Miss., and Mrs. C. A. Owens of Booneville, Miss.

FEDERAL AID IS RECEIVED BY THE STATE

AUSTIN, March 2.—Nearly three and a half million dollars today brightened the outlook for 293,000 relief cases in Texas.

Federal aid totaling \$3,415,000 was promised by FERA Administrator Harry L. Hopkins, late yesterday.

General relief will receive \$1,500,000, half of which will be available immediately for use to March 15. Drought aid will total \$1,750,000, and transient relief \$165,000.

State relief officials today said funds probably will be sent counties by the end of next week.

Meanwhile 53 new work projects were approved by relief department engineers. Included were Johnson county school ground improvement, \$2,566, work for 24 men.

G.A. Taylor Was Buried Saturday

Funeral services were held from the Methodist church in Eastland Saturday morning for G. A. Taylor, who died Friday morning, after a several days' illness with pneumonia. Rev. E. R. Stanford, pastor of the church, was in charge.

Ex-UT Students Elec Man From Breck as Chief

Blake Johnson of Breckenridge was elected president of the Oil Belt Association of University of Texas Ex-Students at their Independence Day banquet in Eastland Saturday night. Judge J. E. Hickman presided. Earl Conner, Jr., and Karl Tanner were committee in charge.

Breckenridge was chosen for the holding of the next banquet of the group by the approximate 75 in attendance.

The exes heard President H. Y. Benedict of the university in an address over a Dallas radio station.

Miss Lucile Spruill of Cisco, represented that group, presenting a number of lightning cartoons. She was accompanied by Mrs. Ben Kruskopf.

L. H. Flewollen of Ranger spoke on "Significance of March 2nd."

Eastland presented a mock resolution concerning the school and its welfare by Virgil T. Seaberry, assisted by Judge W. P. Leslie

and Mrs. Jess R. Smith of Breckenridge

The Breckenridge group presented Albert Looper, violinist, from JFAC at Stephenville, in several numbers, accompanied by Miss Mayfield of the same school.

Karl Tanner, former cheer leader of the university, of Eastland, led the group in college cheers and songs.

Mrs. James Allison of Breckenridge was elected Secretary. Among vice-presidents named for each of the cities was W. B. Pickens for Eastland.

Decoration arrangements for the banquet were in charge of Mrs. J. E. Hickman, assisted by Mrs. Milburn McCarty, John W. Turner and E. R. Stanford, of Eastland.

A Three Days' Cough Is Your Danger Signal

Don't let them get a strangle hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

Peanut Signing to Definitely End On Mar. 11—Co. Agent

Peanut signing will definitely end March 11, C. M. Heald, County agent, declared Saturday.

The signing must be done in the county agent's office at Eastland. Unfinished contracts must be completed immediately, he said.

Funeral For Mrs. Bass On Saturday

Funeral services for Mrs. Beatrice Bass, 34, wife of R. S. Bass, production superintendent for Sinclair-Prairie Oil Company in this district, were held Saturday afternoon at Bartlesville, Okla., where Bass was formerly connected with the Prairie Oil and Gas company.

Mrs. Bass died at her Eastland home Thursday afternoon after a several day's illness with pneumonia.

Her body was sent from Eastland to the Oklahoma town Friday afternoon.

Mrs. Bass came to Eastland with her husband last December when he was transferred from Troup, Texas, assuming the position of Byron Meredith, who was transferred to East Texas.

Survivors include her husband, two children, Eastland; mother, Mrs. N. C. Baird; and brother, Charles Baird of Kimbell, Neb.

RELIEF WORK PROJECTS TO START AGAIN

All county relief work projects resumed Monday morning, H. E. Driscoll, county administrator, has announced.

Only 75 per cent of money allowed on last week's budget for the projects will be given, the administrator stated.

No money will be allowed for team and truck hire or non-relief supervision, he said.

County relief work came to a near close Thursday night when the projects were discontinued, pending word of arrival of funds.

Retail Sales For January Show a Healthy Increase

AUSTIN—Retail sales in Texas during January continued on a rather the average for the state. Of latively high level, according to data compiled by the University of Texas Bureau of Business Research. Reports from 89 representative stores show an average increase of 6.8 per cent over January, 1934, and a decline less than the usual seasonal drop from December to January, the Bureau's report said. The increase in sales for January in Austin, Dallas, San Antonio, and Temple was greater than the five groups of establishments included in the 89 stores, men's clothing stores made the best comparative showing followed in order by women's specialty shops, large department stores, small department stores, and dry goods and apparel stores. Collections of outstanding open credit accounts averaged 36.3 per cent of the total amount on the books on Jan. 1 against 35.7 per cent during January last year.

Drys Accused of Liquor Set Up to Equal Old Saloon

AUSTIN, Texas, March 5.—Texas as dries are attempting to set up a liquor monopoly that will prove far worse than the evils of the old saloon days, Sen. T. J. Holbrook, Galveston, charged today as the senate resumed debate on repeal of prohibition.

"Open saloons had a chance in Texas for 50 years. Now we are asking this plan to have a chance to eliminate bootleggers, bring law and order to this state," answered Senator Joe Hill. He proposed that Texas voters be asked to ballot Aug. 24 on substituting state monopoly on liquor sales for constitutional prohibition.

Small colleges are definitely needed in our educational system, says a learned professor. There seems to be sound sense in that, as even the raccoon coat makers must live.

Application For Seed Corn Options To Close Mar. 15

WASHINGTON.—March 15 has been set as the closing date for acceptance of applications from producers in Iowa, Nebraska, Kansas, South Dakota, Missouri, and Minnesota for optional purchase of seed corn by the agricultural adjustment administration in its program to conserve seed supplies, it was announced today.

Under the plan which was inaugurated last fall, producers in these states with seed quality corn under seal as security for 55-cents per bushel corn loans functioned through the commodity credit corporation have been eligible to place such corn under option contract for sale to the administration at \$1.25 per bushel.

A net profit of \$459.00 was realized on six acres of corn by T. H. Smith of W. county agricultural agent, according to W. county agricultural agent, according to W. county agricultural agent.

Through the plan growers in states where corn of seed quality is deficient as a result of the drouth are encouraged to hold seed quality corn from the 1933 crop for use in planting the 1935 crop in their local areas.

Outlook for The Cotton Growers Is Estimated

AUSTIN, Tex.—Cotton is the major source of buying power of over two million people in Texas, it is pointed out by Dr. A. B. Cox, director of the University of Texas Bureau of Business Research, in his monthly survey of the cotton industry.

"It is hard to over-estimate the importance of cotton as the life blood of Texas business, especially in the heavy cotton growing areas," he said. "What is the outlook for business based on cotton? The price of cotton is now approximately what it was at this time last year, but the buying power of a pound of cotton is about 10 per cent less than at this date last year due to the advance in the prices of other things.

The fact is, the world gold price is up less than a cent a pound from the average in the fall of 1932. It cannot be too strongly emphasized that the advance in the price of cotton in the United States has been due very largely to the fact that the dollar is worth only 59.06 per cent of its 1932 value."

Total supplies of cotton in the United States February 1 were 11,994,000 bales, compared with 13,579,000 bales last year, 14,617,000 bales two seasons ago and an all-time high of 15,749,000 bales three seasons ago, Dr. Cox said in his monthly cotton balance sheet.

GARDEN HINTS

By J. F. ROSBOROUGH, Extension Horticulturist

Spinach is a failure if planted on poorly drained soil or if planted on acid soils. To grow it successfully in sandy land, plant on raised rows to insure drainage.

Chinese Cabbage. I want to recommend this queer looking type of cabbage to you. To grow it, plant seed in a hotbed in the near future and transplant into the garden by March 20th.

Planting carrots to come up. There are too many complaints of "carrots not coming up." To correct this trouble, cover the seed with about a half inch of rotted manure at time of planting.

Tomato Plants: Remedy for plants beginning to crowd and become spindly in the box.

Make a temporary coldframe by forking up the soil and boxing in a small area on the south side of one of the buildings in the yard.

The cotton textile industry of Texas is still in the doldrums although in a few cases the January statistics were better than the month before, he concluded.

Poultry Shipping Shows a Decrease

AUSTIN.—A marked falling off in rail shipments of poultry and eggs from Texas to interstate points always occurs between December and January due to the passing of the holiday season, it is pointed out in the University of Texas Bureau of Business Research report on poultry and eggs.

"Rail shipments from Texas to out-of-state points in January, 1935, totaled 94 carloads, composed of 82 cars of poultry and 12 cars of eggs, as compared with a total of 117 cars during the corresponding period a year ago, made up of 104 cars of poultry and 13 cars of eggs," the bureau's report said.
