The case was filed in Tarrant county in 1924, and later transferred to Eastland county.

COURT TO HEAR MORE OF VOTE CASE AT 9 A. M.

After hearing arguments and testimony in equity proceedings on Donald Kinnaird vs. City of Eastland practically all day Thursday, Judge B. W. Patterson in 88th district court late that afternoon ordered the hearing be continued this morning at 9 o'clock.

In that the case involved major points of law and that it was desirable of hearing it all, the court moved, after agreement of attorneys, that Thursday's proceedings be continued.

Kinnaird is asking that the city commission of Eastland be moved to recount ballots of the April 2 election and to carry out that asks the district court to issue a mandamus order.

Named as commissioners to determine the election contest are T. M. Johnson, Ben Pryor, O. E. Harvey and J. M. Sherrill.

C. W. Hoffmann and H. O. Satterwhite's election is being contested by Kinnaird, Earl Conner Sr., his attorney, told the court.

Testifying Thursday included J. F. Little and Walter Gray, both who are claimed as being city manager by opposing groups, and Donald Kinnaird.

Issue Decree In Gas Equity Case
ABILENE, Texas, May 8.—Judgment for the plaintiff in the equity suit of the Lone Star Gas company vs. C. K. West and the Breckenridge Gas company was granted in a decree filed by Judge William H. Atwell in federal district court here Tuesday. Hearings on the suit were held several weeks ago.

The decree restrains Mr. West from utilizing casinghead and other gases from his Gonzolus Creek lease within the city limits of Breckenridge, directed West and the Breckenridge Gas company to remove connections from wells and directed the Lone Star to make connections with the wells by June 1. West was granted \$574.58 as his portion of proceeds from gas taken from the lease from March 1 to Oct. 28, 1934, and Lone Star was ordered to pay West one-half of seven-eighths of proceeds from future sales of gas from the lease. Costs of the suit were ordered split between the three parties.

Sam Houston, Marc Anthony, and Napoleon Bonaparte stand out as the three generals in history who have captured the combined head of an army and a government in the same battle.

INSTRUCTORS, PRINCIPALS OF EASTLAND SCHOOLS RE-ELECTED

All regular instructors in the Eastland public school system were re-elected Wednesday night by trustees in their first regular session since March 4, C. A. Hertig, school business manager, announced Thursday.

Election returns of the April 6 balloting were canvassed and K. B. Tanner, John Mouser and F. T. Crowell were declared re-elected for another three-year term. Each polled 94 votes in the election.

K. B. Tanner was re-elected chairman of the board while Milburn McCarty was re-elected vice chairman.

Elected at the Wednesday meeting were the following:
High School—Miss Belle Wilson, Miss Doris Powell, Miss Verna Johnson, Miss Mary Carter, S. D. Phillips, Jim Isbell, H. L. Hart, Ina Mae Riek, Carl L. Miller, A. C. White.

South Ward—Mrs. A. C. Sim-

TEXANS WILL VOTE ON OLD AGE PENSIONS

AUSTIN, May 6.—Submission of a constitutional amendment to permit old age pensions was ordered by the legislature today. The vote will be Aug. 2. The amendment proposes authority for payment of not to exceed \$15 a month to persons more than 65 years of age.

Estimates were given the house that payment of the maximum \$15 a month to all over 65 would cost \$18,000,000 annually.

Representative Jasper Reed of Texarkana urged the house to accept the senate amendment which makes the pension less liberal than he advocated.

Representative W. W. Glass asked the house to stand out for removal of the restriction.

"There should be at least \$30 a month for every man over 60," Glass said.

School Children From Breck Sing At Lion Meeting

School students from Breckenridge provided the program Tuesday at the Lions club meeting.

A quartet, South Ward Chuck Wagon Gang Jr., composed of Faunt LeRoy, James Wheeler, James Sale and Billy Fry, sang three selections. They were accompanied by their director, Mrs. W. D. Castleman.

A mascot, Charles Jones, accompanied the four singers from Breckenridge.

In the absence of W. B. Pickens, club president and program chairman, John Burke presided. The visitors were introduced by Earl Woody.

Lions of Ranger, Dr. H. A. Logsdon, A. N. Larson and C. J. Moore, urged the Eastland club to attend their minstrel, to be staged Thursday night at the municipal auditorium.

Visitors from Breckenridge were John Bailey and Mr. and Mrs. Russell B. Jones.

Fifteen Lions with members were present with the club pianist, Miss Ruthella Meek.

Raymond Pipkin to Make Capital Trip

Eagle Scout Raymond Pipkin will represent Eastland Boy Scout Troop 103 at the Washington national jamboree, it was announced Tuesday.

Ralph Mahon, Jr., is alternate to make the trip to the capital. Selection of Mahon and Pipkin was made recently by a board composed of Karl Tanner, Dr. L. C. Brown, Grady Pipkin, all of Eastland, and Guy N. Quirl, scout executive of Brownwood.

Junior Schults of Rising Star is another from this section who is expected to attend the national jamboree.

CRASH VICTIM

Luck was with Jackie Coogan (above), child movie star who won fame as "The Kid," when the family car was forced off a mountain road near San Diego, Calif. His father, and Jimmy Durkin, were hurtled to their deaths. He escaped with injuries from which he was expected to recover.

Rain Brings Sign Of Good Crops at Oak Grove Section

Prospects for the best crops in three years have resulted from recent rains in Oakgrove community, J. F. Carnaday, correspondent for this paper, declared while in town Monday.

"Water is standing in pools near my home, and you know it takes a lot of rain to do that on sandy soil," he said.

Chicken thieves have been prevalent in this community, Carnaday stated, who cited recent arrests as a warning to would be thieves.

Ranger Players Play Champions

P. E. Moore and O. B. Denney, who entered the bridge tournament recently held in Abilene, played against Mr. and Mrs. Oswald Jacoby, world's champions bridge artists.

In discussing the games this morning Moore said that in reality they defeated the champions in individual games but as the games they lost previous to the Jacoby games counted against Moore and Denney therefore they lost. The count showed at the Moore, Denney, Jacoby table the former winning five and one-half games out of a possible ten.

Jacoby lectured during the tournament and made the statement that he was willing to post \$25,000 against Mr. Culbertson, also of bridge fame and give the latter 5,000 points for the stake.

Moore said he ran into some of the best bridge players in Texas. Mr. and Mrs. Jacoby were visiting in Dallas and decided to participate in the West Texas tournament.

The committee announces that one of the largest crowds of the year is expected and special seats will be placed to take care of the visitors.

Rev. E. S. James, pastor of the First Baptist church, Cisco, will be the principal speaker of the evening. Rev. James is one of the best speakers in West Texas and will bring a message on Mother's Day that will be very interesting.

The Cisco congregation voted to give Bro. James a leave of absence from his church for the occasion and the committee is looking for a large number of the Cisco members to come with their pastor.

A part of the seating capacity of the church will be reserved for visitors from Cisco and other towns.

The tentative program as outlined today is as follows:
Meeting formally opened at 8 o'clock p. m.
Song by the entire congregation under choir leader.
Singing of America.
Invocation.
Musical number by violin orchestra.
Quartet, four young business men of Ranger.
Explanation of meeting and its purpose as viewed by the Grand Lodge.
Violin orchestra number.
Introduction of Rev. E. S. James and address.
Flowers for oldest mother present.
Benediction.

PAT NEFF TO BE ON CENTENNIAL COMMISSION

AUSTIN, May 7.—Former Gov. Pat Neff, now president of Baylor university, will be one of the nine member centennial board. Gov. James Allred said today that Neff will be one of his three appointees on the board.

Neff, as governor, started official action toward the centennial by appointment of a committee of 100. It later was succeeded by the centennial commission, set up by the legislature.

Appointment of the other members of the board likely will not be made until after Governor Allred, Lieutenant Governor Walter Woodul and Speaker Coke Stevenson hold a conference. Each has two members to appoint. By conferring they can scatter the appointments so all parts of the state will be represented.

Baptist Workers Hold Conference At Ranger Church

A splendid turnout was present at the Baptist Workers' Conference, held Tuesday at the First Baptist church of Ranger, with pastors and laymen present from a number of towns.

The subject of the meeting was "Evangelism," and a good program was presented, with several pastors taking part in the discussions.

In the afternoon a W. M. U. program was put on by the ladies of the churches represented, following a luncheon for all the visitors and workers.

The program, as outlined before the meeting, was as follows:
Devotional, Rev. Mart Agnew.
The Price of an Evangelistic Church, Rev. W. M. Joslin.
The Glory of an Evangelistic Church, Rev. J. T. King.
Special music.
Sermon, Rev. John L. Roden.

Following the luncheon at which 300 were present, the W. M. U. program was presented with a devotional by Mrs. Frank Raymond of Moran, "The Comradeship of Evangelism," by Mrs. E. A. Cain of Breckenridge, and "The Wonders of Personal Testimony in Evangelism," by Mrs. W. H. Goodnight of Caddo.

Ranger Masons Plan a Mother's Day Program

Plans were completed in Ranger for the Mother's Day program sponsored by the Masonic Lodge to be held at the First Baptist church Sunday evening beginning at 8:00 o'clock.

The committee announces that one of the largest crowds of the year is expected and special seats will be placed to take care of the visitors.

Rev. E. S. James, pastor of the First Baptist church, Cisco, will be the principal speaker of the evening. Rev. James is one of the best speakers in West Texas and will bring a message on Mother's Day that will be very interesting.

TEXAS FARMS INUNDATED BY HEAVY RAINS

Thousands of acres of farm lands were inundated in Texas as rivers and creeks in Central Texas overflowed following rains over the week-end.

Fair skies and spring-like weather returned to the state today, but rain was falling on the Gulf coast.

Streams were running bank full, inundating low farms and making travel in some sections difficult. The Trinity river at Dallas was at 37 feet and much land nearby was inundated.

At Houston Buffalo bayou was seven and one-half feet above normal and other rivers and smaller streams were swollen after six days of rain.

DRIVES 900,000 MILES WITHOUT AN ACCIDENT

CLEVELAND. — William Bittner has driven 900,000 miles in 16 years for a bakery company here without an accident.

Americans enter hospitals at the rate of one every 4.42 seconds. During the sunburn season, the average is raised by backslappers.

ON TEXAS FARMS

Quality cucumber pickles have their beginnings at planting time according to Mrs. Lee Foley who, together with 10 other demonstrators in Bee county, has set out to serve her family table with the best.

A special pickling variety of cucumbers has been planted; pure food regulations in regard to sanitation, handling, packing and labeling are being studied and will be observed; and samples of the pickles will be submitted to extension home industries specialists for approval.

After the 10 families have been supplied with quality pickles any surplus that is left over will be sold. Working with these 10 demonstrators every home demonstration club woman in Bee county has a goal of at least two gallons of cucumbers.

Dallas county women are at it too. Mrs. L. E. Orton, pickle demonstrator for the Irving Home Demonstration club, has as her aim bringing at least 50 gallons of cucumbers to be worked up later into good pickles.

Mrs. Orton and the other club women who are working with her are being mindful that not only the right variety of cucumber is important, but that soil preparation and cultivation will have a lot to do with the yield. So, loamy land, well fertilized each year with barn yard manure, is in demand with these gardeners.

Also they have it in mind that the roots of cucumbers lie close to the surface and if they are disturbed in cultivation knotty, crooked cucumbers will be the result. Any hoeing that is to be done is due to be gentle.

LLANO—Poultry demonstrators in Llano county showed an average flock production of approximately 19 eggs per hen for February, thus exceeding the state average by four eggs per hen, according to D. D. Steele, county agricultural agent. The flock of R. Fishbeck led the contest in production with an average of 26 eggs per hen. His flock of single comb white leghorns have made a consistent record throughout the year. The flock of 90 single comb white leghorns belonging to Robert Boxell was second in production with 21 eggs per hen. His profit for the month was more than 20 cents per bird.

HEBRONVILLE—Home tanned leather is finding a new use, or rather an old one, in Jim Hogg county where young Wilbur Whitman of Hebronville is tanning leather to make his own saddle, ac-

4,485 feet of starchy vegetables; 2,810 feet of other vegetables; and 660 feet of tomatoes, according to Miss Maudie Holt, assistant home demonstration agent.

Bettie Stalarow, garden demonstrator for the Mt. Houston club, has planted onions, Irish potatoes, strawberries, turnips, carrots, beets, pinto beans, baby limas, butter beans, black wax beans, and corn. She has also set stakes for the tomatoes.

LIBERTY—A clothes closet five and one-half by four and one-third feet has been built for a cash expenditure of 69 cents, by Mrs. George Curtis of Liberty county, according to the report of Miss Nettie Smith, home demonstration agent. Mrs. Curtis says that she and her husband planned for some sort of storage space, but at first it seemed that about all they had to start with was a door. By placing the closet in one corner of the room, two walls served as two sides of the closet. A 2x4 piece

of timber was found which was used for a brace at the corner. Then a few strips of old boards were nailed on and two layers of heavy cardboard tacked on the outside and one layer on the inside. The money spent was for 1x6 lumber for the base board and door facing, and for nails. After the closet was built it was papered inside and out to match the paper in the room.

API PETITIONS AGAINST OIL CONTROL BILL

NEW YORK, May 6.—The American Petroleum Institute, representing the \$12,000,000,000 oil industry, today petitioned congress not to place the industry un-

der federal control. The board of directors last week opposed an enlargement of the NRA. The petition pointed out the industry had cooperated with government efforts to speed up recovery and said it believed if people who are users of petroleum "are best served when competition is free when the operation of economic law is unhampered and when the profit incentive stimulates initiative. The free operation tends to insure quantity, improve quality, and reduce prices. "Gasoline consumers cannot continue to enjoy these advantages if the responsibility of management is transferred from companies to a federal bureau."

COAL IN CANNED CORN COLUMBUS, O.—Mrs. L. F. Davis opened a can of corn for a meal. Laying neatly in the contents of the can was a lump of coal, as large as her fist. The Davises ate no corn for dinner.

The mild cigarette the athletes smoke is the mild cigarette for YOU!

A cigarette so mild you can smoke all you want—that's what athletes say about Camels. Gene Sarazen says: "Playing as much as I do—I have to keep in condition. I smoke Camels steadily. They are so mild they never get my 'wind'—never upset my nerves." Other athletes back him up... "I smoke all the Camels I want, and keep in top condition," says Mel Ott, slugger of the New York Giants... Georgia Coleman, Olympic diver, says: "Camels don't cut down

on my 'wind'..." Bill Miller, oarsman; Jim Lancaster, N.Y.U.'s 1934 basketball captain; John Skillman, pro squash racquets champion—hundreds of sports stars smoke Camels regularly and report that Camels never get their "wind" or nerves. What this mildness means to you!... It means you can smoke Camels all you want! Athletes have made this discovery: Camel's costlier tobaccos are so mild, they can smoke all they please, without disturbing their "wind" or nerves.

SO MILD YOU CAN SMOKE ALL YOU WANT!

Centennial Fund Appropriation to Be Made Effective
 AUSTIN, May 9.—Immediate effect of the \$3,000,000 centennial appropriation was voted in the house today. The vote was 110 ayes and 22 nays.

The resolution will be sent to the senate this afternoon. If it passes there by two-thirds vote the appropriation and all provisions of the act will be in effect immediately.

Without the resolution the act would be ineffective until Aug. 9. It failed to get two-thirds vote when first passed and two-thirds vote is necessary for immediate effect.

Farm Population Largest In History Of United States
 WASHINGTON.—The farm population—now the largest in the nation's history—is estimated by the Bureau of Agricultural Economics as of Jan. 1, 1935, at 32,779,000 persons. This is 270,000 persons more than on the same date in 1934. The increase is attributed to a surplus of births over deaths rather than to any marked farmward movement from cities.

The bureau says the movement away from farms last year was larger than the movement to the farms. It is estimated that 783,000 persons moved out of cities, towns, and villages to farms last year, but that 994,000 persons moved from farms to cities, towns and villages.

The net migration from farms was 211,000 persons, but this loss was more than made up by a surplus of 481,000 farm births over deaths. The net gain of 270,000 persons in the farm population is reported to have been only 3,000 persons more than the gain in 1933.

The bureau says that although the net change in farm population as a whole was about the same in 1934 as in 1933, more pronounced differences are indicated by the estimates for the various major geographic divisions.

Whereas in 1933 each of these areas showed small net gains ranging from 1.4 per cent in the east South Central States to 2 tenths of one percent in the Mountain and Pacific States, in 1934 the Pacific States gained 1.7 percent, the Mountain States lost 1.2 percent, and the West North Central States lost 1.1 per cent.

The drought, it is stated, was responsible for some of these contrasts.

The bureau says the reduction in migration from cities, towns, and villages in northern and north-eastern industrial states "was probably the combined result of a farm housing shortage, somewhat better employment opportunities in non-agricultural industries, and the larger cash relief payments generally available to urban residents as contrasted to rural dwellers."

The bureau's estimates do not include so-called subsistence farms to any extent since local correspondents furnishing information to the bureau tend to overlook most of these non-commercial enterprises.

Add people who can dish it out, but can't take it—the politicians handling work relief billions.

HOW DUST BLOTS OUT WORLD AS INKY PALL ROLLS UP

Black ruin billowing up out of the southwest's great dust bowl here rolls slowly over the Panhandle town of Pampa, Tex., a suffocating wall of dust shutting out daylight and moving on to wreak havoc on the sparse crops remaining in the blighted district. Like an impenetrable screen of smoke it appears in this remarkable picture, with buildings standing out in relief against the inky blackness. Rain has brought some hope to the stricken area, but over a vast zone the pall has left devastation in its wake, with scores of cases of pneumonia aggravated by the choking dust.

SPRING party luncheon
A should give a lift to the spirits of everybody, including the hostess. The only way to get the hostess in on this is to have a meal that can be mostly cooked the day before.

There's nothing like a jellied salad to add charm to a luncheon plate. Vivid colors set in a pool of translucent jelly against a background of varied greens look almost too good to eat, but everybody does. Knowing that the salad is reposing in the ice-box at least twenty-four hours before it will be needed is what adds to the hostess' joy of living.

Meats for Slicing

Paper thin slices of baked ham, delicately seasoned veal loaf and cold boiled tongue are good for the cold plate, but cold breast of chicken is best of all. Cook fowl in boiling water, well seasoned with pot herbs, until tender. Add salt the last half hour of cooking. Let cool in stock. Then remove breast and divide in two parts entirely free from skin and bone. Wrap in waxed paper and chill in refrigerator until ready to serve.

Although one chicken furnishes only two fillets and one must plan with this in mind, the rest of the chicken and the stock will make many delicious meals for the family.

Serve sliced cucumbers in green pepper rings and garnish the plate with radish roses.

Jellied Vegetable Salad

One tablespoon granulated gelatin, 2 tablespoons cold water, 1 cup boiling water, 1-2 cup vinegar, 4 tablespoons lemon juice, 4 tablespoons sugar, 1 teaspoon salt, few drops tabasco sauce, 1 cup boiled beets cut in fancy

Tomorrow's Menu

BREAKFAST: Shredded fresh pineapple, cereal cooked with dates, cream, fried dried beef, crisp toast, milk, coffee.

LUNCHEON: Waffles with creamed salmon and buttered peas, rhubarb compote, cottage cheese, toasted crackers, milk, tea.

DINNER: Roast shoulder of lamb, browned new potatoes, gravy, mint sauce, asparagus on toast, frozen tomato salad, Spanish cream, milk, coffee.

shapes, 1-2 cup sliced carrots, 2 hard cooked eggs.

Cut eggs into eight slices and put a slice in the center of each individual mold. Fill with prepared jelly and let stand in refrigerator over night to chill and become firm.

To make jelly: Soften gelatin in cold water for five minutes. Dissolve in boiling water. Add sugar, vinegar, lemon juice and salt. Let stand until cool and beginning to stiffen. Then add tabasco sauce and vegetables.

Unmold on a bed of lettuce and garnish with watercress and parsley.

Serve the cold plate with a variety of hot muffins—tiny whole wheat, cornmeal and rye muffins make a good assortment. If you're a popover expert have them piping hot with plenty of butter and add to your culinary reputation.

For dessert nothing can surpass strawberry ice-box cake or pineapple charlotte. Both the desserts are seasonal and must be prepared the day before wanted for serving.

France Plans New Lures for Tourists

By JOSEPH D. RAVOTTO
United Press Staff Correspondent
PARIS.—With the memory still vivid of the rich harvest reaped by

the tourist trade during the bonanza years, France is ever devising new schemes in an effort to lure back another stream of foreign visitors.

The latest one is the move to great special extra-quota licenses to the countries which have signed commercial compensation agreements with France.

This is to be proposed in a bill before the Chamber of Emile Perin, Deputy of the Nièvre, Mayor of Nevers and president of the Groupe France-Amerique du Sud.

Between France and a number of other countries there exist commercial compensation treaties by which every franc of imports from these countries must be compensated by exports from France. The new bill, which aims at encouraging foreigners to come to France on French ships, proposes to grant special licenses to these countries, permitting them to export to France, outside of quota limits, amounts of merchandise equal to the amount of money spent by their citizens in France, or on French ships.

These licenses would only be issued, however, for merchandise which France does not produce in excess of her needs.

In his explanation of the bill, Deputy Perin points out the gravity of France's consistently unfavorable trade balance and stresses

the fact that the best way to diminish the deficit is to attract visitors to France, where they may have a better opportunity of getting acquainted with French products.

Five Men Rob a Chicago Company

Outstanding Attractions For Second Week May Festival

"The Vampire," and "Go Into Your Dance" Showing at the Lyric

The May Festival is in its three day run Sunday, Monday and Tuesday, the outstanding musical film of the year "Go Into Your Dance" will be presented. Co-starring Al Jolson and Ruby Keeler, who in real life are Mr. and Mrs. Jolson, this film is a mammoth musical spectacle but carries a well defined plot and fascinating romance with tense emotional scenes, interspersed with hilarious comedy relief. Spectacular dance ensembles staged by the noted Bobby Connelly, with scores of Hollywood's most beautiful chorus girls. Seven new song hits will be introduced in this production, and Patsy Kelley in the comedy roles is excellent.

On Wednesday and Thursday the attraction "Laddie" will be presented. This immortal story by Gene Stratton Porter brings to the screen one of the greatest of all romances of real life or fiction. In the leading roles are Gloria Stuart and John Beal and is hailed as a worthy successor of "Little Women," another masterpiece by the same producers, RKO-Radio.

"Laddie" Meets the Only Girl

John Beal, who plays "Laddie," the college bred farmer, meets the "Princess" on his way to church and a beautiful romance is born. The group includes Dorothy Peterson, Virginia Weidler, who is "Little Sister" and Gloria Stuart who plays Pamela in "Laddie," RKO-Radio picture at the Lyric Theatre Wednesday.

BROADWAY HIT CRIME DRAMA NOW IN MOVIES

Norman Krasna, author of "Small Miracle," current season's Broadway hit, also wrote the screen adaptation of the play which is now at the Lyric theatre, under the title, "Four Hours to Kill."

With Richard Barthelmess in the leading role, "Four Hours to Kill" shows how an escaped convict spends his precious moments of freedom to get the rat who squealed on him.

The entire action of the picture takes place within a theatre, where Barthelmess breaks away from the detective who had brought him there to while away the time between trains.

Lurking in a phone booth, Barthelmess makes the call that will lure his victim to the theatre. In the meantime, the life dramas of others in the theatre are rising to their climax. A cloakroom boy has stolen to get money; he faces exposure. A rich man's wife prepares to run away with a man she believes she loves.

While police search frantically and surround the area, Barthelmess emerges from his hiding place and coolly kills his victim before their eyes.

How he is caught while the other characters in the drama are permitted to go their separate ways, brings the picture to an effective climax.

In the chief supporting roles of "Four Hours to Kill" are Joe Morrison, Helen Mack, Gertrude Michael, Dorothy Tree, Roscoe Karns and Ray Milland. Mitchell Leisen directed the picture.

PEPPY GLENDA FARRELL QUALIFIES AS CLIMBER

In making scenes for the First National musical spectacle, "Go Into Your Dance," at the Lyric theatre Saturday night, Glenda Farrell had to climb up and down the steps of a Pullman train 19 times. In addition she climbed in and out of a bus 17 times. All the climbing was done in one day.

"Bring on your Matterhorn," Glenda remarked to bystanders. Al Jolson and Ruby Keeler co-star in the production.

HELEN MORGAN SINGS FOR HER CO-WORKERS

During the production of the First National musical spectacle, "Go Into Your Dance," which comes to the Lyric theatre next Saturday night, Helen Morgan frequently entertained her co-workers with torch songs, for which she is famous.

Those who were rapt listeners included Al Jolson, Ruby Keeler, Glenda Farrell, Patsy Kelly, Benny Rubin, Phil Regan and Gordon Westcott, all members of the cast. Miss Morgan sings in "Go Into Your Dance"—and also plays an important role.

GLENDA FARRELL TALKS TOO FAST FOR "MIKE"

Glenda Farrell continues to reign supreme as the fastest talking actress in Hollywood.

In the First National picture, "Go Into Your Dance," which comes to the Lyric theatre Saturday night, Miss Farrell had to re-take several scenes because her speech was too speedy for the microphone.

FROM MANHATTAN

Ruby Keeler co-star for the first time in "Go Into Your Dance," the Warner Bros. musical-dramatic hit. Directed by Helen Morgan, Glenda Farrell, Benny Rubin and other notables. And Bobby Connelly staged some glorious dance ensembles at the Lyric Theatre Saturday night.

OLDEN HI-BROADCASTER

Published By the Students of Olden High School

EDITORIAL EL MERLE

We, the Seniors, wish to say a few parting words now that our school days are numbered. No, we haven't much more time to be in school; that time is drawing near to which we have looked forward to for so many years. We have dreamed and planned of the day when we would be free from school. No more working at difficult problems or wearisome studying for us, we said. But now, when we see this long-anticipated day just ahead of us we somehow seem to have lost the desire to be out of school. We begin to wonder if it will be so wonderful to be out on our own without the companionship of the old school friends we have known so long. Will we not feel rather lost without the old schedules, rules, kind teachers, and friends we know? We begin to realize what a great adjustment lies ahead of us. Will we be able to do the things we wish to do and be the things we wish to be?

We can see how we have wasted time in vain regrets and in many other ways and we wish we had used our time to more advantage for only now are we able to realize the value of time.

And so to the other classes we wish to say, "Use your time while you have it." What is lost can never be regained. You may think that your work is hard and wish that you were through with it, but later you will realize the value of it, see what it has done for you and then you will be glad that you spent your time wisely and only wish that you had more time to devote to your studies.

SENIOR NEWS

We have received our invitations and caps and gowns, but no one really wishes to receive them, for our school days are nearly over, and we will have to leave this grand old school, all our teachers and friends.

Our junior-senior banquet will be held Friday night at the roof garden of the Connellee hotel. We are all making preparations for a good time.

JUNIOR NEWS

The junior class is preparing for the annual banquet to be given by the juniors for the seniors. The banquet this year is to be given on the roof garden of the Connellee hotel. The juniors feel that this banquet will be bigger and better in every way than any other that has ever been given in this school.

SOPHOMORE NEWS

At a meeting of the sophomore class Betty Gray Nix was chosen as the sophomore representative to attend the junior-senior banquet. The sophomores enjoyed a picnic at the Olden lake on Tuesday, April 30. Everyone reported a good time although Mr. Smith, our sponsor, says he ate too much for comfort.

FRESHMAN NEWS

We are glad to see Charles Young back at school again. We are sorry that Melvin Holt, our freshman reporter, is ill at this time.

Wilbert Norton was elected by the freshman class to go to the junior-senior banquet as their representative.

SPORT NEWS

The track team who went to Denton brought back honors of fourth place. We are all proud of these boys and especially A. C. Gibson, Max Anderson and G. W. Curry, who brought back medals. A. C. won first in the half mile, Max won second in the 220 low hurdles, and G. W. won third in the 220 low hurdles. These boys made this good showing in spite of the downpour of rain and the muddy field.

The other members who went were: Howard Young, Charlie Butler, Johnny Jarrett, Lemar Whisenant, Elzo Gullett, Vernon Patterson, and Bobbie Collins, manager. Every one of these boys responded nobly and with just a little bit of luck would have won the meet. Three close fifths were accompanied by Coach ESEE firms this statement. The boys were accompanied by Coach Scruggs, Mrs. Scruggs, and Mr. and Mrs. Gibson.

Spring training is in progress and all boys interested in football will receive their uniforms for spring training this week.

Survey Shows Over 200 Refrigerators of G. E. In This Section

Climaxing records for electric refrigerator use in the homes of this section in a general survey. Mr. George Harper of the Harper Music & Battery company states there are more than 200 General Electric refrigerators, valued at more than \$35,000, have been purchased by home-makers

and apartment owners in the Eastland territory. Ninety-seven per cent of all these refrigerators still are in the service of their original owners. Approximately 25 per cent of the refrigerators have been purchased to replace other refrigerating systems.

Mr. Harper stated: "A survey of the homes in Eastland shows that there are approximately as many General Electric refrigerators in use as all other makes combined."

Mr. Harper also states that, according to every test made by the factory and users of General Electric refrigerators, the operating current cost is from 10 to 50 per cent less and that these figures are a matter of permanent record. Anticipating one of the largest increases in sales in the history of the General Electric refrigerator factory, production is exceeding anything on record.

Frank Roberson Now Located In Large Quarters

With three times the floor space and increased mechanical modern convenience and with complete one stop station service, Frank Roberson, who operated the Superior Garage on East Main street, is now in his new location on West Main street, corner Walnut and Main. The firm will in the future be known as Frank Roberson's Service Station. B. E. (Red) Roberson is chief mechanic with many years of experience behind him. Gene Ashley is in charge of the body and paint department and his work has been commended from many satisfied customers. R. M. Tierce, formerly with American National Insurance company, is operator of the service station with a full line of Arab and Conoco gasoline and the featured nationally advertised brands of motor oils and greases.

A full line of guaranteed batteries and complete battery and ignition service is a feature of the service.

Day and night wrecker service is always a part of the Roberson Garage equipment. Mr. Roberson states that he is now the authorized dealer of International trucks for this community and carries a full line of International truck parts for the convenience of owners.

Weekly Sunday School Lesson

THE CHRISTIAN CHURCH

Text: Acts 2:41-45; Ephesians 4:1-7, 11-16

The International Uniform Sunday School Lesson for May 12.

BY WM. E. GILROY, D. D.
Editor of Advance

OUT of faith and experience comes fellowship. Such was the origin of the Christian Church, and such has been the origin of every new movement and organization in the history of the Church.

Sometimes the faith and the experience are narrow, and the resulting movement and fellowship are sectional or sectarian. This, also, has been the history of the Christian Church.

But in the beginning the Church arose out of a very definite experience of repentance and salvation. The Church had no great temples. There was no organization with worldly strength which men might join for the sake of social prestige, or for the sake of power.

The Church consisted of small groups of those who had found the new experience of salvation and life in Christ Jesus. These groups met in a measure of seclusion with the threat of persecution constantly upon them.

One can hardly think of anyone joining the Church in those days except from strong conviction and because the Church represented a fellowship in something more precious than anything that the world offered. The marvel is that even under these conditions the members of this early church were not always ideal.

WE need only read Paul's epistles to see how even in this primitive church, where every thing connected with it seemed to involve sacrifice, there were those whose lives were not proof against vice and whose spirits were not free from narrowness.

But here in our lesson, in the record of the first gathering and fellowship, we have the revelation of an ideal and practice so glorious that there seems little hope of humanity rising to it. So

seriously did these early Christians take the words of Jesus concerning brotherly love and the surrender of all to God, that they were willing to disregard their personal possessions, to have all things in common, and even to sell what they had so that any man who needed might be supplied.

If one could find that quality of Christian character and Christian courage more widely exemplified, the solution of life's problems would be easy, particularly in an age when we have discovered that man's conquest of nature is able to provide an abundance of all that is necessary for human life and far beyond man's need.

To imagine, however, that such a state of society could be organized out of a world of unregenerate men, whose hearts and habits are dominated by self-interest, is to trust to a vain delusion.

YET the ideal in this picture of the early Church is one that should not lightly be obscured. The Church in its true character represents a fellowship of love and service with life on a plane far above that of worldly ideals and motives.

The hope of the world is that, in a society dominated largely by self-interest, there are so many, like these early Christians, who live for higher things. They are in the world, but not of the world. They are subject to the conditions of society in which they live, but they recognize a higher loyalty to a Master who came not to seek his own, but to live for others and for the building up of the Kingdom of God.

The Church, making its growth and progress in a world so different from itself, is often colored and marred by its environment. Yet to the eye of faith there is hope in the number of those who strive with sincerity and earnestness to live according to the teachings of Jesus and who seek through the fellowship of the Church to leaven the world with righteousness, love, and truth.

What real hope is there for the world apart from that?

AEROTYPE ESSO

a new premium fuel now Public Tested

... and approved as a major improvement in motor fuels

Laboratory technicians told us that Aerotype Esso marked a major improvement in motor fuels. Road tests confirmed their statements. But we were not satisfied until we knew, definitely, that the public approved this new Humble product. Now we can tell you that it does; Aerotype Esso has been public-tested, and the results reported on check cards in our files tell us positively that it fills a public need for an outstanding motor fuel, worth every penny of the small extra cost.

So it is with added confidence

that we again ask you to test Aerotype Esso in your own automobile, to prove to yourself that it is definitely superior to even the best of the premium fuels of the past. Test its power, its anti-knock qualities, its acceleration, its easy starting. You can demand of it as nearly as possible what the aviator demands of his motor fuels; put it to any road or traffic test; we are confident that Aerotype Esso will please you, and you will agree with other Texas motorists that it is a premium fuel in performance as well as price.

SHERIFF'S SALE THE STATE OF TEXAS County of Eastland

By virtue of a certain order of sale issued out of the Honorable 88th District Court of Eastland county, on the 6th day of May, 1935, by P. L. Crossley, clerk of said Court, upon a judgment in favor of Eastland County Lumber Company, a corporation, for the sum of Five Hundred Thirty-five & No.-100 (\$535.00) Dollars and cost of suit, in cause No. 16140 in said Court, styled Eastland County Lumber Company, a corporation, versus J. G. McEntire and wife, Rose N. McEntire, jointly and severally, and placed in my hands for service, I, Virge Foster, as sheriff of Eastland county, Texas, did on the 6th day of May, 1935, levy on certain real estate situated in Eastland county, described as follows, to-wit:

Lots Nos. 7, 8, 9, 10 and 11, in Block No. 15, except the south 25 feet of said lots. Also lots Nos. 18, 19, 20 and 21, that lie west of the Bankhead Highway, and in Block No. 17, except the south 25 feet of said lots, all of said lots being in the town of Olden, Eastland county, Texas, according to the recorded plat thereof now on file in the office of the county clerk of said county, the portion thereof intended to be herein described being the north 75 feet of the south one-half of said Block Nos. 15 and 17, lying west of the Bankhead highway.

And levied upon as the property of said J. G. McEntire and wife, Rose N. McEntire, jointly and severally, and on Tuesday, the 4th day of June, 1935, at the court house door of Eastland county, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said J. G. McEntire and wife, Rose N. McEntire, jointly and severally, by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Weekly Chronicle, a newspaper published in Eastland county.

Witness my hand, this 7th day of May, A. D., 1935.

Peddlers Selling Cosmetics Are the Pest of Housewife

Complaint has been made by many housewives that they are being pestered and interfered with in their daily household tasks by itinerant house-to-house peddlers, who present a cleverly prepared sales talk in selling drugs and cosmetics.

Sales people of this type of "here today and gone tomorrow" are said to be using the door opening methods of selling their wares by representing themselves as special skin analysts.

They seek admission to the home on the pretext of giving a facial treatment free of charge, so as to "ascertain the texture and condition of the skin" of the prospective customer, for it is obvious that the main purpose is to dispose of a supply of cosmetics, which will "improve and build up the skin."

Methods Employed

It is claimed in most instances, if not in all, a deposit is taken by the salesman, the deposit ranging from 25 to 40 per cent of the most of the materials to be ordered, the balance to be paid upon receipt of the goods to be sent either C. O.

D. or to be delivered by the canvasser at a later date.

No Responsibility

Those to whose attention the matter has been called, suggest that no one would call in a complete stranger to prescribe for illness. The state and national laws extend the protection beyond that point and the prescribing of skin treatments is supposed to be done only by those duly licensed and known to be capable of doing it properly. Attention has been called to the fact that if a skin disease should develop, the patron would have no chance for recourse. The peddler will be gone and there will be none other to be held responsible if it has been pointed out.

Suggestion has been made by those who have given the matter study, that the housewife is justified in refusing to subject herself to any such hazard and furthermore she is taking unnecessary chances if she permits any one not known to be qualified to sell her any such materials. In many communities, it is stated, the health laws do not permit house-to-house canvassing by such itinerants until they have passed an examination by the local health officer.

The white race is regularly and progressively getting fewer, says Mussolini. But people have to have automobiles.

Parole Granted to W. A. Huckaby By Gov. Alfred Friday

W. A. Huckaby, convicted in Eastland, Sterling and Tom Green counties in July, 1929, of theft over \$50 and burglary and sentenced to 12 years, was granted a general parole by Governor James Alfred Friday, according to information received here Saturday.

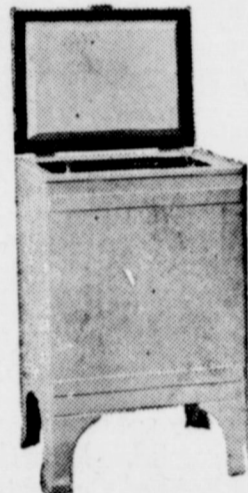

Farm Project In Austin Hands Now

Project of a maintenance farm colony for Eastland county is in hands of Major E. A. Wood, National Resource Board at Austin, and is being studied, William Boaz, engineer employed by the county, who has returned to Eastland, has reported.

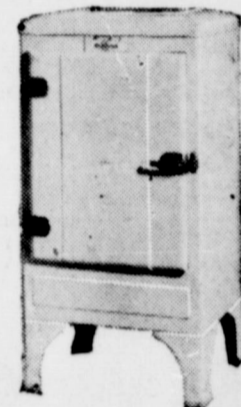

Study of the project should be completed this week, it was stated. Projects for the colony were drawn up from Rising Star, Eastland, Ranger and Cisco.

Bishop Cannon says that two-thirds of the taxpayers are keeping the other third. But after all, they're relations.

One way to beat the rising cost of food is to reduce the wastage that is caused by food spoilage. Little bits of left-over food that are thrown in the trash, the half-bottle of milk that sours before it can be used, the other food that cannot be used amount to several dollars by the end of the month. You can reduce this waste with an electric refrigerator. The constant low temperature keeps perishable foods fresh and wholesome until they can be used. This food saving will go a long way toward making the small monthly payments.
