Eastland County's Own Progressive Publication For All The People

(Established November, 1887)

EASTLAND, TEXAS, FRIDAY, JUNE 21, 1935

NUMBER 33

The Chronicle is the only weekly newspaper in Eastland having a paid subscription list

## Storm Damage North of Ranger Reported Large

BRECKENRIDGE, June 19.—Wind, variously estimated at from 40 to 50 miles per hour, took a heavy toll of rigs in this section Monday night, damaged homes in Breckenridge and surrounding communities and uprooted a number of trees, although it was thought to have damaged the small grain crop.

A check on the latter was being made by County Agent Luke Ballard, but no authentic report of county-wide scope was available immediately.

In all about half a hundred rigs were blown down, Gulf and the Texas companies leading the list as reported, with seventeen and sixteen in the order mentioned. The Phillips Company reported four down. Hanlon lost a few, and J. D. Sandifer one east of town, in reports received Tuesday morning, although it was known that others had suffered losses. Pitzer & West, local operators, reported they suffered no loss.

At Parks it was reported that the Ridley and Elmwood homes were unroofed and about five garages and two hen houses blown over. The Vick Grocery store suffered heavy damages and a few shingles were blown off the church.

The railway company reported a few telegraph poles blown down in the Frankell section, where there was a little hail mixed in with the rain. The far southwestern corner of the county received no wind, or rain, at all, it was said.

Compliance work of the corn-hog contract association began Thursday, E. F. Alton, county supervisor said. Completion of measuring of acreage on which corn is planted and other duties of the field supervisors will probably be made in five or six days, Alton stated.

Work this year is being done before approval of contracts, an innovation in regular procedure, Alton said.

Alton of Cisco, Rt. 2, heads the following field supervisors: Gorman district, O. F. Carr, Wayne White; Eastland-Ranger district, H. L. Fry, F. M. Spurlin; Cisco, L. R. O'Brien, Ned Morris; Rising Star, Levi McCollum, W. E. Cooper.

Freak storm hitting Eastland and Ranger Monday night was cause of considerable damage in Desdemona, it was reported Wednesday.

"The storm late Monday afternoon did quite a bit of damage here," said a Desdemona resident. "Barns, small buildings, fences, and trees were blown down." The Desdemona resident said, "Roofs were torn from houses and windows from small residences."

"Most of the people rushed to their storm cellars for safety."

Softball teams from Ranger, Eastland and Breckenridge will compete in the Lone Star tourney on their annual picnic Saturday, in Eastland, it was announced Wednesday.

First game will be played by Lone Star Gasoline plant teams from Breckenridge and Ranger at 2 o'clock on Connelley Park field. Eastland Merchants team will play the Community Natural Gas team of Ranger.

With lure of free tickets to a dance that evening for the winners, victors in the initial games will play for the championship.

Fire aboard the French freighter, Lois Lane, was brought under control at noon today. Most of its cargo of cotton will be salvaged, it was said.

Steam forced through closed hatches of the vessel smothered the flames. The fire did not reach the cargo of lumber, rice and oil.

## Products of Economy, Needlecraft Seen As Dresses Shown in Contest; Winners in Annual Event Are Named

Results of a small amount of money coupled with industry and needlecraft were seen by 200 women Wednesday at the Eastland Methodist church as 99 dresses were modeled by their makers in the annual 4-H and home demonstration clubs contest.

The event, annually sponsored by the county home demonstration agent, attracted a field of entries larger than in many previous years. Last year there were 88 entries. Fourteen of the 15 home demonstration clubs and all five of the 4-H girl clubs were represented in the contest.

Material cost of the dresses range from 20 cents to \$2.50. Miss Ruth Ramey, county home demonstration agent, estimated the dresses were duplicated in stores at a cost of \$3 to \$5.

Entries in the contest were judged by Miss Mamie Pryor, Stephens county home demonstration agent. First place winners will receive a free trip to the annual week's short course at College Station. The group will leave July 28 by school bus. Others who desire to make the trip may arrange with Miss Ramey. All expenses will be covered for \$8.75, Miss Ramey stated.

Winners in the contest were as follows:

Class 1 demonstrators group—First, Mrs. R. W. Gordon, Ranger Co-Workers club; second, Mrs. O. W. Wolf, Peak club; third, Miss Willie Lee Swan, Word club; honorable mention, Mrs. W. Grieger, Flatwood, and Mrs. W. E. Morris, Reich.

Class 1 co-operators group—First, Mrs. Louis Pitecock, Ranger; second, Mrs. Calvin Swan, Bass Lake club; third, Mrs. W. T. Butler, Morton Valley; honorable mention, Mrs. Tom Thompson, Grandview, and Mrs. Charles Starr, Dan Horn club.

Class 2 demonstrators group—First, Mrs. Burl Turner, Flatwood; second, Mrs. Elbert Ezzell, Reich; third, Mrs. Malta Turner, Peak club; honorable mention, Mrs. Earl Holmes, Ranger, and Mrs. J. R. File, Elm.

Class 2 co-operators—First, Mrs. E. E. Todd, Bass Lake; second, Mrs. Henry Capers, Bass Lake; third, Mrs. Mike Alsbrook, Bass Lake; honorable mention, Mrs. J. E. Bolding, North Star, and Mrs. G. T. Williams, Ranger.

Four-H girls' group—First, Miss Johnny Foster, Flatwood; second, Katharine Webb, Romney; third, Dorothy Jean Brown, Olden; honorable mention, Miss Betty Joe Brown and Miss Aldie Spurlin, Olden.

Three Chambers county commissioners and their judge inspected Eastland County's courthouse on Thursday morning.

In the group were Chambers county commissioners, E. L. Wilbourne, F. C. Matthews, W. L. Evans and Judge Guy C. Jackson Jr., who are inspecting courthouses before building a courthouse to replace one recently destroyed by fire.

Suggestion that the coast county body inspect Baird courthouse, a less elaborate and expensive building than Eastland's edifice, was given by Criminal District Attorney Grady Owen before they continue westward.

A diamond pin on which the plaintiff held a lien was ordered sold at public vendue with receipts to be applied to the judgment. H. P. Brelsford, Jr., surety on the note, was ordered to pay the judgment individually to be reimbursed from the late H. P. Brelsford's estate.

Thirty-two participated in skeet shooting of the Oil Belt Gun Club at their range Sunday. Fourteen participated in the regulation trap shooting.

Interest manifested in the shoot was declared Monday as being at the peak since organization of the inter-county club.

Scores of the events were announced as follows:

Skeet: P. J. Knight 85-100; Ross Brewer, 70-100; W. Fairless, 70-75; D. Fox, 62-75; G. W. Ewing, 61-75; J. G. Staples, 59-75; Mrs. Jas. Horton, 58-75; E. Spencer, 47-50; Jas. Horton, 46-50; J. O. Matheny, 42-50; T. A. Davis, 40-50; F. W. Brazelton, 38-50; W. A. Wiegand, 36-50; Jno. W. Turner, 36-50; Jas. H. Cheatham, Jr., 34-50; N. A. Moore, 31-50; P. B. Glenn, 31-50; A. H. Rhodes, 27-50; J. L. Barnett, 20-25; P. D. Luce, 19-25; Horace Oldham, 19-25; Slim Koker, 19-25; Lance Brown, 18-25; Joe Tompkins, 18-25; Dr. Poe Lovett, 17-25; W. J. Peters, 17-25; Sammy Whitley, 16-25; Frank Dwyer, 15-25; Herby Thompson, 15-25; R. W. Fullington, 14-25; Jim Connelley, 11-25; R. G. Kemp, 9-25.

Regulation Trap: P. J. Knight, 40-50; A. H. Rhodes, 36-50; Mrs. Jno. W. Turner, 33-50; T. A. Davis, 22-25; W. E. Fairless, 22-25; J. L. Barnett, 2-25; E. Spencer, 20-25; G. W. Ewing, 19-25; D. Fox, 19-25; Joe Tompkins, 19-25; Ross Brewer, 17-25; Slim Koker, 17-25; C. A. Vautrain, 14-25; Alex Kime, 11-25.

MULLINGS IN FRANCE  
Friends of Ward Mullings, son of Mr. and Mrs. W. H. Mullings of Eastland and a radio operator on the S. S. City of Joliet, received letters from Le F. yre, France, Sunday. After stopping at ports in Belgium and Holland the ship will be back to the United States.

NO CONSOLIDATION  
Since Aker school trustees have decided to send their students to Colony next year by contract, no effort will be made by the latter school to consolidate with Oakes in Stephens county, it was announced Monday.

ACCIDENT TOLL MOUNTS  
WACO, June 17.—The death of J. E. Tyson, 60, Dallas, today brought to five the number injured fatally in an automobile collision here yesterday.

BUTTON SEWING WINS DIVORCE  
CINCINNATI, O.—John W. Kunker, a Cincinnati electrician, was granted a divorce here recently when he testified he had to sew buttons on his own clothes and prepare the meals for himself and his two children.

## EASTLAND TO BE SCENE OF ANNUAL FETE

In celebration of the silver anniversary of the Lone Star Gas company, more than 1,000 employees and their friends will gather in Eastland next Saturday for the sixth annual employe picnic. The picnic will be held in Eastland city park following an address of welcome by Mayor C. W. Hoffmann.

Following an afternoon of sports and entertainment the event will be concluded with a dance on the roof of the Connelley hotel for employes and their friends. H. H. Price and his eight-piece orchestra from Graham have been engaged by the dance committee.

Sports will include baseball, roquet, tennis, golf tournament, bridge tournament for the ladies, and a horned frog race for children under 12. Employe baseball teams from Eastland, Breckenridge and Ranger will compete in the softball tournament.

Employees from all sections of the Lone Star Gas system, including personnel from Community Natural Gas company in the West Texas area and Dallas will be present.

The picnic committee, Hal Hunter, Sam Gamble and Frank V. Williams, are expecting L. B. Denning, president of the Lone Star Gas company, and Chester L. May, vice president and general manager of the Community Natural Gas company, among other officials to attend the picnic.

Mr. Williams, Eastland manager for Community Natural, will preside as chairman during the speaking which will open the picnic.

The Lone Star Gas company was organized by L. B. Denning a quarter of a century ago, and pioneered natural gas service in Texas with a 100-mile pipe line from Petrolia to Dallas and Fort Worth. Starting with 15,000 families on its lines, it now serves more than a quarter of a million families in Texas and southern Oklahoma with a 4,000-mile integrated pipe line system.

A leader in development of oil and gas in the Eastland-Ranger area, the Lone Star Gas company has contributed more than \$18,000,000 to the economic progress of this section in the form of salaries, taxes, supply purchases, gas purchases, and drilling contracts during the years it has been operating.

Funeral services for one of two Abilene drowning victims Monday, J. D. Barton, 26, were held here this morning. Rites were held from the Methodist church.

The two men, Barton and W. E. Downing, 45, of Abilene, were drowned while fishing in Lake Kirby south of Abilene at 5 p. m. Monday. The bodies were recovered early Tuesday morning by members of a rescue party that dragged the waters for more than 10 hours.

The Bartons had moved to Hawley from Cisco a month ago. Mr. and Mrs. Barton celebrated their fifth wedding anniversary last Wednesday. He had been an employe of the Humble Pipe Line Department for five years. He was married to Miss Dorothy Sherrill, June 5, 1930, at Rising Star.

Survivors include his parents, Mr. and Mrs. Lee Barton, Cisco, and his widow.

Bail bond of \$1,000 for W. C. Stringer, charged with indictment for swindling, according to Criminal District Attorney Grady Owen, was filed Saturday in district clerk's office.

Sureties were J. L. Barnett, G. W. Pilgrim, M. F. Raney and Aubra Wilson, principal.

Prize accompanying the designation is a paid trip to a short course at A. & M. in College Station in July with presentation of a medal.

Teams from Ranger, Eastland and Cisco will play in the Lone Star roquet tournament to be held in Eastland Saturday, players announced Thursday.

Games will be played on the Eastland club's ground at the City Park starting at 8 a. m.

Three teams are expected from Ranger and two from Cisco.

Eastland players to participate in the tournament will be M. E. Greer, C. G. Street, John Rawson, John Roper, John Harrison, Austin Williamson, Carroll Nobles, F. M. Jones and "Curley" Maynard.

PLAN REUNION  
County Judge Clyde L. Garrett, president of Hankins College of Gorman ex-student body, stated Monday plans were considered Sunday for the annual reunion this summer, with definite announcements to be made later.

## Airline Establishment With Stop At Eastland Virtually Certain, Says Pilot and Eastland C. of C.

Virtual assurance of establishment of a daily commercial air line between Midland and Marshall with stops at Eastland was given Saturday by John Grimmett, well known pilot who has done survey flying in West Texas for oil companies.

"One hundred per cent" backing is being given by the Eastland Chamber of Commerce in establishment of the line, Hamilton McRae, president, and H. C. Davis, secretary, promised Grimmett, who was in Eastland Saturday.

The proposed new service will be known as the Southwest Airline, will fly tri-motored, 10-passenger, two-pilot Stinson planes on daily schedule east to Marshall and west to Midland.

Organized primarily for passenger service between Texas oil centers, the new line, after six months of operation will be eligible to carry air mail, giving Eastland connecting air mail service with eastern points.

Inauguration of the service is expected by July 15.

Many Eastland men have become stockholders in the line.

Decision of Aker school trustees and sanction of the county school board to send students of that institution to Colony school by contract for one year was announced Saturday from County Superintendent C. S. Eldridge's office.

Enrollment of Aker school is approximately 40. Mrs. W. H. Mullings, assistant county superintendent stated.

Invitation to attend the meet has been extended to all in this section who are interested in the growing, producing, ginning, compressing, transporting, shipping, marketing, buying, selling processing, manufacturing, spinning, warehousing or exporting division of the crop.

Divorce was granted Saturday in 91st district court to Fay Morris from G. L. Morris. Care and custody of two children, Glendia Fay, 10, and Mac, 9, was awarded Mrs. Morris with the defendant having right to visit the children or he visit them at any "reasonable and reasonable time."

Fire which broke out in a house at Young and Tharpe streets, Ranger, about 2 o'clock Monday morning, did considerable damage to the interior of the house, though the fire department managed to confine the flames to the inside of the house.

The house was owned and occupied by Mrs. Grant, who has been away on a visit since last Tuesday.

No estimates of the amount of loss was made.

AUSTIN, June 15.—Deficits in the general revenue fund of Texas was \$6,500,000, nearly a million and a half more than on May 31, State Treasurer Charles Lockhart said today.

All over Southeast Texas, relief workers have fought the mosquito. They have dug 525 miles of drainage ditches and drained thousands of acres of land, much of it swamp.

In addition to the land reclaimed, the work has done much to combat malaria, dengue and other diseases spread by the mosquito by eliminating many of the insect's breeding places.

In drought-stricken West Texas, many water supply wells were dug and many others cleaned and made safe for the people dependent upon them. In hundreds of instances, drinking facilities were installed at schools so that the health of children might be safeguarded.

Prize accompanying the designation is a paid trip to a short course at A. & M. in College Station in July with presentation of a medal.

## GOVERNORS OF SEVEN STATES OPPOSE NRA

BLOXI, Miss., June 15.—Seven governors are opposed to amending the constitution to permit resumption of the NRA a poll of delegates to the 27th annual governor's conference showed today.

One governor favors such an amendment. Five others said that while they believed the several states can carry out any desirable provisions of NRA and no national act is needed, they see no reason why the constitution should not be amended.

Most of the seven who opposed liberalization of the constitution to remove provisions that formed the basis of the supreme court decision invalidating the NRA are emphatic in their opposition to amending the constitution but also to continuance to the NRA.

The governors who opposed the continuance of NRA are from Arkansas, South Carolina, Georgia, Maryland, Illinois, Louisiana and Michigan.

## Rites Are Held For H. R. Pafford at Carbon Wednesday

With Rev. Bradford of Abilene and Rev. King of Eastland officiating, funeral services were held from the Carbon Baptist church Wednesday afternoon for H. R. Pafford. Interment was in the Carbon cemetery.

Mr. Pafford died at his home in Eastland Tuesday at 1 p. m.

Mr. Pafford was born in Tennessee in 1884 and spent early years in Arkansas. He moved to Eastland county 30 years ago and spent most of this time farming in the southern part of the county, near Carbon and Okra. Six years ago he was appointed manager of the county farm by the commissioner's court. Failing health forced him to retire. He moved to Eastland recently where he lived at the time of his death.

He is survived by his wife, two daughters, Ethel and Hazel, Eastland; one son, Leon Pafford, of Gladewater. A grandchild, Roderick Pafford; one brother, Will Pafford, Paris; one sister, Mrs. Sally Ryan, Gordon, Ark., also survive. Mrs. Mary Nelson, a niece, of Gordon, Ark., was present for the funeral.

"Homer," as he was known, never complained, friends report. He always "felt better" when asked regarding his health and was optimistic to the last.

Active pallbearers were brother-in-laws of Mr. Pafford.

## County Girl Wins 4-H Club Honors

One of 100 4-H girls in Texas selected from 12,000 as a gold star girl is Miss Virginia Gibson of the Eastland Lake group, Miss Ruth Ramey, county home demonstration agent, said Thursday when announcing she would receive award in July.

Reason of selection of Miss Gibson was because of her record book and year's history, Miss Ramey stated.

Prize accompanying the designation is a paid trip to a short course at A. & M. in College Station in July with presentation of a medal.

JOHN GRIMMETT

## Health Projects For the Past Year Add to Property

AUSTIN—Health and sanitation projects completed by the Texas Relief commission during the past year with the use of work relief labor have added hundreds of thousands of dollars of value to public property, provided work relief for thousands of the state's unemployed, and have been of unmeasurable benefit to Texas in the prevention of disease by the removal of cause, it was declared by State Relief Director Adam R. Johnson this week.

Using labor from the relief rolls, Relief commission engineers supervised construction of 32,640 pit type privies in rural Texas. From a health standpoint, the tremendous need for this type of work is illustrated by a survey in an East Texas county before the work was undertaken. Results of the study indicated rural school children had an average hook worm infection of more than 50 per cent. Dysentery and similar diseases were widespread and typhoid not unusual. Inspection of sanitation revealed a majority of homes equipped only with surface toilets and these often were located near the source of water supply. About 400 homes had no sanitation conveniences at all.

Just as important, the state director believes, is the work done in cities, where relief labor has built 254,200 feet of sewer lines and 17,900 feet of water mains, constructed eight sewage disposal plants and installed 1,025 septic tanks. In addition, repairs and improvements were made on 1,580 water wells, 106,170 feet of sewer lines, 11,220 feet of water lines, and 34 sewage disposal plants.

The city of Plainview now has in operation a new disposal plant built entirely with relief labor. The city cooperated with the relief commission by furnishing materials, foreman, and transportation for the men. The completed monolithic concrete structure is 38 feet in diameter at the top, 31 feet deep and has outside walls 12 inches thick.

Approximately 25 miles of sewer line are being laid in South San Antonio by relief labor on a project which will cost about \$185,000. When completed, the job will serve about 4,500 inhabitants who now are using septic tanks and open toilets.

All over Southeast Texas, relief workers have fought the mosquito. They have dug 525 miles of drainage ditches and drained thousands of acres of land, much of it swamp.

In addition to the land reclaimed, the work has done much to combat malaria, dengue and other diseases spread by the mosquito by eliminating many of the insect's breeding places.

In drought-stricken West Texas, many water supply wells were dug and many others cleaned and made safe for the people dependent upon them. In hundreds of instances, drinking facilities were installed at schools so that the health of children might be safeguarded.

Prize accompanying the designation is a paid trip to a short course at A. & M. in College Station in July with presentation of a medal.

## Aker Students to Attend School at Colony For Year

Decision of Aker school trustees and sanction of the county school board to send students of that institution to Colony school by contract for one year was announced Saturday from County Superintendent C. S. Eldridge's office.

Enrollment of Aker school is approximately 40. Mrs. W. H. Mullings, assistant county superintendent stated.

## Collie is to Meet With Probers of Cotton on July 1

The senate-house cotton investigating committee, of which Senator Wilbourne B. Collie of Eastland of Eastland is a member, will meet July 1 in Dallas, it was announced Wednesday.

Recognizing that cotton is one of the world's greatest crops, and Texas the greatest cotton producing state, the committee hopes to formulate a comprehensive program.

Invitation to attend the meet has been extended to all in this section who are interested in the growing, producing, ginning, compressing, transporting, shipping, marketing, buying, selling processing, manufacturing, spinning, warehousing or exporting division of the crop.

Divorce was granted Saturday in 91st district court to Fay Morris from G. L. Morris. Care and custody of two children, Glendia Fay, 10, and Mac, 9, was awarded Mrs. Morris with the defendant having right to visit the children or he visit them at any "reasonable and reasonable time."

Fire which broke out in a house at Young and Tharpe streets, Ranger, about 2 o'clock Monday morning, did considerable damage to the interior of the house, though the fire department managed to confine the flames to the inside of the house.

The house was owned and occupied by Mrs. Grant, who has been away on a visit since last Tuesday.

No estimates of the amount of loss was made.

THE WEEKLY CHRONICLE

Established Nov. 1, 1887

Entered as second-class matter at the postoffice at Eastland, Texas, under Act of March, 1879

Published Every Friday Office of Publication: 106 East Plummer Street. Phone 601

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

BEN LASKA IS FOUND GUILTY BY U. S. JURY

OKLAHOMA CITY, June 15.—As Ben Laska, attorney was found guilty today of accepting kidnap ransom money as a fee, his woman associate, Molly Edison, Denver, was charged with perjury.

Sentencing of Laska was deferred until in July.

Mrs. Edison, who had testified for Laska in his trial, pleaded not guilty to the charge. U. S. Commissioner George Eacock said he would set her bail at \$5,000.

W. C. Lewis, United States district attorney, told the United Press he would ask that Laska be given 10 years in prison.

It was said the judge could impose any fine or sentence he chose, including the maximum of life imprisonment.

Laska will be free pending sentence or granting of a new trial on his original bond.

He was given three days in which to file a motion for a new trial and July 2 set for the hearing on the motion.

Almost in tears and with nerves shaken, he called the verdict "the most unfair verdict in history."

The verdict was he participated in a conspiracy to kidnap Charles Urschell by accepting \$10,000 of the \$200,000 ransom as a fee for defending the kidnaper, Albert Bates.

Proposal Made For 49th State

OKLAHOMA CITY.—A forty-ninth state, Texlahoma, is being sponsored.

A move is under way to disassociate 23 western Oklahoma counties and 46 counties of the Texas Panhandle—thousands of square miles with some 1,000,000 citizens—from the two states.

Capital city of the new state, according to A. P. Sights, Clinton, Okla., chairman of the committee seeking to achieve the projected secession, probably would be Amarillo, Texas.

Sights is polling legislators on the proposed move, and says the answers have been favorable by a 2 to 1 majority.

Sponsors of the movement argue that the Oklahoma "secession sector" is so far from the state capital—in some instances 300 miles—that theirs is the "forgotten people" insofar as state benefits—roads, hospitals and relief—

are concerned. Sights declares that the 23 Oklahoma counties "are \$9,000,000 behind in road improvements."

The plan is for a huge convention of representatives of the vast area proposed for the new state. The convention time has been fixed for "some time this summer," to set up a permanent, active organization to work for the forty-ninth state, and a new star in the flag.

Elliott Roosevelt May Be Asked to Relinquish Post

DALLAS, June 18.—C. F. Cusack, president of the Dallas County Young Democratic club, said today a resolution demanding the resignation of Elliott Roosevelt as vice president of the young democratic club of Texas, would be presented at a meeting of the Dallas club tonight.

Cusack said the resolution, if passed tonight, would be presented to the executive committee of the state group on July 16 at Fort Worth.

"Other members of the Dallas young democrats join me in the feeling that Mr. Roosevelt's residence in Texas has been too short and his work in the organization too limited," Phil Overton of Dallas, explained.

Ricchetti Given A Death Verdict

KANSAS CITY, Mo., June 18.—The four officers slain in the Union Station massacre were avenged today.

Adam Ricchetti, only surviving member of the gang of killers whose machine guns cut down Frank Nash, federal prisoner they sought to free, and officers escorting them, faced death for his part in the crime.

The criminal court jury found him guilty last night after two hours and one minute of deliberation in which only three ballots were taken. The verdict was given on the second anniversary of the crime.

Children Revealed As Movie Critics

HARRISBURG, Pa.—Only two-fifths of the "essential features" of a motion picture retained by the average adult is lost to a child of 8 and 90 per cent is retained by a boy or girl of 15.

The estimates were made by Dr. Edgar Dale, Ohio State university, who, in conducting a conference on motion picture appreciation here, said high school students

America's No. 1 Birdwoman

(Photo by Cy LaTour)

With grave intensity and concentration, these eagle-eyes are fixed on the motor whose correct overhaul may mean new speed records or life itself. They are the eyes of Amelia Earhart Putnam, No. 1 birdwoman of the U. S. A., who is shown here in a camera study which well reveals the character in the intent face below the famous windblown bob.

show keen ability to criticize movies and spend more time discussing the direction, photography and casting than they do talking over the plot.

Englishmen Caught Joke Second Day

DALHART, Texas.—Geoffrey De Freitas and John S. Crippie, of London and Gloucester, England, respectively, wanted to see some jack rabbits when they visited here recently.

"We've heard of the rabbits here which have ears two feet long," they said.

O. T. Williams, who showed the visitors over a wind erosion control project, pointed out a big jack and told them it was a "mere infant." It was several days before the Englishmen caught the joke.

Trinity River to Rise More Today

DALLAS, June 18.—The trinity river is expected to rise to the 36-foot stage at Dallas in the next 12 hours as the result of heavy rains.

The river stood at the 33.7 foot level today and was expected to rise about two feet. Residents of the lowlands in the Trinity river valley between Dallas and Trinidad have been warned to vacate.

Pits His 68 Pounds Against 170 Pounder

CINCINNATI, Ohio.—George "Midget" Hader, 24, recently upset the prize ring axiom that a good, big man is better than a good little man, and for his trouble he received a 30-day jail sentence.

Hader, who is 4 feet 4 inches tall and weighs 68 pounds, was arrested for an alleged assault on Nick Grippo, a boxer who is 5 feet 7 inches tall and weighs 170 pounds. The fight took place in a beer garden.

In court Prosecutor Harry Wernke looked at the robust boxer and then the midget and asked, "How many beers had you had, 'Midget'?" "Only 15," answered the little fellow.

Clipper Ship On Its Return Trip

SAN ISLAND, Midway Islands, June 17.—Retracing its non-stop course over 1,388 miles of water, between Midway Island and Honolulu, Pan American Airways trail blazing clipper ship left San Island at 12:54 p. m. today.

MRS. PHILLIPS IS RELEASED FROM PRISON

TAHACHAPI, Calif., June 17. Clara Phillips, California's notorious "tiger woman," was released from prison today. Deliriously happy, she rushed

through the self into the Mrs. Hedda... "I'm so glad so good... The... leaved shortly... serving 12... the slaying... Meadows, pher. She was... degree murder... told she had... death with... Phillips, of... nographer.

Spend just 10 minutes in a PONTIAC

... You'll find it's even better than it looks!

One look tells you why America calls Pontiac the most beautiful thing on wheels. One ride tells the rest of the story. In no more than 10 minutes you will make the astonishing discovery that America's lowest priced fine car is even better than it looks.

Last prices at Pontiac, Michigan, begin at \$615 for the Six and \$730 for the Eight (subject to change without notice). Standard group of accessories extra. Easy G. M. A. C. Time Payments.

Sweeping Change in Silver Situation

Thousands of Philadelphians who were accustomed to being paid in crinkly paper bills got the surprise of their lives when they hefted pay envelopes filled with silver dollars, some of the fatter ones weighing ten pounds. Ann Frank is shown sweeping coins out of a truck in which they were hauled to paymasters' offices. The occasion was "Flow of Silver Day," purpose of which was to induce quick spending.

ATHLETES SAY: "THEY DON'T GET YOUR WIND!"

Read below what these famous athletes say about their experiences in smoking Camels

- Follow the athletes in your search for cigarette mildness. Tommy Armour says: "Camels never bother my nerves or shorten my wind—convincing evidence that Camels are mild."
- Mel Ott, heavy-hitting outfielder of the New York Giants, reports: "My experience is that Camels are so mild they never get my wind."
- And Stubby Kruger, Amy Lou Oliver, and Lester Stoeffen agree with Pete Knight, who says: "Camels—there's a smoke so mild it never cuts down your wind, never gets you out of condition."
- A mildness that will please you too! Camels are made from costlier tobaccos. They are mild, cool, gentle on the throat. Smoke them all you wish. Camels don't upset your nerves... or tire your taste. And athletes find that Camels do not get their wind.

YOU'LL LIKE THEIR MILDNESS TOO!

**SO MILD YOU CAN SMOKE ALL YOU WANT!**

**Camels**

COSTLIER TOBACCO Camels are made from finer, EXPENSIVE TOBACCOS—Turkish Domestic—than any other popular

stage and screen, has been hailed  
"She combines the fire of an  
Olga Nethersole with the repression  
of a Duse," said Philip Moeller,  
director. "I am amazed at her  
emotional range from the most in-  
tense, lyric abandon to the most  
subtle nuances." He declares that  
for beauty and power he does not  
believe that Hepburn's love scenes  
with Boyer ever have been dupli-  
cated on the screen.

"Break of Hearts" tells the  
story of a young composer who  
marries a famous maestro but  
leaves him when she believes that  
her love is no longer necessary to  
him. His plunge to the depths of  
despair and his regeneration  
through her love makes an enthralling  
picture. It is a Pandro S. Ber-  
man production for RKO Radio.

**Dog Vaccination Licensing May Be Obtained at Hall**

Your dog may be issued a license and receive inoculation for prevention of rabies at the city hall, officials announced Thursday.

E. E. Witt, city sanitary health officer, is donating his services for the vaccination. Total charge will be \$1, which includes the vaccine, tag and syringe use.

The offer of the city's is good any day except Sunday and Saturday afternoon, when the offices are closed.

**Sheinberg Notes Year in Business With Natal Sale**

Completing one year in business in Eastland, M. Sheinberg Thursday announced his first anniversary sale.

Mr. Sheinberg, who operates the popular dry goods store located on the east side of the square, said, "Our business has constantly increased and we have practically doubled our stock."

Business in Eastland during the first year was one "of happy contacts with the people of this entire community," he said.

**NAZARENE CHURCH**  
Come hear the Crow evangelistic party at the Nazarene church, 10 a. m. today, and 8 p. m. Saturday night, and over Sunday. They preach the old-time gospel and you will enjoy Professor Crow's special singing. Sunday afternoon at 3 o'clock we will have an old-time love feast. Let all Christians who can come and worship with us in this great service. We are expecting a great time.

R. T. SMITH, Pastor.

Young people's classes, 7:15 p. m.  
Preaching services, 8:15 p. m.

**Softballers Set Game Dates For Next Five Weeks**

Five week softball schedule beginning Monday for the Eastland League was drafted Tuesday night by team captains and managers in session at the Chamber of Commerce.

All scheduled games will be played on Connellee Park field, captains and managers decided. Players plan to prepare another plot of ground at Connellee Park Friday afternoon at 2 o'clock in order that two games may be played simultaneously on the same field.

The schedule as announced Wednesday:  
Monday, June 24, Mechanics vs. Punk Center; Highway vs. Piggy Wiggly.  
Wednesday, June 26, Gym Class vs. Merchants; Punk Center vs. Highway.  
Friday, June 28, Piggy Wiggly vs. Gym Class; Merchants vs. Mechanics.

Monday, July 1, Highway vs. Merchants; Piggy Wiggly vs. Punk Center.  
Wednesday, June 3, Gym Class vs. Mechanics; Merchants vs. Punk Center.  
Friday, July 5, Gym Class vs. Highway; Piggy Wiggly vs. Mechanics.

Monday, July 8, Gym Class vs. Punk Center; Highway vs. Mechanics.  
Wednesday, July 10, Piggy Wiggly vs. Merchants; Mechanics vs. Punk Center.  
Friday, July 12, Highway vs. Piggy Wiggly; Gym Class vs. Merchants.

Monday, July 15, Punk Center vs. Highway; Piggy Wiggly vs. Gym Class.  
Wednesday, July 17, Merchants vs. Mechanics; Piggy Wiggly vs. Punk Center.  
Friday, July 22, Gym Class vs. Highway; Piggy Wiggly vs. Mechanics.  
Wednesday, June 24, Gym Class vs. Punk Center; Highway vs. Merchants.  
Friday, July 26, Highway vs. Merchants; Highway vs. Merchants.

**He'd 'Becalm' Windy Congressman**

What the House of Representatives needs is a few good, old-fashioned murders, in the view of Maury Maverick, the Texas congressman whose salty personality is well revealed by these three action studies by the candid camera. Maverick caused a sensation recently by urging two special days, Quaker Day, when none could talk except by divine inspiration, and Murder Day, when all who talked on Quaker Day would be "liquidated" in the Russian manner. Thus "purged," the House could get some work done, Maverick argues.

**Margaret Roosevelt as Bride**

First a honeymoon in Bermuda, then to Rome to establish her new home. That's the schedule before these newlyweds—Lieutenant and Signora Alessandro Pallavicini, pictured after their marriage in New York. The bride is the former Margaret Roosevelt, distant relation of the President, her husband an Italian aviator and son of an important Roman family.

**SURPRISE! WHEELER AND WOOLSEY TOP BEST COP BRAINS**

For Wheeler and Woolsey to top anyone's brains is competition for the Eighth Wonder of the World; but for Wheeler and Woolsey to top the best brains on the detective force is a miraculous achievement. Of course, it's in a movie—"The Nitwits" now showing at the Lyric theatre. And it is only their positive genius for doing the wrong thing at the right time that enables them to be better cops than Captain Jennings and Private Detective Darrell.

The boys are seen as scientific sleuths who desert the magnifying glass, the double-peaked hunting cap and the calabash pipe for a lie detecting machine which Woolsey perfects. The invention is capable of shocking the truth out of the most hardened liar, and Bob employs it on their own suspects, one of whom may have slain a song magnate and his auditor, and blackmailed many others.

No Wheeler-Woolsey show is genuinely entertainment without music, and "The Nitwits" ingeniously interweaves three popular melodies with the gripping melodramatic theme. The numbers, "Music in My Heart," "You Opened My Heart" and "The Black Widow Will Get You If You Don't Watch Out," are performed by Wheeler, Woolsey, Betty Grable, and musical comedy stars, Joey Ray and Joan Sanderson.

George Stevens directed Fred Keating, Erik Rhodes and Evelyn Brent in "The Nitwits," an RKO Radio picture.

**DALLAS.**—Three and one-half years in the frozen gold fields of Canada inspired thoughts of home in the heart of Capt. Eccles J. F. Holmes, of England.

He started for London, via Dallas, to enjoy life a little before sailing from New York.

"I liked Texas so well that I came here to waste some time before going home," said the captain.

**Youth to Lead Mountain Ride**

**BANFF, Alta.**—A young American will lead this year's five-day trek of the Trail Riders of the Canadian Rockies, which starts from here July 26 and traverses the Red Deer River region.

President of the Trail Riders at 25, George Vaux is the youngest head the organization ever had. He is from Bryn Mawr, Pa., is a descendant of a long line of geologists and explorers.

The Banff-Lake Louise area has been a sort of summer home for the Vaux family during the past 40 years. Many remote trails, notably that through the Ice River

**Eastland Personals**

R. M. Bass and Charles W. Estes were visitors in Cisco Sunday.

Mr. and Mrs. W. D. Schoelcraft and Robert Hinrichs of Breckenridge visited Eastland relatives Sunday.

Mr. and Mrs. Pete Cooles, Mr. and Mrs. M. E. Goldberg and Mr. and Mrs. Charles Sandler and children were visitors in Eastland Friday evening.

Miss Anna Faye Lippard of Amarillo is spending the summer with relatives in Cisco and Eastland.

Mr. and Mrs. George H. Hipp

were visitors in Cisco Sunday.

Miss Marjorie Spencer, who is attending the summer session at Southern Methodist university in Dallas, visited her mother, Mrs. E. G. Spencer, over the weekend.

Miss Nadine Mayhew of Cisco was an Eastland visitor Sunday.

Purl Kellet and Odell Grubbs were visitors in Cisco Sunday.

Misses Wilda Drago and Margaret Hart were Breckenridge visitors Saturday.

Harry Watson returned Sunday from a visit with friends in Fort Worth.

Mrs. E. Hinrichs, whose daughter, Miss Ivy Lou, attends school in Austin, returned to Eastland Sunday for a few days' visit.

R. H. Clement of Fort Worth was a visitor in Eastland Saturday.

Miss Sarah Williamson of San Angelo, who is a former resident here, was a visitor in Eastland Saturday and Sunday.

Mrs. Freda Moldave was the guest of her son, I. Moldave, in Cisco, Sunday.

Miss Wayne Copeland visited in Cisco Sunday.

Bob Earnest and Jimmy Phillips of Ranger were visitors in Eastland on Monday.

Charley Fay of Houston was a fourth-day visitor Thursday.

D. J. Jabe, office deputy in the sheriff's office, was a visitor in Fort Worth Thursday.

Mr. and Mrs. Dave Wolf and son, Leo, visited Cisco Friends Wednesday.

Dora VanGeem has returned from a visit with friends in Colorado.

# PASTOR GOES ON TRIAL IN MURDER CASE

ORANGE, June 19.—Attorneys for Rev. C. Edgar Eskridge, pastor of the First Baptist church, charged with murdering police chief Ed O'Reilly, today asked for a change of venue to another county as the case was called.

A stormy scene resulted from a newspaper photographer's efforts to snap a picture of the minister as he entered the court of District Judge F. P. Adams.

Eskridge broke away from two guards and lunged at the photographer. He kicked a camera from his hands but did not damage it seriously.

Defense attorney J. J. Collins of Lufkin presented a motion for change of venue based on the contention there was prejudice in Orange county.

# Tarantula Is Not Quite As Deadly As People Believe

DALLAS.—The sight of a big tarantula, hairy-legged and horrible and venomous looking, is calculated to send shivers down the back of a person who sees him suddenly, but his looks are worse than his bite, according to Dr. J. W. Reynolds, Dallas health officer.

Several reports have been received that tarantulas have been seen in large numbers in Dallas recently. Reports also have been received of a number of scorpions and snakes.

The tarantula, of which there are several varieties in the world, belongs to the spider family. It is a large, hairy, venomous spider with eight legs that appear to be larger than they are because they are covered with hairs.

The spiders live in holes in the ground, in pairs, and sometimes they equip their holes with "cave doors."

The Central American variety, which sometimes is found on bananas brought to this country, is particularly venomous and can cause a large ulcer, Dr. Bass said.

There is no record available at the emergency hospital here of a person being treated for a tarantula bite, which tends to discount some of the tall tales about them.

Dr. Bass said it was his belief that some so-called tarantula bites probably were due to bites of the black widow spider.

"I heard of a case several years ago in East Texas where a farmer was bitten on the neck while cutting oats with an old-fashioned cradle, but I think the big ulcer was caused by a black widow spider," Dr. Bass said.

"The tarantula is not to be compared with that spider."

Dr. Roy Melvin of the United States bureau of entomology said that the bite of a Texas tarantula will make a person sick but that the tarantula will not bite unless he is hemmed in.

He pointed out that they live in pairs in their holes and that a quick evaporating gas should be used in killing them.

If turpentine is used, only the spider in the hole is killed. The mate, which may be away, will not re-enter the hole because of the smell of turpentine.

Tarantulas are found in Europe, especially in Italy. Superstitious people there still cling to an old belief that the bite of the tarantula causes what is known as tarantism—a melancholy state of stupor joined with an uncontrollable desire to dance.

Scorpions are dangerous looking but their bite is not as bad as that of the centipede. They are easily killed and can be crushed by a fly swatter.

# OFFICERS ARE CRITICIZED ON RAID ACTIONS

CORPUS CHRISTI, June 17.—Texas rangers were criticized today regarding one state officer's actions during a night club raid Saturday in connection with which 20 persons were expected to be charged.

Witnesses said Ranger Martin Trejo knocked down a customer of the Wonder Bar night club and pointed a rifle at men in the establishment.

Trejo, it was said, threatened to "shoot the first man who moves." The bar was crowded when he entered.

Trejo had joined five border patrolmen and federal officers in a series of liquor and slot machine raids. At the Wonder Bar the door was locked and he was kept waiting an hour.

# Barrow Sentence for Robbery Upheld

AUSTIN, June 19.—The five-year sentence assessed L. C. Barrow in Dallas county was upheld in the court of criminal appeals today. Barrow is the young brother of Clyde Barrow, former desperado.

# First Hanging in Oklahoma For a Kidnaping Is Set

MUSKOGEE, Okla., June 19.—Arthur Gooch, first man sentenced to death under the Lindbergh law, will be hanged here Sept. 13 by the United States marshal for eastern Oklahoma, United States Judge Robert Williams decreed today.

Gooch will be the first man hanged in Oklahoma since statehood.

The slender, dark-haired young prisoner, when asked if he had anything to say, remarked he did not believe he should be hanged when no other had been given such a penalty.

He was convicted of abducting two Paris, Texas, peace officers last fall.

# VIOLENCE HAS SUBSIDED ON STRIKE FRONTS

Violence and threats of violence subsided on a half dozen strike fronts today as federal and state authorities worked to arbitrate differences between employers and workers.

Gov. Roy Cochran of Nebraska ordered immediate settlement of Omaha's street car strike, which resulted in the death of two and wounding of 50 others, by a committee of arbitration. The governor warned that company and union officials would be responsible to military authority.

Scandalous acts of vandalism and sabotage impaired the flow of electricity in Toledo and the Assistant Secretary of Labor Grady strove to effect the settlement between the Toledo Edison company and strikers.

At South Bend, Ind., Mayor George Freyerstrahl struggled to prevent a general strike threatened after a breakdown in negotiations between the Oliver Farm Equipment company and workers over dismissal of 300 employees.

National guards evacuated Springfield, Ill., after a strike at the Stover Manufacturing company plant over wage scales. The workers will receive a 5 per cent increase.

A two-week-old strike at the Penn Electric Switch company in Des Moines, involving 300 workers, ended today with retention of a 40-hour week with an overtime wage scale.

QUINCY, Mass.—Mr. and Mrs. Alton E. Ferguson, recently married, had a phonographic recording made of the wedding ceremony. They plan to play it at their wedding reception.

# PWA Construction Program Urged

WASHINGTON, June 19.—A PWA construction program costing \$173,509,000 was recommended by the house appropriations committee today.

The public construction provided for in the \$224,473,000 second deficiency bill reported by the committee, included a program for 433 buildings, one in probably every congressional district, and for new national defense projects, mainly in the Hawaiian Islands.

# Eastland Sepias Leave City For Juneteenth Fetes

Emancipation day was marked in Eastland by trekking of residents to Cisco, Rancier, and other points for the celebrations.

"I went to Mineral Wells," said a shine-boy, "while lots of them fished in Dr. Cato's lake."

The annual Oil Belt colored boys bell hop's dance, presented last year in Eastland, was not held, according to information available.

# KILLS BEAR WITH SMALL RIFLE

LIVINGSTON, Mont.—Tom Mason got more than he bargained for when he went hunting here recently. Armed with a .22-caliber rifle, he started after woodchucks, returned with a 150-pound black bear.

# THE SUNDAY SCHOOL LESSON PICTURES OF SILVER

BEULAH K. HICKS

CHRISTIAN MISSIONS  
Acts 1:6-8; 13:1-12

Golden Text: Go ye into all the world, and preach the gospel to every creature.—Mark 16:15.

The Mount of Olives near Bethany, in the time May 18, A. D. 30, was the scene where Jesus spoke his last words before his ascension. Jesus and the wondering disciples stood waiting. The disciples had so long looked and waited for a material kingdom of pomp and glory, remembering past glories of Solomon's reign.

They did not understand. The dark hours that Jesus lay dead were forgotten in the glad hours of his resurrection and they thought surely now his kingdom will be established, hence the question, "Lord, dost thou at this time restore the Kingdom to Israel?"

How great was the patience and understanding of Jesus as he answered them, knowing that they would not fully understand until he was gone and the Holy Spirit dwelled in their hearts teaching and bringing all things to their remembrance with power. They must learn the lesson of patience, waiting God's time for the development of kingdom work.

The next scene, Acts 13, which was written by Luke, who was Paul's physician, is laid in the church at Antioch. There were gathered prophets and teachers, studying, praying and fasting. The word prophet meant fore-teller. They had a special insight to the future while teachers were less excited but were the explainers of the truth.

As they went about ministering to the Lord through the services of the church, the Holy Spirit spoke asking that Barnabas and Paul be separated for special work.

There was a spirit of prayer and waiting for the Spirit to lead prevailing in the church so that when the spirit spoke, no questions were asked but plans made to follow at once.

"And when they had fasted and prayed, and laid their hands on them, they sent them away."

So Paul's first missionary journey was begun. Paul probably thought back over his life before he met Christ in the vision that was so real to him and opened his mind and heart until he felt the great obligation to serve Christ unceasingly. He could never pay his debt to Him in a lifetime of service. He wanted to fulfill the last words of Jesus to go "unto the uttermost part of the earth" to

He declared, "I am debtor both to Greeks and to barbarians, both to the wise and the foolish."

Church history teaches us that only the churches who grasp the vision of Jesus as he stood on the Mount of Olives, looking down the corridors of time, and said that all people in all places of the earth should be taught of him and his teachings, go forward in service.

How the world needs today to again turn and vision, the cross, the resurrection and ascension and apply its cleansing power to heart and mind. There is no other way to open the purses of men so that missionaries may be returned to the foreign fields with new help, hope and power.

How many in this sin-sick world today seek power! All power in heaven and earth is locked up in Christ. He is waiting to give each a glorious task with mighty power that will build mansions in eternity.

"Ye shall be my witnesses."

Is our religion worth giving to anyone else? Will it benefit the heathen? How can it be made worthy?

A life yielded to the teaching of Christ through the study of his word will bring visions of beauty that lead to the green pastures of fruitful service in kingdom work.

God be merciful unto us, and bless us; and cause his face to shine upon us; Selah.

That thy way may be known upon earth, thy saving health among all nations.—Psalm 67:1-2.

# Pirate Ship Sought Near Texas Town

WALLISVILLE, Texas.—Pirate gold has lured searchers to Lake Charlotte to raise a ship that was sunk more than a century ago.

E. H. Sherman, local resident, found the ship and interested a salvage firm in the report that the boat was laden with gold.

Operations have been started to raise the 70-foot vessel from 16 feet of mire. Work was retarded, however, by recent high water, resulting from heavy rains.

# NEGROES EAT CLAY

WILSON, N. C.—Wilson negroes have discovered a new medicine—rich, greaseless clay found in a ditch prepared by FERA workers for a sewer line. At night the negroes fill sacks with the clay and take it home to eat when they get sick.

# Dr. Wheeler & Sherlock Wooley

The Masters of Slapstick invade the sleuthing profession to detect a roving terrorist; and a howling affair results when Bert Wheeler and Robert Wooley dabble in song-writing, hoarding, romancing and dancing in "The Nitwits," their latest RKO Radio screen fete with Fred Keating, Betty Grable, Evelyn Brent and Erik Rhodes.

# Charles Boyer Woos La Hepburn

Partners in a tempestuous and scandalous romance, Katharine Hepburn and Charles Boyer are co-starred in "Break of Hearts," RKO Radio Picture. It is a story of a music student's sorely tried love for a dashing concert master.

# FIRST TIME TOGETHER

Ann Harding and Herbert Marshall in "The Flame Within"

Though Anna Harding and Herbert Marshall have worked at the same studios innumerable times they will be seen together for the first time on the screen when Edmund Goulding's production of "The Flame Within" at the Lyric Sunday. Other prominent players to be seen in this new Metro-Goldwyn-Mayer attraction are Maureen O'Sullivan, Louis Hayward and Henry Stephenson. The story, dealing with the life and loves of a famous psychiatrist, is an original by Goulding, who, it will be remembered, wrote and directed Norma Shearer's popular screen play, "Riptide."

# Blue Eagle Back Under One-Man Rule For a Time

WASHINGTON, June 17.—The NRA blue eagle, revived in an emaciated form, after its defeat by the supreme court, returned today to one man rule with a 9-12 month lease on life.

James O'Neill, former New York banker and recently control officer of NRA, was named by President Roosevelt to have complete charge of the reorganization under the extension act.

Mr. Roosevelt in his executive creation of the new organization indicated he anticipates further legislation to broaden and strengthen in the present stop gap NRA arrangement.

He hinted some legislation may be sent to congress.

# Former Tech Student Drowns In Oil Vat

LUBBOCK, June 17.—E. Simmons, 27, former Texas Tech football player, was drowned today when he was overcome by fumes and fell into a tank of fuel oil.

Simmons was trying to adjust the burner of a pump in a laundry and had entered the underground oil storage tank when the accident occurred. Firemen recovered his body.

# ETE FOR ANNUAL PICNIC; MEMBERS COMMITTEES NAMED

Mr. and Mrs. J. A. Jarboe, chairman and Fred Dreinhof, secretary, announced the annual picnic for members of the Lone Star Gas system. Committees named include: Entertainment, George T. Williams and Fred Dreinhof; baseball, John Kindle; tennis, Phil Russell and Tom Shaffer; croquet, R. A. Turner and Pirtle Robinson; horned frog race for children under 12, J. A. Jarboe, Herman Kelley, Harry Henry, and T. N. Jenkins; fly and plug casting contest, J. P. Haynie and W. C. Dreinhof; ladies' bridge tournament, Mmes. S. M. Gamble, John Kindle, C. I. Wolford, E. K. Smith, M. O. Atterbury, and J. A. Jarboe; theatre, Mrs. S. W. Taft and Mrs. Herman Kelley.

A band concert is scheduled for 6:45 at the city park, and dancing will begin on the roof of the Connelley hotel at 9 o'clock. Concert arrangements were made by R. O. King, L. H. Taylor, Rollie Gordon, Ed Sanderson, and Roy Payne. J. W. Burrage and M. O. Atterbury will be in charge of the dance.

Boys and girls under 12 may participate in the horned frog race by bringing a horned frog. The frogs will be placed in the center of a large ring after being numbered for identification. The frog which is first to leave the ring wins the race for its owner.

An address of welcome will be delivered to the visiting employees by Mayor C. W. Hoffmann of Eastland. Will C. Grant, director of public relations and advertising, will respond for the employees.

It is believed the picnic will be the largest ever held by employees of the Lone Star Gas system.

# COUNTY BIRTH, DEATH RECORDS FOR MAY FILED

Thirty-seven birth and 13 death certificates have been filed as vital statistics for the month of May in County Clerk T. M. Collier's office.

The records, exclusive of Eastland, Ranger and Cisco and cities of the county are as follows:

**Deaths**  
Jenethrie Laurabell Clark, Rising Star, died May 15, aged 76 years, 10 months. Samuel Hugh

Henry, Rising Star, died May 4, aged 75 years. (Susie R. Deens, Rising Star, died May 16, aged 68 years, 7 months. Noyman Ernest Marsh, Pioneer, died May 8, aged 3 months. Gerald Dee Delton, Gorman, died April 25, aged 9 years, 5 months. Willie Carroll Cox, Gorman, died April 30, aged 49 years, 6 months. Sarah C. Reed, precinct 5, died April 29, aged 85 years. Dallas Rex Jobe, Gorman, died April 25, aged 1 year. Benjamin Forrest Taylor, Gorman, died April 20, aged 70 years. Infant of L. J. Tyrone, precinct 5, died April 16, still born. Helen Deen Powers, precinct 5, died April 12, aged 9 years, 5 months. Lewis Judson Harkrider, Route 2, Cisco, died May 1, aged 64 years. Clinton Woodrow Seb, infant of W. W. Seaborn, Cisco, died May 10.

**Births**  
Bobbie Ray Lasseter, son of Asa O. Lasseter and wife, Proctor, born April 16. Bobby Gale Thurman, son of E. A. Thurman and wife, born April 23. Helen Lorin May, daughter of O. J. May, and wife, Gorman, born April 13. Nella Ruth Coan, daughter of Rye Coan and wife, Gorman, born April 26. Bettie Lou Little, daughter of Lloyd E. Little and wife, Gorman, born April 4. James David Norton, son of J. S. Norton and wife, Gorman, born May 1. Emma Emma Noble, daughter of Barney Noble and wife, Carbon, born April 29. James Lee Hogan, son of Clyde L. Hogan and wife, precinct 5, born April 22. Billy Alvin Tampton, son of Morris Hampton and wife, Carbon, born April 8. Nellie Emma Murry, daughter of L. L. Murry and wife, precinct 5, born April 22. Joan Brown, daughter of J. O. Brown and wife, precinct 5, born April 25. A. J. Taylor, Jr., son of A. J. Taylor and wife, precinct 5, born May 3. Delores Fay Tyrone, daughter of I. J. Tyrone and wife, precinct 5, born April 16. Bettie Joan Robinson, daughter of T. E. Robinson and wife, Gorman, born May 3. Davis Wayland Fields, son of Otis B. Fields and wife, precinct 5, born April 1. Thomas Edgar Burrows, son of E. L. Burrows and wife, Gorman, born April 16. Ida Fay Norris, daughter of W. S. Norris and wife, Gorman, born April 23. Harvey Edwin Knight, son of W. H. Knight and wife, Gorman, born April 15. Martha Elva Elliott, daughter of J. B. Elliott and wife, Sipe Springs, born April 15. James Henry McClain, son of E. L. McClain and wife, Rising Star, born June 3. Thelma Alyne Lamb, daughter of H. C. Lamb and wife, Petroleum, Texas, born May 27. Baby Larkin, daughter of B. H. Larkin and wife, Nimrod, born June 3. Sybil Joan McCollum, daughter of W. U. McCollum and wife, Carbon, born June 3.

# REVISED AAA ACT URGED BY HOUSE GROUP

WASHINGTON, June 17.—Passage of the revised AAA amendment, extending the power of the secretary of agriculture, was urged today by a house committee.

Expressing belief that the measure now meets constitutional problems, raised by the NRA decision, the committee said the new amendment would supplement the AAA act "to permit the AAA program to operate more effectively."

The committee said the changes, "made certain the program will be carried out in the limits of the regulatory power given congress and no authority to carry out the program will be in conflict with the principle that power cannot be delegated to an executive officer, unless adequate standards are provided."

William James Rose, son of G. P. Rose and wife, Ranger, born April 24. Wanda Joyce Rose, daughter of G. P. Rose and wife, Ranger, born April 24.

Bonnie Stephenson, son of A. D. Stephenson and wife, Ranger, born April 10. James Floyd Austin, son of F. S. Austin and wife, route 1, Ranger, born May 17.

# Spider Poisoning Reported In Texas

AUSTIN.—Several cases of spider poisoning caused by the bite of the so-called black widow spider have been reported in Texas this year and people who live in rural districts might well take precautions against bites from these poisonous insects, warns Dr. John W. Brown, state health officer.

The scientific name of the black widow spider is latrodectus mactans, and it is called the "hour-glass," "black widow," and "shoe button spider." Its shiny black round abdomen gives rise to the name of shoe button and the bright red patch, which may be shaped like an hour-glass, is responsible for the hour-glass designation. It obtains the name "black widow" from its custom of eating its mate. The body of the female is often an inch in length and the long, shiny black legs may stretch over a spread of as much as two inches.

This spider builds its web in dimly lighted places, generally in old toilets, garages, and other out-buildings. Its rough, coarse, irregular web is found under floors, in corners, between rafters, but especially under the floors of toilets, sheds, barns, etc.

Many requests have been received by the Texas State Department of Health relative to the best methods of controlling those insects. Spraying crude oil or creosote in cracks and crevices, particularly around the seats of old toilets, is an invaluable procedure, but precautions must be taken against fire. It is possible, also, to crush the egg masses with a stick. Other methods of control are unknown, although efforts are being made at the present time to find a parasite which will feed on the egg masses.

After the sharp, stinging bite, acute pain develops in the region of the surface bitten, spreading to other parts of the body. In addition to the pain, there is generally writhing, muscle contraction, difficult breathing, cold perspiration, nausea, and an extreme rigidity of the abdomen. If recovery occurs, there is a long convalescence, during which there remains general weakness, numbness, and pain. There should be no delay in calling a physician in cases of spider bite.

# Motorcade to Seek New Park Sites

M'ALLEN, Texas.—A motorcade traveling from Byers, in Clay county, to Hidalgo, in the southern part of the state, will investigate Highway No. 66 for proposed park sites, according to Commander H. Miller Ainsworth of the American Legion Department of Texas.

The motorcade will formally open Highway 66, one of the important through highways in the state, as the American Legion Memorial highway. The state highway commission recently approved of the new name.

The 600-mile trip will be made June 24, 25 and 26. Traveling in the motorcade will be legion officials, members of the highway commission, and others interested in the plan.

Sites for roadside parks in each of the 18 counties through which the road passes, will be selected.

Another project which is being considered is the planting of poppies along both sides of the highway.

Following is the schedule for the motorcade: Leave Byers at 10 a. m., June 24; stop for noon at Wichita Falls; night stop at Mineral Wells. Breakfast, June 25, at Stephenville; noon stop at Lampasas; night; night stop at San Antonio. Noon stop, June 26, at Alice; night stop at McAllen.

WINTER HARBOR, Me.—Two large sturgeon, believed the only ones in captivity outside the New York Aquarium, were caught here by Roy Sargent. The fish became entangled in codfish gill nets.

# Eastland Boy Is Dartmouth Degree Receiver Monday

HANOVER, N. H., June 17.—Milburn McCarty IV of Eastland, Texas, was among the 475 Dartmouth college seniors who received the Bachelor of Arts degree this morning at the 166th commencement exercises of the historic New England college, as the largest class in the history of the institution was graduated.

McCarty, who prepared for Dartmouth at the Eastland high school, has been especially prominent in campus affairs, serving as managing editor of The Dartmouth, undergraduate daily, and editor of the Undergraduate Chair in the Dartmouth alumni Magazine. He won his varsity letter in squash and his freshman tennis numeral, and was active in the Dartmouth Union, Junco, Round Table and Spanish Clubs. He is a member of Alpha Delta Phi fraternity, and majored in history.

McCarty came to Eastland in 1929 as a mathematics teacher, and in 1931 was appointed high school principal, succeeding W. C. Ward.

# Parents Seek Girl Who Left Her Home

Eastland county officers have been notified to be on the lookout for a 14-year-old girl who disappeared from her home in Phoenix, Ariz., after being refused permission to attend a party on May 29.

The girl, Doris Jean West, was described as five feet four inches tall, weighing about 120 pounds,

# Palm Leaves For Stockdale Job

W. P. Palm, principal of Eastland High school for five years until he announced resignation April 18, and family, Mrs. Palm and children, Billy Frances and Edmund, left this week for Stockdale where he will be superintendent of public schools beginning in September.

# Postpone Ranger, Eastland Games Sunday Afternoon

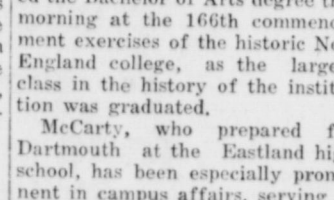

Unsettled weather and condition of grounds were given Monday as reasons of postponement of golf match of Ranger and Eastland linksters scheduled for Sunday.

Opportunity for playing of the second game between the teams is expected sometime in July by W. E. Storey, Eastland team captain.

Next game of the Eastland group will be June 30, when they play De Leon-Dublin golfers.

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Jake Harrell came out of his split-log cabin by the banks of the Colorado river, and watched the group of Texans quietly. His was the last cabin on the Colorado—what could they be wanting? He had had few visitors since 1837, when President Lamar—God bless him—had come buffalo hunting with Fontaine, his secretary. He had been with Lamar as he looked from the hill onto the valley covered with wild rye—the mountains up the river, and beautiful view to the south that had never looked lovelier. "This should be the seat of the future empire," Lamar had said. He would always remember Lamar's exact words, for he dared hope the same thing some time. Farther down the river there were a few cabins at a little settlement called "Waterloo." Jacob Harrell, raised his hand in salute to the men.  
The result of the commissioners' long talk with Jacob Harrell and visions of the countryside convinced them that no better site for the capitol could be selected. Hurrying back to Houston, they created a great stir of excitement with their news.  
"Waterloo has been selected!" "Waterloo? And where can that be?"  
People queried each other when they heard the commissioners' re-

port. Waterloo! An unknown town—if it could rightfully be called a town. Waterloo was in a central location, where the population extended from the Colorado to the land of the Comanche and "bison." Onion Creek, Walnut Creek, and Brushy Creek were reported as streams offering fine water.  
Enthusiastic descriptions of Waterloo had a good effect on the people. The newspaper reported: "The commissioners confidently anticipate the time when a great thoroughfare shall be established from Santa Fe to our seaports and another from Red River to Matamoros, which two routes must of necessity intersect each other at this point. . . . They are satisfied that a truly national city could at no other point within the limits assigned them be reared up. . . ."  
Weeks later the Matagorda Bulletin reported that "persons who have visited Waterloo agree that it is a most judicious selection, and all speak in favorable terms of the country that surrounds it."  
At last, the capitol of Texas had been decided upon! A free and independent republic, the challenge of an uninhabited region, a far-sighted dream of the future—no more auspicious beginning could have been for any republic. The original capitol does not stand today, but the one centennial visitors will see in 1936 was built with the same firmness of purpose and thoughts for the state that the first capitol was built.

ing aid for local centennial monuments with the centennial control commission.  
The plea was presented by Sen. Welley Hopkins, who asked that maximum appropriation be given Gonzales to honor her revolutionary heroes. He urged a \$50,000 to \$75,000 appropriation to mark the site of the first battle of Texas independence.

The bonus drive, which started in 1919, turned out to be a tour-

### Power Lines Shorted By Nesting Swallow

ORLEANS, Mass.—Main street's telephone and power lines were crippled and repair men had difficulty locating the trouble.  
Finally they discovered that a swallow's nest had caused a short circuit. There were four fledglings and their mother in the nest. But without disturbing them, temporary repairs were made by looping a special circuit around the nest.

### South Is Slowly Yielding Before Drive of Wets

By ED WERKMAN  
United Press Staff Correspondent  
ATLANTA, Ga.—A few oases are appearing in the traditionally legally dry South, but Dixie still remains the stronghold of the prohibition forces.  
Outside of Kansas, the other legally dry states of the country—Mississippi, Alabama, Georgia, Tennessee, Texas, North Carolina, and Oklahoma—all are in the South.  
Reluctantly the dries took defeat this year in three southern states—Arkansas, Florida and South Carolina. But the prohibition forces claimed victory, or at least partial victories, in Alabama, Tennessee, Georgia and North Carolina.  
A state-wide liquor bill was defeated in the North Carolina legislature this year, but 18 counties were granted permission to hold local option elections as to whether liquor will be legalized in their communities. The first elections are to be held June 22 in Wilson and Edgecombe counties.  
By a 243-vote majority, the dries won the election of May 15 to repeal Georgia's 27-year-old dry law. The wets were victorious, however, in polling an 8,000-vote majority for legalization of the sale of beer and Georgia-made wines. Wets have taken to the state supreme court two cases testing the validity of the dries' victory in the hard liquor referendum, but legal authorities believe there is little chance of overturning the 243-vote dry majority.  
Alabama defeated proposals in a February election to legalize liquor, beer and wine. The wets were given another setback in Tennessee when the legislature there defeated a liquor bill.  
Legislatures of Arkansas, Florida and South Carolina passed measures legalizing sale of liquor. The Florida legislature acted after the citizens last fall repealed the prohibition amendment to the state constitution.  
No regular legislative session is being held in Mississippi this year, so the dry law there is likely to stand for some months.  
The sale of beer is legal in all southern states except Alabama.  
Prior to this year, liquor was legalized in Louisiana, Virginia and Kentucky.

## NO INTERRUPTION of YOUR GAS SERVICE

as Texas Streams Burst Banks!

With torrential flood waters swirling at many points between you and the gas wells, Lone Star Gas System again has met the threat of the elements. Bridging the gap between the gas wells and your gas appliances, this dependable system has conquered the hazard and kept your service uninterrupted.

The greatest and most widespread floods in the history of this company have threatened the gas pipe lines at many points. As the waters rushed on over the country-side, men stood by these lines day and night ready for any break. While bridges went down and roads were washed out and traffic was halted, the gas lines held intact.

This dependable service is not an accident. It is due to a quarter of a century of planning and huge expenditures of money. Seven pipe line bridges across swollen streams, heavy steel pipe laid deep in the ground, a well trained organization, are among the facilities which have made this gas system able to meet the unprecedented flood conditions.

The ability of your gas company to serve you during emergencies is, after all, the supreme test of service. The significant fact is that the facilities and organization necessary to keep your service constantly dependable in such an emergency must stand by throughout every day of the year waiting your instant call.

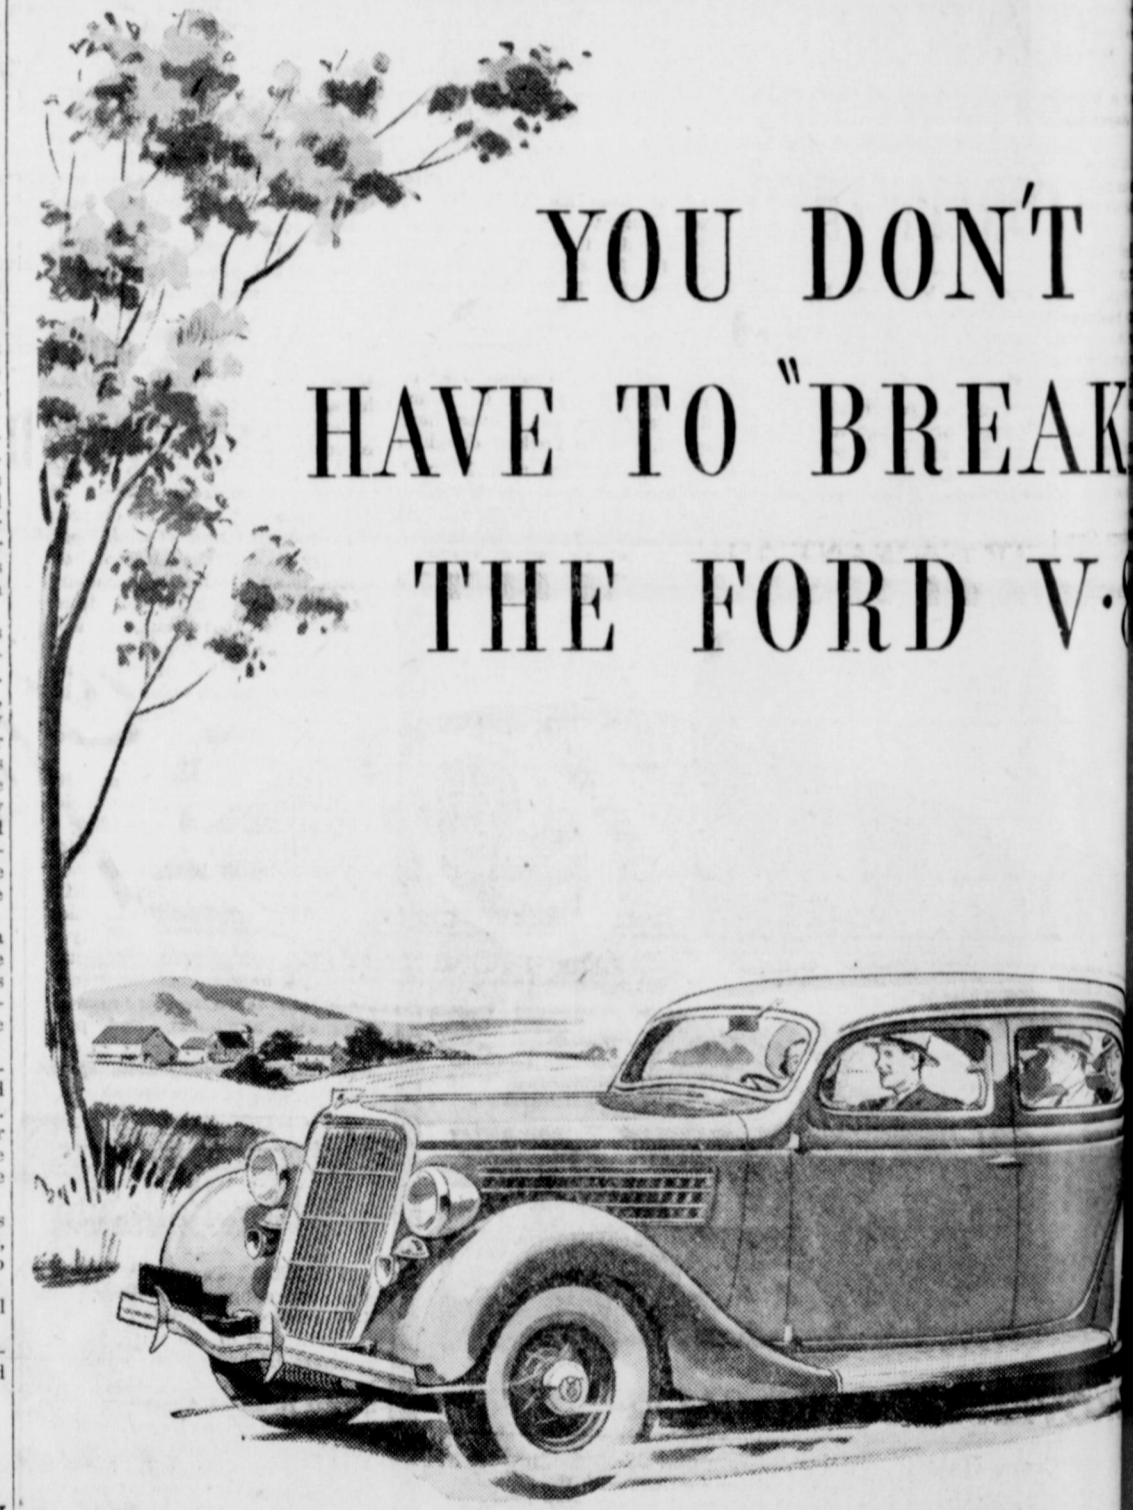

Community Natural Gas Co

### Gopher War Starts In Crockett County

CROCKETT, Texas.—Gophers have dug themselves out of a hole in Houston county, according to C. E. Bowles, agricultural agent.  
The animals ruined fields and orchards, broke terraces and damaged pastures and crops by their burrowings.  
Farmers west of here have blocked up 2,000 acres and baited each mound with poison. As the gophers are driven from one farm to another, more acreage is added to the block.  
The concerted drive was expected to rid the county of the animals.

### Grocers Defeated In Merchants Game

Merchants softball team nosed out Piggy Wiggly 6 to 5 in a practice game Wednesday on Connellee park field.  
D. Tully held the mound position for Merchants for four innings and was succeeded by Ed T. Cox.  
Homers bagged for the Merchants were made by Tully and Miller. Cook brought in a Homer for Piggy Wiggly.

# YOU DON'T HAVE TO "BREAK" THE FORD V-8

### You can drive it 50 miles an hour the day

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of

unusual accuracy in the manufacture and the smoothness of bearing surfaces correct when you buy the car. It depends on a long wearing-in period and insure smooth running, economy and better performance from such precision methods. The of the care and quality that go into Formerly only the most expensive driven at normal speeds from the holds true today—except in the It gives you fine-car construction performance, comfort, safety and

### GREYHOUND'S NEW INTERCITY BUS MARKS RADICAL ADVANCE IN HIGHWAY TRANSPORTATION

This new Greyhound bus, built by General Motors, has been placed in regular passenger service between Detroit and Chicago. After a short experimental period a huge fleet of these ultra-modern coaches is expected to replace present Greyhound equipment throughout the United States. The new super-bus has its motor in the rear, with an extra large luggage space underneath the passenger deck, which is considerably higher than on present buses. The coach is lighter, lower, and smoother riding than present inter-city buses, yet it accommodates 36 passengers, with more comfortable chairs, additional leg room.

### PRISON RIOT IN COAL MINE FRUSTRATED

LANSING, Kas., June 18.—Rioting broke out in the coal mines

at the Kansas state prison when 299 mutinous prisoners tried to rush the gun cage 720 feet below ground.

They were beaten back with tear gas.

Four guards equipped with gas masks were in the gun cage when the prisoners surged into the room and tried to fight their way into the cage with its supplies of guns and ammunition.

The prisoners mutinied this morning. Prison officials had not learned the cause of their griev-

#### Lightning Strikes

##### Twice at Assembly

KERRVILLE, Texas—Lightning may never strike twice in the same place, but sometimes it doesn't miss it far, persons attending the Methodist assembly here have found out.

The cottage of the superintendent, the Rev. A. R. Vetter, was struck recently and a floor lamp base and mirror broken. The minister's wife and three sons were unhurt.

The assembly cafeteria was struck by lightning 15 days previous and a workman was knocked unconscious. He was revived two hours later.

SAN ANTONIO, June 18.—Maj. P. E. Zablan, student officer at Kelly field and member of the Philippine constabulary, was injured last night when his plane crashed in the hills near Boerne.

An ambulance was sent from the field to bring him to the hospital here.

ances or demands. A dozen guards were held by prisoners and four other officials who went into the shaft did not return and no word came back from them over the single telephone wire.

The mutiny occurred by careful arrangement after the prisoners were taken into the mine at 6:15. All had been marched from breakfast to the shaft and lowered to the 700 foot level.

storms. Residents of the Republican river valley in Nebraska, were forced out a second time in two weeks. The list of dead mounted to 84 with the addition of four names. Property damage mounted to \$13,600,000.

Heavy loss of life in Nebraska was prevented in the second flood by rapid evacuation after warnings were received. Many were not able to return to their homes before the second flood came.

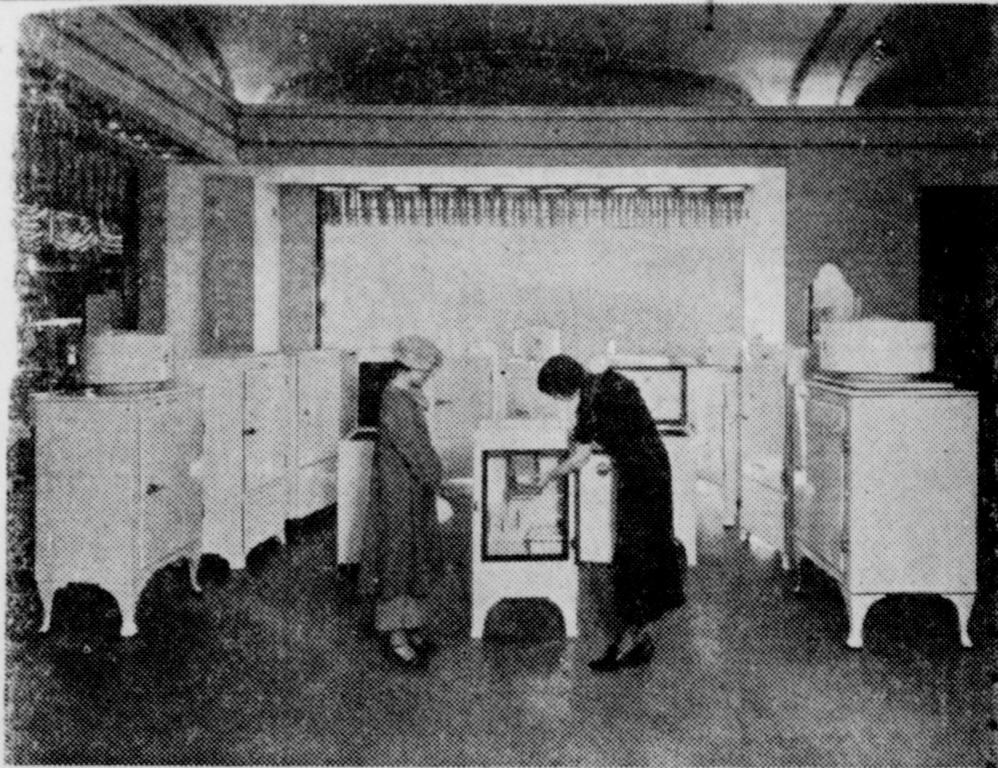

At McCook, Neb., the night was spent in darkness as water swirled through the power and light plant a second time. More than 700 are on flood relief rolls in Nebraska.

Albert Evans, Red Cross relief director said he put the total, including 120 in Colorado and 40 in Kansas at 940, and said the list may grow to 1,200 when all reports are in.

Typhoid and smallpox vaccines were rushed to isolated regions to prevent spread of disease in the wake of the disaster.

### LARGE AREAS INUNDATED BY FLOODS AGAIN

The death toll continued to rise today in devastated regions of the southwest, hard hit by floods and

### THERE IS AN Electric Refrigerator for Every Purse and Purpose

NO MATTER how large or how small the home, there's an electric refrigerator that will fit exactly. For the tiny apartment, the new "Lift-Top" models are ideal. For other homes, conventional front-door models range from 3 cubic feet on up to 12, 14 or 18 cubic feet—the latter large enough for the most pretentious mansion.

Prices, too, vary from far less than \$100 for the smaller models on up in proportion to the size of the refrigerator. All in all, there is a size ideally suited to any situation. Before you decide on any kind of a new refrigerator, be sure to look over all makes and models of electric— you'll find one just the right size at a price fitted to your purse.

FRIDAY  
JUNE 21ST, 8:30**

One whole year of happy contacts with the people of this entire community has inspired us to reciprocate by placing our entire stock of merchandise in an unusual Anniversary Sale. Our business has constantly increased and we have practically doubled our stock. Men's, women's and children's wear is featured in our many departments. By all means come to this sale and see the wonderful values and the tremendous saving you can make. Only a partial list of special bargains are listed here. Our store is full of them!
