Eastland Golf Tournament Plans Go Forward As Labor Day Nears

As dates near for the Eastland Golf and Country club's fifteenth annual tournament, to be held Aug. 31-Sept. 1 and 2, further preparations are being made by the committee.

Placards advertising the event have been sent to 25 golf clubs. Carl Angstadt, president of the club, has sent placards to Cleburne, Hico, Glenrose, Stephenville, Dublin, DeLeon, Gorman, Brady, Brownwood, Coleman, Santa Anna, Ballinger, Phil-Pe-Co, Sweetwater, Abilene, Albany, Breckenridge, Graham, Jacksboro, Weatherford, Mineral Wells, Ranger and Cisco.

Special invitations have been sent leading golfers of this section. Those in the group include D. A. Harkrider, Brady; R. H. Snyder and Dixon White, Dublin; Jimmy Phillips, James Smith, Houston Cole, Ranger; J. H. Agnew, Ballinger; Harry Porter, Ted Ferguson, W. L. Gupton, Fort Worth, and Bill McMahon, Longview.

Sale of tickets for the event is under the direction of J. B. Johnson. Approximately 20 have been sold by Johnson and a committee composed of Neil Day, A. Neill, John Knox. The group expect to begin their work in earnest immediately.

Many are expected to be sold in Ranger, where recently a third successful tournament was staged. Cisco golfers, as heretofore, are expected to display the usual co-operation.

A committee meeting at the clubhouse in Eastland Tuesday night made decision to which will, it is thought, make for greater receipts on ticket sales.

J. B. Johnson, C. A. Hertig, A. Neill and Carl Angstadt decided that when the duets are sold, the name of the buyer or to whom it might be given, will be written on the ticket.

When a golfer registers for the test round, he must have the entire ticket, part of which is detachable. It is planned to fasten the ticket on his lapel.

The move will eliminate practice of some who give a portion of their ticket to a friend who qualifies while he retains a portion, entitling him to attending the Calcutta pool and banquet.

Pioneer Citizen of Acker Community Buried On Tuesday

Funeral services for Henry Marion Langford, 85, who died at his home in the Acker community, 10 miles northwest of Ranger, were conducted at Acker Tuesday afternoon at 3:30. Interment was in the Acker cemetery following the services.

The decedent was born at Atlanta, Ga., on April 11, 1850, and had been a resident of the Acker community in Stephens county for more than 40 years, where he was known by everyone in the community. He died at his home Tuesday morning at 2:30.

The decedent is survived by his widow, Mrs. Florence Ann Langford, and a number of other relatives in this section of the state.

Funeral arrangements were made by Killingsworth, Cox & Co.

Gas Company Award Is Okehed By Court

Approval of 91st district court was given Thursday of settlement of \$627 by the Panhandle Refining company to A. D. Whitehead, father and next best friend of Nick Whitehead.

The judgment provided that the father receive \$427 and the son \$200.

Davenport Heads 16 Counties In District

Sixteen counties comprise the Eighth Judicial Administrative district to which Judge George L. Davenport of Eastland was named presiding judge Wednesday.

The presiding judge of the district apportioned cases of courts in the district, shifting cases of courts crowded to others less occupied when conditions warrant.

A conference is held frequently by judges of the district.

Counties in the Eighth Judicial Administrative district are Cook, Denton, Montague, Clay, Wichita, Archer, Jack, Wise, Young, Eastland, Stephen, Erath, Hood, Palo Pinto, Parker, Tarrant.

Judge Davenport succeeds Judge P. A. Martin, Wichita Falls, who will become a member of the Court of Civil Appeals at Fort Worth.

Jersey and Dairy Cattle Confab Is Set for Saturday

Conference of Eastland county residents who are interested in larger dairy and Jersey cattle has been called for Saturday afternoon at 2 o'clock in the office of C. Metz Heald, county agent.

Definite steps of organizing an association of those interested in the dairy and Jersey cattle are one of the aims of the meeting. Preparation for the county livestock show in conjunction with the county fair next month will be made.

Owners of registered Jersey cattle and grades and all interested are urged to attend.

EASTLAND MAN ASKS BODY TO FINISH ROAD

"Satisfactory as we expected under the circumstances," was the result of the hearing given delegates of West Texas who Tuesday pleaded before the highway commission at Austin for completion of Highway 89, according to Milburn McCarty of Eastland, spokesman.

"We're prepared to go farther with our efforts to secure favorable action," McCarty stated Wednesday as he reported on the hearing.

Twenty-one delegates from 10 towns, all favoring the completion were given the hearing which was heard by Chairman Harry Hines and D. K. Martin. The one hour session was left by John Woods, member, because of the illness of a relative.

McCarty told the commission of necessity of the completion of the project which has already cost \$500,000 and that it was to the "interest of the state to protect its investments from deterioration and disintegration."

The commission, McCarty and delegates observed, seemed to be in favor of the completion if they had funds.

Evidence of hazardousness of transporting cattle over the Bankhead highway was heard by the commission. McCarty stated that cattlemen are forced to haul their stock to Fort Worth by way of Breckenridge, Graham and Jacksboro to avoid the many curves on the road between Strawn and Weatherford.

The road is ready for completion, McCarty stated he had been informed by a highway engineer. Estimate of completing the road was reported at between \$300,000 and \$400,000.

Argued by the spokesman was that the state has spent \$500,000 for the 45.65 miles project which saves 14.21 miles between Fort Worth and West Texas points and it eliminates four railroad crossings. McCarty stated that the road saves 40 to 60 minutes for truck drivers from Fort Worth to Eastland county.

Delegates in behalf of the project were present from Midland, Colorado City, Sweetwater, San Angelo, Baird, Putnam, Cisco, Eastland and Ranger.

Telegrams were read from E. P. Crawford, R. E. Grantham, Cisco; H. V. Davenport, R. V. Galoway, J. E. Walker, Ranger; Milburn McCarty, Albert Taylor, Judge Clyde L. Garrett, H. C. Davis, Ben Scott, Don Parker, J. F. Little and Hamilton McRae, Eastland. B. L. Russell of Baird was present.

Intake Secretary For Relief Office At Carbon Named

Mrs. Jewel Reaves, who has been connected with relief work in Eastland county since its inception, is intake secretary at the Carbon office, Wortham Seale, case worker in charge for the county, announced Monday.

Mrs. Reaves, in addition to heading the staff of case workers at the Carbon office, will take applications of clients served by that office which includes the Rising Star and Gorman section.

Mrs. Reaves' names was unintentionally omitted from the original personnel listed last week in this paper.

COLONY SCHOOL TO OPEN MONDAY, SEPTEMBER 2ND

Superintendent of Colony school, Guy T. Smith, and trustees, give the following report of conditions in that school:

"School shall open on Monday, Sept. 2. We are expecting a good enrollment from the beginning this year. Our enrollment shall be considerably increased over the previous year as a result of Oakley school district and Acker school district, both of Stephens county, transferring into Colony by contract. The enrollment last year was 145. This term we shall have about 200. Colony wishes to extend a cordial welcome to Oakley and Acker communities. We want you to feel that you are an integral part of Colony community.

"Some of the accomplishments of the school last year were: Two additional units of affiliation were gained, making a total of nine credits affiliated. We hope to gain enough units this coming term to become fully accredited. A project of about \$1,000 was completed last spring. All buildings of the school plant were repainted inside and outside, school furniture was renovated and grounds were improved. Other additions of last year were a well-equipped foods department, a number of library books added to library, P. T. A., 4-H club, and Boy Scout troop were organized. We expect these organizations to be even more active this year.

"Colony school has no bonded indebtedness, the last payments on bonds were liquidated last year. All teachers have been paid in full for past services, and the district shall start this term free of debt. "At the present time the buildings and grounds are being cleaned. Some new bus routes are being graded and others graveled. The school has just purchased 22 new football uniforms, work is to start within the next few days preparing a field for the school's first year in this sport.

"Teachers of Colony are: Guy T. Smith, superintendent; May Hays, English; Audrey Carey, home economics; Cecil Townsend, fifth and sixth grades; Nell Waters, third and fourth grades; Cozette Wilkinson, first and second grades. The principal of the high school is yet to be elected.

"We are expecting to have a booth at the county fair. We need the help of everyone on this. Let us all work to make this the most successful school year Colony has experienced. We need the co-operation of all."

Sons of Legion To Have Part In Dallas Convention

DALLAS.—Among the features announced for the state American Legion convention in Dallas, Aug. 31, Sept. 1, 2 and 3, will be the first annual encampment of the Sons of the American Legion, convention officials said today.

The encampment will be held at Lake Cliff in Oak Cliff, and swimming, tracks events, baseball and field day activities will be features of the activities.

The visitors will be hosts to a theatre party, a Texas League baseball game and a sightseeing tour over the city, it was announced.

On labor day the boys will participate in a Legion parade, Ed G. Lambert, division chairman of the Sons of the American Legion, is in charge of arrangements.

Services Are Held For Alex Shannon

Funeral services for Alex S. Shannon, 85, who died three miles north of Olden Friday, were conducted in Ranger Sunday, with interment in the Evergreen cemetery.

The decedent was born in Venango County, Pennsylvania, on Oct. 16, 1849, and was an oil field contractor for over 40 years, though he had not been actively engaged in this business since 1922.

He is survived by his widow, Mrs. Sarah Shaffer Shannon.

Boys Catch Fish Many Times Their Weight In Ocean

Three Eastland boys, Bill Hoffman, 10, Dan Hightower, 10, and M. P. Herring, 12, with Mayor and Mrs. C. W. Hoffmann on a vacation at the Gulf Coast, caught fish weighing many times their aggregate weight one morning.

The boys caught 235 pounds of kingfish and mackerel fish by trolling in the Gulf near Port Aransas.

Mr. and Mrs. Hoffmann and the boys returned Friday night after visiting points which included Corpus Christi and San Antonio.

Eastland Firemen Hold Water Drill

Mixing fun with experience, Eastland paid and volunteer firemen held a water drill near the county jail Monday night. The 20 firemen were divided into two groups.

The drill was held to afford experience in handling the hose. Water on direct pressure from fire plugs was used.

Firemen registering for the drill were Curt Williams, A. Myrick, Bud Ferris, Galand Poe, Ed Landry, Harvey Basham, Ed T. Cox Jr., Neil Day, Wade Overby, George Fields, L. O. Lynch, C. L. Fields, A. C. Hennessee, Argie Fehl, Frank Hightower, Buster Key, Noble Harkrider, M. B. Griffin, and Chief A. W. Hennessee.

Mrs. S. J. Lyerla Is Buried Tuesday at Flatwood Cemetery

Twelve hours after her death, funeral services for Mrs. S. J. Lyerla, 78, resident of the Flatwood community for 54 years, were held Tuesday afternoon from the Flatwood church with Rev. Rosemond Stanford, pastor of the Eastland Methodist church, officiating. Burial was in the Flatwood cemetery.

Mrs. Lyerla underwent an operation in 1929 and never fully recovered, and was bedfast for the majority of the time.

Mrs. Lyerla moved to Flatwood with her husband from Irving, Ill., 54 years ago. She had been a member of the Methodist church since she was 14 years old.

Survivors are her husband, Flatwood; three children, Mrs. Lois Parker, Baylor county; Mrs. R. E. Hardwick, Flatwood, and Oscar E. Lyerla. Nine grandsons, five granddaughters and six great-grandchildren survive. A brother, W. G. Redman, survives at Irving, Ill.

Pall bearers were W. H. Wilson, M. H. Byrd, T. A. Byrd, Richard Hurlin, all of Flatwood, and A. L. Murrell, Ranger, and W. A. Robertson, of near Carbon.

Hanner Undertaking Company of Eastland was in charge.

Colony School to Start Football Practice Monday

Announcement was made Thursday by Guy T. Smith, superintendent of the Colony school, that football practice for the Colony school team would start on Monday, afternoon, Aug. 26, at 4:00 o'clock.

All members of the team and all who want to try out for positions on the Colony team have been requested to be out for the first practice session Monday afternoon.

Eastland Home Is Destroyed by Fire

Fire of undetermined origin early Monday morning destroyed the residence occupied by Mr. and Mrs. E. M. Anderson at South High street in Eastland.

The fire was well underway when notification was given Eastland firemen.

Although Mr. and Mrs. Anderson and family safely gained exit from the blazing structure, it was impossible to remove any furnishings.

The residence was a five-room stucco structure.

Fire Chief A. W. Hennessee said that it was believed the fire started in the attic. The loss was the first of any consequence in Eastland for the past four months, the chief stated.

Negroes Do Not Want to Become 'Frozen Assets'

SERGEANT, Texas, Aug. 19.—Negroes in this area don't like the idea of becoming "frozen assets" of the government and the relief rolls have suffered as a result.

It all started several weeks ago when a California scientist announced he had frozen a monkey and would try it on a man.

Some wag told a group of negroes on relief the government was taking it up.

"You all have heard of a bank's frozen assets. Well, the government is going to freeze people and put them in abig ice box and thaw them out when the depression is over. There is no telling how long that will be."

WILL ROGERS' WEALTH WAS IN MILLIONS

HOLLYWOOD, Cal., Aug. 17.—Wealth of Will Rogers, "a shrewd business man," was estimated at between \$5,000,000 and \$6,000,000 here today.

His assets were understood to have consisted of real estate, government bonds and \$1,000,000 or more in life insurance. The depression meant little to Rogers, friends said.

His income from motion pictures, radio, and syndicate writing was estimated at \$500,000 a year. In 1928, when his health was figured at \$4,000,000 his income was reportedly only \$380,000.

Most of the cowboy comedian's \$1,000,000 in insurance was said to be divided into straight life, health and accident insurance, with his widow as beneficiary. Whether the policies contained disclaimer clauses in event of death or accident resulting from air travel could not be learned.

Alameda to Have Services on Sunday

Rev. G. S. Walker has announced that he will be in charge of special services to be held at the Alameda church Friday night, Saturday night, Sunday morning and Sunday night. Members and friends of that community are extended a cordial invitation to be present for these services.

Revival Underway At Presbyterian Church In Strawn

Revival services are in progress daily at the Strawn Presbyterian church with the Rev. Charles W. Estes, pastor of that and the Eastland Presbyterian church, in charge.

Rev. Glenn Harris of Trenton, New Jersey, is assisting. Rev. Harris was student pastor at Strawn while a student in Trinity University.

Services are held each morning at 10 o'clock and in the evening at 8 o'clock. The meeting will continue through Sunday.

At the Eastland church Sunday, the largest attendance was noted in several months, with five baptisms.

HOPSON AND BLACK IN A VERBAL TILT

WASHINGTON, Aug. 19.—Howard Hopson, red-faced and angry, shouted charges of unfairness today at the senate lobby committee investigating activities against utility bills.

After twiddling his thumbs through a long series of questions, the short, 225-pound utility man suddenly became angry.

"You don't want the whole truth. You won't let me make complete answers," he charged.

"Oh, yes, we will, but we don't want any speeches by you," snapped Chairman Black.

"Then," demanded Hopson, leaning forward and wagging his finger at Black, "do you want the whole truth?"

"Yes, but you can't make a speech," said Black.

"Then you don't want the truth," insisted Hopson.

"You'll have to withdraw that statement," said Black.

Hopson said he would if the committee would allow him to answer questions in his own way. The flap began when Senator Louis Schwelienbach, Dem., Wash., asked Hopson about his "silent partnership" with Edward Cheaney in an operating company which earned \$2,725,000 from 1926 to 1933. Part of that time the Associated Gas and Electric company paid no dividends.

Schwelienbach said it was strange Hopson's name didn't appear on the record so the stockholders could see he was making a profit while they were not.

Boy Fights Fire With Gas Soaked Hands, Is Burned

Never attempt to extinguish a fire when your hands are saturated with gasoline.

That was demonstrated Tuesday by friends of Ralph Greer, Eastland youth, who on Saturday endeavored to put out flames on his trousers, caused by a spark from an electric welding machine.

Greer had washed his hands with gasoline, was near the welding machine at Karl K. White's body and trailer shop in Eastland, where he is employed, when a spark caused the fire on his trousers, on which gasoline had been spilled.

Attempting to smother the flames, his hands were severely burned.

Irate Women Verbally Spank A Congressman

WASHINGTON, Aug. 20.—Five irate women, representing Detroit housewives striking against high meat prices, today gave Representative Clarence Cannon, Dem., Mo., a verbal spanking and stomped from his office while the blushing congressman cried, "Wait, wait."

Mrs. Mary Suk, spokesman, stalked into Cannon's office to protest what she said were insinuations by Cannon the Detroit strike was financed by meat packers and the strikers were "reds."

"We want you to retract that statement. We are not communists and none of us are foreigners," she cried.

As the delegation left, Cannon said the Detroit strike was "unquestionably financed by the meat packers and those poor women don't realize it."

EX-EASTLAND ATTORNEY ASKS FEES FOR WORK

Milton E. Lawrence, former Eastland city attorney, Saturday filed suit in 91st district court asking \$750 allegedly due for services rendered in three cases.

Lawrence recited that he was hired April 17 to defend the city in a suit filed by C. W. Hoffmann and H. O. Satterwhite, who asked the 88th district court to issue a mandamus against the commission to hear and determine results of the April 2 election.

Lawrence claims in the petition he was authorized by Commissioners O. E. Harvey, J. M. Sherrill, Ben Pryor, T. M. Johnson and Donald Kinnaird.

On April 19, the petition recites, Lawrence filed suit vs. Hoffmann and Satterwhite, asking that they be restrained from interfering with the board of commission in its discharge of duties.

Third case in which Lawrence acted for the city, according to the petition, was on June 1 when he was hired by Commissioners Pryor, Harvey and Sherrill to defend the city in a suit filed by Kinnaird, who asked that a mandamus be issued that the council hear and determine the April 2 election contest.

EASTLAND'S POSTMASTER COMMISSIONED

Frank A. Jones, who has been serving as acting postmaster at Eastland since Sept. 1, 1934, has received his commission for the regular term.

Mr. Jones succeeded A. H. Johnson when the Eastland postmaster for 13 years resigned. Mr. Johnson had served under four presidents. He was appointed by President Harding, Coolidge and Hoover, and served for some time under President Roosevelt.

Increase in receipts for this year at the office has been noted. Postmaster Jones stated Tuesday.

Thanking business institutions and patrons for co-operation, Mr. Jones attributed the office's ability to render efficient service to seven employees whom he described as "efficient, polite and co-operative."

Veterans in their line, the employees of the Eastland postoffice, who date their service to 15 and 20 years, are as follows:

John S. Van Geem, assistant postmaster, who has been connected with the office for 20 years. He has served under Postmasters Johnson and Henry Van Geem, his father.

P. L. Harris, who has been in the office for 15 years, handles parcel post, bonds and postal savings.

Ed F. Willman dates his service to approximately 15 years. Willman handles money orders, registered mail and stamp sales.

A. W. Cogburn is dispatcher and has had about 15 years' experience.

Harry Sone is substitute clerk while H. A. Murphy and J. A. Brown are city carriers.

Fred W. Davenport and C. M. Murphy are rural carriers and have been working in this capacity for over 10 years. Davenport was formerly a clerk in the Eastland office.

In rural route carriage, Postmaster Jones stated, Davenport and Murphy are finding hearty co-operation of patrons.

All connected with the Eastland

office have the highest rating. Confident of Eastland obtaining a federal building to house the postoffice, Mr. Jones predicted: "In my opinion we will be in a new office by July 1, 1936."

WTCC Director Is Rotary Speaker

Milburn McCarty, district director of the West Texas Chamber of Commerce, reported on the conference of the organization held in Abilene last week at the Rotary club's luncheon Monday.

McCarty also told of an Eastland county delegation, who Tuesday were to appear before the state highway commission, asking that Highway 89 be topped.

Dr. J. H. Caton, co-program chairman with Leslie Gray, urged that the Rotary club provide a market in Eastland where farmers might sell their produce.

Edmund Herring played accordion numbers. Recent new members to the club have been F. P. Mundy, J. W. Miller and L. D. Black.

Visitors at the session were R. N. Cluck, J. M. Bird, Cisco; Clarence E. May, guest of Earl Bender, Ranger, and E. A. Cain, Breckenridge.

Carl Springer and J. E. Lewis will be in charge of next week's program.

Mangum People Asked to Fair

Residents of the Mangum community Monday night were extended an invitation to the annual Eastland County Fair to be held in Eastland Sept. 25-28.

The trip, third of a series by Eastland merchants to extend to 12 communities in the county, was attended by approximately 200.

Request that the community send a good booth to the fair was made by County Agent C. Metz Heald.

Master of ceremonies for the program was Earl Francis. Carl Johnson and John Harrison were responsible for arranging the program.

J. B. Moreno was presented in blackface acts, assisted by Francis. A string orchestra, composed of Desmond Daniels, Ben Pargin and Luther and Johnson Smith, played.

Miss Bula Fay White, daughter of Mr. and Mrs. John White, gave a reading.

MAKES RESERVATION

DENTON, Aug. 19.—Miss Carolyn Cox of Eastland is among those students who have reserved rooms at Texas State College for Women (CIA) since July 1. She will register as a freshman on September 16. Miss Cox, who is the daughter of Mr. and Mrs. Ed T. Cox, is one of the 1,350 girls who have paid fees in preparation for attendance at the college during the 1935-36 session.

Barbecue Planned By Eastland KP's On Tuesday Night

Members of the Gorman and Breckenridge Knights of Pythias lodges are being invited by the Eastland organization to a goat barbecue Tuesday night.

Being invited to the affair is John Lee Smith, past grand chancellor, of Throckmorton, and other ex and present officials.

Tuesday night the Eastland lodge conferred the first rank on Leslie Cook.

Eastland Team Is Defeated by Breck At Cisco Tuesday

Scoring two runs in the final inning, Breckenridge all-stars defeated Eastland all-stars Tuesday night at Cisco by a score of 6 to 5.

The Eastland team, sponsored by Harvey Motor company, lost because of miscues, players believed.

Making the Cisco trip were Terrell Coleman, Woody Bilderback, Lloyd Pope, Billy Cheatham, Roy Brown, Ray Morris, Cotton Wallace, Pete Wright, Earl Kellett, Raymond Overby, J. D. Harvey, Neil Day and L. O. Lynch.

John Burke Tells Of Convention at Lions Club Meet

John A. Burke, president of the Lions club, reported on his recent trip to Mexico City, D. F., where the International Lions Convention was held, at the meeting of the organization on Connellee hotel roof Tuesday. R. L. Ferson was program chairman.

A reinstated member, F. P. Mundy, and a new member, G. W. Collum, who will serve as music director for the club, were present.

Announcement was made of a plan to increase interest in regular attendance.

F. M. Kenny led the regular songs.

Equalization Board Will Meet Monday

Members of the equalization board for Eastland will begin their sessions of valuating property for taxes Monday morning at 8:00 o'clock, J. F. Little, city manager stated Wednesday. Sessions will be held at the city hall.

The group, appointed this week by the city commission, are as follows: L. A. Hightower, G. M. Harris and J. H. Cheatham, Sr.

State Incomes from Liquor Taxes Is Somewhat Varied

AUSTIN, Tex.—State revenue from liquor ranges from \$500,000 to \$20,000,000 annually in states which have repealed their prohibition laws, according to information obtained from State officials of Texas Repeal Forces. In a statement issued today by Chairman R. Emmett Morse of the Repeal Forces,

replies of officials to letters sent out by Representative Kenneth McCalla of Houston were summarized as follows: Arkansas collected \$540,060 in four and one-half months; Missouri had collected \$2,500,000 during the first seven months of this year; Colorado \$1,719,997 in two years; Iowa, under state monopoly \$1,200,000 in one year; Louisiana \$1,258,113 in eleven months; New Mexico \$500,000 in one year; South Carolina \$335,000 in two months; Nebraska \$300,142 in one month; Ohio, \$15,284,000 in one year; Wisconsin \$7,315,714 in 18 months; Connecticut \$615,954 in one month; Pennsylvania, \$20,000,000 annually.

"Pennsylvania revenue includes license fees collected both by the Liquor Control Board and County treasurers and taxes collected by the department of revenue as well as profits from state stores," Mr. Morse explained. "Hence, Ben G. Helsel, acting secretary of the Liquor Control Board and unable to give exact figures. He said, however, that \$20,000,000 was a fair estimate for the year 1934. "In a number of states which have repealed prohibition, counties and towns as well as the states collect fees from dealers. These fees are not included in the figures given above. In at least a few of the states they run to about half as much as the state collects itself."

Lax Treatment Of Delinquents Is Now Deplored

AUSTIN, Tex.—Lax treatment of Texas' delinquent children is being uncovered by Miss Grace E. Benjamin, investigator for state school and relief agencies.

Although the survey will not be completed and analyzed until about Oct. 1, Miss Benjamin has found inadequate methods for handling juvenile criminals, unenforced truant laws, and no fund to care for delinquent negro girls. "It is almost unbelievable that the laws of Texas do not provide for a juvenile court," she said.

France Erects Total Of 40,000 Statues To Joan of Arc

PARIS, Fr. — Forty thousand statues to a single individual breaks the record in France. The individual is Joan of Arc, the girl warrior who was burned at the stake in Rouen 504 years ago, and who was made a saint 15 years ago.

Every city and nearly every church has its statue of Joan of Arc. There are 38,009 communes or townships in France, and each one has at least one statue to the young French heroine. Orleans, which Joan of Arc delivered from the English in 1429 and where a "procession of gratitude" is held every year, has more statues than any other city. There are more than 200 there in the Joan of Arc Museum alone which vary in size from one or two feet in height to life-size statues. Some are of granite, marble and bronze; others are in glass, china and wood. There are monuments to the Maid of Orleans in Rouen, where she died, and others at Domremy, her birthplace.

In all, there are a minimum of 40,000, and according to a Paris founder the number of statues is constantly increasing. This artisan says he produces at least one statue of Joan of Arc every week. The next French person to be so honored is Napoleon Bonaparte, who according to statistics runs a close second to Joan of Arc in the number of statues erected in his honor.

Why not own an EIGHT

with the V-Type eight, Ford gives you a car as economical as a four

FROM the driver's point of view, 8 cylinders make the ideal engine for a car. They give responsiveness, smoothness, quietness. And in the Ford V-8 engine, you get this performance at 4-cylinder cost. The Ford V-8 you buy today costs less to own than any car Ford ever built! Its initial cost is at rock-bottom, and includes many "extras," such as safety glass all around, big 6.00 x 16-inch air-halloon tires, built-in luggage space. Operating costs have also been pared this year—in sparing use of gas and oil, and in improvements which cut down labor and tire wear.

Drive this Ford V-8. There's a near you—see him today. Let a Ford man tell you what it has already told to a number of eager buyers the country over.

Olden School to Receive Modern All Steel Bus

At a meeting of the Olden school board last Monday the trustees placed their order for a modern all-steel school bus for the benefit of high school students in rural districts who have transferred to Olden.

The chassis is the latest model six cylinder bus, which will provide ample power for the maximum load regardless of weather or roads.

The bus body is the "all-steel" superior which comprises the following features:

An inner 14-gauge cold-rolled steel, riveted and welded frame combined with outer panels of 20 gauge auto body steel.

The latest type of safety glass for every window and windshield; complete visibility from the driver's seat; positively controlled folding entrance door; emergency rear exit with foolproof and child-proof opening mechanism; safety tread entrances and non-slip linoleum floor covering; heavy channel steel rear bumpers; proper ventilation; insulated against heat, cold and fumes; comfortable seats, and well-spaced dome lights.

The bus will be driven and cared for by an experienced man over 21 years of age and under bond as is required by law.

Pioneer PTA Has Meet With Teacher Who Has Resigned

Mrs. W. D. R. Owen of Eastland was hostess to Pioneer Parent Teacher Study club Tuesday afternoon from 3 to 6.

The lesson planned by Mrs. L. C. Cash, director of the study group was on effect of good literature and music on character building. Mrs. F. B. Joyce presented a discussion of this subject, then led in a round table discussion.

Following the program a social hour was enjoyed during which the hostess, assisted by Mrs. E. L. Hazlewood of Cisco, a former teacher in Pioneer, served a refreshment plate of sandwiches, olives, potato chips, cake and iced tea. Yellow napkins and linen carried out the color scheme in the house decorations.

Those present were Mmes. E. L. Hazlewood, L. C. Cash, L. D. Anderson, B. J. Dupree, W. A. Wright, Jim Barton, F. B. Joyce, J. B. Huntington, V. H. Wyatt, C. J. Brooks, J. F. Fore, R. W. Lawrence, J. W. Foster, W. A. Tunnel, Misses Cora Palmer and Carline Gray.

Mrs. Owens for the past two years has been head of the history department of the Pioneer High School but recently resigned to accept a position in the Eastland schools as teacher of history and citizenship in Junior High.—Reporter.

Legions Memorial Coins May Be Last Issued in the U. S.

AUSTIN.—In view of the fact that President Franklin D. Roosevelt recently sent a message to the congress urging that it approve no more memorial coin issues, the American Legion's Centennial coin sale to raise funds for the construction of a Texas Memorial Museum on the campus of the University of Texas may provide one of the few remaining, if not the last, opportunities for collectors to by A. Garland Adair, chairman of secure memorial coins, it is stated the American Legion Centennial committee. President Roosevelt, however, not only approved the purpose for which the Texas Centennial coin was issued, but has given the Legion the pen with which he signed the bill authorizing the issue, to be placed in the museum.

Governor James V. Allred also gave the pen used in signing the Texas Centennial bill to the museum to be placed alongside the president's pen.

Congress has authorized minting of 1,500,000 of the 50-cent memorial coins, which will sell for \$1. In designing the coin, the Legion marked it "1836-1836" to enhance its sale value and to advertise Texas as regardless of what year in which it is sold.

Additional funds for the museum are expected to be provided by the federal government. The state's Centennial appropriation bill set aside \$250,000 for the structure. Following the 1936 celebration, the museum will be maintained under the administration of the University's board of regents. J. Frank Dobie, professor of English at the university, predicts that the museum very likely will prove to be the most popular building on the campus, among both students and visitors.

Barefoot Boy Is Good Skeet Shot

BROWNSVILLE.—Bobby Batsell, 13, hailed as the "barefooted skeet shoot wonder" of this section, is being groomed for national competition.

Bobby scarcely is larger than the guns he shoots, but he has entered the select class of those who have scored their first string of 25 targets.

Bobby prefers to shoot in his bare feet because his toes can get a "grip on the ground." He scored his perfect 25 after only three practice rounds and little previous knowledge of guns.

Using a standard gauge shot-

gun, his first score was six out of 25, his second 11, third 16 and then jumped to 21 out of 25. He consistently goes above 20 now.

Recently he scored 20 the first time he ever used a .410 gauge gun.

Patch Budding Is Not a New System

COLLEGE STATION.—Patch budding is not a new system in this country, according to F. R. Brison, budding and grafting expert here.

Records have been found as far back as 1852, he says, describing the patch budding system.

While the method is slow, it is sure, and especially recommended for pecans, he said. Budding done at this time of year should be done on wood grown this year. Brison explained, pointing out that the trees should first be skeletonized, all but about six of the lower branches being cut back.

The strings should be cut two weeks after budding, the expert advised. Special live buds should be secured, preferably those that been on ice since Spring, he said.

JIM HORTON TIRE SERVICE
East Main Street Eastland

Three months ago, six Eastland boys, two with one year's college work, and four with high school diplomas opened a service station with nothing but determination to work and earn money to attend college.

Today they have earned over \$800 at the station and by performing odd jobs. They are: Terrell Coleman, 24, and brother, Marshall, 19, sons of Mr. and Mrs. W. E. Coleman; Bobby Hart, 17, son of Mr. and Mrs. V. W. Hart; Bill Satterwhite, 18, son of Mr. and Mrs. H. O. Satterwhite; John Hart, 18, son of Mr. and Mrs. John S. Hart, and Wendell Seibert, 18, son of Mr. and Mrs. Jess Seibert.

The boys—working for one aim—to attend the University of Texas this coming school term—evolved the plan early in May.

Terrell, who had attended the Agricultural and Mechanical College at College Station, was familiar with five boys in the Hi-Y club of which he was sponsor, and knew their desire to attend college.

Surely, Terrell thought, some plan could be evolved whereby they might attend college.

Co-operation, he knew, makes for economy. He hit upon the idea of opening a filling station with profits to be used for the common cause of attending college.

Several meetings were arranged, the idea found hearty reception and on May 25 the "Horned Frog" Service Station was opened. It had been without leasor, but, Terrell believed, because of their aims, could be successfully operated.

They advertised—frankly told Eastland residents their idea, solicited their business and publicized their willingness to do any kind of a job.

Confidently, yet warily, the station was opened. Gas was sold, flats were fixed and receipts mounted to gratifying heights—some days they were second to

none in Eastland.

Requests for odd jobs came in. Lawns were mowed—150 it is estimated—houses were cleaned, highway work was done, hedges were trimmed, furniture was moved and circulars were delivered.

Success seen, Terrell, who has charge of the treasury into which money from all sources goes, has rented a house at 203 West Thirtieth street, Hyde Park addition, Austin, where they will live while attending the University of Texas. Lease for nine months has been taken.

By living together, it is figured, costs will be cut over 50 per cent. The group plans to do all its own housework and cooking.

Their mothers and fathers will loan furniture and bedding. Fruits and vegetables for the nine months term have been prepared and will be taken to Austin.

Receipts today are over \$720. It is expected the season's profits, by Sept. 15, will be \$850. Knowing they will need other funds, the group will endeavor to obtain federal education funds by doing campus jobs or other work.

They will bank their money under the title of "Eastland Educational Corporation," one of the boys suggest.

"Socialistic?" "No," replied Terrell, when asked of the co-operative plan, "It's just an idea whereby we'll be able to attend college for at least half the average cost."

Bobby plans to major in petroleum production engineering, Bill in geology, Wendell in journalism, Marshall in petroleum production engineering, and Terrell in journalism.

Sports? John, who lettered as backfield man for the Eastland Mavericks two years, will come out for football. Bill is to try his hand at swimming.

Basket ball will claim attention of John, Marshall and Terrell. Seibert will come out for track. All will endeavor to try for baseball.

"No," stated Terrell, "it's doubtful if the same thing would go over twice," when asked if they intend to try the same money-making methods next year.

Eastland' Million Dollar Debt Problem To Be Discussed Soon By Bondholders, Commissioners

Eastland commissioners and bondholders will seek to make an agreement on the city's \$1,265,000 indebtedness in September.

That was virtually assured Saturday when three representatives of bondholders, who said they represented 85 per cent of the city's debt, had an informal conference with three Eastland commissioners. Commissioners attending were Mayor C. W. Hoffmann, C. T. Lucas and H. O. Satterwhite.

Representatives of bond holding firms at the meeting were George Homminson and W. J. Meredith with the Brown Crummer company. Hemminson is of Dallas and Meredith of Wichita Kansas. Also present was L. W. Richardson of Topeka, Kansas, representative of another company.

It was agreed that the representatives would write city officials about Sept. 1 and endeavor to set a date in the middle of the month for further discussion.

The city's indebtedness is shown in bonds which were issued starting in 1911. About \$1,035,000 is the approximate figure which is owed on bonds. About \$230,000 is due on delinquent interest coupons.

Weatherford Man To Be Speaker at Methodist Church

The Rev. Mr. Justin Anderson of Weatherford Junior College will preach Sunday morning at the Methodist church, it was announced Thursday.

There will be no evening services as Rev. Rosemond Stanford, regular pastor, and his family are leaving Saturday for Waco, where they will attend a family reunion.

H. C. Davis was a business visitor in Cisco Wednesday.

Mr. and Mrs. Frank Jones have moved to Big Spring. Their son, Douglas, will leave Eastland after the tournament here, to be held Aug. 31, Sept. 1 and 2.

V. T. Seaberry and family have returned from a vacation trip spent in Ruidosa, N. M.

FIGHT WINTER COLDS WITH GAS CIRCULATED HEAT

For Your Health's Sake....

HEAT

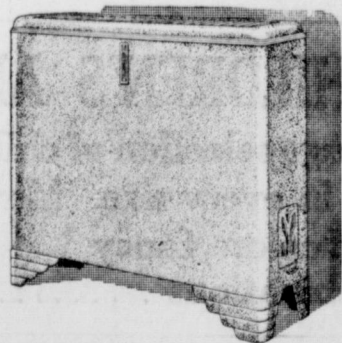

your ENTIRE House

If you are susceptible to colds, and most people have from two to three each winter, you owe it to your health to heat your home adequately as a protection against sudden changes in temperature which are a contributory cause of colds.

With the entire house properly heated and ventilated, you have greater comfort and the satisfaction of knowing that you are taking the precaution of guarding your family's health.

One single illness to a member of your family will cost you far more in money and suffering than the few dollars you will spend for adequate heat to combat winter colds. So look over your heating equipment now. Some might need repairing. Some might need replacing altogether with modern equipment. Whatever it takes, do it now, for August is the opportune time to buy advantageously modern gas heating equipment. For your health's sake, heat your entire home.

NEW CIRCULATING HEATER—just as attractive in appearance as it is efficient in performance.
