## Cotton Adjustment Payments Are Explained by Adjustment Assistant

Explanation of cotton price adjustment payments was given Wednesday by A. E. Arthur, assistant in cotton adjustment, when questioned by a representative of this paper.

Explanation given by Arthur which he obtained from A. L. Smith, chairman state allotment board, was in answer to the following questions:

1. Q—Who is entitled to secure cotton price adjustment payments? A—Any cotton producer whose 1935 production is under a 1934 and 1935 cotton acreage adjustment contract and who sells cotton before Aug. 1, 1936, and who agrees to participate in the 1936 cotton adjustment program of the Agricultural Adjustment Administration formulated under the Agricultural Adjustment Act.

2. Q—Can a producer who does not have a cotton acreage adjustment contract with which he has complied secure cotton price adjustment payments? A—He may make application for such payment but cannot be certified to and receive payment until he has executed a 1936 cotton adjustment contract and complied therewith.

3. Q—Who makes the application for cotton price adjustment payments? A—The person (s) who made the 1935 Bankhead application or his successor in interest will execute Form No. C. A. P. 2.

4. Q—Can an application for cotton price adjustment payments be made if no cotton has been sold? A—No.

5. Q—How will cotton price adjustment payments be divided among individual producers on a farm who are entitled to share therein? A—One check covering each application will be made to the person making the application for the farm and this person as trustee will pay to those entitled to share in this payment their proper share thereof.

6. Q—What will be the rate of payment? A—The rate of payment will be the amount per pound by which the official average base price of cotton on the ten designated spot cotton markets is below 12 cents on the day the cotton was sold. This rate cannot exceed 2 cents per pound.

7. Q—Can a producer whose total production was less than his 1935 Bankhead allotment secure cotton price adjustment payments on the full amount of his Bankhead allotment? A—If the total production of a producer is less than his Bankhead allotment he will be entitled to receive the cotton price adjustment payment on his total production only.

8. Q—How will a producer furnish acceptable evidence to show the date upon which he sold cotton and the amount sold as a basis for securing cotton price adjustment payments? A—The seller will secure from the buyer a cotton sale certificate on Form No. C. A. P. 1, which certificate will show the date of sale, amount of cotton sold, seller's name, buyer's name, and the Bankhead application serial number for the farm on which the cotton was produced.

9. Q—Is a producer who secures a 1935 government 10-cent loan on his cotton eligible to participate in cotton price adjustment payments? A—Yes, provided this cotton is sold prior to Aug. 1, 1936.

10. Q—Can a producer, who prior to announcement of the government 10-cent loan sold cotton produced in 1935, secure cotton price adjustment payments on this cotton? A—Yes, provided he will secure acceptable certificates of sale for this cotton and makes his application not later than Aug. 15, 1936.

11. Q—What provision has been made to get cotton price adjustment payments into producers' hands at an early date? A—Arrangements have been made for handling and auditing applications in each state office and for issuing checks from field disbursing offices so producers may receive checks promptly.

12. Q—On what date will payment to a producer who delivers cotton to cooperative marketing association be based? A—If the cotton is delivered to the annual pool or valuation pool the payments will be based on the date of delivery. If the cotton is delivered to the call pool or immediate fixation pool the payment will be based on the date the price is fixed.

## JERSEY CATTLE CLUB PERFECTS ORGANIZATION

The board of directors is composed of W. L. Connell, Olden; J. T. Munn, Rising Star; G. C. Love, Ranger; A. Z. Myrick, Cisco; C. Metz Heald, Eastland. Others are yet to be named.

Rev. Estes stated Monday many are planning to attend a Jersey cattle sale in Denton Oct. 11.

## GORMAN OIL AREA ACTIVE WITH SEVEN WELLS BEING DRILLED

GORMAN, Sept. 30.—With seven wells being drilled and a like number in sight, prospects for a new oil era in this county are strengthening daily.

The equipment for the well of Gallagher and Lawson on the Moataas has been put on the ground and the rig will be put up within a day or two.

The second Gorman well, being drilled by States Oil corporation, is now down to 2400 feet and barring hard luck should be ready for the acid within a few days.

Adjoining the Stone tract south of town the Woodie well is down to better than 2,500 feet. The six inch casing was cemented last week and they are now drilling the plug preparatory to giving it the acid test.

Further west from them on the Lusk tract the well of Martin and Case is now at 1340 with the eight inch casing set. They have had plenty of water in the hole and had to fight it all the way down. Unless they get a lot more water they will go down to the pay level with an open hole the remainder of the distance which will run about 1200 feet.

The old well on the Lusk tract which was given the acid test several weeks ago is still making seven barrels per hour.

On the Hampton well the boys got a flood of water at 15 feet when they started to spud and they worked for several days just bailing water in an effort to lower it in the hole. They finally had to set the surface casing to shut the water off and they are now shut down for a few days.

To the west of town on the Fleming tract Walton et al are down to 2500 feet and are making good time. They hope to have this well in operation within a short time if they have no trouble.

On the Bascom Johnson tract they are now engaged in a nice fishing job and have been at it for some time. The boys think they are about done with that job however.

As soon as Walton's men get off of one of these wells in the Jewell country they are moving north of Gorman to the vicinity of the Woods well and will start work there on a series of eight or ten wells.

Fuel and tools are now being stored on the Woods for use in that section.

With the Thompson well of Northrup and Campbell being cleaned out after a shot of nitro in a deeper pay, it begins to look good for it to be a real producer.

Several leases have been sold in the last few days in the area between the De Leon highway and the Duster road and there will likely be a number of tests drilled there if these other wells come in for almost any production.

## Big Spring Woman Injured As Auto Nears Kins' Home

Within 200 yards of the residence of the daughter who she came to visit, Mrs. R. A. Jones of Big Spring, was thrown from an automobile as a result of a collision near Grapevine Saturday.

Mrs. Jones suffered internal injuries which are held semi-serious, Mrs. L. C. Owen, her daughter, reported Monday. Mrs. Jones is resting at the home of the daughter.

Driver of the Big Spring automobile was C. Haile. Doil Jones, the injured woman's son, was also an occupant.

The other car figuring in the accident is owned by an Eastland resident.

## Funeral Is Held For Eastland Man

Services were held from the Eastland cemetery Tuesday for S. W. Wilson, 57, who died at his residence in Eastland Sunday afternoon. Rev. Wilkins of Carbon officiated.

Death of Mr. Wilson, who lived at the Truly booming house, was attributed to blood poisoning. Mr. Wilson had lived in Eastland one year. He had engaged in farming before making Eastland his home. He came from Arkansas prior to moving to Eastland county, in which he had lived for 12 years.

Survivors are the widow, Eastland; five children, Roger Wilson, Charlie Wilson, Mrs. Lenora Alford, Mrs. Roxie Theous and Mrs. Lola Simms, all of Eastland except the latter, who lives north of Eastland.

A sister, Mrs. Mattie Ruth, Eastland, and a brother, J. R. Wilson, Wortham, also survive.

Homer Undertaking Company of Eastland was in charge.

## MAVS TO PLAY BROWNWOOD AT EIGHT TONIGHT

Probable starting lineup of the Eastland Mavericks who engage in their first conference game of the season tonight at 8 o'clock in Brownwood against the Lions was announced today by Coach Johnny Kitchen.

The MAVs, scoreless to date, have hopes of regaining prestige by a victory with the team they spanked thoroughly last year.

Brownwood, meeting Class B opposition to date, have rung up victories over Comanche and Santa Anna.

The Lions Club is providing transportation for members of the band and pep squad.

The probable starters: Roy Taylor, center; L. A. Dolberry, left guard; Charles Van Geem, right guard; Evans Mitchell, left tackle; Gene Gage, right tackle; Jack Sikes, right end; Pete Garrison, left end; James Hill, half; Bob Sikes, fullback; Harry Taylor, left half; Cleo Key, quarterback.

## Cisco Masons to Be Hosts to a Grand Lodge Meet

WACO.—The Committee on Masonic Education and Service for the Grand Lodge of Texas, with the approval of Grand Master John H. Crooker of Houston, has announced a series of twenty four zone meetings in as many cities, beginning on Monday, Oct. 21 and continuing until Nov. 14. Each speaker will discuss the subject, "The Grand Lodge of Texas, its Purposes and Activities."

The centers in which these meetings have been designated have been arranged that any mason in Texas can attend at least one of them and not be forced to travel a distance greater than 100 miles. Reports received from the district deputy grand masters throughout the State indicate they will be the most largely attended of any similar meetings ever held in the Grand Jurisdiction.

The Grand Lodge of Texas will meet in its one hundredth communication at Waco on Dec. 4 and continue for three days. Some three thousand masons are expected to be present. Among the cities in which the meetings will be held, together with the name of the speaker and date of the meeting is Cisco, Thursday, Oct. 31, Judge S. P. Sadler.

## Illegal Oil Sales Bring In \$700,000

AUSTIN, Sept. 28.—Texas law for confiscation and sale of illegal oil is working, has earned the state more than \$700,000 at a cost of \$10,000 and hasn't hurt anyone, Attorney General William McCraw said today.

Except for 32,000 barrels to be sold Oct. 8, for which there is no claimant, he said, "no human being, officer, legislator, individual, negro boy or anyone has reported the presence of a single barrel of illegal oil since May 11 when the law took effect."

## 1044 Enrolled in Eastland Schools

Enrollment at Eastland schools, 1,044 to date, is the same as that for a similar period last year, Supt. P. B. Bittle announced Thursday.

Increase is shown in the high school registration, junior high and the colored school, the superintendent stated.

Additional registrations are expected since many youths are at work in the fields and have been unable to enroll, Bittle said.

School census enrollment of Eastland placed 1,143 as of school age.

## Strawn Secures a Loan and Grant for Big Dam Project

Word was received in Strawn today of approval of an application for a PWA loan and grant for the purpose of building a dam to impound water for the City of Strawn.

The amount of the grant is \$56,250 while the loan is for \$74,750, a total of \$131,000.

The project is for the purpose of building a 1,574 foot dam five miles west of Strawn. The work is to start on Nov. 12 and will require 18 months to complete. The project was turned in by Mayor J. M. Tucker of Strawn. It is estimated that the lake made by the dam will be about five miles in length.

## Prepares Requests For Education Aid Of County Schools

Applications of 29 Eastland county schools for state aid are being prepared for transmission to the rural aid division of the State Department of Education, County Superintendent C. S. Eldridge announced Tuesday.

The requests ask for aid which approximate \$40,000, and will, if approved, provide money for tuition, transportation and salary aid for teachers.

## Oil Belt Teachers Committee Meets

The executive committee of the Oil Belt Teachers Association met last night in the tea room of the Laguna Hotel at Cisco.

The meeting was called to lay plans for the fall meeting of this association which is to be held in Cisco Tuesday, Oct. 29. The theme of curriculum revision from the teachers' and administrators' side will be followed. Speakers of renown and of outstanding accomplishments in their fields will appear on the program.

Other items of business passed on were accepting the invitation of Abilene for the spring meeting of this association and the election of Superintendent Walton of Ranger to fill the vacancy on the committee occasioned by R. F. Holloway's resignation, and the re-election of O. G. Lanier as secretary-treasurer.

Those present at the meeting were Ross, principal of Mineral Wells High School and chairman of the committee; O. G. Lanier of Ranger, secretary-treasurer; Superintendent Cluck of Cisco; Principal Brandon of Cisco High School; Superintendent Williams of Cross Plains; Superintendent Green of Hamlin; Principal Woolridge of Sweetwater High School; Superintendent Walton of Ranger; Superintendent McGeahay of Taylor county schools.

Woolridge was made chairman of the program committee, Williams was named chairman of the legislative committee, and McGeahay was appointed chairman of the committee on resolutions for this fall meeting of the association.

Each teacher in the 13 counties of the Oil Belt territory is invited to this meeting in Cisco Oct. 29.

## OLNEY DEFEATS EASTLAND, 13 TO 0, FRIDAY

A twice defeated Eastland eleven went under for the third time this season against a defensively alert Olney Class B team at Olney Friday night by the score of 13 to 0.

Dauss Simmons, Eastland quarterback, Saturday faced the prospect of a broken leg although many were prone to believe it only sprained. An X-ray of the limb was scheduled today.

Olney's first score came in the second quarter when the Cubs recovered a fumbled punt on Eastland's 80-yard stripe. Kelly took the ball over and Blackwell added the extra point.

At the opening of the last quarter, an Eastland punt went out of bounds, on the 10-yard line, and Buckalew went through right tackle for the second score. Blackwell missed the extra point.

A defensive Olney line held the Mavericks back in the third quarter. Raymond Hamilton punted out of bounds on the Cubs' seven-yard line. The Olney team was penalized, taking them to the one-yard line where they pointed out to their own 29-yard line. The Mavericks found efforts toward the goal futile.

Starting lineups: Eastland—J. Sikes and Garrison, ends; Greer and Trantham, tackles; Dolberry and A. Taylor, guards; H. Simmons, center; D. Simmons, quarter; H. Taylor and Hamilton, halfbacks; Key, fullback.

Olney—McKinney and Jackson, ends; McWhorter and Blackwell, tackles; Vaughn and Cox, guards; Williams, center; Kelly, quarter; Mercer and Patrick, halfbacks; Buckalew, fullback.

## Rising Star Wins in Caddo Game, 13 to 0

RISING STAR, Sept. 28.—Scoring in the first quarter before losing possession of the ball, the Rising Star Wildcats coasted to a 13-0 victory over Caddo in a non-conference game here Friday.

A fine passing attack accounted for the first touchdown and the aerial placed the ball in scoring position for the second marker in the fourth period. The Wildcats open their conference scheduled against the Clyde Bulldogs next Friday.

BUYING POWER IS SUPPLIED F.D.R. STATES

BOULDER DAM, Sept. 30.—Government spending has created the purchasing power—now it is up to private industry to maintain the recovery pace set by the New Deal, President Roosevelt told the nation today.

The \$108,000,000 Boulder Dam, completed with PWA funds and America's greatest engineering achievement since the Panama canal, served as a backdrop to Mr. Roosevelt's speech, which clearly indicated the administration also had completed its major financing program in putting the idle back to work.

"It is a simple fact," the chief executive said, "that the government spending is beginning to show signs on consumer spending, that the putting of people to work by the government has put others to work in private employment and in two and a half years we have come to the point where industry must bear the responsibility of keeping the processes of employment moving forward, with accelerated speed."

His remarks were interpreted as a vigorous defense of the recovery methods and a blanket reply to critics who have been attacking federal spending as creating a debt structure not justified by results.

Pointing to projects, large and small, as laudable means of meeting the economic crisis, he observed: "In a little over two years this work has accomplished much. We have helped mankind by the work itself and at the same time created the necessary purchasing power to throw in the clutch to start the wheels of industry."

Mineral Wells To Hold Its Tenth Golf Tournament

MINERAL WELLS, Sept. 30.—The largest and fastest field of golfers in the history of local tournament play is expected at the Mineral Wells 10th annual invitation golf tournament, Mineral Wells Golf and Country Club, Oct. 3-6, according to C. E. Hunt, sports chairman.

Many well known golfers from North and West Texas will participate, including: Gordon Young, defending champion, Dallas; Morris Norton, runner-up, Wichita Falls; Jimmy Walkup, Rowe Hart and Derral Lehman, Fort Worth; Shanty Hogan and Karnes Wilson, Abilene; Jimmy Phillips, Ranger; J. F. Hammett, Pioneer.

Qualifying rounds are scheduled to begin Thursday morning, Oct. 3; match play, Friday and Saturday, Oct. 4-5; finals, Sunday, Oct. 6.

Calcutta Pool and a chicken barbecue will take place Thursday night, Oct. 3, at the Country Club. There will be a dance on the Baker hotel roof Saturday evening, Oct. 5.

BUICK'S THE BUY!

TWO years ago Buick deliberately leveled its sights on 1936. It coolly set its aim on bringing to market for that year a line of motor cars that would startle the world. It purposed to do that, not by freak or superficial design, not by skipping quality to make a price, but by sheer merit as expressed in automobile beauty, value, ability. It submits to you now the eminently satisfying results of that fruitful two years of concentrated endeavor. Here are four separate series of sensational new Buick cars — cars called phenomenal by experts in the trade who previewed them. Each is a feast to the eye schooled in mature modern styling, as you can see. Each has under the smooth flowing planes and surfaces of its smart exterior, the solid, tough, durable, beautifully engineered chassis that underwrites Buick dependability. And each offers you from the stepped-up power of its big thrifty valve-in-head eight-cylinder engine such safe,

thrilling performance as you have never known. These cars are big cars every one — built to almost lavish dimensions of body room and head clearance — yet they handle with the fingertip lightness of small cars. They are literally breath-taking in power and speed and take-off, yet under their new tiptoe hydraulics and easy-steering knee-action they are almost as manageable as a telephone. They are thew and sinewed by that quality which springs from Buick's third of a century of manufacturing experience, advantaged by \$14,500,000 worth of new tools, dies and factory re-equipment devised for these cars alone. These things are so true and so obvious that everywhere you will soon hear the motor-wise saying, "BUICK'S THE BUY!"

Trick Cat Can't Find His Way Back Home. DALLAS.—The many tricks learned by "Sun-Yat-Sen" prize tom cat owned by Tennie Atkins, Dallas, may have made him a valuable animal, but unlike most alley cats he is unable to find the way back home. Miss Atkins called the police when her cat, valued at \$125, disappeared. In her report to police, she said her cat "actually had expression in his voice and almost talked." He was a Siamese cat, with short hair except on his legs, which were heavily coated with hair, making him look like a "semi-nude" dancer. He would retrieve objects just like a dog, Miss Atkins said, and knew many other similar tricks.

"I've discovered Calumet's big, new 10¢ can!" WHY DOES CALUMET give such astonishing "baking luck"? Why is Calumet different from other baking powders? Because Calumet combines two distinct leavening actions. A quick one for the mixing bowl. A slower one for the oven. And Calumet's famous double action is so perfectly balanced and controlled that it produces perfect leavening—every time. All Calumet prices are lower! Calumet is now selling at the lowest prices in its history. The Full-Pound Can now sells regularly for only 25¢. And if you want a smaller size—get the big, new 10¢ can—a lot of good baking for a dime—with Calumet, the Double-Acting Baking Powder.

# BEERY-DEL RIO AT THE CONNELLEE

With the bookings for the month complete, the month of October will offer the movie patrons of Eastland the most excellent array of screen entertainment ever to be presented in a single month in Eastland. October releases of hit pictures makes this exceptional lineup of pictures possible and the Connellee Theatre management takes great pleasure in presenting them on such early play dates.

Opening today and continuing its run through Saturday the attraction "O'Shaughnessy's Boy" will be shown. Co-starring Wallace Beery and Jackie Cooper, this attraction is a worthy successor to that most outstanding film, "The Champ," with the same stars and by the same producers, Metro-Goldwyn-Mayer. The story has as its locale a traveling circus, which furnishes the background for excitement, thrills and color, while comedy, pathos, and a powerful story is deftly blended into the picture. "Spanky" McFarland, famous "Our Gang" comedy star, furnishes many laughs in the picture.

Opening Sunday for one day only the attraction "I Live for Love" will be shown. This gay comedy-romance co-starring Dolores Del Rio and Everett Marshall has a plot with a most unusual comedy twist, and there are five catchy original songs sung by Marshall, who was formerly a member of the Metropolitan Grand Opera Company. A grand pageant of beautiful girls has been staged as only Busby Berkeley, famed for his specialty number, can do it.

On Monday and Tuesday at the Connellee and Wednesday at the Lyric the attraction, "The Dark Angel," will be the attraction. With Frederic March, Merle Oberon and Herbert Marshall in the leading roles, the most powerful and gripping romantic drama of the season will be seen in this attraction.

On Thursday only "Maybe It's Love" will be the attraction. Co-starring Gloria Stuart and Ross Alexander, this picture has a stellar comedy cast including Frank McHugh, Ruth Donnellee, and Joe Cawthorn. Based on a stage hit by Maxwell Anderson, it is clean, clever, funny and dramatic, and the humanness of the story makes that touching appealing.

Other outstanding attractions that will be presented during the month of October are Joan Crawford in "I Live My Life," "Accent on Youth," with Sylvia Sydney, "Broadway Melody of 1936," with Jack Benny and a host of radio stars, "Farmer Takes a Wife," with Janet Gaynor, "She Married Her Boss," with Claudette Colbert.

## DEL RIO, MARSHALL OPEN SUNDAY IN "I LIVE FOR LOVE"

Dolores Del Rio, the exotic Mexican beauty, with Everett Marshall, famous radio, musical comedy and operatic star, comes to the Connellee Theater Sunday in the new Warner Bros. comedy romance with music, "I Live for Love."

The picture is heralded as one of the most unique productions of the day. Catchy original songs were written for the picture by the famous team of Allie Wrubel and Mort Dixon, and sung by Everett Marshall.

Other music includes the favorite Neapolitan street song, "Ah, Marie," in which Eddie Conrad, and the famous vaudeville and musical comedy team of Shaw and Lee, join with Marshall in singing in humorous vein.

The story centers about Miss Del Rio, a temperamental Latin beauty and prima donna, whose stormy outbursts drive her Broadway producer frantic. Her impassioned love for a South American actor who cannot act, and her hatred for an American street singer, Everett Marshall, who later becomes a favorite on the radio, leads to complications that wind up in a most unusual climax.

Don Alvarado is the rival lover while others in the cast include Guy Kibbee, Allen Jenkins, Berton Churchill, Hobart Cavanaugh, Mary Treen, Robert Greig and Mike Morita.

The picture is set against the glamorous background of theatre and radio, with a beautiful, although hilarious, pageant staged by Busby Berkeley, who also directed the production.

The story and screen play are by Jerry Wald, Julius J. Epstein and Robert Andrews.

## BEERY-COOPER SCORE IN GREAT CIRCUS DRAMA

The circus has come to town! Leading the big parade are Wallace Beery and Jackie Cooper, together again in the Metro-Goldwyn-Mayer picture of circus life, "O'Shaughnessy's Boy," which opens today at the Connellee Theatre.

For their brilliant performances in "The Champ" and "Treasure Island," Wally and Jackie have been rewarded with their greatest triumph under the Big Top—Wally as "Windy," famous animal trainer, and Jackie, as his son.

Directed by Richard Boleslawski, whose star is one of the fast-

## LOVE'S YOUNG DREAM

Happy again, after suspense and strife, jealousy and misunderstandings, Gloria Stuart, the sweetheart of "Here Comes the Navy" and Ross Alexander, top cadet of "Flirtation Walk," determine to "live happy ever after," in the closing scenes of First National comedy of young married life "Maybe It's Love" at the Connellee Theatre.

## He Won Her With A Song

Everett Marshall, grand opera star, and Dolores Del Rio in one of the musical moments of Warner Bros.' comedy-with-music "I Live for Love" coming to the Connellee Theatre on Sunday.

est rising in Hollywood, with such recent hits to his credit as "Clive of India" and "Les Miserables," it is packed with thrills, laughs and tears.

As "Windy," happy-go-lucky, swaggering animal trainer, who faced a ferocious tiger and frantic elephant for the love of his son, "Stubby," Beery has one of the finest roles of his long and illustrious screen career.

Jackie as his son, will be the envy of every boy who has dreamed of traveling with the circus.

The co-stars are surrounded by a splendid cast, which includes Spanky McFarland, as "Stubby" when a child; Leona Maricle, as Cora, "Windy's" wife; Sarah Haden, as Martha, her spiteful

sister; Willard Robertson, as the circus boss; Henry Stephenson, as Valkenburg; Clarence Muse, as Jeff, the colored roustabout, and Ben Hendricks, as Franz (circus ringmaster).

## "DARK ANGEL" IS GREAT LOVE STORY

One of the most powerful and beautiful love stories ever filmed reaches the screen of the Connellee Theatre Monday, when Samuel Goldwyn's production, "The Dark Angel," starring Frederic March, Merle Oberon and Herbert Marshall begins a day engagement.

Adapted from a play by Guy Bolton, the screen play of "The Dark Angel" was prepared by Lillian Hellman, author of the smash Broadway stage hit, "The Children's Hour," and Mordaunt Shairp, who will be remembered for his stage success, "The Green Bay Tree."

The story which is set in a quiet corner of lovely rural England follows the lives of a woman, Kitty Vane Merle Oberon and two men, Alan Trent (Frederic March) and Gerald Shannon (Herbert Marshall). Since childhood, Kitty has adored Alan, and Gerald has adored Kitty. The War takes both men and in the trenches there comes to Alan the realization of his love for Kitty. Home on leave, he tells her of his love, but their plans to marry are shattered by a sudden call canceling all leaves.

When Alan is reported killed, Kitty's life is broken. After the War, she becomes engaged to Gerald, but in the eleventh hour fate steps in and the dream of her life is fulfilled in a gloriously happy ending.

"The Dark Angel" was directed by Sidney Franklin for release through United Artists.

Prominent in the imposing supporting cast are Janet Beecher, John Halliday, Henrietta Crossman, Frieda Inescort, Claude Allister, George Breakston, David Torrence, Cora Sue Collins and others.

## A Quarrel Over a Child's Upbringing

Wallace Beery attempts to persuade his wife, Leona Maricle, that the environment of a circus is not a detrimental atmosphere to the proper bringing up of their son, Jackie Cooper. The new Metro-Goldwyn-Mayer picture of excitement under the Big Top will be shown starting today at the Connellee Theatre.

Presbytery  
Is Held  
Sunday

Sunday conference of young people of church, was attended by young people of Abilene, Stamford, Oden, Ranger, and outside of attendance as the conference Sunday morning by Miss Dallas, secretary of the work of the W. King gave of song, en-

joyed by all. In the afternoon a chorus of young people gave three selections directed by Mrs. Homer Smith, from Ranger. The welcome address was given by Conrad Reeves, responded to by the newly elected pastor at Stamford, the Rev. W. M. Rogan, and greetings from visiting pastors. Mrs. Victor L. Ginn of Eastland rendered one selection in the afternoon and one in the evening to the delight of all present, beautiful vocal numbers.

In the afternoon Miss Archibald gave a complete explanation of the program of young people's work with strong appeal for definite ideals and programs, and in the evening she gave a great message, "If I Be His Disciple."

Officers were elected and the final consecration service was held including the officers of the conference with the newly elected officers of the local young people's work.

Pass Resolution  
On Death of Mrs.  
Margaret J. Rust

The following resolution has been passed by the Eastland County Bar Association:

To Hon. Earl Conner, Chairman Eastland County Bar Association: We, your committee to draft resolutions on the recent death of Mrs. Margaret Jane Rust, beg leave to submit the following:

Mrs. Rust was born, Margaret Jane Harrison, in Dallas county, Texas, on Feb. 17, 1852. On Dec. 14, 1871, she became the wife of J. C. Rust, who went to his final rest in Eastland county on Oct. 8, 1926.

Mrs. Rust lived in this world a little more than 83 years and seven months.

She leaves surviving her the following children: S. V. Rust of Fort Worth, J. M. Rust of Abilene, Judge R. L. Rust of Eastland, J. W. and G. W. Rust, also of Eastland, Mrs. Bettie Craver of Ranger. Two children died in infancy. She has 37 grandchildren, 25 great grandchildren, and two great-great grandchildren.

For most of her life she enjoyed splendid health. Physicians consider her demise a result of her old age.

Early in life she united with the Methodist church and was ever a devout Christian wife and mother. Her life was simple and devoted to her family, friends and her church work.

She was ever a sweet and kindly character and has implanted the sterling virtues of honor, love and devotion deeply in characters of her many descendants.

Judge R. L. Rust, a member of this bar, was formerly county judge of Eastland county and has for many years enjoyed a wide circle of friends and an extensive law practice.

Be it resolved by the Eastland County Bar Association that in the death of Mrs. Rust, the county loses one of its best loved pioneer citizens, her children, a loving and devoted mother and Heaven gains

a pure spirit and a noble soul. That a copy of these resolutions be furnished our beloved Brother Judge R. L. Rust, and a copy be spread upon the minutes of every court of record in Eastland county. FRANK JUDKINS, B. W. PATTERSON, GEO. L. DAVENPORT, Committee.

Tax Action Urged  
By WTCC Director  
At Club Meeting

Suggesting that the legislature use all new revenues for the purpose of supplanting and replacing present taxes on real estate and visible property, Milburn McCarty, district director of the West Texas Chamber of Commerce, spoke at the Eastland Rotary club Monday.

"The situation is critical, the time of action is now while the legislature is in session," said McCarty.

"You might be astounded to know that ad valorem taxes constitute 97 1/2 per cent of the net earnings of property," the director pointed out. "People can't make enough to pay their taxes and insurance."

"They are better off without property than with it," said McCarty.

"That situation is the result from the tax situation we have in this state," McCarty stated tax delinquency in Texas. It is estimated at \$150,000,000 and is an example that property is not earning its taxes and the taxes are becoming confiscatory.

Members of the club signed a petition urging the legislature to take action which the WHCC is urging.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, OF THE WEEKLY CHRONICLE

PUBLISHED AT EASTLAND, TEXAS, OCTOBER 4, 1935

STATE OF TEXAS, County of Eastland. Before me, a notary public in and for the state and county aforesaid, personally appeared E. Hinrichs, who, having been duly sworn according to law, depose and says that he is the manager of the Weekly Chronicle and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper), the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of publisher, editor, managing editor, and business manager are: Publisher—Ed Hinrichs, Eastland, Texas. Managing Editor—Stuart Doss, Eastland, Texas.

2. That the owners are: (Give names and addresses of individual owners, or if a corporation, give its name and address of stockholders owning or holding 1 per cent or more of the total amount of stock.) Times Publishing Co. (Owner), Ranger, Texas. Stockholders: Walter Murray, Ranger, Texas; O. D. Dillingham, Abilene, Texas.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: (If there are none, so state.) None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any contain not only the list as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee, or in any other fiduciary capacity for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustee, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest, bonds, or other securities therein, as stated by him.

E. HINRICHS, Publisher. Sworn to and subscribed before me this 4th day of October, 1935. FAYE HOCK, Notary Public. My commission expires June 1, 1936.

BOY SCOUTS OF AMERICA

### Meet a New Scoutmaster

Troop No. 28 has reorganized with Mr. Charles Cabler as Scoutmaster. D. F. Petty and R. B. Cole are on the Troop Committee and other committeemen will be elected at their next meeting. We predict a successful Scouting year for Troop 28 at Zephyr.

### Troop No. 12

Scoutmaster Sterling Holloway and Asst. Scoutmaster Stuart Painter are "at the guns" again. It certainly looks as if Troop No. 12 will be "mixing it" with some of the other troops in the coming rally of the Central District. Oct. 12.

### Rally

From all reports the next Sectional Rally which is to be held in Breckenridge this coming Saturday night, Oct. 5, will be well attended and much enthusiasm and competitive spirit will prevail.

### Troop No. 16 Reports

Scoutmaster C. L. Pouncey took his Scouts of Troop 16 to Camp Billy Gibbons Friday night, where we "Buddied off" and did our own cooking. One fire being built by every two of us. We held an Indian ceremony after supper, which was under the direction of Gaitha Browning, "Chief Running Elk." Each of our Scouts wore a blanket with a band and feather headdress. Nature reports were called for, and the Chief told a thrilling Indian story. Although the night was cool we had a good night's rest and were up early the next morning preparing breakfast, which was over with early enough for us to take a Sunrise hike on "Smuggler's Draw" to a cave. When the mouth of the cave was reached warm air was felt and an odor very much like that of boiling coffee came to our nostrils. How did we know but what some handit or hermit was breakfasting

in an inner chamber of the cave. After some hesitancy we explored the first room of the cave and a passageway leading to another, which we intend to explore at a later date. After coming from the cave we hiked to the mouth of Brady creek to see the San Saba river, which was rising some that morning. Many wild flowers met our gaze. Especially were the morning glories blooming in profusion on the cliffs and the walls of the ravines. We saw a blue crane carrying a fish in his mouth, on our way home. On this return trip we went off the road one-half mile to the mouth of "Old Mill Cave," but did not do any exploring, however, we did stop further on and go down into a cave that is only about 25 feet deep, the entrance being on level ground. We had lots of fun climbing up and

## BEHIND THE SCENES IN WASHINGTON

WITH RODNEY DUTCHER

Willis Thornton, NEA Service Staff Correspondent, is in pinch - hitting for Rodney Dutcher, NEA Washington correspondent, during Dutcher's vacation.

### BY WILLIS THORNTON

NEA Service Staff Correspondent

WASHINGTON—There is genuine prospect that "Rum Row" as it was known in prohibition days may be a thing of the past.

The various treasury agencies co-ordinating under direction of Harold Graves, assistant to the secretary, have "turned on the heat" to such extent that smuggling of illegal liquor has, for practical purposes, been cut to nothing at all.

Something like a year ago, when treasury agencies, such as the coast guard, alcohol tax division, customs men, secret service, internal revenue agents, and narcotic agents, were placed under co-ordination of Graves, liquor estimated at 2,000,000 gallons a year was being smuggled into the country from abroad.

Now the flood of illegal liquor is believed to be not more than a fifth of that, perhaps less, and certainly a trickle that is robbing the country of less than a million dollars a year in revenue and affecting the liquor market not at all.

Co-ordination of treasury agencies under Graves into a "Treasury Police" force numbering nearly 13,000 men is certainly responsible for a great deal of this curbing of smuggling.

Agreements reached with smugglers' bases such as St. Pierre Miquelon, Belize, St. Johns, and Cuba, to prohibit exports obviously destined for smugglers' trade, has done the rest. The "romance" of Rum Row is pretty much a thing of the past.

### POINT OF THE CO-ORDINATION OF treasury agencies, in which Sec-

retary Morgenthau has taken an active part and interest, is this: Liquor smugglers are almost always mixed up in dope smuggling, immigrant smuggling, and domestic distribution of both.

Hence, to have the heads of the various forces concerned with those things meet weekly under the eye and direction of a co-ordinator was a logical step that made them all more effective. It has worked—in a great big way.

Graves, the lean, tanned, energetic man who sits in a plain office across the street from the White House, so close that you could toss peanuts over to the squirrels on the presidential lawn, doesn't put out much on the details.

Six radio trucks, capable of running up and down the coast to any needed point, have opened to government ears practically all the radio conversation between rum ships and their land contacts.

Messages can be relayed to decoding points and back again so fast that you (and the rum runners) would be surprised.

### FURTHER

the treasury's contacts with ports of shipment of illegal liquor have been perfected to the point where it is little exaggeration to say that Graves knows to the gallon where every bit of liquor is that evidently is destined for the smuggling trade.

And when 10,000 coast guardsmen, 250 narcotic agents, 1300 men of the alcohol tax unit, 150 customs agents, 650 border patrolmen, 150 secret service men, and some 200 men of the intelligence unit of the Internal Revenue Bureau are all turned loose as needed from a central direction, it is usually just too bad for the smugglers.

And that is why Rum Row, the picturesque creature of prohibition days, is practically a legend today. (Copyright, 1935, NEA Service, Inc.)

### JOYOUS COMEDY BY MAXWELL ANDERSON BOOKED BY CONNELLEE

"Maybe It's Love," a First National production based on the rollicking comedy drama by the famous playwright, Maxwell Anderson, is scheduled as the feature attraction at the Connellee Theatre on Thursday.

The story is an unusual romance of young love and lovers torn by doubts and jealousies, as well as financial difficulties and family interference.

The theme is so human and modern every young couple will recognize in it some of their own problems. There is an all star cast, headed by the beautiful Gloria Stuart and Ross Alexander, who has recently come to films from a series of Broadway successes.

### Prison Head Will Visit Federal Pen

HOUSTON, Tex.—Dave Nelson, recently appointed head of the Texas prison system, and district judge Langston G. King will attend the National Prison Congress at Atlanta, Ga., Oct. 27-31.

Judge King will address the congress on adult probation in the South. Accompanying Judge King and Nelson to Atlanta will be Chairman W. A. Paddock of the state Prison Board, and Chief Probation Officer R. C. Roebuck and Assistant District Attorney Dan Jackson, all of Houston.

### Amarillo College May Get Building

AMARILLO.—Plans have been drafted for the construction of a

new \$106,000 home for Amarillo college students.

The new building will be modernistic in design, of sufficient size to accommodate 400 students, and will incorporate in one structure all departments of the school.

Steel and scrap lumber from old college structures will be used for economy. The exterior of the new building will be of Terra Cotta, and the halls and staircase will be terrazzo.

Actual work on the construction of the building awaits final approval of PWA officials.
