

MY TURN

By Carol Ellis

ENGLISH BARD, William Congreve, in "Mourning Bride" 1697 said, "Music hath charms to soothe the savage breast, to soften rocks or bend a knotted oak."

But, of course, Congreve never listened to some of today's "musical?" rock groups such as: Black Sabbath, Megadeath, White Zombie, Slayer, Obituary, or Anthrax. I thought Anthrax was an infectious cattle disease. In fact, most of those heavy metal rock groups should be classified as a disease and every effort should be made to eliminate them.

Remember when music gave us uplifting messages: "I love those 'Dear Hearts and Gentle People' who live in my hometown," and "Beyond The Blue Horizon" waits a beautiful day," and "I fall asleep 'Counting My Blessings,'" and "Love and Marriage"... you can't have one without the other."

I think the downward turning point for music came when we began to lose the Italian influence in our popular music. You don't hear much from the old Italian crooners anymore. . . Perry Como, Dean Martin, Eddie Fisher, Frank Sinatra, Tony Bennett.

After all, the Italians practically invented music. The Greek legend of Orpheus playing his lyre to bring his lovely Eurydice back to life shows the mysterious power of music over our lives and has been the theme of many operas. Most of the old classic operas emanating from Florence, Italy were based on the Greek tragedies. Portions of these arias later became the basis of songs which were made popular in the West during the first half of the 20th century.

Religious music, Gregorian chants, Madrigal choirs, Ambrosian hymns, all had their beginnings in the Mediterranean area and became the foundations of our Western music.

We still use the old Latin terms for the technical aspects of all music whether it be vocal or instrumental. Such familiar terms as: tenor, soprano, alto, tempo, fortissimo, andante, staccato, crescendo, allegro. If you've ever played an instrument in a band or sung a hymn in church or in a choir, you will have come across some of these Latin words giving musical instructions.

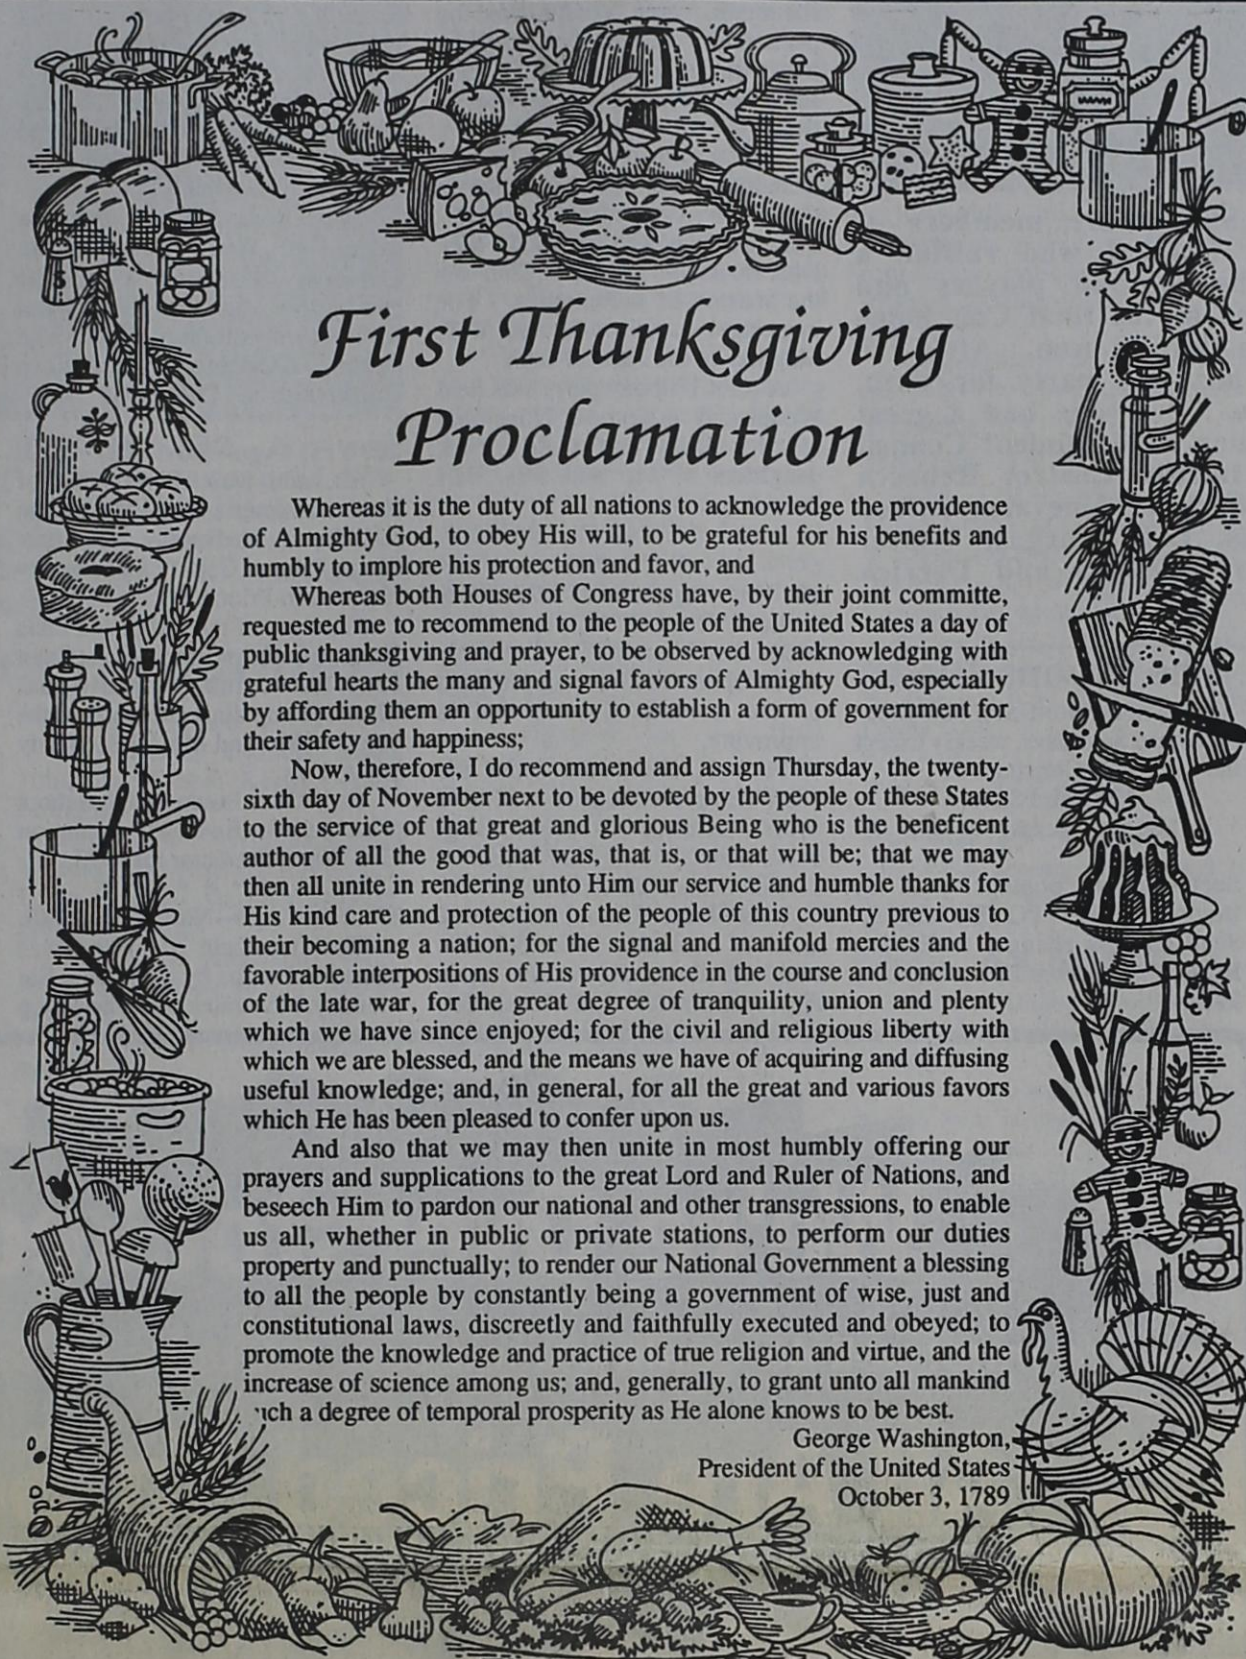

By contrast, today we have an anti-social, anti-musical movement known as Rap. It is difficult to use the words 'music' and 'rap' in the same sentence, since rap is anything except music. It is merely the spoken word put to rhythm.

Melody, rhythm and harmony are the basic elements of music. A series of tones, plus composition make up the melody. Words are not necessary for music, but are merely an added expression. Rap has rhythm and words but no melody, no tones, no harmony. Therefore, it simply is NOT music.

Rap represents much of the negative aspects of our world in 1993. It was conceived from the garbage in the streets of our inner-city ghettos; glorifying guns, gangs, sex, defiance of authority and a violent lifestyle. Some of the popular rap "artists" are: Tupac Shakur, Snoop Dogg, Dr. Dre, Ice-T, Ice Cube. I understand that the "ice" term has something to do with drugs. Most of these mentioned, have been arrested on drug charges. Shakur is currently charged with sexual assault and Dogg is charged with murder.

"A festering cancer on the soul of society" might be an apropos description of rap. Do we want our little children and grandchildren listening to this sort of slime? Music (even faux-music) should be a positive and inspiring influence in our lives. . . not a negative one.

But, on the other hand, what can you say about such musicians as Sheb Wooley (cousin of Friona's own Bill Wooley and June Floyd) who gave us that great all-American classic tune from the 50s, "The One-Eyed, One-Horned, Flying Purple People Eater!"

First Thanksgiving Proclamation

Whereas it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for his benefits and humbly to implore his protection and favor, and

Whereas both Houses of Congress have, by their joint committee, requested me to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many and signal favors of Almighty God, especially by affording them an opportunity to establish a form of government for their safety and happiness;

Now, therefore, I do recommend and assign Thursday, the twenty-sixth day of November next to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent author of all the good that was, that is, or that will be; that we may then all unite in rendering unto Him our service and humble thanks for His kind care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies and the favorable interpositions of His providence in the course and conclusion of the late war, for the great degree of tranquility, union and plenty which we have since enjoyed; for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for all the great and various favors which He has been pleased to confer upon us.

And also that we may then unite in most humbly offering our prayers and supplications to the great Lord and Ruler of Nations, and beseech Him to pardon our national and other transgressions, to enable us all, whether in public or private stations, to perform our duties property and punctually; to render our National Government a blessing to all the people by constantly being a government of wise, just and constitutional laws, discreetly and faithfully executed and obeyed; to promote the knowledge and practice of true religion and virtue, and the increase of science among us; and, generally, to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best.

George Washington,
President of the United States

Drive Carefully During Holiday

A time to be thankful is once again upon us. It seems that during the Thanksgiving period, most people are trying to get home to their loved ones. This is a time when families reunite and gather together for big turkey dinners and a period of time when we give thanks for being able to get together and enjoy ourselves. This also brings on an increase of traffic on our streets and highways. We, the Texas Department of Public Safety, urge everyone to use extreme care this year, so that we can live to have another Thanksgiving.

It is true that many Texas citizens will become a statistic during this holiday period and that many planned gatherings will be ruined by these tragedies. Let us keep in mind, as we plan our trips and gatherings this year, to plan ahead and give ourselves plenty of travel time and plenty of rest stops. We must remember to be a defensive driver and to watch out for

Bovina Blade Announces Teacher Of The Week

This week, we are featuring Helen Deen as "Teacher-of-the-week." She teaches fourth grade at Bovina Elementary School and has taught in Bovina for two years. This is her first teaching position.

Mrs. Deen graduated summa cum laude from Eastern New Mexico University two years ago. She was secretary for the Floyd school system for six years.

Helen is married to Jerry Deen who is a farmer and a fireman. They live in the Pleasant Hill community. The couple has four children.

Bruce is a freshman at Eastern New Mexico University in Portales, New Mexico.

Cody is a pre-med major at New Mexico State University in Las Cruces, New Mexico.

Patty O'Hair teaches second grade in Muleshoe and has two children, Blake who is three years old and Chance who is ten months old.

Kathleen Wagner lives in

the other person at all times.

Remember, no matter how good a driver we may be that we cannot control the person that we are meeting. We have no guarantee that that person has not dropped a cigarette, had a cardiac arrest, tanked up on booze or hopped up on pills. Let's drive as if each driver will always do the unexpected and in this manner we can live to enjoy another holiday. Remember, to always be a defensive driver.

HELEN DEEN

Portales, New Mexico where she teaches sixth grade.

Mrs. Deen enjoys sewing and quilting.

Helen said she enjoys teaching in Bovina and "the people are wonderful!"

Good Crop Noted

Cotton harvest is well underway and in Parmer County there had been 21,289 bales ginned, as of Tuesday noon.

Wayne Smith, owner and manager of the only cotton gin in Bovina said the cotton is exceptionally good this year and he estimated almost half of the crops have been harvested in this area. The other ginners reported only about a fourth to a third of the crop has been harvested.

In the Bovina area, Leslie McCain brought in the first bale of cotton on October 26.

Gins serving Parmer County are: Friona Co-op, Bruegel Brothers, West Hub Gin, Clay's Corner, North Lazbuddie, Bovina Gin, Lariat Gin and Farwell Gin.

Cable Co. Announces Toy Promo

A drive to collect new toys for needy children this holiday season is now underway at Mission Cable, announced Jimmy Evans, General Manager.

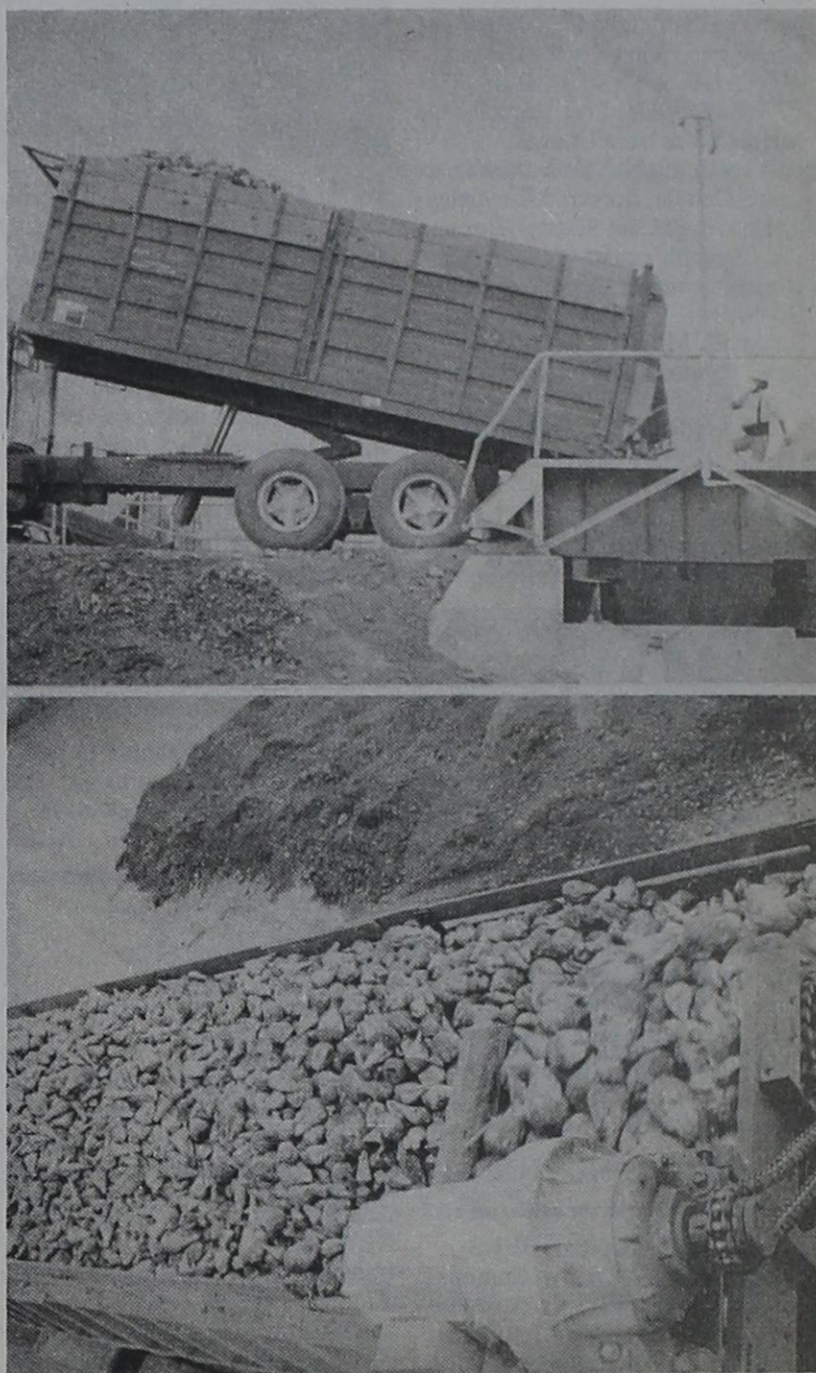

Toys will be collected weekdays at the Mission Cable office, located at 922 Main in Friona.

As an added incentive, Mission cable will offer a special installation rate for customers who want to add a premium channel to their service when they donate a new toy.

"We've held toy drives like this one in the past and they have always been successful, so we decided to do it again this year", said Evans. It's such a worthy cause and, with help from our customers, we hope to collect many toys."

The donated toys will be given to needy families through The Parmer County Child Welfare Board.

Mission Cable provides quality cable television services to the communities of Friona and Bovina. For more information on how to subscribe, please call 1-800-783-5716.

HARVEST ACTIVITIES....Area farmers have been playing a "Beat the Clock" game with the weather during recent days, trying to get as much harvest work done as possible. Cotton stripping has picked up in the past week, along with beet digging. Cotton farmers were glad the moisture by-passed the area, although the cold weather may hurt the beets still in the field.

Cotton Harvest Underway

A cold Arctic front caused temperatures to tumble in the local area by 50 degrees late Tuesday and early Wednesday, but the threatened snow seemed to miss the area, much to the delight of farmers with crops still in their fields.

The cold front caused a halt to

the cotton stripping, with many farmers staying in their fields until midnight Tuesday.

"If the sun shines on Saturday, and we don't get any more moisture, maybe they can get back to stripping. We don't need any more snow on the cotton, one farmer said.

Close Race Seen In Contest Finale

It's still a very close race in the Bovina Blade's Football Contest, which enters its final weekend with several contestants still in the running.

Donnie McDonald of Lazbuddie is still in the lead with a score of 120. A.M. Wilson, a former contest champion who came up with a score of 11 last week, gained a point on McDonald, and is second overall with a score of 119.

Dennis Field, scored a 12 for the week, and is tied with Coach James Russell with scores of 118.

Hattie Burnett likewise scored an 11, and is next with a score of 117.

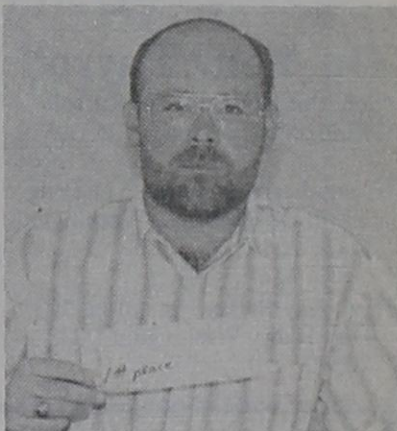

Mike Raymond and Dean Stanberry have scores of 116, and Virginia Steele has a score of 115.

Scores of all the leading contestants can be found elsewhere in this issue.

Field parlayed his score of 12 not only to move into contention two points behind the leader, but also took first place in the weekly contest, as the only contestant to correctly pick 12 of 14 contest games. He missed only Smyer Valley in the six-man ranks and Kansas City-Chicago in the pros, and won the \$10 cash.

Field, a Bovina teacher who lives in Friona, made it a "daily double" by also winning the Friona Star's weekly contest, as the only contestant to pick 14 of 16 at Friona. So he's \$20 better off for the week.

Wilson, a longtime participant in the contest, not only moved just a point back of the leader overall, but tied for second place with his score of "11." He came closest on

DENNIS FIELD

the Dallas-Atlanta score, missing by 20. A.M. picked the Cowboys to win, 27-20. That earned him \$7.50 cash.

Ruby Jones also tied for second place, when she picked the Cowboys to win, 28-21. She missed Perryton-Graham, SMU-Navy and Kansas City-Chicago.

Also picking 11 but missing out on the weekly prize money were Hattie Burnett and Jason Kerby. Hattie missed the tiebreaker score by 22 points and Kerby missed it by 30.

Picking ten games right for the week were Al Kerby, Jr., Becky Johnson, Virginia Steele, Ellice Martinez, Dorothy Stowers, Francisco Torres and Donnie McDonald.

The grand prize winner will be crowned, and awarded the \$100 cash following the final week of competition.

The contest is co-sponsored with the Blade by 14 sports-minded business. We appreciate your support!

Soil Moisture Survey Underway For High Plains Water District

High Plains Water District and USDA-Soil Conservation Service (USDA-SCS) personnel are now collecting data for the annual pre-plant soil moisture survey.

The purpose of the survey is to determine the general soil moisture availability and deficit trends across the 15-county High Plains Water District service area.

Review of the pre-plant soil moisture survey information helps agricultural producers determine the amount of water they need to apply to bring their five-foot root zone soil profile to field capacity without over-irrigating or under-irrigating.

Historical data shows that there is a better likelihood of producing above-average crop yields when the plant root zone of the soil is at or near field capacity prior to planting.

"Unless the area receives significant precipitation during the winter, we expect to find extremely dry soil conditions at most of the 310 soil moisture monitoring sites within the Water District," said Wilfred E. "Willie" Crenwelge, USDA-SCS soil scientist.

"Irrigation for the 1993 growing season ended in early August. Since that time, there has been very little precipitation. Crops remaining in the field continued to deplete the available soil moisture from that time until first freeze," he added.

Three teams are now in the field collecting data for the 1994 pre-plant soil moisture survey. Weather permitting, they should complete their field work in early January.

Crenwelge and Brian Houston started in Deaf Smith County and are working south to Bailey, Cochran, Hockley and Parmer counties.

The USDA-SCS soil scientist noted that 20 additional temporary soil moisture sites will be read in newly-annexed portions of Cochran and Hale counties. Permanent sites have already been installed in the newly-annexed portion of Lynn County.

"Until permanent soil moisture sites can be established, five temporary sites in Cochran County and 15 temporary sites in Hale County will help us gauge soil moisture conditions in these new portions of the Water District," says Crenwelge.

Soil moisture sites are selected based upon soil types, the local saturated thickness of the Ogallala Aquifer which indicates possible well yields, and crop water requirements in the area. Each site represents typical dryland or irrigated farming conditions in the area.

ometers to gather soil moisture data. Readings are taken at six-inch intervals throughout the five-foot soil profile by lowering a neutron probe into a previously-installed aluminum access tube.

Data collected during the pre-plant soil moisture survey is then used to construct maps illustrating the soil moisture available for plant use within the five-foot root zone

soil profile and the amount of water needed to bring the soil profile to field capacity.

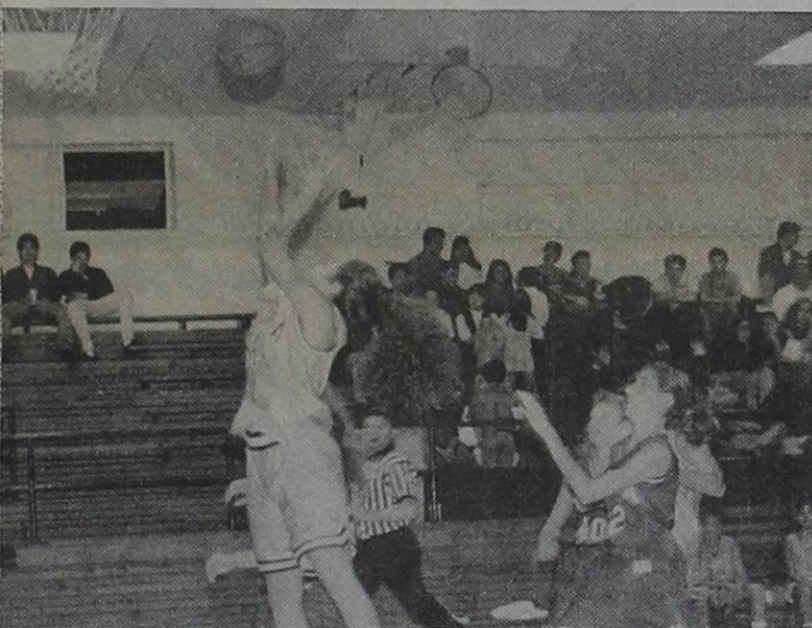

These maps, as well as the results of the pre-plant soil moisture survey, will be provided to local news media and will be published in the Water District's monthly newsletter, *The Cross Section*, prior to the pre-plant irrigation season.

SIXTIETH WEDDING ANNIVERSARY... Vernon and Dottie Ward will celebrate their sixtieth wedding anniversary at the First Baptist Church Fellowship Hall in Bovina, Sunday, December 19 at 2 p.m. The celebration will be hosted by their daughter, Billie, and grandchildren, Kathy, Sharon and Steve, all of Amarillo. Vernon and Dottie were married in Clovis, N.M. and have lived all their married life in Bovina with the exception of 1-1/2 years that Vernon was an electrician at the Army base in Dalhart during World War II. He has worked for the State Highway Department, as bus foreman and owned and operated Ward's Welding for years. Dottie served as a telephone operator in Bovina, worked at Gaines Hardware, the First State Bank in Bovina and eleven years at the Security State Bank in Farwell. They are members of the First Baptist Church and Dottie worked as choir director, taught Sunday School, worked in Bible School and WMU. No local invitations will be sent and your presence is the only gift requested.

Funds Are Available For College

Financial aid for residents of Parmer County who attend vocational college is available by applying to the Panhandle Job Training Partnership Act (JTPA). The cost of tuition, fees, books, and many supplies can be paid for full-time students pursuing an approved course of study.

Many medical, clerical, mechanical, technical and management programs leading to a certificate or associate's degree are covered. Assistance for some law enforcement, computer and truck driving training is also available.

JTPA mainly works with Amarillo College, Clovis Community College, South Plains at Levelland, and Texas State Technical College. Current students at any level, as well as new ones, are encouraged to apply for JTPA assistance for the winter or spring semester. Eligibility for the program is based on income and a number of barriers to employment. There is no upper age limit for participation in JTPA.

A JTPA representative is at the Courthouse in Farwell on Wednesdays from 1-3 p.m., or call the Texas Employment Commission in Hereford at 364-8600 for more information or to set up an appointment. Panhandle JTPA is administered by the Panhandle Regional Planning Commission.

Spot the Hazards!

One of the most important fixtures in the conduction of electric current are those familiar utility poles. These sturdy giants hold the wires high above the ground, out of the reach of children and livestock. Once in a great while, however, weather conditions or accidents will dislodge or break one of these poles, causing the wires to sag or break, and resulting in extremely hazardous conditions. Should you come across a damaged or fallen utility pole, contact Deaf Smith Electric Cooperative immediately. Crews will be dispatched at once to correct the situation. If possible, remain on the scene to warn others of the hazard until repair crews arrive. Responsible Electric Accident Control Today is everyone's concern.

Keep Food On Hand That Can Be Cooked At The Last Minute

By CARLA MCKEOWN

A big event such as Thanksgiving Day dinner for the entire family usually comes with a few surprises—a guest you didn't plan on, Aunt Sally forgot to bring the hot rolls, the dog got into the pantry and ate the snacks you had prepared, etc. The best defense is to be prepared for the worst.

Stock up on ready-to-eat snack mixes, mixed nuts, chips and dips, and a variety of soft drinks—regular and diet. Also, have ready the ingredients for several quick-to-fix dishes. (If you don't use the ingredients for Thanksgiving, plan on making the dish at Christmas.)

Keep on hand the following items for last minute emergencies:

***Dry soup mix:** dry onion soup mix and dry vegetable soup mix can be combined with sour cream for tasty dips; or, mix with mayonnaise for a salad dressing. Mix dry onion soup mix with rice as it cooks, and stir a packet of dry vegetable soup mix into a bowl of mashed potatoes for jazzed up side dishes.

***Little smoked sausages:** wrap an uncooked refrigerated biscuit around a tiny sausage and bake according to the directions on the biscuit package. Or, mix the sausages with a bottle of barbecue sauce and heat in the crock pot. Let guests serve themselves.

***Fresh vegetables:** set out a platter of celery and carrot sticks, broccoli and cauliflower florets, cucumber and bell pepper slices and whole green onions; serve with a bowl of onion dip or ranch dressing. Or, quick-cook a bowl of carrots or broccoli in the microwave for another side dish.

***Instant pudding:** instant pudding can be ready to eat in a matter of minutes and can be dressed up with whipped cream, chopped nuts and maraschino cherries.

***Fresh fruit:** guests can snack on whole fruit, or dip sliced fruit into Honey Lemon Whipped Cream. (To make Honey Lemon Whipped Cream: whip 1 cup of heavy cream to soft peaks; slowly add 1/4 cup honey and whip to stiff peaks. Fold in 5 teaspoons of lemon juice and 1-1/2 teaspoons of

grated lemon peel.) Or, chop a variety of fruit and mix with a little sugar for a delicious fruit salad.

Try the following quick-to-fix recipes if you're pressed for time this holiday season:

CREAMY PISTACHIO SALAD

1-8 ounce carton frozen whipped topping, thawed
1 four-serving package of instant pistachio pudding mix
1-20 ounce can crushed pineapple
1 cup miniature marshmallows

Combine the whipped topping with the dry pudding mix. Add the pineapple and stir well to mix thoroughly. Stir in the marshmallows. Refrigerate for at least one hour.

PINK & PRETTY SALAD

1-13 ounce carton frozen whipped topping, thawed
1-16 ounce carton cottage cheese
1-20 ounce can crushed pineapple
1 four-serving package of strawberry gelatin mix

Stir the dry gelatin mix into the whipped topping. Add the cottage cheese and pineapple; stir to mix well. Chill for at least one hour.

QUICK HOT ROLLS

2 cups buttermilk
6 tablespoons sugar
3 packages dry yeast
6 tablespoons oil
1 teaspoon baking soda
2 teaspoons salt
4 cups flour

Warm the buttermilk to luke warm in a saucepan over medium heat. Add the yeast and stir to dissolve. Add the baking soda and salt. In a large bowl, measure the sugar and oil; pour the buttermilk mixture over the sugar and oil and mix well. Add the flour and knead until the dough is easy to handle. Roll out and cut into biscuits. Put some oil in the pan where the rolls will rise and bake. Dip the biscuits in the oil and turn over. Allow them to rise until double in size. Bake at 450 degrees until brown. The whole procedure will take about one hour.

MICROWAVE FUDGE

1-12 ounce package semi-sweet chocolate chips
1 can sweetened condensed milk
1 teaspoon vanilla extract

Place the chocolate chips in a microwave-safe dish. Microwave on high for 1 minute. Stir. Continue to microwave, stirring after every 30 seconds, until the chocolate chips are melted and smooth. (Note: chocolate chips burn easily in a microwave, so it is important to stir frequently.) Remove from microwave and stir in sweetened condensed milk and vanilla. Spread in a buttered 9 or 8-inch square pan; allow to cool. When cool, cut into small squares.

Facts About The **BIBLE** BY JOHN LEHTI

WHEN KINGS DIFFER!

AMAZIAH, KING OF JUDAH (II CHRON. 25) IN THE TWELFTH YEAR OF HIS REIGN, WENT TO WAR WITH THE EDOMITES! NOT SATISFIED WITH HIS OWN ARMY'S STRENGTH, HE HIRED A HUNDRED THOUSAND SOLDIERS FROM THE KINGDOM OF ISRAEL, BUT THEN HE SENT THEM BACK TO THEIR OWN COUNTRY BECAUSE SOME OF THE PEOPLE OF THE NORTHERN KINGDOM (ISRAEL) WERE TAINTED BY IDOLATRY. NOW, WHILE AMAZIAH WAS CONQUERING THE EDOMITES, THESE ISRAELITES, WHO HAD BEEN DISMISSED IN RESENTMENT, PLUNDERED SEVERAL OF THE TOWNS OF JUDAH ON THE HOMEWARD MARCH. THE VICTORY OVER THE EDOMITES ACTUALLY WAS THE RUIN OF AMAZIAH! HAVING JUST WAGED A SUCCESSFUL WAR, AMAZIAH DECIDED TO CHASTISE HIS BROTHERS IN ISRAEL FOR THEIR BEHAVIOR ON THEIR HOMEWARD MARCH!

HE SENT A MESSENGER TO THE KING OF ISRAEL (JOASH) CHALLENGING HIM TO WAR. BUT JOASH CAUTIONED AMAZIAH TO LEAVE WELL ENOUGH ALONE OR A CATASTROPHE MIGHT OCCUR IF HE EVER MET THE ISRAELITE ARMY ON THE FIELD OF BATTLE!!

TELL AMAZIAH... "WHY SHOULD YOU SPOIL THE VICTORY OVER THE EDOMITES, AND FALL BEFORE MY ARMY?"

When decorating for Christmas, Make A Safety List And Check It Twice!

SAFETY LIST

- CHECK ALL CORDS for frayed or bare wires, cracked insulation, loose connections and damaged plugs or light sockets.
- TEST LIGHTS BEFORE STRINGING.
- UNPLUG LIGHTS BEFORE MAKING REPAIRS or replacing light bulbs.
- DON'T OVERLOAD CIRCUITS. Too many lights on one circuit can cause fire.
- NO LIGHTS ON METALLIC TREES.
- KEEP YOUR TREE FRESH. Trim the base and keep plenty of water in the tree stand.
- TURN OFF ALL LIGHTS BEFORE LEAVING or going to bed. You'll save money and be safer, too.
- DON'T USE INDOOR LIGHTS OUTSIDE.
- AVOID OUTDOOR ELECTRICAL LINES when hanging lights on the rooftop or in tall trees.
- USE WATERPROOF LIGHTING EQUIPMENT OUTDOORS. Also, hang sockets downwards and don't leave a socket empty.

Contact your local SPS office for more safety tips.

Wishing you a safe, happy holiday.

By SCOOTER RUSSELL

The Christmas season is celebrated around the world with lights—big lights and little lights, bright lights, colored lights, lights for warmth, hope, joy and especially lights of love.

Many of our people have been patients in High Plains Baptist Hospital in Amarillo or perhaps you yourself have been a patient. We are all aware of this wonderful hospital and this year sparkling white lights will adorn trees all

around High Plains Baptist Hospital, giving a festive air to the grounds and adding a touch of cheer for those who come to HPBH for medical help or to visit loved ones.

If you would like, you can help HPBH Auxiliary turn on the Christmas lights and, at the same time, honor or remember special people by making a gift to illuminate the LIGHTS OF LOVE. Names of all honorees will be displayed in the HPBH entrance

hallway and acknowledgements of gifts will be sent to donors, honorees and/or their families.

Your Christmas will also be brighter for helping them to brighten the lives of others during the season of lights of love. If you would like to send a donation, it can be mailed to High Plains Baptist Hospital, 1600 Wallace Boulevard, Amarillo, Texas, 79106-1799 and designate your gift is to be used for the Light of Love.

Sam and Shirley Garrison had a good time with their daughter, Samie, and her son, Davis, visiting from Mobeetie. They came on a Friday and stayed until Sunday. Little Davis is ten months old now and keeps them busy. Samie teaches at Ft. Elliott, which is near Mobeetie.

 Congratulations to Tomas and Leonor Fuentes on the birth of a granddaughter, Samantha, who was born November 20, at the Clovis hospital.

Her parents are Tony and Mary Lou Castaneda of Clovis. The couple already has two daughters and a son. This makes seven grandchildren for Tomas and Leonor.

 Congratulations to Buster and Mearle Morgan on the birth of a great-grandson, Ostyn Parc, born November 11. His parents are Jonathan and Leigh-Anne Harris of Dimmitt. He is the couple's first child.

 SMILE: Congress is so strange. A person gets up to speak and says nothing, nobody listens and then everybody disagrees.

 If you have had company, have been somewhere on vacation or have any item of interest, give us a call. Have a good week... Scooter.

TWO FOR MATT....Matt Hromas (44) goes up for a basket in Tuesday night's game. Friona's Kit Preston (left) seems to be watching the official.

NEWS AROUND TOWN....

All of us are aware of the problems that American Airlines was having until the disputes were settled.

Donald and Nita Dale's daughter, Marci, took a flight to see her husband, who is working in Madison, Wisconsin. Her plane was to leave at 6 a.m., but after the flight had been canceled and re-scheduled, Marci got out of Lubbock at 3 p.m.

She missed her flight by eight minutes in Dallas and also at Chicago and her husband, Dave Butler, had to drive three and one-half hours to get her to Chicago. They arrived in Madison at 1 a.m.

Their concern was getting her back without too much trouble.

 Larry Hammonds underwent surgery to remove a tumor from his head. Friends said he was in surgery for twenty-two hours but came through the surgery fine. He is a patient at the University Medical Center in Lubbock and underwent surgery a week ago Thursday.

 Evelyn Joyce Vineyard of Glen Rose, Texas is in Bovina visiting with her sister and brothers, Vi Hutto, Eddie Gayle and Dickie. While here, the family celebrated their dad's birthday.

 My mother, Meca West, and I drove to Oklahoma City last week and visited a couple of days with my aunt and cousin, Rose Lee Mullin, and Florene Rice. We enjoyed a good visit and trips to the pretty malls.

 We congratulate Brooke Charles for placing eighth in state class 1A cross-country competition weekend before last in Austin. That's great and Brooke, we are proud of you! Brooke's dad, Billy J., said it was a quick trip because they drove to Austin on Friday and came back home on Saturday.

 Mike and Belinda Ware have returned from Las Cruces, New Mexico, where they visited with their family. Belinda was raised in Las Cruces and her parents, Clay and Mary Garrett, also her grandparents, Carl and Johnni Garrett, live there.

The purpose of their trip was to celebrate an early Thanksgiving with her brother, Mark and Meg Garrett, and family, who are moving from Las Cruces to Meagan, Georgia. Belinda said they had fun for three days before returning home.
