

R.J.C. Freshmen Organize for Year

The freshman class of Ranger Junior College was organized Monday under the sponsorship of Mrs. Mae Healer.

Those elected to office were: Steven Prodar, president; Arline Brown, vice-president; Mary Rose O'Neal, secretary-treasurer, and

Margaret Smith, reporter. Scott Neal, Christine Mills, and R. V. Robinson were appointed as a temporary entertainment committee to aid Mrs. Healer in the preparation of the coming reception which is held annually by the college.

Killingsworth, Cox has completed

installation of new awnings across the entire front of the store on Main street.

Funds Allocated To Health Units

AUSTIN.—One of the outstanding benefits of the allocation of Social Security funds to the State Department of Health, as pointed out recently by Dr. John W. Brown, State Health Officer, is the possibility of broadening the program of County Health Units.

Chickens — Chickens

STAR - Sulphurous-Compound given in drinking water will restore lost vitality and egg production caused by the hot weather and moulting.

STAR ITCH REMEDY

Stops instantly the Itching of Athletes Foot, Eczema, Tetter, Ringworm — Itch of all kind. — Kills the Parasitic Germ that causes Itching.

Calotabs BILIOUSNESS

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

HAY-FEVER

Hay-fever sufferers who use Hai-Sol say that it brings quick relief even in severe cases.

organizations and disclosed the need for health units in other Texas counties.

The first county health unit in the nation was established in 1911 in Yakima County, Washington, following an epidemic of typhoid fever that attracted the attention of the United States Public Health Service.

Under the plan of the International Health Board of the Rockefeller Foundation funds were allotted to Texas in 1917, combined with State funds, and a program administered through the State Department of Health.

Under the provisions of the Social Security Act it is possible to form new health units in Texas through the State Department of Health with counties, furnishing a portion of funds necessary, and State and Federal governments completing the sum.

Figures show that the average beard grows only six inches a year — conclusive proof that the country could not turn Bolshevik overnight.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

Film Players Elope by Air

After a plane flight from Hollywood, Ann Dolan, top photo, known on the screen as Ann Nagel, and Ross Alexander, lower photo, youthful film actor, were married at Yuma, Ariz., the "Gretna Green" just across the California border.

Records Show the Fall of Meteorites

AUSTIN.—Stars have fallen on Alabama, but meteorites are known to have fallen 38 times on Texas.

Dr. H. B. Stenzel, supervisor of the division of geology of the museum being established by the University of Texas, is gathering samples of the meteorite falls for

permanent display. Twelve already are in possession of the university. Three more have been lent for display purpose.

The largest, lent for continental display, weight more than 200 pounds. It was found in 1850 on an Indian reservation on the upper Brazos River.

A depression near Odessa is believed by scientists to have been caused by the largest meteor to strike within the state.

OPENING P. T. A. PROGRAM GIVES NEW INSPIRATIONS FOR EDUCATIONAL WORK

Mothers in Ranger who have children in school have discovered the best way to attain the satisfactory results from a school year is to take active part in the work of the Parent-Teacher association, child study clubs and other informative branches.

The meeting was brought to order at 3.45 and prayer was said by Mrs. John Hassen. The remainder of the program was as follows: Song, "The Eyes of Texas," by the group, with Miss Marguerite Ad-

anson at the piano; welcome address by the president, Mrs. John Hassen; school history and introduction of teachers, by principal P. O. Hatley; P. T. A. song, by the group; reading, Mrs. L. E. White; song, quartette, Misses Fern Allen Meroney, Alice Henry, Fern Taylor and Betty Sue Blanton; tap dance by Dorothy Henry.

Refreshments served by Mrs. E. R. Green and Mrs. W. W. Jarvis, Jr., were chilled fruit glasses of punch with cakes. Forty-seven mothers were present.

Officers to fill their respective places this year are: President, Mrs. John Hassen; first vice, president, Mrs. W. W.

Jarvis, Jr.; second vice president, Mrs. Odelle Cole; third vice president, Mrs. J. B. Houghton; secretary, Mrs. E. R. Green; treasurer, Mrs. Saule Perlestein; publicity chairman, Mrs. L. E. White; hospitality, Mrs. W. M. Brown and Mrs. Johnson; room committee, Mrs. R. A. Jameson and Mrs. R. S. Balch; pianist, Miss Marguerite Adamson; budget committee, Mrs. J. B. Houghton, Mrs. P. O. Hatley and Mrs. W. W. Jarvis; program committee, Mrs. Jarvis, Mrs. E. R. Green and Mrs. Edwin George, Jr.; membership, Mrs. Odelle Cole, Mrs. Carl Heinlin and Mrs. Eubanks.

Lucky for You
— It's a Light Smoke!

To feel good after smoking — It's not just the pleasure a fellow gets out of smoking Lucky Strikes... it's feeling good after smoking! Fresh as a daisy. A clean taste in your mouth. And when you start singing in your bath—your voice clear as a bell! That's the great thing about a light smoke. Lucky Strikes—being made from the finest center-leaf tobaccos—taste good. And because they're a light smoke, you feel good smoking them. And after smoking them, too!

NEWS FLASH!
"Sweepstakes" bring pleasure to war veterans

From a veterans' home in Legion, Texas, a number of entries all in the same handwriting come in each week. Of course we checked up to make sure that the entries conformed to the rules, and one of the men explained: "Most of the boys can't get around—but I do and so I fill out their cards for them."

We're glad to say that the boys have been pretty good pickers, too.

Have you entered yet? Have you won your delicious Lucky Strikes? Tune in "Your Hit Parade"—Wednesday and Saturday evenings. Listen, judge, and compare the tunes—then try Your Lucky Strike "Sweepstakes." And if you're not already smoking Luckies, buy a pack today and try them, too. Maybe you've been missing something. You'll appreciate the advantages of Luckies—a Light Smoke of rich, ripe-bodied tobacco.

A LIGHT SMOKE LEAVES A CLEAN TASTE
A clean taste—a clear throat—what a joy when you wake up in the morning! You'll be thankful that last evening you chose a light smoke—Luckies.

Luckies — a light smoke

EASTLAND CO. NEWS

STRAWN NEWS

Lawrence Dalton has returned home after spending several months in Florida. Miss Opal Hodgkins and her brother, Charlie, attended the Texas Centennial in Dallas last week. Mr. and Mrs. Tom Hodges of Fort Worth were the week-end guests of Mr. and Mrs. J. A. Hodges. Mrs. Roy Baughman of Kilgore is visiting her parents, Mr. and Mrs. C. D. Farnley. Miss Vera Mae Robinson visited relatives in Mineral Wells last week. Wilson Ray Dyer attended the Texas Centennial in Dallas and the Frontier Centennial in Fort Worth last week. Mrs. Jack Irby and daughter, Rosemary, left Wednesday to visit relatives and attend the Centennial at Dallas. Miss Lula Tidwell of Palo Pinto

was a Strawn visitor over the week-end. Mrs. J. H. Smith and Miss Salie Aguirre of Palo Pinto were Strawn visitors Saturday. Mr. and Mrs. O. M. Hurst are attending the Gulf States Life Insurance convention in Dallas this week. They will see the Centennial celebrations in both Dallas and Fort Worth. Miss Sarah Louise Cook of Corbin is the house guest of Mrs. Kate Mann this week. Mr. and Mrs. Charles Neblett of Stephenville visited Mr. and Mrs. A. F. Disharoon this week. Warren Watson transacted business in Odessa last week. Bud Loflin of Arlington visited relatives here last week. Howard Tucker is spending the week in Ranger with his brother, Jack Tucker. Howard Durham and George White of Albany were Strawn visitors Sunday. William Goforth has returned to his home in Tolar after spending

several weeks in Strawn. Miss Georgia Stephens left this week for Dallas, where she will attend Miss Hockaday's school. Mountain School News This community has received around 8 inches of rain. It has greened the pastureland and put out plenty of water for stock. The peanuts that were piled in the fields are badly injured. The hay is rotting but it is possible that most of the peanuts are not ruined. Several from this community were in Gorman on Trades Day. There was a mistake in the report that Mr. O. H. Moore, who teaches the school here, was boarding at R. S. Hoene's. He is boarding with Mrs. J. H. Tidwell. Because of rainy weather he was unable to return to his home for the week-end. Ted Hall, Hardy Tidwell and Steve Riggs of this community are at Breckenridge working for the Lone Star Gas Co. They visited at home during the rainy weather. Mrs. Mattie Sparks is due to return this week from an extended visit in the plains country. Mr. J. D. Bowen of Kermit and his mother and step-father, of Ranger, visited Mr. and Mrs. Peg Abernathy Monday and Tuesday. Mr. Ulmer Hogg was in Fort Worth on business Tuesday and Wednesday. Mrs. Hardy Tidwell, accompanied by Mr. J. D. Bowen of Kermit and Mrs. Lyman Northcutt and daughter of Desdemona, drove to Breckenridge Monday night to visit Mr. Northcutt and Mr. Tidwell. "Uncle Fayette" Fonville, who has been in bad health for some time, is about as well as usual.

The county road hands are now working on the road between here and Desdemona, and it needs it badly. Colony The senior class of Colony high school was entertained at a party Friday night at the home of their sponsor, Mrs. Guy T. Smith. A number were there and all enjoyed themselves. The class in biology at Colony school is taking great interest in the collection of specimens. Mrs. W. J. Davis has been ill for the past week, but is now improving. Mrs. Sylvan Gray of Fort Worth has been visiting her sister, Mrs. B. R. Alderson. Misses Joyce Alderson, Dorothy Davis and Doris Hooks were the guests of Misses Ovada Anderson and Aileen Fitzgerald at a candy making Tuesday night.

Olden The ladies of the Olden W. M. U. met at 2 o'clock in the church for Bible study, taught by Miss Viola Almon, who gave a very interesting lesson beginning with the first three chapters of Genesis revealing God's great love as a creator, as the God of power and love of mercy, as a protector, as a guide to our lives, a balm to our souls, the fulfiller of all promises. We again invite all ladies to join us. We have Bible study twice a month, the first and third Mondays, royal service second Monday and the fourth Monday is social day. The opening prayer at this week's meeting was led by Mrs. George Collins. Closing prayer by Mrs. Edmonds. Legal Records Instruments Rel. Lien—Mrs. Nannie Walker to Ellis Cooper—20 acres of J. P. American Ideals An Election Issue

The average citizen must be getting more than a little tired of the campaign orators who are going up and down the land telling all who listen that the coming presidential election is the most fateful in the nation's history.

Nevertheless there is a sense in which this campaign is going to be a landmark for future historians. How it comes out may not change the course of history; how it is conducted may be exceedingly important.

Consider this fact: America is one of the last of the great democracies in this modern world. All across Europe, in country after country, democratic institutions have collapsed and fallen.

Ordinary men all over the civilized world have come to wonder whether, after all, complete self-government is a working possibility in the world as it exists today.

These people are watching our presidential campaign this year as never before. How will the greatest of democracies conduct her affairs this year?

Will she, in a time of great stress, when men are worried and uncertain and the future is perplexing, be able to make a sane and intelligent decision on the issues without giving way to emotion or prejudice?

How America answers those questions may play a major part in settling the fate of democracy.

For this country, which introduced democracy to the modern world, must now justify it. It must prove that democracy can work as well in hard times as in good; that the people themselves, with unlimited discussion and a free choice, can guide the destinies of a nation as sensibly and efficiently as can a clique of self-appointed rulers.

It must demonstrate that the common folk of a great country deserve their freedom.

What happens between now and election day is all-important. If we spend our time on hush-hush campaign rumors, run after the stump speakers who devote themselves to attacks on character, and get all befuddled with unimportant side issues, we shall be telling the other nations that democracy doesn't work so well, after all.

But if we hew straight to the line, examine the issues thoroughly and intelligently, refuse to be stampeded by fear or prejudice, accept each candidate as an honest and patriotic American, and make our decision finally according to our most sober judgment—then the cause of democracy in the world as a whole will get a great, new lease on life.

It turns out that wrestler Zybszko is safe after being reported a victim in the Spanish revolt. Those grunts and groans are often deceptive.

WINNERS ARE ANNOUNCED FOR TENTH ANNUAL FAIR

THE WORLD-FAMOUS "COCONUT GROVE" IN LOS ANGELES. This famous restaurant of the Ambassador Hotel is a center for dining de luxe. Stars of stage and screen—California's gay society—parade by the Cocoanut Grove, Jimmy, the well-known maître d'hôtel of the Cocoanut Grove, says: "People who are good judges of food are equally discriminating in their choice of a cigarette. Here they all seem to smoke Camels."

"CAMELS ALWAYS SET ME RIGHT," reports Sydney Jones, expert electrician, who likes to feel his digestion is going along smoothly. "Make my food taste better and help my digestion."

Smoking Camels with meals and after helps bring a sense of well-being. EATING is one of life's real pleasures. Camels make it more enjoyable! Smoking Camels speeds up the flow of digestive fluids... alkaline digestive fluids, which good digestion requires. Mild, rich-tasting Camels are a refreshing stand-by the whole day through. Camels set you right! They never get on your nerves... tire your taste... or irritate your throat.

THOSE WHO "for Digestion's sake — Smoke Camels!" EXPERIENCE A DELIGHTFUL SENSE OF DIGESTIVE WELL-BEING

COSTLIER TOBACCOS Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand. HOLLYWOOD RADIO TREAT! Camel Cigarettes bring you a FULL HOUR'S ENTERTAINMENT! Two great orchestras and glamorous Hollywood Guest Stars. Times—8:30 p.m. E. S. T. 9:30 p.m. E. S. T. 11:30 p.m. C. S. T. 11:30 p.m. M. S. T. 5:30 p.m. P. S. T. over WABC-Columbia Network.

"ONE PLEASURE I NEVER DENY MYSELF is smoking Camels during meals and after," says Mrs. H. W. Robinson, busy matron. "Camels help my digestion. And they are so mild."

NATIONAL BOWLING CHAMP, Charlie Warren, says: "It's Camels for me. When I smoke Camels at mealtime and after, I have a great feeling of comfort. And I enjoy my meals more too." LESTER STOFFEN, tennis champ. Like so many of sportdom's top-notchers, he prefers Camels. "An athlete has to have good digestion," says Lester. "I smoke a lot during meals and after. Camels make food digest easier."

ON TEXAS FARMS

BROWNSVILLE. — Two dustings of 20-80 formula of copper sulphate dust increased yields 25 bushels per acre on the farm of Harry Whipple of Cameron County, according to Henry A. Alsmeyer, county agricultural agent.

The two dustings were 10 days apart, the last dusting being made 30 days before the potatoes were dug.

BEAUMONT. — By fertilizing and cultivating his land properly and selling his melons from a roadside stand, Richard Wies, Jefferson county 4-H club boy, made \$197.50 net profit from one acre of watermelons, according to J. E. Combs, county agricultural agent.

Richard used 700 pounds of 6-10-7 fertilizer which cost \$12.50. The labor cost for planting, cultivating, and harvesting was approximately \$20. He sold a number of his melons from a roadside stand at 30 to 50 cents each. The remainder was sold at 10 to 30 cents each to wholesalers who came to the fields for the melons.

GARDEN CITY. — John Dickerson, ranchman in Glascock county, recently reported that his flock of 26 white leghorn hens is still producing 18 eggs per day, the same as they produced before he sold 23 of his hens.

H. F. Kothmann, Reagan and Glascock county agricultural agent, recently held a culling demonstration on Dickerson's ranch and culled out many of the non-laying hens in Dickerson's flock.

Dickerson reports that his feed cost has been cut 50 per cent through the elimination of his "star boarder" hens.

PEARSALL. — Shrubs may profit by hot dry weather, if a person will only take advantage of the weather to kill out bermuda grass among the shrubs, according to Mrs. Clyde McKinley, yard improvement demonstrator for the Melon Home Demonstration club in Frio county.

"Let the shrubs and roses go as dormant as they may so they can be in the best condition for fall and winter," she says. She cut her bermuda grass straight down through the roots with a sharp spade, shook the dirt out of the grass roots, disposed of the roots, and left the soil loose in the bed.

KINGSVILLE. — The problem of what to do with some sheets that were too short to be comfortable and yet too good to be discarded, has been solved by Mrs. B. W. Weir of Kleberg county, according to Miss Effie E. McClane, home demonstration agent.

Mrs. Weir added a piece of sheeting of the same quality and width of the sheets to make them 108 inches long. "This permits

sufficient tucking to make the bed comfortably smooth and with the second sheet to allow for turning back about 12 inches over the covers to prevent them from oiling," she says.

GAINESVILLE. — At a cost of 20 cents for hinges and nails, Mrs. Weldon Boley, Food supply demonstrator for the Callisburg home demonstration club in Cooke county, has a closet for her canned products. Heavy unfinished lumber that was stored in the attic was used to frame it; the doors were covered with heavy pasteboard; and the closet was lined throughout with pasteboard to keep the products cool.

Mrs. Boley has canned 300 containers this season and has on hand more than 100 containers left over from last year.

Better Methods of Tax Collection Are Raising Revenue

AUSTIN.—More efficient methods of collection and a general improvement in business conditions were responsible for the substantial increase in gasoline tax collections which reached a new all-time high during the fiscal year ending August 31, in the opinion of George H. Sheppard, comptroller of public accounts.

Total collections for the fiscal year were \$41,193,960, an increase of \$4,111,035 over the preceding year, which also broke all previous records. The percentage of increase in the fiscal year just closed over the previous year was 11 per cent, compared with an increase of 9.07 per cent in collections for 1934-35 over the 1933-34 fiscal year.

Since March of 1933, when the state inaugurated enforcement of the first of several revisions in the gasoline tax law, until August, 1936, the receipts from this source have shown material progress each month, with few exceptions. In March, 1933, total receipts from the tax were \$2,291,924, while for August, 1936, the income was \$4,067,861, an increase of 78 per cent.

Only in two months of the last fiscal year, October and November, did gasoline tax receipts fall below the corresponding months for the previous accounting period and there decreases were only slight. Starting in December, collections experienced a steady rise.

The amount that can be attributed to Centennial travel cannot be accurately calculated but the Comptroller's statisticians estimated it would represent the difference between the normal percentage of increase through the year and the amount of increase recorded for the Centennial months. They said, however, that even this difference could not definitely be attributed to Centennial traffic. In support of this conclusion they pointed to an increase of 16.6 per cent in collections in April over the same month of 1935, as compared to an increase of 15.1 per cent in June, the first month of the Centennial, over the same month last year.

July, 1936, collections were 21.5 per cent over the same month of 1935 but August collections dropped to 11.1 per cent, just slightly above the normal average increase. The percentage of increase in August, 1936, was 7.6 less than the percentage of increase recorded for August, 1935.

The enforcement, rather than other factors, is the chief cause of the increase in the cigarette tax; disapproval for the fiscal year, Sheppard said. The comptroller's agents released from court injunctions with which they literally had been plastered, collected \$5,434,450 in cigarette taxes as compared to \$4,302,542 the previous year, an increase of \$1,131,908. Before high court decisions established the right of the comptroller to collect the tax on smokes purportedly purchased in interstate commerce the state lost hundreds of thousands of dollars.

The increase in the gasoline tax will enable the state to undertake some badly needed highway construction that has been delayed because of lack of funds. A major portion of the funds of the past few years has been needed to match federal aid, maintain existing highways and provide for other expenses, with a consequent slowing down of construction from purely state funds.

The highway commission and its engineers now are working on the 1937 federal aid program and when it is completed will consider projects to be constructed from state funds only.

Five Fellowships For Chemistry Open

By United Press
WILMINGTON, Del.—The Labor Foundation has announced the terms and conditions of five fellowship awards of \$2,500 each which will be granted for the academic year 1937-38. Applications are to be in the hands of the Secretary, A. Lalor Burdick, by Dec. 1, 1936, and appointments will be made in February, 1937.

Awards will be for research work in chemistry and related sciences. They may be used for work anywhere in the United States or abroad. However, as a memorial to the late Dr. Arthur A. Noyes, founder of the research laboratory of physical chemistry at the Massachusetts Institute of Technology, one of the awards for each of the next four years will be specifically assigned to work at that institution.

Appointment is open to men and women residents of the United States. No age limit is prescribed but the usual range of ages will be between 25 and 40. Professors on sabbatical leave or other leave of absence are among those eligible. High intellectual and personal qualifications as well as creative ability and capacity for productive scholarship are essential elements in the appraisal of candidates.

Three Are Arrested Before Report Ends

HOUSTON. — Radio Patrolmen O. C. Rice and R. R. Simmons read the license number of an automobile just ahead of their car as the police dispatcher called it out over the loudspeaker. They placed three men under arrest before the broadcast to look for a stolen car, ended.

LAI D OFF FROM WORK BY CONSTIPATION

"For four years I suffered from constipation. I had to get up every day to lay off from work. My doctor told me to use Kellogg's ALL-BRAN. Since then, my grocery list has never been complete without it."—Mr. A. W. Murphy, 1010 16th St., Tuscaloosa, Alabama.

This delicious cereal will give you the same, sure relief. Laboratory tests prove it's safe. With the body, its "bulk" absorbs moisture, forms a soft mass, gently cleanses the intestines. ALL-BRAN also furnishes vitamin B which tones the intestines, and iron for the blood.

Just eat two tablespoonfuls daily. Serve as a cereal or cook into appetizing recipes. Isn't this natural food better than pills and drugs?

When you're at the grocery store today, get a package of Kellogg's ALL-BRAN. Try it a week, and see if you don't feel worlds better. Made and guaranteed by Kellogg in Battle Creek.

Railroads Try New 'Double Deck' Pullman Cars

Double deck streamlined Pullman sleeping cars, with rooms on two levels, have been introduced for railway service between New York and Chicago preparatory to their introduction in general traffic. These cars, distinguished by the "duplex" window arrangement, are connected with new observation lounge cars, as shown in top photo. Three steps from the corridor at the side of the sleeping car lead to berths on the upper level. Arrangement of these berths is shown lower right and interior of the observation car lower left. The two cars, made of alloy steel and aluminum, are said to weigh no more than a standard Pullman.

Lower Age Level Among CCC Boys

WASHINGTON — The New Deal's amateur foresters are becoming younger. Robert Fechner, director of Civilian Conservation Corps Work, has made public the results of a survey conducted by the Department of Labor to determine the age distribution of 238,846 young men between the ages of 17 and 28, who were selected for enrollment in the CCC corps between Oct. 1, 1935, and July 1, 1936. This survey, covering the selection of all young men enrolled in the CCC since the minimum age limit of 17 was set, showed that more than one-half of the men came from the 17 and 18 year age groups. The survey also disclosed that 75 per cent were in the 17, 18, 19 and 20 year age brackets. Not more than 17.22 per cent of the applicants were above 21 years of age when selected.

Peer Reports Study Of Pigmy Colony

LONDON — A strange race of pigmies, men and women who have never come in contact with white men, was visited by Lord Moyne, who has returned to England from the Malay Archipelago. Lord Moyne exhibited for charity the trophies he collected dur-

ing his expedition to Papua. Among them are the scanty head-dress which the pigmies wear. "The existence of the strange race of pigmies long has been spoken of, but never established," said Lord Moyne. "They once were seen by a prospector between the Ramu river and Mount Hagen, in the old Germany colony of New Guinea, which is now under Australian mandate. "We were fortunate in being able to trace the tribe. I was able to photograph and to measure them. The average height of the men was 4 feet, 6 inches, while the women were on the average 4 feet, 3 inches. "They are savage and ferocious, and are constantly at war with neighboring tribes. They are not black, but of a yellow tinge, although they possess the negroid features. Their weapons are mostly of bone or shell. Once they mastered their fear of us we found them friendly, although they are cannibals."

Bags of Beans Yield Gold-Bearing Quartz

SEWARD, Alaska — Some California bean field may be rich in gold. A Seward miner discovered a piece of gold-bearing quartz

about the size of a bean in a quantity of the staple vegetable he purchased here. Examination showed a number of pieces of the quartz, picked up when the beans were harvested. A check showed they came from California, but the exact locality is unknown.

Demand Rising Over Nebraska For Irrigation

LINCOLN, Nebr. — Many Nebraska farmers are talking irrigation as a practical method of fighting the drought and lesser dry years.

They note that the irrigated North Platte Valley of western Nebraska expects to produce 50 bushel corn, a good sugar beet harvest and other crops, despite the worst drought known to this state. Robert H. Willis, chief of the state bureau of irrigation, says an increasing number of farmers are using pump irrigation in eastern Nebraska, where the rainfall in other years was sufficient. Irrigation, Willis pointed out, is possible only when water is available and when the land is not too hilly. Dry-land farmers of Box Butte and Cheyenne counties in the west are petitioning federal officials for funds for irrigation experiments. Of Nebraska's 93 counties, 88 are classified as drought areas. The "free" counties are Nemaha,

only eastern county not listed; Scotts Bluff and Kimball, in the western panhandle; Grant, which fringes the panhandle, and McPherson, situated in the heart of the sandhills. FLYING LIBRARIAN APPEARS PASADENA, Cal. — Miss Esther Bauer, assistant librarian at one of the city's branches, believes she is the only flying librarian in the United States. She practices flying between library hours. She finally won her pilot's license.

For First Aid in relieving common skin ailments or skin injuries always rely on **Resinol**

Easy Turbolator And Philco Radio Featured by Firm

Each season seemingly brings into evidence the importance of household appliances. Particularly as cooler weather makes its appearance, the more interest is evidenced by the average housewife. But despite the interest, the wise housewife favors the easier way, adding greater pleasure and time saving to her system. When one says "Easy" it brings to mind the Easy specialty demonstration of the Easy Turbolator washing machine, featured in a special way at the Killingsworth-Cox Furniture store, Ranger. The scientifically perfected construction of the Easy Turbolator introduces eight outstanding features, which are clearly and satisfactorily demonstrated to each fall. Not only these features of interest to all but it is delightful to twist your radio dial, if it is a Philco, a musical instrument of quality.

Zephyr Service For Texas Is Mapped

Fast zephyr service between Houston, Dallas and Fort Worth was announced here today by General John A. Hulen, president of the Burlington-Rock Island railroad and chief executive officer of the joint Texas division of the Fort Worth & Denver City, and the Chicago, Rock Island and Gulf railroads. One of the world-famous zephyrs will be placed in daily round trip service between Houston, Dallas and Ft. Worth, starting Oct. 1. This stainless steel, diesel powered, streamlined train, which will be known as the Sam Houston Zephyr, will trim one hour and twenty minutes from the fastest service now in effect between these points, which is made by the Burlington-Rock Island's "Short Line Flyer." The zephyr will furnish an additional service over this run—supplementing and not supplanting the "Short Line Flyer." The running schedule, which will have the practical effect of bringing North and South Texas closer together, and which calls for exactly a mile-a-minute average speed between Houston and Dallas, is as follows: Leave Houston 7:55 a. m., arrive Dallas 12:05 p. m., leave Dallas 12:10 p. m., arrive Ft. Worth 12:55 p. m. Leave Ft. Worth 6 p. m., arrive Dallas 6:45 p. m., leave Dallas 7 p. m., arrive Houston 11:10 p. m. Intermediate station stops will

be made at Waxahachie, Corsicana and Teague, but only for long haul passengers.

The Sam Houston Zephyr will feature all of the latest daytime travel innovations introduced by the streamlined era to further the comfort and luxury of modern rail travel. Completely air-conditioned throughout, this stainless steel speedster is built with articulated trucks which give the three cars the riding quality of a single unit.

HUMBLE MOTOR FUEL

—at regular price—

Humble Motor Fuel is the economical fuel for careful buyers. When you stop at the red "Humble" pump in a Humble Service Station or at a Humble dealer's, you get value plus for your gasoline dollar. Try Humble Motor Fuel. Stop today at the Humble sign and fill up; then test Humble Motor Fuel under your own driving conditions and compare it with any regular price gasoline you have ever used. You'll come back for more!

Humble technicians are ever alert to the motorist's changing needs, and Humble Motor Fuel is continuously improved. At times such changes are minor—a routine part of a day's work; at others, they require extensive revision of methods and equipment. You can rest assured that whatever's necessary to give you a regular price motor fuel second to none—that's what's done!

* In computing gasoline prices, don't forget that what you pay includes a State tax of 4c per gallon and a Federal tax of 1c per gallon. Gasoline is cheap, only the tax is high.

HUMBLE HUMBLE OIL & REFINING CO.

Over 1,250,000 Texas cars on 20,000 miles of Texas highways, and for each—a Humble motor fuel, a Humble motor oil!

In 1836, the highways of Texas were forest and prairie trails, impassable in wet weather. Today's Texas has 20,461.16 miles of highways, only thirteen per cent of which are unimproved. And today's Texans drive over one and a quarter million cars.

To GET MAXIMUM PERFORMANCE from a good automobile on a paved highway, the wise motorist selects his motor fuel and motor oil with care. In Texas, he makes it a regular practice to look for the familiar red, white and blue Humble sign before he buys. He has learned from experience that he can depend on Humble products to deliver in performance what the automotive engineer has built into the car he drives.

We ask you, too, to try our Humble products—to test them in your car. You'll find at Humble Service Stations and Humble Dealers a product for every car, a price for every purse. For maximum performance, for real driving pleasure, fill up with a Humble motor fuel, drain and refill with a Humble motor oil.

1836 TEXAS 1936 **At the Centennial Exposition, Dallas-Humble's Hall of Texas History** You are cordially invited to visit the Humble Exhibit at the Central Centennial Exposition in Dallas. Striking dioramas recreate dramatic moments and vivid episodes from Texas History. See the battle of the Alamo, the capture of Santa Anna, the prisoners of the Mier Expedition drawing the black beans, the battle of Sabine Pass, Colonel Goodnight treating with Comanche Gussnah Parker. Then see and listen to the story told by the rocks of Texas, and how Texas oil is drawn from many thousands of feet under the ground. On your way to and from Dallas—stop for service where you see the Humble sign.
